Board of Regents Meeting
September 20, 1995

The special meeting of the Board of Regents of Northern Kentucky University was called to order at 4 p.m. on Wednesday, September 20, 1995, by Chair Alice S. Sparks. The invocation was given by Dr. Paul Gaston, Provost and also Deacon of Trinity Episcopal Church.

Roll Call: Robin Crigler, Barbara Herald, Jamie Ramsey, Alice Sparks, Michael Thomson, and William Verst.
(Excused - Karen Bearden, Frank Downing, James Poston, Philip Taliaferro and Robert Zapp)

Others Present: President Leon Boothe, David Niinemets - Recorder Newspapers, Janet M. Johnson, Esther S. Green-Merritt, Sarah O. Steinman, Ken Carter, Edward Goggin, David C. Short, Sheila Trice Bell, Paul Gaston, Elzie Barker, Peter Hollister, Carla S. Chance, Leo Calderon, Tom Comte, Tom Isherwood, Rogers Redding, Mary Paula Schuh, Robert R. Appleson, Norleen Pomerantz, Diana Schneider, Cheryl Torline, Chuck Pettit, Marian C. Winner, Gerald E. Hunter, Chris Mayhew - The Northerner, Lynn Ebersole, Fred Schneider, Kathie Verderber, Carrie McCoy.

Chair Sparks welcomed everyone to the meeting and commented on the recent Council on Higher Education Meeting in Lexington which was attended by the gubernatorial candidates.

Chair Sparks commented on the accomplishments of the NKU cheerleaders and introduced those in attendance. They have qualified for the UCA National Cheerleading Competition for Division II squads for the past three years with finishes of 6th, 7th and 5th, respectively. Their Partner Stunt Couple, Jamie Brewer and Lauri LaFrange, the only Division II couple selected, finished 7th in the nation. In August, while attending the UCA Cheer Camp, they placed third in cheer competition, second in fight song competition, first in side by side competition, and received the Leadership Award. Those in attendance today are: Kresta McKay, Jamie Yelton, Patrick Brady, Michelle Lucas and Coach Sandy Hasson.

President Boothe introduced the new Faculty Senate Officers: Kathie Verderber, President; Carrie McCoy, Vice President; Danny Miller, Parliamentarian; Don Kelm, Secretary; Lynn Ebersole, Chair of Budget Committee; Linda Olasov, Chair of Curriculum Committee; Gary Scott, Chair of Benefits Committee; and Fred Schneider, Chair of Professional Concerns Committee.

Officers of Staff Congress were also introduced by President Boothe: Chuck Pettit, President; Cheryl Torline, President Elect; and Diana Schneider, Secretary.

Chair Sparks asked if there were any corrections to the minutes of the regular quarterly meeting of July 26, 1995. There being no changes or corrections, the minutes were accepted as presented.

Presidential Reports:

A-1 President Boothe reported on 1995 Final Summer Enrollment stating that after two or three summers of a decline in enrollments, there was a 1.3 percent increase in headcount and 0.7 percent increase in FTE. This is good news. Final Summer Enrollment

A-2 President Boothe reported on 1995 Preliminary Fall Enrollment. Report shows headcount is down as well as FTE. Nationally, higher education enrollment is down this year. The community colleges are down the second year in a row and they have been the fastest growing segment in higher education in Kentucky. Prelim. Fall Enrollment

A-3 Vice President Hollister reported the Embrace Opportunity Campaign is extremely close to the base goal of $10 million with $9,780,000 at this time, a little less than one-half of this amount is in deferred gifts and about 52 percent is in cash gifts. This report is about $350,000 higher than reported at last meeting. One gift is a $200,000 cash donation from an anonymous donor, there are two $50,000 and one $25,000 deferred gifts from three alumni, several $5,000 gifts, and some smaller gifts. The Campaign continues to go extremely well and Vice President Hollister is confident we will make the $10 million goal. Embrace Opportunity

Executive Session:

President Boothe requested the Board convene in executive session to discuss a personnel matter. Upon a motion by Regent Thomson, seconded by Regent Crigler, the Board convened in executive session at 4:12 p.m. The Board reconvened in public session at 4:25 p.m. Executive Session

Presidential Recommendations:

B-1 President Boothe recommended the following academic personnel actions for Board approval: Academic Personnel Actions

Administrative Appointments: K. Kenneth Carter, from Professor in the School of Education to Interim Chair and Professor in the School of Education, effective from August 16, 1995 through June 30, 1996. President Boothe acknowledged and thanked Dr. Carter for his willingness to serve NKU again as Interim Chair and stated NKU is very fortunate to have him assume these responsibilities.

Faculty Appointments: Janis Broering, Lecturer in the Developmental Mathematics Program, effective August 16, 1995; Ruth Champion, Assistant Professor in the Technology Department, effective August 16, 1995; Patricia R. Connelly, Lecturer in the Developmental Mathematics Program, effective August 16, 1995; Wanda J. Crawford, Lecturer in the Learning Assistance Center, effective August 16, 1995; and Esther Green-Merritt, Assistant Professor in the School of Education, effective August 16, 1995.

Leaves, Paid/Unpaid: James C. Claypool, Professor in the History and Geography Department, change in previously approved paid administrative leave with benefits, from the 1995 fall semester to the 1996 spring semester; Angela King, Associate Professor in the Psychology Department, unpaid leave without benefits, beginning August 16, 1995 and ending May 11, 1996.

Resignations: Sharon Gay, Instructor (temporary) in the School of Education, effective July 18, 1995.

Upon a motion by Regent Herald, seconded by Regent Verst, the recommendation passed unanimously.

B-2 President Boothe recommended the appointment of the following temporary faculty: Kimberly Dunn, Leanne Schmidt, Conard Carroll, Lydia Coyle, Irene Encarnacion, Andrew Miller, Carol Pennington, James Guinn, Alan D. Kerrick, Rose Maxwell, Minda J. Michels, Mary Jo Beresford, Michele Roszmann-Millican, Allen Hugh Seed, Rosemary Winkeljohann, Jihad Albayyri and Janalynn S. Anderson. Upon a motion by Regent Verst, seconded by Regent Thomson, the recommendation passed unanimously. Temp. Faculty Appointments

B-3 President Boothe recommended the following faculty member for tenure beginning with the 1995-96 academic year: Ronald A. Shaw, Assistant Professor in the Theatre Department. Upon a motion by Regent Verst, seconded by Regent Crigler, the recommendation passed unanimously. Faculty Tenure

B-4 President Boothe recommended that the revised Chase College of Law Faculty Policies and Procedures Handbook receive Board approval. Upon a motion by Regent Verst, seconded by Regent Thomson, the recommendation passed unanimously. Chase Faculty Pol.&Proc. Handbook

B-5 President Boothe recommended that a new degree, Bachelor of Interdisciplinary Early Childhood Education in the College of Professional Studies, be approved for initiation at the beginning of the 1996 fall semester. This new degree is in response to KERA in terms of some of the childhood programming that is required. Upon a motion by Regent Thomson, seconded by Regent Herald, the recommendation passed unanimously. New Bachelor Degree

B-6 President Boothe recommended that the Board authorize the administration to renew the University fire service contract with the Cold Spring-Crestview Volunteer Fire Department. Upon a motion by Regent Verst, seconded by Regent Ramsey, the recommendation passed unanimously. Fire Service Contract

Other:

Academic Affairs Committee:

Regent Thomson reported the committee spent the bulk of the time looking at the fall enrollment situation and commented on steps that are being taken to increase enrollment. The committee also discussed accreditation issues and Education Awareness Week.

Dr. Gaston commented on the upcoming Library Appreciation Week which will be an opportunity for the University community to express appreciation to the faculty and staff of Steely Library. A large banner that will be displayed during Library Appreciation Week was shown.

Student Affairs/Advancement Committee:

Regent Ramsey reported this committee had also discussed the enrollment issue. He also stated that Regent Crigler had joined the committee replacing Regent Verst.

Administration and Finance Committee:

Regent Herald reported the following items were discussed at the August meeting of this committee: enrollment, bank depository contract, and the new health insurance which is going into effect January 1, 1996. Regent Herald stated Ms. Chance has been very helpful with leading meetings across campus to let people know what is happening in the area of health care. At the conclusion of the meeting, the Committee toured the new food court.

Regent Thomson commented on the new identification card system which was recently implemented and thanked Ken Ramey for all his efforts on an excellent job.

President Boothe reminded everyone about the upcoming Friends of Fine Arts Event on September 23 and expressed appreciation to Bill Verst and his business as one of the major sponsors of this important event. Regent Sparks reminded everyone

of the Staff Awards Luncheon on October 6 and the Dolores Thelen Annual Golf Outing Friday, September 22.

Chair Sparks requested that Regents Bearden, Crigler and Downing serve on a By-Laws Review Committee with Regent Crigler chairing the committee.

Executive Session:

Upon a motion by Regent Thomson, seconded by Regent Herald, the Board convened in executive session at 4:45 p.m. to discuss issues which are exempt from discussion in open session. Executive Session

Adjournment:

Upon a motion by Regent Thomson, seconded by Regent Herald, the meeting adjourned at 5:10 p.m.

Board of Regents Meeting
November 15, 1995

The regular quarterly meeting of the Board of Regents of Northern Kentucky University was called to order at 4:05 p.m. on Wednesday, November 15, 1995, by Chair Alice S. Sparks. The invocation was given by Dr. Paul Gaston, Provost and also Deacon of Trinity Episcopal Church.

Roll Call: Karen Bearden, Frank Downing, Barbara Herald, James Poston, Jamie Ramsey, Alice Sparks, Michael Thomson, and William Verst.
(Excused - Robin Crigler, Philip Taliaferro and Robert Zapp)

Others Present: President Leon Boothe, Paul Gaston, William Nester, Clifford Shisler, Bill Oliver, Karla Scoon - The Enquirer, Sheila Trice Bell, Norleen Pomerantz, Leo Calderon, Carla Chance, Mike Sewell, Dan Seibert, Mike Baker, Linda Davis, Russ Kerdolff, Garry Casson, Rosetta Mauldin, Tom Isherwood, Mary Paula Schuh, Susan Grover, Kathleen Verderber, Chuck Pettit, Kathy Stewart, Donald Grothaus, Leva Kidd, Chris Mayhew - The Northerner, Debra Vance - The Kentucky Post.

Chair Sparks welcomed everyone to the meeting.

President Boothe introduced the Regents Distinguished Service Award recipients and stated that they are three outstanding individuals who reflect the quality of the staff at Northern. They are: Donald Grothaus, Construction Supervisor, Physical Plant, employed February 1980; Leva Kidd, Administrative Secretary, WNKU Radio Station, employed March 1988; and Kathy Stewart, Manager of Publications & Periodicals, University Relations, employed October 1982.

Chair Sparks asked if there were any corrections to the minutes of the meeting of September 20, 1995. There being no changes or corrections, the minutes were accepted as presented.

President Boothe, on behalf of the University community, extended congratulations to Regent Poston on his recent marriage. He also commented we are off to a great start as far as intercollegiate athletics. The soccer team and volleyball team won their GLVC conferences, and Mary Biermann was elected Coach of the Year for the second year in a row. Kerry Lewin broke every NCAA record, Division I, II III in service aces, the first person in history at Northern who has achieved this record. Kerry was also selected as Player of the Year for the GLVC Conference.

Presidential Reports:

A-1 President Boothe presented the Annual Report outlining some of the achievements and educational advances over the past year. Steely Library expansion was completed and access to electronic resources was expanded with support from a capital gift from Fidelity Investments. A couple of significant grants in the College of Arts & Sciences included the NSF grant for computers and dissecting microscopes for biology laboratories, and a $65,000 grant from the National Oceanic & Atmospheric Administration for Regents Professor Dr. Miriam Kannan. The College of Professional Studies continued outstanding results in licensure examinations. NKU hosted the Governor's Scholars Program for the second summer and will continue to host this program for the next two to three years. The year's activities included the appointment of Carla Chance as Vice President for Administration and Norleen Pomerantz as Acting Vice President for Student Affairs. Barbara Herald was elected to the new position of Staff Regent. The College of Business has been the

Annual Report

recipient of numerous Capital Campaign gifts, and the Chase College of Law was the beneficiary of a large gift from an anonymous donor to refurbish and upgrade the library, including a new computer lab. Two of the area's most respected citizens were co-recipients of the Lincoln Award - Henry (Bud) Pogue and John Pepper. Dr. Linda Sheffield was awarded the Regents Professor Award and Dr. James Luken was named Outstanding Professor for 1995. Other outstanding awards: President and Nancy Boothe were recipients of the Northern Kentucky Chamber of Commerce Frontiersman Award, Alice Sparks was named one of the Cincinnati Enquirer's Women of the Year, and Coach Ken Shields was named Division II Coach of the Year. Numerous activities in the diversity area included Martin Luther King, Jr. Day, concerts, lectures and discussions. Northern's Information Systems Enhancement (NISE) project began in July 1994 with the designation of Financial Records System Teams. This major system enhancement project positions NKU to effectively and efficiently meet the needs of students, faculty and staff into the coming decade. College of Business celebrated its Tenth Anniversary by sponsoring a forum "How Health Care Reform Will Affect Your Business" which was very well received. NKU worked with KET on the Rosemary Clooney Concert which was outstanding. Visitors to campus last year included Anatoliy Kapoustine of the Russian University of People's Friendship, noted jurist Nathaniel R. Jones, United States Court of Appeals, and W. Michael Reisman, professor at Yale Law School, who presented this year's Siebenthaler Lecture.

A-2 — Grants and Contracts

President Boothe presented the Grants and Contracts quarterly report. This is the first time in a long time that we have seen the decreases we have. "Dollars Approved" represents a decrease of 5.01 percent compared to one year ago. The categories "Funds Requested" and "Number of Requests" represent decreases of 13.08 percent and 16.22 percent, respectively. Provost Gaston stated part of the problem is how money is accounted for, total dollars are down as the result of one grant coming in after October 1. Results will look better next quarter, things are not as bad as they seem.

A-3 — Quarterly Financial Report

The Quarterly Financial Report indicates that all financial information is in order. This is due to tight management and a good management team. The University effectively manages its resources.

A-4 — Campus Planning Report

President Boothe reported on the campus planning progress report indicating the Fine Arts HVAC upgrade is substantially complete and the library project is complete except for the punch list. The Ceramics/Sculpture facility is under design, and the Corbett gift is replacing an 18-year old very outdated lighting system in the Main Stage Theater. Progress continues to be made on the Network Cabling Installation. The Print Shop HVAC Upgrade is about 75 percent complete. Efforts are underway to finalize funding for a new campus entrance sign at US 27. President Boothe emphasized this project will be accomplished with private funding and right-of-way funds received from the state for the US 27 project. No money will be taken from operating funds for this project. The Elevator Upgrade for Nunn Hall and Natural Science Center is currently in the design phase. A project has been initiated to replace the roof on the Maintenance Building. Using funds provided by a private donor, the Law Library has been recarpeted and a micro-computer lab has been constructed and equipped.

A-5 — Final Fall Enrollment

President Boothe reported on Final Fall Enrollment commenting it is down as earlier reported in preliminary figures. Comments were also

made on a report just received from Vice President Pomerantz on a pilot study of people who did not come back to the University.

A-6 — President Boothe presented a report on the Kentucky Health Alliance Participation and stated that NKU's Health Care Utilization Committee had worked very hard to provide information to the University community to assist in their choice of health care, a much wider choice is now available to the employees. Discussion followed concerning cost to employees being more now than before. Regent Thomson stated he feels employees, particularly the family plans, are funding a large part of uninsured people in the State. — Health Alliance Participation

A-7 — The Roadway Access Improvement report was presented by President Boothe who commented that Representative Jim Callahan and Senator Joe Meyer had both been very helpful in securing design improvements and funding for three very important projects, the three-way stop at Johns Hill Road/University Drive; University Drive resurfacing, and I-275/Three Mile interchange redesign. President Boothe added that a lot of credit should be given to Vice President Carla Chance and her team for recommending these improvements and following through to their conclusion. — Roadway Access Improvement

A-8 — President Boothe presented the Hardware/Software Platform Conversion Report commenting that the conversion will yield substantial savings in hardware maintenance and software licensing. This is a graphic example of effective re-engineering that will almost immediately start saving money for the University. — Hardware/Software Platform

President Boothe requested the Board convene in executive session to discuss an issue exempt from discussion in open session. Upon a motion by Regent Verst, seconded by Regent Downing, the Board convened in executive session at 4:45 p.m. The Board reconvened in public session at 5:12 p.m. — Executive Session

Presidential Recommendations:

B-1 — President Boothe recommended promotion for Stephanie J. Jones from Assistant Professor to Associate Professor, Chase College of Law, effective December 31, 1995. Upon a motion by Regent Bearden, seconded by Regent Downing, the motion carried with seven ayes and one abstention by Regent Thomson. — Faculty Promotion

B-2 — President Boothe recommended approval of the following academic personnel actions: — Academic Personnel Actions

Resignation: Stephanie J. Jones, Associate Professor of Legal Programs in the Salmon P. Chase College of Law, effective December 31, 1995.

Appointment: Stephanie J. Jones, Special Consultant to the Office of Legal Services beginning January 1, 1996 and terminating on December 31, 1996. Upon a motion by Regent Verst, seconded by Regent Bearden, the motion carried with seven ayes and one abstention by Regent Thomson.

B-3 — President Boothe recommended approval of the non-academic personnel actions for the period July 1, 1995 through September 30, 1995, and called attention to length of service of Dennis Hartig, Electrician, 22 years, and Brandi Smith, Custodian, 16 years. Upon a motion by Regent Verst, seconded by Regent Thomson, the recommendation passed unanimously. — Non-Academic Personnel

B-4 President Boothe recommended approval of the following administrative personnel actions: Administrative Personnel Actions

Appointment: Cheryl L. Nunez, Special Assistant to the President for Affirmative Action, effective October 16, 1995 through August 16, 1996.

Reassignment: Delores J. Anderson, Director of Multicultural Affairs, effective October 16, 1995 through June 30, 1996.

Upon a motion by Regent Bearden, seconded by Regent Downing, the recommendation passed unanimously.

B-5 President Boothe asked that the revised organizational chart reflecting organizational changes occurring during the past fiscal year be approved. Upon a motion by Regent Herald, seconded by Regent Ramsey, the recommendation passed unanimously. Organizational Chart

B-6 President Boothe recommended that the Handbook for Department Chairs dated October, 1995 receive Board approval. Upon a motion by Regent Herald, seconded by Regent Verst, the recommendation passed unanimously. Handbook for Dept. Chairs

B-7 President Boothe recommended approval of a Conflict of Interest/Financial Disclosure Policy effective October 1, 1995 to assure compliance with federal guidelines for the administration of designated grant programs. Upon a motion by Regent Downing, seconded by Regent Bearden, the recommendation passed unanimously. Conflict of Interest

B-8 President Boothe requested that the Board, in accordance with Board approval of the Land Acquisition Study on May 6, 1992, ratify acquisition of the following parcels: 5 Clearview, 412 JHR, 2626 Alexandria Pike, 241 JHR, 303 JHR, 550 JHR, 524 JHR, 221 JHR, 402 JHR, and 406 JHR. The Land Acquisition Study authorized University administration to proceed with appraisal and acquisition of Priority One parcels as they became available for sale and as funding was available. Upon a motion by Regent Verst, seconded by Regent Poston, the recommendation passed with 7 ayes and one nay by Regent Thomson. Land Acquisition Ratification

B-9 President Boothe requested that the Board authorize the University to enter into a short-term lease agreement for the rental of the following houses: 221, 402 and 406 Johns Hill Road. Upon a motion by Regent Thomson, seconded by Regent Verst, the recommendation passed unanimously. Real Property Lease Agreement

B-10 President Boothe requested the Board to authorize the Administration to establish a task force to consider the future development of the Covington Campus property and present a recommendation to the Board at its July 1996 meeting. Chair Sparks asked that Senator Joe Meyer be added to the task force as a liaison, since the property is in his area and he has a lot of contacts with the City of Covington, and that she serve as an ex officio member. President Boothe accepted this suggestion as a friendly amendment. Regent Thomson stated he would like to see a faculty member on this committee, President Boothe stated the Associate Provost would represent faculty. Upon a motion by Regent Downing, seconded by Regent Poston, the recommendation passed unanimously. Covington Campus Task Force

Regent Recommendations:

C-1 President Boothe requested that the Board accept the report of the Regents Audit Committee as presented and that the Board authorize the Vice President for Administration to renew the contract of Deloitte and Touche in accordance with the original contract. There were no material weaknesses found in the audit and no significant internal control weaknesses were detected. As part of the re-engineering effort, a position was eliminated and the internal audit function was restructured. Annual Financial Report

Dan Seibert, Deloitte and Touche, reported on the October 31 meeting with the Board's Audit Committee and stated they had gone over a lot of details related to the audit. He reported they received good cooperation from management with no disagreements as to any reporting or disclosure-type issues. All reports issued were clean reports.

Regent Poston commented on the nice, concise report and complimented NKU's staff, Mike Baker and his team. He also commented on the great relationship with the professional accountants and stated he is pleased that we have a team with such tremendous resources available to us. Upon a motion by Regent Verst, seconded by Regent Herald, after a short discussion concerning the management letter, the recommendation passed unanimously. Regent Downing asked if the management letter had been submitted with the audit. Mr. Sewell replied it is in draft form to management who is working on a response now. He reported there is nothing in the letter of any major significance. Regent Downing requested a copy of the letter.

Other:

By-Laws Committee:

Regent Downing gave the report for the By-Laws Committee due to the absence of Committee Chair Crigler. Regent Downing reported the committee had reviewed by-laws from several other similar metropolitan universities and had made several proposed revisions to the current by-laws. Regent Downing requested review of these proposed revisions with any changes submitted to him before the January 31, 1996 Board Meeting.

Academic Affairs Committee:

Regent Thomson reported the Academic Affairs Committee had discussed the registration process, the enrollment process and re-engineering.

Student Affairs/Advancement Committee:

Regent Poston reported that the Student Affairs Committee meetings are always interesting and that Vice President Pomerantz always has lots of data. He asked that she report to the Board the results of a recent phone survey to students not returning to NKU. Vice President Pomerantz reported extensively on this survey and shared a copy of the results. She reported 32 volunteers had assisted with this survey and many of these were students thanks to Regent Jamie Ramsey. Of all students surveyed, 47 percent indicate they anticipate returning to NKU in the future. Regent Poston feels this survey is very helpful to us. He looks at NKU as a business and the students our customers and a lot can be learned from what they say. Lengthy discussion followed concerning need to do more phone surveys, student retention, improved student service, etc.

Administration and Finance Committee:

Regent Herald reported the Administration and Finance Committee had met on October 27 and had discussed the following items: bank depository contract, annual reports, organizational structure, health care reform, hardware/software platform, and a report on the Enrollment Task Force was shared by Elzie Barker.

Chair Sparks commented that she appreciates the time the staff devotes to these committees as it is very helpful to the Board.

President Boothe called attention to dates of upcoming events: the Foundation Appreciation Dinner on November 16, the Fifth/Third Lions' Tourney on November 17 and 18, and the Perkins' Tourney on December 1 and 2.

Executive Session:

Upon a motion by Regent Downing, seconded by Regent Poston, the Board convened in executive session at 6:05 p.m. to discuss issues which are exempt from discussion in open session. The Board reconvened in open session at 6:50 p.m. Executive Session

Motion was made by Regent Thomson and seconded by Regent Herald that the Board of Regents authorize the President of the University to negotiate for an analysis of the asset structure of the University in the context of the University's mission. Under the terms of this contract, such analysis will provide an objective basis for the continued re-engineering of the University in the interest of greater institutional effectiveness and accountability. The analysis will also support the self-study process undertaken by the University in preparation for regional accreditation review. The contract should provide for the initiation of the analysis as soon as possible. Upon a vote, motion passed unanimously.

Adjournment:

Upon a motion by Regent Poston, seconded by Regent Thomson, the meeting adjourned at 6:55 p.m.

Others Present: President Leon Boothe, Chuck Pettit, Meg Winchell, Elzie Barker, Karla Scoon - The Enquirer, Norleen Pomerantz, Sheila Trice Bell, Mary Ryan, Paul Gaston, Susan Grover, Peter Hollister, Leo Calderon, Mike Baker, Carla Chance, Kathleen Verderber, Rosetta J. Mauldin, Jermane Enoch, Thomas E. Comte, Rogers Redding, Tom Isherwood, Lowell Schechter, James Alford, James McKenney, Becky Bergman, Bill Lamb, Gina Holt, Eric Caldwell, Mary Paula Schuh, David Niinemets - Recorder.

Chair Sparks welcomed everyone to the meeting.

Chair Sparks asked if there were any corrections to the minutes of the meeting of November 15, 1995. There being no changes or corrections, the minutes were accepted as presented.

Presidential Reports:

A-1 President Boothe presented the Grants and Contracts quarterly report. There are some negative figures in terms of percentage change which seems to be the timing in which some of these grants come in for funding. "Dollars Approved" represents a decrease of 6.60 percent compared to one year ago. The categories "Funds Requested" and "Number of Requests" represent decreases of 23.26 percent and 17.81 percent, respectively. Grants and Contracts

A-2 President Boothe announced the 1996-97 faculty project grants and commented how divergent the activities are. The grants are designed to encourage professional growth through financial support for independent research. Faculty approved for grants are: Faculty Project Grants

Lawrence R. Borne	Steven McCarthy	Linda Sheffield
Perilou Goddard	Debra Pearce	Leslie D. Turner
Barbara Klaw	Thomas C. Rambo	Robert C. Vitz
Yushi Li	Jerald H. Richards	Connie C. Widmer
Ann Luggen	Alice G. Rini	Thomas Zaniello

A-3 President Boothe announced the 1996 summer fellowships. This program is designed to encourage faculty to engage in individual research, scholarly writing, and creative and artistic projects and to share the results of their efforts with the University community. The following faculty have been approved for awards: Faculty Summer Fellowships

Christina de Almeida	Robert J. Kempton	Stephen C. Richards
Maria Falbo-Kenkel	Yasue Kuwahara	Alice G. Rini
Steven Finke	Sharlotte Neely	Leslie D. Turner
Gina M. Foletta	Jerald H. Richards	Michael Washington

A-4 President Boothe reported that NKU will be going through SACS reaccreditation as the last one occurred in 1988. The documents we are in the process of submitting are evolving documents and there SACS Self-study

will be some changes as we get into the self-study. President Boothe introduced Dr. James McKenney who has agreed to chair this very important task.

A-5 — The Quarterly Financial Report was presented by President Boothe who stated this report is reflective of the outstanding staff who keeps us very much on track. The results of the financial operations were within the expectations established by the budget. There was a short discussion concerning the savings to be realized from joining the Health Alliance and whether or not that savings would show up in this report or in the Annual Report. — Quarterly Financial Report

A-6 — President Boothe reported on the campus planning progress report indicating we are down to the punch lists on Residential Village and Library Expansion. The Fine Arts HVAC upgrade is substantially complete, and the Ceramics/Sculpture facility is under design with an anticipated early 1996 bid date. The Network Cabling Installation Project will be bid in February. Efforts are underway to finalize funding for a new campus entrance sign at US 27. It was emphasized that this will be funded primarily by private funds, right-of-way funds received for the US 27 project, and Message Center revenue. Work will begin on the Maintenance Building Roof Replacement as weather permits. A lot of work has been done in Landrum Hall, and the building now presents a much improved image. A project is being initiated to replace the plaza deck between the University Center and the Lucas Administrative Center to resolve problems with water leakage. — Quarterly Campus Planning

There was a discussion concerning the Corbett Theatre dedication. Vice President Hollister reported it is anticipated the dedication will be in December 1996, and they will be working with the Friends of Fine Arts to plan a dedication ceremony. A meeting to begin the planning process is scheduled for next week.

A-7 — The preliminary enrollment figures for Spring 1996 were announced. There was a headcount decrease of 2.6 percent and a FTE decrease of 2.1 percent. Formula funding is based on FTE enrollment. There was a great deal of cooperative effort by the Provost Office, Student Affairs and Administrative Affairs to make enrollment go as smoothly as possible for the students at high demand times. — Preliminary Spring Enrollment

A-8 — President Boothe requested Vice President Chance to report on the Bank Contract in Regent Zapp's absence. Vice President Chance reported that Regent Zapp, as Treasurer, had served on the contract evaluation team. After thorough evaluation by the administrative committee and review by the Board of Regents Finance committee, it was determined the best bid was submitted by Fifth Third and a two-year contract will be awarded effective March 1, 1996. Ms. Chance reported that feedback was received from the unsuccessful bidders, that they were impressed with the process used. Contract was awarded to Fifth Third based on both the investment earnings and cost of their bank services. There was a short discussion concerning disparity in total cost of bank services. Mr. Baker stated this is a better contract than we currently have, that Fifth Third has had our business now for five years and knows what our needs are. He further stated we are very pleased with the level of service Fifth Third has provided, and that they keep up with changes in technology. — Bank Depository Contract

At this time President Boothe stated there were two items he wanted to discuss briefly. First, concerning the Science Building, he commented on all the time he, Chair Sparks and Vice President Chance have spent in Frankfort. He stated we probably will not be successful in securing the $35 million for the building and probably will have to go to a phase-in plan. Chair Sparks stressed that we are not giving up by any means, that we would have gone in with a different presentation had we known there was only going to be $100 million spread around the state, that we will continue to make our thoughts and needs known. Phase-in was discussed, this scenario might be a little easier for legislators to vote for. Trying to meet with Joe Barrows and Harry Moberly to ask for planning money for a $35 million facility. In a meeting with the Governor, tried to make the point that if we have some support from the state, then private funding might be easier to secure. Would need $1.5 million for design money. Original scheme would cost the state considerably less money, phasing-in costs more money.

The second item is the Embrace Opportunity Campaign, and President Boothe asked Vice President Hollister to give a brief report. Vice President Hollister reported the base goal of $10 million was exceeded a couple of months ago and today we are at $10,650,000. Of this total, $7,300,000 is cash and pledges and $3,300,000 is deferred, and of the $7,300,000, $5,550,000 is already in hand. The campaign will continue to yield gifts over the next several years. Sometime in February or March, the campaign will come to a close and a somewhat final report will be issued at that time. A social event acknowledging the leadership of the campaign, major donors, etc. will also be planned. Of the five stages of the campaign, the Alumni Campaign is still very active and the $700,000 base goal has been exceeded with just the leadership part of it. Vice President Hollister announced that today is Bill Nester's last day. Bill has worked on this Campaign for the past couple of years and has made a major contribution to the University and the Campaign.

There was a short discussion concerning value of pledges and deferred gifts. Vice President Hollister reported there is some attrition on deferred gifts, that somewhere around 10 percent of all deferred gifts don't happen. He also stated that toward the end of February, a comprehensive analysis will be done and made available in a final report.

Motion was made by Regent Taliaferro that final report on fund raising be given three days before the next Board Meeting on March 27, 1996. Motion was seconded by Regent Poston. After a brief discussion concerning how long report will take to complete due to complexity of report plus all the other things going on right now, motion was amended to delete word final. Motion was voted on and passed.

Presidential Recommendations:

B-1 President Boothe recommended approval of the following academic personnel actions: Academic Personnel Actions

Administrative Appointment: Mary M. Ryan, from Director of Faculty Administration to Assistant Vice President for Academic Affairs, effective January 1, 1996.

Leaves, Unpaid: Martin J. Huelsmann, unpaid leave with benefits, January 1 through June 30, 1996. President Boothe commented that Mr. Huelsmann had been appointed to a very prestigious position in the Justice Cabinet, which is a great compliment to him as well as the University.

Resignation: Sarah O. Steinman, Assistant Professor, Department of Allied Health, Human Services, and Social Work, effective January 1, 1996.

Retirements: All these retirements are through the Retirement Incentive Program and are effective with the 1996-97 academic year: Jonathan M. Bushee, Associate Professor in the Physics and Geology Department; Larry L. Dickson, Professor in the Literature and Language Department; and Rita Tobler, Associate Professor in the Nursing Department.

Upon a motion by Regent Crigler, seconded by Regent Herald, the motion carried with eight ayes and one abstention by Regent Thomson. At this time President Boothe asked that Mary Ryan stand and be recognized for her past accomplishments and congratulated her on her new title.

B-2 — Promotion, Tenure, Contd. Probation & Contd. Probation with Conditions to be Removed

President Boothe recommended that the following academic personnel be approved for promotion, tenure, continued probation and continued probation with conditions to be removed:

Promotion: Karlyn Schnapp, Barbara Klaw, Gisele Loriot-Raymer, David Agard, Robert England, Clinton Hewan, Kristen Yount, Samuel Zachary, Nan Littleton, Valeria Amburgey, Charles Jackson, Elizabeth Lorenzi, Niaz Latif and Donald Kazee.
Tenure: Karlyn Schnapp, Barbara Klaw, Gisele Loriot-Raymer, David Agard, Robert England, Clinton Hewan, Kristen Yount, Samuel Zachary, Steven Weiss, Valeria Amburgey, Charles Jackson, Elizabeth Lorenzi, Niaz Latif and Charles Pinder.
Continued Probation: Robert F. C. Naczi, Diana McGill, Robert Wilcox, John Alberti, Paige Byam, Steven Gores, Thomas Leech, Philip Paradis, Andrew Taylor, Kevin Kirby, Randy Pennington, Charles Chukwudolue, David Potter, Barbara Arrighi, Prince Brown, Jr., Andrew Kipnis, Yushi Li, Stephen Richards, Steven Chicurel, George Aldhizer, Paul Schloemer, Deepak Khazanchi, Rebecca Ball, Fred Beasley, Diane Gronefeld, Patricia Knox, Trina Koscielicki, Robert Langenderfer, Theresa Paulin, Deborah Pressly, Durell Hamm, Russell Jenisch, J. Patrick Moynahan, Marjorie Artzer, Keith Barton, Suzanne Cortez, Margaret Anderson, Ellen Benton, Robert Brautigan, Joy Churchill, Sharlene Lassiter, Donald Kazee, Jennifer Ryan, Jack O'Gorman and Donna Smith.
Continued Probation with Conditions to be Removed: Christina de Almeida, Steven Finke, Gina Foletta, Harriette Richard, Terry Powell, Phyllis Hall, Lorena O'Donnell and Ed Workman.
Upon a motion by Regent Crigler, seconded by Regent Bearden, the motion passed with eight ayes and one abstention by Regent Thomson.

B-3 — Sabbatical Leaves

President Boothe recommended approval of the following sabbatical leaves and stated that one of the most important things the Board and a University can do for its faculty is to provide sabbatical opportunities, and that he is proud of the strong sabbatical program we have at NKU. The recipients are: Valerie Amburgey, Gary E. Clayton, Raymond N. Enzweiler, Rudy L. Garns, Perilou Goddard, Edward P. Goggin, James R. Gray, Gary Johnston, Ann S. Luggen, Steven McCarthy, John J. Metz, David Payne, Thomas C. Rambo, Jeffrey M. Smith, Janis L. Taylor, Kathleen S. Verderber, Robert C. Vitz, Stephen C. Walker and Connie C. Widmer. Upon a motion by Regent Crigler, seconded by Regent Bearden, the motion passed with eight ayes and one abstention by Regent Thomson.

B-4 — Non-Academic Personnel Actions

President Boothe recommended approval of the non-academic personnel actions for the period October 1, 1995 through December 31, 1995. Upon a motion by Regent Bearden, seconded by Regent Thomson, the recommendation passed unanimously.

B-5 President Boothe recommended approval of revisions to the Affirmative Action Committee for inclusion in the Administrative Regulations-Governing Regulations. The changes basically refine and expand the role of this administrative standing committee. Upon a motion by Regent Thomson, seconded by Regent Downing, the recommendation passed unanimously. Affirmative Action Committee Changes

B-6 President Boothe recommended approval of the Alcohol and Controlled Substance Abuse Policy for commercial motor vehicle drivers which is in response to Department of Federal Transportation requirements. Upon a motion by Regent Downing, seconded by Regent Herald, the recommendation passed unanimously. Alcohol Abuse Policy

B-7 President Boothe recommended authorization for demolition of the garage which is located behind the Alumni Reception Center at 2636 Alexandria Pike. The garage is in very poor condition and not suitable for continued use. Upon a motion by Regent Herald, seconded by Regent Poston, the recommendation passed unanimously. Demolition of Property

B-8 President Boothe recommended approval for the Administration to enter into a lease agreement/land acquisition arrangement with the Kentucky Baptist Convention. This transaction permits the University to take title to two Priority One land parcels without a cash commitment. President Boothe commented that Vice President Chance has been a very tough negotiator in this transaction. Upon a motion by Regent Downing, seconded by Regent Bearden, the recommendation passed unanimously. KY Baptist Convention Land Lease Agreement

B-9 President Boothe requested approval of the tuition schedule for the 1996-97 academic year. Tuition rates are mandated by the Council on Higher Education and the increases reflected are those adopted by the Council in Fall, 1995. Motion by Regent Bearden, seconded by Regent Crigler, to approve the recommendation. Regent Ramsey stated that when he was on the CHE he had the opportunity to plead the case of the students, and one of the things he asked was that if there had to be an increase that it be kept between 3 and 4 percent. President Boothe stated he was there when Regent Ramsey stated his case and that he was a great representative for the students. The motion was voted on and passed unanimously. 1996-97 Tuition Schedule

B-10 President Boothe recommended approval of a comprehensive schedule of fees and charges for academic year 1996-97. The majority of fees and service charges remain the same as in the current year. The most significant proposals include the Chase College of Law Library and Learning Fee which will help them with some of their needs, and an inflationary increase of approximately 3 percent in housing fees. Upon a motion by Regent Thomson, seconded by Regent Downing, the recommendation passed unanimously. 1996-97 Fee Schedule

Regent Thomson commented that the NKU cheerleaders have just won second in the country in the National Cheerleading Contest and he wanted to thank them as he knows they put in a lot of hours, did their own fundraising to go down there, and did very well in this extremely competitive event.

Other:

By-Laws Committee:

Regent Crigler reported that at the last meeting Regent Downing articulated the changes the Committee was recommending based on the growth and development of NKU

and asked that anyone with concerns or questions to contact him. As no comments were received from anyone, Regent Crigler met with Ms. Bell, Legal Services, to make sure that what the Committee was recommending was pertinent and congruent. Following that meeting, some minor changes were made to the document. Regent Crigler requested review of this revised document and stated that if there are no comments or changes, the Committee will ask for approval at the next Board Meeting. There was a discussion concerning Item 6 on page 2 regarding items being placed on agenda for board meetings.

Student Affairs/Advancement Committee:

Regent Poston asked that Vice President Hollister give this report. Vice President Hollister reported the following items were discussed at the last meeting of this Committee: (1) Capital Campaign, (2) Annual Fund for Northern (goal this year is $800,000, at 44 percent of goal at half-way point of the year, 41 percent same time last year), (3) Legislative Action (what is going on in the legislature, strategies we are using, and the Legislative Action Task Force.) Vice President Hollister closed the report by reminding everyone that tomorrow evening is Northern Kentucky Night in Frankfort and that the University will be well represented. Also, Regent Ramsey has organized a group of students who will be there with some signage in support of the Science Center. They will also be handing out tags that say "Science Needs Space at NKU." Regent Poston added that enrollment issues were also discussed at this meeting.

Administration and Finance Committee:

Vice President Chance reported the Administration and Finance Committee had met on December 15 and discussed the following items: (1) the contract for External Consulting, (2) student fees, (3) performance indicators (considerable time was spent discussing this subject), and (4) Bank Depository Contract.

Academic Affairs Committee:

Regent Taliaferro reported this Committee had met prior to the Board Meeting today and that the following items were discussed: (1) Technology Panel recommendations, (2) registration, enrollment and admission issues (Regent Taliaferro requests that the Enrollment Review Team Report by Mike Baker and Matt Shank be shared with all Board members), (3) Pre-College Curriculum, and (4) NKU and the community college commitment. There was extensive discussion concerning pros and cons of a community college and reference to a report that had been prepared for this meeting. Regent Taliaferro stated there will be another meeting on the community college issue. Vice President Chance requested that a copy of the community college document be furnished for review by the Administration and Finance Committee so that issues of financial impact might be considered.

President Boothe called attention to dates of upcoming events: for those interested in the basketball team, this is a big week. They play Kentucky Wesleyan on Thursday (Parents' Association night) and University of Southern Indiana for Homecoming on Saturday, February 3.

Executive Session:

Upon a motion by Regent Thomson, seconded by Regent Crigler, the Board convened in executive session at 3:17 p.m. to discuss issues which are exempt from discussion in open session. The Board reconvened in open session at 4:49 p.m.

Executive Session

Adjournment:

Upon a motion by Regent Downing, seconded by Regent Bearden, the meeting adjourned at 4:50 p.m.

MAR 27 1996

Board of Regents Meeting
March 27, 1996

The special meeting of the Board of Regents of Northern Kentucky University was called to order at 1:30 p.m. on Wednesday, March 27, 1996, by Chair Alice S. Sparks. The invocation was given by Reverend Patricia Barker of the Unity Church, Cincinnati.

Chair Sparks welcomed everyone to the meeting and extended birthday greetings to Regent Herald. Chair Sparks announced that she became a grandmother for the first time at 6:04 a.m. this morning. Her daughter gave birth to a son, Joseph Alexander.

At this time Chair Sparks stated she wished to honor and thank some extremely special young men for four very exciting basketball games and that she wished to publicly thank Athletic Director Jane Meier for all her efforts. Ms. Meier, on behalf of the Athletic program, extended thanks to President Boothe, Alice Sparks and all the Vice Presidents and their groups for their support all year. Coaches and players who were present were introduced: Assistant Coach Dave Bezold, Ryan Schrand, an NKU graduate and member of the coaching staff, and players Reggie Talbert, Chuck Perry, Mike Vieth, John Gibson, and Kevin Listerman. Chair Sparks complimented and thanked the entire coaching staff and players for a wonderful season (runner-up NCAA Division II National Champs). On behalf of Coach Shields, the entire coaching staff and players, Coach Bezold thanked everyone for all their support all season.

Roll Call: Karen Bearden, Robin Crigler, Barbara Herald, James Poston, Jamie Ramsey, Alice Sparks, Philip Taliaferro, Michael Thomson and Robert Zapp.
(Excused - Frank Downing and William Verst)

Others Present: President Leon Boothe, Ernest Britton, Rev. Pat Barker, Chris Marksberry and Shana Barsel - WNTV, Joyce Maegly, Elizabeth Blincoe, Elzie Barker, Marian Winner, Norleen Pomerantz, Gerald Hunter, Jay Hanselman - WNKU, Darrell Pressley - The Enquirer, Sheila Trice Bell, Paul Gaston, Peter Hollister, Leo Calderon, Susan Grover, James Alford, Robert Appleson, Mary Ryan, Kathie Verderber, Rosetta Mauldin, Mike Baker, Chuck Pettit, Carla Chance, Debra Vance - Kentucky Post, Mary Paula Schuh, Bill Lamb, Tom Comte, Tom Isherwood, Rogers Redding, and David Niinemets - Recorder.

Chair Sparks asked if there were any corrections to the minutes of the meeting of January 31, 1996. There being no changes or corrections, the minutes were accepted as presented.

Presidential Reports:

A-1 President Boothe presented the Embrace Opportunity report, which had been requested by the Board, and commented on the wonderful victory celebration Monday night. He also reported that he just received news Monday afternoon before the victory celebration that a $100,000 grant had been received from the Kresge Foundation. This report accurately illustrates that NKU is a player in the Greater Cincinnati/Northern Kentucky community as far as financial support is concerned. This has been a very successful campaign, and Vice President Hollister and his staff are to be commended for a job well done in helping bring success. NKU is the first regional university in the Commonwealth to pull off a capital campaign. Chair Sparks added thanks to Vice President Hollister, the Foundation, and all those who chaired the various committees for all their hard work. Embrace Opportunity

A-2 President Boothe presented the A-133 Audit Report, an audit of the federally funded programs, and stated the results of the audit were favorable with no material weaknesses in the internal accounting controls noted. This is a reflection of the outstanding job done by the staff. A-133 Audit Report

A-3 President Boothe reported that the final figures for Spring Enrollment showed headcount and FTE down compared to a year ago. This is reflective of what is happening nationally. Final Spring Enrollment

Presidential Recommendations:

B-1 President Boothe recommended approval of the following academic personnel actions: Academic Personnel Actions

Faculty Appointment: Edward C. Brewer, III, Assistant Professor of Legal Programs in the Salmon P. Chase College of Law, effective August 14, 1996.

Leaves, Unpaid: Susan Kissel, unpaid leave, with benefits, effective August 21, 1996, and ending December 16, 1996.

Resignation: Michael C. C. Adams, from the position of Chairperson of the History and Geography Department to the position of Professor in the History and Geography Department, effective July 1, 1996.

Upon a motion by Regent Herald, seconded by Regent Bearden, the motion carried with eight ayes and one abstention by Regent Thomson.

B-2 President Boothe recommended that the following academic personnel be approved for continued probation for the 1996-97 academic year. Continued Probation

Julia Kellman, Laura Rosenfeld, Kristin A. Pfabe, Melinda Miller, Maria Falbo-Kenkel, Shamima Ahmed, Edward Chang, Shailendra Verma, James Roeder, Esther Green-Merritt, Louise Niemer, Ruth Champion, and Harold Wiebe.

Upon a motion by Regent Zapp, seconded by Regent Crigler, the motion passed with eight ayes and one abstention by Regent Thomson.

B-3 President Boothe recommended that the following individuals receive Emeritus status. He commented that they are outstanding faculty members who more than merit the title of Emeritus Professor and that this is a nice way for the University to thank them. Emeritus Status

Larry L. Dickson, Professor in the Literature and Language Department; Nicholas Melnick, Professor in the Education Department; and Rita Tobler, Associate Professor in the Nursing Department.

Upon a motion by Regent Crigler, seconded by Regent Poston, the motion passed with eight ayes and one abstention by Regent Thomson.

B-4 President Boothe recommended Board approval for renewal of the two existing tuition reciprocity agreements for northern Kentucky and southwestern Ohio for a five-year period beginning July 1, 1996. Upon a motion by Regent Bearden, seconded by Regent Thomson, the recommendation passed unanimously. Tuition Reciprocity

B-5 President Boothe recommended that the 1995-96 Operating Budget be amended upward from $68,750,000 to $68,868,197 to reflect proposed budgeted revenue activity since July 1, 1995, due to a $912 increase in tuition and fees, a $79,745 increase in sales and services of educational activities, and a $37,540 increase in other miscellaneous items. Upon a motion by Regent Zapp, seconded by Regent Poston, the recommendation passed unanimously. Budget Adjustment

Other:

Student Affairs/Advancement Committee:

Regent Poston stated this Committee had met on March 18 and had discussed the following items: (1) the Embrace Opportunity Report which was covered today in Presidential Report A-1, and (2) the Strategic Enrollment Management Committee Report. This is an on-going committee to try to get a handle on enrollment and it will probably take a year for the reports to come in. In eight or nine months, the committee should be able to report in more detail. Vice President Hollister announced that the Paver Project Dedication would take place following today's Board meeting at 4 p.m.

Administration and Finance Committee:

Regent Zapp reported the Administration and Finance Committee met on March 18 and discussed the following items: (1) 1996-97 budget projections concerning impact of declining enrollment, (2) distribution of technology and support of learning fees, and (3) historical budget information. The Committee plans to meet again in April.

Academic Affairs Committee:

Regent Taliaferro reported that at the last meeting of this Committee, the following items were discussed: (1) Dean Short reported on the self-study for the accreditation process, (2) update on accreditation issues, (3) lengthy discussion on the community college prospect and discussion concerning Bob Appleson's well documented report on this subject, and (4) technology and the need for more computers for faculty and students. Regent Taliaferro stated the appointment of the Committee to study the community college issue had not been done yet but would be soon.

Chair Sparks reported briefly on legislative affairs and stated at the present time NKU is not in the budget. However, she stated we are not giving up, and if we do not get back in the budget before this session ends, in January we will try again. Senate voted to have the Budget Conference Committee Hearings public. Because the legislators are so far behind, they will probably be in session all Friday night and will possibly come back Monday and use one of the two veto days. Chair Sparks thanked everyone involved in the efforts in Frankfort and stated they had done a super job in letting Frankfort know who we are and where we are. She extended special thanks to Nancy Perry in Alumni Affairs, Peter Hollister and Carla Chance. We do have some strong friends and allies in Frankfort and they have not given up the fight.

President Boothe stated he had an announcement that he would like to make at this time and added that despite the fact this is something he very much wants, this is a very emotional moment for him. President Boothe (read from a prepared attached statement) announced that he does not wish to have his contract extended and that he is retiring as President as of the end of June 30, 1996.

Regent Poston moved to accept the wishes as set forth in President Boothe's statement, to continue all benefits as set forth in the original contract through its duration, and to bestow on him the title of President Emeritus. Motion was seconded by Regent Crigler and passed by unanimous vote.

Executive Session:

Upon a motion by Regent Bearden, seconded by Regent Poston, the Board convened in executive session at 2:15 p.m. to discuss a personnel issue. Executive Session

Adjournment:

Upon a motion by Regent Bearden, seconded by Regent Taliaferro, the meeting adjourned at 3:40 p.m.

While I wish this statement could have been delivered in an orderly and timely manner, unfortunately, much of what I am about to say will be redundant due to the unfortunate unofficial release of some of this information several weeks ago. The end result is that there has been too much idle and unnecessary speculation in certain quarters. It was my hope to have made public my decision concerning the presidency with the least amount of disruption to the life of this University and to my personal life. One redeeming factor personally has been the overwhelming affirmation from faculty, staff, students, alumni, and the total Northern Kentucky/Greater Cincinnati community through the hundreds of letters, notes, telephone calls, and personal visits. Nancy and I are so appreciative of this nurturing response.

As background, I became quite disillusioned approximately three years ago when it seemed to me that Kentucky was losing the perception of public higher education as a wise economic investment. It was a crucial and agonizing time for me since the preparatory work for the Capital Campaign had been completed. In knowing how critical a President is in any capital campaign, I knew the University would be enormously hurt were I to make any transition in my career at that time. I, therefore, promised those key people who would be involved in the campaign that I would try to stay until the campaign was finished.

As you know, the Embrace Opportunity Campaign has been successfully completed as officially marked by a celebration dinner Monday evening. The current reality is that my assessment concerning Kentucky has continued to unfortunately be verified. Senator David Karem of Louisville said correctly during a meeting of the Task Force on Higher Education that Kentuckians should be embarrassed about the paucity of funds provided for higher education as compared with the rest of the nation. Since I foresee no major changes within the near future in terms of lifting Kentucky from its current ranking of 50 among the 50 states in terms of new dollars coming into higher education over the past 15 years, and since I am at the age that I would like to work in an environment where I can be more productive, I am formally informing the Board today that I do not wish to have my contract extended as President. I want to make it clear that this decision was made preliminarily three years ago and confirmed by my family and myself last fall. Based on the commitment by the Board for assignment of new responsibilities, I wish to retire as President as of the end of June 30, 1996.

I take great pride in what has been accomplished as I enter my 13th year of affiliation with NKU. When one looks at the constant budget cuts and the fact that we have less state money in actual dollars than we did four years ago, my pride is high in realizing how creative the University has been in taking enormous challenges and turning them into opportunities to continue to make progress. With the 21st Century on the horizon, it is now time for another person to assume the mantle of leadership in helping the University to reinvent itself within the funding constraints it will face.

In conclusion, I will always look upon my years as President with great fondness because of the associations and the friendships I have been able to make. I feel privileged in having served approximately half of the operational history of this institution as well as having witnessed the graduation of 15,206 alumni.

Board of Regents Meeting
April 18, 1996

The special meeting of the Board of Regents of Northern Kentucky University was called to order at 9:05 a.m. on Thursday, April 18, 1996, by Chair Alice S. Sparks who welcomed everyone to the meeting.

Roll Call: Robin Crigler, Frank Downing, Barbara Herald, James Poston, Jamie Ramsey, Alice Sparks, Philip Taliaferro, Michael Thomson, William Verst and Robert Zapp.

(Excused - Karen Bearden)

A. Executive Session:

Upon a motion by Regent Downing, seconded by Regent Zapp, the Board convened in executive session at 9:07 a.m. to discuss personnel matters.

The Board reconvened in open session at 10:05 a.m.

B. Administrative Action Item

Regent Verst moved that the Board of Regents enter into an employment contract with Mr. Jack Moreland to serve Northern Kentucky University as Interim President for a period beginning July 1, 1996 through the successful completion of a presidential search. The conditions of President Moreland's employment are to be specified by his contract. Upon a second by Regent Poston, the motion was voted on and passed with nine ayes and one nay by Regent Thomson.

Chair Sparks introduced Interim President Jack Moreland and commented that Northern is fortunate to attract such an able and proven educational administrator to this position, that he is a valuable addition to the University community, and that he is well suited to this leadership opportunity. Mr. Moreland, who provided critical leadership in Kentucky's Education Reform Act, will be on leave from his position as Superintendent of Dayton Independent Schools where he has served for 18 years.

Mr. Moreland thanked the Board and stated it is an honor and privilege to be selected to serve as Interim President. He also thanked President Boothe for all that he has done for the University and stated the University will always be indebted to him for his accomplishments over the past twelve years. Mr. Moreland stated that his goal over the next two and one-half months would be to talk to faculty members, staff, and especially students to see what they have to say. Mr. Moreland also recommended that the Board elevate Dr. Paul Gaston to Executive Vice President, a new position within the University, to assist with the transition of the interim presidency. Mr. Moreland stated that he has an awesome task ahead of him but he is looking forward to the challenge.

Chair Sparks announced that a Transition Team would be appointed by the next Board Meeting on May 1. This Transition Team will be comprised of NKU faculty and staff who will assist with the administrative changes. Also by the May 1 Board Meeting, plans are to have a Committee in place to begin planning celebrations to honor Dr. Boothe. Chair Sparks called attention to dates of other upcoming events: Lincoln Awards Dinner tonight, Foundation Annual Meeting on May 1, Commencement on May 11, and Council on Higher Education Meeting on May 20.

President Boothe offered congratulations to Jack Moreland.

Adjournment:

Upon a motion by Regent Crigler, seconded by Regent Poston, the meeting adjourned at 10:20 a.m.

MAY 0 1 1996

Board of Regents Meeting
May 1, 1996

The regular quarterly meeting of the Board of Regents of Northern Kentucky University was called to order at 1:30 p.m. on Wednesday, May 1, 1996, by Chair Alice S. Sparks. The invocation was given by Father George Jacquemin of St. Anthony Church.

Chair Sparks welcomed everyone to the meeting.

Roll Call:	Karen Bearden, Robin Crigler, Frank Downing, Barbara Herald, James Poston, Jamie Ramsey, Alice Sparks, Philip Taliaferro, Michael Thomson and William Verst. (Excused - Robert Zapp)
Others Present:	President Leon Boothe, Elzie Barker, Rosetta Mauldin, Norleen Pomerantz, Peter Hollister, Susan Grover, Sheila Trice Bell, Tom Comte, Paul Gaston, Mary Ryan, Darrell Pressley - The Enquirer, Leo Calderon, Robert Appleson, Kathleen Verderber, Elizabeth Blincoe, Russell Kerdolff, Mike Baker, Becky Myers, Angela Schaffer, Chris Saunders, Marian Winner, Chuck Pettit, Carla Chance, Denise Wells, Tracy Purser, Russ Proctor, Nancy Perry, William Lamb, Debra Vance - Kentucky Post, Joyce Maegly, Sonda Cummins, Connie Hurst, Helen Wilhelm-Olsen, Mary Paula Schuh, Michelle Oss-Payne, Cheryl Torline, Rogers Redding.

Chair Sparks asked if there were any corrections to the minutes of the meetings of March 18, March 27, and April 4, 1996. There being no changes or corrections, the minutes were accepted as presented.

Dean Comte displayed the certificate of the Award of Accreditation to the College of Business from the American Assembly of Collegiate Schools of Business received at the national meeting last week in Los Angeles. The accreditation acknowledges that NKU is a quality institution with quality programs, faculty, students and staff. There are approximately 1,200 colleges and universities in the U.S. that offer degree programs in business and only 325 are accredited by AACSB. President Boothe and Chair Sparks thanked Dean Comte, his faculty and others involved in this effort.

President Boothe presented Student Regent Jamie Ramsey with a resolution of the Board recognizing his year of service to the University Board. The resolution read as follows:

> That the Board of Regents and the entire University community extend sincere appreciation to Jamie M. Ramsey who has served as Student Regent of Northern Kentucky University. Mr. Ramsey has given generously of his time, talent, and leadership to further the ultimate goals of the University and has served as an advocate of the institution, its faculty, staff, and alumni.

Chair Sparks stated that Regent Ramsey has been a real credit to the University, that he served on the Council on Higher Education, that he is President of Student Government, and that he has now been accepted by Chase Law School.

Presidential Reports:

A-1 President Boothe introduced the 1996 University-wide student award recipients, commented on their outstanding accomplishments and wished them the best in the future. They are: Student Awards

Regents Award	Denise A. Wells
Paul J. Sipes Award	Denise A. Wells
President's Award	Victor D. Dickerson
University Service Award	Jamie M. Ramsey
Excelsior Award	Michelle Oss-Payne

Chair Sparks offered congratulations to the award recipients and thanked them for coming.

A-2 President Boothe presented the Grants and Contracts Quarterly Report. For the period January 1 through March 31, 1996, 13 awards were received for a total of $598,543. Year-to-date totals for "Dollars Approved" and "Number of Awards" are $2,595,794 and 68, respectively. Grants & Contracts

A-3 President Boothe presented the Campus Planning Report and stated that the Fine Arts HVAC Upgrade is now complete. Project bids will open in June with a contract awarded shortly thereafter for the Ceramics/Sculpture Facility. Work in the Black Box is underway and a May completion is expected, while work in the Corbett Theatre will begin in May. Drawings and specifications are complete for the Network Cabling Installation and project will be bid in May. Design work will begin soon for the Campus Entrance Sign at US 27. Elevator Upgrade for Nunn Hall and Natural Science Center is in bid phase and construction will begin this summer. A project is being initiated to replace the plaza deck between the University Center and Lucas Administrative Center to resolve longstanding problems with water leakage. Campus Planning

A-4 President Boothe presented the Quarterly Financial Report and reported the results of the financial operations are within the expectations established by the budget. Quarterly Financial

A-5 President Boothe shared a report on the proposed redesign of I-71, I-471, and I-275. Option B of this study would modify Fort Washington Way with the potential of diverting I-71 traffic to I-471 and I-275. The University is very concerned about the potential for increased traffic in close proximity to the campus. I-71 Corridor Study

Presidential Recommendations:

B-1 President Boothe recommended approval of the following academic personnel actions: Academic Personnel Actions

Faculty Appointments: Lisa K. Elderbrock, Assistant Professor of Mathematics in the Mathematics and Computer Science Department, effective August 14, 1996; David J. Franklyn, Assistant Professor of Legal Programs in the Salmon P. Chase College of Law, effective August 14, 1996; Timothy S. Hall, Assistant Professor of Legal Programs in the Salmon P. Chase College of Law, effective August 14, 1996; and Carol D. Pennington, Assistant Professor in the Music Department, effective August 14, 1996.

Leaves, Paid/Unpaid: Michael C. C. Adams, paid administrative leave with benefits, beginning July 1, 1996 and ending December 31, 1996; and Esther Green-Merritt, emergency paid leave with benefits, beginning February 16, 1996 and ending April 30, 1996.

Resignation: Jeanne Henry, from Director of Women's Studies to Lecturer in the Learning Assistance Program, effective June 30, 1996.

Upon a motion by Regent Herald, seconded by Regent Crigler, the motion carried with nine ayes and one abstention by Regent Thomson.

B-2 President Boothe recommended that Michael C. C. Adams be awarded a Regents Professorship and commented on Dr. Adams' splendid resume. President Boothe added that Dr. Adams' various activities and accomplishments more than merit his appointment as a Regents Professor. Regent Poston stated he enjoys being a part of this committee. He also commented on Professor Adams' commitment to the University community, and stated he is amazed at all his accomplishments. Upon a motion by Regent Poston, seconded by Regent Crigler, the motion passed with nine ayes and one abstention by Regent Thomson. Regents Professorship Award

President Boothe introduced Dr. Adams who stated it is a great honor to receive this award.

