**FACULTY SENATE MEETING

THIS FACULTY SENATE MEETING IS CANCELED. THERE WAS NOTHING OF IMPORTANCE TO PUT ON THE AGENDA.

General Studies Committees

Please remember that the University Curriculum Committee needs volunteers for four committees to implement the new General Studies that was passed at the October 27th Senate meeting. The charge of the first three committees is to write guidelines/criteria to help departments, programs, and disciplines develop new courses or adapt existing courses in the areas of 1) interdisciplinary/integrated courses; 2) intensive writing courses outside the ENG designator; and 3) expansion of the race/gender category. The fourth committee will deal with a graduation requirement of computer literacy.

I hope that you will make a serious effort to recruit faculty volunteers for these four committees. Please forward their names to the Faculty Senate Office (X6400).
