### GREETINGS FROM YOUR STAFF CONGRESS PRESIDENT (Chuck Pettit)

Welcome back to a new semester and a new year! I hope everyone had a wonderful holiday and look forward to a great new year.

### From the Follow-up Department

Personal Days went into effect January 1. Please use good judgement when you decide to take your time. This is a trial year and abuse of the days will result in it not becoming policy.

### And Now, More on Parking!

At the January Staff Congress meeting, the following proposal was voted on and sent to the Vice-President of Administration.

#### Background

The proposed increase of the parking fees is to double for students, faculty and staff. The proposed increase is 100% which amounts to \$96.00 per year for full-time faculty and staff. It should also be noted that student rates are to increase 100%.

The \$48.00 that we currently pay is now part of the general fund. This amount is significant enough that it cannot be pulled out of the general fund to apply to the parking structure.

The difference in the current rate and any increase will be put into a special fund for the construction of the proposed parking structure and/or other parking facilities.

#### Proposal

That the parking fees be increased by 50% to \$72.00 for faculty and staff effective July 1, 1995. Effective July 1, 1996 the fees will then increase to the proposed \$96.00.

That the fees for "Reserved Parking" be subject to the same percentage increase that faculty, staff and students without the benefit of a reserved space are being held. This translates to an additional \$96.00 effective July 1, 1995 and \$96.00 effective July 1, 1996 added to the present amount of \$192.00, for a total amount of \$384.00

Along with this proposed increase, Staff Congress be kept abreast of expenditures for future parking facilities and progress toward the parking structures.

NOTE: The action of applying two different rates of increase for the same service, item or privilege lends itself to be discriminatory. If parking is to be raised 100%, then all parking should be raised equally.

Our Staff Regent will represent our position at the January Regent's meeting. We will keep everyone posted when we receive word back from the administration.

### **Ad-Hoc Committee Update!!!!**

All of our committees are working hard toward accomplishing the goals we have set. In next month's newsletter we will state the specific charge of each committee and give an update on their progress.

### **Reminder**

If at anytime a staff member has a comment or concern they would like to share, contact your Staff Congress representative or call me directly at X6502. We are here to serve one another.

Chuck