Regent Poston recommended doing something in the future to include all the nominees. A member of the Committee suggested that the Regents have a reception for all the nominees so the Committee would have a chance to meet and talk with them, as they all deserve some level of recognition.

B-3 President Boothe recommended that several amendments to the Faculty Policies and Procedures Handbook 1994 receive Board approval. These changes are minor and have previous Faculty Senate approval. Amendments to Fac.Policy &Proc. Handbook

Upon a motion by Regent Thomson, seconded by Regent Verst, the recommendation passed unanimously.

B-4 President Boothe recommended approval of the non-academic personnel actions which occurred between January 1, 1996 and March 31, 1996. Upon a motion by Regent Downing, seconded by Regent Verst, the recommendation passed unanimously. Non-Academic Personnel Actions

B-5 President Boothe recommended approval of the following administrative personnel actions: Admin. Personnel Actions

Resignation: Delores Anderson, Director of Affirmative Action, effective June 30, 1996; and Sheila Trice Bell, University Legal Counsel, effective May 24, 1996.

Title Change: Cheryl Nunez, Director of Affirmative Action and Multi-Cultural Affairs, effective July 1, 1996 through August 16, 1996.

Appointment: Elizabeth M. Blincoe, Interim University Legal Counsel, effective May 8, 1996.

Upon a motion by Regent Verst, seconded by Regent Poston, the recommendation passed unanimously.

B-6 — Emergency Personal Leave

President Boothe recommended approval of the revision of the Personnel Policies and Procedures Manual to include a new section on Personal Day Usage. This revision allows staff personnel to access accrued vacation on an emergency basis in order to address unanticipated emergencies. This policy addition was given a one-year trial period, which worked well. Upon a motion by Regent Herald, seconded by Regent Thomson, the recommendation passed unanimously.

B-7 — Bad Debt Write-Off

President Boothe recommended that authorization be given to the Assistant Vice President for Business Affairs/Treasurer to write off bad debts totalling $58,698.57. The bad debt write-off represents less than 2.0 tenths of a percent (.002) of the monies collected in tuition and fees. Upon a motion by Regent Verst, seconded by Regent Downing, the recommendation passed unanimously.

B-8-a — Demolition of 402 & 524 JHR

President Boothe recommended that the Board authorize the University to proceed with demolition of the house at 402 Johns Hill Road which is in very poor condition. Upon a motion by Regent Thomson, seconded by Regent Herald, the recommendation passed unanimously.

B-8-b

President Boothe recommended that the Board authorize the University to proceed with demolition of the barn and shed at 524 Johns Hill Road, both of which are in very poor condition. Upon a motion by Regent Verst, seconded by Regent Downing, the recommendation passed unanimously.

B-9 — 1996-97 Operating Budget

President Boothe recommended approval of the 1996-97 Operating Budget for a total of $70,706,100, an increase of $1,956,100 compared to original 1995-96 budget. The budget recommendation is a reflection of the direct impact of enrollment issues and the decline in state funding assistance. President Boothe recommended that a final decision on faculty/staff compensation be deferred until it is known what Fall enrollment will be. However, a two percent across-the-board salary increase retroactive to July 1 is recommended if current enrollment is maintained and revised new tuition and mandatory fee revenue approximates or exceeds the revenue forecasted. Also, if no salary increase is given this year, President Boothe feels the Board should go on record that the University undertake a major re-engineering effort to give a five percent salary increase for the next year. Upon a motion by Regent Downing, seconded by Regent Crigler, the recommendation passed unanimously.

Chair Sparks requested that Regents Zapp, Crigler, Herald and Thomson serve on the Nominating Committee and plan to report at the July 31 Board Meeting.

Chair Sparks announced the membership of the Transition Team which will assist Interim President Moreland during the upcoming year and then serve as a resource to the newly-elected president during the first six months of his/her administration. Members of the Team are: Michael Baker, Administrative Affairs; Stephanie Baker, Student Affairs; Prince Brown, Academic Affairs; Ron Ellis, University Relations/Development; Chuck Pettit, Staff Congress; Mark Stavsky, Academic Affairs, and Fran Zaniello, Academic Affairs.

Chris Saunders, newly elected Student Government President was introduced.

Chair Sparks announced that Senate Resolution No. 148 had been passed on March 21, 1996 honoring the men's basketball team, and that the Clerk of the Senate was directed to send a copy of the Resolution to Coach Shields and all members of the team.

Other:

Administration and Finance Committee:

Regent Downing reported this committee had met on April 18 and talked at length concerning technological advances and progress, land issues, and the 1996-97 Budget.

Student Affairs/Advancement Committee:

Regent Poston stated there was nothing to report as the Committee had not met.

Academic Affairs Committee:

Regent Taliaferro reported this committee had met on April 26 and discussed the Community College commitment. Committee went from studying the prospect to looking at some action phases. Requested Dr. Verderber and the Provost to discuss with Faculty Senate at the May meeting the possible formation of an ad hoc planning committee to develop an implementation plan by September 1996 leading to some kind of program in the summer 1997.

By-Laws Committee:

Regent Crigler referred to the draft of the by-laws that was reported on and discussed at the January 31, 1996 meeting (a copy of which was furnished to each Regent today.) The Committee recommended only one additional change to this draft, the addition of "(d) Other" to Item 5 on page 2.

Regent Crigler moved that this draft be approved. Motion was seconded by Regent Downing. There was a lengthy discussion concerning the language in Article IV. Following this discussion, Regent Thomson moved to amend motion to approve everything in the draft except Article IV and current wording would be used. Motion was voted on and passed unanimously.

Regent Crigler reported that information had been requested from the Association of Governing Boards concerning evaluation of Board Performance, page 2, Item 8, and that as soon as the information is received, the Committee will meet and make a recommendation.

President Boothe thanked the University for the privilege of serving as President since 1983, and said that although the challenges, especially financial, had been enormous, the rewards had been equally great. President Boothe added that he and Nancy look forward to the next phase of their journey.

Chair Sparks announced that a committee comprised of community and university people had been appointed to plan a dinner to celebrate the Presidency of Dr. and Mrs. Boothe on June 12 at the Drawbridge. Committee members are: Sandy Easton, Ron Ellis, Michael and Judy Gibbons, Mer Grayson, Ken Lucas, Clyde Middleton, Ken Paul, Nancy Perry, Bill Robinson, Nona Stricker and Tom Zaniello.

The Presidential Search Committee will be appointed following the Presidential Search Workshop which will be conducted by an AGB Consultant.

Executive Session:

Upon a motion by Regent Bearden, seconded by Regent Poston, the Board convened in executive session at 3:05 p.m. to discuss personnel issues. The Board reconvened in open session at 5:40 p.m. Executive Session

Regent Poston moved that the Board ask University Legal Counsel to seek an opinion from the Attorney General's office as to the application of KRS 164.360(2) to this particular Board. Motion was seconded by Regent Bearden, voted on and passed unanimously.

Regent Poston moved that the Board approve the cost and expense for trustee services for the Huntington Bank in regard to the Residential Village litigation. Motion was seconded by Regent Bearden, voted on and passed unanimously.

Regent Thomson moved that the Board ratify the contract of Paul Gaston for Executive Vice President. Motion was seconded by Regent Taliaferro, voted on and passed with nine ayes and one abstention by Regent Herald.

Adjournment:

Upon a motion by Regent Thomson, seconded by Regent Poston, the meeting adjourned at 5:45 p.m.

Comments by Virginia Lester
Monday, June 10, 10:30-11:30 a.m.

Following introductory comments by Chair Sparks, Dr. Lester introduced herself further and described her experience first as an elementary school teacher followed by her experience in the College of Education leading to a deanship at Empire State College in New York in the area of non-traditional Education.

Dr. Lester then became President of Mary Baldwin College in Virginia which was designated as one of the "turn-around campuses" when traditional women's campuses were facing the crisis of the 1970's and 80's. Dr. Lester graduated from Stanford Law School and joined a prestigious law firm in Richmond, Virginia after her retirement from Mary Baldwin.

Dr. Lester's comments follow:

The major role and responsibility of the Board of Regents is the selection of the President. There are alternate strategies on how to conduct a presidential search and while there is room for variation, it is clear what works and what does not.

The position of the college presidency is growing increasingly less attractive. Higher education faces a number of challenges and there are no easy fixes. Having reviewed President Boothe's address to the University in August 1995, it is apparent he is fully aware of the challenges that face NKU and higher education. Higher education exists in a world of change: diversity of constituency, competition for funds, demand for skills needed for tomorrow.

The process consists of the three S's:

Search, Screen, Select

Search: everyone helps--not the responsibility of the Board, the faculty, or the Committee. Everybody should search. Use all sources, networks, nominate and engage people. Active recruiting as the guide.

Screen: Board delegates to Search Committee. The Search Committee may be comprised of only Board members. It is customary to have representatives of the campus on the Search Committee. It is important that the Committee be large enough to do the work, and small enough to meet effectively. If a member cannot be in attendance at all planned meetings and interviews, it is best that person resign. Members must attend all meetings.

Selection: This is the Board's responsibility alone. May not be delegated. The board must take a campus-wide view and support the entire campus. This is not a time for constituent votes and the establishment of camps.

The President needs to share that broad view and be prepared to move the campus forward.

The Board Chair appoints and charges carefully the selected Committee.

The Committee members must exercise statesmanship, display knowledge and commitment to the total University, see the big picture, and be devoted to confidentiality. A good candidate won't risk a career with a bad search process.

It is our job to find good people!

President serves at the pleasure of the Board. He/she is responsible for the good and the bad.

Search Committee members must have knowledge of needs and concerns of the campus. Should be experienced enough to know what is good. Must be willing and able to meet concerns. Must develop skills to read resume's and interview. Search Committee members cannot include anyone who aspires to the job.

The charge given by the Board Chair: should be written and define the tasks that the Committee is asked to do.

The Committee should not exceed its charge.

The charge should contain the timetable and the methods of conducting the search/screen process.

The Board receives the recommended candidates from the Committee in a non-prioritized fashion. All candidates should be qualified to do the job which the Board has defined.

The candidates must be unranked.

The Committee will have the only knowledge of the applicant lists.

A Board member should act as Chair of the Search Committee.

The Charge should contain timetables and target dates and calendars that focus the dedication to the search process.

A good staff person is essential to the search.

Leadership qualities must be determined. This is not a generic job description, the campus needs to identify three to five the most important things to accomplish in the next three to five years.

Agenda

The Administration and Finance Committee will meet on Friday, July 26, at 1:30 p.m. in the Board Room.

The Student Affairs/Advancement Committee will meet on Wednesday, July 31, at 1 p.m. in AC 822.

JUL 31 1996

Board of Regents Meeting
July 31, 1996

The regular quarterly meeting of the Board of Regents of Northern Kentucky University was called to order at 2:05 p.m. on Wednesday, July 31, 1996, by Chair Alice S. Sparks. The invocation was given by Reverend Joe Pennington, Campus Ministry.

Chair Sparks welcomed everyone to the meeting.

Chair Sparks administered the oath of office to Student Regent Chris Saunders and welcomed him to service on the Board.

Roll Call: Karen Bearden, Robin Crigler, Frank Downing, Barbara Herald, James Poston, Chris Saunders, Alice Sparks, Michael Thomson, William Verst and Robert Zapp. (Excused - Philip Taliaferro)

Others Present: President Jack Moreland, Marian Winner, Mark Stavsky, Sara Sidebottom, Rosetta Mauldin, Elizabeth Blincoe, Norleen Pomerantz, Susan Grover, Peter Hollister, Paul Gaston, Darrell Pressley - The Enquirer, Leo Calderon, Milly Diehl, Robert Appleson, Rogers Redding, Darrell Garber, Tom Isherwood, Diane Williams, Chris Comte, Carrie McCoy, Anju Ramjee, Thomas Comte, Cheryl Torline, Edward Melvin of Kenneth Cunningham Associates, Inc., Bill Lamb, Mary Paula Schuh, Linda Reynolds, Carla Chance, Russell Kerdolff, Ken Ramsey, Mike Baker, Debra Vance - Kentucky Post, Sonda Cummins.

Chair Sparks asked if there were any corrections to the minutes of the meetings of April 18, May 1, and June 10, 1996. There being no changes or corrections, the minutes were accepted as presented. In order to clarify some recent misleading headlines in the newspapers, Chair Sparks pointed out that on page 4 of the May 1 minutes, the Board approved the budget which contained a 2 percent increase, based on enrollment, so that is not a topic that will be decided today. President Moreland stated his goal is to try to do better than 2 percent, however, that will not be known until the final enrollment numbers are available. He hopes to make an announcement later in August.

Presidential Reports:

President Moreland stated he would be calling on various administrators in the audience to assist him in providing more specific information.

A-1 **Grants and Contracts Quarterly Report:** Year-end totals for "Dollars Approved" and "Number of Proposals Approved" for fiscal year 1995-96 are $3,117,240 and 90, respectively. Year-end totals for "Dollars Requested" and "Number of Proposals Submitted" for fiscal year 1995-96 are $5,479,656 and 136, respectively. Ms. Linda Reynolds, Coordinator in the Office of Research, Grants and Contracts, responded to a question about why number of requests is down. The number is down somewhat as the number of contracts that normally come through Research, Grants & Contracts are no longer coming through that office. Also, this year there has been more collaboration of the faculty who are submitting proposals together instead of submitting individually. Grants and Contracts

President Moreland stated that if the Board agrees, this is the kind of process he would like to use throughout his tenure here, that there are a lot of good people at NKU and he would like to be able to rely on them to provide information needed from their specific component.

A-2 **Quarterly Financial Report:** Budget Director Barker reported that the financial operations were within the range of the norm and the year was ended in the black. There is nothing in the report that reveals any particular problems. Quarterly Financial

A-3 **Campus Planning Report:** Vice President Chance reported that bids for the Ceramics/Sculpture facility were opened on June 18. There was a slight scope problem when bids were opened, but the State has joined NKU in a collaborative effort to fund this project. CR&R Construction of Cincinnati was low bidder. Groundbreaking is anticipated in late August. Progress continues on Theatre and Black Box lighting replacement and on the Corbett Theatre renovation project. A celebration in the Corbett Theatre is being planned for February. The Network Cabling Installation project was awarded to Fishel Technologies, and they will begin cable installation in August. The plaza deck replacement project is underway to resolve longstanding problems with water leakage. This is making a remarkable change to the campus. Contract has been signed with Kenneth Cunningham & Associates to design and develop the area on the west side of the library. This project will be funded by the Brad Butler Gift. Campus Planning

There was a presentation at this time by Edward Melvin of Kenneth Cunningham & Associates. This project will include three flag poles displaying the American, State and University flags, as well as a series of plaques dedicated to patriotic themes. Following the presentation, there was a discussion concerning lighting and materials to be used in the display and the necessity for the materials to fit with color scheme and overall design of the campus. As soon as colors and materials are selected, project will be ready to go to bid. Fall construction is hoped for with completion by mid-November. This project will also be a good promotion for the Paver Project.

There was a discussion concerning Campus Entrance Sign at US 27. Operating funds will not be used for this project. There is $45,000 that the State compensated NKU for right-of-way and signage at the campus entrance, and we are looking for another gift of about that size to fund this project. Specifications are complete and we are ready to go to bid when funding is secured.

A-4 **Preliminary Summer Enrollment:** President Moreland reported that graduate headcount is up 14.6 percent while undergraduate headcount is down 4.4 percent for a 1.3 percent total enrollment. Prelim. Summer Enrollment

A-5 **Student Services Initiatives Report:** Vice President Pomerantz reported that two services for students are being implemented for Fall 1996. "One-location Registration", which is primarily for open registration, will allow students to be advised, register and work with financial aid at one location. This is the first step in an over-all redesign of the registration process. The second initiative is "The Ombuds Service Team" which will be responsible for responding to student concerns, problems and issues regarding both academic and non-academic issues. The service will help identify and improve areas that may be unnecessary barriers to students. President Moreland added that the Ombuds Service idea came from the framework of special education children, that every child has the right to have an advocate. NKU is trying to create a user-friendly atmosphere on campus by reducing the artificial barriers and getting the news out to students that we are here to help them. Thanks to Darrell Pressley, The Enquirer, and Debra Vance, The Kentucky Post, news is getting out on some of the things we are trying to accomplish. Student Initiatives

A-6 **Beverage Contract Report:** Vice President Chance stated this effort is really Ken Ramey's and that she would defer to him. She stated, however, this is another example of the good work that arises in the Business Affairs area. Mr. Ramey, Director of Business & Auxiliary Services, reported this is a $2.5 million contract with a guarantee of $200,000 annually in vending commissions. In addition to the vending commissions, the following new revenues will be realized: $25,000 for Coke becoming a major corporate sponsor for athletics, $5,000 for the Presidential Scholarship Fund, and $6,000 for case incentives for product sold to the food contractor. Also, in-kind gifts and initiatives in the amount of $30,000 will be realized as a result of this contract. Overall, this is a very good contract for the University and Coca-Cola. Beverage Contract

A-7 **Presidential Transition Report:** Regent Zapp reported that the Search Committee has been formed and that it is a good Committee. Public forums, to be held on campus, will be scheduled soon. President Moreland reported that the Transition Team had met once. The theme that came from this meeting is to try to bring the University together for a common direction, and over the next few months, hope to work toward that goal. We are here for one reason, to do the very best we can for the students that we serve and to use all facets of the University to accomplish this. Chair Sparks reported that the Celebration Dinner for Dr. and Mrs. Boothe was a success and that they were very moved. She expressed appreciation and thanked everyone for their tremendous effort, especially Ron Ellis and Peter Hollister. President Moreland commented that the presentation of the art by Tom Gaither was wonderful and very appropriate. Overall, it was a good night that was very well done. Pres. Transition

A-8 **NKU Partnerships Report:** Vice President Hollister reported that presently there are about 250 volunteers, that virtually every department has two or more volunteers and some have as many as 20 or 25. Governor Patton will be on campus August 14 to help launch this project and to announce the Co-Chairs of the Steering Committee. President Moreland added that Regent Chris Saunders and his group have done a nice job putting together the students. The number of volunteers we are looking at will be in excess of 300, however, 600 binders are being prepared. NKU Partnerships should not be a threatening process but something that can bring more to rather than take away from this University. President Moreland introduced Milly Diehl, who is on loan from the Pritchard Committee, a statewide organization dealing with school reform. Ms. Diehl is the person who is coordinating the Partnerships, and she will be here until the process is complete. NKU Partner-ships

A-9 **Extended Campus Report:** President Moreland reported that the CHE has lifted its moratorium with regard to extended campuses. This is important because at the Board Retreat last month, one of the main topics was the extended campus. At the next Board meeting, a report on preliminary findings will be available. Extended Campus

A-10 **Technological Advances Report:** President Moreland noted that information contained in the packet is relatively self-explanatory. A report is expected around September 4 from the Panel on Technology and Instruction with their recommendations on student fee allocation. By the time the final networking is done, we will have hardware to plug into the network. We are trying to move as quickly as possible on this. Dr. Gaston reported that in order to make allocation as wisely and responsibly as possible, NKU is sending a small team to the Institute for Academic Technology, located at the University of North Carolina, for a two-day conference. Techno-logical Advances

A-11 **Statewide Higher Education Initiatives:** Mr. Barker reported there are two major initiatives underway now within the State of Kentucky. One is the Task Force on Post Secondary Education, a broad based group chaired by the Governor, to look at a wide variety of issues having to do with higher education. That Task Force is working with the Commission on Higher Education Efficiency and Cooperation, established by the Governor and made up of all the University presidents and another small group from various areas with some involvement or interest. A staff group has been working on the recommendations that have come forward from subcommittees of the larger commissions and that group will report its findings to the Task Force and to the CHE. The Governor has made higher education issues a very high priority. This is a great opportunity for higher education to position itself. Vice President Chance reported that Governor Patton had corresponded with Chairman Jim Miller asking the CHE to delay their formula review process until the Task Force had made some recommendations. Mr. Barker reported there is a small group within the University taking a hard look at the formula and some of the issues that bear on funding issues for higher education. President Moreland reported there are mixed feelings about the Governor requesting a delay of the process. He feels the Governor wants a good equitable formula. Statewide H.E. Initiatives

President Moreland reported that he had appointed Leo Calderon to coordinate the Web Page, which is a good marketing and public relations tool that needs to be the very best that it can be. President Moreland reported that he has talked with Ms. Winner about a software package for the library that will connect NKU to other libraries in the State. This software will improve resources among the libraries. The software will be ordered and put in place as soon as possible.

A-12 **Performance Funding:** Mr. Barker reported that the CHE, at its July meeting, gave final approval to the performance funding component of the higher education funding model. The funding system that was approved resulted from extensive review and discussion among all the institutions, the CHE, the Legislative Research Commission, and the Governor's Office for Policy & Management. Discussed in some detail the Indicator Chart. Most of these indicators are very academically focused. Performance Funding

A-13 **Covington Campus Task Force:** Vice President Chance reported the Committee had met twice regarding renovation and upkeep of the existing facility. Liz Blincoe has finished the work on the legal issues surrounding the title to the property. The Committee continues to discuss programmatic issues. President Moreland is meeting with Secretary Cain of the Workforce Development Cabinet in the hope the property has potential as a training and retraining center. Perhaps by September the Committee will be in position to make a final recommendation. Cov. Campus Task Force

President Moreland stated this is the process he would like to use to report to the Board if it is agreeable. He publicly thanked everyone for all their help since he has been on campus.

Presidential Recommendations:

Upon a motion by Regent Crigler, seconded by Regent Herald, the motion carried with nine ayes and one abstention by Regent Thomson.

President Moreland introduced and welcomed Chris Comte, Darrell Garber, Anju Ramjee and Diane Williams who were present at the meeting.

B-2 President Moreland recommended that the following temporary faculty appointments for the 1996-97 academic year receive Board approval: Kimberly Allen-Kattus, Lisa B. Jameson, Elinor Rambo, Julia Yang Bedell, Laura L. Padolik, Eric Reginald Jackson, Douglas Knerr, Frederic J. Krome, Lawrence Mitchell, Conard Carroll, Lydia Coyle, Irene Encarnacion, Nancy Kersell, Andrew Miller, Michele Peers, Gary Walton, Janalynn S. Anderson, Bo-Kyung Kim Kirby, Mick Raney, Toni Sholar, Steven R. Dent, Alan Kerrick, Temp. Faculty

George Mathew, Stephen Tobin, Carol A. Keim, Shannon Barton, Minda Michels, Kathleen O'Connor, Timothy Murphy, Mary Jo Beresford, Jane Green, Sam Lapin, Cady Short-Thompson, Paul Champion, Michele Crowley, Majeb Dabdoub, Daryl Orth, Adam G. Todd, Roger Adams, Ann Harding, Joyce Bauer, Jerry Call, Karen Keeton, Margaret Anne Kramer and Patty Fairbanks. Upon a motion by Regent Zapp, seconded by Regent Poston, the motion passed with nine ayes and one abstention by Regent Thomson. — Temp. Faculty Contd.

B-3 President Moreland recommended Board approval of some minor changes to the Human Subjects Policy of the Faculty Handbook, effective August 21, 1996, which changes will bring the University's Human Subjects Policy into compliance with recent changes in federal regulations and will more accurately reflect current practice. These changes have Faculty Senate approval and the endorsement of the Provost. Upon a motion by Regent Crigler, seconded by Regent Verst, the motion passed unanimously. — Amendments to Fac. Handbook

B-4 President Moreland recommended approval of the non-academic personnel actions which occurred between April 1, 1996 and June 30, 1996. Upon a motion by Regent Downing, seconded by Regent Verst, the recommendation passed unanimously. — Non-Academic Personnel

President Moreland introduced and welcomed Sara Sidebottom who joined NKU on May 13, 1996 as Interim Associate Legal Counsel.

B-5 President Moreland recommended Board approval of a Deadly Weapon/Destructive Device Policy. House Bill 40, which goes into effect on October 1, 1996, and which permits Kentucky residents to obtain licenses to carry concealed weapons, permits the University to restrict or prohibit the carrying of concealed weapons on campus through administrative policy. Upon a motion by Regent Thomson, seconded by Regent Bearden, the recommendation passed unanimously. — Concealed Weapons Policy

B-6 President Moreland recommended approval of the 1996-97 Operating Budget. Motion was made by Regent Bearden and seconded by Regent Zapp to approve recommendation. Following a discussion concerning enrollment and a 2 percent salary increase retroactive to July 1 depending on enrollment, the recommendation was voted on and unanimously passed. — 1996-97 Operating Budget

Other:

Nominating Committee:

Regent Zapp, gave the report of the Nominating Committee. The 1996 Nominating Committee, comprised of Regents Zapp, Crigler, Herald and Thomson, recommended the following slate of officers:

James Poston	Chair
Frank Downing	Vice Chair
Alice Sparks	Secretary/Treasurer

Chair Sparks asked for any additional nominations, and as no further nominations were made, Regent Zapp moved that the slate presented be elected by acclamation. The motion, seconded by Regent Crigler, received unanimous approval.

Chair Sparks wished Regent Poston the best and hopes he will enjoy being Chair as much as she has. She further stated that serving as Board Chair has been a tremendous experience and the highlight of her public life and that she appreciates all the support she has received.

By-Laws Committee:

Regent Crigler reported that at the May 1, 1996 Board Meeting the By-Laws were approved with the exception of Article IV and that the language contained in old Article IV was retained. At the May Meeting, there was lengthy discussion about concern over indemnification for any criminal activity. What is presented today is the recommendation that came from University Legal Counsel. Regent Crigler requested that everyone review the revision to Article IV that was distributed today and the revision will be discussed and voted on at next Board Meeting.

Student Affairs/Advancement Committee:

Regent Poston reported the committee met prior to the Board Meeting and that Vice President Hollister had reported that the Annual Fund Drive for Northern raised $903,323, over goal by 13 percent, and The Kresge Challenge had raised a little in excess of $400,000. Congratulations were extended to Peter Hollister and his group for all their effort. Other items discussed were NKU Partnerships, the Celebration Dinner for Dr. and Mrs. Boothe, and enrollment.

Academic Affairs Committee:

Regent Thomson reported this committee met on June 24 and discussed the following: accreditation report, SACS, enrollment figures, Running Start, and the process of renewal for Regents' Professors.

Administration and Finance Committee:

Regent Downing reported that the meeting scheduled for July 26 was cancelled but there was a brief meeting prior to today's Board Meeting. Items discussed were capital construction projects, higher education initiatives and presidential compensation.

Regent Crigler asked to be relieved from the three committees she presently serves on until the Presidential Search is completed. Chair Sparks suggested, and Regent Poston agreed, that the Committees probably need to be restructured.

Regent Zapp thanked Chair Sparks for the good job she has done and acknowledged all the hours she has put in as Chair.

Chair Sparks called attention to upcoming dates: Governor Patton's visit to NKU August 14, State of University Address August 20, Trusteeship Conference September 15 and 16, next Board Meeting September 25, Congressional Debate (Greaves) September 27, Staff Awards October 4, Men's Basketball Tourney in Richmond, VA November 8-10, and Winter Commencement December 14.

Executive Session:

Upon a motion by Regent Thomson, seconded by Regent Downing, the Board convened in executive session at 4:10 p.m. to discuss legal issues. The Board reconvened in open session at 5:35 p.m. Executive Session

Regent Poston moved that the Board of Regents of Northern Kentucky University, being appropriately advised and all issues being disclosed, resolves to waive any conflict of interest that may exist by virtue of Elizabeth Blincoe's performance as the University Attorney during the pendency of a legal action naming her and the Board of Regents and various faculty members as co-defendants. Motion was seconded by Regent Thomson, voted on and passed unanimously.

Adjournment:

Upon a motion by Regent Poston, seconded by Regent Thomson, the meeting adjourned at 5:38 p.m.

REPLACEMENT PAGE
July 31, 1996 Board Agenda

The Search Committee must look at the applicant track record to know if they can do these three to five things.

What are the concerns: Money, then find someone who can get money.

Retention: then find someone who can bring the campus together to recruit and retain students.

This is a time of courtship: the Search Committee must market NKU to the applicant. The candidate will interview NKU. We must look for a fit between the two.

All communication of the Search Committee goes through the Chair of the Search Committee. No interaction with the press or public, there may be timely communiques that focus on process only!!

There is no need to solicit references, make telephone calls and talk and listen!

A search may need to last five months beyond the placing of the ad.

It is important that the Search Committee read all <u>applications</u> at once and talk and screen together.

Typically, the Board invites three to five to campus for interviews, but be sure to hold alternates for second round of interviews.

No on-campus votes are taken. Feedback should be solicited, but groups should not vote and rank candidates.

Don't delay and miss a good candidate.

Advantage of Search Consultant: keeps you on the straight and narrow, has a network, is trained to interview.

Board of Regents Meeting
September 25, 1996

The special meeting of the Board of Regents of Northern Kentucky University was called to order at 2 p.m. on Wednesday, September 25, 1996, by Chair James R. Poston. The invocation was given by Reverend Harold Orndorff, Christian Student Fellowship.

Chair Poston welcomed everyone to the meeting.

Roll Call: Robin Crigler, Frank Downing, Barbara Herald, James Poston, Chris Saunders, Philip Taliaferro, Michael Thomson and Robert Zapp.
(Excused - Karen Bearden, Alice Sparks, William Verst)

Others Present: President Jack Moreland, David Short, Frederick Schneider (Faculty Senate), Rogers Redding, James Alford, Cheryl Torline, Elizabeth Blincoe, Harold Orndorff, Angela Schaffer, Norleen Pomerantz, Susan Grover, Rosetta Mauldin, Paul Gaston, Mary Ryan, Leo Calderon, Darrell Pressley - The Enquirer, Mary Paula Schuh, Robert Appleson, Tom Isherwood, Chris Comte, Diana Schlake, Carla Chance, Mike Baker, Gerald Hunter, Debra Vance - Kentucky Post, Bill Lamb, David Niinemets - Recorder.

Chair Poston asked if there were any changes, deletions or additions to the minutes of the meetings of July 31 and August 7, 1996. There being no changes, deletions or additions, the minutes were accepted as presented.

Presidential Reports:

A-1 **Final Summer Enrollment:** President Moreland reported a 1.3 percent decrease in total headcount. Final Summer Enrollment

A-2 **Preliminary Fall Enrollment:** President Moreland reported total headcount was down 1.1 percent which is substantially better that anticipated. Prelim. Fall Enroll

A-3 **Academic Affairs Report:** Provost Gaston reported that the revised Reappointment, Promotion, Tenure process operated on schedule and produced only two appeals. The emphasis of the revised process was to provide candidates more information about the decision making process. The Emergency Enrollment Protocol was put into effect this fall to enable NKU to avoid some of the concerns that arose last fall. By expanding class maximum in entry level courses in which there was great demand, more than 200 students were accommodated who might otherwise have walked away from the University this fall or who might have registered for less appropriate classes. Provost Gaston also reported on the concept of a statewide MBA program. The schools would use interactive video technology for exchanging MBA electives through the KTLN network. The first NKU offering for the statewide MBA Program is scheduled for Spring 1997. Academic Affairs Report

President Moreland extended thanks to Provost Gaston and all the Deans and Chairs of the different programs that were willing to expand their enrollment which allowed more students to be accommodated.

A-4 **Partnership Update:** President Moreland reported that the first Steering Committee meeting was held September 4 and that by October 8 all 70 partnership teams will be up and running. Currently there are 450 volunteers from the northern Kentucky community (this does not include NKU faculty and staff.) A public forum will be conducted November 11 in Greaves Hall from 7 to 9 p.m. and everyone was encouraged to attend. The NKU Partnership line has been installed--the number is 572-6630. Chair Partnership Update

Poston reported it is too early to know what is going to happen but he feels there is a lot of enthusiasm. This will take everyone's involvement and he encouraged everyone to solicit people to get involved. If someone feels their opinions have not been heard or that they have been a voice in the wilderness, this is the time to come forward and say something. It is especially important for NKU to show initiative to change and become better. Regent Saunders and Staff Congress President Cheryl Torline agreed with Chair Poston's comments. Ms. Torline added that everyone has a voice in this and the committees want to hear your opinion.

At this time Chair Poston introduced and welcomed a special guest in the audience, his father, Jim Poston, who is a former NKU Regent.

Presidential Recommendations:

B-1 President Moreland recommended approval of the following academic personnel actions: — Academic Personnel Actions

Administrative Appointment: Andrea Cornuelle, Associate Professor of Radiologic Technology and Acting Chair of the Allied Health, Human Services, and Social Work Department, effective August 1, 1996.

Faculty Appointment: Michele Roszmann-Millican, Assistant Professor in the School of Education, effective August 14, 1996.

Leave, Paid: Charles Hawkins, Professor of Physics in the Geology Department, paid administrative leave for the spring semester, 1998.

Resignations: Charles Jackson, Associate Professor in the School of Education, effective July 31, 1996, and Teresa Paulin, Assistant Professor of Respiratory Care in the Allied Health, Human Services, and Social Work Department, effective August 8, 1996.

Upon a motion by Regent Herald, seconded by Regent Crigler, the recommendation passed unanimously.

B-2 President Moreland recommended that the following temporary faculty appointments for the 1996-97 academic year receive Board approval: Gregory Dahlem, Edward Fenlon, James Westheider, Jordan Stoyanov, Minda Michels, Debra Kasel, Kelly Pitocco (Fall Semester only), Jerry Lancaster (Fall Semester only), Long Bao Tran, Carl Lingen and Anthony Gaines. Upon a motion by Regent Downing, seconded by Regent Zapp, the recommendation passed unanimously. — Temp. Faculty

B-3 President Moreland recommended Board approval of Policy titled "Soliciting, Accepting, and Processing Gifts from Private Sources." Foundation Director Alford reported this policy is very timely as SACS requires certain policies relating to fund raising and operation of the University. Upon a motion by Regent Zapp, seconded by Regent Saunders, the recommendation passed unanimously. — Gift Policy

B-4 President Moreland recommended that the Board authorize the administration to renew the University fire service contract with the Cold Spring-Crestview Volunteer Fire Department. Upon a motion by Regent Herald, seconded by Regent Downing, the recommendation passed unanimously. — Fire Service Contract

B-5 President Moreland recommended that the Board approve certain changes to the Funeral Leave Policy. Vice President Chance reported that staff is governed by the Personnel Policy & Procedure Manual, and this policy is an extraction from that handbook. Both the past and current Staff Congress — Funeral Leave Policy

presidents have advocated the expansion of the funeral leave benefit based on today's changing family structure. Upon a motion by Regent Herald, seconded by Regent Crigler, the recommendation passed unanimously.

B-6 President Moreland recommended approval of Article IV of the Board of Regents Bylaws. Regent Crigler commented that the Bylaws, with the exception of Article IV, were approved at the May 1, 1996 meeting, and at the July 31, 1996 meeting proposed changes to Article IV were distributed for review. The change is merely a clarification of language. Upon a motion by Regent Downing, seconded by Regent Zapp, the recommendation passed unanimously. Regents Bylaws

B-7 President Moreland recommended Board approval of a 3 percent cost-of-living compensation adjustment for all regular budgeted staff and faculty positions and that the compensation adjustment be effective retroactive to July 1, 1996. The budget that was previously approved by the Board in May called for a 2 percent cost-of-living increase. Upon a motion by Regent Taliaferro, seconded by Regent Crigler, the recommendation passed unanimously. Cost-of-living Adjustment

B-8 President Moreland recommended Board approval of the 1996-97 Organization Chart. Upon a motion by Regent Taliaferro, seconded by Regent Saunders, the recommendation passed unanimously. Organization Chart

Other:

Student Affairs/Advancement Committee:

No report. Committee did not meet.

Vice President Pomerantz reported on enrollment noting a 1.3 percent decrease in headcount for final summer enrollment and a 1.1 percent decrease in fall enrollment. These figures represent some improvement in continuing students, but the freshman class is down approximately 100 students. There continues to be a decline in non-degree students. Of the students registered last year, approximately 2,600 did not return. Dr. Pomerantz stated that probably a phonathon or some sort of mailing would be done to try to find out why these students did not return. She also reported that the regularly attending students for the bachelors degree programs have an average ACT of 22.3. Committee Reports

President Moreland thanked Vice President Pomerantz for all the efforts she has made.

Administration and Finance Committee:

No report. Committee did not meet. Vice President Chance stated that she had appreciated working with Regents Zapp, Herald, and Downing on this committee.

Ron Ellis reported that groundbreaking ceremonies for the Ceramics & Sculpture Facility are planned for Wednesday, October 9 at 9 a.m., in the Third Floor Gallery, Fine Arts Center.

Academic Affairs Committee:

Provost Gaston reported this committee met on September 18 and discussed the following: Freshman Year Initiatives (a presentation was given by faculty members Rudy Garnes and Fran Zaniello), the Running Start Program, Accreditation, Reassigned Time, and the process for Reappointment of Regents Professors.

Discussion followed concerning reassigned time, the Running Start Program and the University 101 program.

Chair Poston called attention to dates of upcoming events.

Executive Session:

Upon a motion by Regent Thomson, seconded by Regent Crigler, the Board convened in executive session at 2:50 p.m. to discuss personnel and legal issues. Executive Session

The Board recessed from 3:20 to 3:55 p.m. to attend a memorial service for H. Lew Wallace. The Board reconvened in open session at 5:22 p.m.

Regent Thomson moved that the NKU Board of Regents reaffirm that the Interim President, Jack Moreland, has the full backing and support of the Board of Regents. We also reaffirm our position that the Interim President is not eligible to be a candidate for the permanent presidency. Motion was seconded by Regent Crigler, voted on and passed. Regents Thomson, Crigler, Taliaferro and Zapp voted yes; Regent Herald voted no; and Regents Downing and Saunders abstained.

Executive Session:

Upon a motion by Regent Thomson, seconded by Regent Downing, the Board convened in executive session at 5:24 p.m. to discuss personnel and legal issues. The Board reconvened in open session at 6:32 p.m. Executive Session

Regent Crigler moved that the Board of Regents authorize the President to enter into a memorandum of agreement with "Company A" for the establishment of a campus-based student training and employment center. Motion was seconded by Regent Downing, voted on and passed. Regent Saunders abstained.

Adjournment:

Upon a motion by Regent Downing, seconded by Regent Crigler, the meeting adjourned at 6:34 p.m.

Board of Regents Meeting
November 20, 1996

The regular quarterly meeting of the Board of Regents of Northern Kentucky University was called to order at 2:05 p.m. on Wednesday, November 20, 1996, by Chair James R. Poston. The invocation was given by Reverend Joe Pennington, Canterbury Fellowship.

Chair Poston welcomed everyone to the meeting.

Roll Call: Frank Downing, Barbara Herald, James Poston, Chris Saunders, Alice Sparks, Philip Taliaferro (arrived late), Michael Thomson, William Verst and Robert Zapp.
(Excused - Karen Bearden, Robin Crigler)

Others Present: President Jack Moreland, Dan Seibert and April Scott - Deloitte & Touche, Elizabeth Blincoe, John Stevens, Ernest Britton, Jane Meier, Angie Meeks - Lexington Herald Leader, William Nester, Norleen Pomerantz, Bill Erpenbeck, John Finnan, Paul Gaston, Mary Ryan, Milly Diehl, Leo Calderon, Fred Macke, Nathan Smith, Tom Isherwood, Bob Appleson, Mary Kirk, Jackie Baker, Susan Grover, Carol Bredemeyer, Carrie McCoy, Peg Goodrich, Gerald Hunter, Mary Paula Schuh, Carla Chance, Jay Fossett, Robert Neumann, Meg Winchell, Melissa Gorbandt, Arden Geers, Charles Pinder, Mike McPherson, Jim Claypool, Mike Baker, Russ Kerdolff, Travis Turner, Clinton Hewan, Rogers Redding, James Alford, Rosetta Mauldin, Darrell Pressley - The Enquirer, Sonda Cummins, Debra Vance - Kentucky Post, David Niinemets - Recorder.

Chair Poston introduced and congratulated the recipients of the 1996 Regents Distinguished Service Awards. They are: John Stevens, Media Services; Jackie Baker, Bookstore; and Edith Hill, Information Systems Department. President Moreland congratulated the recipients and expressed appreciation for their service to the University.

Chair Poston asked if there were any changes, deletions or additions to the minutes of the meeting of September 25, 1996. As there were no changes, the minutes were accepted as presented.

President Moreland stated that the order of some of the agenda items would be changed to accommodate visiting guests' presentations.

Presidential Reports:

A-1 **Extended Campus Overview:** Associate Provost Rosetta Mauldin, assisted by Barbara Hedges, Interim Coordinator for Credit Continuing Education & Distance Learning, and Ron Hoffman, Director of Media Services, made a very informative verbal and visual presentation on NKU's Extended Campus Policy. The 1996 amendment to the CHE's January 1977 policy entitled "Guidelines for the Development & Coordination of Extended Campus Offerings" requires each institution to develop formal policies governing extended campus and distance learning. A committee is presently working on the development of the policy for NKU which should be available for consideration during the spring term. Highlights of the presentation included the various methods NKU uses to implement this policy through its Credit Continuing Education and Distance Learning programs. Since 1983 NKU has offered classes at 16 sites, this year NKU offers site classes at Grant County, Dixie Heights, Pendleton County and Williamstown High Schools. NKU leads the State with telecourse enrollment. Extended Campus

A-2 **President's Annual Report:** Michael Baker, Assistant Vice President for Business Affairs, assisted by Russ Kerdolff, Director Accounting & Pres. Annual Report

Budgetary Control, made a very detailed presentation on this report and the Audit Report. Mr. Baker reported that NKU was able to continue its stable financial performance through strong budget management. Revenues exceeded expenditures and transfers, and current unrestricted fund balance grew by $510,871. It was noted that there is about $15 million of assets in unrestricted funds and $6 million in educational and general fund balance. The largest percentage of growth in revenue was realized in other education and general revenues. The fund balance growth is a result of monies set aside for the University Center and construction of a new parking facility. Mr. Baker reported that total plant funds amount to $165 million and that our net worth, when we take away our debt, is $87 million. Mr. Baker stated he feels this is a good, accurate balance sheet. There was a lengthy discussion concerning fund balance. Regent Thomson requested a report on expenditure trends including fund balance. Vice President Chance reported that the Budget Office is presently looking at fund balance history. Pres. Annual Report

President Moreland and Chair Poston thanked Mike Baker, Russ Kerdolff and their people for a very good job.

Regent Recommendation:

C-1 Dan Seibert of Deloitte & Touche reported that the results of the audit had been covered in much detail at the November 12 meeting with the Board's Audit Committee. He reported that the main audit effort had been completed as planned, that good cooperation was received from management, there were no disagreements with management regarding accounting or disclosure issues and no material weaknesses or concerns were noted. Chair Poston stated he has complete confidence in Deloitte & Touche, that they do an extraordinary job and give him confidence that our internal people are doing what they should do. Upon a motion by Regent Thomson, seconded by Regent Herald, the President's Report and the Annual Financial Report were approved unanimously. Audit Report

A-13 **Enhancement of Intercollegiate Athletics:** President Moreland introduced Bill Erpenbeck, Chairman of the 1996 NKU Football Committee, and requested that he give an overview of the report that was presented to the Board. Mr. Erpenbeck began by introducing the other members of the committee: James Claypool, John Finnan, Jay Fossett, Fred Macke, Jane Meier, Mackey Mohr, Lynn Ray (not present), Nathan Smith, Alice Sparks and Travis Turner. Mr. Erpenbeck reported this committee was established in early July to review and recommend the feasibility of adding football. Issues reviewed were gender equity, facility needs and financial issues. The committee recommends that NKU start a Division II non-scholarship football program in 1998, add women's soccer in the fall of 1997, and add additional women's sports later (track and field, swimming and golf.) All programs and facilities would be funded by private donation and an additional student fee ($20 per semester.) Chair Poston thanked Mr. Erpenbeck and the committee for a very detailed report. President Moreland thanked the committee for their report and stated the University community and community-at-large need an opportunity to look at the report and comment. He stated the report will be available in the library and on web site for review by those who are interested. He also suggested holding at least one public hearing on campus sometime in December to allow the community, students, faculty and staff to attend. He will make his recommendation to the Board at the January 29 meeting. Inter-collegiate Athletics

Chair Poston asked for a five-minute recess at 3:30 p.m. Meeting reconvened at 3:40 p.m.

Regent Sparks requested that the public hearing concerning football not be held in December as previously discussed but suggested that it be held the first part of January following Christmas break when all students, faculty and staff have returned to campus.

Presidential Reports:

A-3 **Grants and Contracts Quarterly Report:** President Moreland presented this report which indicates 38 awards were received for a total of $1,626,969 for the period July 1 through September 30, 1996. Also, 31 proposals requesting $686,162 were submitted for the same period. "Funds Approved" and "Proposals Funded" represent increases of 10.05 percent and 5.56 percent, respectively, compared to totals one year ago. Grants and Contracts

A-4 **Quarterly Financial Report:** President Moreland presented the Quarterly Financial Report which indicates that all financial information is in order. Quarterly Financial

A-5 **1996 Final Fall Enrollment:** President Moreland reported a 1.4 percent decrease in total headcount and 0.8 percent decrease in FTE and stated this was not quite as good as we had hoped but better than anticipated. Final Fall Enrollment

A-6 **Quarterly Facilities Management Report:** President Moreland presented this report and noted that the internal part of the Network Cabling Installation should be finished by the time school resumes after the Christmas holidays. He also noted that the Covington Campus ADA improvements are in process now and that the roof replacement should be accomplished by spring or early summer. There was a short discussion concerning the design for the new campus entrance sign at US 27. It was noted that the Norse Club is seeking private donations to supplement available funding, but the best time to secure this funding is when the sign starts to come out of the ground. Facilities Management

A-7 **1997 Health Insurance Contract:** Vice President Chance recognized Gerald Hunter, Margo Ferrante and Barbara Herald for working very diligently with the Health Care Utilization Committee on the re-enrollment process. Enrollment closed on Friday, November 15. Vice President Chance reported that about 94 percent of the total 900 contracts are in the two upper tiers of coverage and that NKU employees have access to a relatively high level of benefits. Regent Herald noted that while attending a meeting of the Health Purchasing Alliance in Frankfort recently that it was stated NKU is the best informed group in the state. Regent Thomson congratulated the HCUC for the good work they had done. There was discussion concerning reasons employees made carrier changes. Health Insurance

A-8 **Partnership Progress:** President Moreland circulated information regarding the Partnerships Teams and the November 11 Public Forum and noted that the Steering Committee will meet next on December 11. He is very pleased that there are approximately 500 community volunteers and 200 faculty and staff involved. Regent Poston stated he shares President Moreland's feelings about the Forum, that it was very constructive. Partnerships

A-9 **Technology Advancement:** President Moreland reported the Network Cabling Project is nearing completion and that we are now in the process of purchasing technology connective devices that will be used by faculty and staff. Technology Advancement

A-10 **Workers' Compensation:** Vice President Chance reported the premium assessment for 1996-97 represents about a 13 percent decrease compared to the 1995-96 assessment. Ms. Chance also reported that Diane Hunley, who Workers' Comp.

works with Margo Ferrante in Personnel Services, works very diligently with NKU's workers' compensation insurance program. NKU became very aggressive about light duty and return to work programs a couple of years ago. Personnel Director Margo Ferrante reported that Personnel works closely with departments who have injured employees to bring them back in a timely fashion. Ms. Ferrante explained in detail how the process works, such as work location, salary, etc. She reported that this process also brings NKU in compliance with the requirements of ADA. Ms. Hunley reported that there have been many success stories since this plan was started and that it is a morale issue for other employees in the department. There was a short discussion concerning the salary injured employees receive and the $36,000 decrease in premium. Workers' Comp.

A-11 **Post Secondary Task Force:** President Moreland reported that a NCHEMS representative had reported on the governance structure in Kentucky at the last Task Force Meeting he and Provost Gaston had attended. The NCHEMS representative also reported that Kentucky is not the only state dealing with reform. Post Secondary Task Force

A-12 **Commission on Higher Education Efficiency & Cooperation:** President Moreland reported this is a Commission of University presidents that met from July 1 to October 1 to put together a report for the Post Secondary Task Force. Due to short timeframe, report was not as comprehensive as it should or could be. The recommendations focused on four areas (a) coordinating program delivery, (b) expanding opportunities, (c) building excellence, and (d) enhancing management. Comm. on H.E. Efficiency

A-14 **Resource Management and Reassigned Time:** President Moreland reported that in an effort to better inform the Board, a peer survey has been developed by Assistant Provost Robert Appleson who will report directly to him in the development of information concerning these two issues. Faculty Senate is concerned regarding articles that have appeared in the newspapers about reassigned time and wants to be part of a study group to look at this issue and report back to the Board at their March meeting. President Moreland stated this is not a question about a hard working faculty on this campus but how we are utilizing reassigned time. Resource Management-Reassigned Time

Presidential Recommendations:

B-1 President Moreland recommended approval of the following academic personnel actions:
Leave, Unpaid: Roger D. Blanchard, Associate Professor in the Chemistry Department, unpaid leave without benefits for the 1997 fall semester. Academic Personnel Actions

Resignation: Thomas E. Comte, from Dean of the College of Business and Professor of Management in the Management and Marketing Department to Professor of Management in the Management and Marketing Department, effective June 30, 1997. President Moreland stated that Tom Comte had done a great job as Dean and would be missed in that role.

Upon a motion by Regent Sparks, seconded by Regent Herald, the recommendation passed unanimously.

B-2 President Moreland recommended approval of the non-academic personnel actions which occurred between July 1, 1996 and September 30, 1996. Upon a motion by Regent Thomson, seconded by Regent Verst, the recommendation passed unanimously. Non-academic Personnel

B-3 President Moreland recommended approval of the following administrative personnel actions:

Admin. Personnel Actions

Resignation: Peter Hollister, Vice President for University Relations and Development, effective November 30, 1996.

Appointment: William Nester, Interim Vice President for University Relations and Development, effective October 14, 1996.

President Moreland stated that Peter Hollister will be missed but he is delighted to have Dr. William Nester on board. It was noted that Dr. Nester's appointment date should be corrected to October 1, 1996. Upon a motion by Regent Zapp, seconded by Regent Downing, the recommendation passed unanimously.

B-4 President Moreland recommended approval of amendments to the Constitution of the Faculty Senate. The amendments are clarifications or minor changes made to conform to current practices. Upon a motion by Regent Thomson, seconded by Regent Verst, the recommendation passed unanimously. Faculty Senate Constitution

B-5 President Moreland recommended that the program entitled "Running Start" receive Board approval. There was a discussion concerning the marketing plan and additional information was distributed by Vice President Pomerantz concerning marketing. There was also discussion concerning location of program, it was decided the pilot program should be held on the Highland Heights campus. Provost Gaston gave a brief overview detailing how the program began and what would take place during the pilot program. A six credit hour package, to include training in developmental writing or mathematics plus a general studies course, will be offered. The pilot class will consist of about 60 students. Upon a motion by Regent Verst, seconded by Regent Zapp, the recommendation passed unanimously. Running Start Program

B-6 President Moreland asked that the recommendation on the renewal of a Regents Professorship beyond the initial six-year appointment receive Board of Regents approval. There was discussion regarding financial compensation, reassigned time, and the importance of the title. Upon a motion by Regent Zapp, seconded by Regent Downing, the motion carried with six ayes and one nay by Regent Sparks. Regents Professorship

B-7 President Moreland recommended that a new program, Master of Science in Technology (MST) in the College of Professional Studies be approved for initiation at the beginning of the 1997 fall semester. Upon a motion by Regent Thomson, seconded by Regent Sparks, the recommendation passed unanimously. MST Program

B-8 President Moreland recommended that the Board of Regents endorse the initiatives contained within the Forward Quest Report and pledge support to the accomplishment of the vision for Northern Kentucky. Upon a motion by Regent Downing, seconded by Regent Zapp, the recommendation passed unanimously. Forward Quest

B-9 President Moreland recommended that the Board of Regents endorse the two-part recommendation of the Covington Campus Task Force providing for short-term renovation of the existing Hankins Hall and long-term marketing of the property with the potential of constructing a new facility at the Covington site. There was discussion concerning the short-term improvements that are currently being done at the Covington campus and the need to be thinking of the long-term use. The Task Force has completed its charge, and subsequent efforts to achieve long-term strategies for the property would require authorization by the Board. Legal responsibilities with regard to Covington Campus were discussed. Upon a motion by Regent Sparks, seconded by Regent Zapp, the recommendation passed unanimously. Covington Campus Task Force

Other:

Student Affairs/Advancement Committee:

Regent Downing reported the Committee had a very informative meeting prior to today's Board meeting and that Vice Presidents Nester and Pomerantz had explained some of the things going on within their jurisdiction. Regent Downing reported there had been discussion concerning NKU alumni, that with the age of the institution now, many of the first graduates are getting to the age and financial ability to do some things for the university. NKU needs to be thinking in those terms and increase activity as far as alumni relations are concerned. Discussed ACT test scores and contacts that have been made with students who didn't re-enroll this fall. Student Affairs Committee Report

Administration and Finance Committee:

Regents Sparks reported the meeting scheduled for November 15 was cancelled.

Academic Affairs Committee:

Regent Thomson reported the committee met on November 1 and discussed Running Start Program, Reassigned Time and Regents Professor Reapplication. He also reported that President Moreland had been requested to look into acquiring NCHEMS to do a management study. President Moreland stated the initial call to NCHEMS has been made. He noted that NCHEMS is the consultant for the Task Force at the state level, and we need to make sure there is no conflict with them doing a service for NKU and also doing a service for the state. Provost Gaston added that accreditation matters and the White Paper on the budget process had also been reviewed. Academic Affairs Committee Report

There was a lengthy discussion concerning confusion about what the Board wants and what has been interpreted that the Board wants regarding the NCHEMS Consultant. Regent Sparks wants to see the charge before it goes out and suggested that the Executive Committee have input in framing the charge. Dr. Nester has been asked to draft the charge. There was discussion concerning timetable of charge. It is possible NCHEMS could be assisting NKU by the first of February.

Chair Poston called attention to dates of upcoming events. Special attention was called to the first ever Winter Commencement on December 14. Regent Saunders thanked President Moreland for his efforts regarding tickets for Commencement. It was also noted that the Corbett Theatre Dedication will be February 19, 1997.

Executive Session:

Upon a motion by Regent Thomson, seconded by Regent Zapp, the Board convened in executive session at 5 p.m. to discuss personnel and legal issues. Executive Session

The Board reconvened in open session at 6:20 p.m.

Regent Taliaferro was absent when vote was taken for Item B-3 but asked that it be noted that he is supportive of the appointment of William Nester as Interim Vice President for University Relations and Development.

Regent Thomson moved that the NKU Board of Regents uphold the expulsion of Student "X" for two years and direct University Legal Counsel to communicate said information. Motion was seconded by Regent Zapp, voted on and passed. Student Expulsion Upheld

Adjournment:

Upon a motion by Regent Sparks, seconded by Regent Herald, the meeting adjourned at 6:22 p.m.

Board of Regents Meeting
January 29, 1997

The regular quarterly meeting of the Board of Regents of Northern Kentucky University was called to order at 12:30 p.m. on Wednesday, January 29, 1997, by Chair James R. Poston.

Roll Call: Karen Bearden, Robin Crigler, Frank Downing, Barbara Herald, James Poston, Chris Saunders, Alice Sparks, Philip Taliaferro, Michael Thomson, and Robert Zapp. (Excused - William Verst)

Chair Poston asked if there were any corrections to the minutes of the November 20, 1996 meeting. As there were no changes, the minutes were accepted as presented.

Executive Session:

Upon a motion by Regent Thomson, seconded by Regent Sparks, the Board convened in executive session at 12:35 p.m. to discuss pending legal actions. Executive Session

The Board reconvened in open session at 2 p.m.

Others present: President Jack Moreland, Sonda Cummins, Carla Chance, Norleen Pomerantz, Liz Blincoe, Bob Neumann, Cheryl Torline, Carrie McCoy, Lincoln Farish, Amanda Tittle, Josh Sneed, Ginger Riley, Jennifer Benjamin, Jenny Tabe, Keri Paddock, Ted Weiss, Bill McKim, Lisa Schmidt, Andrea Cornuelle, Chris Comte, Meg Winchell, Connie Schwierjohann, Angela Schaffer, Sandy Flora, Linda Reynolds, Terri Malone, Becky Myers, Angie Muhs - Lexington Herald Leader, Bill Tonnis - 700 WLW Radio, Ann Hartmann - WNKU Radio, Bill Lamb, Bill Ellis, Ernest Britton, Mary Paula Schuh, Pamm Taylor, Scott Bartlett, Lisa Barresi, Jill Hangen, Kraig Hoover, Mike Baker, Russ Kerdolff, Ken Ramey, Gerald Hunter, Nina Thomas, Christy Jacobs, Sara Sidebottom, Paul Holt, Anna Weaver, Charlene Schweitzer, Brenda Rigg, Margo Ferrante, Lisa Ellis, Chuck Pettit, Jane Meier, Anju Ramjee, Shannon Mundy, Beth Sweeney, Bill Aker, Marilyn Siry, Ken Shields, Clark Baugham, Charles Pinder, Linda Marquis, B. Houghton, Paul Gaston, Robert Appleson, Thomas Comte, Rogers Redding, Robert Wallace, James Claypool, Larry Terrell, Clinton Hewan, Terri Carter, Reagan Larbes, Traci Stone, Ruth Enzweiler, Judy Birkenhauer, Nancy Martin, Toni Sholar, Jackie Baker, Jason Gargano, Tara Studer and Chris Specht.

Chair Poston welcomed everyone to the meeting.

The invocation was given by Reverend Bill Ellis, Baptist Student Union. A moment of silence was observed in memory of Cindy Dickens and Nancy Boothe.

Chair Poston read the following resolution:

> That whereas Nancy Janes Boothe succumbed on January 27, 1997, to an illness she had fought valiantly for many years; and whereas the members of the Board of Regents of Northern Kentucky University share the deep sense of loss felt by the University Community, by the leaders and citizens of Greater Cincinnati, and by many within the higher education community throughout the nation; and Whereas the members of the Board of Regents share with many others a strong sense of gratitude for the example of courage, integrity, and commitment offered by Nancy Janes Boothe; Now, therefore, be it resolved by the Board of Regents of Northern Kentucky University that the Board express its sympathy to Dr. Leon E. Boothe, President Emeritus of the University, and the members of the Boothe family, and that the Board voice its deep gratitude for the service

Secy.

rendered to the University, to Greater Cincinnati, and to higher education by Nancy Janes Boothe.

Regent Thomson made a motion that the resolution be approved. Upon a second by Regent Sparks the motion passed unanimously.

Presidential Reports:

A-1 President Moreland presented the Grants and Contracts Quarterly Report. "Funds Approved" represents a decrease of 2.3 percent compared to one year ago. The categories "Funds Requested" and "Number of Requests" represent decreases of 32.1 percent and 5.0 percent, respectively. Grants & Contracts

A-2 President Moreland announced the 1997-98 faculty project grants. Faculty approved for grants are: Faculty Project Grants

Rebecca Ball	Miriam S. Kannan	Raymond Richmond
Steven R. Chicurel	Barbara Klaw	Chenliang Sheng
Joy Churchill	Yushi Li	Shailendra Verma
Sarah Dessner	William Lindsay	Robert Wilcox
Donald Galli	Terry McNally	

A-3 President Moreland reported that the following faculty had been approved for 1997 Summer Fellowships: Summer Fellow-ships

Rebecca Ball	Sarah Dessner	Melinda Miller
Kevin Booher	Kevin Kirby	Philip Paradis
Lawrence Borne	Barbara Klaw	Laura Rosenfeld
Joy Churchill	Diana McGill	Robert Wilcox

A-4 The Quarterly Financial Report was presented by President Moreland. The results of the financial operations were within the expectations established by the budget. Quarterly Financial Report

A-5 President Moreland presented the Facilities Management report and stated there are several on-going projects but that many are coming to completion fairly quickly. The Hankins Hall Roof Replacement project is progressing well with an expected mid-March completion. Facilities Management Report

A-6 The Preliminary Spring Enrollment Report was presented by President Moreland who stated that total headcount is up 1 percent and FTE is up 2.2 percent. Prelim. Spring Enrollment

A-7 President Moreland reported on a Business Affairs Re-Engineering effort involving central receiving, mail, and stores services. This re-engineering results in a more effective and efficient, as well as cost saving operation. Business Affairs Re-Engr.

