HANNAH MYERS

*Nursing
College of Health
Professions*

Hannah is graduating with a Bachelor of Science in Nursing from the College of Health Professions. She is an extremely driven, motivated and compassionate individual who has been very involved on campus during her time at NKU. She has been a member of the Student Nurses' Association, is an ambassador for the College of Health Professions and is a member of Sigma Theta Tau International Honor Society of Nursing. Hannah also strives to be very active and present in her community in the

Northern Kentucky area. She is a member of the American Red Cross and also volunteers for the Northern Kentucky Medical Reserve Corps. Hannah works as a highly regarded nurse extern at St. Elizabeth Hospital, where she has further developed her nursing skills and has been selected to serve on several hospital-wide committees. Upon graduation, she has accepted a position at St. Elizabeth in the Medical Intensive Care Unit, where she will start her career as a registered nurse. She looks forward to embracing her career in nursing and one day continuing her education by pursuing a graduate degree here at NKU.

COMMENCEMENT SPEAKER AND THE 2017 FRANK SINTON MILBURN OUTSTANDING PROFESSOR AWARD RECIPIENT

DR. HOLLY RIFFE
Professor of Social Work

Dr. Holly Riffe joined the social work faculty at Northern Kentucky University in 2001. She sets the standard for intertwining teaching and research with real needs in our community and beyond. Riffe conducted research in South Africa to understand the intersection of belief systems and local HIV/AIDS prevention technologies. "If we could understand why people were not using prevention techniques, then we could target those specific beliefs and, in turn, save lives," she says. Using those same rigorous research methods, she has conducted health research with the local Latino community, needs assessments with Somali refugees and evaluated risk factors for truancy in children. In each of these endeavors, Riffe integrates NKU students, faculty and community members in the research.

Riffe spearheaded the process for NKU's first MSW program to successfully achieve accreditation from the national Council on Social Work Education. That MSW program now graduates approximately 70 students each year who provide clinical social work services in our region.

As a collaborative partner with students and other faculty from across campus, Riffe co-designed an interdisciplinary minor in social justice, which draws students from a variety of programs across campus. Her Introduction to Social Justice course always exceeds capacity and receives high praise from students. One student commented, "During the hustle and bustle of my final year of nursing school, it is easy to get caught up in the assignments and

stress. [This class] has been a wake-up call to what is happening around me. It provides a moment of 'Things are much bigger than this,' and 'There are more important things.' I feel that this class helps me not just with my bachelor's degree—it helps me grow as a person."

Similarly, her class on Compassion, Empathy, and Forgiveness in Social Justice sparks an audience of students to practice compassion and kindness daily while understanding that without that foundation, we, as a community, cannot move forward. A local church sermon used that class as a backdrop to understand how we can each integrate these concepts in our overlapping spiritual and secular lives.

Riffe's drive to support those around her is evident by how she dedicates her time. From working with Somali refugees to engaging the community around the heroin epidemic, community leaders contact her to think through the issues, conduct research and explore policy alternatives. This is how Riffe perceives her role as a metropolitan and regional professor. Walking through a refugee camp holding the hand of a Zimbabwean child or eating dinner with a class of students at a Somali restaurant in Florence, Kentucky, she says: "This is the best work-life I can imagine. I may be the odd one, but I truly enjoy meeting folks and working on projects in our region. I like the problems that make me scratch my head and think about situations like our Boone County librarians, who figured out how to feed kids who hung out at the library while their parents worked."

*School Counseling
College of Education and
Human Services*

Christina Durso is a graduate student receiving a Master of Arts in School Counseling from the College of Education and Human Services. Originally from Louisville, Kentucky, Christina has devoted her life to helping others. In 2014, she spent three months living in El Porvenir, Honduras, volunteering with Honduras Child Alliance. Christina taught English and worked with volunteers from around the globe to support the education and overall health of children in El Porvenir.

Prior to pursuing her master's degree, Christina received a Bachelor of Arts in Elementary Education from Georgetown College and taught first grade for three years in Kentucky.

