CENTRAL STAFF CONTACT (It's not what you know. . .)

Did you know. . .

. . .that Dr. Leon Boothe meets with the Staff Congress Executive Council (the Executive Council consists of the SC officers and committee chairpersons) monthly to discuss matters pertaining or of interest to staff.

. . .and that Dr. Gene Scholes meets with the staff Executive Council prior to Board of Regents meetings to review material that is to be submitted to the board.

These meetings provide staff with a valuable channel of communication to the University administration. If you have questions or comments that you would like to have the administration address, contact a member of the staff Liaison Committee or your Staff Congress representative.

IMPROVED COMMUNICATION (Hello? . . .hello? . . .Is anyone out there?)

The Staff Congress Liaison Committee has acquired a bulletin board in the first floor lobby of the University Center to enhance communication with staff; also, similar information areas will be located near the time-clocks in the Maintenance building, Nunn Hall, the Power Plant, and on the University College campus.

The boards will supplement the newsletter, and hopefully provide greater in-depth information on matters of interest to staff. The Staff Congress meeting dates and agenda will be posted. Look for the Staff Congress logo. Keep informed!!!

HEALTH FACILITY FEES

(Huff. . .a good. . .Puff. . .way to stay in. . .gasp. . .)

The fee schedule for membership at the new A. D. Albright Health facility was approved at the Board of Regents meeting on January 25. The faculty and staff rates are as follows:

Single membership	\$ 48.00 a year
Employee and spouse	\$ 84.00 a year
Family membership	\$108.00 a year

Memberships are also available on a semester basis, and lockers can be rented either at a yearly rate of \$20.00, or for \$.25 per usage.