A-8 President Moreland reported that the NKU/Delta Reservation Center project is going very well and that the center should be functional by early April. Delta Res.Center

A-9 President Moreland reported that resources had been identified to fund the three percent across-the-board salary increase for fiscal year 1996-97 for all eligible faculty and staff; unallocated revenue reserve, unbudgeted fall tuition revenue and budget reserve. Salary Increase Funding

A-10 President Moreland asked for comments from Dr. Robert Appleson concerning the Report on Peer Institution Study. Dr. Appleson reported that a survey of similar in-state and out-of-state institutions was undertaken to obtain Peer Institution Study

comparative data on budget allocation and instructional practices. The findings show the proportion of NKU's operating budget spent on full-time faculty for salary and fringe benefits is about average while the portion spent on the combination of Academic and Student Affairs may be slightly below average. The percentage of NKU classes taught by full-time faculty is slightly below average while the level of faculty sabbaticals and reassigned time is a bit higher than average. The findings of this survey will be shared with a University committee that will make recommendations to President Moreland. Regent Poston and President Moreland thanked Dr. Appleson for his work on this report. Peer Institution Study Contd.

A-11 President Moreland presented a report on Historical Budget Trends prepared by the Budget Office in response to requests by the Board for selected trend information. More detail and information will be available at the March Board meeting. Historical Budget Trends

Regent Crigler made a motion that the Board authorize payment of $1,000 to Cincinnati Insurance Company for resolution of a pending legal action. Upon a second by Regent Sparks the motion passed unanimously. Payment to Cinti.Ins. Company

Presidential Recommendations:

B-1 President Moreland recommended that the Board endorse the expansion of the Intercollegiate Athletics Program at NKU through the enhanced funding of the existing program and through the addition of women's soccer and men's football. This expansion would occur over a three-year period. The three remaining women's sports: golf, swimming, and track and field would be added in the subsequent three years. President Moreland elaborated on other pertinent information contained in the background section of this recommendation: (1) funding for additional sports, (2) current status of athletics, (3) Title IX implications, (4) facility planning, construction and maintenance, and (5) loss of and replacement parking. In conclusion, President Moreland stated that the failsafe to this project is that failure to achieve adequate support could result in a reassessment of this enhancement proposal. Expansion of Inter-collegiate Athletics

Motion was made by Regent Downing, seconded by Regent Sparks, to approve recommendation. Regent Crigler distributed a handout posing questions (attached). A discussion of approximately two hours ensued focusing on several concerns. Discussed how much private funding would be required if the $20 per semester fee does not meet the necessary funding required for the five additional sports. President Moreland stated the current funding the Norse Athletics Club is providing to our existing programs will not be jeopardized in any way. Regent Sparks asked for explanation of expanding institutional budget support. President Moreland explained that current levels of funding for existing programs will not be eroded but as we have expanding dollars, the athletics program should be a player in sharing in those expanding dollars just like every other segment of the University. Discussed realistic anticipated increased enrollment. President Moreland stated there is no answer to this but if enrollment does not increase, that amount will have to be compensated for through private funding. If private funding is not there, then process would have to be re-evaluated.

Regent Thomson questioned benefits for existing programs if the student fee and private funding all go toward expanded sports. Concerning community support and private dollars, Regent Crigler stated we cannot make public policy based on promise, public policy must be made based on real dollars. Regent Crigler questioned which Division II programs were used in projecting costs. She stated the need for specific information

from very specific institutions. President Moreland stated the information contained in Table 2 is from real GLVC schools and information is available as to which schools this information represents. Discussed private donations. Regent Crigler feels the Committee needs to bring firm letters of commitment from the community. Regent Sparks stated that until we show we are behind this project, we cannot get the community commitments. She also pointed out the stringent requirements of the Commonwealth regarding projects funded through private means. Expansion of Intercollegiate Athletics Contd.

Bill Erpenbeck, Chair of the Football Committee, commented on how his report was accomplished. His Committee was asked to do a report on feasibility of football and the other sports got lumped into this. The Football Committee did not come up with a way to fund the different items other than football and soccer. Bill Erpenbeck explained how the $1.5 million for the complex was arrived at in his report, a field such as Covington Catholic was envisioned. Discussed time frame for being able to play football on campus. President Moreland feels we should be able to play football on campus by 1999 and believes it is counter-productive to play off campus. Discussed cost of playing off campus. Discussed how much of current proposed athletic fee will be going to support the existing programs. Discussed how student fees would be distributed. Discussed cost of athletic complex and initial $50,000 design fee. Much of the construction would be accomplished by in-kind donations. Regent Zapp stated it is impossible to get all the numbers now, this is a risk, but we must be willing to take a chance. Regent Crigler feels there are too many unanswered questions and decision should be postponed for a short period of time. Regent Saunders stated there is student interest and he feels we need to proceed although there are a lot of questions to be addressed. Regent Herald stated that NKU is the only school that does not have an athletic fee and she believes we need the fee even if football does not pass. Regent Saunders does not want women's soccer tied in to football and feels that it should be instated as soon as possible. Regent Downing called for a vote on the recommendation which passed seven to two.

Chair Poston requested a five minute recess at 4:15 p.m. Meeting reconvened at 4:30 p.m.

B-2 President Moreland recommended that the Board of Regents approve a capital project to create an Athletic Fields Complex. Motion was made by Regent Sparks and seconded by Regent Zapp to accept the recommendation. A lengthy discussion ensued concerning master plan, timeline, and parking. Motion was voted on and passed. Athletic Fields Complex

Terminal Reappointment: Durell D. Hamm, Jr.

Upon a motion by Regent Zapp, seconded by Regent Sparks, the recommendation passed with one abstention by Regent Thomson.

B-5 President Moreland recommended approval of the following sabbatical leaves: Sabbatical Leaves

Carol Allred, Keith Barton, Paul Bishop, Daniel Curtin, Sudesh Duggal, Nancy Firak, Sandra Forman, Clinton Hewan, Miriam Kannan, Barbara Klaw, Yasue Kuwahara, Hilary Landwehr, William Lindsay, Carrie McCoy, Terry McNally, Linda Olasov, Denise Robinson, Karlyn Schnapp, Matthew Shank, Linda Sheffield, Chenliang Sheng, Edwin T. Weiss, Jr. and Jeffrey Williams. Upon a motion by Regent Taliaferro, seconded by Regent Zapp, the recommendation passed with one abstention by Regent Thomson.

B-8 President Moreland recommended that a new program, Master of Accountancy (MACC) in the College of Business, be approved for initiation at the beginning of the 1998 fall semester. Upon a motion by Regent Thomson, seconded by Regent Zapp, the recommendation passed unanimously. MACC Program

B-9 President Moreland recommended Board approval of a resolution setting aside week of January 27-31, 1997, as Academic Affairs Staff Appreciation Week. Upon a motion by Regent Thomson, seconded by Regent Taliaferro, the recommendation passed unanimously. Academic Affairs Week

B-12 President Moreland recommended Board approval on revisions to the Personnel Policies and Procedures Manual (Redbook), Section E on Wage and Salary Administration. Regent Downing made motion to approve this recommendation with the exception of the section dealing with Annual Longevity Increases. Regent Downing stated that he is opposed to those types of increases, he believes in a merit increase and not longevity increases. Motion was seconded by Regent Taliaferro. Discussion ensued concerning merit versus longevity increases. Regent Herald stated the way the salary structure is set up, there are employees who have been here twenty-three years making about the same as someone hired a couple of weeks ago and longevity increases is a way to reward our employees. Personnel Director Ferrante discussed various reasons for longevity increases. Vice President Chance stated that eleven staff members had worked on this document for a year and that campus-wide discussion of the recommendation had followed with feedback solicited from administrative leadership and Staff Congress. On a vote, motion was defeated four to five. Revision to Personnel P&P Manual (Wage & Salary)

Motion was made by Regent Thomson and seconded by Regent Sparks to accept the recommendation as originally submitted. Motion passed five to four.

B-14 President Moreland recommended that the Board approve a comprehensive schedule of fees and charges for academic year 1997-98 with the exception of the Graduation Fee and Housing Fee which will be handled as separate items. Motion was made by Regent Taliaferro and seconded by Regent Sparks to approve recommendation as submitted. There was discussion concerning the immigration fee and athletics fee. Regent Saunders stated that the Student Government Association voted unanimously to support the athletic fee; however, they recommend the fee not increase for four years. Regent Saunders expressed the need for a new library fee. President Moreland stated there will be approximately $215,000 worth of new technology that will go into the Library this spring, a significant commitment to bring electronics in Library up to speed. Motion was voted on and passed unanimously. 1997-98 Fee Schedule

President Moreland recommended approval of the Housing Fee. Motion was made by Regent Thomson and seconded by Regent Zapp for approval of this fee. Regent Saunders stated that a lot of students have expressed concerns that housing fees have increased each year without any real improvements to services, dormitory rooms and other facilities. Motion was voted on and passed with one no by Regent Saunders.

President Moreland recommended that the $20 graduation fee be deleted and not levied at this time due to concerns expressed by Regent Saunders and the Student Government Association.

Regent Downing moved that the Board of Regents approve the terms of a settlement in the RPR and Phil Roof versus NKU et al litigation with the understanding that payment of the settlement eliminates our exposure to additional liability and removes the institution from all litigation of the issues surrounding the dormitory construction. Motion was seconded by Regent Thomson, voted on and passed unanimously. Settlement in RPR & Phil Roof Litigation

Alice S. Sparks, Secretary

I, Alice S. Sparks, Secretary/Treasurer of the Board of Regents of Northern Kentucky University, certify that the foregoing is a true copy of the minutes of its quarterly meeting held on January 29, 1997, and that such matters are still in force and effect.

Alice S. Sparks, Secretary

January 29, 1997

Dear President Moreland,

I am supportive of any programs that can enhance the life of students at NKU as well as any program that can bring the Northern Kentucky Community to our campus. To that end, I am initially supportive of the proposed enhancement of the current athletic program and the report of the Office of Administrative Affairs did much to answer many questions I had concerning funding of the program. I have several questions I still need to have answered before I can begin to consider such a major financial initiative. The following are questions I believe still need answering. They are based on Presidential Recommendation B-1.

Page 1, paragraph 3.

When discussing the $20/per semester fee, the recommendation states "to the extent that this fee does not meet the necessary funding required to provide the five additional sports, private funds, in addition to the substantial private support currently provided through the Norse Athletic Club, would be necessary. As Northern Kentucky University benefits from the increased enrollment that <u>could</u> result from the addition of these five sports, Intercollegiate Athletics should be eligible to participate in University expansion funds".

1.) What is the interpretation of extent?
2.) Will the current funding the Norse Athletic Club is providing to our existing programs be jeopardized in ANY way?
3.) What is the realistic anticipated increased enrollment 1997-98, 98-99, 99-2000, 2000-2001, 2001-2002?

Page 2

4.) It appears the Athletics Director budget is in the Womens Athletics budget. Why?

Page 4, Table 3

5.) With the addition of women's soccer it appears we will be offering scholarships. Scholarships make sports more competitive and thus enthusiasm and support are greater. This is good from all perspectives. Why then, are we not offering scholarships for the most financially burdensome program being proposed? Scholarship programs in football are the ones that are the most competitive and garner the most support, from students, alumni, and communities.

Page 5, paragraph 4

In the statement, "These estimates were developed as a result of an analysis of the cost of other Division II football programs and in consideration of the cost projections contained in the Football Committee Report", we should have the following information:

6.) Which Division II programs? How old are these programs? Do they offer scholarships? If they do not, how successful have their programs been? How much private funding have they had to raise? If these are public institutions this information should be readily available for our use. If these are not public institutions how do we realistically measures ourselves against their success?

Page 6, paragraph 1

"The Intercollegiate Athletics costs of non-scholarship football APPEAR to be within the revenue of a student fee".

7.) If we have Great Lakes Valley Conference information then why do we not have more specific information?

"Private dollars and expanding institutional budget support will be needed to achieve the full enhancement of athletics"

8.) The Board of Regents has not been presented with a budget and planning proposal for the enhancement of athletics, at least since 1993. If we are going to have to rely, in ANY way, on the institutional budget to finance the proposed programs then this will proposal will need to be evaluated through the budget and planning process. This is particularly crucial since we have been negotiating for the proposed Science Building, have planning dollars, and are continuing to struggle for the remainder of the funds.

paragraph 2

"The Football Committee, comprised of community representatives, has __ _____ASSURED University that the support is there".

9). A decision of this board reaching financial commitment can not be considered without more than an "assurance". The Committee is asking us to vote on a multi-million dollar project at a time when every institution in this state and the nation is fighting for every dollar, based on their intuition. The Committee needs to bring firm letters of commitment from the community. Our Development Office needs to be intimately involved in this process. Has Bill Nester been in contact

with any of the potential in-kind contributors and other private contributors?

Page 12, paragraph 3

10.) Because the athletic fields project was not included in the 1996-98 budget where will the $400,000 come from?

11.) How will that impact our argument for further funding for the Science Building?

paragraph 4

12.) Has the Northern Kentucky Foundation been approached, for initial concerns, about funding the design fees?

13.) How much money in overrun is anticipated for the entire project?

page 13

14.) How much will it cost to develop new parking lots once we will lose our current parking to field development? Where will the funding come from?

Page 14, paragraph 3

15.) The point of having enhanced athletics on campus is to have greater campus community involvement and greater Northern Kentucky community support. Having programs off-site for some time will diminish the support. What is the anticipated time frame in terms of realizing the benefit of enhancing our athletic program?

last paragraph

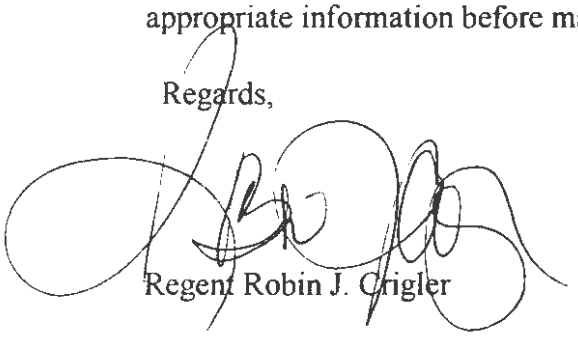
"Northern Kentucky University's reputation in the community, the Commonwealth, and the nation has been augmented through Intercollegiate Athletics. The University seeks to make an excellent program better".

17.) This references our long standing excellent Women's Basketball program and our recent success with the Men's Basketball program, which are scholarship programs and highly competitive. How much of the current proposed Athletic fee will be going to support these already successful programs?

18.) A general question I have about student fees is related to the technology fee every students pays. The technology fee was held by the administration and not distributed for an expended period of time, approximately 2 years. The reason for this was budget deficits and this money was being held to support other deficits. Have the funds that were collected for the technology fee every been distributed? Are we current in that distribution? How can that be prevented from happening again? If we have a deficit in any athletic program would it be possible to have any other funds from withheld to support that program? We do not have a budget in place at this time that would prevent that. What is proposed to ensure that does not happen?

President Moreland, we have a great opportunity here to perhaps make some changes in programs for our students. The above questions need to be answered before making a financial commitment of such magnitude. There will be further questions that will perhaps arise from answers obtained. If the community is as supportive as is suggested then there should not be any difficulty in our Development Office obtaining the appropriate support. I hope we can proceed with this project by securing the appropriate information before making a decision .

Regards,



Regent Robin J. Crigler

Roll Call: Karen Bearden, Robin Crigler, Frank Downing, Barbara Herald, James Poston, Chris Saunders, Alice Sparks, Michael Thomson, and Robert Zapp. (Excused - Philip Taliaferro and William Verst)

Chair Poston asked if there were any corrections to the minutes of the January 29, 1997 meeting. As there were no changes, the minutes were accepted as presented.

Others present: President Jack Moreland, Sonda Cummins, Carrie McCoy, Carol Bredemeyer, Elzie Barker, Elizabeth Blincoe, Norleen Pomerantz, William Nester, Susan Grover, Paul Gaston, Leo Calderon, Tom Isherwood, Rosetta Mauldin, Mary Ryan, Bill Lamb, Margo Ferrante, Martha Malloy, Carla Chance, Darrell Pressley - Enquirer, Cheryl Torline, David Short and Robert Appleson.

Chair Poston welcomed everyone to the meeting.

Presidential Reports:

A-1 President Moreland presented the Post Secondary Education Task Force Report. A handout titled "General Fund Budget History for Higher Education" was distributed, and a discussion ensued concerning equity formula. Regent Thomson moved that the Board approve the following resolution in support of Governor Patton's higher education reform plan: Report on Postsecond Education

Whereas, the Northern Kentucky University Board of Regents is committed to the delivery of postsecondary education as a component of service to the region and to the Commonwealth; and

Whereas, the Northern Kentucky University Board of Regents is committed to regional workforce development for the benefit of the citizens of the Commonwealth and for the economic health of the region and the Commonwealth; and

Whereas, the Northern Kentucky University Board of Regents is supportive of the establishment of a Strategic Agenda for the delivery of post-secondary education that would pursue equitable and strategic funding of operating and capital needs; and

Whereas, the Northern Kentucky University Board of Regents is fully committed to Governor Paul E. Patton's reform initiatives articulated in An Agenda for the 21st Century;

We, therefore, do endorse and support the Reform Initiatives for Postsecondary Education in Kentucky.

Upon a second by Regent Downing, the motion passed unanimously.

Presidential Recommendations:

CONSENT AGENDA ITEMS:

Michael Thomson, Ernest Britton, Sandy Easton, Mary Ryan, Michael Baker, Michael Turney, Leo Calderon, Lowell Schechter, Robert Appleson, Meg Winchell, Arden Geers, Margaret Anderson, Mary Paula Schuh, Nancy Lang, Linda Marquis, Angela Schaffer, Alan Thomas, Gina Holt - Community Press, Kevin Goheen and Gabrielle Dion - The Northerner, Marilyn Gosney, Sara Sidebottom, Bill Lamb, Darrell Pressley - The Enquirer, David Short and Garry Casson.

Chair Poston welcomed everyone to the meeting and asked that everyone join him in welcoming Dr. James Votruba, NKU's new president, to his first Board meeting.

At this time Chair Poston presented outgoing Regent Robin Crigler with a resolution of the Board recognizing her service to the University Board. The resolution read as follows:

> Resolved: That the Board of Regents and the entire University community extend sincere appreciation to Robin J. Crigler who has served as Regent of Northern Kentucky University. Ms. Crigler has given generously of her time, talent, and leadership to further the ultimate goals of the University and has served as an advocate of the institution, its faculty, staff, students, and alumni.

Chair Poston asked if there were any corrections to the minutes of the May 7, 1997, regular meeting. As there were no changes or corrections, the minutes were accepted as presented.

Presidential Comments:

President Votruba commented that he and Mrs. Votruba are proud to call NKU and northern Kentucky their home and that he appreciates the welcome they have received. President Votruba commented on the partnership between the President and Board and pledged his commitment to nurture that partnership. He added that it is great to be here and he looks forward to a long successful journey. This is the 25th anniversary of the founding of the Highland Heights campus and Fall

enrollment, 25 years later, is approaching 12,000. The Ceramics Building has just opened, and word was just received that the Nursing Program has been accredited. The Fall convocation was well attended. Kentucky higher education is going through a major transition. This is an enormous opportunity for NKU, but much will depend on our steadfast commitment for core values. We must, (1) commit to demonstrate excellence in all we do, (2) remain geared to access and opportunity, (3) remain committed to be learner sensitive and learner centered in everything that we do and ask ourselves what impact will this have on those we serve, and (4) commit to public engagement. We need to look at the metropolitan area as our campus in order to become a great university.

Presidential Reports:

A-1 The Grants and Contracts Quarterly Report indicated there were 20 awards totaling $759,926 for the period April 1 through June 30, 1997. Year-to-date totals for "Funds Approved" and "Proposals Approved" for fiscal year 1997 are $4,686,971 and 127, respectively. Grants and Contracts

A-2 The Quarterly Financial Report was presented. Revenues and expenses are in line with expectations. Quarterly Financial

A-3 President Votruba presented the Quarterly Facilities Management Report and noted that occupancy of the Ceramics/Sculpture Facility occurred in mid-August. Architectural firms have been retained for the Natural Science Building and the Parking Structure. Design work on the Natural Science Building will begin this fall. The presentation before the CPAB by Dr. Gaston in July was well received, and we continue to be hopeful that the 1998 General Assembly will fund this project The University Center is receiving a much needed refurbishing. Facilities Management Quarterly Report

A-4 President Votruba presented the report on Final Summer Enrollment noting there was only a slight increase in undergraduate enrollment but Chase College of Law enrollment was up nearly 17 percent. There were nearly twice as many women enrolled as men (66 percent to 34 percent), and African-American student enrollment increased. Final Summer Enrollment

A-5 President Votruba reported that plans for the Presidential Installation are underway for November 18-20. Vice President Nester is taking a leadership role supported by Tri-Chairs Regent Barry Andersen, Ms. Peggy Bertelsman and Mr. Paul Smith. Ex-Officio members are Regent Poston, Kenneth Harper, Tom Donnelly, and James and Rachel Votruba. The focus will be on celebrating what we are and projecting what we intend to be. Installation Process

Chair Poston asked that everyone be involved as much as possible and stated that this is a great opportunity for the University.

A-6 President Votruba reported that over the next two months a series of conversations will begin across the campus and across the metropolitan community. Participants in these conversations will be the voices which will help shape NKU's future. (A list of the Panel members who will join Strategic Vision Process

in the conversations was shared; the Panel is comprised of faculty, staff, students and community leaders.) The on-campus conversations will be for faculty, staff and students while the off-campus meetings will be invitational meetings for political, education, corporate and community leaders. Regents are encouraged to attend as many meetings as possible. The conversations will focus on shaping the University over the next five years. Following the conversations and toward the end of October, a retreat will be held for the Panel to share what they have learned from these conversations. President Votruba will then share with the Regents what he believes should be the direction the University should follow over the next five years.

A-7 President Votruba presented a Report on the Postsecondary Education Reform Act and reported what we are seeing in Kentucky is a national movement. Higher education must lead if states are to be competitive in a world-wide knowledge-based economy. CPE is trying to sort out direction they want to go. As a university, we are going to see greater accountability at all levels. The new legislation established a new funding mechanism which is intended to advance the state's strategic postsecondary agenda. This is an enormous opportunity for NKU and a new day for Kentucky higher education. Post-secondary Education Reform

A-8 President Votruba reported that the 1996-97 Fund for Northern set a record of $1,043,862, a 15.56 percent increase over the past year. An additional $1,390,102 in private funds was also received. There was an increase in nearly all categories. President Votruba extended congratulations to Dr. Nester and his colleagues. Annual Fund

Mauldin, from Associate Provost and Professor in the Allied Health, Human Services, and Social Work Department to Professor in the Allied Health, Human Services, and Social Work Department, effective June 30, 1997.

B-2 President Votruba recommended that the following temporary faculty appointments for the 1997-98 academic year receive Board approval: Robert Johnson, Elinor Rambo, Beverly E. Donahue, Laura Padolik, Judith F. Rubinson (Fall semester only), Joyce B. Bauer, Jerry E. Call, Karen Keeton, Margaret Anne Kraemer, Anne Braden (Fall semester only), Eric Reginald Jackson, Douglas Knerr, Frederic Krome, Lawrence F. Mitchell, James Westheider, Matt Birkenhauer (Fall semester only), Jill Easter (Fall semester only), Gregory Walsh, Conard Carroll, Lydia Coyle, Irene Encarnacion, Nancy Kersell, Tamara F. O'Callaghan, Virginia Paddock, Michele Peers, Rhonda Pettit (Fall semester only), Gary Walton, Toni Sholar, Jill Shelley, Joseph Wert, Robin M. Lightner, Minda J. Michels, Debra Kasel, Robin Crigler, Sam Lapin, Cady Short-Thomson, Deatra Sullivan, Mengistu Legesse, Long Bao Tran, Margaret Walters, Ann Dollins, Caron Martin, Majed Dabdoub, Charles Emery, Roger Adams (fiscal year), Patrick Points (fiscal year) and Ann Harding Whittle (fiscal year). Temporary Faculty Appointments

B-3 President Votruba recommended approval of the non-academic personnel actions which occurred between April 1, 1997 and June 30, 1997. Non-Academic Personnel Actions

B-4 President Votruba recommended that the Board authorize the administration to renew the University fire service contract with the Cold Spring-Crestview Volunteer Fire Department. Fire Service Contract

B-5 President Votruba recommended approval of two amendments to the Constitution of the Faculty Senate; Article III, Section A, Membership, and Article VIII, Section G, Meetings. Faculty Senate Constitution Amendments

B-6 President Votruba recommended Board approval of amendments to Part One of the Faculty Policies and Procedures Handbook 1994. The amendment of Article I, Section J, Item 5, grants general faculty status to lecturers, and the amendment of Article IX, Section C, streamlines and makes more rational the performance review process. Faculty Handbook Amendments

B-7 President Votruba recommended Board approval of the following amendments to the Salmon P. Chase College of Law Student Handbook. Part III, College of Law Academic Policies and Procedures; Part IV, Special Accommodations for Students With Disabilities; and Part VIII, Student Rights and Responsibilities; Code of Professional Conduct. Chase Student Handbook Amendments

B-8 President Votruba recommended that the Board approve revisions to the Residency Review Committee for inclusion in the Administrative Regulations-Governing Regulations. Residency Review Committee Changes

B-9 President Votruba recommended that the equipment capitalization limit for recording and tracking assets be increased from $300 to $500 as was approved for the Commonwealth of Kentucky's financial records system. Capitalization Limit

B-10 President Votruba recommended that the Board authorize the University to enter into a lease agreement for rental of house at 514 Johns Hill Road. Lease Agreement 514 JHR

B-11 President Votruba recommended that the Board authorize the University to proceed with demolition of the house located at 524 Johns Hill Road. Due to the remote location of this parcel and the deteriorating condition of the house, rental of this property was discontinued in April 1997. Demolition 524 JHR

Regent Sparks moved that the consent agenda items be approved. Motion was seconded by Regent Verst, voted on and passed.

President Votruba introduced the following newly appointed Academic Affairs personnel: Margaret Anderson, Robert Appleson, Robert Collier, Daniel Curtin, Sandra Easton, Nancy Lang, Karen Ogburn, Michael Thomson, and Michael Turney.

B-12 President Votruba recommended that the Board affirm request for exercise of a Kentucky Plan waiver for calendar 1997. According to the most recent annual report (November 1996) NKU met five of its eight objectives, however, regulations for SB 398 require meeting at least six of eight objectives for unconditional eligibility to have programs considered by the Council. The shortfall in objectives affects our proposal for a Master's of Accountancy approved by the Board in January 1997. Approval of our program requires NKU to request a waiver of the KY Plan limitation. Upon a motion by Regent Verst, seconded by Regent Downing, the motion passed unanimously. KY Plan Waiver

B-13 President Votruba recommended approval of the 1996-2002 six year Capital Plan. The list of projects included in the plan was previously approved by the Board on April 1, 1997, and includes the University's Capital priorities for 1998-2000 as well as the following biennium, 2000-2002. The top priority project is the new Science Center with a scope of $38 million. The CPAB's capital funding recommendations to the Legislature are expected in September. The NKU Science Building was the highest ranked new construction project for higher education in 1995, and we are hopeful that an equally significant ranking will be assigned to the project this year. We continue to request funds for land acquisition efforts and approval for a new University Center facility. Motion was made by Regent Taliaferro, seconded by Regent Zapp, to approve the recommendation. Discussion ensued concerning top ten priority items and Item 12, Covington Campus Privatization (Urban Learning Center). Upon a vote, the recommendation passed unanimously. 1996-2002 Six-Year Capital Plan

B-14 President Votruba recommended that the Board adopt the 1996-2002 Information Resources Plan dated May 13, 1997. NKU will continue to make a substantial investment in technology. The document provides an overview of the technological advancement process at NKU and documents both progress to date and remaining concerns. Upon a motion by Regent Verst, seconded by Regent Downing, the recommendation passed unanimously. 1996-2002 IRP

B-15 President Votruba recommended that the Board approve the 1997-98 Operating Budget for the University for a total of $74,635,200. While increased allocations are directed to selected base budget expenditures, flexibility is needed to move to where priorities are. Budget maintains current programs and operations and recognizes NKU's most valuable resource, its people. Budget reflects an institution which anticipates change. Budget was developed in an environment of institution and state transition. As a result of the KY Postsecondary Education Act, the impact on programs, operations and allocation of resources will become more clear over time. Flexibility will be an essential component of the University response. No general operating increases are provided. $125,000 expansion allocation to Chase College of Law for faculty and administrative positions. A significant base budget reallocation of $355,000 within Administrative Affairs was noted and congratulations were extended to Vice President Chance and her staff for their efforts. Motion was made by Regent Sparks and seconded by Regent Zapp to approve the recommendation. Regent Andersen expressed concerns regarding funding issues in Academic Affairs. President Votruba responded that funding enhancements were often a matter of choices. Upon a vote, the recommendation passed; Regents Andersen and Malloy abstained. 1997-98 Operating Budget

Other:

C-1 President Votruba recommended that the Board of Regents amend Article III, Committees, of the Board Bylaws, to provide for two standing committees on Policy and Finance. This recommendation would simplify the committee structure and reduce the number of committees. The proposed committee structure is used by many universities. This recommendation for change is proposed for voting action at the October 29, 1997 meeting of the Board. Proposed ByLaws Revision

Nominating Committee:

Regent Downing gave the report of the Nominating Committee. The 1997 Nominating Committee, comprised of Regents Downing, Crigler and Taliaferro, recommended the following slate of officers: Nominating Committee Report

James Poston	Chair
Frank Downing	Vice Chair
Alice Sparks	Secretary/Treasurer

Upon a motion by Regent Taliaferro, seconded by Regent Verst, the recommendation passed unanimously.

Executive Session:

Upon a motion by Regent Downing, seconded by Regent Zapp, the Board convened in executive session at 5:08 p.m. to discuss personnel and legal matters. Executive Session

Adjournment:

The meeting adjourned at 6:05 p.m.

Board of Regents Meeting
October 22, 1997

The special meeting of the Board of Regents of Northern Kentucky University was called to order at 2 p.m. on Wednesday, October 22, 1997, by Chair James R. Poston.

Roll Call: Barry Andersen, Karen Bearden, Frank Downing, Martha Malloy, James Poston, Chris Saunders, Alice Sparks, Philip Taliaferro, William Verst and Robert Zapp. (Excused - Kathryn Hendrickson)

Others present: President James C. Votruba, Elzie Barker, Elizabeth Blincoe, Carla Chance, Paul Gaston, Norleen Pomerantz, Sonda Cummins, Mary Paula Schuh, Chris Cole, Gabrielle Dion and Kevin Goheen - The Northerner, Charles Frank, Eric Shaffer, Henry Keene, Jane Meier, Gina Holt - Community Press, Jennifer Schmidt, Darrell Pressley - The Enquirer, Bill McKim, Tom Kearns, Jim Thomas, Chris Specht, Bill Aker, Robert Bove, Gerald Hunter, Mary Bierman, Jack Snodgrass, Tom Horan, Trena Bray, Susan Grover, Alan Thomas, Steve Meier, Mary Kirk, Debra Vance - The Kentucky Post, Leanne Sessa, Marilyn Gosney, Jeanne Papania, Marilyn Siry, Jack VonHandorf, Beau Backham, Ken Shields, Keith Phillips, Don Owen and Leo Calderon.

Chair Poston welcomed everyone to the meeting.

Presidential Comments:

President Votruba stated that due to a number of things that had occurred since the Board's approval of enhanced athletics at the January 1997 meeting, the Board had requested him to revisit the decision as it related to football. He stated this review had been in the process over the last several months with the help of the University administration and staff. He further stated that Mr. John Dierdorf with Browning Day Mullins Dierdorf (BDMD) would present a facilities overview followed by Mr. James Fallis and Mr. Jerry Hughes who would review their consultant report which was previously distributed. President Votruba added that NKU's approach to Title IX compliance and gender equity would be discussed; that this University supports gender equity and no matter what the law requires, will proceed to make sure there are equal opportunities for men and women on this campus.

Presidential Reports:

a. Facilities Overview

Eric Shafer, Division of Engineering, Finance & Administration Cabinet, State of Kentucky, introduced himself and explained the process that took place to select the consultant to design and investigate physical requirements of the athletic fields. He stated that BDMD was highly qualified, and he was very pleased with their efforts to investigate NKU's needs. John Dierdorf of BDMD, and Herb Shulhafer of Nolan and Nolan were introduced.

Mr. Dierdorf stated that he had been involved with sports and recreation projects for the last sixteen years around the country and was very fortunate to have been involved with some interesting projects. Mr. Dierdorf reported that he visited

campus in June 1997, and met with various campus constituency groups, such as President Votruba, Interim President Moreland, University Relations, the Football/Enhancement Committee, the Norse Athletic Club, Athletic Council, Athletic staff, and the Planning and Facilities groups. A list of eleven questions or topics (copy of which is attached) was distributed to the various groups who attended the work sessions to get them thinking about some of the issues. Input from these various groups was used in the plan that was developed.

Mr. Dierdorf indicated on maps the proposed locations of the various athletic fields--the property along Kenton Drive including parking lots G and K, the tennis courts, the track and soccer field, and the additional property south of Johns Hill Road. The athletic fields included in the plan were softball, soccer, football, track, a practice field and support facility. (Attached is draft dated 10-22-97 from BDMD indicating projected construction costs of the various fields and support facilities.)

Following Mr. Dierdorf's presentation, a lengthy discussion ensued concerning the following issues: parking and utilities for the various fields, the need for the fields to be as close to campus as possible, phasing of construction and construction costs, quality of fields (student athletes expect Division I facilities), long-term operation and maintenance of fields, cost of new softball field and why the present field could not be brought up to standard for less money, and intramural outdoor fields.

b. Consultant Report

President Votruba introduced Jim Fallis, Director of Athletics at the University of Northern Colorado, and Jerry Hughes, Athletic Director at Central Missouri State University. He stated that the consultants were charged with assessing what would be required to fund a successful football team.

Mr. Hughes stated he and Mr. Fallis spent two days on NKU's campus in July and met with various constituency groups. Hughes stated football is expensive and the level of success depends on what is invested. Discussed pros and cons of non-scholarship football, it is difficult to enact a non-scholarship program and difficult to find opponents. Discussed funding. The $20 fee is not adequate. Discussed administrative costs--the more sports, the more costs for maintenance, security, and utilities which are on-going.

Mr. Fallis and Mr. Hughes recommended the following:

(1) if football is implemented that it be a scholarship program
(2) equivalent scholarships for women be allocated
(3) adequate fields be developed and the necessary support facilities be built prior to the implementation of the respective sports
(4) funds needed for start-up and capital construction be in hand prior to commencement of facilities and field development and sports implementation
(5) on-going private financial support is guaranteed for the football program and the expansion of women's sports at a level sufficient to meet Title IX compliance
(6) the existing program be enhanced to provide coaches with adequate support to succeed

If all these recommendations can be met, the consultants feel that NKU would be in position and have the resources necessary to implement a successful Division II football program.

The consultants also recommended that regardless of the decision to go or not to go with football, that the university proceed with the enhancement of the existing program to enable it to become even more successful than it is. This enhancement also is necessary because of clear non-compliance with Title IX regulations.

c. Title IX Compliance

Chair Poston stated Title IX Compliance has been covered in great depth so far but asked that Vice President Pomerantz do a wrap-up. Ms. Pomerantz shared a handout concerning Title IX compliance responsibility which came from an NCAA Title IX workshop and outlines issues that NKU needs to look at and meet. Vice President Pomerantz called attention to three basic tests that any institution must look at to determine whether or not it is in compliance: (1) Need to have same proportion of opportunities for women athletes as you have women in student population, (2) Need to show a continuing history of expansion and, (3) Need to demonstrate in a conclusive way that all the interests of the potential women athletes on campus have been met. Vice President Pomerantz reported that NKU is not proportional now, however, with the addition of women's soccer, we are keeping more at the same level. The addition of women's sports approved at the January 1997 meeting will help bring NKU more in line.

President Votruba thanked the consultants for their reports and stated he would make a recommendation at the October 29, 1997 Board Meeting.

Student Regent Saunders and Staff Regent Martha Malloy asked that recommendation be delayed until they could secure more input from students and staff.

Adjournment:

The meeting adjourned at 4:33 p.m.

ATHLETIC FACILITIES PLANNING
NORTHERN KENTUCKY UNIVERSITY
June 13, 1997

1. What are your top two priorities for this project?

2. What overall campus Master Planning issues need to be resolved with this project (i.e. John's Hill Road alignment, accommodation of new site for Convocation Center)?

3. What is the impact or need of spectator seating or parking for each sports venue? This will impact space utilization for future growth at each venue.

4. What is potential for a "New" south campus entry from AA Highway into the sports and recreation fields?

5. What are the needs of Northern Kentucky University Athletics, intramural, and physical education on each sports venue?

6. Much of what has been described to us so far has dealt with current needs. What sports and recreation needs might be a consideration for the near future (i.e. A new Tennis Center or a campus Wellness Center)?

7. What opportunity or desire is there to host major national competitions at these sports venues?

8. Will lighting be necessary at any fields? parking? roadways?

9. Will students or spectators walk, ride, or drive a car, or be shuttled to these new sports venues?

10. What venue should the support building favor, or should it connect to the Albright Health Center?

11. Should any existing athletic facility be considered sacred and not movable?

Northern Kentucky University
Athletic Fields Master Plan • Construction Cost Estimates:

The probable construction costs have been based on the requirements of the NKU Program Statement (May 1997), the on-campus work sessions, and past experience with similar University projects.

A description of the key components of each "venue" is listed with each cost breakdown. These include the anticipated costs for site grading, sitework, and demolition of any existing elements.
(All costs are given in 1998 dollars).

Board of Regents Meeting
October 29, 1997

The regular quarterly meeting of the Board of Regents of Northern Kentucky University was called to order at 1:30 p.m. on Wednesday, October 29, 1997, by Chair James R. Poston. The invocation was given by Reverend Bill Ellis, Baptist Student Union.

Roll Call: Barry Andersen, Karen Bearden, Frank Downing, Kathryn Hendrickson, Martha Malloy, James Poston, Chris Saunders, Alice Sparks, Philip Taliaferro, and Robert Zapp. (Excused - William Verst)

Others present: President James C. Votruba, Elzie Barker, Elizabeth Blincoe, Carla Chance, Paul Gaston, William Nester, Norleen Pomerantz, James Alford, Charles Frank, Mike McPherson, A. Cole, Susan Grover, April Snedegar, Mike Sewell, Dan Seibert, Mike Baker, Russ Kerdolff, Sonda Cummins, Gina Holt, Kevin Goheen - The Northerner, Darrell Pressley - The Enquirer, Mary Ryan, Mary Kirk, Sandy Easton, Tom Isherwood, Rogers Redding, Bill Oliver, Robert Appleson, Bill Lamb, Jane Meier, Bill Ellis, Sara Sidebottom, Marilyn Gosney, Cheryl Torline, Debra Vance, Beau Beckham, Jane Schwierjohann, and Janet Neltner.

Chair Poston welcomed everyone to the meeting.

President Votruba introduced the recipients of the 1997 Regents' Distinguished Service Awards. They are: Charlene Schweitzer, Jane Schwierjohann, and Janet Neltner.

Chair Poston asked if there were any corrections to the minutes of the August 27, 1997 regular meeting. Faculty Regent Andersen requested that the minutes be corrected to reflect changes as follows: Item B-14 - Regent Andersen raised concerns about the inclusiveness of the report and respectfully requested that President Votruba consider the relationship between academic computing, administrative computing, and the library regarding information resources. Item B-15 - Regent Andersen raised concerns about the budget process and respectfully requested that President Votruba review the Deans Council "White Paper on the Budget Process." With the inclusion of the two changes of Regent Andersen, the minutes were accepted as presented.

President Votruba thanked James McKenney and Robert Appleson for their leadership and the enormous amount of work involved with the SACS Study.

President Votruba stated that the future of NKU will be determined not only in terms of ability to generate public resources but to generate private resources as well and that he has been working with Vice President Nester over the past several months in regard to expansion of development efforts to benefit NKU. Vice President Nester was asked to give an update in this regard.

University Relations & Development Presentation:

Vice President William Nester reported that NKU is a young institution with high aspirations and that particular theme permeates the development planning. He reported that private gifts are significant and there is a solid base of support. Current assets of the NKU Foundation are over $15 million. Vice President Nester

stated he believes this amount can be doubled over the next five years, and that within the next several years the Annual Fund goal will be $2 million per year. Reported that planned gifts through estate planning, wills, and insurance annuities were a key element. Due to the increasing reduction of funds from public sources, NKU will be in the same position as other institutions and will be more dependent upon private giving. To meet these challenges, Vice President Nester reported it is necessary tc expand development efforts with the addition of three new positions. The Office of University Development will work with the Deans in fund raising for the different colleges and will assist in fund raising for the Athletic program. Reported that a Phonathon room has been created in the Administrative Center and solicitations will be made to each alumni group of the various colleges. This program will continue throughout the year. Institutional priorities must be refined as to what is the most significant for this institution in the months and years ahead so that we know how to concentrate our efforts, and we must continue to work to earn the respect and support of the public.

UR&D Presentation

Vice President Nester introduced Susan Grover, Assistant Vice President and Director of Development. Ms. Grover referred to the Policies & Procedures Manual distributed before the meeting that codifies what and how University Development does. She reported there are also new policies for soliciting, accepting and processing gifts as well as a policy on prospect management. It is important that everyone knows what each other is doing and that gifts be solicited in an organized fashion. The Development Office has been reorganized to be more strategic and accountable. Plan to increase annual giving by phonathons and direct mail.

President Votruba stated there would be a very aggressive fund-raising effort over the next several years. Three new positions would be added and paid out of the general fund for the next three years, then positions would stand on their own and be self-supporting. The agreement between Development and the President's office was that there are some very specific revenue targets associated with these new positions.

Presidential Comments:

President Votruba read an article by Regent Bearden that appeared in the September 1997 NACUBO Business Officer. Reported on the Vision, Voices and Values process. Meetings were held on and off campus with input received from nearly 750 people. He reported the Panel would meet in Retreat on November 1 to discuss major issues that have come from the meetings and he would then meet with the Regents to summarize the results of this effort. Acknowledged and thanked the following for their service on this Panel: Paul Gaston, Russell Proctor, Ron Ellis, Leo Calderon, Prince Brown, Larry Giesmann, Jack O'Gorman, Matt Shank, Caryl Yzenbaard, Fran Zaniello, Don Grothaus, Leva Kidd, Rose Morgan, Meg Winchell, Michelle Deeley, Denise Kuprionis, Terress Reid and Buz Wenderoth. Shared the results of the 1996/97 Graduate Degree Alumni Survey conducted by the CPE. NKU ranked first among all universities with a 98.3 percent satisfaction rate. Overall, NKU did very well in this survey. Dedication of the Ceramics Building is today at 4 p.m. This facility represents NKU's continued commitment to the importance of art. Thanked the academic and administrative staff who brought this facility to reality. The new SIS system was just brought on line

Pres. Comments

October 16; student information will be more readily available. Thanked the following for their work and time: Carla Chance, Bill Reed, Mike Baker, Garry Casson, Regina Ford-Fowler, Meg Winchell, Larry Terrell and many others who provided support for this effort. In July the CPAB recommended the Natural Science Building as the top capital project. Received word this morning that the CPE will recommend full funding of $38 million at its November 3 meeting. Thanked Dean Redding, Chairs Warner, McPherson and Oliver, all the faculty, Paul Gaston, Carla Chance, and Mary Paula Schuh and her colleagues for an enormous effort.

Chair Poston thanked Regents Sparks and Downing for their efforts with this project and stated that many good things are happening at NKU.

President's Annual Report

President Votruba stated this has been an extraordinary year for the University. Publicly congratulated Jack Moreland for a very productive single year as Interim President and stated the NKU Partnership and a number of other things described in the report are only some of the contributions that Mr. Moreland made during his brief tenure. Other highlights included: a very major investment in technology was made which brought us much closer to where we need to be; total revenue grew by 3.1 percent, and auxiliary services continued to run on a self-supporting basis. Overall NKU is in a very strong position to take next step that is required as part of the strategic planning process.

Pres. Annual Report

Annual Financial Report

Michael Baker, Assistant Vice President for Business Affairs, assisted by Russell Kerdolff, Director Accounting & Budgetary Control, made a very detailed presentation. He noted that a clean opinion letter had been received from Deloitte & Touche. There has been a positive growth in all fund balances with the exception of retirement of indebtedness fund which are reserves set aside to pay off debt. Reported that fringe benefit costs decreased this past year; health care costs were down with participation in the Health Care Alliance. Reported that operating expenses were up 3.1 percent, while utilities went down by 4.3 percent due to an aggressive utilities management program. In summary, Mr. Baker reported that NKU's financial condition remained strong at the end of the 1996-97 fiscal year.

Annual Financial Report

Mike Sewell, Manager of Deloitte & Touche, reported that he, Dan Seibert, and April Snedegar had met with the Audit Committee on October 22 to go over the financial statement in detail. The audit opinion was reviewed, as well as the progress of the audit. He reported they are on track and where they need to be with the audit process. He stated they had received full cooperation from management, had full access to all records and documentation necessary to issue a clean audit opinion, and that they continue to have an excellent working relationship with management and the Audit Committee. Mr. Sewell added they appreciate the opportunity to serve NKU and have enjoyed the last four years.

Audit Committee Recommendation

Regent Downing reported the Audit Committee had received an excellent report from management and outside auditors. Regent Downing made a motion that the University's audited Annual Financial Report be accepted as presented. Motion was seconded by Regent Zapp, voted on and carried. Regent Downing made a motion that the External Auditors' Constructive Service Comments Report to Management be accepted as presented. Motion was seconded by Regent Sparks, voted on and carried. As the existing contract and all renewable options with Deloitte & Touche have expired, Regent Downing made a motion that an administrative audit contract review team be established to oversee a request for proposal process for a new audit contract. The Audit Committee will have a recommendation for an audit contract at the January Board meeting. The Audit Committee further recommends that the non-repeat clause (4 year rotational requirement) be adjusted to allow an audit firm to rebid on these services up to 2 times, which means that a firm could possibly receive the contract 3 times or 12 consecutive years as a maximum with the requirement that the audit field personnel assigned to the University would be rotated every four years. Motion was seconded by Regent Bearden, voted on and carried.

Presidential Reports:

Grants & Contract

A-1 Grants and Contracts Quarterly Report. Received 35 awards totaling $1,261,420 for period July 1, 1997 through September 30, 1997.

Quarterly Financial

A-2 Quarterly Financial Report. The results of the financial operations were within the expectations established by the budget.

Quarterly Fac.Mgt.

A-3 The Quarterly Facilities Management Report indicated the programming phase for the Natural Science Building is nearly complete and actual design work will begin this fall. Construction on the parking structure is anticipated to begin in the spring of 1998. ADA improvements are continuing on the Covington Campus. Bidding for the new campus entrance sign at US 27 will occur this fall.

Prelim. Fall Enrollment

A-4 President Votruba presented the Preliminary Fall Enrollment Report and noted that total headcount was up 2.9 percent.

Incentive Trust Funds

A-5 President Votruba presented a report on the CPE Strategic Investment and Incentive Trust Funds. The process to establish criteria by the CPE to access those funds is still an on-going process. Under the excellence trust fund the University has a right to access approximately $760,000 that may require some match from the University. One part of the CPE's work is to define what kind of matches are going to be required for a number of these funds. As criteria are established for accessing the excellence fund, President Votruba stated he has asked that the Presidents of each of the institutions have enough freedom to argue an exception for each of those criteria. There is no timeline on accessing the funds, money will carry forward if not accessed this year.

A-6 Update on the Science Center. The University has presented to the CPAB

and the CPE. The 1998-2000 Capital Budget Request has been submitted, pending Board approval, and numerous campus-based activities are underway. Science Center Update

B-5b President Votruba recommended that the Board approve revisions to the ACPAC Committee Revisions

Administrative Computing Planning and Advisory Committee description contained in the Administrative Regulations-Governing Regulations.

Regent Hendrickson moved that the consent agenda items be approved. Motion was seconded by Regent Saunders, voted on and passed.

B-6 President Votruba recommended Board approval of the Bachelor of Science in Environmental Science program for initiation at the beginning of the 1998 fall semester. Provost Gaston noted that this is an academic program that addresses regional needs. Upon a motion by Regent Malloy, seconded by Regent Zapp, the motion passed unanimously. Environ. Science Degree

B-7 President Votruba recommended that the Board maintain its commitment to enhancement and expansion of Intercollegiate Athletics in accordance with a feasible programming and facilities plan developed by the University administration through a consultative process. Under this plan, progress toward initiating a football program will be suspended and efforts will be focused in the following two areas: (1) Development of a financial plan to address the gap between NKU's existing Intercollegiate Athletic program funding and the national average for Division II athletics. This plan will rely on student fees, private contributions, and general fund support and, (2) Establishment of a realistic timeline for the implementation of additional sports programs designed to meet Title IX compliance and satisfy the demand for athletic opportunities on the NKU campus. The recommendation for each expansion program must include the anticipated start-up, recurring and facilities costs. Inter-collegiate Athletics

President Votruba stated that the year long discussion concerning athletic enhancement has been a substantial benefit to the institution. It helped clarify the importance of intercollegiate athletics at NKU, it reenforced commitment to equal opportunity for men and women no matter what the law requires, it made clear that we must make progress in increasing our support of existing sports if we intend for our coaches and athletes to compete on a level playing field. It has given a clear sense of what it will take to develop a successful football program. He added that eventually NKU most likely will play football but today is not the time to do so. President Votruba offered special thanks to the following for the work contributed to this process: faculty, staff, Jane Meier, Vice President Pomerantz, Vice President Chance, the rest of President's Cabinet, Athletic Council, students, and Chris Saunders. Special thanks to Norse Athletic Club, the Football Committee, and other members of this metropolitan community who volunteered their time and energy.

Chair Sparks read the following statement: It has been said that "the only limits are, as always, those of vision." It can be further said of the Football Committee that our vision was unlimited. We heard a plea not only from the Northern Kentucky community but from across the Commonwealth; as far west as Murray and as far east as Morehead and from the Chairman of the Board of Trustees of the University of Kentucky--who probably was looking for a competitive team for the Wildcats. We saw the creation of football as a way to increase campus activity for our students and entire university community. The committee,

chaired by Bill Erpenbeck, spent countless hours of study and based on the charge given, recommended that football become a reality at NKU. It was felt that the entire athletic program could be enhanced and a student fee was also recommended. Based on the facts at that time, the Board approved the recommendation with the stipulation that no university funds be used for this purpose. It has become apparent that this is an impossibility if Title IX requirements are to be met--which is an absolute necessity and that community financial support does not seem to be adequate. I would be remiss if I did not sincerely thank Mr. Erpenbeck and his committee for their contribution and to thank them also for making a lot of us more aware of the needs of the entire athletic department--a lot of good and positive awareness has come from this entire exercise; but, as Eleanor Roosevelt once said "you have to accept whatever comes and the only important thing is that you meet it with courage and with the best you have to give." Therefore, Mr. Chairman, with complete acceptance, I move that the Board of Regents approve the President's recommendation that football be suspended and efforts be focused in the aforementioned two areas. Motion was seconded by Regent Taliaferro. Inter-collegiate Athletics Contd.

Regent Andersen thanked the Athletic Committee for their hard work, in particular Jane Meier, Tom Kearns, and Mary Kirk; he also thanked Chris Saunders and Student Government. Regent Andersen encouraged President Votruba to give serious consideration to the Fallis & Hughes Report that any study done for the addition or deletion of athletic programs should be turned over to the Athletic Council as the appointed, campus-wide body designated officially with the task of reviewing Intercollegiate Athletics. External constituencies could be added as necessary. Regent Andersen believes this is very important for the health of the institution.

Regent Saunders stated SGA discussed the President's recommendation at their October 27 meeting and that it is their recommendation to support and endorse President Votruba's resolution to postpone the football issue until it is financially feasible and to focus on improving the existing athletic programs and focus on meeting the Title IX gender equity standards. Regent Saunders further stated that if football is postponed, the current athletic enhancement fee which SGA supported in large part to bring football to NKU should also be postponed and that the Athletic Department should present a separate fee package. There was a lengthy discussion concerning fees. President Votruba suggested that he and Regent Saunders meet with the appropriate people to discuss this issue. He also stated that over the next few weeks all proposed fees will be reviewed before presentation to the Board in January.

Upon a vote, the motion passed unanimously.

B-8 President Votruba recommended that the Board adopt the 1998-2000 Biennial Capital Budget Request. Vice President Chance commented that the Natural Science Building had been the No. 1 priority in 1991, 1993, 1995, and 1997 and hopes that two years from now the No. 1 priority will no longer be the Natural Science Center. Upon a motion by Regent Downing, seconded by Regent Zapp, the motion carried. Capital Budget

President Votruba asked that the Board approve the following resolution for the contribution that Dr. Gary Cox has made in excess of twenty years of service to

the Council on Higher Education and Council on Postsecondary Education. Gary has served both the Commonwealth and NKU with distinction.

Cox Resolution

> The Northern Kentucky University Board of Regents recognizes and honors the leadership and service of Dr. Gary S. Cox who has provided valuable advocacy and support to public higher education in Kentucky and to Northern Kentucky University.

Motion was made by Regent Sparks, seconded by Regent Zapp, voted on and passed unanimously. Regent Sparks stated that Dr. Cox has fought for years for the Natural Science Building and for a lot of other things for NKU. Regent Taliaferro suggested that the resolution be presented to Dr. Cox in a public forum.

Regent Recommendation:

C-1 President Votruba recommended that the Board amend Article III, Committees, of the Board Bylaws, to provide for two standing committees on Policy and Finance. President Votruba stated this committee structure is used by many universities. Motion was made by Regent Downing, seconded by Regent Bearden, voted on and passed unanimously. ByLaws Revision

Board of Regents Meeting
January 28, 1998

The regular quarterly meeting of the Board of Regents of Northern Kentucky University was called to order at 4:39 p.m. on Wednesday, January 28, 1998, by Chair James R. Poston, Jr. The invocation was given by The Reverend Joe Pennington, Canterbury Fellowship.

Roll Call: Barry Andersen, Frank Downing, Martha Malloy, James Poston, Chris Saunders, Alice Sparks, and Philip Taliaferro (Excused - Karen Bearden, Kathryn Hendrickson, William Verst, Robert Zapp).

Others present: President James C. Votruba, Elzie Barker, Carla Chance, Paul Gaston, Bill Nester, Norleen Pomerantz, Sara Sidebottom, Sonda Cummins, Charles Frank, Gabrielle Dion and Angie Webster - The Northerner, Andrew Millar, Marlene Wilmot Gerding, Susannah Meyer, Darrell Pressley - The Enquirer, Gina Holt - The Recorder, Rogers Redding, Susan Grover, Tom Isherwood, Arden Geers, Meg Winchell, Robert R. Appleson, W. Michael Baker, Russ Kerdolff, Garry A. Casson, Angela Schaffer, Bob Sprague, Larry Terrell, Fran Zaniello, Michele Ruby, Dale M. Pontz, Cheryl Torline, Lowell Schechter, Karen Ogburn, Sandy Easton, Mary Ryan, Debra Vance - The Kentucky Post, Gregory Mecher, Tom W. Ratterman, Matthew W. A. Hurley, Jane Meier, Ernest Britton, Ron Ellis, Rick Meyers, Leo Calderon, and Jack O'Gorman.

Chair Poston welcomed everyone to the meeting and made opening comments. He noted that the Presidential Installation was an opportunity to showcase our institution and that he had received feedback from people who thought it was outstanding. He thanked everyone who contributed to the success of the event. He also commented that Winter Commencement was well-attended and that Nick Clooney's presentation was excellent. He noted that the basketball season was underway and encouraged attendance at the games.

Chair Poston asked if there were any comments, questions, or changes to the minutes of the October 22, 1997, special meeting and the October 29, 1997, regular meeting. As there were no changes, the minutes were accepted as presented.

President Votruba stated that part of how Northern Kentucky University will define its future is in the way students and other customers will be able to access the University. He asked Vice President Norleen Pomerantz to give a presentation on Electronic Student Services.

Electronic Student Services Presentation:

Electronic Student Services Presentation

Vice President Pomerantz reported that NKU has been looking at a concept called electronic student services, which would provide students access to the University in their homes independent of both time and place.

Vice President Pomerantz and Mr. Jack O'Gorman, librarian and member of the Electronic Student Services Committee, demonstrated several web pages including: (1) Academic Programs, which lists all programs offered at Northern Kentucky University by college; (2) Schedule of Classes, which can be searched by semester, department, days of the week, and time periods (a future goal is to link course descriptions to faculty pages and on-line syllabi); and (3) Financial Assistance, which provides links to FastWeb, an Internet search device listing private sector resources, and KHEAA, listing higher education grants and scholarships in the Commonwealth of Kentucky.

Vice President Pomerantz stated that one significant goal in the future is an on-line admissions process. Right now students can access an application form on-line and print it. The student then must complete the form manually and mail it to the Office of Admissions.

Vice President Pomerantz stated that 75 percent of all high school students have access to this kind of computer equipment and emphasized that this will make information about NKU available to students all over the country.

President Votruba thanked Vice President Pomerantz and all of the staff who worked to make this progress possible.

Before turning the meeting over to President Votruba for comments, Chair Poston added that he recently attended a seminar near Hartford, Connecticut, hosted by The Christian A. Johnson Foundation. He and other trustees from private and public institutions spent five days talking about liberal arts education, leadership, and civic responsibility. He thanked Provost Paul Gaston for nominating him to attend this seminar.

- President Votruba introduced Fran Zaniello, Director of First Year Programs. He emphasized that this position represents Northern Kentucky University's commitment to the first-year experience. He acknowledged Ms. Zaniello's involvement in the Vision, Values & Voices process and her commitment to University 101 and the Learning Communities.

- President Votruba reported that he had attended a meeting that morning where Leonard Hardin had presented CPE recommendations to the House Appropriations and Revenue Committee. He reported that he had recently attended a meeting with representatives of a subsidiary of Mobil Oil who requested a meeting with him because they value higher education as a commodity. He commended the leadership of Governor Paul Patton and Representative Jim Callahan for sending the strong message that the Commonwealth values postsecondary education. He stated that NKU was well-positioned and that there

was strong bipartisan support for a fully funded, single-phase science building, which was the number-one priority in the capital projects of the CPE. He gave credit to NKU faculty and staff who have had a profound impact on the process by presenting the science building as an approach to integrative science. He thanked the Northern Kentucky Legislative Caucus for their strong, bipartisan support of the bond issue.

- President Votruba reported on the CPE Incentive Trust Funds: (1) the Regional Trust Fund for Programs of Excellence which provides NKU access to $737,000 in recurring support of one or two programs of national prominence and requires a 1:1 match; (2) the Regional Trust Fund for Endowment for Academic Excellence which, as proposed, will provide NKU access to $1,230,000 to create endowed chairs/professorships and requires a 1:1 private cash match; and (3) the Physical Facilities Trust which, as proposed, provides NKU access to $1,163,000 to address deferred maintenance/government mandates and requires a 1:1 match. Also, President Votruba commented on the Workforce Development Trust Fund and opportunities which may exist to work with the area vocational schools focusing on workforce education.

- President Votruba reported on Strategic Planning, which began last fall as the Vision, Values & Voices process. This process identified the core values of the institution, a set of strategic assumptions, and a set of strategic priority areas. The next phase will be the development of an implementation plan and the creation of revenue enhancement and investment strategies.

- President Votruba reported on several searches that will be undertaken over the next several months. Vice President William Nester will chair a national search for the Vice President for Student Affairs and Enrollment Management. That position will include responsibilities currently held by the Vice President for Student Affairs with an added emphasis on Enrollment Management as a core institutional priority. President Votruba commended and thanked Vice President Pomerantz for her interim service as Vice President of Student Affairs. President Votruba announced that over the next 60 days an internal search will be conducted for the Executive Assistant to the President and Secretary to the Board. That position will represent the formal partnership that must exist between the Office of the President and the Board of Regents. President Votruba reported on the ongoing search for three major gifts officers who will be involved in private fund-raising. Vice President Nester has been coordinating those searches, which will be completed later this semester.