As a former recipient of the Women Leading Kentucky Scholarship and the Rachel M. Votruba Endowed School Counseling Scholarship at NKU, Christina has been recognized as a dedicated leader in the field of education and counseling. After graduation, she plans to become a school counselor and obtain her Rank 1 in School Counseling at NKU. Christina hopes to one day pursue a doctorate degree in leadership, where she can utilize her knowledge, experience and skills as a leader in the community. As an advocate for education and mental health, Christina would ultimately like to establish her own non-profit organization that addresses the social, emotional and academic needs of children around the world.

COMMENCEMENT SPEAKER AND THE 2017 FRANK SINTON MILBURN OUTSTANDING PROFESSOR AWARD RECIPIENT

DR. HOLLY RIFFE
Professor of Social Work

Dr. Holly Riffe joined the social work faculty at Northern Kentucky University in 2001. She sets the standard for intertwining teaching and research with real needs in our community and beyond. Riffe conducted research in South Africa to understand the intersection of belief systems and local HIV/AIDS prevention technologies. "If we could understand why people were not using prevention techniques, then we could target those specific beliefs and, in turn, save lives," she says. Using those same rigorous research methods, she has conducted health research with the local Latino community, needs assessments with Somali refugees and evaluated risk factors for truancy in children. In each of these endeavors, Riffe integrates NKU students, faculty and community members in the research.

Riffe spearheaded the process for NKU's first MSW program to successfully achieve accreditation from the national Council on Social Work Education. That MSW program now graduates approximately 70 students each year who provide clinical social work services in our region.

As a collaborative partner with students and other faculty from across campus, Riffe co-designed an interdisciplinary minor in social justice, which draws students from a variety of programs across campus. Her Introduction to Social Justice course always exceeds capacity and receives high praise from students. One student commented, "During the hustle and bustle of my final year of nursing school, it is easy to get caught up in the assignments and

stress. [This class] has been a wake-up call to what is happening around me. It provides a moment of 'Things are much bigger than this,' and 'There are more important things.' I feel that this class helps me not just with my bachelor's degree—it helps me grow as a person."

Similarly, her class on Compassion, Empathy, and Forgiveness in Social Justice sparks an audience of students to practice compassion and kindness daily while understanding that without that foundation, we, as a community, cannot move forward. A local church sermon used that class as a backdrop to understand how we can each integrate these concepts in our overlapping spiritual and secular lives.

Riffe's drive to support those around her is evident by how she dedicates her time. From working with Somali refugees to engaging the community around the heroin epidemic, community leaders contact her to think through the issues, conduct research and explore policy alternatives. This is how Riffe perceives her role as a metropolitan and regional professor. Walking through a refugee camp holding the hand of a Zimbabwean child or eating dinner with a class of students at a Somali restaurant in Florence, Kentucky, she says: "This is the best work-life I can imagine. I may be the odd one, but I truly enjoy meeting folks and working on projects in our region. I like the problems that make me scratch my head and think about situations like our Boone County librarians, who figured out how to feed kids who hung out at the library while their parents worked."

COMMENCEMENT CEREMONY

Commencement exercises today at Northern Kentucky University give special attention to the pageantry of the ceremony. The counterpart of this pageantry is enacted each year on campuses all over the world. It is the solemn climax and recognition of the graduates' years of study and preparation for increased responsibility.

HISTORY OF ACADEMIC COSTUME

The history of academic dress reaches far back into the early days of the oldest universities. A statute of 1321 required that all "Doctors, Licentiates, and Bachelors" of the University of Coimbra wear gowns. In England, in the second half of the fourteenth century, the statutes of certain colleges forbade "excess in apparel" and prescribed the wearing of a long gown. It is still unknown whether academic dress finds its sources chiefly in ecclesiastical or in civilian dress. Gowns may have been counted necessary for warmth in the unheated buildings frequented by medieval scholars. Hoods seem to have served to cover the tonsured head until they were superseded by skull caps. These were themselves displaced by a headress somewhat like those now recognized as "academic." Both Cambridge and Oxford have made academic dress a matter of university control to the extent of minor details and have repeatedly issued revised regulations governing it. In seventeenth-century Oxford it was prescribed that any tailor who departed from the authorized design "by a nail's breadth" in the making of any article of collegiate costume was to be punished by the vice-chancellor of the university.