- President Votruba announced that on Thursday night at a reception at his home the President's Society, a new donor recognition group, will be inaugurated. This represents an initiative to increase private giving.

- President Votruba reported on current accreditation issues. NKU received a strong report from SACS. Areas of greatest concern were: (1) funds for the library and graduate holdings; (2) the ratio of part-time to full-time faculty; and (3) the need to link budgeting and planning. He thanked Professor Jim McKenney for his leadership as Director of the SACS Self-Study. President Votruba reported on the ABA accreditation process. Chase College of Law received a commendation regarding progress in increasing resources and the working relationship between college and university administration but is required to file a progress report in August 1998. Concerns focused on the need for more targeted financial support and the college goal-setting process. President Votruba reported that NKU is preparing for the NCATE School of Education accreditation visit, scheduled for April 18 - 22, 1998.

- President Votruba announced that President Emeritus Leon Boothe has been named Senior Advisor to the National Underground Railroad Freedom Center. Dr. Boothe's involvement will ensure that NKU faculty and students will be involved in that effort.

- President Votruba commented on the Presidential Installation. He thanked Vice President Nester and the Installation Planning Committee, Printing and Mail Services, Physical Plant, Public Safety, Student Affairs, and all of the faculty, staff, and students who contributed to the success of the event.

- President Votruba announced that on February 18, 1998, Bobby DeLaughter, the prosecutor in the Medgar Evers' assassination trial will be on campus.

Presidential Reports:

A-1 President Votruba presented the Grants and Contracts Quarterly Report. There were 12 awards totaling $139,064 for the period October 1, 1997, through December 31, 1997. In addition 27 proposals were submitted requesting $1,108,069. President Votruba stated that the University will work over the next few years to increase grants and contracts activity.

Grants & Contracts Quarterly Report

A-2 President Votruba announced the 1998-99 Faculty Development Awards. He emphasized that these awards indicate the rich array of scholarship in which faculty are involved. The following faculty have been approved for 1998 Summer Fellowships:

1998 Summer Fellowships

Shamima Ahmed	Diane H. Gronefeld	Diana McGill
Barry Andersen	MaryCarol Hopkins	Paul Schloemer
Barbara Arrighi	Yushi Li	Janis Taylor
David Bishop	James Luken	Jeffrey Williams

Faculty Project Grants

A-3 President Votruba announced that the following faculty have been awarded 1998-99 Project Grants:

Barry Andersen	Deepak Khazanchi	Carol Ryan
Diana Belland	Niaz Latif	Paul Schloemer
Roger Billings	Yushi Li	Jerry Warner
Jerry Carpenter	David M. Potter	

Quarterly Financial Report

A-4 President Votruba presented the Quarterly Financial Report. The results of the financial operations were within the expectations established by the budget.

A-133 Audit Report

A-5 President Votruba presented the A-133 Audit of Federal Programs Report.

Quarterly Facilities Management Report

A-6 President Votruba presented the Quarterly Facilities Management Report. He pointed out that the item of particular note was the continuing development of the Natural Science Building. President Votruba commended the leadership of Mary Paula Schuh, the three science chairs, Dean Rogers Redding, and the Integrative Science Committee.

Final Fall Enrollment

A-7 President Votruba presented the Final Fall Enrollment Report. He noted that total university headcount had increased 2.7 percent and full-time equivalent (FTE) had increased 4.1 percent.

Preliminary Spring Enrollment

A-8 President Votruba asked Vice President Pomerantz to report on Preliminary Spring Enrollments. She indicated that our undergraduate headcount increased 2.5 percent and FTE increased 3.0 percent. She noted that total university headcount increased 2.2 percent and FTE increased 2.9 percent. She noted that there will be some adjustment in these numbers due to a different timetable this year for purging for non-payment. Regent Taliaferro asked how these enrollment statistics compared to other regional universities in Kentucky. President Votruba asked Vice President Pomerantz to obtain that information and distribute it to the Board of Regents at a later time.

Technology Advancements Report

A-9 President Votruba presented the Technology Advancements Report, which describes the technological initiatives and accomplishments of both academic and administrative areas.

Presidential Recommendations:

Consent Agenda Items:

Academic Personnel Actions

B-1 President Votruba recommended that the following Academic Affairs personnel actions receive Board of Regents approval:

Faculty Appointments: Angela Cooke-Jackson, Lecturer in the Communication Department and Assistant Dean in the College of Professional Studies, effective November 1, 1997; and Frances Zaniello, from Lecturer in the Learning Assistance Program and Director of University 101 to Lecturer in the Learning Assistance Program and Director of First Year Programs (fiscal year appointment), effective January 1, 1998.

Resignations: Keith Barton, Associate Professor in the School of Education, effective November 18, 1997; Cristina de Almeida, Assistant Professor in the Art Department, effective October 22, 1997; James F. Hopgood, from Professor of Anthropology and Chair of the Sociology, Anthropology, and Philosophy Department to Professor of Anthropology in the Sociology, Anthropology, and Philosophy Department, effective July 1, 1998; Minda Michels, temporary Lecturer in the Psychology Department, effective November 1, 1997; and Patrick Points, temporary Instructor in the W. Frank Steely Library, effective October 31, 1997.

Leaves, Paid/Unpaid: Leon E. Boothe, Professor in the History and Geography Department, special paid leave beginning November 1, 1997, and ending May 31, 1999, pursuant to the Memorandum of Agreement between Northern Kentucky University and the National Underground Railroad Freedom Center; Ken Jones, Associate Professor in the Theatre Department, unpaid leave with benefits beginning January 1, 1998, and ending December 31, 1998; James F. Hopgood, Professor of Anthropology in the Sociology, Anthropology, and Philosophy Department, paid leave with benefits beginning July 1, 1998, and ending June 30, 1999; and Deborah L. Pressly, Assistant Professor in the Allied Health, Human Services, and Social Work Department, half-time unpaid leave with benefits for the spring semester 1998.

Retirements: J. Ronald Gardella, Professor in the School of Education, through the Retirement Incentive Program, effective with the 1998-99 academic year; Janet R. Hammond, Assistant Professor in the Technology Department, through the retirement Incentive Program, effective January 1, 1998; and Rosella C. Zeiser, Associate Professor in the Nursing Department, through the Retirement Incentive Program, effective with the 1998-99 academic year.

B-2 President Votruba recommended that the non-academic personnel actions which occurred between October 1, 1997, and December 31, 1997, receive Board of Regents approval. **Non-Academic Personnel Actions**

B-3 President Votruba recommended that the Board of Regents ratify the 1998-99 tuition rates established and mandated by the Council on Postsecondary Education. The rates become effective for the Fall 1998 semester. **1998-99 Tuition Schedule**

Regent Downing moved that the consent agenda items be approved. Motion was seconded by Regent Malloy, voted on, and passed. Regent Sparks abstained.

B-4 President Votruba recommended that the following academic personnel receive Board of Regents approval for promotion, tenure, continued probation, and continued probation with conditions to be removed:

Promotion, Tenure, Continued Probation, and Continued Probation with Conditions to be Removed

Promotion: Donald R. Kelm, Robert F. C. Naczi, Jerry W. Warner, Diana L. McGill, Danny L. Miller, W. Jonathan Gresham, Randy K. Pennington, David M. Potter, Robert Trundle, Jr., Trina Koscielicki, James Gaut Ragsdale, Joy A. Churchill, Ann Schmidt Luggen, Denise Robinson, and Marian C. Winner.

Tenure: Robert F. C. Naczi, Diana L. McGill, Randy K. Pennington, David M. Potter, Harriette W. Richard, Darrell H. Garber, Joy A. Churchill, and Lewis E. Workman.

Continued Probation: Steven Finke, Robert Wilcox, Paige Byam, Thomas Leech, Lisa Elderbrock, Gina Foletta, Kristin Pfabe, Carol Dunevant, Maria Falbo-Kenkel, Shamima Ahmed, Edward Chang, Douglas Krull, Andrew Kipnis, Yushi Li, Terry Powell, George Aldhizer, Shailendra Verma, Rebecca Ball, Fred Beasley, Stephanie Barnes, Trina Koscielicki, Deborah Pressly, James Roeder, Michele Roszmann-Millican, Carol Ryan, Allen Seed, Margaret Anderson, Robert Brautigan, Louise Niemer, Jihad Albayyari, Harold Wiebe, Edward Brewer, David Franklyn, Timothy Hall, Jack O'Gorman, and Donna Smith.

Continued Probation with Conditions to be Removed: Laura Rosenfeld, Stephen Richards, Patricia Knox, Robert Langenderfer, Esther Green-Merritt, Nancy Miller, Lorena O'Donnell, and Ruth Champion.

Upon a motion by Regent Sparks, seconded by Regent Taliaferro, the recommendation passed unanimously.

B-5 President Votruba recommended that the Board of Regents approve the following sabbatical leaves:

Sabbatical Leaves

John Alberti, Barbara Arrighi, Marjorie Artzer, Diana Belland, Roger Billings, Suzanne Cortez, Steven Gores, Jonathan Gresham, Deepak Khazanchi, Mary Kirk, Philip Koplow, Lynn Langmeyer, Marian Lawson, Alar Lipping, Cheryl McKenzie, Sharlotte Neely, David Potter, Alice Rini, Jennifer Ryan, Christine Stiegler, Laura Sullivan, and Jerry Warner.

Upon a motion by Regent Malloy, seconded by Regent Andersen, the recommendation passed unanimously.

B-6 President Votruba recommended that the Board of Regents approve the revision of the Vacation Leave and Terminal Vacation Leave sections of the Policy and Procedures Manual (Redbook). President Votruba explained that all University offices will remain open during Spring Break. In order to maintain the employee benefit package, the vacation leave allowance will be increased. The annual vacation accrual maximums will remain the same. This policy was supported by Staff Congress.

Personnel Policy & Procedures Manual - Vacation Policy Revision

Upon a motion by Regent Saunders, seconded by Regent Sparks, the recommendation passed unanimously.

B-7 President Votruba recommended that the Board of Regents approve a comprehensive schedule of fees and charges for academic year 1998-99 at the rates proposed on the "Authorized Schedule of Fees/Service Charges." Dr. Votruba noted that the Athletic Enhancement Fee was not part of this schedule. Subsequent to the Board's November action, a plan will be designed to provide a level playing field for men's and women's athletic programs by ensuring that they are funded at or above the national average. That proposal will be available for Board review at a later date. President Votruba noted that a very important change occurred in the Support of Learning Surcharge. The fee will be calculated on a per credit hour basis and will generate an additional $50,000 to $60,000 in revenue. The Housing increase was proposed as an inflation adjustment and was designed to encourage double occupancy. The Parking Violation Assessment represented a $5.00 increase for a total $20.00 fine.

1998-99 Fees/Service Charges

Regent Saunders made a statement about tuition and student fees. He stated that the Kentucky SGA Presidents supported the increase in Kentucky school tuition (recommendation B-3) because they did not want a lack of funding to affect the quality of education in the Commonwealth. It was the consensus of that group to keep fees low if tuition was increased. Regent Saunders noted that the Northern Kentucky University SGA did support the fee package with the exception of parking and housing. He urged those present to keep in mind the need for quality and affordability and suggested that the University make more of an effort to find ways to increase funding of services. He pointed out that a number of students were in attendance at the meeting, proving that they were concerned about their education and the University. Chair Poston noted that the Board historically has increased tuition and fees with great reluctance. President Votruba expressed his pride in the students and noted that he is aware of their concern about the cost of education.

Regent Andersen, noting the change in the Support of Learning Surcharge, asked whether consideration was given to making a similar change to the Technology Fee.

Upon a motion by Regent Downing, seconded by Regent Sparks, the recommendation passed unanimously.

B-8 President Votruba recommended that the Board of Regents adopt a resolution to allow the Executive Committee to proceed forward with refinancing the Certificates of Participation which were issued for the Housing Facilities. The finance mechanism for the new Residential Village was sold in the 1991 bond market. Because of the legal issues surrounding the Residential Village, it was not advisable to refinance until the litigation had closed.

Residential Village COP Refinancing

Upon a motion by Regent Sparks, seconded by Regent Downing, the recommendation passed unanimously.

B-9 President Votruba recommended that the administration be authorized to demolish structures located at 533, 537, and 541 Johns Hill Road as well as the three trailers located adjacent to 533 Johns Hill Road.

Facilities Demolition

Upon a motion by Regent Downing, seconded by Regent Malloy, the recommendation passed unanimously.

B-10 Regent Sparks presented the recommendation of the Board of Regents Audit Committee that the contract for auditing the University's financial records for the fiscal year ending June 30, 1998, be awarded to Deloitte and Touche LLP. The annual contracted cost will be $45,700. The contract will allow for three one-year renewable options.

Audit Committee Recommendation

Upon a motion by Regent Sparks, seconded by Regent Taliaferro, the recommendation passed unanimously.

Other:

Finance Committee:

Finance Committee

Regent Malloy reported that this committee had reviewed the following issues at its 2:30 p.m. meeting today: (1) review of the student fee recommendations, (2) the quarterly financial report presented by Budget Director Barker, (3) matching funds challenge for the CPE Incentive Trust Funds, and (4) the Budget Strategy Committee, which will develop an investment and revenue-enhancement strategy.

Policy Committee:

Policy Committee

Regent Downing reported that this committee met at 3:30 p.m. today. President Votruba made a presentation on the Strategic Planning Process, which will be further defined at a workshop in late spring or summer.

Chair Poston announced that a Board Retreat will take place in the next 60 days, and the Strategic Planning Process will be first and foremost on that agenda.

President Votruba clarified an article appearing in the newspaper discussing the issue of an arena. The University has been authorized to use $500,000 of its own money to fund a feasibility study for a new arena. He stressed that the current number-one priority is the Science Building. President Votruba held up a list of NKU athletes who had been recognized for their academic achievements and congratulated the athletes, coaches, Athletic Director Jane Meier, Vice President Pomerantz, and all of the faculty for their efforts.

Regent Saunders complimented President Votruba on the Strategic Planning Process.

Regent Sparks announced that Legal Counsel Elizabeth Blincoe was recuperating from surgery and conveyed her thanks for the planter sent by the Board of Regents.

Board of Regents Meeting
March 25, 1998

The regular meeting of the Board of Regents of Northern Kentucky University was called to order at 2:00 p.m. on Wednesday, March 25, 1998, by Chair James R. Poston, Jr. A moment of silence was observed in support of Regent Alice Sparks, whose husband passed away last Friday. The invocation was given by Bill Ellis, Campus Minister, Baptist Student Union.

Roll Call: Barry Andersen, Frank Downing, Kathryn Hendrickson, Martha Malloy, James Poston, Chris Saunders, Philip Taliaferro, and Robert Zapp (Excused - Karen Bearden, Alice Sparks, and William Verst).

Others Present: President James C. Votruba, Elzie Barker, Elizabeth Blincoe, Leo Calderon, Carla Chance, Paul Gaston, Cheryl Nunez, Norleen Pomerantz, J. Thomas Isherwood, Sandy Easton, Dan Curtin, David Short, Paul Reichardt, Gary Graff, Ron Ellis, Rick Meyers, Paula Brickler, Sonda Cummins, Susan Grover, Mike Baker, Russ Kerdolff, Gregory Mecher, Claire Newman, Debra Vance - The Kentucky Post, Ernest Britton, Bill Ellis, Bill Lamb, Marilyn Gosney, Arden Geers, Charles Frank, Marian Winner, Linda Nesbitt, Carol Skawinski, Kelly Sudzina - The Northerner, Robert R. Appleson, Kevin Kirby, Gail Wells, Gina Holt - The Recorder, and Mary Paula Schuh.

Chair Poston welcomed everyone to the meeting and made opening comments.

Chair Poston asked if there were any changes, corrections, or additions to the minutes of the January 28, 1998, regular meeting. As there were no changes, the minutes were accepted as presented.

President Votruba offered the following resolution for consideration and approval:

> Be it resolved that the Board of Regents extends its deepest sympathy to Regent Alice Sparks and her family in recognizing the death of her husband, D. Joseph Sparks, a distinguished Kentuckian, successful business leader, and strong supporter of higher education.

Regent Zapp made a motion that the resolution be approved. Upon a second by Regent Downing, the resolution passed unanimously.

President Votruba introduced Paula Brickler and announced that she will be preparing the Board minutes. He announced that Dr. J. Thomas Isherwood, who has served as the Dean of the College of Professional Studies at Northern Kentucky University for seven years, has accepted the position of Vice President and Dean of the Faculty at Macon State College in Georgia.

President Votruba acknowledged Dr. Jim McKenney and Dr. Bob Appleson for their work on the SACS Self-Study and asked Provost Paul Gaston to give an update.

SACS Presentation

SACS Presentation:

Provost Gaston announced that the second phase of the alternate model self-study will be conducted April 20 - 23, 1998. He explained that consultants selected by SACS will visit Northern Kentucky University during this phase. In 1996, the University formed committees to work on four priority issues. SACS consultants will assist the University in addressing each of these issues during their visit. Dr. Judith Gappa, Vice President for Human Relations at Purdue University, will focus on reliance on part-time instruction. Dr. Carole Crum, Director/Academic Services at Oakland University, and Dr. Pamela Niesslein, Assistant Dean at the College of Charleston, will focus on determining the appropriate curricular mix and the way students are advised with regard to that mix. Dr. Karen Miller, Professor of General Studies at the University of Toledo, and Dr. John O'Connor, Dean/Vice Provost for Information Technology and Services at George Mason University, will focus on developmental instruction and how best to design education for students who are underprepared. Dr. Paul Gandel, Vice Provost for Information Services at the University of Rhode Island, will focus on developing a technology plan for Academic Affairs. The Committee Chair is Dr. John Lyons, Vice President for Planning at the University of Alabama at Birmingham. Provost Gaston emphasized that the University has used the time since the visit of the SACS Compliance Audit Committee in November to address SACS recommendations. For example, Northern Kentucky University has developed a new system for documenting part-time faculty, has created a clear link between planning and budgeting, and has made a technical adjustment in terms of Internal Auditing. Following the visit of the consultants in April, the University will then have six months to respond to any remaining concerns. It is anticipated that the action on Northern Kentucky University's re-accreditation by SACS will take place in December at the annual meeting in Atlanta.

Presidential Comments

Presidential Comments:

President Votruba commented on the Vision, Values, and Voices process, which took place last fall and included interaction with 500 - 600 people from both inside and outside the University. This process led to the development of a vision statement, a set of core values, and a set of strategic priorities for the next five years. In addition, it led to the formation of a budget strategy group and a set of budget priorities. President Votruba announced that he will be reviewing all of these materials and the Five-Year Strategic Agenda in two open "town meetings" in early April with faculty, staff, and students. President Votruba indicated that this topic was discussed at the Regents Retreat this morning. He stated that Northern Kentucky University is now strongly positioned to take charge of its future, which is consistent with the direction that postsecondary education is taking in the Commonwealth. President Votruba acknowledged the hard work of faculty, staff, and students who participated in this process.

Presidential Recommendations:

Consent Agenda Items:

B-1 President Votruba recommended that the following Academic Affairs personnel actions receive Board of Regents approval:

Academic Personnel Actions

Faculty Appointment: Jeffrey Ross, Assistant Professor of Justice Studies and Public Administration in the Political Science Department, effective August 19, 1998.

Leave, Unpaid: Jennifer Smith, Associate Professor of Library Services in the W. Frank Steely Library, unpaid leave with health insurance benefit only, beginning July 1, 1998, and ending June 30, 1999.

Resignations: Sandra W. Easton, Assistant Professor in the Accountancy Department, through the Phased Resignation Program, beginning with the 1998-1999 academic year, continuing through the 1999-2000 academic year, and ending with the 2000-2001 academic year; Martin Giesbrecht, Professor of Economics in the Economics, Finance, and Information Systems Department, effective May 15, 1998; Timothy T. Serey, Professor of Marketing in the Management and Marketing Department, effective May 15, 1998; and Steven Weiss, from Professor and Chair of the Communication Department to Professor in the Communication Department, effective June 30, 1998.

B-2 President Votruba recommended that the following first-year faculty receive Board of Regents approval for continued probation for the 1998-99 academic year:

Continued Probation

Lisa Jameson, Kristine Yohe, Steven Dent, Susan Cantrell, Jon Draud, Nancy Batchelor, Ann Dollins, Mary Gers, and Daryl Orth.

B-3 President Votruba recommended that the following temporary faculty appointments for the 1998 spring semester receive Board of Regents approval:

Temporary Faculty

Robert C. Mahaney, Robert Miller (3/4 time), Yvonne J. Meichtry, and Kathleen M. Foldy (fiscal year).

B-4 President Votruba recommended that Emeritus status for the following individuals receive Board of Regents approval:

Emeritus Status

J. Ronald Gardella, Professor in the School of Education; and Martin Giesbrecht, Professor of Economics in the Economics, Finance, and Information Systems Department.

Regent Hendrickson moved that the consent agenda items be approved. Motion was seconded by Regent Zapp, voted on, and passed unanimously.

B-5 President Votruba recommended that a new program, Master of Science in Computer Science, in the College of Arts and Sciences, be approved for initiation at the beginning of the 1999 fall semester.

Master of Science in Computer Science Program

President Votruba asked Provost Gaston to comment. Provost Gaston introduced Dr. Gail Wells, chairperson of the Department of Mathematics and Computer Science, who explained that students who obtain a bachelor's degree in Computer Science and then wish to pursue advanced study often would prefer to remain in this geographic region. No local university offers a master's degree in Computer Science other than the University of Cincinnati; however, their program focuses specifically on engineering rather than on application. The NKU program is a direct response to a documented educational need in the area.

Upon a motion by Regent Malloy, seconded by Regent Andersen, the recommendation passed unanimously.

B-6 President Votruba recommended that authority be granted to the Treasurer of the University to execute the necessary documents to enter into a Master Lease Agreement with G. E. Capital through the Commonwealth of Kentucky's contract for the financing of capital projects. This authority would also allow the University to refinance any existing agreements in place with Fifth Third Bank if the cost savings are achievable.

State Master Lease Agreement

President Votruba asked Vice President Chance to comment. Vice President Chance noted that in 1994 the Board of Regents approved an institution-based master lease agreement that allowed the University to enter into a very affordable financing arrangement with Fifth Third Bank. Because of the current refinancing of the residential village, the University no longer qualifies for that arrangement. The recommendation to the Board is that the University participate in the master lease program for the Commonwealth of Kentucky.

Upon a motion by Regent Downing, seconded by Regent Zapp, the recommendation passed unanimously.

B-7 President Votruba recommended that the Board formally acknowledge the role of the Internal Auditor acting independently and with the External Auditor in accessing the University President and the Board of Regents Audit Committee.

Internal Audit

President Votruba stated that this recommendation is in response to the SACS review. Vice President Chance commented that Internal Auditing was shifted organizationally from the Office of the President to Administrative Affairs in 1995. The SACS committee pointed out that this was inconsistent with a prior charter approved by the Board. This recommendation brings the Board action into alignment with the organizational structure.

Upon a motion by Regent Hendrickson, seconded by Regent Zapp, the recommendation passed unanimously.

B-8 President Votruba recommended that a resolution be adopted by the Board of Regents which approves the necessary documents to refinance the Certificates of Participation (COPS) for Northern Kentucky University Student Housing Facilities issued in 1991 to finance the Residential Village.

Residential Village Refinancing

President Votruba asked Vice President Chance to comment. Vice President Chance indicated that this action was a follow-up to the Board Resolution adopted in January. Since that time, Vice President Chance, University Legal Counsel Elizabeth Blincoe, Treasurer Mike Baker, and Director of Accounting Russ Kerdolff had been working with Seasongood & Mayer as well as Peck, Shaffer & Williams to refinance the Student Housing Facilities Certificates of Participation. The bond sale has been scheduled for Monday, March 30. The savings is not as great as had been anticipated in January. Treasurer Mike Baker explained that this recommendation will allow him to approve the sale if the conditions outlined in the documents are met. Otherwise, the Executive Committee of the Board of Regents would need to meet. Vice President Chance stressed that University Legal Counsel Blincoe had reviewed all documents. Chairman Poston asked if the resolution had been reviewed by outside bond counsel. University Legal Counsel Blincoe responded that all outside bond counsel reviewed it.

Upon a motion by Regent Downing, seconded by Regent Hendrickson, the recommendation passed unanimously.

Executive Session

Executive Session:

Upon a motion by Regent Taliaferro, seconded by Regent Downing, the Board convened in Executive Session at 2:20 p.m. to discuss a personnel matter.

The Board reconvened in open session at 2:35 p.m.

Regent Downing made a motion that the Board of Regents designate Candidate A and Candidate B to receive honorary doctorate degrees. The motion was seconded by Regent Saunders, voted on, and passed unanimously.

Regent Downing made a motion that the Nancy J. Boothe Award for Perseverence and Achievement be given to Candidate A. The motion was seconded by Regent Saunders, voted on, and passed unanimously.

President Votruba commented on Northern Kentucky University's Black History Month programming. He commented that although he has seen this kind of programming at a number of other universities, he has never seen more robust or substantive programming. He acknowledged the work of Cheryl Nunez and others who made that possible.

Regent Taliaferro commended and thanked Cheryl Nunez for bringing Bobby DeLaughter to campus. He was deeply touched by Mr. DeLaughter's presentation and felt that this man's life was the perfect example of a lifetime of civic involvement.

Chairman Poston announced that April 21, 1998, is the Lincoln Award Dinner and encouraged everyone to attend.

Board of Regents Meeting
May 6, 1998

The regular meeting of the Board of Regents of Northern Kentucky University was called to order at 2:07 p.m. on Wednesday, May 6, 1998, by Chair James R. Poston, Jr. The invocation was given by Al Cucchetti, Campus Minister, Catholic Newman Center.

Roll Call: Barry Andersen, Frank Downing, Martha Malloy, James Poston, Chris Saunders, Alice Sparks, Philip Taliaferro, William Verst, and Robert Zapp (Excused - Karen Bearden and Kathryn Hendrickson).

Others present: President James C. Votruba, Elzie L. Barker, Elizabeth M. Blincoe, Carla S. Chance, Paul L. Gaston, William R. Nester, Cheryl Nunez, Norleen Pomerantz, Rogers Redding, Gary Graff, Sandy Easton, Paula A. Brickler, Sonda K. Cummins, Leo Calderon, W. Michael Baker, Darrell H. Garber, Al Cucchetti, Bill Oliver, Bob Lilly, Robert R. Appleson, Charles Frank, Claire Newman, Cheryl Torline, Susan Grover, Marian C. Winner, Bill Lamb, Sara Sidebottom, Marilyn Gosney, Connie Hurst, Nancy Lang, Ron Ellis, Rick Meyers, Russ Proctor, Amy Green, Felicia Shields, Lori Heeg, Samantha Gee, Keith Bricking, Raymond E. Richmond, Rob Naczi, Jerry Carpenter, Helen Wilhelm-Olsen, Mary Ryan, Mary Paula Schuh, Arden Geers, Meg Winchell, Robin J. Crigler, Pamela McCarthy, Beth Sweeney, A. Dale Adams, Fred Otto, Fran Zaniello, Stephanie Baker, Gina Holt - The Recorder, Andrea Tortora - The Kentucky Enquirer, and Debra Ann Vance - The Kentucky Post.

Chair Poston welcomed everyone to the meeting and asked if there were any corrections to the minutes of the March 25, 1998, regular meeting. As there were no changes, the minutes were accepted as presented.

President Votruba announced that this was the last official meeting of Student Regent Chris Saunders who is graduating with a master's degree in public administration. On behalf of the University, President Votruba expressed appreciation to Regent Saunders for his leadership while serving on the Board of Regents. The following resolution was offered for consideration and approval:

> Be it resolved that the Board of Regents and the entire University community extend sincere appreciation to Christopher D. Saunders who has served as a Student Regent of Northern Kentucky University. Mr. Saunders has given generously of his time, talent, and leadership to further the ultimate goals of the University and has served as an advocate of the institution, its faculty, staff, students, and alumni.

Regent Malloy made a motion that the resolution be approved. Upon a second by Regent Downing, the resolution passed unanimously.

Chair Poston commended Regent Saunders for doing a remarkable job in serving his constituent group. Regent Saunders expressed his appreciation for the outstanding opportunity to serve on the Board of Regents for the past two years.

President Votruba stated that Northern Kentucky University's effort to recruit and retain the best students is central to the Five-Year Strategic Agenda. He introduced Fran Zaniello, Director of First-Year Programs, who provided a snapshot description of the University's first-year programs and their impact on retention during the past year.

First-Year Programs Presentation

Presentation on First-Year Programs: Findings and Future Directions

Fran Zaniello shared national research findings on the role of the freshman year in the success of students throughout their undergraduate experience. Research indicates that the first year is critical for both retention and student learning and that new students need to make connections with key faculty and staff, campus resources, and other students.

Ms. Zaniello noted that the Office of First-Year Programs was established in January 1998. She described University 101, a three-credit extended orientation course that has been offered for the past 12 years (1,000 students - Fall 1997 semester), and Learning Communities, a pilot program (begun - Fall 1997 semester) in which groups of 25 students take three courses together. She stated that goals for both programs include helping students to build support groups, to perform better academically, to return for the next semester, and to make better use of campus services and facilities.

Ms. Zaniello introduced Stephanie Baker, Director of Health, Counseling, and Testing Services, who outlined assessment of these programs. Ms. Baker explained that retention, student satisfaction with the University in general, and student participation in campus activities were measured. The assessment study compared data for students who took University 101, students who participated in Learning Communities, and students who did not participate in either program. Ms. Baker indicated that the data showed a better rate of return for students who participated in the programming. She shared the results of the Student Satisfaction Survey, which was given to over 800 students. The students who participated in these first-year programs were more satisfied on a majority of items on the survey. Ms. Baker stated that surveys given to both students and faculty indicated that students in Learning Communities met more often with academic advisors and instructors and used campus resources more frequently.

Regent Taliferro inquired about the Running Start Program. Ms. Zaniello explained that Running Start is a summer program aimed specifically at developmental students.

Chair Poston commented that retention of the first-year student is one of the key issues that the University faces, and he commended Ms. Zaniello and Ms. Baker on an informative presentation.

Presidential Comments

Presidential Comments:

- President Votruba introduced and congratulated the 1998 University-wide student award recipients. They are:

Student Awards

Regents Award	Samantha Gee, College of Arts and Sciences
Paul J. Sipes Award	Amy Green, College of Professional Studies
University Service Award	Keith Bricking, College of Arts and Sciences
	Felicia Shields, College of Professional Studies
Excelsior Award	Pamela McCarthy, College of Professional Studies
President's Award	Felicia Shields, College of Professional Studies
Faculty Senate Award	Lori Heeg, College of Arts and Sciences

- President Votruba announced that presentations regarding the strategic planning task forces were made at the Policy Committee meeting at 10:30 a.m.

- President Votruba reported that the NCATE accreditation visit has been completed. Although NCATE had expressed some concerns on their previous visit in 1993, Northern Kentucky University this time received positive evaluations, with only two recommendations for improvement. President Votruba commended Chairperson Darrell Garber and members of the School of Education faculty for their leadership during this accreditation process.

- President Votruba announced that the second stage of the SACS alternate self-study process has been completed. During this stage, consultants visited the campus and led discussions on four key issues. Northern Kentucky University received an executive summary from those consultants outlining their suggestions. President Votruba commended Professor Jim McKenney for his leadership in completing this second stage of the accreditation review.

- President Votruba shared an article from today's edition of the Kentucky Enquirer entitled, "NKU Luring Best Minds." This article announced that Northern Kentucky University has offered free tuition to 40 students who scored a 29 or higher on the ACT. President Votruba stated that the Governor and the Legislature have indicated that the Commonwealth of Kentucky needs to retain the best minds. He commended Vice President Norleen Pomerantz and her staff for the acceleration of recruitment efforts.

- President Votruba announced that the Governor will be on campus tomorrow, Thursday, May 7, 1998. The Governor will attend an announcement at 1:30 p.m. to inaugurate the new partnership with Fidelity Investments. This partnership involves development of the financial services curriculum at Northern Kentucky University and is a model of the kind of partnerships that will be developed in the future.

- In addition, the Governor will attend the Science Center Celebration at 2:00 p.m tomorrow. The purpose of the celebration is to thank the Governor, the Northern Kentucky Legislative Caucus, the Consensus Committee, the Northern Kentucky Chamber of Commerce, other leaders in the Northern Kentucky area, and the faculty and staff of Northern Kentucky University who worked hard to bring about this enormous accomplishment.

- President Votruba announced that ground will soon be broken for an electronic sign at the entrance of the campus. The sign will be an important marketing tool (approximately 40,000 cars drive past the entrance each day). President Votruba has also asked Ron Ellis, Director of University Relations, to look into the possibility of having "NKU" painted on the water tower.

- President Votruba recognized J. Robert Lilly, Professor of Sociology and nominee for the Regents Professorship, and introduced Dr. Michael R. Carrell, Dean-designate for the College of Business. President Votruba announced that Ms. Robin J. Crigler has been nominated to serve in the new position of Executive Assistant to the President/Secretary to the Board of Regents.

- President Votruba acknowledged the contributions of several individuals who are leaving their current positions: J. Thomas Isherwood, Dean of the College of Professional Studies; Sandy Easton, Interim Dean of the College of Business; Fred Otto, Director of Public Safety; and Leo Calderon, Executive Assistant to the President.

Presidential Reports:

A-1 President Votruba presented the Grants and Contracts Quarterly Report. For the period January 1 through March 31, 1998, 14 awards were received for a total of $406,803. **Grants & Contracts Quarterly Report**

President Votruba asked Provost Paul Gaston to comment. Provost Gaston stated that higher education is facing a reduction of the number of grant and contract opportunities available. In addition, many agencies are facing a reduction in funding. Provost Gaston indicated that Northern Kentucky University will use a more aggressive strategy by encouraging University personnel to approach these agencies more directly.

A-2 President Votruba presented the Quarterly Financial Report. The results of the financial operations were within the expectations established by the budget. **Quarterly Financial Report**

A-3 President Votruba presented the Quarterly Facilities Management Report and displayed a map of the new science building site. The building will be 165,000 square feet. **Quarterly Facilities Manage-ment**

President Votruba indicated that when construction of the new science building begins (groundbreaking is targeted for Summer 1999), traffic will be routed away from Nunn Drive so that the main artery of the campus is not located between student parking and classroom buildings. This will eliminate a current safety hazard for pedestrians. There will be an in-depth presentation on the new science building at the July Board meeting.

Regent Saunders raised concerns regarding student parking. He pointed out that student parking spaces will be eliminated with the construction of the new science building (185 spaces) and the softball field (60 - 80 spaces). The new parking structure will add 350 - 373 new spaces for students, faculty, staff, and visitors. Regent Saunders inquired about proposals to address the parking issue.

Mary Paula Schuh, Director of Campus Planning, indicated that there are currently two parking proposals. One proposal is to build a new surface parking lot near the Credit Union building, which would add 200 - 250 spaces. The other proposal involves the receipt of free fill dirt, which would be placed in the valley behind Lot M south of the Commons Building and would double the size of that parking lot.

Vice President Carla Chance reported that parking is currently not as tight as it has been in the past. Regent Saunders pointed out that the University is hoping to increase its enrollment and urged the University to find the funds to pave and build parking lots as soon as possible. President Votruba affirmed that our ability to attract and retain students will be dependent upon our ability to be user friendly and accessible, which includes providing adequate parking.

A-4 President Votruba presented the Salmon P. Chase College of Law Report: Changes in Grading Policy, Curriculum, and Other Program Elements. He asked Provost Paul Gaston to comment.

Chase College of Law Report

Provost Gaston reported that in Spring 1994 the Board of Regents issued a very clear directive to the Chase College of Law to undertake a comprehensive effort to improve bar passage rates. This effort includes reforming the curriculum, implementing academic support measures, and changing the grading policy to ensure that grades are a better predictor of success on the bar exam.

President Votruba explained that this proposal is one piece of a larger effort to hold students as well as faculty accountable regarding quality of instruction and preparedness. Provost Gaston noted that there is a total of seven elements in the comprehensive proposal. Regent Downing requested to see the comprehensive report at a single session so that he can see the other measures that are being taken. Regent Taliaferro raised several questions regarding curricular requirements. President Votruba recommended that this issue be revisited at a later time when the dean and faculty of the College of Law

can address curricular questions in detail. Regent Taliaferro requested that Regents be provided with a list of the bar exam areas and a list of courses that address these areas. Performance data on specific portions of the bar exam could then be compared to these lists to see if there is a correlation.

Presidential Recommendations:

Consent Agenda Items:

Academic Personnel Actions

B-1 President Votruba recommended that the following Academic Affairs personnel actions receive Board of Regents approval:

Administrative Appointment: Michael R. Carrell, Dean of the College of Business and Professor in the Management and Marketing Department, effective July 15, 1998.

Faculty Appointments: Jennifer Bales, Assistant Professor of Law in the Salmon P. Chase College of Law, effective August 19, 1998; Richard Bales, Assistant Professor of Law in the Salmon P. Chase College of Law, effective August 19, 1998; Dennis Davenport, Assistant Professor in the Theatre Department, effective August 19, 1998; and Richard Scott Linder, Assistant Professor in the Mathematics and Computer Science Department, effective August 19, 1998.

Leaves, Unpaid: Timothy Hall, Assistant Professor of Law in the Salmon P. Chase College of Law, unpaid leave without benefits, for the 1998-99 academic year; Carrie McCoy, Associate Professor in the Nursing Department, unpaid leave with benefits, for the 1998-99 academic year; Kristen Pfabe, Assistant Professor in the Mathematics and Computer Science Department, unpaid leave without benefits, for the 1998-99 academic year; and Harriette Richard, Assistant Professor in the Psychology Department, unpaid leave without benefits, for the 1998-99 academic year.

Resignation: J. Thomas Isherwood, Dean of the College of Professional Studies and Associate Professor in the Allied Health, Human Services, and Social Work Department, effective June 30, 1998.

Retirement: Edward P. Goggin, Professor of Law in the Salmon P. Chase College of Law, effective May 15, 1998.

Continued Probation

B-2 President Votruba recommended that the following first-year faculty member receive Board of Regents approval for continued probation for the 1998-99 academic year: Claudia Zaher.

B-3 President Votruba recommended that the following temporary faculty appointment for the 1998-99 academic year receive Board of Regents approval: William R. Jones. **Temporary Faculty**

B-4 President Votruba recommended that Emeritus status for the following individuals receive Board of Regents approval: **Emeritus Status**

Edward P. Goggin, Professor of Law in the Salmon P. Chase College of Law; and Rosella C. Zeiser, Associate Professor in the Nursing Department.

B-5 President Votruba recommended that the amendment of the Handbook for Department Chairs and the Faculty Policies and Procedures Handbook receive Board of Regents approval. **Amendment of Chair and Faculty Handbooks**

B-6 President Votruba recommended that the non-academic personnel actions which occurred between January 1, 1998, and March 31, 1998, receive Board of Regents approval. **Non-Academic Personnel Actions**

B-6a President Votruba recommended that the Board of Regents approve the following administrative personnel action: **Admin. Personnel Action**

Robin J. Crigler, Executive Assistant to the President and Secretary to the Board of Regents, effective June 15, 1998.

B-7 President Votruba recommended that Board authorization be given to the Assistant Vice President for Business Affairs/Treasurer to write off bed debts totaling $82,303.14. **Bad Debt Write-Off**

B-8 President Votruba recommended that the Board authorize the revision of the Administrative Regulations-Governing Regulations University Space Committee definition. **Revision of Admin. Regulations-Governing Regulations**

Regent Downing moved that the consent agenda items be approved. Motion was seconded by Regent Verst, voted on, and passed unanimously.

B-9 President Votruba recommended that the Board of Regents approve the revision of Section E4 of the Personnel Policies and Procedures Manual (Redbook). **Revision of Personnel Policies and Procedures Manual**

President Votruba stated that earlier action by the Board of Regents required a 2 percent annual across-the-board distribution of compensation with the remaining distribution to be based on merit. This recommendation moves NKU to 100 percent merit distribution consistent with the University's compensation strategy. President Votruba announced that the University has created a $410,000 market pool that represents a multi-year process designed to bring the University into closer alignment with market salaries in this metropolitan region. Because it is unlikely that any university can reach full market,

Northern Kentucky University emphasizes the total compensation package which includes salary, benefits, vacation time, and other factors. The budget may not provide this level of funding in future years, but the goal is to make progress year by year.

Regent Malloy stated that there are estimates that selected staff salaries at Northern Kentucky University are 30 percent below market. She believes that staff members are encouraged by the fact that the University has now set forth a strategy to deal with this issue. Three years ago she chaired the Salary Policy Review Task Force. Based on that experience, she believes that staff members support merit-based compensation in principle. Regent Malloy indicated that the main concern over merit-based compensation is that it be administered fairly and uniformly.

Regent Downing moved that the recommendation be approved. Motion was seconded by Regent Verst, voted on, and passed with seven ayes and one nay by Regent Saunders. Regent Malloy abstained.

1998-99 Annual Budget Resolution

B-10 President Votruba recommended that the Board of Regents approve the resolution establishing and approving the fiscal year 1998-99 annual budget for Northern Kentucky University.

President Votruba indicated that the Finance Committee reviewed the budget resolution this morning. Regent Robert Zapp, Chair of the Finance Committee, commented that the budget does an outstanding job of linking strategic planning and the budget process.

Regent Barry Andersen added his support for the budget indicating that it addresses concerns regarding staff and part-time faculty compensation as well as the University's interaction with the community. He stated that a commitment to add new full-time tenure track faculty positions will address the part-time/full-time faculty issue.

Upon a motion by Regent Zapp, seconded by Regent Verst, the recommendation passed unanimously.

Reciprocity Agreements

B-11 President Votruba recommended that the Board of Regents approve the extension of the undergraduate and graduate reciprocity agreements.

President Votruba asked Provost Gaston to comment. Provost Gaston indicated that the first recommendation opens our Business Program at the undergraduate level to southwestern Ohioans and also opens the highly selective UC Honors Business Program to northern Kentuckians.

Upon a motion by Regent Saunders, seconded by Regent Sparks, the recommendation passed unanimously.

B-12 President Votruba recommended that J. Robert Lilly, Professor of Sociology in the Sociology, Anthropology, and Philosophy Department, be awarded a Regents Professorship. **Regents Professor**

Chair Poston thanked Regent Sparks for serving on the Regents Professorship Selection Committee. Regent Sparks indicated that her service on the selection committee was a rewarding experience. Chair Poston encouraged faculty to submit applications for this award so that there will be a broad spectrum of applicants and nominees from the University teaching community.

Upon a motion by Regent Malloy, seconded by Regent Andersen, the recommendation passed unanimously.

B-13 President Votruba recommended that the Board of Regents authorize the University to proceed with demolition of the house and shed located at 304 Marshall Lane. **Facilities Demolition**

President Votruba asked Vice President Carla Chance to comment. Vice President Chance indicated that this property was purchased in 1990. The Anthropology Program currently uses the facility for storage. New space that is closer to the campus has been found to accommodate their needs.

Upon a motion by Regent Sparks, seconded by Regent Zapp, the recommendation passed unanimously.

Other:

Policy Committee: **Policy Committee**

Regent Downing reported that the Policy Committee met at 10:30 a.m. today and discussed the six strategic planning task forces that have been established and their goals and priorities for the next five years. The discussion included compliance with the Council on Postsecondary Education. Regent Downing also indicated that an excellent discussion occurred regarding whether the University will manage or cope with growth.

Finance Committee: **Finance Committee**

Regent Zapp reported that the Finance Committee met at 9:30 a.m. today to review the 1998-99 Annual Budget Resolution. The Committee found the budget to be outstanding.

Chair Poston announced that he has asked Regents Downing, Verst, and Zapp to serve on the Compensation Committee, which will review the President's compensation. He asked Regent Downing to serve as chair and requested that the committee meet prior to the next Board meeting

to plan an agenda. The Board will review the committee's recommendation at the September meeting and take appropriate action.

Chair Poston also indicated that he has asked Regents Sparks, Taliaferro and Zapp to serve on the Nominating Committee, which will recommend Board officers. Regent Zapp will chair the committee and report at the July meeting.

Executive Session:

Executive Session

Upon a motion by Regent Sparks, seconded by Regent Taliaferro, the Board convened in Executive Session at 3:28 p.m. to discuss a litigation item.

The Board reconvened in open session at 3:54 p.m.

Board of Regents Meeting
August 12, 1998

The regular meeting of the Board of Regents of Northern Kentucky University was called to order at 2:05 p.m. on Wednesday, August 12, 1998, by Chair James R. Poston, Jr. The invocation was given by NKU Junior Bryan Cobb, majoring in Middle Grades Education.

Roll Call: Barry Andersen, Frank Downing, Mary Alice D. Hasty, Martha Malloy, Gregory Mecher, James Poston, Alice Sparks, Philip Taliaferro, William Verst, and Robert Zapp (Excused - Kathryn Hendrickson).

Others Present: President James Votruba, Elzie Barker, Elizabeth Blincoe, Carla Chance, Paul Gaston, William Nester, Mark Shanley, Robin Crigler, Sonda Cummins, Paula Brickler, Lilla Losey, Joe Green, Linda Bray-Schafer, Bill Hoeb, Linda Baxter, Michael Murray, Don McKenzie, Michael Carrell, Michael Thomson, Paul Reichardt, Robert Appleson, Charles E. Frank, Gerald Hunter, Joe Ruh, Angela Schaffer, Bill Lamb, Arden Geers, Marilyn Gosney, Bryan Cobb, Mary Ryan, Catherine Tsai - Cincinnati Enquirer, Rosetta Mauldin, Gary Graff, Rogers Redding, Cheryl Nunez, Clifford Shisler, Gina Holt - The Recorder newspapers, Claire Newman, Russ Kerdolff, Mike Baker.

The Oath of Office to incoming Regents, Mary Alice D. Hasty and Gregory M. Mecher, was administered by Chair Poston. The reappointment of Regent Alice S. Sparks for six years was also announced.

The minutes of the May 6, 1998, regular meeting were accepted as presented with no changes.

President Votruba commented on House Bill #1, concerning the Council on Postsecondary (CPE) Education. He asked that the Board of Regents, deans, chairs, faculty, staff, students, and community work together to develop a set of programs related to the overall strategic planning for the University to submit to the CPE for funding.

Presentation on Programs of Excellence:

Provost Gaston gave an overview of the statewide framework regarding House Bill #1. He commented that the CPE passed new guidelines for programs of excellence. He indicated that Eastern Kentucky University, Western Kentucky University, and Murray State University have come forward with proposals that have been approved by Gordon Davies of the CPE.

Dean Redding discussed task forces created to identify programs for funding, including a Center for Excellence in Mathematics and Science.

Presidential Comments:

- For this year and for the next several years, the University will work to implement our vision. Strategic Planning translates this vision to reality, and it will represent the consensus of the University as a whole.

- The planning for the Science Center is progressing on time and within budget.

- Chase College of Law will embark on a strategic planning process this year, similar to the process used during "Vision, Values and Voices" last Fall.

- The offer of full tuition, room, and board scholarships to 40 area students who scored 29 or above on their ACT exam resulted in 29 of these students choosing NKU. Nationally, these students represent the top 5 percent of those who took the ACT exam.

- The Admissions Office was commended for enrollment at both the graduate and undergraduate levels exceeding targets for Fall 1998.

- Enrollment at our Grant County site is growing. The next Board of Regents meeting will be held there on October 7, 1998 at 2:00 p.m.

- The University is in the process of enhancing the Honors Program. Renovation of the President's Home is in the study phase to accommodate housing for the Honors Program.

- The Residence Halls are operating at a peak level.

- The three new major gift officers were recognized: Linda Baxter, William Hoeb, and Mike Murray.

- The search has begun for the Assistant Vice President and Director of Development position.

- A welcome was extended to the following newly appointed individuals: Dr. Barbara Holland, Associate Provost for Strategic Planning and Outreach; Dr. Mark Shanley, Vice President for Student Affairs and Enrollment Management; Mr. Don McKenzie, Director of Public Safety; Dr. Michael Carrell, Dean of Business; Dr. Rosetta Mauldin, Acting Dean of Professional Studies; and Ms. Lilla Losey, Administrative Assistant to the President's Office.

- A search has begun for a new Assistant Vice President for Community and Government Relations. This individual will be a prime liaison with Frankfort and with this metropolitan area.

- Personal greetings were extended to new Regents Mary Alice D. Hasty and Gregory Mecher and to Alice Sparks on her reappointment.

- A special thanks was extended to Chair James Poston for his willingness to devote considerable time and energy to both the University and its new President.

- As the University moves into 1998-99, there will be a strong Board/President partnership.

A. **Presidential Reports:**

1. **Grants and Contracts Quarterly Report:** No comments.

2. **SACS Report:** Provost Gaston reported that the SACS report will represent the University well. Jim McKenny and Robert Appleson will coordinate the September 21, 1998, filing. Regent Andersen thanked everyone responsible for putting the SACS report together and asked that Item "c," regarding new full-time faculty, be kept in the foreground. He then thanked President Votruba for his commitment to new faculty.

3. **Quarterly Facilities Management Report:** Vice President Chance commented on the parking structure completion expected for Fall '99 and on the replacement of the wooden flooring in the Health Center.

4. **Quarterly Financial Report:** President Votruba commented that there were funds available due to refinancing of the Residence Halls.

   Regent Andersen suggested using those funds for instructional equipment for students.

5. **Academic Affairs Reorganization:** With the hire of Vice President Holland, there will be renewed emphasis placed on the University as a metropolitan institution.

6. **Emergency Sick Leave Bank Report:** Vice President Chance stated that access to the Sick Leave Bank will be on a time basis only and will not focus on employees' salaries.

B. **Presidential Recommendations:**

Consent Agenda Items:

A motion was made by Regent Downing and seconded by Regent Zapp to approve the following Presidential recommendations. **Motion passed.**

1. **Academic Affairs Personnel Actions:**

4. **Non-Academic Personnel Actions:** President Votruba recommended approval of the non-academic personnel actions which occurred between April 1, 1998 and June 30, 1998.

5. **Administrative Personnel Actions:** President Votruba recommended that the following administrative personnel actions be approved:

   Resignation: Fred Otto, Director of Public Safety, effective June 2, 1998.
   Appointments: Don L. McKenzie, Director of Public Safety, effective June 1, 1998; Mark G. Shanley, Vice President for Student Affairs and Enrollment Management, effective August 1, 1998.
   Reassignment: Norleen K. Pomerantz, Assistant Vice President for Student Development, effective August 1, 1998.

6. **University Fire Service Contract:** President Votruba recommended that the Board authorize the administration to renew the University fire service contract with the Campbell County Fire District, Number 2.

7. **Faculty Policies and Procedures Handbook 1994 Amendment:** A motion was made by Regent Andersen and seconded by Regent Zapp to approve the amendment to Part One of the Faculty Policies and Procedures Handbook 1994. The amendment of Article XIV.GRIEVANCES, Section B. PEER REVIEW COMMITTEES, preserves the guarantee of due process for faculty while providing greater opportunity for articulating all sides of an issue. The Faculty Senate approved the amendment of the Faculty Handbook at its May 13, 1998, meeting. The Provost and the President endorse approval of the recommendation. **Motion passed.**

   This amendment of the Faculty Handbook does not affect the Chase College of Law Faculty Policies and Procedures Handbook.

8. **Kentucky Law Enforcement Foundation Incentive Fund Program:** A motion was made by Regent Verst and seconded by Regent Malloy to approve the recommendation that the Board of Regents authorize participation in the incentive fund program provided through the Kentucky Law Enforcement Foundation Program Fund (KLEFPF) and availed by statute through Senate Bill 13 and House Bill 455, approved by the 1998 General Assembly. **Motion passed.**

9. **TIAA-CREF Resolution Revision:** A motion was made by Regent Malloy and seconded by Regent Andersen to approve the recommendation that the Board of Regents authorize the revision of the Northern Kentucky University TIAA-CREF Resolution, Section 2.1 to provide for immediate participation in NKU's TIAA-CREF Program for Eligible Employees on the first of the month following employment if they are participants in a fully vested, fully funded, non-cashable individually owned retirement annuity contract. Otherwise, participating in NKU's TIAA-CREF begins after 90 days. **Motion passed.**

Election of Officers:

A motion was made by Regent Zap and seconded by Regent Sparks to elect the following Regents to the Executive Committee: Frank K. Downing, Chair; Philip Taliaferro III, Vice Chair; and Kathryn B. Hendrickson, Secretary/Treasurer. **Motion passed.**

At 2:50 p.m. a motion was made by Regent Downing and seconded by Regent Verst to call an executive session. **Motion passed.**

The Board of Regents reconvened at 4:35 p.m.

C. **Other:**

Vice President Nester provided the Board with an update on the Two Year Fiscal Report for University Development:

- The number of contributors have increased over 10 percent.
- The Capital Campaign brought in $285,000 less because many of the pledges that were made about 4 or 5 years ago have now been completed. A new Capital Campaign or a series of many Capital Campaigns is planned.
- Alumni contributions have increased by approximately $80,000.
- The Friends of the University category has almost doubled, but that is skewed by a gift of $150,000.
- WNKU — There is an increase of $20,000+.

President Votruba commented that the University would be engaged for the next several months in a management audit of both the University Foundation and Development Offices. Vice President Nester commented that the procedures were in place.

Regent Sparks inquired about the University Foundation's current total of funds. Vice President Nester commented that the Foundation funds totaled $18,000,000 before the recent dip in the stock market.

Chair Poston stated that there were three action items for Presidential Recommendations:

Action Items:

1) A motion was made by Regent Downing and seconded by Regent Taliaferro that the Board of Regents authorize the Administration to negotiate a Memorandum of Agreement with candidate X for the creation of the campus-based student training and employment center. **Motion passed.**

2) A motion was made by Regent Malloy and seconded by Regent Sparks that the institution declare a parcel of University property as surplus and authorize the Administration to work with the State to negotiate a lease or sale of the property consistent with the highest and best use. **Motion passed.**

3) A motion was made by Regent Andersen and seconded by Regent Malloy that the Board of Regents approve an amendment to the 1992 Land Acquisition Study to add a Priority One parcel. **Motion passed.**

Outgoing Chair Poston thanked everyone present for the experience to serve as Chair of the Board of Regents to the University for the past year. Newly elected Chair Downing thanked Regent Poston for his service and leadership during his tenure as Chair of the Board of Regents.

With no further business, outgoing Chair Poston adjourned the meeting at 4:50 p.m.

Others Present: President James Votruba, Robin Crigler, Lilla Losey, Brenda Wilson, Cliff Wallace, Cheryl Nunez, Marian Winner, Rosetta Mauldin, Gerald Hunter, Elizabeth Blincoe, Les Taylor, Betty Taylor, Charles Frank, Joe Wind, Mike Baker, Sonda Cummins, Carol Horn, Jim Colson, Jim Simpson, Rogers Redding, Barbara Holland, Robert Appleson, Michael Carrell, Shirley Howard, Elizabeth Schneider, Ruth Odor, Jamie Baker-Nantz - Grant County News, Andrea Tortora - Kentucky Enquirer, Barbara Hedges, Darrell Link, John Brill, Ron Ellis, Sally Davis, Glenn Caldwell, Wade Gutman, Representative Royce Adams, Mike Sewell, April Snedegar, Mike Saemann, Bill Hoeb, Michael Murray, Diane Perkins, Linda Davis, Russ Kerdolff, Paul Reichardt, and Dorothy Altman.

The minutes of both the August 12, 1998, regular meeting of the Board of Regents, and the September 1-2, 1998, Board Retreat were accepted as presented with no changes.

Ms. Brenda Wilson, President of the Grant County Higher Education Foundation, and her colleague Mr. Cliff Wallace gave a presentation/proposal on the Williamstown Government and Recreation Center, NKU Satellite Campus Building Site Plan. Ms. Wilson asked Representative Royce Adams to comment on his meeting with the Governor on the proposal.

Presidential Comments:

- NKU is committed to expanding public access to postsecondary education. Over the last year NKU and the leadership of Grant County have turned that vision into reality.
- Along with Grant County, NKU access is being expanded to include the Covington Urban Learning Center (over 100 urban students enrolled) and the partnership with Forward Quest, NKU, and Thomas More.
- Metropolitan Education and Training Services (METS)--This new unit at NKU is designed to meet the education and training needs of area employers by: focusing on the customer; being outcome oriented; bringing programs and services to the market on a just-in-time basis; and brokering worldwide intellectual resources for area employers utilizing advanced technology.
- Council of Partners program--Partnership involving NKU, Thomas More, and the area public and parochial schools to support the enhancement of P-12 education. The Council of Partners has received attention across the state and has been described as a model of collaboration on behalf of P-12 education. This Partnership has been receiving broad attention across the state and is being described as a model of partnership and collaboration on behalf of P-12 education.
- A welcome was given to: Joe Wind, Assistant Vice President for Community and Government Relations; Susan Ahearn, Assistant Vice President and Director of Development; Mike Baker, Interim Vice President for Administration and Finance (new position on the campus); Gerald Hunter, Assistant Vice President and Interim Budget Director.

Chair Downing commented on the annual Trustee Conference he recently attended with the President, stating that it was an excellent, well-attended conference. Because of the leadership and the capital that the Governor is providing for higher education at this time, he was excited to be a part of it.

President's Annual Report, Annual Financial Report, and Audit Committee Recommendation:

Audit Committee Recommendation:
Vice President Chance made the following comments related to the Audit Committee:

- The Board of Regents Audit Committee met jointly with the Board Finance Committee on October 7, 1998.
- Introductions were made for Deloitte and Touche representatives who currently serve the institution and who were in attendance at the Board meeting: Michael J. Sewell, Supervising Audit Partner; April Snedegar, Supervising Audit Senior Manager; and Mike Saemann, Audit Senior.
- Assistant Vice President Mike Baker, Business Affairs/Treasurer, was asked to give a presentation on the Annual Financial Report for 1997-1998, which he developed along with Director Russell Kerdolff and Associate Director Linda Davis of Accounting and Budgetary Control.

Prior to the presentation, Supervising Audit Partner Mike Sewell was asked by Assistant Vice President Baker to comment on the Audit Committee Recommendation. Mr. Sewell responded that the auditors found the University's Financial Statements in good order, with no material findings or weakness to report to the Board as overseers of the University.

NKU's Annual Financial Report for 1997-1998

Presentation by Assistant Vice President Baker:

The highlighted areas in the report included:
- Assets Liabilities and Funds Balances
- Unrestricted Current Fund Balance
- Current Fund Revenues (from the last five to ten years)
- Current Expenditures by Category
- Fund Expenditures by Function

The presentation compared current year data to the previous 4 years. Assistant Vice President Baker highlighted the growth in revenues and expenditures. He discussed the planned growth in fund balance.

Assistant Vice President Baker pointed out that the Residential Village refinancing, as previously approved by the Board of Regents, will save over $746,000 over the life of the debt. However, the University was required to accelerate payments which negatively impacted the auxiliary fund balance this year. This was mentioned to alert the Board that this was only a one-time occurrence and not a trend.

A motion was made by Regent Verst and seconded by Regent Zapp to approve the University's audited 1998 Annual Financial Report. **Motion carried.**

A. 1. **Quarterly Financial Report: (July 1, 1998 - September 30, 1998)**

Vice President Chance indicated that the financial condition of the University was within the budget.

The report was presented in the same format as that of the previous quarter and the prior year. The schedules included were:

1. Unrestricted Revenues, Budgeted and Actual
2. Unrestricted Expenditures by Function and Account Category, Budget and Actual
3. Restricted Expenditures by Function, Budgeted and Actual
4. Active Capital Construction Projects
5. Bonds Payable
6. Current Investments

B. **Presidential Recommendations:**

Consent Agenda Items:

A motion was made by Regent Hendrickson and seconded by Regent Poston to approve the following Presidential Recommendations as listed below (1-6). **Motion carried.**

1. **Academic Affairs Personnel Actions:**

Faculty Appointments: Conard Carroll, Lecturer (non-tenure track renewable) in the Literature and Language Department, effective August 19, 1998; Irene F. Encarnacion, Lecturer (non-tenure track renewable) in the Literature and Language Department, effective August 19, 1998; Nancy D. Kersell, Lecturer (non-tenure track renewable) in the Literature and Language Department, effective August 19, 1998; Toni Sholar, Lecturer (non-tenure track renewable) in the Music Department, effective August 19, 1998; Linda Welker, Assistant Professor in the Communication Department, effective August 19, 1998.

Leaves, Paid/Unpaid: Ken Jones, Associate Professor in the Theatre Department, unpaid leave without benefits for the 1999 spring semester.

Resignations: Roger C. Adams Temporary Lecturer in the W. Frank Steely Library, effective August 31, 1998; Esther Green-Merritt, Assistant Professor in the School of Education, effective July 31, 1998; Andrew Kipnis, Assistant Professor in the Sociology, Anthropology and Philosophy Department, effective December 31, 1998; Rhonda Pettit, Temporary Lecturer in the Grant County Program, effective August 19, 1998; David C. Short, from Professor of Law and Dean of the Salmon P. Chase College of Law to Professor of Law in the Salmon P. Chase College of Law, effective June 30, 1999.

Retirement: Marion C. Winner, Professor and Director of the W. Frank Steely Library, effective June 30, 1999.

2. **Temporary Faculty Appointments:** Temporary faculty appointments for the 1998-99 academic year received Board of Regents approval: Eric Hugo, Amy Racke, Daniel LaBotz, Darlene McElfresh, Andrew Miller, Virginia Paddock (fall semester), Nina Key, Sharmanthie Fernando, S. Srinivasan, Sharon Glazer, Brian Robertson (fall semester), Joyce B. Bauer, Jerry Call, Barbara Hamilton, Margaret

3. **Promotion and Tenure:** The following faculty member received tenure and promotion beginning with the 1998-99 academic year: Margaret M. Anderson, Ed.D, date of initial appointment: 1994; Current Rank: Assistant Professor; Proposed Rank: Associate Professor.

4. **Administrative Personnel Actions:** President Votruba recommended that the following administrative personnel actions receive Board of Regents approval:

Appointments: W. Michael Baker, Interim Vice President for Administration and Finance, effective October 7 1998; Gerald Hunter, Interim Budget Director, effective October 7, 1998; Joseph E. Wind, Assistant Vice President for Community and Government Relations, effective October 5, 1998; Susan K. Ahearn, Assistant Vice President and Director of Development, effective November 2, 1998.

Reassignments: Elzie L. Barker, Special Consultant to the President, effective October 7, 1998, Carla S. Chance, Special Consultant to the President, effective October 7, 1998.

5. **Non-Academic Personnel Actions:** President Votruba recommended approval of the following non-personnel actions which occurred between July 1, 1998 and September 18, 1998: Activations; Temporary/Contract to Regular Status; and Termination of Employees Included in Activation Section.

6. **Reorganization of Administrative Affairs and the Office of the Budget**: President Votruba recommended that the Board of Regents approve the reorganization of Administrative Affairs and the Office of the Budget under the direction of a new position of Vice President for Administration and Finance.

This action consolidates all financial functions under one vice presidency and will provide better efficiencies and effectiveness. This position will oversee all functions currently reporting to the Vice President for Administration and assume responsibilities for the Office of the Budget. The Office of the Budget will continue to work directly with the President's office.

7. **Student Government Constitution (Amendments):** Motion was made by Regent Andersen and seconded by Regent Zapp to approve the following two Amendments as presented below by Regent Mecher. **Motion carried.**

These changes were approved at the last Student Government elections in April, 1998.

Amendment #1: That the Board authorize an amendment to the Student Government Constitution, Article VIII, Section 2.b, to read: "Chairpersons of the major committees of Student Government must have a cumulative grade point average of 2.25 or higher on a scale of 4.0. The Chairpersons must maintain at least a grade point average of 2.25 or are subject to removal from said chair."

Amendment #2: That the Board authorize an amendment to the Student Government Constitution, Article IX, Section 5D, which reads, "The deadline for filing these positions shall be no later than seven

(7) official school days prior to the beginning of elections," be changed to read: "The deadline for filing these petitions shall be no later than fourteen (14) official school days prior to the beginning of elections."

C. Regent Recommendation:

1. **Changes to the Bylaws, Article III**: President Votruba indicated that the recommended changes to the Bylaws, Article III, as stated below not be presented as an action item at this time but for informational purposes only to be introduced for action at the next Board of Regents meeting.

   The recommendation was revised from the original recommendation which included the language, "....individual Board Members and the President. The Executive Assistant to the President and Secretary to the Board of Regents becoming the Secretary/Treasurer in the absence of the Secretary/Treasurer."

   The revised Recommendation reads: The Executive Assistant to the President and Secretary to the Board of Regents shall provide support in the preparation for meetings, serve as a liaison between individual Board Members and the President. The Administrative Assistant to the Office of the President shall record the minutes of meetings of the Board of Regents.

With no further questions on this item, Chairperson Downing stated that this would be an agenda item for the next Board of Regents meeting.

D. Other:

President Votruba commented on the following upcoming activities:

- The next scheduled Board of Regents Meetings: December 2, 1998; January 27, 1999; March 31, 1999; May 5, 1999; and July 14, 1999.
- Council on Postsecondary Education Meeting scheduled for November 8 and 9, 1998.
- The Raymond Lane, Jr. Dedication on Friday, October 9, 1998, at 3:00 p.m., celebrating the Underground Railroad Movement, which links NKU to an important part of American history as well as Northern Kentucky history. The values that are reflected in the Underground Railroad movement compare to the values of NKU as a 21st Century Freedom Train. The "Anointed Voices," a student vocal group will be part of the celebration.
- Winter Commencement, December 19, 1998
- Lincoln Awards Dinner, April 10, 1999
- May 15, 1999, Spring Commencement

President Votruba and the Regents commended Regent Mecher for his efforts, along with the students who assisted him, in raising $1,000 in funds for Murray State University to compensate for their loss due to a recent fire, which included a student death. Regent Mecher stated that the University was in the process of setting up an account to expedite getting the funds to Murray as quickly as possible.

Regent Malloy mentioned the Annual Staff Awards luncheon on Friday, October 9, 1998, at 12:00 noon in Regents Hall. Three awards will be presented by the Regents at the luncheon.

At 2:55 p.m. a motion was made by Chair Downing and seconded by Regent Taliaferro to call an executive session. **Motion carried.**

The Board of Regents reconvened at 3:30 p.m.

Regent Verst commented on the problem of multiple mailings received by the Regents from the University (mail on the same event received both at their residence and workplace).

With no further business, Chair Downing adjourned the meeting at 3:40 p.m.

Board of Regents Meeting
University Center Ballroom
December 2, 1998

The regular meeting of the Board of Regents of Northern Kentucky University was called to order at 2:07 p.m. on Wednesday, December 2, 1998, by Chair Frank K. Downing.

Invocation was presented by the Northern Kentucky University Choir, "Anointed Voices" under the leadership of Angel Chichester.

Roll Call: Barry Andersen, Frank Downing, Kathryn Hendrickson, Martha Malloy, Gregory Mecher, James Poston, Alice Sparks, Philip Taliaferro (Excused - Mary Alice Hasty, William Verst, and Robert Zapp).

Others Present: James C. Votruba, Sonda Cummins, Marilyn Gosney, Allen Stone, Cliff Shisler, Ken Ramey, Daniel Curtin, Joe Ruh, Gina Holt -- The Recorder newspapers, Donna Redmond, Sara Sidebottom, J. Michael Thomson, Gerald E. Hunter, Mike Baker, Paul Gaston, William Nester, Mark Shanley, Robin Crigler, Cheryl L. Nunez, Rosetta J. Mauldin, Charles E. Frank, Angela Schaffer, Michael Carrell, Jennifer Freeman, Robert Appleson, Marian Winner, James Alford, Matthew Freeman, Freida Hays, Leo Hays, Bill Lamb, Mike Leising, Gary W. Graff, Joseph Wind, Susan Ahearn, Barbara Holland, Mary Paula Schuh, Elizabeth Blincoe and Lilla Losey.

Regent Poston stated that a correction be made to the October 7, 1998, Board of Regents Minutes to include all four NKU Vice Presidents present at the meeting. A change was also made to the motion at the bottom of Pg. 2. The original motion included the language, "A motion was made by Regent Verst and seconded by Regent Zapp to approve the University's audited 1998 Annual Financial Report. Motion carried." The revised motion reads, "A motion was made by Regent Verst and seconded by Regent Zapp to accept the University's audited 1998 Annual Financial Report. Motion carried." With no further corrections or additions to the Minutes, Chair Downing stated that the Minutes be accepted as corrected.

Presidential Comments:

- Campus Safety at the Residence Halls: A break-in was reported over Thanksgiving weekend in the dorm room of a female student. The University Administration has zero tolerance for this type of activity. When the perpetrator is identified, he will be prosecuted to the fullest extent of the law. The University is statistically the safest university in the Commonwealth and plans to retain that status. The State Police were called in to assist the University in the investigation, and additional safety measures are underway at the Residence Halls (review of lock safety, key access, night checks to insure doors are locked, expanding safety lighting, shrubbery trimmed, doubled security patrols, etc.). Regent Mecher was commended for his leadership by inviting the President and several of the Vice Presidents in a "Safety Walk" last month around the Residence Halls.

- The consulting firm of Brailsford & Dunlavey, based in Washington D.C., has been contracted to do the Arena Feasibility Study. This effort has engaged a number of community people along with NKU faculty, staff, and students.

- Collegis, a leading provider of information technology solutions and services to colleges, universities, and community colleges nationwide, was called in to perform an information technology assessment for the University.

- To aid the University in its strategic budgeting process, Dennis Jones from the National Center for Higher Education Management Systems (NCHEMS) will be on campus next week to provide a benchmark of data on organization and management gathered from similar institutions.

- In agreement with Jim Alford, President/CEO of the NKU Foundation, the University has contracted the firm of Ernst & Young to conduct a management audit of the Foundation, Development, and Business Affairs offices. With the anticipation of a substantial increase of private gift development, it is important that our systems, controls, and processes are up to speed in handling these privately secured funds.

- Farewell was given to Interim University Legal Counsel Elizabeth Blincoe, who will be retiring from the University as of December 31, 1998.

- Pending Board of Regents action today, a welcome was given to the following individuals:
  - Sara Sidebottom, the incoming University Legal Counsel.
  - Martha Malloy, Interim Director of the University Human Resources office, formerly known as the Office of Personnel Services. Regent Malloy was commended for her good reputation throughout the Commonwealth for her work as the University's Director of the Career Development Center.
  - Ken Ramey, Interim Assistant Vice President for Business Affairs.

- Acknowledgment/recognition was given to the following individuals:
  - Susan Ahearn, the new Assistant Vice President and Director of Development.
  - Mike Baker, Interim Vice President for Administration and Finance.
  - Gerald Hunter, Assistant Vice President for Administration and Finance and Interim Budget Director. Comments were made on his excellent budget presentation given for the Board earlier in the day.

Resolution:

A resolution was offered recognizing the many contributions of Dr. Roy P. Peterson, who served higher education with distinction as a teacher, administrator, and public official. A motion was made by Regent Sparks and seconded by Regent Poston to accept the Resolution for Dr. Roy P. Peterson. **Motion carried.**

A. **Presidential Reports:**

1. **Recognition of Jennifer Freeman:** Provost Gaston commented on the context of the recognition of Ms. Freeman, a graduate student in our School of Education, stemming from the University's reciprocity agreement. The expansion of the graduate agreement involved Ms. Freeman's efforts. Associate Vice Provost Appleson gave a brief description of Ms. Freeman's contribution to NKU's ability to serve Ohio residents who teach in northern Kentucky. Ms. Freeman was presented with a certificate of appreciation in recognition of her contribution.

2. **Summary of Grant and Contract Activity - July 1, 1998-September 30, 1998:** Provost Gaston made a brief comment on the quarterly report and indicated that the Grant and Contract information would be provided to the Board on a broader timeline rather than on a yearly basis, which will allow the Board a better opportunity for review of this activity. Provost Gaston commented on the increase in funds approved and the decline in terms of proposals submitted for this period. A more aggressive approach will be given to encouragement for proposal writing, and a report will be given on this activity at the next Board Meeting.

3. **Year 2000 Project:** Vice President Baker commented on the report which was done in response to an inquiry at the October 7, 1998 Board meeting. A Task Force has been formed and a report will be given quarterly to the Board until the year 2000 on this activity. The technology units are in good order and the Financial and Human Records are presently compliant for the Year 2000. It is probable that the University's Student

Information System (SIS) should convert in December. Internal Auditor Allen Stone will review the systems for compliance.

4. **Northern Kentucky University Health Care Contract:** In 1998, the Kentucky legislature passed HB 315 which terminated the Kentucky Health Purchasing Alliance. As a result of this action, the Purchasing Office issued a Request for Proposal NS-6-99 soliciting proposals for health insurance coverage for the University's employees. Vice President Baker briefly commented on the termination of the Kentucky Health Purchasing Alliance as of December 3, 1999 and the new contract with PacifiCare, the University's health care provider effective January 1, 1999. Vice President Baker commented on the town meetings held to address the various concerns expressed by University employees pertaining particularly to the increase in employee contribution levels. Because the University went from six health care providers to one, the rates increased with some of the rates being higher than indicated in the report. The University's contribution rate increased 14% which is within the budget.

5. **Facilities Management**: Vice President Baker commended Mary Paula Schuh and Dan Drake for their contribution to the current projects mentioned in the report:
   * Natural Science Building
   * Parking Structure
   * Fire Alarm Modernization
   * New Softball Field
   * New Campus Entrance/Sign
   * Res. Village Network Cabling Project
   * Storage Facility Roof Replacement
   * Herrmann Ctr./NKU Foundation and Alumni Affairs
   * Honors House
   * Red Grooms Sculpture Relocation
   * Lane Mural
   * BEP Plaza Reconstruction
   * NKU Convocation Center
   * Master Plan
   * Deferred Maintenance and Government Mandates 50/50 Match Pool

   Vice President Baker wanted to highlight the Board involvement related to the Master Plan, Item #14, in the Facilities Management report. This process should begin in Spring 1999, and the Board will be kept apprized of the updates on the Master Plan efforts.

   With the recent fire at Murray State University, Chair Downing asked Vice President Baker to comment on Fire Alarm Modernization, Item #3, in the Facilities Management report. Vice President Baker commented that the University was in compliance related to the Residential Village. The University was in compliance prior to the fire at Murray. Working with the Council on Postsecondary Education, NKU was the only university in the state in total compliance because the University was built during a period where sprinkler systems were in place. As a result, NKU has a much higher debt.

B. Presidential Recommendations:

Consent Agenda Items:

A motion was made by Regent Hendrickson and seconded by Regent Mecher to approve the following Presidential Recommendations as listed below (1-6). **Motion carried.**

1. **Academic Affairs Personnel Actions:**

   Administrative Appointment: James O. Luken, from Professor in the Biological Sciences Department to Interim Chair and Professor in the Biological Sciences Department, effective January 1, 1999 through May 15, 1999.

2. **Temporary Faculty Appointments:** Temporary faculty appointments for the 1998-99 academic year received Board of Regents approval: Tsila Evers, School of Education, and Rachel Votruba, School of Education.

3. **Amending the Graduate Reciprocity Agreement with the University of Cincinnati:** The Board approved amending the graduate reciprocity agreement with the University of Cincinnati to allow up to 25 residents of eligible Ohio counties who are full-time K-12 teachers in northern Kentucky to receive reciprocity, effective spring semester 1999 and thereafter, in Master's-level teacher education at Northern Kentucky University. Similarly, the amendment will allow up to 25 residents of eligible northern Kentucky counties who are full-time K-12 teachers in Ohio to receive reciprocity in Master's-level teacher education at the University of Cincinnati.

4. **Combined Units of Media Services and Academic Computing be named Academic Technology and Services**: The Board approved combining units of Media Services and Academic Computing to be named Academic Technology and Services. Following approval of the reorganization of Academic Affairs, teams from the areas affected met during the last few months to examine current and future operations. As a result of the process, the combined team recommended adoption of a new name, Academic Technology and Services (ATS), effective January 1, 1999.

5. **Administrative Personnel Actions:** The following administrative personnel actions received Board approval:

   Appointments: Kenneth H. Ramey, Interim Assistant Vice President for Business Affairs, effective November 1, 1998; and Sara L. Sidebottom, University Legal Counsel, effective December 1, 1998.

6. **Non-Academic Personnel Actions**: The following non-academic personnel actions which occurred between September 19, 1998 and November 13, 1998 received Board approval: Activations; Contract to Regular Status; Reclassifications; Regular to Contract; Temporary to Regular; Promotions; Transfers, Reassignments, Title Changes; and Terminations.

C. **Regent Recommendation:**

1. **Bylaw Revision:**

   President Votruba indicated that this item clarifies the Bylaw revision consistent with Robin J. Crigler's position as Executive Assistant to the President and Secretary to the Board of Regents.

   A motion was made by Regent Taliaferro and seconded by Regent Malloy to adopt the following changes to the Bylaws, Article III, C., to read: "The Executive Assistant to the President and Secretary to the Board of Regents shall provide support in the preparation for meetings, serve as a liaison between individual Board Members and the President. The Administrative Assistant to the Office of the President shall record the minutes of meetings of the Board of Regents." **Motion carried.**

At 2:40 p.m. a motion was made by Chair Downing and seconded by Regent Poston to call an executive session to discuss legal actions involving the University. **Motion carried.**

The Board of Regents reconvened at 3:40 p.m.

Chair Downing reported that various legal issues were discussed during Executive Session with no action taken.

With no further business, Chair Downing adjourned the meeting at 3:45 p.m.

Board of Regents Meeting
University Center Ballroom
January 27, 1999 - 1:00 p.m.

The regular meeting of the Board of Regents of Northern Kentucky University was called to order at1:07 p.m. on Wednesday, January 27, 1999, by Chair Frank K. Downing.

Invocation was presented by Provost Paul Gaston.

Roll Call: Barry Andersen, Frank Downing, Mary Alice D. Hasty, Kathryn Hendrickson, Martha Malloy, Gregory Mecher, James Poston, Alice Sparks, Philip Taliaferro, and Robert Zapp (Excused - William Verst).

Others Present: James C. Votruba, Gary W. Graff, Cliff Shisler, Robert R. Appleson, Forrest Berkshire - *The Northerner (*campus newspaper), Gina Holt - *The Recorder* newspapers, Andrea Tortora - *The Kentucky Enquirer*, Charles E. Frank, Wes Wright, Nina Thomas, Lowell Schechter, Mark Shanley, Paul Gaston, William Nester, Robin J. Crigler, Gerald E. Hunter, Michael Baker, Sonda Cummins, Rogers Redding, Mary Ryan, Barbara Holland, Sara Sidebottom, Gail Wells, Jerry Warner, Lee Otte, Joe Wind, Susan Ahearn, Joe Ruh, Claire Newman, Charles E. Frank, Stephanie Baker, J. Michael Thomson, Marian Winner, Bill Lamb, Ron Ellis and Lilla Losey.

President Votruba thanked Provost Gaston for giving the invocation and mentioned that it was a special invocation written by Provost Gaston to be used at the Board of Regents meetings.

The minutes of the December 2, 1998, regular meeting of the Board of Regents were accepted as presented with no changes.

Presidential Comments:

- Special thanks were given to all NKU personnel, particularly Physical Plant, Public Safety, and the Office of the Registrar, who worked to keep the campus open and running due to the recent severe weather conditions for students, faculty, and staff.

- Spring registration showed gains from last spring:
  - Headcount is up .2%
  - FTE has increased nearly 1%
  - First-time freshmen increased by 66 students
  - African-American students increased by 21 students or 5%

- Last fall, 30 distinguished scholars were enrolled. All 30 of those students are back this spring semester. Vice President Shanley reported that their average GPA was at 3.63, with eight of those students receiving a 4.0, and roughly 2/3 of those students are in the Honors Program.

- The Honors House will be dedicated later this spring semester.

- The Fidelity Call-In Center will be dedicated on February 2, 1999, at 11:15 a.m. Governor Patton will be on campus to help with ribbon-cutting for that dedication. The campus community was invited to attend. This Center represents the development of a continuing partnership between NKU and Fidelity Investments. The Center will employ approximately 180 of our students. Combined with Delta, approximately 350 NKU students will be working on campus in industries which may offer future opportunities for them.

- With no requests for further information, the Southern Association of Colleges and Schools Commission on Colleges (SACS) gave the University its highest accreditation.

- Recognition was given to Chase College of Law on its accreditation from the American Bar Association

(ABA) and Association of American Law Schools (AALS) this past December. Congratulations and thanks were extended to Dean Short, Associate Dean Schechter and others responsible for this accomplishment. These reports are particularly important to the Law School in its present search for a new Dean.

- The proposal for the Center for Integrative Natural Science and Mathematics (A Program of Distinction) was discussed at the Board Committee meeting earlier that morning. This Center represents our future and will be highly interdisciplinary, involving active hands-on science through faculty research, internships in business and industry, and outreach to P-12 education. This proposal will go to the Council on PostSecondary Education (CPE) as soon as it has been endorsed by the Board of Regents. The proposal will come before the Board at the March 31, 1999 meeting.

  Recognition was given to Provost Gaston, Dean Redding, Chair Wells and all faculty and staff responsible for making this proposal possible.

- The Environmental Resource Management Center will provide support for the Metropolitan region for environmental assessment, environmental plans, in addition to technical assistance and opportunities for our students to work in the real world related to environmental issues. This service enhances our core mission to promote learning among our students. The Center is also a partnership between NKU and the NKU Foundation in terms of funding.

  Recognition was given to Dean Redding and Chair Wells for their work on the proposal. A special recognition was also given to Professor Jerry Warner, Biological Sciences, for his leadership on this proposal.

- University studies currently underway:
  - The National Council on Higher Education and Management Systems (NCHEMS) will be working with the University over the next few months to establish a set of benchmark institutions for the University to make comparisons on budget priorities.
  - Collegis–A consultant organization brought in to help the University organize its information technology. A final report will be given to the University in a few weeks.
  - Arena Study–A consultant for the University will soon have a preliminary report with a final report to follow shortly thereafter.

- Concerning the current search for the Dean of Chase College of Law and the role that the University plays in politics and political correctness, the Kevin Murphy January 7, 1999, article, "NKU discriminates against opinions," and the President's January 25, 1999, response to Mr. Steve Olding, Editor, Recorder Newspapers, were mentioned. Kevin Murphy, Recorder Columnist, is also a local attorney and former head of the Kenton County Republican Party.

- Regent Mecher was asked to comment on Homecoming activities and the upcoming Magic Johnson presentation, "Overcoming the Odds," on February 7, 1999. He encouraged everyone to attend the activities.

- In reference to the recent break-ins at the Residence Halls, the areas around the Residence Halls have been made more secure (shrubbery & low level brush trimmed).

A. **Committee Reports:**

Policy Committee:

Regent Taliaferro, Committee Chair, reported that President Votruba (team leader) with the team members of Provost Gaston, Dean Redding, Associate Provost Holland, Chair Wells, Dr. Luken made spectacular presentations on both the Center for Integrative Natural Science and Mathematics (A Program of Distinction) and

Environmental Resource Management Center proposals. Regent Taliaferro mentioned Chair Downing's statement made during the earlier Committee meeting that these two proposals were really "a new way of delivering a product and a new product line." Regent Taliaferro agreed with this statement.

- The Program of Distinction – funding will entail 1.5 million recurring.
- Environmental Resource Management Center – funding will entail approximately $100,000 in University funds in combination with $100,000 in Foundation funding.

A motion was made by Regent Sparks and seconded by Regent Malloy to approve and submit to the Council for Postsecondary Education the proposal for the Center for Integrative Natural Science and Mathematics, "A Program of Distinction." **Motion carried.**

Finance Committee:

Regent Zapp, Committee Chair, reported that the school fees and charges were reviewed for the upcoming year. Budget Director Gerald Hunter and Interim Vice President Baker were congratulated for their explanation to the Board on the modest fee increases.

B. Presidential Reports:

1. **Grant and Contract Activity:** Provost Gaston indicated that there was an increase in funding and proposals as indicated in the report. Modest changes in this area from quarter to quarter can have dramatic results. There will be negative factors influencing this report over the next six months to one year. The failure of Congress to fully re-authorize the Carl Perkins Act may mean the University will lose funding for the ReEntry Center. Provost Gaston indicated that the level of proposal writing on behalf of the faculty and staff was increasing, particularly among the newest faculty.

2. **1999-2000 Faculty Development Awards: Project Grants:** Provost Gaston did not have anything to add to this report and indicated that this was a responsible process and felt that the faculty members do a terrific job in responding to the objectives set forth.

3. **1999-2000 Faculty Development Awards: Summer Fellowships:** Provost Gaston did not have additional information to add to this report.

4. **Quarterly Financial Report:** Interim Vice President Baker indicated that the University was within the budget and is consistent with years past.

5. **A-133 Audit of Federal Programs:** Interim Vice President Baker reported that this was a very detailed yearly audit of Federal programs which included the Office of Financial Aid, Office of Grants and Contracts, and the Office of Accounting and Budgetary Control, among others. Those offices have received a very thorough review with no findings.

6. **Facilities Management:** Interim Vice President Baker stated that this report was very consistent with what was reported at the December 2, 1998, Board meeting. Significant progress is being made with several University groundbreakings in the next six months. Chair Downing asked about a tentative groundbreaking date for the Parking Structure. Interim Vice President Baker indicated that the Parking Structure groundbreaking was planned for this coming March and sometime this summer for the Science Center. President Votruba asked for a date on the Science Center as early as possible.

   Regent Mecher asked about the status on the new paving for parking behind the Residence Halls. Interim Vice President Baker stated that there are two additions to parking which should be open in the Fall.

C. **Presidential Recommendations:**

Consent Agenda Items:

A motion was made by Regent Poston and seconded by Regent Zapp to approve the following Presidential Recommendations as listed below (1-13). **Motion carried.**

1. **Academic Affairs Personnel Actions:**

Administrative Appointment: Jerald H. Richards, from Interim Chair and Professor of Philosophy in the Sociology, Anthropology, and Philosophy Department to Chair and Professor of Philosophy in the Sociology, Anthropology, and Philosophy Department, effective January 1, 1999.

Faculty Appointment: Craig Agneberg, Associate Professor in the Technology Department, effective January 1, 1999.

Resignation: Jack O'Gorman, Assistant Professor in the W. Frank Steely Library, effective January 22, 1999.

Retirements: Lynn Langmeyer, Professor in the Management and Marketing Department, through the Retirement Incentive Program, effective with the 2000-2001 academic year; Janet Miller, Professor in the School of Education, through the Retirement Incentive Program, effective with the 1999-2000 academic year; Vincent G. Schulte, Associate Professor in the Psychology Department, through the Retirement Incentive Program, effective with the 1999-2000 academic year; Robert L. Seaver, Professor in the Chase College of Law, through the Retirement Incentive Program, effective with the 1999-2000 academic year; Janis L. Taylor, Associate Professor in the Communications Department, through the Retirement Incentive Program, effective with the 1999-2000 academic year; and Constance C. Widmer, Professor in the School of Education, through the Retirement Incentive Program, effective with the 1999-2000 academic year.

2. **Promotion, Tenure, Continued Probation, and Continued Probation with Conditions to be Removed:**

Promotion for the 1998-1999 Academic Year: Lewis E. Workman
Promotion for the 1999-2000 Academic Year: Steven Finke, Robert W. Wilcox, Thomas H. Leech, Maria Falbo-Kenkel, Edward C. Chang, George D. Goedel, Stephen C. Richards, Terry D. Powell, George R. Aldhizer, Fred M. Beasley, Banwari Mittal, Trina L. Koscielicki, and Niaz M. Latif.

Tenure for the 1999-2000 Academic Year: Steven Finke, Robert W. Wilcox, Paige B. Byam, Thomas H. Leech, Stephen C. Richards, Terry D. Powell, George R. Aldhizer, Fred M. Beasley, Trina L. Koscielicki, and Robert A. Langenderfer.

Continued Probation for the 1999-2000 Academic Year: Lisa Jameson, Laura Rosenfeld, Kristine Yohe, Gina Foletta, Kristin Pfabe, Carol Dunevant, Steven Dent, Maria Falbo-Kenkel, Shamima Ahmed, Edward Chang, Douglas Krull, Yushi Li, Shailendra Verma, Rebecca White, Stephanie Barnes, James Roeder, Susan Cantrell, Jon Draud, Michele Roszmann-Millican, Carol Ryan, Allen Seed, Nancy Batchelor, Ann Dollins, Mary Gers, Louise Niemer, Jihad Albayyari, Daryl Orth, Harold Wiebe, David Franklyn, Timothy Hall, Claudia Zaher, and Donna Smith.

Continued Probation with Conditions to be Removed for the 1999-2000 Academic Year: Lisa Elderbrock, Patricia Knox, Deborah Pressly, Robert Brautigan, Ruth Champion, and Edward Brewer.

3. **Temporary Faculty Appointments for the 1999 Spring Semester:** Lee Otte (Visiting Lecturer, effective February 1 to May 15, 1999), Paul Gooden, Virginia Paddock, Gregory Bigot, Rebecca Hawkins, James Nicholson, Kelly Pitocco, Pamela Tyahur, and Ernescia Torbert.

4. **Sabbatical Leave for the 1999-2000 Academic Year:** Michael C. C. Adams, one semester; David Bishop, one semester; Kevin Booher, academic year; Stephen Boyd, one semester; Jerry Carpenter, one semester; Thomas Cate, one semester; Kent Curtis, one semester; Tripta Desai, one semester; Steven Finke, academic year; Carol Furnish, one semester; Diane Gronefeld, one semester; Frances Mosser, one semester; Robert Naczi, one semester; Blas Puente-Baldoceda, one semester; Paul Schloemer, one semester; Leslie Turner, one semester; and Gail Wells, one semester.

5. **Non-Academic Personnel Actions:** President Votruba recommended approval of the following non-personnel actions which occurred between November 14, 1998, and January 13, 1999: Activations; Contract to Regular Status; Temporary to Regular; Promotions; Transfers, Reassignments, Title Changes; and Terminations.

6. **Ratification of the 1999-2000 Tuition Rates:** President Votruba recommended approval to ratify the 1999-2000 tuition rates set forth as established and mandated by the Council on Postsecondary Education. The rates become effective for the Fall 1999 semester.

7. **Resolution to delegate to the Executive Committee all action required to authorize and issue bonds to finance a parking structure:** This item was pulled from the Consent Agenda items by Interim Vice President Baker to be considered as a separate action item. The Resolution would delegate to the Executive Committee all action required to authorize and issue bonds to finance a parking structure and to advance refund certain outstanding Consolidated Educational Buildings Revenue Bonds (CEBRB) Series F and Series G as economically feasible. A motion was made by Regent Zapp and seconded by Regent Hasty to approve the Resolution as presented. **Motion carried.**

8. **Resolution to authorize the University Treasurer, W. Michael Baker, to access funds on deposit in the Housing Systems Repair and Replacement Fund:** This resolution will fund up to $120,000 for the purpose of major repairs to the Housing System. The Treasurer shall not reduce the fund below the required minimum balance of $200,000. These funds are needed for extraordinary repairs to the system that were not anticipated nor provided for in the University's budget. These repairs are necessary in order to protect the bondholders' investment in the system. This action is in accordance with the provisions of Section 6.07 of the bond indenture. The University shall implement a plan to restore the Housing Systems Repair and Replacement Fund to the required funding level of $348,140 within a four-year period from the date of withdrawal.

9. **Leasing of the second floor area of the Mark R. Herrmann Reception Center:** President Votruba recommended that the Board of Regents approve the leasing of the second floor area of the Mark R. Herrmann Reception Center.

10. **Demolition of the house located at 406 Johns Hill Road:** President Votruba recommended that the Board of Regents authorize the University to proceed with demolition of the house located at 406 Johns Hill Road.

11. **Amendment to Part One of the *Chase College of Law Faculty Policies and Procedures Handbook*:** President Votruba recommended that the Board of Regents approve the amendment to Part One of the *Chase College of Law Faculty Policies and Procedures Handbook.* The amendment of Article XIV. GRIEVANCES, Section B. PEER REVIEW COMMITTEES preserves the guarantee of due process for faculty while providing greater opportunity for articulating all sides of an issue. The Chase College of Law Faculty approved the amendment of the *Chase Faculty Handbook* at its December 9, 1998, meeting, and the Dean and the Provost endorse approval of the recommendation.

12. **Amendment to Part One of the *Faculty Policies and Procedures Handbook 1994***: President Votruba recommended that the Board of Regents approve Part One of the *Faculty Policies and Procedures Handbook 1994.* The amendment of Article XIII, FACULTY WORKLOAD POLICY, responds to concerns expressed by SACS in connection with its standards on Externally Funded Grants and Contracts. The standards call for "a clear policy concerning a faculty member's division of obligations between research and other academic activities," and ensuring "that this policy is published in such documents as the faculty handbook and made known to all faculty members." The Faculty Senate approved the amendment of the *Faculty Handbook* at its November 23, 1998, meeting.

13. **Revisions to Regents Professorship Program:** President Votruba recommended that the Board of Regents approve the amended statement governing the Regents Professor Program. The Board of Regents established the Regents Professor program on May 9, 1990. Because the initial policy offered no guidelines for its reference to "renewal beyond the initial six year appointment," the Board passed on November 20, 1996, a brief amendment governing renewal. The resulting policy creates several anomalies, the most prominent of which is that a highly demanding process leading to reappointment confers no benefits on the reappointed faculty member. The amended policy reflects close consultation among the President, the Provost, and current Regents Professor appointees. It enables those appointed Regents Professor to retain the title for the duration of their tenure at the University but requires those seeking renewal of reassigned time benefits beyond the initial six-year appointment period to apply for such benefits through a separate process requiring committee review and Board of Regents approval. The applicable criteria for renewal will be those established by the Board of Regents for initial appointment.

14. **Comprehensive Schedule of Fees and Charges for Academic Year 1999-2000:** At the Regents Finance Committee meeting earlier that day, the decision was made to pull the "Invest for Success Initiative" section as an action item for this Board of Regents meeting. The student leaders needed more time (30 or 40 days) to review the initiative. This Initiative may be introduced as an action item at a special session or at the next Board meeting on March 31, 1999. A motion was made by Regent Zapp and seconded by Regent Hendrickson to approve the Recommendation, C-14, with the exception of the "Invest for Success Initiative." **Motion carried.**

15. **Environmental Resource Management Center:** President Votruba and Chair Downing both indicated that they were very pleased with this proposal.

    The Environmental Resources Management Center would provide environmental education, research, consulting, and community services by involving NKU students, faculty, and a staff of experienced professionals in providing technical and regulatory assistance related to the region's environmental needs and issues. The Center will create partnerships with business and government across the Greater Cincinnati/Northern Kentucky region that involve grants, contracts, publications, forums and other research and education programs. The Center's activities will help prepare students to enter the environmental sciences and services work force, and will further expand NKU's contributions to the sustainability of a healthy regional economy and livable community. It is designed to be self-supporting within two years.

    A motion was made by Regent Malloy and seconded by Regent Andersen to approve the resolution as presented.

    Regent Andersen congratulated the people who worked very hard to put both proposals together. He felt that these proposals will have every opportunity to succeed and will enhance the stature of the University, both internally and externally. With no further discussion, **motion carried.**

Dean Redding introduced Dr. Lee Otte, the University's new Director of the Environmental Resource Management Center.

Chair Downing introduced Wes Wright, Director of Constituency Services with Representative Ken Lucas and an NKU alum.

At 1:55 p.m. a motion was made by Regent Mecher and seconded by Regent Andersen to call an executive session to discuss legal actions involving the University.

The Board of Regents reconvened at 2:25 p.m.

With no further business, Chair Downing adjourned the meeting at 2:30 p.m.

March 31, 1999

The regular meeting of the Board of Regents of Northern Kentucky University was called to order at 1:05 p.m. on Wednesday, March 31, 1999, by Chair Frank K. Downing.

The invocation was given by Chair Downing.

Roll Call: Barry Andersen, Frank Downing, Mary Alice D. Hasty, Kathryn Hendrickson, Martha Malloy, Gregory Mecher, Alice Sparks, Philip Taliaferro, and William Verst (Excused - James Poston and Robert Zapp).

Others Present: James C. Votruba, Cliff Shisler, Gerald E. Hunter, Robin Crigler, Michael Baker, Paul Gaston, Mark Shanley, William Nester, Angie Gabbard, Angela Schaffer, Mary Ryan, Marilyn Gosney, Sara Sidebottom, Cheryl Nunez, Debbie McKinney, Joe Wind, Ron Ellis, Joe Ruh, Robert Neely, Stephanie Baker, Bill Lamb, Allen Stone, Charles Frank, Jenifer Kues, Andrea Tortora - *The Kentucky Enquirer*, Russ Kerdolff, Jim Alford, Gina Holt - *The Recorder* newspapers, Lowell Schechter, Mike Carrell, David Short, Daniel Curtin, Rosetta J. Mauldin, Gary Graff, Debra Ann Vance - *The Kentucky Post*, J. Michael Thomson, Paul Riechardt and Lilla Losey.

The minutes of the January 27, 1999, regular meeting of the Board of Regents were accepted as presented with no changes.

President Votruba made the following points:

- The passage of Federal Title IX legislation twenty-seven years ago, which mandated gender equity in intercollegiate athletics, has had profound impact on the quality and scope of women's participation in athletics. The current level of funding and competitiveness of women's athletics at NKU represent a great example of that movement;
- NKU Student Government made a commitment a year ago to redirect the athletic fee to put all NKU athletic teams on a level playing field financially and to achieve gender equity; and
- The University is proud of the fact that NKU is closer today to attaining gender equity in athletics than the vast majority of other institutions in this region and is one of the few universities in the nation close to reaching gender equity.

In honor of our female athletes' accomplishments, President Votruba introduced: Jane Meier, Director of Intercollegiate Athletics; Nancy Winstel, Associate Director III/Women's Basketball Coach and Mary Biermann, Women's Volleyball Coach. Two resolutions were presented by President Votruba for outstanding achievement and performance in women's athletics for the 1998/99 season in volleyball and basketball. A motion was made by Regent Sparks and seconded by Regent Malloy to approve the resolutions as presented. **Motion carried.**

Vice President Baker introduced Patrik Bowman from NBBJ who gave the Board an overview of the University's Master Plan. Mr. Bowman reviewed the various stages of the Campus Master Plan and highlighted the time frame.

Mr. Bowman indicated that he will review the Master Plan at the January 2000 Board of Regents meeting and that an update of the Master Plan is needed every five years.

Vice President Baker mentioned that the Regents will be involved with the Master Plan process at various stages. At the May 5, 1999 Board of Regents Committee meeting there will be an opportunity for the Regents to offer their vision of the University.

President Votruba mentioned that the University has greater facility utilization than any other university in the Commonwealth. We will be working to provide a warm, inviting, and aesthetically pleasing campus. It is important for the Board to present their views on these issues.

Chair Downing introduced Ms. Debbie McKinney, State Director for Senator Jim Bunning's Office, who reported that Senator Bunning has written letters of request on behalf of the University to the Education Appropriations Committee to restore the Fund for Improvement on Postsecondary Education (FIPSE).

Presidential Comments:

- At the January 27, 1999, meeting the Board of Regents approved the Center for Integrative Natural Science and Mathematics (CINSAM). The program has now been approved by the Council on Postsecondary Education (CPE) which includes $750,000 in recurring funds to support the Center, including another $1,500,000 in scholarship endowment and $1,500,000 on a one-time basis for equipment and other related items.

- The 1999-2000 Budget Process establishes a strong link between planning and budgeting. It introduces higher levels of accountability for outcomes to be achieved through the University resources. The University is being treated favorably by the CPE in regard to benchmarking (establishment of a set of institutions against which the University will be compared). The intent of the CPE is to move NKU from being 55% tuition driven to 34% tuition driven. NKU is the highest tuition-driven institution in the Commonwealth by 10 or 12%.

- Vice President Nester has indicated his intent to retire as Vice President for University Relations and Development. Thanks were given for his wise advice and counsel across a broad range of issues of vital concern to the campus. On a personal note, President Votruba thanked Vice President Nester for his personal counsel, colleagueship, and friendship. There will be a national search for a new vice president with Vice President Nester chairing the search. The position is expected to be filled by early fall.

A. **Committee Reports:**

Policy and Finance Committees:

Chair Downing reported that, in the absence of Regent Zapp, the Policy and Finance Committees met together that morning with an excellent briefing by Vice President Baker and Budget Director Hunter concerning the 1999-2000 budget activities.

President Votruba mentioned the opportunity to review the Invest for Success Initiative and the support for the four areas discussed earlier (first-year programs, learning communities, academic advising, and developmental support in student activities).

B. Presidential Reports:

1. **Facilities Management:** Vice President Baker commended Mary Paula Schuh, Campus Planning, and Daniel Drake, Physical Plant, for their hard work on the many current campus projects. The groundbreaking for the Parking Garage is planned for next month. The Science Center project should begin this summer.

C. Presidential Recommendations:

Consent Agenda Items:

A motion was made by Regent Sparks and seconded by Regent Malloy to approve the following Presidential Recommendations as listed below (1-8). **Motion carried.**

1. **One-Year Qualitative Waiver of Limitations under the Provisions of Administrative Regulation 13 KAR 2:060, implementing the Kentucky Plan for Equal Opportunities:** President Votruba recommended for approval by the Board of Regents of Northern Kentucky University a one-year qualitative waiver of limitations under the Provisions of Administrative Regulation 13 KAR 2:060, implementing the Kentucky Plan for Equal Opportunities. As set forth in a letter from Dr. Gordon Davies, President of the Council on Postsecondary Education, the University must request a waiver to allow approval by CPE of proposals for new academic programs during the present calendar year. Currently, two such proposals are pending before the CPE, a Bachelor's in Environmental Science and Master's in Computer Science. The Master's in Instructional Leadership, would also be affected.

2. **1998-2004 Six Year Capital Plan:** President Votruba recommended that the Board of Regents adopt the 1998-2004 Six Year Capital Plan.

3. **Non-Academic Personnel Actions:** President Votruba recommended that the Board of Regents approve the following categories of non-academic personnel actions which occurred between January 14, 1999, and March 15, 1999: Activations; Promotions; Transfers, Reassignments, and Title Changes; Status Change; Reclassifications and Re-engineering; and Terminations.

4. **Administrative Personnel Actions:**

   Appointments: Gerald E. Hunter, Associate Vice President and Budget Director, effective February 1, 1999 and W. Michael Baker, Vice President for Administration and Finance/Treasurer, effective March 1, 1999.

5. **Academic Affairs Personnel Actions:**

   Faculty Appointments: Tamara Faith O'Callaghan, Assistant Professor in the Literature and Language Department, effective August 18, 1999; and Patrick Schultheis, Assistant Professor in the Biological Sciences Department, effective August 18, 1999.

   Leaves, Paid/Unpaid: Carrie McCoy, Associate Professor in the Nursing Department, unpaid leave with benefits for the 1999-2000 academic year; and David C. Short, Professor of Law in the Salmon P. Chase College of Law, paid administrative leave with benefits for the fall 1999 semester.

Resignation: Harriette Richard, Assistant Professor in the Psychology Department, effective February 19, 1999.

6. **Promotion beginning with the 1999-2000 Academic Year:** Paige B. Byam.

7. **Continued Probation for the 1999-2000 Academic Year for First-Year Faculty:** Breuna Baine, Kay N. Harper, Roxanne Kent-Drury, Richard S. Linder, James Clingermayer, Jo Ann Ewalt, Dennis Davenport, John White, Jeffrey Donaldson, Dean Keifer, Debra Kasel, Cady Short-Thompson, Linda Welker, Linda Daniels, Simone Bess, Jennifer Bales and Richard Bales.

8. **Temporary Faculty Appointments for the 1999 Spring Semester:** Barry R. Dalton, Visiting Lecturer, effective February 22 to June 30, 1999; and Nicole Justice, effective January 19 to June 30, 1999.

9. **Fee Enhancement to fund the "Invest for Success Initiative:** President Votruba mentioned that this plan has been discussed broadly across the campus by the students, faculty and staff through the process of two town meetings. Regent Mecher thanked the Administration and President Votruba for taking the time to get student input before acting on this issue.

   A motion was made by Regent Andersen and seconded by Regent Mecher to approve the Fee Enhancement to fund the "Invest for Success Initiative." **Motion carried.**

10. **A New Program, Master of Education in the College of Professional Studies, School of Education, as outlined in the accompanying proposal, be approved for initiation during the summer of 2000:** This program will prepare these principals at the master's level rather than the post-master's level, and NKU's College of Professional Studies, School of Education is taking advantage of that change in state requirements. It will be structured so that students can complete a 33-hour master's program in two consecutive summers while taking two "bridge" courses during the intervening fall and spring semesters. In order to be recommended for the Certificate for Instructional Leadership-School Principal, P-12, students must successfully pass appropriate testing required by the Kentucky Department of Education.

    A motion was made by Regent Hendrickson and seconded by Regent Verst to approve the "New Program, Master of Education in the College of Professional Studies, School of Education" proposal as presented. Discussion followed. **Motion carried.**

11. **Fiscal year 1999-00 Annual Budget for Northern Kentucky University:** President Votruba recommended that the Board of Regents approve the resolution establishing and approving the Fiscal Year 1999-00 Annual Budget for Northern Kentucky University. A motion was made by Regent Verst and seconded by Regent Malloy to approve the resolution.

    On behalf of the faculty, Regent Andersen thanked all involved in the budget process for the increased support for our "core enterprise" of teaching students in terms of increasing the number of full-time faculty and increasing the operating budget. With no further discussion, **motion carried.**

At 2:00 p.m. a motion was made by Regent Taliaferro and seconded by Regent Mecher to call an executive session to discuss personnel and legal matters involving the University. **Motion carried.**

The Board of Regents reconvened at 2:45 p.m.

A motion was made by Regent Hendrickson and seconded by Regent Mecher that the Board of Regents

designate Candidate A to receive NKU's honorary doctorate degree. **Motion carried.**

A motion was made by Regent Verst and seconded by Regent Taliaferro that the Board of Regents designate Candidate B to receive NKU's honorary doctorate degree. **Motion carried.**

A motion was made by Regent Malloy and seconded by Regent Hasty that the Board of Regents designate Candidate C to receive NKU's honorary doctorate degree. **Motion carried.**

Chair Downing mentioned a naming opportunity for a building on campus, designated as Building X with Candidate Y to be the nominee to receive the naming opportunity. A motion was made by Regent Sparks and seconded by Regent Verst for the University to pursue the naming opportunity with Candidate Y. **Motion carried.**

With no further business, Chair Downing adjourned the meeting at 2:50 p.m.

Board of Regents Meeting
University Center Ballroom
May 5, 1999

The regular meeting of the Board of Regents of Northern Kentucky University was called to order at1:05 p.m. on Wednesday, May 5, 1999, by Vice Chair Philip Taliaferro.

The invocation was given by Vice Chair Taliaferro.

Roll Call: Barry Andersen, Mary Alice D. Hasty, Martha Malloy, Gregory Mecher, James Poston, Alice Sparks, Philip Taliaferro, William Verst, and Robert Zapp (Excused - Frank Downing and Kathryn Hendrickson).

Others Present: James C. Votruba, Robin Crigler, Michael Baker, Paul Gaston, Mark Shanley, William Nester, Angie Gabbard, Sara Sidebottom, David Short, Ron Ellis, Joe Ruh, Russ Kerdolff, Mike Carrell, Sonda Cummins, Joe Wind, Mary Ryan, Marian Winner, Mary Paula Schuh, Bill Lamb, Ken Ramey, Claire Newman, Charles Frank, Susan Ahearn, Jane Schwierjohann, Agina Sullivan, Melissa R. Marck, Alice Sullivan, Jill Diesman, Paul Ellis, Wanda Griffith, Gina Holt- *The Recorder* newspapers, Rosetta J. Mauldin, Rogers Redding, and Lilla Losey.

The minutes of the March 31, 1999, regular meeting of the Board of Regents were accepted as presented with no changes.

Presidential Comments:

- The student award winners for 1999 were acknowledged and asked to stand to be recognized by the Board of Regents and all those present: Regents Award, Jill Diesman, College of Arts and Sciences; Paul J. Sipes Award - Lisa Doss, College of Arts and Sciences; University Service - Carmen Meier and Melissa Marck, College of Arts and Science; Excelsior Award -Agina Sullivan, College of Professional Studies; President's Award - Nino Gigineishvili, College of Arts and Sciences; and Faculty Senate Award - Curtis Hampton, College of Arts and Sciences.

- Regent Gregory Mecher was acknowledged on his last meeting as the student representative for the Board of Regents. Thanks were given not only for his leadership of Student Government but also for his many contributions and good counsel to the Board.

- Thanks were given to the Executive Team, Deans, Directors, Chairs, Faculty, Staff and Students for their efforts for the following University accomplishments and achievements for academic year 1998/1999: the creation of the new Fidelity partnership; the Delta partnership extended; the creation of the Metropolitan Education and Training Services unit; Southern Association of Colleges and Schools (SACS) accreditation; American Bar Association/American Association of Law Schools (ABA /AALS) accreditation; the creation of the Center for Integrative Natural Science and Mathematics (CINSAM); the creation of the Environmental Management Resource Center; a record number of honors students applying for next fall; the creation of the Honors House; a more diverse group of faculty, staff and students on campus; major advances in our strategic agenda in curriculum; more full and part-time faculty members; recruitment and retention/ "Invest in Success" initiative; campus beautification of environment and facilities; the Master Plan for the University--looking toward the next millennium; continued efforts in market adjustment and re-engineering to improve staff effectiveness and satisfaction.

- The NKU Foundation will hold its annual meeting on May 6, 1999. The Foundation was acknowledged for its accomplishment of being first among all Kentucky universities with regard to its management and stewardship of funds with the highest return on its assets. It was also ranked as 60th in the nation in the category of public university foundations.

JUL 14 1999

- This summer for the first time in University history there will be a tuition policy developed that will be aligned with the University's vision, along with the needs of the state and region. At the core of the tuition policy will be the commitment to access and excellence.

- The University will work with Dr. Mike McCall, President of the Kentucky Community and Technical College System to engage a community-wide discussion on the educational needs traditionally served by Community and Technical colleges.

- A comprehensive legal audit of affirmative action policies and procedures will be done in the next 30-40 days by Sara Sidebottom, University Legal Counsel. Ms. Sidebottom will investigate our current practices related to affirmative action (both programs and policies) in regard to current law. In meeting the requirements imposed by the Kentucky Plan, she will chart how the University will track its future in terms of its core values and commitment to diversity and multiculturalism.

- As we move into the new millennium, we need to look at preparing students for life and work. The general studies task group, chaired by Rudy Garns, professor in the Sociology, Anthropology & Philosophy department, will be working hard over the summer to recommend a revised general education curriculum. This is a subgroup of a larger group studying the whole area of general education chaired by Dean Rogers Redding.

- Dr. Tony Atwater has been recommended as the next Dean of the College of Professional Studies. Dr. Atwater comes to NKU from Toledo University.

- Dr. Rosetta Mauldin was commended for her leadership as Interim Dean for the College of Professional Studies during this past academic year.

- The Chase College of Law dean's search drew a strong and talented pool of candidates and is in its final stages. Dean David Short was commended for his leadership as dean and will become part of the Law School faculty after the new dean is chosen.

In regard to their service to the University in their respective roles as dean, Vice Chair Taliaferro commended and thanked both Dean David Short and Interim Dean Rosetta Mauldin for their fine leadership.

A. **<u>Joint Finance and Policy Committee Reports</u>:**

NBBJ, the Campus Master Planners, were in attendance at the meeting.

Discussion included:
- how the University should progress and how it fits into the strategic agenda;
- ways to soften the look of the campus by making it a greener environment;
- creating a sense of intimacy;
- developing an environment in which the students feel comfortable spending quality time here;
- creating points of memory–spiritual hubs;
- making sure the University's vision is not only for NKU but would include the surrounding counties, cities and businesses;
- looking at the University of Louisville's student center which is famous for its sense of user friendliness; and
- greater emphasis placed on the students' social life.

JUL 14 1999

President Votruba encouraged the Campus Community to attend future Board Policy and Finance Committee meetings, which are also open meetings. This is a good opportunity for the University Community to engage with the Board.

B. Presidential Reports:

1. **Facilities Management:** Vice President Baker commented that significant progress was being made on the final planning for the Natural Science Building and that there had been a "ground breaking" for the new Parking Structure, which has a December 1999 completion projected.

2. **Quarterly Financial Report:** Vice President Baker commented that the University was within the budget.

3. **Summary of Grant Activity:** Vice President Gaston commented that we had managed to sustain the level of funds approved; however, there had been a drop in the number of proposals funded. Factors involved in the decline included:
   - funds specifically allocated by governmental agencies (NEH, NEA, etc.) for master's level institutions have been reduced over the last few years (this also effects most universities in AASCU);
   - state Eisenhower awards have been decreased from $200,000 to $60,000;
   - Carl Perkins awards from $150,000 to $80,000; and
   - the Fund for the Improvement for Postsecondary Education (FIPSE) annual competition has been suspended in favor of targeted Congressional allocations to favored projects.

4. **Kentucky Plan Quantitative Waiver Request:** President Votruba commented that, at the March 31, 1999, Board of Regents meeting, the Board reviewed and approved the University's intent to request a Qualitative Waiver from the Council on Postsecondary Education. The numbers have been reassessed making the University eligible for a Quantitative Waiver which is done on the basis of information rather than as a presentation to the Committee on Equal Opportunity. This is a more favorable change in the Council's interpretation of our data and is part of the Kentucky Plan which resulted from a consent judgement involving Kentucky, including several other southern states within the last 10 to 15 years.

C. Presidential Recommendations:

Consent Agenda Items:

A motion was made by Regent Poston and seconded by Regent Malloy to approve the following Presidential Recommendations as listed below (1-4).

Regent Andersen commented on the definition of an Administrative Assistant as it relates to Academic Department Secretaries and how it applies to the pay scale adjustments for that group. President Votruba indicated that both the Grade 17 and 18 salary groups have received salary adjustments for this year, and that our commitment is to continue to improve market salaries in those key areas.

Regent Verst welcomed Justice Donald Wintersheimer as one of our new Adjunct Professors and Distinguished Visiting Jurist in the Salmon P. Chase College of Law. Regent Verst indicated that Justice Wintersheimer graduated with him from Newport Catholic High School in 1949 and is a very fine attorney.

JUL 14 1999

President Votruba also indicated that, with the recommendation of Dean David Short, Justice Wintersheimer will receive an honorary degree from Salmon P. Chase College of Law at the May 15, 1999, Commencement Ceremonies. With no further discussion, **motion carried.**

1. **Non-Academic Personnel Actions:** President Votruba recommended that the Board of Regents approve the following categories of non-academic personnel actions which occurred between March 16, 1999, and April 20, 1999: Activations; Promotions; Transfers, Reassignments, Title Changes; Status Changes; and Terminations.

2. **Academic Affairs Personnel Actions:**

   Administrative Appointment: Tony Atwater, tenured Professor in the Communication Department and Dean of the College of Professional Studies, effective August 1, 1999.

   Faculty Appointments: Patricia L. Bradley, Assistant Professor in the Literature and Language Department, effective August 18, 1999. Cretson L. Dalmadge, Assistant Professor in the Economics, Finance, and Information Systems Department, effective August 18, 1999; Jonathan T. Reynolds, Assistant Professor in the History and Geography Department, effective August 18, 1999; Kenneth S. Rhee, Assistant Professor in the Management and Marketing Department, effective August 18, 1999; Toru Sakaguchi, Assistant Professor in the Economics, Finance, and Information Systems Department, effective August 18, 1999; and Donald C. Wintersheimer, Adjunct Professor and Distinguished Visiting Jurist in the Salmon P. Chase College of Law, effective May 5, 1999.

   Leaves, Paid/Unpaid: Edward C. Chang, Assistant Professor in the Psychology Department, unpaid leave with benefits for the 1999-2000 academic year; Daryl L. Orth, Assistant Professor in the Technology Department, half-time unpaid leave with benefits for the 1999-2000 academic year; and Kathleen Verderber, Professor in the Management and Marketing Department, unpaid leave with benefits, beginning January 1, 2000, and ending May 13, 2000.

   Resignation: Timothy Hall, Assistant Professor in the Salmon P. Chase College of Law, effective May 15, 1999.

3. **Reassigned Time Benefits:** President Votruba recommended that the Board of Regents approve reassigned time benefits equivalent to 50% for an additional six-year term beginning July 1, 1999, for Miriam Kannan, Regents Professor in the Biological Sciences Department, and that the Board of Regents approve reassigned time benefits equivalent to 50% for the four years remaining in the second six-year term (which began July 1, 1997) for Robert Wallace, Regents Professor in the Literature and Language Department.

4. **Emeritus Status:** President Votruba recommended that the Board of Regents approve Emeritus status for the following individuals: Janet A. Miller, Professor in the School of Education; Vincent G. Schulte, Associate Professor in the Psychology Department; Robert L. Seaver, Professor in the Salmon P. Chase College of Law; and Constance C. Widmer, Professor in the School of Education.

5. **Dept Write-Off:** Vice President Baker commented that this action is required to write off University bad debts from the University's financial records as operating expenses. This is accomplished once a year before the University's books are closed. Fluctuations are seen from year to year.

   A motion was made by Regent Poston and seconded by Regent Zapp to authorize the Vice President for Administration and Finance/Treasurer to write-off bad debts totaling $144,855.81. **Motion carried.**

JUL 14 1999

6. **Parcels located on Dixie Highway:** Vice President Baker commented that this small parcel will improve the University property. President Votruba recommended that the Board of Regents authorize the University to convey to the Transportation Cabinet the following parcels, located on Dixie Highway which are part of the Covington Campus:

    a. 2,628 square feet (0.06 acres) of land to be acquired in fee simple; and,
    b. 5,227 square feet (0.12 acres) of land for a permanent easement.

    The transportation Cabinet is planning to install a sidewalk with curb and gutter along Dixie Highway near the entrance to NKU's Covington Campus. Plans are nearing completion. Equitable compensation to the University for this acquisition has been agreed upon.

    A motion was made by Regent Zapp and seconded by Regent Anderson to authorize the University to convey to the Transportation Cabinet the aforementioned recommendation. **Motion carried.**

At 1:30 p.m. a motion was made by Regent Poston and seconded by Alice Sparks to call an executive session to discuss legal issues involving the University. **Motion carried.**

The Board of Regents reconvened at 1:38 p.m.

President Votruba commended Marian Winner for her excellent leadership as Director of Steely Library. Ms. Winner will soon be moving to Emeritus status after her retirement this summer.

Regent Sparks asked about the particulars of the upcoming Presidential Golf Outing on June 29. Vice President Nester indicated that the cost would be $1,000 for a foursome at the Summit Hills Country Club and Bill Verst is the honorary Chairperson of the event.

With no further business, a motion was made by Regent Verst and seconded by Regent Zapp to adjourn the meeting at 1:45 p.m. **Motion carried.**

Board of Regents Meeting
University Center Ballroom
July 14, 1999

The regular meeting of the Board of Regents of Northern Kentucky University was called to order at 1:05 p.m. on Wednesday, July 14, 1999, by Chair Downing.

The invocation was given by Regent Poston.

Roll Call: Barry Andersen, Christopher Boggs, Frank Downing, Kathryn Hendrickson, Martha Malloy, Betty Pogue, James Poston, and Philip Taliaferro (Excused - Mary Alice D. Hasty and Robert Zapp).

Others Present: James Votruba, Robin Crigler, Michael Baker, Paul Gaston, Gregory Mecher, Mark Shanley, William Nester, Angie Gabbard, Sara Sidebottom, Ron Ellis, Joe Ruh, Russ Kerdolff, Mike Carrell, Sonda Cummins, Joe Wind, Mary Paula Schuh, Bill Lamb, Ken Ramey, Claire Newman, Jane Schwierjohann, Elizabeth Spencer, Rosetta J. Mauldin, Mary Ryan, Jane Meier, Arden Geers, Susan Mospens, Darrell Garber, Paul Reichardt, Allen Stone, Gerald Hunter, Gaut Ragsdale, Gail W. Wells, Robert R. Appleson, Gary W. Graff, Barbara Holland, Molly Harper--*Kentucky Enquirer*, Cheryl Nunez, Kelly Zudzina–*The Recorder newspapers* and Lilla Losey.