European institutions continue to show a great diversity in their specifications of academic dress, while American colleges and universities have adopted, through the Intercollegiate Bureau of Academic Costume and the American Council of Education, a standard code of dress for academic ceremony. Created in 1902, the Intercollegiate Bureau of Academic Costume serves as a source of information and guidance in such matters and, through occasional review by the American Council of Education, these standards have been adopted and followed by hundreds of colleges and universities in the United States.

For all academic purposes, including trimmings of doctor's gowns, edgings of hoods and tassels of caps, the colors associated with the colleges and degrees at NKU are as follows:

ACADEMIC ATTIRE

Today, all candidates for degrees and those who hold degrees, including college officials, faculty and visiting dignitaries, are attired in traditional cap and gown. The formal color for most caps and gowns is black. However, holders of different degrees wear distinctive tassels on their caps (called mortarboards). Hoods of various hues drape down the back of the gowns. Recipients of the associate and bachelor degrees at Northern Kentucky University wear black gowns and black tassels; recipients of the master and doctoral degrees wear black gowns and tassels that correspond to the color of their particular discipline; and recipients of the degree of Juris Doctor wear black gowns and purple tassels.

Those wearing academic costumes wear caps in the academic processions and throughout the ceremony. Men may remove their caps during prayer or at other specified times.

Members of the University governing body are entitled to wear doctoral gowns. The Regents regalia is a gold gown with three black chevrons and trim and an eight-sided tam with gold tassel. This attire is distinctive of the Board of Regents of Northern Kentucky University.

INTERNATIONAL SASHES

Different flags are displayed on colorful sashes worn by international students and those students who studied abroad during their time at NKU. The sashes display the flag or emblem commemorating a student's favorite study abroad location or the original country of birth or citizenship of an international student.

HONORS CORDS

The gold and white Honors Cords worn by bachelor degree graduates signify that they have achieved at least a 3.5 cumulative overall grade-point average on a 4.0 scale for their academic careers. The black and white Honors Cords are worn by those associate degree graduates with at least a 3.5 cumulative overall grade-point average.

Purple and silver cords are worn by members of the Norse Leadership Society, a board of student leaders who plan leadership and personal development opportunities for the campus and students in the community. Membership is limited to students who have demonstrated leadership ability on the campus and in the community and who have maintained a required cumulative grade-point average.

GRAND MARSHAL

The Grand Marshal is the President of the Faculty Senate, or his/her designate, and represents the faculty. President Matthew Zacate holds this honor today.

STUDENT MARSHALS

The students in gold gowns are Student Marshals. They have been selected on the basis of outstanding records of scholastic achievement.

PRESIDENTIAL AMBASSADORS

Student ushers are Presidential Ambassadors. They are selected on the basis of their records of scholastic achievement and their ability to serve the University.

THE UNIVERSITY MACE

The mace, which traces its roots to medieval weaponry, has become a symbol of scholarship and integrity for universities since the eleventh century. Today, the University's Grand Marshal carries the mace to indicate the solemnity of the occasion and the confirmation of the academic process.

Northern Kentucky University's mace is rich in symbolism. The spiral base, made of walnut-stained mahogany, suggests growth, evolution and higher achievement. The gold-leaf flame, inspired by NKU's official seal, the lamp of learning, symbolizes eternal light and learning. The gold and white braided cords flowing from the base of the flame represent purity as well as Northern's school colors.

The mace was presented as a gift to the University from the Northern Kentucky University Foundation, Inc. It was designed by Kari Messner '91 and was sculpted by local artist Jack True.

ALMA MATER

Northern, let your vision lead us,
hearts of women, men and youth.

Help us seek the higher virtues,
guide us to the greater truth.

Northern, Northern, alma mater,
may our lives enrich your name.

And in time leave us, your children,
better far than when we came.

Original lyrics and melody by Charles Wiley