The Oath of Office to incoming Regents Christopher L. Boggs and Betty M. Pogue was administered by Chair Downing.

The minutes of the May 5, 1999, regular meeting of the Board of Regents were accepted as presented with no changes.

A motion was made by Chair of the Nominating Committee Jim Poston and seconded by Regent Malloy to re-elect Chair Downing, Vice-Chair Taliaferro, and Secretary/Treasurer Hendrickson to the Northern Kentucky University Board of Regents for 1999-2000. **Motion carried.**

On behalf of the Board of Regents, Chair Downing asked that Regent Poston maintain the role as Chair of the Nominating Committee for the year 2000-2001. Regent Poston accepted.

Presidential Comments:

- For the first time in the University's history a tuition policy will be set beginning this fall.
- The following transitions in University personnel were recognized:
    - Gaut Ragsdale was introduced as the new President of the Faculty Senate. The Senate will be dealing with major issues this fall, including "General Education Reform." Recognition was also given to Professor Charles Frank as the outgoing President of the Faculty Senate.
    - Gail Wells was introduced as the Interim Dean of the College of Arts and Sciences. Dr. Wells, as Chair of the Department of Mathematics and Computer Sciences, led the development of the CINSAM proposal (Center of Distinction) and has been active in the General Education Reform discussions.
    - Recognition was given to Rogers Redding, who moves from his role as Dean of the College of Arts and Sciences to become Interim Executive Vice President and Provost of Academic Affairs.
    - Paul Gaston was thanked for his service to NKU in his role as Provost and Executive Vice President of Academic Affairs. His intellect, wisdom and, most of all, his values are rooted in what a University is about. Kent State University will be getting a first-rate Chief Academic officer.
    - Outgoing Regent William Verst was recognized for his 15 years of service to the University Board

of Regents, four years of which he served as Chair. A reception was given prior to the Board meeting that day to honor Mr. Verst, who "helped build this University."

- Outgoing Regent Alice Sparks was recognized for her seven years of service to the University Board of Regents, two of which she served as Chair. Ms. Sparks played a key role in helping to lead the Board and the University during the past and present presidential transitions. Ms. Sparks also attended many University events (student, alumni, etc.).
- A welcome was given to new Regent Betty Pogue. Ms. Pogue has demonstrated her strong commitment to the University and community both as a professional educator and volunteer.
- New Student Regent Christopher Boggs was welcomed to the Board and was recognized for his leadership and capacity to understand students.

A. Joint Finance and Policy Committee Reports:

A report was given by Chair Downing:

1. **Development Priorities Review:** This year's Development activities were very impressive as compared to last year. Appreciation was given to Vice President Nester and his unit.

   The nationwide search is going well to fill the position of Vice President for University Relations and Development.

2. **Tuition Recommendation:** Benchmark universities were discussed. Tuition fees and related costs will be discussed at a special meeting which will be planned for August.

3. **Affirmative Action Review:** University Legal Counsel Sara Sidebottom commented on the Affirmative Action Policies and Procedures and would be giving a full report.

B. Presidential Reports:

1. **Facilities Management:** Vice President Baker commented that all projects contained in the report are making progress and are on schedule.

   An artist's rendering of the new Science Center facing the plaza area was displayed at the meeting. The project is expected to be bid in August with October 1999 forecast as the groundbreaking.

   August 1, 1999 is the predicted completion date of the Honor's House.

2. **New Residency Appeal Policy–CPE Mandate:** This item was moved as Presidential Recommendation C.11.

C. Presidential Recommendations:

Consent Agenda Items:

A motion was made by Regent Poston and seconded by Regent Andersen to approve the following Presidential Recommendations as listed below (1-5). **Motion carried.**

1. **Administrative Personnel Actions:**

Gaston**, Provost and Executive Vice President, effective July 31, 1999; and **Niaz Litaf**, Professor in the Technology Department, effective May 15, 1999.

4. **Temporary Faculty Appointments:** President Votruba recommended that the Board of Regents approve the following temporary faculty appointments for the 1999-2000 academic year:
   - **College of Arts and Sciences**: Chemistry, Jean Gade; Learning Assistance Program, Mary C. Hall; Psychology, Charyl Glover; and Theatre, Mary Jo Beresford.
   - **College of Business:** Management and Marketing, Molly Mayer
   - **Chase College of Law:** Adam Todd (fiscal year)

5. **Emeritus Status:** President Votruba recommended that the Board of Regents approve Emeritus status for the following individual: Marian C. Winner, Director and Professor of the W. Frank Steely Library.

6. **Amendments to Part One of the *Faculty Policies and Procedures Handbook 1994*:** Provost Gaston commented on the changes to the Handbook:

   - Proposed changes in the application procedures for the Retirement Incentive Plan will provide adequate notice to department chairs and college deans of the plans of faculty who are applying for the Retirement Incentive Plan--Section X.D.3, (p. 33). These changes are effective beginning with the 1999-2000 academic year.
   - Amendments concerning the memberships of the Faculty Exigency Committee--Section X.H.4.a (1) (p. 42) and the Complaint Advisory Committee–Section XIV.C.3 (p. 77). The changes provide for staggered appointment terms. These changes are effective beginning with the 1999-2000 academic year.
   - The proposed changes to the sabbatical leave program--Section XI.A. (p. 56) establish a minimum number of sabbaticals to be made available each year based on a percentage of full-time faculty. Faculty members are encouraged to choose academic-year sabbaticals thus enabling full-time non-tenure track replacements. This provides an additional level of accountability for sabbatical recipients while also enriching the academic community. These changes in the sabbatical leave program will be effective with the 2000-2001 academic year.

   Regent Andersen commented that he appreciated the continued University support given the sabbatical program over the years and emphasized the importance for a faculty member to stay current in his/ her field of study. He hoped that more faculty members would be encouraged to take full year sabbaticals and that the University would take the responsibility to replace those full-time faculty with full-time temporary faculty. President Votruba indicated that this would be consistent with the University's commitment to build a full-time faculty base.

A motion was made by Regent Malloy and seconded by Regent Hendrickson to approve the amendments to Part One of the *Faculty Policies and Procedures Handbook 1994.* **Motion carried.**

7. **Creation of an Advisory Committee on Services to Students with Disabilities**: President Votruba recommended that the Board of Regents approve the creation of an Advisory Committee on Services to Students with Disabilities. This Committee would consist of representatives of all areas of the University community and report directly to the Vice President for Student Affairs. It would be charged with developing and reviewing policies and procedures for serving students with disabilities. An Advisory Committee would support the University's commitment to provide quality academic services to students with disabilities while ensuring compliance with the ADA and Section 604 of the Higher Education Act.

   The President indicated that the University has been historically sensitive to the special needs of students with disabilities and this Committee would ensure that sensitivity is institutionalized in this committee structure.

   A motion was made by Regent Malloy and seconded by Regent Boggs to approve the creation of an Advisory Committee on Services to Students with Disabilities. **Motion carried.**

8. **Student Government Association Constitution**: Vice President Shanley commented that at the October 7, 1998 Board of Regents meeting the Board passed revisions to the Student Government Constitution. Upon review of that Constitutional change, in trying to integrate it into the existing version of the Constitution, it was discovered that there was a difference.

   Vice President Shanley explained that a recommendation to ratify this version of the Student Government Association (SGA) Constitution was brought by the Dean of Students to President Boothe in February, 1993 with a request that it be submitted to the Board of Regents for authorization and approval. Although both the Dean and President concurred with the changes, it appears that the revisions were never brought to the Board for approval. Unaware of this oversight, this version of the constitution was incorporated into the Student Handbook and the SGA had been operating under its guidelines since 1994.

   The proposed version of the constitution incorporates both the February, 1993 revisions and the revisions passed in October 7, 1998.

   A motion was made by Regent Boggs and seconded by Regent Pogue to adopt the integrated version of the Student Government Association Constitution. **Motion carried.**

9. **Tuition Rate Setting:** President Votruba stated that upon consultation with Chair Downing and other members of the Board it was agreed to withdraw this item for review at a special meeting in late August.

10. **Women's Golf:** Jane Meier, Director of Intercollegiate Athletics, commented that this would be NKU's seventh women's program and the University's 13th athletic program.

    Adding a women's golf program would also meet the needs of the community (popularity) and add another GLVC sport (NKU would be the 6th school to sponsor women's golf).

    After Regent Andersen asked about the program's funding, Ms. Meier responded that the total budget has a target of $18,000. Approximately $11,000 of that would come from student fees, and there would also be fundraising for scholarships.

    A motion was made by Regent Poston and seconded by Regent Taliaferro to approve the addition of

Women's Golf as a new intercollegiate sport. **Motion carried.**

11. **New Residency Appeal Policy–CPE Mandate:** University Legal Counsel Sara Sidebottom commented that when a student applies for residency there is a determination made initially as to whether they are a resident or a non-resident. They are entitled to appeal that here on campus. The policy has been modeled after the University's current existing procedures for grade appeal.

    Regent Taliaferro made the motion and Regent Poston seconded to approve the New Residency Appeal Policy. **Motion carried.**

D. **Executive Session to Discuss Legal Issues:** At 1:37 p.m. a motion was made by Regent Taliaferro and seconded by Regent Poston to call an executive session. **Motion carried.**

The Board of Regents reconvened at 2:30 p.m.

Regent Poston made a motion and Regent Hendrickson seconded to approve an amendment to the Land Acquisition Plan to add "Parcel A" to the Plan as a Priority One Parcel. **Motion carried.**

G. **Other**:

- Secretary to the Board Robin Crigler will schedule a special Board of Regents meeting in late August to discuss Affirmative Action matters and Tuition Rate Setting.

- The President mentioned upcoming events and hoped that as many Regents as possible would be able to attend:
  - Fall Convocation scheduled, August 24;
  - Friends of Fine Arts Fund Raiser, August 28; and
  - Cincinnati Pops Orchestra at NKU and University picnic, September 2.

With no further business, Chair Downing adjourned the meeting at 2:35 p.m.

Board of Regents Meeting
University Center Ballroom
September 29, 1999

The regular meeting of the Board of Regents of Northern Kentucky University was called to order at 1:00 p.m. on Wednesday, September 29, 1999, by Acting Chair Poston.

The invocation was given by Regent Zapp.

Roll Call: Barry Andersen, Christopher Boggs, Martha Malloy, Betty Pogue, James Poston and Robert Zapp (Excused - Frank Downing, Kathryn Hendrickson and Philip Taliaferro).

Others Present: James Votruba, Robin Crigler, Michael Baker, Mark Shanley, William Nester, Rogers Redding, Gerald Hunter, Barbara Holland, Sara Sidebottom, Jim Alford, Angie Gabbard, Ron Ellis, Joe Ruh, Sonda Cummins, Mike Carrell, Gaut Ragsdale, Clifford Shisler, Allen Stone, Gregory Stewart, Tony Atwater, Gary Graff, Bill Lamb, Terry Flynn–*Kentucky Enquirer*, Cheryl Nunez, Gerry St. Amand, Gail Wells, Mary Paula Schuh, Angela Schaffer, Mary Ryan, Bill Hoeb, Kathy Stewart, Nancy Perry, Joe Wind, Gina Holt–*Recorder Newspapers*, Charles Pinder, Jane Schwierjohann, Rick Meyers, and Lilla Losey.

The minutes of the July 14, 1999, regular meeting of the Board of Regents as well as the minutes of the Board of Regents Retreat of September 2 & 3, 1999, were accepted as presented with no changes.

Presidential Comments:

- Comments were given on the 1999 Governor's Conference on Postsecondary Education Trusteeship held on September 26 and 27, at the Clarion Hotel Riverview in Covington, Ky. There was general excitement about the CPE Action Agenda, and opportunity to learn more about NKU and the region. Approximately 300 Regents were in attendance, along with members of the state legislature and the CPE.
- The 1997 Vision, Values, and Voices process pointed out several objectives, including a need to "tell our story better." Over the past two years NKU has received as much positive development attention as any university in the Commonwealth. Recognition and thanks were given to various members of the University Relations and Development offices for this success: Vice President Nester, Jim Alford, Ron Ellis, Kathy Stewart, Rick Meyers, Joe Ruh, Joe Wind, Nancy Perry, Bill Hoeb, Mike Murray, Linda Bray-Schafer, Joe Green, David Arnold and others.
- Over the last few months, the University has raised approximately $1,500,000 of endowment funds through private sources. In less than a six month period, this will be matched by the state to equal $3,000,000. NKU received the highest return on assets this year of any university in the Commonwealth.

A. Joint Finance and Policy Committee Reports:

Finance Committee: Regent Zapp reported that a presentation was given by the University administrative staff on the annual audit report by Deloitte and Touche. Regent Zapp recommended that the audit be accepted as presented with no discrepancies.

Policy Committee: Regent Poston reported on the following:

- comparable tuition rates of Kentucky institutions.
- The Strategic Initiatives request as presented by Interim Provost Redding, which included three areas:
  1) Economic Workforce Development
  2) P-12 School Improvement
  3) Access to people with barriers to college
- Enrollment targets for each of the University's colleges (managed growth).

B. Presidential Reports:

No comments or questions were raised on the following reports as submitted:

1. Summary of Grant Activity
2. Improved Access for Baccalaureate Completion/Recognition of Professor Charles Pinder
3. Unaudited Annual Financial Report
4. Facilities Management

C. Presidential Recommendations:

Consent Agenda Items:

A motion was made by Regent Zapp and seconded by Regent Andersen to approve the following Presidential Recommendations as listed below (1-3). **Motion carried.**

1. **Non-Academic Personnel Actions**: President Votruba recommended that the Board of Regents approve the following categories of non-academic personnel actions which occurred between June 30, 1999, and September 14, 1999: Activations; Transfers, Promotions, Reassignments, Title Changes; Status Changes; Reclassifications, Re-Engineering; and Terminations.

2. **Academic Affairs Personnel Actions:**

   Administrative Appointments: Rosetta J. Mauldin, from Professor in Allied Health, Human Services and Social Work to Interim Chair and Professor in Allied Health, Human Services and Social Work; **Matthew D. NKU Board of Regents Meeting
Maysville Community College
November 17, 1999

The regular meeting of the Board of Regents of Northern Kentucky University was called to order at 1:05 p.m. on Wednesday, November 17, 1999, by Chairman Frank Downing.

The invocation was read by Regent Taliaferro.

Roll Call: Barry Andersen, Christopher Boggs, Frank Downing, Kathryn Hendrickson, Martha Malloy, Betty Pogue, James Poston and Philip Taliaferro (Excused - Robert Zapp).

Others Present: James Votruba, Robin Crigler, Michael Baker, Mark Shanley, William Nester, Rogers Redding, Barbara Holland, Sara Sidebottom, Angie Gabbard, Ron Ellis, Joe Ruh, Sonda Cummins, Rick Meyers, Joe Wind, Gary Graff, Jennine Brewer, Gregory Stewart, Deborah Read, and Lilla Losey.

The minutes of the September 29, 1999, regular meeting of the Board of Regents were accepted as presented with no changes.

Presidential Comments:

- On behalf of Northern Kentucky University and its Regents, President Votruba thanked both Regent Hendrickson for the invitation to the area and Maysville Community College President Hans Kuss for hosting us.
- Recognition was given for recent major gifts/scholarships: Bill and Betty Verst Endowed Scholarship Fund ($250,000); Dr. Evan and Lindsey Stein Endowed Professorship in Bio Computing ($250,000)–this represents another step in the University's commitment to study at the intersection of the disciplines as well as within the disciplines; and an anonymous gift ($100,000) to support scholarships for students from the Maysville area. Each gift will be matched by the Commonwealth to double the amount given.
- Recognition was given to the outgoing Vice President for University Relations and Development William Nester for his leadership and counsel during his tenure as Vice President. Vice President Nester's unit recently completed a period of unprecedented success in the advancement arena:
  - In the last nine months, approximately $5,000,000 was raised in development activities with aid from the Commonwealth matching fund.
  - Success Campaign
  - The elegant new alumni magazine, *Northern*
  - The proposed outdoor Spring Commencement
  - An approximate $900,000 bequest by an NKU faculty member in Mathematics and Computer Science which will become an endowment to support students and faculty in the Department of Mathematics and Computer Science.
- A welcome was extended to Deborah Read, the incoming Vice President for University Relations and Development, effective January 1, 2000.
- The appointment of Gary Pratt, the new Chief Information Officer, Office of Information Technology, effective November 1, 1999, reflects our progress toward consolidating the Offices of Administrative and Academic Computing. Both Vice Presidents Redding and Baker were recognized for their leadership efforts in bringing this about.
- Acknowledgment was given to the work of the Council on Postsecondary Education and to Chair Charles Whitehead and President Gordon Davies for their leadership in Kentucky Postsecondary

Education reform. Last week the Council recommended a budget designed to support: expanded student access throughout Kentucky; enhanced student success; stronger public engagement and connection with the community; and benchmark funding designed to correct some of the historic inequity that has existed in Kentucky Postsecondary Education. The Council's recommendations are supportive of both NKU and overall Kentucky Postsecondary Education.

A. **Joint Finance and Policy Committee Reports:** Regent Taliaferro commended Hans Kuss for his detailed report on the workforce needs of the Maysville community and college.

B. **Presidential Reports:**

1. **Summary of Grant Activity:** No comments or questions were raised on the report as submitted.
2. **Quarterly Financial Report:** No comments or questions were raised on the report as submitted.
3. **Facilities Management:** Vice President Baker reported that Nunn Drive will be closed on November 24, 1999, in the area between Landrum and the old Natural Science Building to allow for the new Science Building to be constructed. University Drive will be open after the Thanksgiving holiday on Monday, November 29.

C. **Presidential Recommendations:**

Consent Agenda Items:

A motion was made by Regent Malloy and seconded by Regent Pogue to approve the following Presidential Recommendations as listed below (1-5). **Motion carried.**

The Oath of Office to incoming Regents Joyce E. Griffin and Brenda L. Wilson was administered by Chair Downing.

Roll Call: Barry Andersen, Christopher Boggs, Frank Downing, Joyce Griffin, Kathryn Hendrickson, Martha Malloy, Betty Pogue, James Poston, Philip Taliaferro and Brenda Wilson (Excused - Robert Zapp).

Others Present: James Votruba, Robin Crigler, Michael Baker, Mark Shanley, Debbie Read, Rogers Redding, Barbara Holland, Sara Sidebottom, Angie Gabbard, Ron Ellis, Joe Ruh, Sonda Cummins, Rick Meyers, Gary Graff, Gregory Stewart, Gina Holt - *Recorder Newspapers,* Mary Paula Schuh, Karen Ware, Andrea Tortora - *Kentucky Enquirer,* Bill Oliver, Dennis Griffin, Gerry St. Amand, Gaut Ragsdale, Mike Carrell, Mary Lepper, Gary Pratt, Russ Kerdolff and Lilla Losey.

The minutes of the November 17, 1999, regular meeting of the Board of Regents were accepted as presented with no changes.

Presidential Comments:

- NKU fared well in the Governor's budget recommendation for postsecondary education for the 2000 legislative session. The recommendation includes: a 10% increase in the next two years of the University's base funding; a 12M Power Plant; 1M for renovation planning of the current Science Building; $700,000 in recurring funds for a lease of the Metropolitan Education and Training Services and $10M distributed between the 6 regional universities for endowment matching funds.
- The University Administration is developing a specific plan for allocation of priority areas for benchmark funding.
- On behalf of the University, the President thanked Regent Boggs and various Student Government leaders for taking part in the recent legislative caucus session.
- Recognition was given to Chief Information Officer Gary Pratt and Allen Stone, Financial and Operations Audit, and others for the University's smooth Y2K conversion.
- A welcome was extended to new Regents Joyce Griffin and Brenda Wilson.
- Regent Martha Malloy was congratulated on her position as the University's new Director for the Office of Human Resources.

A. **Joint Finance and Policy Committee Reports:**
   1. **Review methods of evaluation of faculty for salary, reappointment, promotion, tenure, and post-tenure review and a review of the intellectual property policy**
   2. **A-133 Audit Report**

Regent Taliaferro commended Provost Redding, Legal Counsel Sidebottom, and Vice President Baker for their teamwork on both reports to the committee.

B. Presidential Reports:

Vice President Baker commented favorably on the audit conducted by Deloitte and Touche LLP in regard to the Presidential Reports (1-4 listed below) and indicated that the University continues to make progress on the various projects.

1. **External Auditors Report on Internal Controls and other Accounting, Administrative and Operating Matters**
2. **WNKU-FM Radio Audit Report**
3. **Year 2000 Compliance Letter**
4. **A-133 Audit of Federal Programs**

5. **Quarterly Financial Report:** Vice President Baker commented that the University was well within budget for the quarter.

6. **Facilities Management:** Vice President Baker reported that the completion of the construction on the new Parking Garage was now expected by the end of February.

   Regent Andersen asked about two items included in the report:

   - Item #10 - GE Capital Smart Classroom, as to its availability for University use. Vice President Baker indicated that the end of April is projected.
   - Item #11 - University Center Theatre, Vice President Baker indicated that there was Student/Faculty/Staff input on the renovations.

7. **2000-2001 Faculty Development Awards: Summer Fellowships:** Provost Redding indicated that this was a continuing investment by the University in faculty development.

8. **2000-2001 Faculty Development Awards: Project Grants:** Provost Redding indicated that these grants are awarded to encourage professional growth through financial support for independent research.

9. **Entrepreneurial Studies - College of Business:** Provost Redding commented on the program which is a 22-hour minor designed specifically for students outside the College of Business who are seeking a minor appropriate to their career aspirations. The minor consists of 10 hours of core business classes, 9 hours of entrepreneurship classes, and 3 hours of electives.

10. **Renaming of the division of University Relations and Development and the Department of University Relations:** Vice President Read commented that changing the title better reflects the broad responsibilities of the division in advancing the University's mission. The Office of University Relations and Development is changed to the Office of University Advancement, which includes Alumni Affairs, Development, Community and Government Relations, University Relations and the NKU public radio station (WNKU-FM). The Vice President's title will change accordingly.

The Office of University Relations is changed to the Office of University Communications. This title change reflects the important work of the department in communicating the University's various messages to its many constituencies, both internal and external. The Assistant Vice President's title will change accordingly.

11. **Approve the name of the combined units of Academic Technology and Services and Administrative Computing:** Provost Redding commented that the reorganization of Academic Technology and Services (including Media Services) and Administrative Computing, including Telecommunications, into a single unit (Office of Information Technology) will allow the office to run more efficiently. The new name best suits the purposes of the department and is in line with industry standards for this type of operation. The change will also allow the department's staff and the University community to begin identifying the department as a single unit. He thanked Gary Pratt and others for their long efforts in bringing this about.

A motion was made by Regent Hendrickson and seconded by Regent Malloy to accept Reports (B.1-11) as submitted. **Motion carried.**

C. **Presidential Recommendations:**

Consent Agenda Items: A motion was made by Regent Poston and seconded by Regent Pogue to approve the following Presidential Recommendations as listed below (1-7). **Motion carried.**

8. **Amendments *to Faculty Policies and Procedures Handbook*: Post-Tenure Review Policy, Additional Terminal Degree, and Intellectual Property Policy:**

   - On November 11, 1999, the Faculty Senate adopted the Post-Tenure Review Policy as a new Section X, Post-Tenure Review, in Part One of the *Faculty Policies and Procedures Handbook.* The policy was recommended to the Faculty Senate by its Professional Concerns Committee after an extensive period of review.

   - On December 20, 1999, the Faculty Senate approved a revision to Part Two of the *Faculty Policies and Procedures Handbook*, Section XIII. Appropriate Terminal Degrees for Faculty, that adds the M.F.A. degree as an acceptable terminal degree for a faculty position in creative writing. The current *Handbook* lists the Ph.D. as the only appropriate degree for a faculty position in creative writing.

   - On December 20, 1999, the Faculty Senate adopted the Intellectual Property Policy. The policy was developed by the Senate's Professional Concerns Committee.

     The policy will establish the respective rights and obligations of the University and its faculty in Intellectual Property of all kinds now and hereafter existing and of all countries, regions or other political entities.

A motion was made by Regent Taliaferro and seconded by Regent Andersen to approve the amendments to the *Faculty Policies and Procedures Handbook.* **Motion carried.**

A motion was made by Regent Pogue and seconded by Regent Boggs to approve the Resolution: *That the NKU Board of Regents strongly endorses Governor Patton's budget recommendation for the Commonwealth of Kentucky's postsecondary education and urges the General Assembly to approve the recommendation in the 2000 legislative session.* **Motion carried.**

Regent Recommendation:

Changes to the By-Laws, Article I, B. 2:

A motion was made by Regent Poston and seconded by Regent Pogue to accept the changes to the By-Laws, Article I, B.2, as listed below for informational purposes at this time. The revised recommendation will be introduced for action at the next Board of Regents meeting on March 15, 2000. **Motion carried.**

Original:
Any former member of the original Board of Regents may, if the Board of Regents so chooses, become a Regent Emeritus, entitling said Regent Emeritus to attend all meetings and functions of the Board of Regents without voting power.

Revised:
All former members of the Board of Regents may, if the Board of Regents chooses, become a Regent Emeritus entitling said Regent Emeritus to attend all meetings and functions of the Board of Regents without voting power. Special recognition is awarded to the founding Board of Regents.

Executive Session to Discuss Legal Issues: At 1:30 p.m. a motion was made by Regent Poston and seconded by Regent Hendrickson to call an executive session. **Motion carried.**

The Board of Regents reconvened at 1:45 p.m. No action was taken.

The President announced the reception for Deborah Read directly following the meeting in the University Center 2nd floor lobby.

With no further business, Chair Downing adjourned the meeting at 1:45 p.m.

Special Board of Regents Meeting
Wednesday, February 23, 2000
Room #110, Capitol Building - Frankfort

The special meeting of the Board of Regents of Northern Kentucky University was called to order at 10:30 a.m. on Wednesday, February 23, 2000 by Chair Frank Downing.

The invocation was read by Regent Zapp.

Roll Call: Barry Andersen, Christopher Boggs, Frank Downing, Kathryn Hendrickson, Martha Malloy, Betty Pogue, James Poston, Philip Taliaferro and Robert Zapp (Excused - Joyce Griffin and Brenda Wilson).

Others Present: James Votruba, Angie Gabbard, Barbara Holland, Robin Crigler, W. Michael Baker, Rogers Redding, Deborah Read, Joseph Wind, Debra Vance - *Kentucky Post*, Gerry St. Amand, Gerald Hunter, Mike Carrell, Sara Sidebottom, Gregory Stewart, Henry Pogue, Ron Ellis, Tony Atwarter, Rick Meyers, Representative Jim Callahan, Gordon Davies, Representative Jon Draud, Crit Luallen, Governor Paul E. Patton, Jim Ramsey, Senator Richard Roeding, Senator Charlie Walton and Lilla Losey.

President's Comments:

- This was the first time that NKU's Board of Regents met in the Capitol, which reflects the importance that the Board places on this legislative session and its support of Kentucky Postsecondary Education Reform.
- Two years ago, the General Assembly joined with the Governor to produce HB1, making Postsecondary Education along with KERA, the foundation upon which Kentucky would build its future.
- Over the past two years the Council on Postsecondary Education (CPE) has worked to develop a comprehensive approach to enhance Kentucky's higher education system through a benchmark process which highlights NKU's historic underfunding.
- NKU is the most underfunded university in the Commonwealth by any measure. The Governor's budget includes funding for NKU that would bring the University closer to funding equity.

Crit Luallen, Secretary of the Cabinet, welcomed the NKU Board of Regents to Frankfort. She indicated that the Governor was committed to funding for postsecondary education as it is vital to Kentucky's overall economy to ensure a qualified workforce and to bring in more jobs–the focus is on education.

Governor Patton addressed the Board on HB1 indicating his support for the CPE in the new era of reform and felt that NKU was doing an excellent job. Negotiations are underway in the General Assembly to move education forward. The Proposal is to generate $144.5 million dollars in the second year of the biennium and $103 million of that will go to education.

Jim Ramsey, State Budget Director, gave a presentation on the Budget Proposal.

Members of the Northern Kentucky Legislature (Senator Richard Roeding, Senator Charlie Walton, Representative Jim Callahan, and Representative Jon Draud) welcomed the Board to Frankfort.

Gordon Davies, President of the Council on Postsecondary Education, addressed the Board on the Council's proposed budget and indicated that 8 out of 9 of the University presidents signed off on the proposed budget.

With no further business, Chair Downing adjourned the meeting at 12:05 p.m.

Board of Regents Meeting
University Center Ballroom
March 15, 2000

The regular meeting of the Board of Regents of Northern Kentucky University was called to order at 1:05 p.m. on Wednesday, March 15, 2000 by Chairman Frank Downing.

The invocation was read by Regent Andersen.

Roll Call: Barry Andersen, Christopher Boggs, Frank Downing, Joyce Griffin, Martha Malloy, Betty Pogue, James Poston, Philip Taliaferro, and Brenda Wilson (Excused - Kathryn Hendrickson and Robert Zapp).

Others Present: James Votruba, Mike Baker, Rogers Redding, Mark Shanley, Robin Crigler, Debbie Read, Gerald Hunter, Cheryl Nunez, Gerry St. Amand, Ron Ellis, Rick Meyers, Debra Vance- *Kentucky Post*, Angie Gabbard, Mary Paula Schuh, Mary Ryan, Andrea Tortora - *Kentucky Enquirer*, Gina Holt - *Recorder Newspapers*, Mike Carrell, Tony Atwater, Gail W. Wells, Sara Sidebottom, Gary Pratt, Gary Graff, Eric Brose, Sonda Cummins, and Lilla Losey.

The minutes of the January 26, 2000, regular meeting and February 23, 2000, special meeting of the Board of Regents were accepted as presented with no changes.

Presidential Comments:

- I believe the Kentucky legislature will approve the budget recommendations which include full funding for NKU. The new budget will also have a positive economic impact on the future of the Northern Kentucky region and would include: Benchmark funding; an action agenda of 1.4M focused on strengthening the ties between the university and the public served; METS program committed to workforce and training; matching funds for private donors (NKU was one of three Kentucky Universities matching all of their funding this last legislative session).
- The Board of Regents was thanked for attending the February 23, 2000, special Board of Regents meeting in Frankfort in support of the economic needs not only for the University but also for the Northern Kentucky region.
- Regent Boggs was given special recognition for organizing students to attend legislative sessions.
- Plans are progressing to hold the Spring Commencement exercises at the Firstar arena in Cincinnati. It has been many years since the University, because of space limitations, has had an opportunity to gather as a community at one ceremony instead of five separate ceremonies. A thousand students are expected to graduate. There will be an estimated 6,000-8,000 guests in attendance. Seventy international countries are represented on the NKU campus. During the Commencement processional, the international students will be carrying a flag to represent their respective countries. This reinforces the fact the NKU is not only a metropolitan university but also draws from a global network.
- Recognition was given to the Men's and Women's Basketball teams for their outstanding performance this year. The men went to the NCAA but did not prevail at the regional level. The women will go the "elite eight" next week and play against the #1 team in the nation.

- NKU/Chase placed second at the recent National Moot Competition for Women Law Students.
- NKU leads the Commonwealth in enrollment in the Commonwealth Virtual University. Nationally, about 40% of the students enrolled in the web-based courses are campus based students. Of the approximately 2,000 students enrolled in KCVU this year, about 560 are from NKU.
- For the first time there is strategy to recruit students internationally, focused on those countries where area businesses already have an economic interest and relationships established.
- Recognition was given to the recent death of Professor Tony Mazzaro, Department of Social Work. Professor Mazzaro was known for his love of students and the community, and for his commitment to making higher education accessible to the poor.

A. Joint Finance and Policy Committee Reports:

Regent Taliaferro commented on the following:

1. **Program Bands/Program Approval:** The new revised program approval process at the Council on Postsecondary Educational level enables the University to create some new degree programs without approval.
2. **Master Plan Review:** Vice President Baker was commended for his presentation of the campus Master Plan. The results of the Plan should provide the University with a beautiful campus environment through creativity, landscaping and water.
3. **Student Fees:** The additional fees bring the University to a competitive level in regard to out-of-state and in-state fees.

B. Presidential Reports:

1. **Summary of Grant Activity:** Second Quarter of Fiscal Year 2000: October 1, 1999-December 31, 1999. No comments on grant activity as submitted.
2. **Facilities Management:** Vice President Baker made comments on the following:
   - The new Parking Structure is scheduled to open on Monday, March 20, 2000.
   - The new Softball Field is nearing completion and will be dedicated on April 6, 2000.
   - Master Plan -- A committee of 20 is ready to go to the campus community for input this March.

   Chair Downing asked for an update on the Fire Alarm Modernization. Vice President Baker indicated that this process is complete and that the dorms are in compliance with State code.

C. Presidential Recommendations:

Consent Agenda Items: A motion was made by Regent Griffin and seconded by Regent Malloy to approve the following Presidential Recommendations as listed below (1-8). **Motion carried.**

1. **Non-Academic Personnel Actions**: President Votruba recommended that the Board of Regents approve the following categories of non-academic personnel actions which occurred

between January 11, 2000, and February 29, 2000: Activations; Temporary/Contract to Regular Status; Promotions; Reclassifications, Re-Engineering; Status Change; Transfers and Re-Assignments; and Terminations.

2. **Authorize Chair Frank K. Downing, pursuant to KRS 164A.575(7), to sign documents on its behalf to effect the sale of the following real estate to the Transportation Cabinet.**
   - 2,628 square feet (0.06 acres) of land to be conveyed in fee simple.

   In addition, contemporaneous with the sale, the following easements are necessary:
   - 6,175 square feet (0.14) acres of land for a permanent easement; and,
   - 259 square feet of land for a temporary construction easement.

   The Transportation Cabinet is planning to install a sidewalk with curb and gutter along Dixie Highway near the entrance to NKU's Covington Campus. In September, the Board approved the conveyances outlined above. This authorization is necessary for compliance with State statutes.

3. **Authorize Chair Frank K. Downing, pursuant to KRS 164A.575(7), to sign documents on its behalf to accommodate the Union Light, Heat and Power Company's request for a ten square foot easement for a down-guy wire and anchor.**

   The Transportation Cabinet is planning to install a sidewalk with curb and gutter along Dixie Highway near the entrance to NKU's Covington Campus. In September, the Board approved the conveyances outlined above. This authorization is necessary for compliance with State statutes.

4. **Academic Affairs Personnel Actions:**

   Faculty Appointment: Phillip H. Schmidt, Professor in the Mathematics and Computer Science Department and Director of the Center for Integrative Natural Science and Mathematics, effective with the July 1, 2000 fiscal year.

   Leave, Unpaid: David M. Potter, Associate Professor in the Political Science Department, unpaid leave without benefits, beginning August 16, 2000, and ending May 12, 2001.

   Retirement: W. Frank Steely, Professor in the History and Geography Department, effective December 14, 1999.

5. **Temporary Faculty Appointment:** W. Frank Steely, Professor in the History and Geography Department, Spring 2000.

6. **Continued probation and continued probation with conditions to be removed:**

   Continued probation for the 2000-2001 academic year under the conditions of the *Faculty Policies and Procedures Handbook* (all hold the title of Assistant Professor except as noted):
   College of Arts and Sciences: Kimberly Allen-Kattus, Patrick Schultheis, Jonathan Reynolds, Tamara O'Callaghan, Tammie L. Gerke, Amy Thistlethwaite, Jo Ellen Burkholder.
   College of Business: Cretson Dalmadge, Toru Sakaguchi, Ken Rhee.
   College of Professional Studies and Education: Denise Dallmer, Deborah Doty, Yvonne Meichtry, Teresa Young, Carol Martin, and Morteza Sadat-Hossieny-Associate Professor.
   W. Frank Steely Library: Michael Rose.

   Continued probation with conditions to be removed for the 2000-2001 academic year under the conditions of the *Faculty Policies and Procedures Handbook*:
   College of Professional Studies and Education: Gayla Thompson.

7. **Reassigned Time Benefits:** Approved Reassigned Time Benefits to James Ramage, Regents Professor in the History and Geography Department equivalent to 50% for an additional six-year term beginning July 1, 2000.

8. **Emeritus Status:** Bart Braden, Professor in the Mathematics and Computer Science Department; Yudhishter Datta, Professor in the Accountancy Department; Joe K. Smith, Professor in the Mathematics and Computer Science Department; W. Frank Steely, Professor in the History and Geography Department and former President of the University; John O. Westlund, Professor in the Music Department; and posthumously awarded to Anthony Mazzaro, Associate Professor in Allied Health, Human Services and Social Work

9. **Approve a comprehensive schedule of fees and charges for academic year 2000-01:** A motion was made by Regent Pogue and seconded by Regent Boggs to approve a comprehensive schedule of fees and charges for academic year 2000-01 at the rates proposed on the "Authorized Schedule of Fees/Service Charges." **Motion carried.**

10. **Student Union Building Fee Proposal/Student Incidental Fees:** A motion was made by Regent Boggs and seconded by Regent Pogue to approve the recommendation for a prospective $20 per semester increase in the student incidental fees to support the construction of a new Student Union. The actual collection of this fee would commence in Fall 2002 upon formal University and CPE approval and legislative funding of this project. Should such approval and funding not be forthcoming in the 2002 legislative session, this fee would not be activated and Board approval canceled. **Motion carried.**

    Regent Boggs commented that this fee was initiated by the students and had assistance from the

Administration in putting the plan together. President Votruba commended Regent Boggs and the Student Government leaders for their efforts and stated that it was rare for students to take the initiative for such an action which speaks to the importance of the Student Center.

D. Regent Recommendation:

1. **Changes to the By-Laws**: The changes to the By-Laws, Article 1, B.2 concerning Regent Emeritus status has been tabled for further discussion and will be brought before the Board of Regents at its next regular meeting. A committee consisting of Regents Poston, Griffin, and Wilson has been appointed to examine criteria to determine Regent Emeritus status.

E. Executive Session to Discuss legal Issues: At 1:35 p.m. a motion was made by Regent Andersen and seconded by Regent Pogue to call an executive session. **Motion carried.**

The Board of Regents reconvened at 1:55 p.m. No action taken.

President Votruba commented on the current search for the position of Provost/Vice President of Academic Affairs. The Search Committee reported that the search is going well with three candidates scheduled for interviews in early April. Perilou Goddard was commended for her work as the Chair of the Search Committee.

With no further business, Chair Downing adjourned the meeting at 2:00 p.m.

Board of Regents Meeting
University Center Ballroom
May 10, 2000

The regular meeting of the Board of Regents of Northern Kentucky University was called to order at 1:05 p.m. on Wednesday, May 10, 2000, by Chairman Frank Downing.

The invocation was read by Regent Malloy.

Roll Call: Barry Andersen, Christopher Boggs, Frank Downing, Joyce Griffin, Martha Malloy, Betty Pogue, James Poston, Philip Taliaferro, Brenda Wilson and Robert Zapp (Excused - Kathryn Hendrickson).

Others Present: James Votruba, Mike Baker, Rogers Redding, Mark Shanley, Robin Crigler, Debbie Read, Gerald Hunter, Barbara Holland, Cheryl Nunez, Gerry St. Amand, Ron Ellis, Rick Meyers, Angie Gabbard, Mary Paula Schuh, Mary Ryan, Gina Holt - *Recorder Newspapers*, Mike Carrell, Tony Atwater, Gail W. Wells, Sara Sidebottom, Gary Pratt, Gary Graff, Sonda Cummins, Lenore Chambers, Helen Wilhelm-Olsen, Joe Wind, Chuck Pettit, Jane Meier, Mary Biermann, Gaut Ragsdale, Meg Winchell, Russ Kerdolff, Ken Ramey, Jane Schwierjohann, Diane Kruer, Wes Wright and Lilla Losey.

The minutes of the March 15, 2000, regular meeting of the Board of Regents were accepted as presented with no changes.

Presidential Comments:

- Special thanks were given to outgoing Regents Barry Andersen, Martha Malloy and Christopher Boggs who each contributed to a historic period in the development of NKU.
- This spring saw the General Assembly reaffirm the intent of House Bill 1 and the need to fund NKU on a more equitable basis. This funding makes it possible to strengthen both the quality and accessability of NKU as was thought three years ago. This funding will be the driving force in advancing our five-year strategic agenda.
- The NKU Board of Regents was recognized for their advice, counsel and collective advocacy on behalf of the University during this past year. Symbolic of their deep commitment to the University, they convened in the State capital this past February in support of the CPE recommendations.
- Vice President Rogers Redding has accepted the offer to serve as Vice President/Provost for Academic Affairs. He was commended for his distinguished record of leadership as Dean of the College of Arts and Sciences and for the past year has demonstrated his capacity to lead by serving as Interim Provost and Vice President for Academic Affairs. He will be engaged in detailed academic planning and priority setting in an era when, both nationally and in Kentucky, higher education is undergoing a fundamental realignment.
- The University will hold its first University-wide graduation in nearly twenty years this Saturday (5/13/00) at the Firstar Center in Cincinnati with approximately 1,000 graduates and 6-8,000 family and friends in attendance.
- Special thanks were given to Ron Ellis, Assistant Vice President for University Communications, and Robin Crigler, Executive Assistant to the President and Secretary to the Board of Regents, for their part in planning the event in such a short period of time.
- The retirement of the University's founding President Frank Steely was mentioned. He was a person who brought vision and values to the University.

Chair Downing gave special recognition to: President Votruba as being the outstanding alumnus of Michigan State University; Robin Crigler for giving the recent Commencement address at the University of Kentucky; and Jon Draud for his recognition next week as the outstanding graduate at Eastern Kentucky University.

A. Joint Finance and Policy Committee Reports:

Regent Taliaferro commented on the following:

1. **Budget Presentation:**
President Votruba gave a presentation on the passage of the budget by the General Assembly in support of the revision of House Bill 1. Of particular importance was the increase in base funding of 2.7% for 2000-01 and 3.7% for 2001-02. Benchmark funding is approximately $2.9M each year. The University will have approximately $3.5M in new money for investment after covering non-discretionary cost increases in 00-01 and $5.8M in 01-02. The President is very much learner centered and feels very strongly that one of the ways to make NKU more learner centered is to make major investments in salaries for faculty. In an effort to enhance faculty recruitment, 83% of the new available funds will go into salaries. NKU is about $11,000 per faculty member below the average for our benchmark institutions.

2. **Dorm Breezeway Issues:**
Vice President Baker discussed the deterioration of the wood on several decks. The cost to temporarily make the decks safe was approximately $45,000 with $1M necessary to permanently correct the problem. This money will come from the State.

B. Presidential Reports:

1. **New title for: Office of Curriculum and Assessment and Office of Community Education and Services (Covington Campus):** There were no comments on the report as submitted.

2. **Facilities Management:** Vice President Baker made comments on the completion of the following major projects.

   - The new Parking Garage is complete. Occupancy occurred on March 20.
   - The new Softball Field is complete. Dedication occurred on April 6.

   Mary Paula Schuh and Henry Keene from Campus Planning, were recognized for their hard work on facilities management this year.

   The University plans to bring a final report on the Master Plan to the Regents this summer.

3. **Quarterly Financial Report:** Vice President Baker commented that the University was operating within the Budget for the quarter.

4. **University Advancement Update:** Vice President Read reported that the University was making progress on new pledges and cash gifts since July 1, 1999, totaling nearly $6 million. Over $8 million in proposals have been submitted since January 1, with $4,851,00 pending.

   College and campus fund raising priorities have been submitted by the deans and vice presidents for review and prioritization. Once reviewed and recommended, the list will come forward to the Board of Regents for review and endorsement at the September meeting.

   A publications audit has recently been done to review all university publications to improve our publications and advertising to better reflect the mission, goals and values of the University. A report will be forthcoming this summer on this progress along with other marketing efforts.

C. **Presidential Recommendations:**

Consent Agenda Items: A motion was made by Regent Poston and seconded by Regent Zapp to approve the following Presidential Recommendations as listed below (1-6). **Motion carried.**

Redding, Vice President for Academic Affairs and Provost and Professor in the Physics and Geology Department, effective May 10, 2000.

Faculty Appointments: Mark Bardgett, Assistant Professor in the Psychology Department, effective August 16, 2000; Robin Bartlett, Assistant Professor in the Psychology Department, effective August 16, 2000; Kimberly Breitenbecher, Assistant Professor in the Psychology Department, effective August 15, 2001; Richard Durtsche, Assistant Professor in the Center for Integrative Natural Sciences and Mathematics (CINSAM) and the Biological Sciences Department, effective August 16, 2000; Andrew Long, Assistant Professor in the Center for Integrative Natural Sciences and Mathematics (CINSAM) and the Mathematics and Computer Science Department, effective August 16, 2000; Andrew Miller, Assistant Professor in the Literature and Language Department, effective August 16, 2000; and Thomas Sproat, Assistant Professor in the Center for Integrative Natural Sciences and Mathematics (CINSAM) and the Biological Sciences Department, effective August 16, 2000.

Resignations: Cretson Dalmadge, Assistant Professor in the Economics, Finance and Information Systems Department, effective May 13, 2000; Jeffrey Donaldson, Assistant Professor in the Economics, Finance and Information Systems Department, effective July 31, 2000; Jo Ann Gomer Ewalt, Assistant Professor in the Political Science Department, effective May 13, 2000; Deepak Khazanchi, Associate Professor in the Economics, Finance and Information Systems Department, effective July 31, 2000; Robert Linder, Assistant Professor in the Mathematics and Computer Science Department, effective May 13, 2000; Michael R. McPherson, Professor in the Physics and Geology Department, through the Retirement Incentive Program, effective with the 2000-2001 academic year (Revision of January 26, 2000, recommendation); Kristen Pfabe, Assistant Professor in the Mathematics and Computer Science Department, effective May 13, 2000; Anju Ramjee, from Chair and Professor in the Economics, Finance and Information Systems Department, effective June 30, 2000; and Karlyn Schnapp, Assistant Professor in the Chemistry Department, effective May 13, 2000.

Leaves, Paid/Unpaid: Dennis Davenport, Assistant Professor in the Theatre Department, unpaid leave without benefits, beginning August 16, 2000, and ending May 12, 2001; John Filaseta, Associate Professor in the Physics and Geology Department, unpaid leave without benefits, for the fall 2000 semester; and Anju Ramjee, Professor in the Economics, Finance and Information Systems Department, paid reentry leave with benefits, for the fall 2000 semester.

2. **Temporary Faculty Appointment:** W. Frank Steely, Professor in the History and Geography Department, fall 2000.

3. **Emeritus Status:** Lynn Langmeyer, Professor in the Management and Marketing Department; Michael McPherson, Professor in the Physics and Geology Department; and Kathleen Verderber, Professor in the Management and Marketing Department.

4. **Initiation of a new program, Associate Degree in Liberal Studies, College of Arts and Sciences beginning of 2000 fall semester:** The Associate Degree in Liberal Studies offers a wide latitude in terms of the student's ultimate goal by providing adequate preparation for further study leading to competence in specialized academic fields. It is also designed to facilitate a student's transition to third-and fourth-year level college study at Northern Kentucky University or at another institution. The program provides a solid foundation for students who choose to go on for a baccalaureate degree. The Associate Degree in Liberal Studies structure requires a minimum of 64 semester hours, the last 20 of which must be taken at Northern.

5. **Non-Academic Personnel Actions:** President Votruba recommended that the Board of Regents approve the following categories of non-academic personnel actions which occurred between March 1, 2000 and April 25, 2000: Activations; Temporary/Contract to Regular Status; Promotions; Reclassifications, Re-Engineering, and Title Changes; Transfers; Re-Assignments; and Terminations.

6. **Authorization given to the VP for Administration and Finance/Treasurer to write off bad debts:** Once a year before the books are closed, the University is required to write off bad debts from the University's financial records as operating expenses. The debts for the year 2000 total $60,594.42 which is a significant decrease from 1999 totaling $144,855.81 due to tightening the deferments process. Beginning in fall of 1999, the Office of Student Financial Assistance tightened the deferment process and began a more aggressive follow-up on students to whom deferments were granted.

7. **Approve the revision of Section VII, Sexual Harassment Policy and Procedures, of the *Northern Perspective* Student Handbook.** A motion was made by Regent Boggs and seconded by Regent Griffin to approve the revision of Section VII, Sexual Harassment Policy and Procedures, of the *Northern Perspective* Student Handbook. The revision was made to include a broader definition of sexual harassment in response to recent litigation concerning application of the policy. Due to internal reorganization, modifications were necessary to reflect titles of individuals responsible for enforcing the policy and conducting the procedures. **Motion carried.**

8. **Approve the fiscal year 2000-2001 annual budget for Northern Kentucky University:** President Votruba recommended that the Board of Regents approve the resolution establishing and approving the fiscal year 2000-2001 annual budget for Northern Kentucky University. A motion was made by Regent Andersen and seconded by Regent Malloy to approve the resolution. **Motion carried.**

   Regent Andersen commented on the progress made during his three years as Regent on new faculty lines, support for instructional equipment and increasing salaries for part-time faculty. He expressed thanks on behalf of the faculty for the changes of priorities that have happened and been reflected in the current budget.

9. **Resolutions for 1999-2000 University-wide accomplishments:** The Women's Basketball Team was present at the Board meeting in recognition of their Resolution. A motion was made by Regent Zapp and seconded by Regent Poston to approve Resolutions 9.a (NKU's Women's Basketball Team) and 9.b (the Intercollegiate Athletics Program) as read by Dr. Votruba. **Motion carried.**

   A motion was made by Regent Zapp and seconded by Regent Taliaferro to approve Resolutions 9.c thru 9.k listed below recognizing those individuals and groups who helped with the 2000 Kentucky General Assembly Session. **Motion carried.**

c) Statewide and Local Media); d) The NKU Alumni Legislative Advocates; e) NKU Team 2000 (Student Leaders); f) Governor Paul Patton; g) Speaker of the House of Representatives Jody Richards; h) Senate President David Williams; i) CPE and Gordon Davics; j) Northern Kentucky Legislative Caucus; and k) 2000 General Assembly Budget Conference Committee.

There was an additional Resolution read by Chair Downing and signed by the Board Executive Committee in recognition of President Votruba and his excellent faculty and staff for their leadership and research during this past legislative session to the Northern Kentucky Region and its legislative representatives.

D. Regent Recommendation:

1. Changes to the By-Laws (Article 1, B.2):

Regent Poston, Chair of the Recommendation Committee, thanked Committee members Joyce Griffin and Brenda Wilson, along with other members of the Board, for their research and work on developing the Recommendation for the Changes to the By-Laws concerning Regent Emeritus. Before the Recommendation goes forward, Regent Poston wanted to make it understood and enforced that this recognition was for special Board members who have served the University "above and beyond the call of duty" to receive this level of distinction.

A motion was made by Regent Griffin and seconded by Regent Taliaferro to adopt the changes to the By-Laws (Article 1, B.2) as stated. **Motion carried.**

E. Executive Session to Discuss Legal Issues: At 1:45 p.m. a motion was made by Regent Taliaferro and seconded by Regent Poston to call an exccutive session. **Motion carried.**

The Board Reconvened at 2:00 p.m. No action taken.

President Votruba invited all present to a reception in the University Center 2nd Floor Lobby following the meeting for outgoing Regents Andersen, Boggs and Malloy.

With no further business, Chair Downing adjourned the meeting at 2:05 p.m.

Nuñez, Gary Graff, Lois Schultz, Barbara Holland, Don Gorbandt, Mike Baker, Mary Paula Schuh, Ron Ellis, Gerald Hunter, Tony Atwater, Greg Stewart, Gary Pratt, Mary Ryan, and Lilla Losey.

The minutes of the May 10, 2000, regular meeting of the Board of Regents were accepted with no changes.

Presidential Comments:

- On behalf of the University the President extended a welcome to new Regents Chuck Brown, Prince Brown, Jr., Kara Clark, and Chuck Pettit and their spouses and friends who were present.
- He mentioned that the responsibility of stewardship to Northern Kentucky University was not just for the University but for the entire Metropolitan region served by the University.
- Thanks were extended to Regent Downing for his role as chair over the past two years and for his effective leadership and counsel on behalf of the University.
- A welcome was extended to the new Assistant Vice President for Development Don Gorbandt. Mr. Gorbandt comes to the University from Thomas More College where he was Associate Vice President for Institutional Advancement.
- A farewell was extended to Dr. Barbara Holland, Associate Provost for Strategic Planning and Outreach. Much of her attention was focused on helping to guide the task force which resulted from the University's Vision, Values, and Voices process. Dr. Holland has taken a position with the Department of Housing and Urban Development (HUD).
- The University's focus this summer has been on:
  - Planning and alignment of academic programs and services which serve the markets important to the University's future. That planning will include general education–a proposal will be submitted to the Faculty Senate early in the fall for general education reform.
  - Plans to invest up to 1.4 M dollars in the University's outreach mission over the course of the next year.
  - Furthering the understanding of the impact of the Community College and planning for a new complementary role with a new Postsecondary provider in Northern Kentucky.
  - Academic accountability for allocated resources.
  - Continued focus on Enrollment Management.

- Beginning plans for a new Capital Campaign–A consultant will be brought in at the beginning of the new year. Vice President Read and her staff will head this project.
- Re-engineering to look at ways to debureaucratize the University to make it more effective as well as efficient in directing more resources into the University's core enterprise.
- Planning the agenda and priorities for the next legislative session.

A. **Joint Finance and Policy Committee Reports:** Regent Zapp reported on the following:

1. **Strategic Enrollment Management:**
   Key points covered were:
   - the mandate from the President that the University as a whole is responsible for student recruitment;
   - recruitment and retention targets;
   - review of the key Enrollment Management challenges;
   - establishment of enrollment targets and goals; and
   - increase of various undergraduate programs along with African-American and other enrollment numbers.

2. **Bookstore & Other Contracts Update:** Vice President Baker discussed the Bookstore contract or privatization of the Bookstore along with the dilemma of the University's Health Care benefits. Many companies are leaving Kentucky which affects all businesses in Kentucky.

3. **Dorms - Breezeway:** Vice President Baker reported that design had begun on a project to effect repairs to the breezeway/stair structures associated with the Residential Village project.

4. **Public Comment Policy:** Executive Assistant to the President Crigler stated that discussion on the Public Comment Policy will be postponed until the next meeting of the Joint Policy and Finance Committee in September.

Nominating Committee Report: A motion was made by Regent Poston and seconded by Regent Chuck Brown to elect the following Regents to the Executive Committee: Robert Zapp, Chairman; Brenda Wilson, Vice Chairman; and Joyce Griffin, Secretary/Treasurer. **Motion carried unanimously.**

B. **Presidential Reports:**
1. **Facilities Management:** Vice President Baker commented that the Landrum project dealing with structural problems is progressing on schedule with completion by the beginning of fall semester.

College of Arts and Sciences: Chemistry: Gwen Fields; **History and Geography**: W. Frank Steely; **Mathematics and Computer Science**: Shelly Cain, Boris Chudnovsky, Michael Collins, James W. Hauser, Harry Stebbins, Scotty L. Thompson and Tom Warth. **Physics and Geology:** S. Srinivasan. **Political Science:** Frank H. Edelen, Jr. and Michael Kost. **Psychology:** Mei Mei Burr and Wanda Capps McCarthy. **Sociology, Anthropology and Philosophy:** Peter Killoran, Timothy D. Murphy and Karl A. Nauratil, Jr. **Theatre:** Jamey Strawn.

College of Business: Accountancy: Teri Adams and Andrea Weichkgenannt. **Economics, Finance and Information Systems:** Carl Simkonis.

College of Professional Studies and Education: Technology: Marilyn Barrett, Thomas Burks and Majed Dabdoub.

Chase College of Law: William D. Bell (Visiting Assistant Professor)

W. Frank Steely Library: Jason Larson (fiscal year)

3. **Non-Academic Personnel Actions:** President Votruba recommended that the Board of Regents approve the following categories of non-academic personnel actions which occurred between

26, 2000, and July 01, 2000: Activations; Temporary/Contract to Regular Status; Promotions; Re-Assignments, Reclassifications, Re-Engineering, Title Changes; Transfers; and Terminations.

4. **Administrative Personnel Actions:** President Votruba recommended that the Board of Regents approve the following administrative personnel actions:

   Appointment: Donald A. Gorbandt, Assistant Vice President for Development, effective June 1, 2000.

   Title Change: Sara L. Sidebottom, Vice President for Legal Affairs and General Counsel, effective July 1, 2000.

5. **Student Government Association Constitution Revision:** The revisions to the Student Government Association Constitution change the procedure for selecting the Chief Justice of the Judicial Council and alters the length of term of office for the Chief Justice. Also, the revision provides for selecting two individual Judicial Council members each semester. This process will provide more continuity to the Judicial Council.

6. **Creation of Advisory Committee - Drug Free School and Campus Safety Act:** The creation of the Advisory Committee will ensure compliance with the Drug Free School and Campus Safety Act. The Committee will be representative of all areas of the University Community and report to the Office of Legal Affairs and General Counsel. It will be charged with reviewing the alcohol and other drug policies, programs and procedures on campus.

7. **Resolution Authorized Signatures on University's Checking Accounts:** The corporate Resolution was adopted by the Board of Regents, approving Russell A. Kerdolff, Comptroller, and Gerald E. Hunter, Associate Vice President for Financial Planning and Institutional Research, as authorized signatures on the University's checking accounts.

8. ***Personnel Policy and Procedure Manual* Addition - Vacation/Annual Leave Policy:** The Staff Effectiveness and Satisfaction Task Force has recommended that staff be given the option of transferring a limited number of unused vacation days to sick leave. This recommendation provides staff employees with a positive alternative to forfeiting unused vacation leave. The amount of sick leave is critical to maintaining an employee's pay status should illness occur. Furthermore, as participants in the Kentucky Employees Retirement System staff are permitted to apply accumulated sick leave to their months of service credit upon retirement.

9. ***Personnel Policy and Procedure Manual* Revision - Affirmative Action:** This change to the Affirmative Action Equal Opportunity statement in the *Personnel Policy and Procedure Manual* governing NKU staff will make it more consistent with the policy statement in the *Faculty Policies and Procedures Handbook* and with the Equal Opportunity Statement of the President, signed in November 1997.

10. ***Faculty Policies and Procedures Handbook* Amendments:** Associate Vice Provost Reichardt commented that the recommendation involves tuition in two categories of faculty:

- Each full-time regular faculty member will be provided with a tuition waiver benefit of six (6) semester hours of NKU course work each semester for the faculty member's spouse and each dependent. One of the key elements of this recommendation is that it puts the University in a better competitive situation as far as recruitment and retention with other institutions in terms of the benefits offered their regular full-time faculty. Most of the other benchmark institutions offer this benefit to their dependents.
- Temporary full-time faculty members, after one year of continuous service, may take up to six (6) semester hours of NKU course work each semester without being required to pay tuition. This change in tuition is also a recruitment issue. The University depends heavily on temporary faculty (1 yr. contracts) to meet enrollment demands.

The President indicated that this was one more step to position the University to competitively recruit the next generation of faculty.

A motion was made by Regent Prince Brown and seconded by Regent Pogue to approve the amendments to the *Faculty Policies and Procedures Handbook.* **Motion carried.**

- **Executive Session to Discuss Legal Issues:** At 1:25 p.m. a motion was made by Regent Zapp and seconded by Regent Poston to call an executive session. **Motion carried.**

The Board reconvened at 1:40 p.m.

- A motion was made by Regent Zapp and seconded by Regent Poston that the Board of Regents approve the elimination of the Priority 1, 2 and 3 classification system for property acquisition that was approved by the Board on May 6, 1992 and identified in the 1992 Land Acquisition Plan, and in its place designate all property in the plan as Priority 1 parcels. **Motion carried.**

Outgoing Chair Downing offered his congratulations to the newly appointed Executive Committee of the Board of Regents and thanked the Board for the opportunity to serve as Chair for the last two years. He also commended the Board on their teamwork and welcomed them to continue their activity, interest and concern to further the growth of the region through progress made by Northern Kentucky University.

Executive Assistant to the President Robin Crigler invited all present to attend the welcome reception for the new Regents in the University Center Lobby immediately following the meeting.

With no further business, outgoing Chair Downing adjourned the meeting at 1:45 p.m.

The invocation was read by Regent Poston.

Roll Call: Chuck Brown, Prince Brown, Jr., Kara Clark, Frank Downing, Joyce Griffin, Kathryn Hendrickson, Betty Pogue, Charles Pettit, James Poston, Jr., Brenda Wilson, and Robert Zapp.

Others Present: James C. Votruba, Angie Gabbard, Don Gorbandt, William G. Verst, William Verst Jr., Gary Pratt, Tony Atwater, Gail Wells, Gerry St. Amand, Carol Bredemeyer, Lois Schultz, Mike Carrell, Gary Graff, Mary Ryan, Joe Ruh, Jane Meier, Mary Paula Schuh, Russ Kerdolff, Sonda Cummins, Gina Holt-*Recorder Newspapers*, Tom Comte, Cheryl Nunez, Mark Shanley, Deborah Read, Rogers Redding, Mike Baker, Robin Crigler, Gerald Hunter, Sara Sidebottom, Debra Vance-*Kentucky Post*, Lilla Losey, Gregory Stewart, and Joseph Wind.

A motion was made by Regent Downing and seconded by Regent Chuck Brown to accept the minutes of the July 12, 2000, regular meeting of the Board of Regents. **Motion carried.**

A motion was made by Regent Poston and seconded by Regent Pettit to accept the minutes of the September 11-12, 2000 Board of Regents Retreat held at the Metropolitan Club in Covington, Kentucky. **Motion carried.**

Presidential Comments:

- Regent Zapp was welcomed to his first formal meeting as Chair.
- Former Regent and Chair William G. Verst was welcomed at the meeting and recognition was given for his extended time of leadership.
- The Master Plan has been finalized. The Plan reflects the University's vision for the long-term future and assumes continued growth and expansion. Thanks were given to NKU's Regents, faculty, staff, students, and the extended community for their contribution in this effort.
- An update of Enrollment Management was given: enrollment is up a little over 3% to 12,125 students. That is an overall increase of approximately 349 students. The undergraduate level is up to 10,884 with a CPE target of 10,700. Congratulations were given to Vice President Shanley and Associate Vice President Stewart, Academic Affairs, and others who contributed to this campus-wide initiative.
- Recognition was given to the NKU Student Leaders (Student Government and Presidential Ambassadors) who were honored at a Reception prior to the meeting. Special recognition was given to Regent Kara Clark for her leadership as President of the Student Government Association.
- Recognition was given to Nancy Perry, Director of Alumni Affairs, and the Alumni Association for their efforts on the recent inaugural Alumni Lecture Series, featuring George Will and George Stephanopoulos. Approximately 2000 people were in attendance at the lecture and 200 at the dinner prior to the lecture.
- President Votruba thanked the Board of Regents for their continued support of him and added that it was a privilege for him to serve the University and its Board of Regents.

A. Joint Finance and Policy Committee Reports:

1. **University Master Plan:** Regent Wilson, Policy Committee Chair, reported on the University Master Plan which better reflects the values and personality of the University as more friendly, warm, welcoming and personable.

   The process began in March 1999 involving a committee of faculty, staff, students, community members, the Transportation Board of Kentucky, and others.

2. **(Unaudited) Annual Financial Report:** Regent Chuck Brown, Finance Committee Chair, reported on the 1999/2000 Annual Financial Report stating that the current operating budget is in line with the recurring resources. NKU's vision to become a learner centered/metropolitan university depends upon sound fiscal policies.

B. Presidential Reports:

1. **(Unaudited) Annual Financial Report:** Vice President Baker indicated that the Finance Committee meeting with the Regents went very well earlier and thanked Comptroller Russ Kerdolff and his staff for their outstanding work.

   The auditors Deloitte and Touche will attend the next Board of Regents meeting and will be available for questions.

2. **Facilities Management:** Vice President Baker reported on the following:
   - The Natural Science Center is on schedule and within budget.
   - Northern Kentucky Special Events Center: A feasibility study is ongoing to make sure everything is in place during the next legislative process. A consultant met today with Vice President Shanley and Student Government President Kara Clark for feedback from students.
   - The Landrum Safety Repairs are complete.
   - The Otto M. Budig Theater: The bids exceeded available funds and the project is undergoing redesign in preparation for rebidding. The project should start this fall.
   - The Power Plant bids opened yesterday.
   - Nunn Hall Second Floor Lobby is completed with the dedication planned this fall.
   - General Classroom Upgrades: Much positive feedback has been received from students and faculty. Negotiations are in process with Gary Pratt, Chief Information Officer, to upgrade technology.
   - There are approximately 94 classrooms on campus and almost 45% have been rehabbed.

   President Votruba acknowledged Vice President Baker and Physical Plant staff for their hard work and effort in this process.

C. Presidential Recommendations:

Consent Agenda Items: Recommendation #4 was withdrawn until a later Board meeting. A motion was made by Regent Poston and seconded by Regent Hendrickson to approve the following Presidential

Recommendations as listed below (1-3 and 5-6). **Motion carried.**

1. Academic Affairs Personnel Actions:

Sittason, Pilar Valencia, Bryce Warren, Susan Washburn, and Hannelore Wolfram; **Mathematics and Computer Science:** Sr. Marilyn Hoffman, Bethany Noblitt, John Taylor, Judy Westrick; **Music:** James Patrick Bunte, Nina Key, and Joseph Pokorski; **Physics and Geology:** Wayne J. Bresser, Reuben G. Bullard, Jr., Kenan Cetin, and Sharmanthie Fernando; **Political Science:** Anita Raturi; **Psychology:** Ann M. Pedersen and Tiffany Steltenkamp;

Sociology, Anthropology, and Philosophy: Robert Kenny; **Theatre:** Christine Jones, Melanie G. Mortimore, and David Schmidt.

College of Business: Economics, Finance, and Information Systems: Carl Simkonis; **Management and Marketing:** Joumana Abraham, Molley Mayer, and Terrence Moore.

College of Professional Studies and Education: Allied Health, Human Services and Social Work: Barbara Conklin and Jacqueline Smith; **Communication:** Henry Baker, Mary Cupito, Karen Donges, Robert Jones, Ann Taylor and Pamela Tyahur; **Education:** Jennifer Cottingham, Gary Eippert, Bridget Gruner, John Huss, Jill Niemeyer, Dan O'Brien, Sara Runge Pulte, and Rachel Votruba; **Nursing:** Peggy Cooper; **Technology:** Marilyn Barrett, Majed Dabdoub, and Sean Foley.

W. Frank Steely Library: Elinor Rambo.

3. **Non-Academic Personnel Actions:** President Votruba recommended that the Board of Regents approve the following categories of non-academic personnel actions which occurred between July 1, 2000, and September 12, 2000: Activations; Reassignments, Reclassifications, Reengineering, and Title Changes; Terminations; Promotions; Transfers; and Temporary/Contract to Regular Status.

4. **Change in the Name of the NKU Baseball Field:** (Recommendation withdrawn)

5. **Renew the University Fire Service Memorandum of Agreement with the Central Campbell County Fire District:** The fire district merged with the Highland Heights Volunteer Fire Department this past year. Through this contract, the University receives fire service, assistance with construction issues, and advice and participation in fire education initiatives.

6. **Changes in Titles for Key Administrators within the division of Academic Affairs:**
   - Chief Information Officer to Associate Provost for Information Technology.
   - Director of Steely Library to Associate Provost for Library Services.
   - Associate Provost for Strategic Planning and Outreach to Associate Provost for Graduate Studies and Outreach.

7. **Adopt the Northern Kentucky University 2000 Master Plan:** With no further comments, a motion was made by Regent Wilson and seconded by Regent Griffin to adopt the Northern Kentucky University 2000 Master Plan. **Motion carried.**

8. **Authorize Administration to Implement a Tuition Pricing Strategy for NKU Chase College of Law:** President Votruba commented that over the last few years there has been concern regarding pricing relative to other law schools not only in Kentucky but specifically in the metropolitan region.

   Dean St. Amand commented that many people from the region who couldn't afford to come to Chase left the area to find an affordable school. Among that group were children of Chase graduates. Chase has long ties to the state of Ohio with over 50% of Chase alums located in Ohio. Those alumni are not only part of the past, but also the present and a significant part of the future. To be true to the University's core values, the recommendation allows the Law School to be actively engaged in the metropolitan region in a way that is affordable for both the University and for the prospective students interested in becoming a part of Chase.

A motion was made by Regent Prince Brown and seconded by Regent Hendrickson to authorize the University administration to implement a tuition pricing strategy for Northern Kentucky University's Chase College of Law. This strategy recommends reducing Fiscal Year 2001-02 full-time non-resident tuition by $1,960, from $15,960 to $14,000 and part-time non-resident tuition by $81 per credit hour, from $665 to $584 per credit hour. **Motion carried.**

D. Regent Recommendation:

1. **Regent Emeritus Status:** A motion was made by Regent Poston and seconded by Regent Hendrickson that William G. Verst be given the distinction and designation of Regent Emeritus due to his continued service, commitment and contribution to the University and the University community. The Board recognized that this designation is the highest distinction it can bestow upon a former Board member.

   Regent Poston, Chair of the Nominating Committee, stated that former Regent Verst was not only recognized for his quantity of service (Regent 1984-99, Chair 1992-93 and 1993-94) but for his quality of service as well. **Motion carried.**

E. Executive Session to Discuss legal Issues: (No discussion was necessary at this time).

President Votruba encouraged all present at the Board meeting to attend future Policy and Finance Committee meetings held on the morning of each scheduled Board meeting.

With no further business, at 1:35 p.m. a motion was made by Regent Poston and seconded by Regent Clark to adjourn. **Motion carried.**

Board of Regents Meeting
University Center Ballroom
November 15, 2000

The regular meeting of the Board of Regents of Northern Kentucky University was called to order at 1:07 p.m. on Wednesday, November 15, 2000, by Chairman Robert Zapp.

The invocation was read by Regent Clark.

Roll Call: Prince Brown Jr., Kara Clark, Frank Downing, Joyce Griffin, Betty Pogue, Charles Pettit, James Poston, Jr., Brenda Wilson, and Robert Zapp (excused: Chuck Brown and Kathryn Hendrickson).

Others Present: James C. Votruba, Sonda Cummins, Ron Ellis, Russ Kerdolff, Mary Paula Schuh, Lois Schultz, Joe Ruh, Gina Holt-*Recorder Newspapers,* Robin Crigler, Gerald E. Hunter, Sara Sidebottom, Deborah Read, Rogers Redding, Mike Baker, Mark Shanley, Gregory Stewart, Gerry St. Amand, Mike Carrell, Tony Atwater, Gail W. Wells, Cheryl L. Nunez, Kurt Moeller, Todd Asalon, Jeanne Papania, Marilyn Siry, Carol Bredemeyer, and Lilla Losey.

A motion was made by Regent Poston and seconded by Regent Pettit to accept the minutes of the September 27, 2000, regular meeting of the Board of Regents. **Motion carried.**

Presidential Comments:

- All those present were encouraged to join the Board of Regents at the joint Policy and Finance Committee meetings held prior to each regular Board meeting as much discussion and analysis of the Board meeting material occurs during that time.
- Vice President Baker, Russ Kerdolff, Linda Davis and their staff were congratulated for their efforts on the financial management of the University and the A-133 Audit of Federal Programs.
- Preparation for the next comprehensive campaign "Advancing the Vision" was mentioned. The plan was reviewed by the University Foundation. Congratulations were extended to Vice President Read, Don Gorbandt and all staff who contributed to the preparation of the campaign plan.
- The Chase College of Law Foundation made a $250,000 commitment to the University and to the scholarship fund on behalf of Chase. After the match by the state, a $500,000 endowment will be created which will support scholarships and represent a commitment on the part of the Chase Foundation to support not only the Law School but also the University.
- A press conference was recently held by Representatives Callahan and Draud concerning their bipartisan sponsorship and leadership in working toward a special events center for NKU. The Governor, Senate President David Williams, and House Speaker Jodi Richards have also offered their strong support of the facility. Vice President Baker estimates the cost from $35-45M.
- The Office of Civil Rights (OCR) will visit the Campus on Friday, November 17, 2000. This is one step in the partnership agreement between the OCR and the Commonwealth with reference to each of the Kentucky public universities and the status of enrollment and retention of African-American Kentucky-resident students and the employment of African-American administrators, faculty, and staff at its traditionally white institutions.

  Vice President Redding, Vice President Shanley and, particularly, Greg Stewart were acknowledged for their part in this retention effort. The University has exceeded the target set by the Council on Postsecondary Education. More students have been retained from the first to the second year. A good part of this retention is due to University 101 and learning communities.

- Winter Commencement will be held on December 16 at the Firstar Center in Cincinnati. Ed Rigaud, President & CEO of the National Underground Railroad Freedom Center in Cincinnati, will be the guest speaker and will receive an honorary doctorate degree at that time.
- Regarding the recent Channel 9 I-Team report on Campus Safety, there is no evidence of intentionally under-reporting crime. Market share is sometimes put ahead of journalistic integrity. The Southern Police Institute has been employed by the University to do a comprehensive assessment of the University's policing policies and procedures. That report is due this December. Vice President Baker, Vice President Read, Vice President Sidebottom, Joe Wind, Ron Ellis, Rick Meyers and others were acknowledged for their efforts on behalf of the University.

A. **Joint Finance and Policy Committee Reports:** Regent Wilson commented on the following:

1. **CPE/OCR Site Visit Report:** President Votruba and Cheryl Nunez, Director of Affirmative Action and Multicultural Affairs, reported that the University is in compliance and the visit on November 17 should be positive.
2. **Capital Campaign:** Vice President Read gave a report on "Advancing the Vision" a comprehensive fundraising campaign. NKU is set to launch the largest comprehensive campaign in its history.
3. **A-133 Audit Report:** The auditors from Deloitte & Touche LLP commended the University management as there were no instances of non-compliance or material weaknesses found.

Academic Titles/Designations: Vice President Redding gave explanation on the meaning of the various academic titles and designations, such as: full-time tenure track, full-time non-tenure track, part-time faculty, etc.

B. **Presidential Reports:**

1. **CPE/OCR Site Visit Report:** The OCR gave the University a set of questions to consider in advance of their visit on November 17. In doing so, it represented a worthwhile self-study. Cheryl Nunez was acknowledged for her coordination of the visit.

2. **External Auditors' Management Letter:** The letter from Deloitte & Touche addressed recommendations concerning matters related to the University's internal control and certain observations and recommendations on other accounting, administrative, and operating matters.

3. **A-133 Audit of Federal Programs**: The audit was discussed at length during the earlier committee meeting. No further discussion was required at this time.

4. **Health Care Contract with Anthem Blue Cross Blue Shield:** Vice President Baker indicated that the change in health care providers had been well received by the University community. The new contract not only resulted in a savings for the University but for the employees as well. He commended the Health Care Utilization Committee members, which included Martha Malloy and Keith Stewart.

5. **University Banking Contract with Fifth Third Bank:** Vice President Baker indicated that the University is in the process of rebidding banking services. The current contract expires on February 28, 2001. It is expected to be a very competitive process, and Fifth Third will not be eliminated from the bid process. In accordance with Kentucky Revised Statute Chapter 45A, a letter should be

submitted to Dr. Robin Crigler by any Board member interested in the bidding process or contract. Comptroller Russ Kerdolff will be Chair of the Bank Bid Committee.

6. **Facilities Management:** Vice President Baker highlighted the Natural Science Building and the Special Events Center and indicated that work is progressing. The feasibility study for the new Student Union is going well.

7. **Quarterly Financial Report:** Vice President Baker indicated that the University is well within the budget.

C. **Presidential Recommendations:**

Consent Agenda Items: A motion was made by Regent Poston and seconded by Regent Downing to approve the following Presidential Recommendations as listed below (1-9). **Motion carried.**

1. **Academic Affairs Personnel Actions**

Faculty Appointments: Javier Arias, Artist in Residence (non-tenure track renewable) in the Music Department, effective August 16, 2000; **Marcia Littley de Arias**, Artist in Residence, (non-tenure track renewable) in the Music Department, effective August 16, 2000; **Patricia Bradley**, Assistant Professor in the Literature and Language Department, effective August 16, 2000; and **Leslie Manke**, Coordinator, (non-tenure track renewable) Admissions, Advising, and Testing, in the School of Education, effective August 1, 2000.

Leaves, Paid/Unpaid: Frances Zaniello, Director of First-Year Programs, paid administrative leave with benefits, beginning March 19, 2001, and ending August 1, 2001; and **Martin Huelsmann**, Professor in the Salmon P. Chase College of Law, unpaid leave with benefits to be paid by employee, beginning August 1, 2000 through July 30, 2004.

Retirement: **Roger Blanchard**, Associate Professor in the Chemistry Department, effective August 15, 2001.

2. **Emeritus Status: Margaret Cantrell**, Professor in the School of Education.

3. **Administrative Personnel Action: Daniel Kent Kelso**, Dean of Student Development, effective October 1, 2000.

4. **Non-Academic Personnel Actions:** President Votruba recommended that the Board of Regents approve the following categories of non-academic personnel actions which occurred between September 13, 2000 and October 31, 2000: Activations; Temporary/Contract to Regular Status; Transfers; Reassignments/Reclassifications/Re-Engineering/Title Changes; Promotions; and Terminations.

5. **University Organizational Structure:** The organizational structure reflects all administrative changes to date.

6. **Add the new section "*Policy and Procedure for Accommodation Appeal*" to the Student Code of Rights and Responsibilities:** The new section is located after section VI. *Appeal of Discrimination Complaints* in the *Hearing Procedures* portion of the Code. The *Policy and Procedure for Accommodation Appeal* was developed by the Disability Advisory Committee to ensure due process consideration for disabled students requesting accommodations.

7. **Change to NKU Governing Regulations/Administrative Regulations - Revision to the Residency Appeal Policy and Procedures and Residency Review Committee:** This recommendation revises the Residency Appeal Policy and Procedures to acknowledge the transfer of residency review from the Office of Admissions to the Office of Registrar. This recommendation also revises Administrative Regulation AR III-5.0-4 (Residency Review Committee) to be in line with the proposed Residency Appeal Policy and Procedures.

8. **Change to the NKU Administrative Regulations-Affirmative Action Committee (Administrative Regulation III-1.0-1):** The amendment of the Committee's duties relieves it of responsibility for the selection of recipients of the Educational Diversity Scholarships (formerly the Minority Educational Opportunity Scholarships). Such duties should be transferred to an appropriate committee coordinated by the Office of Financial Assistance, which administers other scholarships, in order to ensure a better coordinated and effective approach to scholarship distribution.

9. **Administrative Computing Committee removed from Administrative Standing Committees listed in the University Administrative Regulations (AR-III-3.0-1):** With the reorganization of the Office of Information Technology, Administrative Computing and its standing committee no longer exist.

10. **New Programs, Master of Science in Information Systems (MSIS) in the College of Business**: Vice President Redding commented that this was another step by the University to meet the needs of the region. The objective of the MSIS program is to prepare business managers and professionals for the rapidly growing and changing field of information systems and information technology management. The program is expected to begin fall semester 2001.

    A motion was made by Regent Pogue and seconded by Regent Prince Brown to approve the new program, Master of Science in Information Systems (MSIS), in the College of Business. **Motion carried.**

11. **Change in the name of Friendship Field:** Vice President Shanley indicated that this proposal was designed to recognize the outstanding achievements of Coach Bill Aker, who served for 29 years as NKU's only baseball coach. Coach Aker's final overall record is an impressive 806-571-1 which ranks #10 all-time among active NCAA Division II coaches in career victories. The NKU Naming Committee reviewed and supports the proposal. The proposal was also approved by the President, Vice President for University Advancement, and the Vice President for Student Affairs and Enrollment Management.

    A motion was made by Regent Pogue and seconded by Regent Pettit to approve the name change of Friendship Field to The Bill Aker Baseball Complex at Friendship Field. **Motion carried.**

12. **Establish an Undergraduate Non-Resident Tuition Waiver:** President Votruba recognized Gregory Stewart, Associate Vice President for Enrollment Management, for his leadership in this pricing policy. NKU seeks to become an active partner in workforce development in the region, and affordable access to University courses is part of the University's strategic plan. This recommendation directly supports recruitment and retention of targeted students (adult learners, evening/weekend students) and promotes graduation by providing a true incentive for academic progress toward degree.

    Vice President Shanley indicated that this proposal actively supports the CPE action agenda to increase the enrollment of students from Kentucky.

    A motion was made by Regent Prince Brown and seconded by Regent Clark to approve the recommendation to establish an undergraduate non-resident tuition waiver for NKU Distributed Learning Center courses effective spring semester 2001 (students would pay in-state tuition for courses at these sites). These tuition waivers would be offered on a three-year pilot basis, subject to assessment of effectiveness. **Motion carried.**

With no further business, at 1:40 p.m. a motion was made by Regent Downing and seconded by Regent Prince Brown to adjourn. **Motion carried.**

Board of Regents Meeting
University Center Ballroom
January 17, 2001

The regular meeting of the Board of Regents of Northern Kentucky University was called to order at 1:10 p.m. on Wednesday, January 17, 2001, by Chairman Robert Zapp.

The invocation was read by Regent Pogue.

Roll Call: Chuck Brown, Prince Brown Jr., Kara Clark, Frank Downing, Joyce Griffin, Betty Pogue, Charles Pettit, James Poston, Jr., Brenda Wilson, and Robert Zapp (excused: Kathryn Hendrickson).

Others Present: James Votruba, James Alford, Bill Oliver, Larry Terrell, Carol Bredemeyer, Lois Schultz, Tony Atwater, Gerry St. Amand, Mike Carrell, Gary Pratt, Gail Wells, Francie Mosser, Jane Meier, Gary Graff, Katie Herschede, Mary Lepper, Robin Crigler, Mike Baker, Rogers Redding, Gregory Stewart, Gina Holt-*Recorder Newspapers*, Mary Kirk, Mary Paula Schuh, Joseph Wind, Don Gorbandt, Russ Kerdolff, Angie Shaffer, Cheryl Nunez, Gerald Hunter, Debbie Read, Mark Shanley, Sara Sidebottom, Kent Kelso, Mary Ryan, Robin Geiger, Rick Meyers, Joe Ruh, Ron Ellis, Debra Vance-*Kentucky Post*, Bob Weber, Ken Carter, Marjorie Artzer, Angie Gabbard, Chris Cole, and Lilla Losey.

The minutes of the November 15, 2001, regular meeting of the Board of Regents were accepted with no changes.

Chair Zapp thanked Dr. Frank Stallings for his presentation on the history of NKU during the luncheon that day.

Presidential Comments:

- Kevin Listerman was recognized for his performance as an outstanding student athlete. Kevin was one of eight student athletes to receive the National Collegiate Athletic Association's highest honor. He was the only athlete in Division II to receive the award.

  The academic performance of all NKU athletes was recognized:
  - Women's sports: 3.14 - Basketball/3.52
  - Men's sports: 2.70 - Basketball/2.90
  - Total all sports: 2.88 (highest in NKU history)

- Spring enrollment was up overall by 2.3%. The Law School enrollment increase was 8.9%.
- Senators Bunning and McConnell and Congressman Lucas were recognized for their support of funding for METS ($500,000) and the Urban Learning Center ($270,000).
- Vice President Baker and his staff were recognized for their work on campus facilities improvement. Faculty as well as students have recognized the upgrade of the classrooms, 50 out of 100 have been upgraded since this past summer. Twelve more were upgraded over the winter break. There will be a demonstration of the new smart classroom at a future Board meeting.
- The University has an $8M goal for private donor support this year–$4.2M has already been met with excellent progress being made toward the comprehensive fund raising campaign. The feasibility study is in progress with a report expected to the Board later this spring. Vice President Read, Assistant Vice President Don Gorbandt and the Development staff were recognized for their progress this year.
- The academic planning and priority setting process is well underway. With the help of a committee of faculty and others, a set of campus conversations are currently being conducted much like the Vision, Values, and Voices conversations three and a half years ago. These discussions will

include the University's faculty, staff and students, as well as community members. This process is planned for completion at the end of this semester. At which time, a set of academic priorities will be identified that will include new program development, program expansion as well as possible program down-sizing or elimination.

- The University remains on target to meet or exceed CPE enrollment targets. Growth and retention are both up this year, including approximately 100 new students at the IRS program and 200 at the Grant County initiative.
- The University has initiated the Mayerson Student Philanthropy Project, which is believed to be the first of its kind in the nation. This program is designed to promote civic participation by working with non-profit agencies to identify and assess community needs. A donation of $100,000 was made by the Mayerson Foundation for a two year period with the intent for the University to find a private endowment. On December 1, 2000, a ceremony/press conference was held for the students to present the grants. The amount awarded to the community-based organizations ranged from $1,000 to $4,000.

A. **Joint Finance and Policy Committee Reports**: Regent Chuck Brown reported on the following:

1. **Fee Strategy:** Areas of major concern included increases needed for residential housing and athletic enhancement. This is the first fee increase in three years. Student Government unanimously voted to approve this increase.

2. **Tuition Strategy:** In September of 1999 tuition was approved at 5 1/2% both for resident and non-resident students. This issue has been revisited with respect to non-resident students. The University wants to be particularly competitive with the Cincinnati Metropolitan area tuition rates. Four areas were targeted:
   - Non-resident tuition waiver for Distributed Learning Centers (IRS and Airport).
   - Scholarship program for non-resident transfer students.
   - Early Admission program for high school students to encourage enrollment at NKU.
   - Tuition Grant program to assist non-resident freshmen and sophomores who have exceptional financial need.

   The goal is to lower non-resident tuition but not to negatively impact tuition revenue. Tuition increase would be $60 for both resident and non-resident students.

Expired Bank Contract: After a competitive bidding process, Fifth Third Bank will be awarded a four-year contract with the University.

B. **Presidential Reports:**

1. **Facilities Management:** Benchmark funding increases would allow the University to invest more in these types of endeavors. All projects in the Facilities Management report are progressing on schedule and were coordinated through Mary Paula Schuh and Henry Keene in Campus Planning.

2. **Quarterly Financial Report:** Vice President Baker indicated that the University is well within the budget.

3. **2001-2002 Faculty Development Awards: Project Grants:** Provost Redding indicated that this project lends opportunity for faculty to advance in their disciplines and to improve their teaching through scholarly and creative activity in their field. The amount of funds awarded, ranging from $200 - $5,000 with a total of $35,000 for the project, depends on what the faculty member needs in

terms of materials. Faculty Project Grants are intended to provide funds for research equipment and activities that are not available through program budgets.

4. **2001-2002 Faculty Development Awards: Summer Fellowships:** Provost Redding reported that the Summer Fellowship program is designed to encourage faculty to engage in individual research, scholarly writing, and creative and artistic projects. These efforts would then be shared with the broader University community. Twelve Summer Fellowship awards are offered at $4,500 each with an overall total of $54,000.

C. **Presidential Recommendations:**

Consent Agenda Items: A motion was made by Regent Poston and seconded by Regent Clark to approve the following Presidential Recommendations as listed below (1-7). **Motion carried.**

1. **Non-Academic Personnel Actions:** President Votruba recommended that the Board of Regents approve the following categories of non-academic personnel actions which occurred between November 1, 2000 and January 2, 2001: Activations; Temporary/Contract to Regular Status; Transfers; Reassignments/Reclassifications/Re-engineering/Title Changes; Promotions; and Terminations.

2. **Agreement concerning use of land located behind the Thriftway Building, near Marshall Lane:** The University Administration is authorized to enter into an agreement with Direct Instructional Services, Inc. (DISS) for the use of land located behind the Thriftway building. DISS, a non-profit organization based in Columbus, Ohio, will use the land to construct a ropes challenge course.

3. **Agreement with INROADS for the occupancy of space on the Highland Heights campus:** The University administration is authorized to enter into an agreement with INROADS for the occupancy of space on the Highland Heights campus located at 305 Johns Hill Road. INROADS is a nationally based non-profit organization with a mission to serve the career development opportunities of minorities. The organization will provide funding to the University totaling $18,000 per year for minority scholarships.

4. **Academic Affairs Personnel Actions:**

Administrative: Barbara Hedges, from Interim Director of Credit Continuing Education and Distance Learning to Director of Credit Continuing Education and Distance Learning, effective January 1, 2001 and **Jeffrey Williams**, from Professor in the History and Geography Department to Chair and Professor in the History and Geography Department, effective July 1, 2001.

Faculty Appointments: Michael Baranowski, Assistant Professor in the Political Science Department, effective August 13, 2001; **Erez Ofer**, Artist in Residence, (non-tenure track renewable) in the Music Department, effective August 16, 2000; and **Yoram Youngerman**, Artist in Residence, (non-tenure track renewable) in the Music Department, effective August 16, 2000.

Leaves, Paid/Unpaid: Elizabeth Lorenzi, Associate Professor in the Nursing Department, unpaid leave with benefits, beginning January 1, 2001 through May 12, 2001 and **James A. Wilmer**, Lecturer in the Management and Marketing Department, unpaid leave with benefits, beginning January 1, 2001 through May 12, 2001.

Resignations: Craig Agneberg, Associate Professor in the Technology Department, effective December 31, 2000 and **Deborah Pressly**, Assistant Professor in the Allied Health, Human Services, and Social Work Department, effective December 31, 2000.

5. **Temporary Faculty Appointments for 2001-2002:** President Votruba recommended that the Board of Regents approve the following temporary faculty appointments for 2001-2002:

College of Business:
Economics, Finance, and Information Systems: Frank C. Braun.

College of Professional Studies and Education:
Allied Health, Human Services and Social Work: Connie Wolfe.

6. **Recommendations on Promotion, Tenure, Continued Probation, Continued Probation with Conditions to be Removed and Terminal Reappointment:**

Promotion beginning with the 2001-2002 academic year: Ana England, Barbara Klaw, Chenliang Sheng, Shamima Ahmed, Douglas Krull, Angela Lipsitz, Ken Jones, Thomas Cate, Richard Snyder, Shailendra Verma, Russell Proctor, Mary Kirk, Ruth Champion, Paul Cooper, Harold Wiebe, Richard Bales, and Carol Furnish.

Tenure beginning with the 2001-2002 academic year: Shamima Ahmed, Douglas Krull, Shailendra Verma, Ruth Champion, and Harold Wiebe.

Continued probation for the 2001-2002 academic year under the conditions of the *Faculty Policies and Procedures Handbook*: Kimberly Allen-Kattus, Lisa Jameson, Patrick Schultheis, Roxanne Kent-Drury, Tamara O'Callaghan, Kristine Yohe, Jonathan Reynolds, Lisa Elderbrock, Tammie Gerke, Amy Thistlewaite, JoEllen Burkholder, Peter Theuri, Dean Kiefer, Toru Sakaguchi, Ken Rhee, Debra Kasel, Cady Short-Thompson, Linda Welker, Anjana Arora, Denise Dallmer, Deborah Doty, Yvonne Meichtry; Michele Roszmann-Millican, Carol Ryan, Allen Seed, Gayla Thompson, Teresa Young, Ann M. Dollins, Mary Gers, Caron Martin, Craig Agneberg, Mortez Sadat-Hossieny, Jennifer Bales, Richard Bales, Edward Brewer, Claudia Zaher, and Michael Rose.

Continued probation with conditions to be removed for the 2001-2002 academic year under the conditions of the *Faculty Policies and Procedures Handbook*: Carol Dary Dunevant, James Clingermayer, Dennis Davenport, Stephanie Barnes, Nancy Batchelor, and Simone Bess.

Terminal reappointment for 2001-2002 under the conditions of the *Faculty Policies and Procedures Handbook*: James Roeder.

7. **Sabbatical Leave Recommendations for the 2001-2002 Academic Year:** Susan Adams, one semester; Shamima Ahmed, one semester; Rachelle Bruno, academic year; Paige Byam, one semester; Linda Dolive, one semester; Gina Foletta, one semester; James Hopgood, academic year; MaryCarol Hopkins, one semester; Sally Jacobsen, one semester; Donald Kazee, one semester; Trina Koscielicki, one semester; Katherine Kurk, academic year; Robert Langenderfer, one semester; Yushi Li, one semester; J. Robert Lilly, one semester; Angela Lipsitz, one semester; James Luken, academic year; Raymond McNeil, academic year; Peter Moore, one semester; James Ramage, one semester; John S. Rankin, one semester; Bradford Scharlott, one semester; Lynn Smith, one semester; and John Valauri, one semester.

8. **New Program, the traditional Baccalaureate Program in Nursing (BSN), Professional Studies and Education, beginning 2001 fall semester:** Provost Redding indicated that the shortage of nurses was one of the areas of tremendous need in this region. This program provides another way of obtaining a bachelor's degree other than obtaining it first as an associate degree. With the new program, the students will be able to enter the bachelor's degree immediately. Faculty and facilities utilized for the existing nursing programs will be used for the new program, so no additional faculty resources will be needed.

   A motion was made by Regent Pogue and seconded by Regent Prince Brown to approve the initiation of the new program, the traditional Baccalaureate Program in Nursing (BSN), Professional Studies and Education, beginning 2001 fall semester. **Motion carried.**

9. **New Program, Master of the Arts in Teaching (MAT), Professional Studies and Education, beginning 2001 fall semester.** Provost Redding indicated that this program is consistent with the mission of Northern Kentucky University and the mission of the School of Education in meeting the needs of the region in mathematics and special education. Additionally, a Long-Range Planning Committee commissioned by the Provost during the 1999-2000 fiscal year made an intensive study of the School of Education and recommended that the School of Education develop the proposed MAT program.

   A motion was made by Regent Downing and seconded by Regent Prince Brown to approve the initiation of the new program, Master of Arts in Teaching (MAT), in the College of Professional Studies and Education, beginning 2001 fall semester. **Motion carried.**

10. **Authorize the University Treasurer, W. Michael Baker, to access funds on deposits in the Housing Systems Repair and Replacement Fund:** These funds are needed for extraordinary repairs to the system that were not anticipated, nor provided for in the University's budget. These repairs are necessary in order to protect the bondholders' investment in the system. This action is in accordance with the provisions of Section 6.07 of the bond indenture.

    A motion was made by Regent Clark and seconded by Regent Downing to approve the resolution authorizing University Treasurer, W. Michael Baker, to access funds on deposit in the Housing Systems Repair and Replacement Fund up to $165,000 for the purpose of major repairs to the Housing System. The Treasurer shall not reduce the fund below the required minimum balance of $200,000. The University shall implement a plan to restore the Housing Systems Repair and Replacement Fund to the required funding level of $348,140 within a four-year period from the date of withdrawal. **Motion carried.**

11. **Establish the increase in undergraduate non-resident tuition:** Vice President Shanley indicated that the primary purpose of this proposal is to help contain the cost of education, particularly for non-resident students. It is designed to increase enrollment and retention by reducing the increase in non-resident tuition from the 5.5% increase previously approved by the Board in September 1999. The recommended rate of 1.8% will index the non-resident tuition increase to the same dollar amount established for Kentucky resident students.

    A motion was made by Regent Downing and seconded by Regent Chuck Brown to establish the increase in undergraduate non-resident tuition at 1.8%, effective fall semester 2001. **Motion carried.**

12. **Comprehensive Schedule of Fees "Authorized Schedule of Fees/Service Charges:"** Vice President Shanley indicated that clarification was needed on Pg. 11 of the recommendation pertaining to the enhancement of the Intercollegiate Athletics fee. Following the fee increase for FY 2001-02, the athletic fee will be increased for subsequent years at a rate determined by the higher education price index.

    A motion was made by Regent Poston and seconded by Regent Pogue to approve a comprehensive schedule of fees and charges for academic year 2001-02 at the rates proposed on the "Authorized Schedule of Fees/Service Charges." **Motion carried.**

At a previous Board meeting, Regent Downing asked when the University would be moving to electronic remote access (registering via the Internet and telephone). The President indicated that this system is now in place, with approximately 86% of the registrations done electronically for this spring. Registrar Larry Terrell was given particular recognition for providing the leadership on the implementation of this process.

Executive Session to Discuss Legal Issues: At 1:55 p.m. a motion was made by Regent Poston and seconded by Regent Clark to call an executive session. **Motion carried.**

The Board reconvened at 2:45 p.m. with no action taken.

With no further business, at 2:45 p.m., a motion was made by Regent Downing and seconded by Regent Poston to adjourn. **Motion carried.**

Board of Regents Meeting
University Center Ballroom
March 21, 2001

The regular meeting of the Board of Regents of Northern Kentucky University was called to order at 1:05 p.m. on Wednesday, March 21, 2001, by Acting Chairperson Brenda Wilson.

The invocation was read by Regent Pettit.

Roll Call: Chuck Brown, Prince Brown Jr., Kara Clark, Frank Downing, Betty Pogue, Charles Pettit, James Poston, Jr., and Brenda Wilson (excused: Joyce Griffin, Kathryn Hendrickson, and Bob Zapp).

Others Present: James Votruba, Carol Bredemeyer, Gary Graff, Mike Carrell, Gerry St. Amand, Gerald Hunter, Sara Sidebottom, Cheryl Nuñez, Gail Wells, Andy Wilson, Gary Scott, Rosetta J. Mauldin, Lois Schultz, Sonda Cummins, Jane Schwierjohann, Angie Gabbard, Jane Meier, Angela Schaffer, Chris Cole, Joe Ruh, Mary Paula Schuh, Ron Ellis, Gary Pratt, Gina Holt-*Recorder Newspapers*, Mary Ryan, Don Gorbandt, Mike Baker, Rogers Redding, Mark Shanley, Robin Crigler, David Ross, Debbie Read, and Lilla Losey.

A motion was made by Regent Downing and seconded by Regent Pettit to approve the minutes of the January 17, 2001, regular meeting of the Board of Regents as corrected to include the change of the sabbatical leave for Susan Adams, faculty member in the Literature and Language department, from one semester to two semesters, academic year 2001-2002. **Motion carried.**

Presidential Comments:

- The 2001-2002 Budget will provide for the following: significant improvement in the University's core academic enterprise, along with faculty/staff salaries; expansion of faculty positions around expanded graduate programs; and heavy emphasis on supporting learners (technology investments, community partnerships, scholarships, study abroad opportunities in an effort to internationalize the campus, and campus beautification resulting in a more pleasing environment).
- The University Men's/Women's Basketball Teams were commended: This year the men's team finished 27-7 and made the "Sweet 16." The women's team finished 25-5. Michelle Cottrell, who is a junior, was named to 1st team all American for the 2nd straight year.
- NKU Athletic Director Jane Meier, was commended for earning the prestigious national award: Women's Basketball Coaches Association (WBCA) Administrator of the Year award for excellence in athletic administration. Meier will be presented with the award on April 1 in St. Louis, Mo.

A. Joint Finance and Policy Committee Reports:

1. **2001-2002 Budget:** Regent Chuck Brown reported on the presentation given at the morning committee meeting by President Votruba, Assoc. Vice President Gerald Hunter, and staff. Regent Brown felt that the University's financial obligations have been appropriately budgeted, with clear room for growth. There have been various areas of improvement particularly in faculty development and faculty/staff salaries.

   There has been an increase in benchmark funding. This year's budget totaled $101,600,000 and is aligned with the vision of the University and the priorities set by the Board and the President.

2. **Comprehensive Capital Feasibility Study:** President Votruba indicated that a comprehensive campaign is designed to enhance private support for the University and its future.

David Ross, President and Chairman of the Board of Ross, Johnston & Kersting, Inc. a development consulting firm, presented the capital campaign feasibility study. Interviews were conducted involving: various members of the University Advancement staff; deans; officers of the University; current and past members of the NKU Board of Regents; current and past members of the University Foundation Board; Chase Law School Foundation Board; Alumni Council; and other external interviews both in Kentucky and the Cincinnati area. With the current positive perception of the University and its administration, the timing is good for the University to go forward with a major capital campaign. A detailed report and recommendation will be made to that effect.

Regent Pogue reported that Sara Sidebottom, Vice President for Legal Affairs and General Counsel, has begun the review of NKU's Governing Regulations which are in need of modification in order to conform to current law. Further review of policy will be brought forward for review and approval at an upcoming Board of Regents meeting.

B. Presidential Reports:

1. **Facilities Management:** Vice President Baker highlighted the following projects: the Natural Science building is on schedule and should be complete in spring 2002; the Otto M. Budig Theater is anticipated to be completed by this March 31; the Outdoor Recreation Complex is expected to be open beginning fall 2001; and planning is underway on the Old Science Building Renovation.

2. **Retirement Incentive Program:** Provost Redding had no further comment or discussion on the report as presented.

3. **Policy Development Report:** Vice President Sidebottom had no further comment or discussion on the report as presented.

C. Presidential Recommendations:

Consent Agenda Items: With one abstention, a motion was made by Regent Poston and seconded by Regent Clark to approve the following Presidential Recommendations as listed below (1-9). **Motion carried.**

1. **Non-Academic Personnel Actions:** President Votruba recommended that the Board of Regents approve the following categories of non-academic personnel actions: Activations; Temporary/Contract to Regular Status; Transfers; Reassignments/Reclassifications/Re-engineering/Title Changes; Promotions; and Terminations.

2. **Administrative Personnel Action: Jeffrey L. Butler**, Interim Director Department of Public Safety, effective January 26, 2001.

3. **Academic Affairs Personnel Actions:**

   Administrative Appointment: Arne J. Almquist, Associate Provost for Library Services and Associate Professor with Tenure in the W. Frank Steely Library, effective August 1, 2001.

Faculty Appointments: **Ramona Brockett**, Assistant Professor in the Political Science Department, effective August 13, 2001; **Adele Dean**, Clinical Instructor/Lecturer (non-tenure track renewable) in the Nursing Department, effective January 2, 2001; **Enders Dickinson V**, Assistant Professor in the Chemistry Department, effective August 13, 2001; **Matthew Ford**, Assistant Professor in the Management and Marketing Department, effective August 13, 2001; **John D. Rockaway**, Visiting Professor and Director of Geology (non-tenure track renewable - 3 years) in the Physics and Geology Department, effective July 1, 2001 through June 30, 2002; and **K. C. Russell**, Assistant Professor in the Chemistry Department, effective August 13, 2001.

Resignations: Robert England, Professor in the Mathematics and Computer Science Department, effective May 12, 2001.

Retirements (through the Retirement Incentive Program, effective with the 2001-2002 academic year): **Judith Bechtel**, Professor in the Literature and Language Department; **Jerry Carpenter**, Professor in the Biological Sciences Department; **Ken Carter**, Professor in the School of Education; **Thomas E. Comte**, Professor in the Management and Marketing Department and Associate Provost for Graduate Studies and Outreach; **William M. Lindsay**, Professor in the Management and Marketing Department; **Rosetta J. Mauldin**, Professor and Interim Chairperson in the Allied Health, Human Services and Social Work Department; **James E. McKenney**, Professor in the Mathematics and Computer Science Department; **Roger C. Meade**, Associate Professor and Director of the Real Estate Program; and **Frances T. Mosser**, Associate Professor in the Nursing Department.

Leaves, Paid/Unpaid: Robert Vitz, Professor and Chairperson in the History and Geography Department, paid administrative leave with benefits, beginning July 1, 2001 and ending December 31, 2001.

4. **Temporary Faculty Appointments for 2000-2001:**

College of Arts and Sciences: Political Science: Paul McCartney (Spring Semester 2001)

College of Professional Studies and Education: Nursing: Shawn Nordheim (Spring Semester 2001)

5. **Amendments of the *Faculty Policies and Procedures Handbook*:** These amendments are related to the election procedures for the Peer Review Hearing and Advisory Committees, the Complaint Advisory Committee, and the Financial Exigency Committee and reflect action approved by the 1999-2000 Faculty Senate for use in the Fall 2000 elections.

6. **Reorganization of Credit Continuing Education and Distance Learning:** Beginning February 2001, Ms. Barbara Hedges, Director of Credit Continuing Education and Distance Learning will be reporting to the Vice Provost, Dr. Paul Reichardt. This action will effectively consolidate all the special undergraduate programming (Honors, Freshman Year, Urban Learning Center, etc.) into one department. As part of the reorganization, Ms. Hedges title has changed from Director of Credit Continuing Education and Distance Learning to Director of Credit Continuing Education.

7. **Termination of Degree Programs:** This has been a process that has involved active participation by the chairs and faculty members in the affected units. These programs will be phased out in a manner that does not disadvantage students who are currently enrolled: AAS in Technical Teacher Education (vocational); AAS in Operation Management and Supervision; AAS in Engineering Technology/Technician (General); BA in Science Teacher Education; BA in Mathematics and Physical Sciences Education; BS in Manufacturing Technology; and BS in Public Administration.

8. **Amendments of the *Chase College of Law Faculty Handbook*:** The adoption of a Post-Tenure Review Policy for the Chase College of Law was approved by both the Chase faculty and Board of Regents as a change in the *Chase College of Law Faculty Handbook*. The policy is modeled after the one adopted earlier by the University.

9. **Approve Reassigned Time Benefits:** These benefits are equivalent to 50% for an additional six-year Regents Professor term beginning July 1, 2001, for Linda Sheffield, Regents Professor in the Mathematics and Computer Science Department. Professor Sheffield is nearing the end of her initial six-year appointment as a Regents Professor and has applied for renewal of the reassigned time benefits of the Regents Professorship, consistent with the Regents Professor Program policy established by the Board of Regents on January 27, 1999, and as specified in the *Faculty Policies and Procedures Handbook.*

10. **Approve the University fiscal year 2001-2002 Annual Budget:** President Votruba recommended that the Board of Regents approve the resolution establishing and approving the fiscal year 2001-2002 annual budget for Northern Kentucky University. A motion was made by Regent Chuck Brown and seconded by Regent Poston to approve the resolution. **Motion carried.**

With no further business, at 1:25 p.m., a motion was made by Regent Poston and seconded by Regent Downing to adjourn. **Motion carried.**

A motion was made by Regent Downing and seconded by Regent Poston to approve the minutes of the March 21, 2001, regular meeting of the Board of Regents. **Motion carried.**

Presidential Comments:

- The May 12, 2001 Commencement was mentioned. Approximately 1,000 students will graduate.
- A reception was held prior to the meeting in recognition of the following:
  - Outstanding Senior Student Award Recipients: Elea Mihou, Board of Regents Award; Precious Lindsey, Excelsior Award; Hugo Ong, Faculty Senate Award; Elea Mihou, President's Award; Betty Pennington, Paul Sipes Award; and Kara Clark & Michael Chirumbola, University Service Award.
  - First Endowed Chair, gift from the Bank of Kentucky; and
  - Newly established College of Education
- The University's 2001-02 Milburn Outstanding Professor Award recipient, Dr. Christine B. Stiegler, Professor of Business Education and faculty member in the Department of Technology was recognized.
- Ron Ellis, Assistant Vice President for University Advancement was recognized for his work over the years in organizing events related to the President and the University, including the Commencement ceremonies. Mr. Ellis will be retiring this summer after nearly twenty-seven years of service to the University.

A resolution was presented by President Votruba and Chair Zapp to outgoing Student Regent Kara S. Clark. Ms. Clark was commended for her work and leadership over the past year as a member of the Board of Regents and as President of The Student Government Association.

A research presentation was given by Regents Professor of English Robert Wallace and students, Aaron Zlatkin and Ellen Bayer, about the reciprocal teaching and learning that went into the three articles that were published in the October 2000 issue of *Leviathan*.

A. **Joint Finance and Policy Committee:** Regent Wilson reported on the following:

1. **NKU Regent By-Laws**: The review of the By-Laws will bring the language in the document up-to-date. The committee for this process will be chaired by Regent Downing and include Regents Brown and Wilson in coordination with Vice President Sidebottom.
2. **Capital Plan**: The capital plan is a precursor of the bi-annual budget and will include what the University plans to accomplish in the years 2002-2008. Many of the projects will not receive state funding but are available for private funding. Some of the key projects discussed were: restoration and renovation of the old Science Building; Landrum structural repairs and renovation; the new Student Union; the power distribution infrastructure replacement; a special regional events center; and a welcome center.
3. **College of Education:** The top five reasons for establishing the college include: giving the concept of a College of Education much higher visibility within the University and the community; strengthening our ties with other schools in the region; better recruitment of faculty members and administrative leadership on a national basis; equal status and voice for our deans on boards and committees at other universities including Colleges of Education; and national recognition for the University's strong educational program.

Enrollment Management: Associate Vice President for Enrollment Management Greg Stewart gave a report on plans for the upcoming academic year indicating that at this time enrollment was at approximately 300 students for summer classes and approximately 400 students enrolled for fall.

Technology Update: Currently, there are 35 smart classrooms. This type of technology and teleconferencing is a cost effective way to bring speakers and world-wide talent to our students.

B. **Presidential Reports:**

1. **Quarterly Financial Report:** Vice President Baker reported that the University is well within budget. Particular recognition for this effort was given to Associate Vice President Hunter and staff, and Comptroller Russ Kerdolff and staff.

   The President indicated that Vice President Hunter and staff have implemented this spring as part of the budget cycle an expansion budget where units are receiving new resources. This process links budget to measurable outcome.

2. **Facilities Management:** Vice President Baker indicated that all projects were on schedule and within budget at this time. The Bookstore renovation is expected to be complete by this July.

C. **Presidential Recommendations:**

Consent Agenda Items: A motion was made by Regent Downing and seconded by Regent Pettit to approve the following Presidential Recommendations as listed below (1-8). **Motion carried.**

1. **Non-Academic Personnel Actions:** President Votruba recommended that the Board of Regents approve the following categories of non-academic personnel actions: Activations; Transfers; Promotions; Reassignments/Reclassifications/Re-Engineering/Title Changes; Temporary/Contract to Regular Status; and Terminations.

2. **Administrative Personnel Action:** J. Todd Duncan, Director of Residence Life, effective April 9, 2001.

4. **Recommendations on continued probation and continued probation with conditions to be removed: (for the 2001-02 academic year under the conditions of the *Faculty Policies and Procedures Handbook*:)**

Continued probation: Richard Durtsche, Thomas Sproat, Eric Jackson, Patricia Bradley, Andrew Miller, Andrew Long, Phyllis Vincent, Melissa Moon, Mark Bardgett, Robin Myers Bartlett, Nancy Slonneger Hancock, Robert Mahaney, Aron Levin, Charles Lowe, Ernest Barnett, Maggie McGatha, Rajeev Swami, Rosa Weaver, Beth Hickey, Ann Keller, Emily M. S. Houh, Kenneth Katkin, and Eric Young.

Continued probation with conditions to be removed: Pravin V. Sevak and Denis O'Connell.

5. **Emeritus Status**: **Marjorie E. Artzer**, Associate Professor in the School of Education; **Judith Bechtel**, Professor in the Literature and Language Department; **Roger Blanchard**, Associate Professor in the Chemistry Department; **Jerry H. Carpenter**, Professor in the Biological Sciences Department; **Kenneth Carter**, Professor in the School of Education; **Thomas E. Comte**, Professor in the Management and Marketing Department; **William M. Lindsay**, Professor in the Management and Marketing Department; **Rosetta J. Mauldin**, Professor in the Allied Health, Human Services and Social Work Department; **James E. McKenney**, Professor in the Mathematics and Computer Science Department; and **Frances T. Mosser**, Associate Professor in the Nursing Department.

6. **Reporting Change of Research, Grants, and Contracts:** Effective immediately, Dr. Cliff Shisler, Director of Research, Grants, and Contracts will be changed from reporting to the Office of the Vice Provost to reporting to the Office of the Associate Provost for Graduate Studies and Outreach. This change provides a more effective arrangement of responsibilities in the areas of research, grants, and contracts.

7. **Restructure of two departments in the College of Professional Studies and Education:** This recommendation entails moving the allied health programs from the Department of Allied Health, Human Services and Social Work and joining them with the nursing programs, creating two new units, the Department of Nursing and Health Professions and the Department of Social Work and Human Services. Dr. Margaret Anderson, currently the chair of the Department of Nursing, would become chair of the newly configured nursing and health professions department.

8. **Authorization be given to the Vice President for Administration and Finance/Treasurer to write off bad debts:** This action is required to write off bad debts from the University's financial records as operating expenses. This is accomplished once a year before the University's books are closed. The debts, totaling $67,881.30, include the following categories: Tuition Installment Plan; Tuition and Fees; Emergency Student Loans; Housing and Board; Parking Citations; Miscellaneous; Non-Sufficient Funds Assessment; Bookstore Charges; and Financial Aid Repayments.

9. **NKU Establish a College of Education:** Provost Redding emphasized that this represents a major step forward in the University's commitment to teacher education. A College of Education will give our work in preparing future teachers a higher visibility within our university and in the perception of the public we serve.

   A motion was made by Regent Wilson and seconded by Regent Prince Brown to approve the recommendation to establish a College of Education through reorganization of the School of Education currently housed within the College of Professional Studies and Education. **Motion carried.**

10. **Adopt the 2002-2008 (Revised) Capital Plan:** Vice President Baker had nothing further to add to the recommendation as presented. A motion was made by Regent Pogue and seconded by Regent Griffin to accept the recommendation to adopt the revised 2002-2008 Capital Plan. **Motion carried.**

D. **Executive Session**: At 1:40 p.m. a motion was made by Regent Pogue and seconded by Regent Wilson to call an executive session to discuss legal issues. **Motion carried.**

The Board of Regents reconvened at 3:25 p.m. No action was taken.

Chair Zapp appointed Regent Poston to chair a nominating committee including Regents Pogue and Chuck Brown to select the Board's Executive Officers for the coming year. There will be a report on the nominations at the upcoming July 11, 2001, Board meeting.

With no further business, at 3:40 p.m., a motion was made by Regent Prince Brown and Regent Poston to adjourn. Motion carried.

Board of Regents Meeting
University Center Ballroom
July 11, 2001

The regular meeting of the Board of Regents of Northern Kentucky University was called to order at 1:05 p.m. on Wednesday, July 11, 2001, by Chairperson Robert Zapp.

Invocation was read by Regent Pettit.

The Oath of Office to incoming Regents A. William Erpenbeck and Kathryn Herschede was administered by Chairperson Zapp.

Roll Call: Chuck Brown, Frank Downing, Joyce Griffin, William Erpenbeck, Kathryn Herschede, Betty Pogue, Charles Pettit, Brenda Wilson, and Robert Zapp (excused: Prince Brown, Jr. and Kathryn Hendrickson).

Others Present: James C. Votruba, Robin Crigler, Sonda Cummins, Angie Gabbard, Mike Baker, Bill Oliver, Gail Wells, Sara Sidebottom, Cheryl L. Nunez, Jeff Smith, Gary W. Graff, Mary Lepper, Glen Erck, Gary Pratt, Joseph Wind, Gerald Hunter, Lois Schultz, Tony Atwater, Don Gorbandt, Gerry St. Amand, Michael Carrell, Mark Shanley, Deborah Read, Rogers Redding, Gina Holt- *Recorder Newspapers*, Mary Paula Schuh, Chris Cole, Jane Schwierjohann, Mary Ryan, Jane Meier, Jim Alford, Rick Meyers, Joe Ruh, and Lilla Losey.

A motion was made by Regent Pettit and seconded by Regent Chuck Brown to approve the minutes of the May 9, 2001, regular meeting of the Board of Regents. **Motion carried.**

Presidential Comments:

- Thanks were extended to the Board for granting the President administrative leave during the month of June.
- The enrollment increase includes all categories of students, including graduate and undergraduate, international, and minorities. For their collective work on this process, thanks were given to the University administration, faculty, chairs, deans, and, particularly to Associate Vice President Greg Stewart, Enrollment Management.
- Physical Plant and Vice President Baker were recognized for their efforts in renovating classrooms and landscaping enhancement.
- Dean of Professional Studies and Education Tony Atwater is leaving the University effective this July 31, to become Provost at Youngstown State University. He was recognized for his service over the last two years and was wished the best in his new position. Dean Atwater extended his thanks to the Board of Regents and the University administration, faculty, staff, and students for their support during his term.

A. **Joint Finance and Policy Committee:** Regent Wilson reported on the following:

The Regents appreciated the opportunity to meet at the Law School where presentations were given by Chase students on the impact that the school was making on the community and the nation as a whole.

1. **NKU Regent Bylaws:** Because of the numerous changes to the Kentucky Statutes over the years, changes were necessary to bring the Bylaws up to date and in line with the NKU Governing Regulations.

2. **Policy Development Report:** Vice President Sidebottom and her staff are in the process of reviewing the NKU Governing and Administrative Regulations. The Regulations as well as the Regent Bylaws have become outdated because of the numerous changes to the Kentucky Statutes. All changes to the Regulations will undergo a thorough review process by a committee comprised of Regents Frank Downing-Chair, Prince Brown, and Brenda Wilson. All changes will be brought before the Board at subsequent meetings.

3. **Strategic Enrollment Management:** There was a comprehensive and detailed review of the University's enrollment plan for the University. The University will face increased competition from other institutions (local and throughout the country); however, the demands on the University will increase as much or more than the competition. Enrollment plans were outlined in detail.

B. Presidential Reports:

Facilities Management: Vice President Baker indicated that the all projects were on schedule and within budget at this time. This has been a very active summer, with approximately 60 active projects. Fifteen were highlighted in the Board material. Schematic designs of the special events center were on display earlier at the Regents reception.

Physical Plant is working on campus beautification both interior and exterior.

President Votruba asked about the number of classrooms currently being renovated. Vice President Baker reported that approximately 78 are completed. The rest are planned for completion before the fall 2002 semester begins. Also, there will be 35 "smart classrooms" available at that time.

C. Presidential Recommendations: Regent Downing asked about (C.7), Revisions to the Law School's "Student Honor Code, " indicating more information was needed on specific changes to the Code. A followup will be made to the Board on changes to the Honor Code.

Consent Agenda Items: A motion was made by Regent Downing and seconded by Regent Chuck Brown to approve the following Presidential Recommendations as listed below (1-8). **Motion carried.**

1. **Non-Academic Personnel Actions:** President Votruba recommended that the Board of Regents approve the following categories of non-academic personnel actions: Activations; Transfers; Promotions; Reassignments/Reclassifications/Re-Engineering/Title Changes; Temporary/Contract to Regular Status; Departures; and Retirees.

2. **Authorize the President and the Vice President for Administration and Finance to negotiate a land-lease with the NKU Foundation:** This action allows for the development of property at the U.S. 27 entrance to campus.

3. **Authorize the University to enter into a lease agreement for rental of houses:** Houses 219 and 520 Johns Hill Road and 15 Clearview were recently acquired. Acquisition of 7 Clearview should be completed before the end of the year. Over the longer term, these houses would possibly be used for office space.

4. **Academic Affairs Personnel Actions:**

Administrative Appointments: Barry Andersen, Interim Associate Dean in the College of Arts and Sciences, effective July 1, 2001 through June 30, 2002; **Carole A. Beere,** Associate Provost for Graduate Studies and Outreach and Professor with tenure in the Psychology Department, effective August 15, 2001; and **Linda Olasov,** Interim Dean of the College of Education, effective July 1, 2001 through June 30, 2002.

Faculty Appointments: (effective August 13, 2001): Charles A. Acosta, Assistant Professor in the Biological Sciences Department; **Ishbel (Mei Mei) Lyle Burr,** Lecturer (non-tenure track renewable) in the Psychology Department; **Mary Carmen Cupito,** Assistant Professor in the Department of

Communication; **Sharmanthie Fernando**, Assistant Professor of Physics in the Physics and Geology Department; **Richard Keith Fox**, Associate Professor of Computer Science in the Mathematics and Computer Science Department; **Gail S. Mackin**, Assistant Professor of Mathematics in the Mathematics and Computer Science Department; **Debra A. Meyers**, Assistant Professor of History in the History and Geography Department; **Kevin James Muente**, Assistant Professor in the Art Department; **Gary Newell**, Associate Professor of Computer Science in the Mathematics and Computer Science Department; **Scott Nutter**, Associate Professor of Physics in the Physics and Geology Department; **David R. Schenck**, Assistant Professor of Mathematics in the Mathematics and Computer Science Department; and **Willis S. Vincent**, Lecturer (non-tenure track renewable) in the Technology Department.

Resignations: Tony Atwater, Dean of the College of Professional Studies, effective July 31, 2001; **Elizabeth Lorenzi**, Associate Professor in the Nursing Department, effective May 11, 2001; and **Dean B. Kiefer, Jr.**, Assistant Professor of Finance in the Economics, Finance, and Information Systems Department, effective July 31, 2001.

Leaves, Paid/Unpaid: Nancy Campbell, Associate Professor of Library Services and Assistant to the Associate Provost, half-time, unpaid leave with benefits, effective June 25, 2001 and ending August 6, 2001; **Gisele Loriot-Raymer**, Associate Professor in the Literature and Language Department, half-time, unpaid leave with benefits, effective August 13, 2001 and ending May 11, 2002; and **Michael Washington**, Professor in the History and Geography Department, unpaid leave with benefits, effective August 13, 2001 and ending December 30, 2001.

5. **Temporary Faculty Appointments for 2001-2002:**

College of Professional Studies and Education: Nursing, Robert Brautigan (Academic Year).
W. Frank Steely Library: Steely Library, Elinor Rambo (Fiscal Year).
Learning Assistance Center: Learning Assistance Center, Karen Jenkins Smith (Fiscal Year).

6. **Initiation of a new program in the College of Business:** The Marketing Research Partnership Program (MRP^2) was created at the request of several Cincinnati region marketing research firms. The request was to develop a new marketing research undergraduate curriculum within the marketing major, which would prepare students for careers in this field. The program will be completely self-funded through a paid membership program by dues paid by member firms and other revenues.

7. **Approval of Student Honor Code for the Salmon P. Chase College of Law, Northern Kentucky University:** This Honor Code is a commitment by students of the Law School to adhere to a high degree of ethical integrity in academic conduct. It is a commitment individually and collectively that the students of the Law School will not engage in the academic misconduct described in the Honor Code and that they will participate in enforcing the Honor Code. The purpose of the Honor Code is to establish standards of academic conduct for students at the College of Law and to provide procedures that offer assurances of fundamental fairness to any person accused of violations of the Honor Code.

   Regent Downing asked about the last sentence in the recommendation, "This Honor Code is administered separately from all such other provisions." What are the other provisions and what will be utilized if the student has violated the Code. Dean St. Amand indicated that this referred to non-honor type of mis-conduct wherein there are separate procedures.

8. **Reorganization of the College of Business:** This move will split the Economics, Finance, and Information Systems Department (EFIS) into three departments: The Department of Information Systems (IS), the

Department of Economics, and the Department of Finance. The reasons for the change are: 1) enrollments in the department have grown considerably in recent years; 2) the three disciplines could better focus on their undergraduate program and the new MSIS program; 3) the programs have increased in complexity and diversity of mission; 4) students could be better served by discipline-based departments; 5) it would be easier to recruit and develop faculty; 6) higher visibility of all three programs which would benefit students, faculty, and the college.

9. **Approval of revision of "Part II Governance of Northern Kentucky University:"** The Office of the Vice President of Legal Affairs and General Counsel is performing a legal audit of the University to determine whether it is in compliance with federal and state law on various issues. The audit is complete with respect to Part II, which concerns the membership, powers, and duties of the Board of Regents. These changes will bring the University into compliance with state statutes previously approved by the Board which have been revised since last approved by the Board. With no further discussion a motion was made by Regent Griffin and seconded by Regent Wilson to approve. **Motion carried.**

10. **Approve a target goal of $40 million for the Comprehensive Fundraising Campaign:** A recommendation was made by Regent Chuck Brown and seconded by Regent Erpenbeck to approve a target goal of $40 million for the campaign, and approve the campaign priorities as identified by the academic deans, faculty, and administration team of the University. The campaign priorities will include endowment, capital projects and programs. A review of the Campaign is expected on a regular basis. **Motion passed.**

Regent Chuck Brown asked about the investment of the University proceeds. The President explained that the proceeds are managed by the University Foundation.

D. 1. **Approve the changes to the NKU Regent Bylaws:** The Bylaws were reviewed by a committee of three Board members, Chair- Regent Downing, Regent Prince Brown, and Regent Wilson. These changes made the document consistent with the Kentucky Revised Statues as it relates to university Board of Regents or Trustees and any changes that reflect the recommendation of the Bylaws Committee. Included in the changes was the composition of the Board of Regents Executive Committee (Article III.D.1.) to include, "the immediate past Chair if still Board member." A motion was made by Regent Downing and seconded by Regent Pettit to approve the changes to the NKU Regent Bylaws. **Motion carried.**

2. **Executive Committee for 2001-2002:** Because Chair Zapp had asked former Regent Poston at the last Board meeting to chair the appointment committee for the Board Executive Committee for 2001-2002, Regent Downing was appointed in his stead. A motion was made by Regent Downing and seconded by Regent Pogue to appoint: Chairman, Robert W. Zapp; Vice Chair Brenda L. Wilson; and Secretary/Treasurer Joyce E. Griffin. Frank Downing will serve on the committee as immediate past Chair. **Motion carried.**

E. **Executive Session:** At 1:43 p.m. a motion was made by Regent Pogue and seconded by Regent Griffin to call an executive session to discuss legal and personnel issues. **Motion carried.**

At 2:25 p.m. a motion was made by Regent Pogue and seconded by Regent Chuck Brown for the meeting to reconvene. **Motion carried.**

1. A motion was made by Regent Pogue and seconded by Regent Griffin for the University to send a letter of support to the Campbell County Fiscal Court and the City of Highland Heights for the funding for design and reconstruction of Johns Hill Road from Knollwood to the I-275 overpass. **Motion carried.**

2. A motion was made by Regent Downing and seconded by Regent Chuck Brown to authorize the Chairman and the President to sign the President's four-year University contract, beginning July 1, 2001, and terminating June 30, 2005. **Motion carried.**

With no further business, at 2:30 p.m., a motion was made by Regent Herschede and seconded by Regent Erpenbeck to adjourn. **Motion carried.**

Board of Regents Meeting
University Center Ballroom
September 26, 2001

The regular meeting of the Board of Regents of Northern Kentucky University was called to order at 1:00 p.m. on Wednesday, September 26, 2001, by Chairperson Robert Zapp.

Invocation was read by Regent Downing.

Roll Call: Chuck Brown, Prince Brown, Jr., Frank Downing, Joyce Griffin, William Erpenbeck, Kathryn Herschede, Betty Pogue, Charles Pettit, Brenda Wilson, and Robert Zapp (Excused: Kathryn Hendrickson).

Others Present: James C. Votruba, Robin Crigler, Sonda Cummins, Angie Gabbard, W. Michael Baker, Christy Gillespie, Rachel Murphy, Ashleigh Pickett, Michele Lyons, Christine Miller, Heather Burns, Mandy Mundrick, Christy Porter, Amanda Davidson, Cheryl Thomas, Kelle Bedel, Dave Caddell, Bryce Rhoades, Michelle Muse, Nikkole Mairose, Julie Poston, Sherri Nunlist, Sara Sidebottom, Rogers Redding, Mark Shanley, Cheryl L. Nunez, Deborah Read, Don Gorbandt, Barbara Stonewater, Carole Beere, Bob Wiggins, Gerald Hunter, Jeff Smith, Mary Lepper, Gary W. Graff, James L. Alford, Jeff Martin, Joseph Mills, Katie Walshe, Mary Paula Schuh, Debbie Poweleit, Melissa Gorbandt, Russ Kerdolff, Ken Ramey, Henry Keene, Gina Holt, Arne Almquist, Gail Wells, Gary L. Pratt, Mary Ryan, Chris Cole, Rick Meyers, Joe Ruh, and Lilla Losey.

A motion was made by Regent Chuck Brown and seconded by Regent Pettit to approve the minutes of the July 11, 2001, regular meeting of the Board of Regents. **Motion carried.**

A motion was made by Regent Pogue and seconded by Regent Herschede to approve the minutes of the September 12, 2001, Board of Regents Retreat held at the Metropolitan Club in Covington, Kentucky. **Motion carried.**

Presidential Comments:

- Professor Willie Elliott's class, Social Work and Human Services, attended the meeting as part of a classwork assignment to better understand the function of the Board of Regents. They were welcomed back to attend future meetings.
- This fall NKU welcomed its largest, and most diverse and well prepared student body in its history. Special thanks were given to all those who worked so hard to make this possible including Greg Stewart, Mark Shanley, Rogers Redding, and their staff.
- Four major priority areas for the University were established for this year at the Board of Regents Retreat:
  1) Continued implementation of our comprehensive enrollment management plan. A cornerstone of that plan would be to exceed the CPE targets for growth, retention, and graduation which the University has accomplished for this year.
  2) Raise $10M in private support as we pursue the $40M comprehensive campaign goal. We are just under $16M toward that goal at this time.
  3) Finalize the academic strategic plan and complete the first phase of implementation. Provost Redding will be bringing that plan to the Board for their consideration at the upcoming November meeting.
  4) Position the University in what will be a challenging 2002 legislative session. It is believed that the University is growing rapidly and is a contributing force for the economy and quality of life for the region.
- Regent Pogue was recognized for her efforts pertaining to the August 29 reception and dedication of the University's newest sculpture, "Oseberg - the Dragon of Northern Lights."
- The events of September 11, 2001, involving the bombing of the World Trade Center towers in New York City, the Pentagon in Washington D.C., and the highjacked and downed airliner in Pennsylvania, were mentioned as horrific in both scale and brutality. At the University's ceremony of remembrance on September 14 there were approximately 3,000 faculty, staff, and students gathered on the plaza before the U.S. flag. This was presumed to be one of the largest gatherings of its kind in the University's history. Many forums, meetings, and sessions followed the event for discussion on terrorism. University donations for the disaster relief efforts included $4,000 raised by the Student Government Association.

- Prior to the morning's Finance and Policy Committee meeting, there was a news conference held at the Northern Kentucky Technical College, Edgewood Campus. Governor Patton participated in the announcement which involved the development of a comprehensive technical and community college in the Northern Kentucky District. Many of NKU's Regents and University administration were in attendance.
- Welcome and introductions were made to the following individuals in their new positions:
  - Barbara Stonewater, in her new position as Executive Director of the Northern Kentucky Council of Partners in Education. This initiative was recognized for its efforts in creating a seamless approach to education at the P-12 level.
  - Carole Beere, Associate Provost for Graduate Studies and Outreach
  - Arne Almquist, Associate Provost for Library Services
  - Robert Wiggins, American Council on Education Fellow, housed on our campus as part of a study.

A. **Joint Finance and Policy Committee:** Regent Wilson reported on the following:

1. **Governing Regulations Report:** Vice President Sidebottom reported on the progress of the ongoing review and change process in updating the NKU Governing and Administrative Regulations. All recommended changes were approved by the review committee comprised of Regents Downing (Chair), Prince Brown, and Wilson.
2. **Annual Financial Report:** A comprehensive presentation was coordinated by Vice President Baker and University Comptroller Kerdolff on the University's financial position as well as the audit performed by Deloitte & Touche, LLP. The University was presented with a "clean opinion" as stated in the opinion letter contained in the report. There will be a Management Report from the auditors presented at the upcoming November Board meeting on audits underway at this time. Revenues have grown significantly over the past five years. The final analysis was that the University's year end financial position was strong.
3. **Capital Campaign Update:** Vice President Read gave a presentation on the University's progress. Ashland Inc. recently made a significant contribution of $1M. Overall, with the Ashland contribution, the Campaign is up to $16.5M. The Campaign goals could however be negatively affected as a result of the current world events.
4. **Tuition Strategy:** NKU is increasing its tuition strategy to include an increase in tuition of 5.5% contingent upon receiving benchmark funding at 55%. If NKU doesn't receive benchmark funding, there is a possibility of increasing tuition approximately 9.5%.

B. **Presidential Reports:**

1. **Facilities Management:** Vice President Baker indicated that all projects were within budget at this time. Areas highlighted: the Outdoor Recreation Complex contract has been awarded and work is scheduled to begin within the week; the Lot J Reconstruction first phase has been completed; Renovation of the Old Science Building, is currently in the design phase, and will be off-line after January 2003. University Architect Henry Keene was introduced to the Board and given special recognition for his efforts on many of the ongoing and completed campus projects.

2. **Annual Financial Report, 2000-2001:** Vice President Baker indicated that the University's financial position was strong and had nothing further to add to Regent Wilson's comments on the Report as presented to the Board at the earlier Policy and Finance Committee meeting. University Comptroller Russ Kerdolff and University Printing Services were recognized for their outstanding efforts on the Report.

   Due to the recent catastrophic events and the resulting depressed economy, the President added a postscript on the Report. He reminded the Board that 2% of the University's operating budget was held in reserve for a

possible state budget reduction for this year. However, the Governor, supported by Budget Director Ramsey, indicated that it was unlikely that the Universities would receive budget rescissions for this year but quickly noted that it could happen the following year. The President added that, if the 2% reserve funds were allocated for this year, it would be used primarily for non-recurring expenditures and would regenerate to the 2% level as we go into the next session.

C. **Presidential Recommendations:**

Consent Agenda Items: A motion was made by Regent Pogue and seconded by Regent Griffin to approve the following Presidential Recommendations as listed below (1-7). **Motion carried.**

1. **Non-Academic Personnel Actions:** President Votruba recommended that the Board of Regents approve the following categories of non-academic personnel actions which occurred between June 26, 2001, and September 11, 2001: Activations; Transfers; Promotions; Reassignments/Reclassifications/Re-Engineering/Title Changes; Temporary/Contract to Regular Status; Departures; and Retirees.

5. **Departmental Name Changes in the College of Education:** The two departments within the College of Education are renamed as follows: 1) The Department of Curriculum and Instruction is renamed to the Department of Elementary, Middle, and Secondary Programs. The academic programs in this department include Elementary Education, Middle Grades Education, and Secondary Education. 2) The Department of Specialty Studies is renamed to the Department of Educational Specialties. The academic programs in this department include Health and Physical Education, Special Educations, Interdisciplinary Early Childhood Education, Diversity, Technology, and Foundations.

6. **Emeritus Status Approval: Roger Meade**, Associate Professor of Education and Director of the Real Estate Program.

7. **Authorize Participation in the Northern Kentucky Cooperative for Educational Services:** This is a separate administrative board created by Interlocal Cooperative Agreement between certain school districts in the Northern Kentucky area and Northern Kentucky University.

8. **Revision to Administrative Regulations of Northern Kentucky University:** Regent Downing reported that this was a "housekeeping" effort to bring the documents up-to-date (typographical errors/language/title changes, etc.) and in line with current legislative statutes. The review committee (Regents Downing (Chair), Prince Brown, and Wilson) concur with Vice President Sidebottom's recommended changes. A motion was made by Regent Downing and seconded by Regent Pettit to approve the following Administrative Regulations: AR-II-1.0-2; AR-II-1.0-3; AR-II-2.0-1; AR-II-2.0-2; AR-II-3.0-2; AR-II-3.0-3; AR-II-3.0-9; and AR-II-3.0-11. **Motion carried.**

9. **Tuition Strategy for academic Years 2002-03 and 2003-04:** President Votruba indicated that NKU was the most tuition dependent institution in the Commonwealth. If NKU is funded at less than the targeted funding objective of 5.5%, the tuition increase could be as much as 9.5%. The President would like to see

the University keep tuition as low as possible through reallocation, entrepreneurial efforts, private donor support, etc. Greater need based scholarship supports will also be implemented to offset tuition cost if tuition is increased. This is a recommendation based on what is known at this time. The University may have revised recommendations before next fall depending on state funding action as well as actions/revisions made by local competitor institutions. Regent Herschede indicated the Student Government Association was very concerned about the proposed increases and wanted to ensure that before increases occur, this issue would be reviewed again next spring to ensure that the University remains financially affordable.

A motion was made by Regent Erpenbeck and seconded by Regent Downing to authorize the administration to implement a two scenario tuition strategy for academic years 2002-03 and 2003-04 at the rates proposed on the "FY 2002-03 and 2003-04 NKU Tuition Schedules" based on the strategy provided in the recommendation as stated. **Motion carried.**

D. **Executive Session:** At 1:35 p.m. a motion was made by Regent Erpenbeck and seconded by Regent Downing to call an executive session to discuss personnel matters. **Motion carried.**

At 1:45 p.m. a motion was made by Regent Chuck Brown and seconded by Regent Downing for the meeting to reconvene. **Motion carried.**

During the Board of Regents Retreat this past September 12, 2001, the decision was made to conduct a review of the President, his office and the University as a whole every five years. Every fifth year a professional will be asked to come in for the review. A motion was made by Regent Downing and seconded by Regent Prince Brown that the University contract with Ed Penson, President, Penson-Strawbridge, to conduct a full evaluation of the University, including the President, his staff, and the University Governing bodies. As part of his activity, Dr. Penson will meet with various members of the Kentucky legislature, community leaders, and others to complete a full evaluation of the University. This review should begin in September 2002. **Motion carried.**

With no further business, at 1:50 p.m., a motion was made by Regent Herschede and seconded by Regent Pettit to adjourn. **Motion carried.**

A motion was made by Regent Griffin and seconded by Regent Pogue to approve the minutes of the September 26, 2001, regular meeting of the Board of Regents. **Motion carried.**

Acting Chair Wilson welcomed Professor Willie Elliott's class, Social Work 303, to the meeting. This was the second visit this fall by Professor Elliott's class.

Presidential Comments:

- On November 13, the Board of Regents was invited to tour the construction site of the New Science Building. The building was reported to be on schedule and within budget.
- Governor Patton was on campus earlier in the morning as part of "Celebration Education Week." Attendance included members of the P-12 community, a variety of students, faculty, and academic leaders.
- At the earlier Board committee meeting, Vice President Read reported on the progress of the University's Comprehensive Campaign. The University is nearly $17M toward reaching the goal of $40M.
- Also at the earlier meeting, Provost Redding reviewed the Academic Strategic Plan which is aligned with the University's strategic plan developed in 1997-98. The plan focuses on new and expanded program development and is in keeping with the University's mission of service and interaction with the larger metropolitan community.
- For the upcoming 2002 General Assembly, the CPE has recommended a very strong budget for NKU which includes a continuation of benchmark funding, renovation of Landrum, and the Old Science building. The Governor is protecting education as a vehicle of economic development and quality of life in the state.
- The Board of Regents will be meeting at the state Capitol in Frankfort on January 16 as a show of support for higher education in the state budget process and to advocate on behalf of the University with the focus on enhancement of quality while protecting access.

A. **Joint Finance and Policy Committee:**

Finance Committee: Regent Chuck Brown reported on the following:

1. **A-133 Report**: The representative from Deloitte & Touche indicated that the University's report was clean with no findings. Vice President Baker was commended for his work in this regard.

Policy Committee: Acting Chairperson Wilson reported on the following:

1. **Academic Strategic Plan:** Discussion indicated that the focus was on and centered around the University's core values. Some of the elements of the plan include:

   - providing high quality programming at the undergraduate and graduate level and in professional programs;
   - creating or strengthening programming in areas of identified community, regional, and national needs, including education, health care, and information technology. Graduate and professional programming will expand due to this area being under-served;
   - retention by strengthening the first year experience;
   - expanding the co-op program and other experiential learning activities;
   - supporting and expanding efforts at globalization and allowing opportunities for students to experience other environments and other cultures as well as recognizing and experiencing people from other cultures on campus. An effort will be made to internationalize the campus;
   - scheduling that meets the needs of students (weekend programs, compressed format, and other kinds of non-traditional scheduling);
   - as the Community College develops, reduce involvement in remedial education and establish admission standards for freshmen and transfer students;
   - support of service learning opportunities;
   - facilitating community access to University expertise in research, consulting, and training; and
   - community partnerships–investment in outreach projects to help communities address significant issues.

   Provost Redding and his committee were commended for their development and work on the plan which will guide the evolution and future of the University.

2. **Bylaws Changes:** The goal is to make the changes reflect the Board's working relationship with the President. The changes reinforce the principles that the Board functions with the delegation of authority and makes policies but does not have involvement with the daily activities of the University. This was the first reading of the recommended changes.

3. **Freshman Housing Policy:** The report reflected on the need for freshmen to be in a safe learning environment, with opportunity for good social interaction.

B. Presidential Reports:

1. **External Auditors' Management Letter:** Vice President Baker indicated that there were no material findings. This is the last year for the audit. The University's Internal Auditor Linda Reynolds and Comptroller Russ Kerdolff were thanked for their work on the report.

2. **A-133 Audit of Federal Programs:** There were no financial statement finds or material weaknesses in the internal accounting controls as noted.

3. **Facilities Management:** Vice President Baker's comments included the following projects:
   - Old Science Building Renovation--Omni Architects of Lexington, Kentucky was selected to design the renovations. Design work will begin soon. This is the University's number one capital construction priority.
   - Outdoor Recreation Complex is on schedule. The shelter bid was over budget and will be rebid.
   - Safety Lighting Project: Staggs and Fisher of Lexington will provide design services. Completion is expected before March 2002.

- Faculty Development Center design is complete. The facility will be located on the second floor of the Steely Library. Completion is expected by February 2002.
- Tree Project: 204 trees have been plated on campus in the last few months.

4. **Quarterly Financial Report:** Vice President Baker reported that the University is in a good financial position and will continue to grow.

5. **Creating our Future - Academic Strategic Plan:** Provost Redding commented that discussion will continue on the plan with various faculty groups for input and reaction. Thanks were expressed to the steering committee (faculty/staff/students) for the development and management of the process. Professor Vernon Hicks as Co-Chair was given special thanks for his efforts.

C. **Presidential Recommendations:**

Consent Agenda Items: A motion was made by Regent Pogue and seconded by Regent Pettit to approve the following Presidential Recommendations as listed below (1-10). **Motion carried.**

1. **Non-Academic Personnel Actions:** President Votruba recommended that the Board of Regents approve the following categories of non-academic personnel actions which occurred between September 12, 2001, and October 31, 2001: Activations; Promotions; Reassignments/Reclassifications/Re-Engineering/Title Changes; Temporary/Contract to Regular Status; Departures; and Retirees.

2. **Purchase of the Small Business Incubator Facility from Northern Kentucky University Foundation:** This acquisition was not contemplated when the University's Land Acquisition Study was approved in 1992. The purchase price is still to be negotiated; two appraisals are currently underway. Negotiation will proceed in a manner consistent with state guidelines. It is possible that an exchange of this property for the US 27 parcels will be negotiated with the NKU Foundation–a cash payment would make up the differential in value.

3. **Establish a non-profit, affiliated corporation for a new residence hall facility:** The University has current biennium authorization to construct a new residence hall facility, but the State did not authorize issuance of Housing and Dining Bonds. The Commonwealth is recommending that the project be constructed with off-balance sheet type financing; to do so requires that a non-profit, affiliated corporation be established to lead this effort. This corporation will be a distinct legal entity, independent of the Northern Kentucky University Foundation. The University will enter into a ground lease with this corporation to allow construction of the new facility on University property located north of existing residence hall facilities. It is anticipated that the University will manage the new facility.

4. **Authorize the University administration to enter an agreement to transfer approximately nine acres at the US 27 entrance to the NKU Foundation:** In June 2001, NBBJ, the master planners, prepared development guidelines for the Nunn Drive corridor. In that report, NBBJ indicates that "...The importance of Nunn Drive as the gateway to campus cannot be understated. Nunn Drive provides a powerful connection that helps shape the image of the University."

   The University Foundation has been pursuing the development of the property at the US 27 entrance to campus. This area includes the Alumni Center parcel and the property to the rear of this parcel and the former Thriftway Store. The latter property is owned by the Foundation. In negotiating terms for a deed transfer or ground lease, the administration's focus will rest upon ensuring that the interests of the University are protected.

5. **Academic Affairs Personnel Actions:**
   Resignations: Cliff Shisler, Director of Research, Grants, and Contracts, effective February 1, 2002.

6. **Temporary Faculty Appointments for 2001-02 (Fall Semester):**
   College of Arts and Sciences: Literature and Language--Stephen R. Thomas
   College of Education: Elementary, Middle, and Secondary Programs--Phyllis Vogel

7. **Sabbatical Leave for 2001-2002 academic year:** Tom Zaniello, title of project: "The Divided Victorian Church: Seven Contested Religious Buildings"

8. **Emeritus Status Approval (posthumously) for:** Suzanne Elliott Cortez, Associate Professor in the College of Education.

9. **Changes to the *Chase Faculty Policies and Procedures Handbook*:** The changes are for the sole purpose of making the *Chase Faculty Policies and Procedures Handbook* consistent with the Northern Kentucky University *Faculty Policies and Procedures Handbook.* The changes have been approved by the Chase College of Law faculty, the dean, and the Provost.

10. **Changes to the Faculty Senate Constitution:** At the General Faculty meeting held on October 30, 2001, the members present voted unanimously to approve the changes to the Senate Constitution pertaining to the Selection of Members, the Committees, and Rules of Order.

11. **Freshman Housing Policy:** The policy is designed to ensure that new freshman students, residing outside the Northern Kentucky/Greater Cincinnati metropolitan region and beyond reasonable commuting distance, begin their education in a safe and supportive environment conducive to learning and success. The policy suggests that such new freshmen students, who need to make arrangements to live closer to campus, be required to live on campus unless qualified for exemptions as noted. The policy will be implemented by Fall semester 2003. With no further comments, a motion was made by Regent Griffin and seconded by Regent Chuck Brown to approve the recommendation to implement the Freshman Housing Policy. **Motion carried.**

12. **Revisions of the Administrative Regulations of Northern Kentucky University:** These revisions are a continuation of the legal compliance audit conducted by the Office of the Vice President for Legal Affairs and General Counsel in order to bring the University into compliance with current state law (title changes, pagination and grammatical errors). A motion was made by Regent Downing and seconded by Regent Prince Brown to approve the following Administrative Regulations: AR-II-2.0-3, AR-II-3.0-8, AR-II-3.0-12, AR-II-3.0-13, AR-II-4.0-1, AR-II-4.0-2, AR-II-5.0-1, AR-II-5.0-3. **Motion carried.**

D. Regent Recommendation:

1. **Changes to the NKU Regent Bylaws:** Regent Downing reported the changes to the Bylaws was part of the process of review for both Bylaws and Administrative/Governing Regulations to bring the documents up-to-date. Attention was called to Article I, A.1.a.-h., which details the delegation of authority from the Board to the President. These Guiding Principles have been adapted from *Boards and Communication: Best Practices from Lessons Learned*, authored by Edward M. Penson, Penson-Strawbridge. Mr. Penson has facilitated a number of workshops for the Board. Regent Downing, on behalf of the Bylaws Committee including Regents Prince Brown and Brenda Wilson, recommended that the bylaw changes be accepted and brought before the Board for approval at the next Board of Regents meeting on January 16, 2002.

Dr. Votruba added that the University is creating a useful model regarding the Guiding Principles or functions of the Board in relationship to the President and that other university presidents were interested in receiving a copy.

Acting Chair Wilson encouraged Professor Elliott's class to also attend the Joint Policy and Finance Committee meeting held in the mornings of the Board meetings as the material is discussed in more depth at that time and would lead to better understanding of the issues.

With no further business, at 1:30 p.m., a motion was made by Regent Herschede and seconded by Regent Pogue to adjourn. **Motion carried.**

Board of Regents Meeting
Frankfort, Kentucky
State Capitol Building, Room #110
January 16, 2002

The regular meeting of the Board of Regents of Northern Kentucky University was called to order at 4:30 p.m. on Wednesday, January 16, 2002, by Chair Robert Zapp.

Invocation was read by Regent Griffin.

Roll Call: Chuck Brown, Prince Brown, Jr., Frank Downing, Joyce Griffin, Kathryn Herschede, Betty Pogue, Brenda Wilson, and Robert Zapp (Excused: William Erpenbeck, Kathryn Hendrickson, and Charles Pettit).

Others Present: Governor Paul Patton, James C. Votruba, Robin Crigler, Sonda Cummins, W. Michael Baker, Sara Sidebottom, Mark Shanley, Rogers Redding, Deborah Read, Gerald Hunter, Carole Beere, Michael Carrell, Cheryl Nuñez, Susan Bartels-*Northerner* newspaper, Pat Moynahan, Bud Pogue, Don Gorbandt, Joan Ferrante, Chris Cole, Gail Wells, Mary Paula Schuh, Michael P. Murray, Ken Ramey, Ahmat Aycl, Phil Schmidt, Joe Ruh, Joe Wind, Stephanie Steitzer-*Kentucky Enquirer*, Patrick Crowley, Candace Klein, Jon Draud, Eva Farris, James Alford, and Lilla Losey.

A motion was made by Regent Pogue and seconded by Regent Downing to approve the minutes of the November 14, 2001, regular meeting of the Board of Regents. **Motion carried.**

Presidential Comments:

- At an earlier press conference in the State Capitol rotunda, an announcement was made regarding the $1M gift, creating the Eva G. Farris Business Scholarship Endowment Fund which will be matched with Commonwealth of Kentucky Endowment Trust Funds, bringing the amount to $2M.
- Nancy Winstel, NKU Women's Basketball Coach, was recognized at the meeting for her potential 400th victory that evening at Kentucky State University in Frankfort.
- In 1997 Kentucky embarked on an ambitious journey to strengthen its colleges and universities as a vehicle for the Commonwealth to better compete in the new knowledge-based global economy (special thanks were given to the Governor, the legislature, and the Council on Postsecondary Education for their leadership and support).
- Four NKU initiatives were highlighted as making a difference in the Northern Kentucky region. They were referred to as "Partnerships for Progress" because, in addition to the investment of public funds, they represent a commitment on the part of our community partners.

  A short presentation was given by each program director at the meeting:
  - Center for Integrative Natural Science and Mathematics (CINSAM) and "Program of Distinction"--Director Phil Schmidt: The program focus is on P-16 Math and Science excellence. The program partners include Ashland Inc., Procter and Gamble.
  - The Metropolitan Education and Training Services (METS) Unit--Director Rob Snyder. The focus is on workforce education and training. The program partners include Delta Air Lines, Tri-County Economic Development Corporation, and the Northern Kentucky and Greater Cincinnati Chambers of Commerce.
  - The Institute for Freedom Studies–Program Director and Faculty Regent Prince Brown, Jr: The program focus is on the enhancement of freedom and opportunity for all as a foundation of our democratic society. The program is partnered by the National Underground Railroad Freedom Center and $920K received as a FIPSE Grant.
  - Mayerson Student Philanthropy Project–Evaluators Robin J. Crigler, and Joan Ferrante: Professor Ferrante, as the project faculty lead, gave the presentation to the Board. The program focus is on preparing students for citizenship and community building. It is partnered by the Manuel D. and Rhoda Mayerson Foundation ($100K).

At 5:10 p.m., Governor Patton joined the meeting and welcomed the University Board of Regents and University administrators to the Capitol. The Governor indicated that over the last two years the actual revenue had been

lower than projected. He commented on the many reductions in the current state budget as a result. He, however, stands committed to funding Higher Education. The initiative "Bucks for Brains," funded with bonds, was mentioned as a vehicle to fund education for many of the regions throughout the state.

A. **Joint Finance and Policy Committee:** Regent Chuck Brown commented on the reports given at the earlier committee meeting:

1. **State Budget Director Jim Ramsey:** The current year revenue is again facing shortfalls. Over the last 2 years the total shortfall is over $700M. When areas were looked at for cuts in the fiscal year 2001, education was exempted. In fiscal year 2002, K-12 education was again exempted, however, Universities were included. The main issue that Ramsey and the Governor continued to emphasize, was that the investment in human capital was key to the state for long term prosperity with a big emphasis on initiatives such as "Bucks for Brains" to help.

2. **CPE President Gordon Davies:** His discussion included Kentucky enrollment. Since 1998 enrollment has increased by over 22,000 students and 21,000 graduates (this versus Governor Patton's target of over 80,000 increased by the year 2020). Also discussed were state appropriations across the U.S. pertaining to increases appropriated by the state governments for Postsecondary Education in the last year. Kentucky ranked 10th versus the other states. For the last 2 years, Kentucky ranked 6th–there has been a big initiative in terms of the amount of money appropriated by the state. With the current economic climate, this may be hard to replicate in the near future.

   NKU has met its enrollment/retention goals enabling the University to keep its current funding of approximately $450K.

3. **Audit Contract:** Vice President Baker gave a presentation on the award of the new contract for the University's external auditors. It will be a one year contract with three year renewal option. The request for proposals have been sent out, at least four bids are expected. Each will be evaluated and recommendations will be made at a later date.

4. **Campaign Update:** The goal of NKU's Comprehensive Campaign (July 1999-June 2005) is $40M. At this time, the University has exceeded $20M. The anonymous donation of $1M made today in honor of Eva Farris and matched with $1M in Commonwealth funds creating a $2M scholarship endowment was an example of a way to achieve our goal. The public campaign will start this fall. The University looks forward to raising over the $40M goal.

B. **Presidential Reports:**

1. **Facilities Management**: Vice President Baker indicated that projects indicated in the report were on schedule and within budget.

2. **Quarterly Financial Report:** The report depicts the financial activity of the University as of December 31, 2001, as compared to the annual budget and the prior year's activity. No additional comments were made on the report as submitted.

3. **2002-2003 Faculty Development Awards: Summer Fellowships:** The program is designed to encourage faculty to engage in individual research, scholarly writing, and creative and artistic projects and to share the results of their efforts with the broader University community. No additional comments were made on the report as submitted.

4. **2002-2003 Faculty Development Awards: Project Grants:** Faculty Project Grants are awarded to encourage professional growth funds through financial support for independent research. Faculty Project Grants are intended to provide funds for research equipment and activities that are not available through program budgets. No additional comments were made on the report as submitted.

C. **Presidential Recommendations:**

Consent Agenda Items: A motion was made by Regent Downing and seconded by Regent Wilson to approve the following Presidential Recommendations as listed below (1-8). **Motion carried.**

1. **Non-Academic Personnel Actions:** President Votruba recommended that the Board of Regents approve the following categories of non-academic personnel actions which occurred between November 1, 2001, and January 3, 2002: Activations; Temporary/Contract to Regular Status; and Departures.

Andrew Miller, Tamara O'Callaghan, and Kristine Yohe; **Math & Computer Sciences:** Andrew Long; **Psychology:** Mark Bardgett and Robin Myers Bartlett; **Political Science:** Melissa Moon and Amy Thistlethwaite; **Sociology, Anthropology, and Philosophy:** Jo Ellen Burkholder; **Information Systems:** Robert Mahaney and Toru Sakaguchi; **Management and Marketing:** Mary Conway Dato-On and Aron Levin; **Educational Specialties:** Rosa Weaver; **Elementary, Middle, and Secondary Programs:** Anjana Arora, Ernest Barnett, Denise Dallmer, Deborah Doty, Maggie McGatha, Rajeev Swami, and Teresa Young; **Nursing and Health Professions:** Nancy Batchelor, Mary Gers, Beth Hickey, Debra Kasel, Ann Keller, and Caron Martin; **Social Work and Human Services:** Charles Lowe; **Technology:** Mortez Sadat-Hossieny; **Chase College of Law:** Richard Bales, Emily Hough, and Ken Katkin; **Chase College of Law Library:** Eric Young; **Steely Library:** Michael Rose.

Continued Probation with conditions to be removed for the 2002-2003 Academic Year under the conditions of the *Faculty Policy and Procedures Handbook*: Art: Pravin C. Sevak; **Physics and Geology:** Tammie Gerke; **Political Science:** James Clingermayer; **Sociology, Anthropology, and Philosophy:** Nancy Hancock; **Accountancy:** Peter Theuri; **Management and Marketing:** Ken Rhee; **Cummunication:** Linda Welker; **Technology:** Simone Bess; **Chase College of Law Library:** Claudia Zaher.

Terminal Reappointment for 2002-2003 Academic Year under the conditions of the *Faculty Policies and Procedures Handbook*: Mathematics and Computer Science: Lisa Elderbrock; **Music:** Carol Dary Dunevant; **Social Work and Human Services:** Stephanie Barnes; **Technology:** Denis O'Connell.

6. **Sabbatical Leave for 2002-2003 Academic Year:** Barry Andersen, Fred M. Beasley, Perry Bratcher, Prince Brown, Jr., Joan Ferrante, John Filaseta, Charles E. Frank, Donald H. Galli, Barbara Houghton, Russell A. Jenisch, Gary Johnston, Donald K. Kazee, Michael E. King, Donald Krug, Philip McCartney, Cynthia McDaniel, Allen H. Seed, Mark Stavsky, James H. Thomas, Michael Turney, Caryl A. Yzenbaard, and Samuel J. Zachary.

7. **Amendments of the *Faculty Policies and Procedures Handbook* pertaining to promotion of Full-Time, Non-Tenure Track Faculty:** On February 26, 2001, the Faculty Senate passed the amendments–Section I.C. (Full-Time, Non-Tenure-Track, Renewable Faculty), Section I.D. (Full-Time, Non-Tenure-Track, Temporary Faculty), and Section I.E. (Part-Time Faculty). The changes provide additional information regarding full-time, non-tenure-track faculty and part-time faculty. The most significant of these changes is the introduction of a simple mechanism by which renewable faculty may be promoted.

8. **Amendments of the *Faculty Policies and Procedures Handbook* pertaining to Performance Review and Post Tenure Review:** On May 10, 2001, the Faculty Senate passed the amendments--Section IX.B–Criteria (Performance Review), Section X.F.2. The Review Process (Post-Tenure Review), and Section IX.C. Procedures (Performance Review). The changes assure consistency between the section of the Faculty Handbook dealing with Post-Tenure Review (Section IX.) and the more recently added section dealing with Post-Tenure Review (Section X.). Specifically, the language requires that the same set of standards, set forth in a department's narrative statement of expectations for adequate performance, be used as the standard for satisfactory performance for both post-tenure review and performance review (the outcome of which may trigger the post-tenure review process).

9. **Lease Agreement for the New Facility for METS:** A motion was made by Regent Prince Brown and seconded by Regent Chuck Brown to authorize the University Administration to enter into a lease agreement for the new facility for METS. **Motion carried.**

10. **Recommendation of the University's Audit Review Committee to award the University's External Audit Contract:** In accordance with the Board of Regents Bylaws, the Audit Committee of the Board of Regents receives the recommendation of the University's Audit Review Committee and recommends to the Board of Regents the engagement of an external auditing firm. The actions of the Audit Committee are presented to and ratified by the Board of Regents at the next regularly scheduled meeting to have any force and effect. A motion was made by Regent Downing and seconded by Regent Pogue to authorize the Audit Committee of the Board of Regents to receive the recommendation of the University's Audit Review Committee and award the University's External Audit Contract. **Motion carried.**

D. **Regent Recommendation:**

1. **Changes to the NKU Regent Bylaws:** Regent Downing reported that the proposed changes to the University Bylaws were reviewed and accepted at the first reading at the November 14, 2001 Board of Regents meeting:

   - *Article I, A.1.a thru h., listing the Guiding Principles for the Board of Regents.
   - Article II, A.1., includes delegation of authority from the Board of Regents to the President.
   - Article II, A.6. and Article III, A., A.3, D.1. and 2., changes the title of Secretary/Treasurer to "Secretary of the Board of Regents."

   *Excerpt from *Boards and Communication: Best Practices from Lessons Learned,* Edward M. Penson, Penson-Strawbridge, 924 Summerbrooke Drive, Tallahassee, FL 32312.

   After the second reading, a motion was made by Regent Downing and seconded by Regent Herschede to approve the changes to the NKU Regent Bylaws as accepted at the November 14, 2001, Board meeting. **Motion carried.**

President Votruba thanked the Board of Regents for holding their meeting at the State Capitol and emphasized that it was important during this legislative session to exhibit/showcase the work of the University and its Board of Regents.

Chair Zapp invited all in attendance to the University's "Partners for Progress" reception and exposition following the meeting at the Frankfort, Holiday Inn.

With no further business, at 5:40 p.m., a motion was made by Regent Herschede and seconded by Regent Prince Brown to adjourn. **Motion carried.**

Board of Regents Meeting
Northern Kentucky University
University Center Ballroom
March 6, 2002

The regular meeting of the Board of Regents of Northern Kentucky University was called to order at 1:07 p.m. on Wednesday, March 6, 2002, by Chair Robert Zapp.

Invocation was read by Regent Prince Brown, Jr.

Roll Call: Chuck Brown, Prince Brown, Jr., Frank Downing, Joyce Griffin, Kathryn Herschede, Charles Pettit, Betty Pogue, Brenda Wilson, and Robert Zapp (Excused: William Erpenbeck and Kathryn Hendrickson).

Others present: James C. Votruba, Robin J. Crigler, Sonda Cummins, Lilla Losey, Angie Gabbard, Kathy Stewart, Gary Graff, Mike Baker, Paul Reichardt, Mark Shanley, Deborah Read, Don Gorbandt, Gerry St. Amand, Pat Moynahan, Cheryl L. Nunez, Mary A. Lepper, Jerry D. Smith, Melissa Gorbandt, Deborah Poweleit, Gail W. Wells, Carole Beere, Phyllis Baker, Jesse Osani, Tracy Kinney, Peg Griffin, Barbara J. Sween, Dave Caddell, Willie Elliott, Stephanie M. Bell, Kelly McDermott, Chris Cole, Ken Ramey, Jane Schwierjohann, Jeff Butler, Jeff Martin, Russell Kerdolff, Mary Paula Schuh, Andy Foltz-*Community Recorder*, Kristina Goetz-*Enquirer*, Mary Ryan, Angela Schaffer, Mike Carrell, Susan Bartels-*Northerner* newspaper, Teresa Halcomb, Gerald Hunter, and Bill Oliver.

A motion was made by Regent Prince Brown, Jr and seconded by Regent Pogue to approve the minutes of the January 16, 2002, regular meeting of the Board of Regents. **Motion carried.**

A short presentation was given by Director Sutton Landry and Assistant Director Sam Asmah of the Small Business Development Center at NKU. Last October, *Cincinnati Magazine* selected the NKU Small Business Development Center as one of the winners of the "Best of the City" award. The article mentioned the Center as a "best friend to mom and pop businesses." The Center is committed and involved in building the economy in Northern Kentucky and Greater Cincinnati.

The President asked Vice President Shanley to comment on the present standing of the Women's and Men's Basketball programs.

- The Women's team finished first in the regular season of the GLVC, ending with a regular season record of 23-6. The team will play in their fourth consecutive NCAA regional tournament on March 7.
- The Men's team finished second in the regular season of the GLVC, ending with a regular season record of 19-8.

Michelle Cottrell and Craig Sanders both broke all time career scoring records for NKU, exceeding 2000 points each.

Presidential Comments:

- Finalization of the Metropolitan Education and Training Services (METS) facility received recent media attention. The facility is expected to have great impact on the economic development of this region in meeting employer needs. Groundbreaking is expected this April.
- Of the $120M earmarked from the initiative "Bucks for Brains," (money to create endowment for support of mission related activities) NKU will receive about $2.6M.
- Benchmark funding will be available in the second year of the biennium. There will be no new operational support next year.
- As indicated in Recommendation C.10 of the Board material, the position of Associate Vice President for Financial Planning and Institutional Research will change to Vice President for Enrollment and Financial Planning. The following offices will report to this office: the new Assistant Vice President for Admissions and Registration, and the offices of Admissions, Registrar, and Student Financial Assistance. The restructuring and broadening of responsibilities will bring into closer alignment both enrollment and financial planning, linking recruitment of students and pricing.

- Jerry Smith was welcomed as the new Assistant Vice President for Admissions and Registration.
- Progress is continuing on the Comprehensive Campaign. There is a new gift acceptance policy initiated by the CPE. The Board of Regents will be formally receiving and approving all major gifts on behalf of the University.
- The Administration's recommendation for tuition and pricing was based on four goals:
  1) sustain the University's access and affordability;
  2) strengthen quality in key areas--invest in targeted areas where excellence is at risk particularly pertaining to faculty and staff;
  3) maintain market competitiveness; and
  4) look deeply and thoughtfully at equity pertaining to distribution of cost.

A. Joint Finance and Policy Committee:

1. **Tuition, Fees, and Charges:** Regent Chuck Brown reported that one of the main objectives of this increase is to enhance the University's commitment to provide both access and excellence while maintaining the momentum and establishing the University as a preeminent Metropolitan University. These goals require adequate funding.

   For this fiscal year there was a reduction in state funding of approximately 1.5% or slightly over $500,000 that has to be made up in terms of University services. At this point the general opinion is that there will be no increase in state funding for fiscal year 2002-03.

   Roughly, the increase would be 9.5% or in the same basic range for undergraduates, graduate and MBA students. The increase would be a little less for resident students at the Law School at 7.3% in order to maintain competitiveness with the other law schools in Kentucky.

   The University would like to eliminate the separation of fees and tuition in order to make it "one stop shopping." The recommendation is to **bundle** tuition and mandatory student fees into one bottom line price. Several Kentucky institutions and many of NKU's benchmark institutions currently bundle or are committed to bundling tuition and fees next year.

2. **Regents Audit Committee:** Regent Chuck Brown reported that Crowe, Chizek and Company LLP have been selected for the annual audit of the University's financial records for the fiscal year ending June 30, 2002. They were selected because of the high quality service offered and competitive pricing which is a decrease from last year of approximately 15-20%.

3. **Residential Housing:** Regent Wilson reported that the University is experiencing tremendous growth which is expected to continue. The University is bringing in a more diverse student body, including additional international students. Housing is a priority issue. The University is building 400 additional beds. The plan is to begin construction in July 2002 with occupancy in July 2003. Discussion on housing will continue at the May Board meeting.

B. Presidential Reports:

1. **Facilities Management:** Vice President Baker highlighted the following projects.

   - **Natural Science Building:** Completion is expected this May with full occupancy expected for fall 2002.
   - **Power Plant:** Construction is expected to begin this summer.
   - **Safety Lighting:** Work is expected to begin this May on Nunn Drive, Kenton Drive, and part of University Drive.
   - **Information Technology Development Center:** Construction is scheduled to be completed by the end of this month.

C. **Presidential Recommendations:**

Consent Agenda Items: A motion was made by Regent Downing and seconded by Regent Chuck Brown to approve the following Presidential Recommendations as listed below (1-7). **Motion carried.**

1. **Non-Academic Personnel Actions:** President Votruba recommended that the Board of Regents approve the following categories of non-academic personnel actions which occurred between January 4 and February 19, 2002: Activations, Promotions, and Departures.

2. **Creation of a Human Resources Advisory Committee as a standing administrative committee of Northern Kentucky University:** The Committee will advise the Department of Human Resources on matters related to personnel policy, procedure, and strategic initiatives. Furthermore, the Committee will assure there is ongoing collegial review and input on matters impacting staff as they relate to policy and procedures, including fringe benefits and pay.

3. **Authorize the administration to establish a moving traffic violation regulation for the Northern Kentucky University campus:** The violation would be titled Improper Driving with specific information added by the issuing Public Safety Officer. The regulation is suggested to improve the safety of both pedestrian and vehicular traffic on campus, particularly in parking areas. The campus regulation does not replace but is an alternative to the state citation authorized by Kentucky Revised Statute 164.975 (Regulation of the use of educational property).

4. **Authorize the University to enter into a lease agreement with the Northern Kentucky Bar Association for lease of office space in Nunn Hall:** The Northern Kentucky Bar Association has occupied an office suite in Nunn Hall on an informal basis for several years. The arrangement will be finalized with a Lease Agreement and payment of monthly rent to the University for use of the space. Long term, the Bar Association plans to relocate to a facility elsewhere in Northern Kentucky.

5. **Academic Affairs Personnel Actions:**
Administrative Appointments: Barry Andersen, Acting Chairperson in the Department of Music, effective February 4, 2002 through June 30, 2002.

Faculty Appointments: Rebecca Evans, Assistant Professor of Biological Sciences in the Center for Integrated Science and Mathematics, effective August 12, 2002; **Stephanie Hughes**, Assistant Professor of Management in the Department of Management and Marketing, effective August 12, 2002; **Colleen Kennedy**, Assistant Professor/Reference Librarian, Reference Department, W. Frank Steely Library, effective December 1, 2001; and **Keith Walters**, Assistant Professor of Chemistry in the Center for Integrated Science and Mathematics, effective August 12, 2002.

Temporary Faculty Appointments for 2002-2003 (spring semester): Literature and Language--Maureen Cronin and Kristi Eiler; **Music**–Scott Lang; **Physics and Geology**–Ricardo Javier Rademacher Mena; **Political Science**–Jessica N. Godsey and Carol A. Keim; and **Sociology, Anthropology and Philosophy**–Charles Ward.

Resignations: Lisa Elderbrock-Rome, Assistant Professor in the Department of Mathematics and Computer Science, effective May 11, 2002, and **J. Randall Wheaton**, Associate Professor and Chair in the Department of Music, effective April 30, 2002.

6. **Approve reassigned time benefits for faculty member:** Reassigned time benefits were approved for **Michael Adams,** Regents Professor in the History and Geography Department, equivalent to 50% for an additional six-year Regents Professor term beginning July 1, 2002.

7. **Emeritus Status:** Carol Allred, Professor in the Salmon P. Chase College of Law Library; Robert Bratton, Professor in the Salmon P. Chase College of Law; James Claypool, Professor in the Department of History and Geography; Kamilla Mazanec, Professor in the Salmon P. Chase College of Law; William McKim, Professor in the Department of Literature and Language; and Edwin T. Weiss, Professor in the Department of History and Geography.

8. **Approval of Revisions to the Northern Kentucky University Administrative Regulations:**

Teresa Halcomb, Legal Assistant in the Office of the Vice President for Legal Affairs and General Counsel, was asked to comment. She indicated that this was a continuation of the legal audit conducted by their office to bring the University Administrative Regulations into compliance with current state law. There were no changes of substance. The recommended changes are to correct punctuation, title changes, and grammatical errors. A motion was made by Regent Downing and seconded by Regent Prince Brown to approve the recommended revisions AR-II-5.04, AR-II-5.0-6, AR-II-5.0-7, AR-II-5.0-8 and AR-II-5.0-9. **Motion carried.**

9. **Approval of comprehensive schedule of tuition, fees and charges for academic year 2002-03:**

Chair Zapp thanked Regent Herschede for her efforts in representing the Student Government Association at the earlier committee meeting as the recommendation was very much contested by the student body. Regent Herschede indicated that Student Government was in favor of the Technology fee but was opposed to bundling and the tuition increase. She proceeded to read resolutions from the Student Government Association opposing bundling and the proposed tuition increase particularly the additional pricing of over 16 credit hours.

At the September 26, 2001, meeting of the NKU Board of Regents, a tuition strategy recommendation was unanimously endorsed to increase tuition 5.5% each year of the 2002-04 biennia, assuming full benchmark support. However, in the event that NKU was funded at less than the targeted benchmark funding objective, tuition would be increased by as much as 9.5%, consistent with Board of Regents action established for the 2000-02 biennium.

NKU remains the most under-funded of the Commonwealth's public universities with respect to state support. The tuition and fee recommendations for 2002-03 are the administration's attempt to establish revenue necessary to invest in critical funding priorities at a time when increased state funding support is not likely.

A motion was made by Regent Downing and seconded by Regent Wilson to approve a comprehensive schedule of tuition, fees and charges for academic year 2002-03 at the rates proposed in the "Authorized Schedule of Tuition & Fee Rates." With one abstention by Regent Pogue and one opposed by Regent Herschede, **motion carried.**

10. **Institutional Reorganization:**

With no further comment on the recommendation, a motion was made by Regent Prince Brown and seconded by Regent Herschede to approve the position change of Associate Vice President for Financial Planning and Institutional Research to Vice President for Enrollment and Financial Planning and that the Assistant Vice President for Admissions and Registration, the Office of Admissions, the Office of the Registrar, and the Office of Student Financial Assistance be relocated under the authority of this new vice president. In addition, the position of Vice President for Student Affairs and Enrollment Management be re-titled to be Vice President for Student Affairs. **Motion carried.**

D. Regent Recommendation:

1. **Recommendation by the Board of Regents Audit Committee pertaining to the annual audit of the University's financial records for the fiscal year ending June 30, 2002:** A motion was made by Regent Wilson and seconded by Regent Prince Brown for the Board of Regents to authorize the University administration to enter into a contract with the audit firm of Crowe, Chizek and Company LLP for the annual audit of the University's financial records for the fiscal year ending June 30, 2002. The contract cost for fiscal year ending June 30, 2002, will be $46,000. This contract will allow for three one-year renewable options. **Motion carried.**

With no further business, at 2:00 p.m. a motion was made by Regent Chuck Brown and seconded by Regent Herschede to adjourn. **Motion carried.**

Board of Regents Meeting
Northern Kentucky University
University Center Ballroom
May 8, 2002

The regular meeting of the Board of Regents of Northern Kentucky University was called to order at 1:05 p.m. on Wednesday, May 8, 2002, by Chair Zapp.

Invocation was read by Regent Herschede.

Roll Call: Prince Brown, Jr. Frank Downing, Joyce Griffin, Kathryn Herschede, Charles Pettit, Betty Pogue, Brenda Wilson, and Robert Zapp (Excused: Chuck Brown).

Others Present: James C. Votruba, Robin J. Crigler, Sonda Cummins, Lilla Losey, Angie Gabbard, Kathy Stewart, Gary Graff, Mike Baker, Paul Reichardt, Mark Shanley, Deborah Read, Don Gorbandt, Gerry St. Amand, Cheryl Nunez, Gail W. Wells, Carole Beere, Chris Cole, Rick Meyers, Gerald Hunter, Rogers Redding, Sara Sidebottom, Russ Kerdolff, Angela Schaffer, Rob Yelton, Jeff Martin, Mary Lepper, Jerry Smith, Kent Kelso, Jane Schwierjohann, Charles A. Pinder, Jane Meier, Gary Pratt, Jim Gress, Pat Moynahan, Arne Almquist, Jeff Smith, Mike Carrell, Matthew Shank, Linda Olasov, Andrew Foltz-*Community Recorder,* Kristina Goetz-*Enquirer*, Chris Cole, Joe Ruh, Ken Ramey, Joe Wind, Mary Paula Schuh, and Rick Van Sans-*Kentucky Post.*

Regent Zapp announced the recent resignation of Regents Kathryn Hendrickson and A. William Erpenbeck and thanked them for their loyalty and valuable contributions to the University.

A motion was made by Regent Griffin and seconded by Regent Pettit to approve the minutes of the March 6, 2002, regular meeting of the Board of Regents. **Motion carried**.

A presentation titled "A Student Affairs Retrospective for 2001-02," was provided by Vice President Shanley. The presentation included digital photograph images of campus activities and events (aftermath of September 11, 2001, Freshfusion, Transitions, and various lectures and campus festivals).

Presidential Comments:

- As Chair Zapp's official term as Regent expires this June 30, a special thanks on behalf of the University community was given for his commitment and many contributions to the University as Regent and for his leadership and counsel as Chair for the past two years.
- The University will have approximately 1,000 graduates at the May 11, Commencement exercises at the Firstar Center in Cincinnati.
- Fall enrollment has set new records pertaining to size, diversity, and internationalism. Student retention rates have also greatly improved.
- The new College of Education was mentioned and a welcome was extended to Jim Gress as the new dean.
- NKU along with the University of Louisville received $750K to support enhancement of P-12 education.
- This past Spring, the University had the first annual celebration of undergraduate research and creative activity with over 100 students and faculty joining the presentations and poster sessions.
- Chase Law School was recognized for first-time bar passage rate scores for this past February. Chase scores were at 86% compared to the state-wide averages for Kentucky at 78%. Chase's overall passage rate was 73% with the state average at 72%.

- The State Legislature adjourned without a budget; however, there is strong support for P-12 education, benchmark funding and the initiative, "Bucks for Brains."
- The groundbreaking ceremony for the new METS Center will be held on May 16 at the CirclePort Office Park in Erlanger.
- The Center for Civic Education was founded this past year and will provide $1M to strengthen support of the economic development and quality of life in our region. The Center will apply the knowledge of our faculty and involve student participation.
- At the earlier Policy and Finance meeting, the Board was given a tour and presentation by faculty member Christine Stiegler of the new Teaching and Learning Center (TLC) located in Steely Library. The Center was created to support and promote excellence in teaching and learning.
- The University 6-year graduation rate has increased since 1998 by 10%. This is a strong indication that the investments made by the University have paid off in the success of the students and faculty.

A. Joint Finance and Policy Committee:

1. **Budget:** Regent Downing reported on the University's FY 2002-03 operating budget indicating that it was a tight but optimistic budget considering the unknown factor of the state budget. The total operating budget totals $109,200,000, a net revenue increase of approximately $7,600,000 compared to the original FY 2001-02 operating budget of $101,600,000.

   Funding for strategic priorities include: strengthen the curriculum and support faculty excellence; enhancement for student recruitment and retention; strengthen public engagement, improvement of campus facilities and environment; promoting staff effectiveness and satisfaction; enhancement of fund raising capacity; increase in budget reserve; and establishment of retirement funding for temporary full-time non-tenure track faculty.

   All funding is based on meeting the established enrollment target of 2%. If enrollment target is not met or higher education must take another budget cut from the state, cost containment measures will be put into place. These may include a freeze on out of state travel.

   The FY 2002-03 operating budget of the University is aligned with the strategic priorities which grew out of the comprehensive University visioning and planning process begun in the Fall of 1997 with "Vision, Values, and Voices" and culminated in the Five-year Strategic Agenda that has been shared and reviewed with the Board of Regents and the campus community.

2. **Residential Housing**: Regent Wilson reported on the presentation given by Vice President Shanley and Vice President Baker of the plans for the 400-plus bed student housing facility. In a market feasibility study conducted by Anderson Strickler, LLC, it was concluded that there is sufficient demand to support up to 490 additional beds. The committee recommended that the Regents approve the plan as presented.

B. Presidential Reports:

1. **Quarterly Financial Report:** Vice President Baker had no further comment on the revenues and expenditures as indicated in the report.

2. **Facilities Management:** Vice President Baker had no further comment on the report as presented.

3. **Comprehensive Campaign Update**: (Special report added by the President) Vice President Read reported that this was the first time that the Board will be accepting gifts on behalf of the University. All of the gifts received by the University are deposited within the University Foundation; however, the CPE has required that all the Kentucky institution's governing boards must receive gifts on behalf of the institutions. Particularly noted were the gifts used for matching funds through the Commonwealth Trust Fund. The total raised by the Campaign is at approximately $21M. A breakdown of fund use: approximately $13M- endowment; $7M - programmatic initiatives; $800K - capital improvement.

   Included in the information provided on the campaign gifts was a report listing Campaign resources from July 1, 2001-April, 30, 2002 (only gifts of $10K and above are listed - others are listed in a lump sum total of approximately $8.5K). There are approximately $8M in pending gifts to be signed by the time of the Campaign kick off scheduled for October 19, 2002.

C. **Presidential Recommendations:**

Consent Agenda Items: A motion was made by Regent Prince Brown, Jr. and seconded by Regent Pogue to approve the following Presidential Recommendations as listed below (1-7). **Motion carried.**

1. **Non-Academic Personnel Actions:** President Votruba recommended that the Board of Regents approve the following categories of non-academic personnel actions which occurred between February 20, and April 24, 2002: Activations; Promotions; Temporary/Contract to Regular; Reassignments, Reclassification, Re-Engineering, Title Changes; and Departures.

2. **Capitalization limit for recording moveable equipment:** The recommendation approved the capitalization limit for recording moveable equipment to be increased from $500 to $5,000 retroactive to July 1, 2001 and that useful lives for capital assets be adopted for the following number of years: Land Improvements - 40; Buildings and Fixed Equipment - 10-40; Moveable Equipment - 3-10; Vehicles - 5-7; and Library Books - 10. With the implementation of the new reporting mandates contained in the Governmental Accounting Standards, Number 34 and 35 effective for fiscal year 2002, depreciation reporting for capital assets is required.

3. **Authorization for the VP for Administration and Finance to write off bad debts:** Authorization was given to the Vice President for Administration and Finance/Treasurer to write off bad debts totaling $67,937.53. This is accomplished once a year before the University's books are closed. The business office monitors the various categories to assure effective receivable management practices are in place.

4. **Academic Affairs Personnel Actions:**
   Administrative Appointments: Jasbir Dhaliwal, Professor and Chair of the Department of Information Systems with Tenure, effective July 1, 2002; **Kirsten Fleming**, Professor and Chair of

Continued Probation with Conditions to be Removed: Social Work and Human Services: Thomas Bordelon, Barbara Conklin, and Jacqueline Smith.

6. **Emeritus Status**: **Donald R. Kelm**, Professor and Chair of the Department of Art.

7. **Amendments of the Faculty Policies and Procedures Handbook:** On February 25, 2002, the Faculty Senate approved a request from the Department of Theatre for recognition of the Master of Music Degree as a terminal degree for faculty in the Department of Theatre. Appropriate terminal degrees for faculty are listed in the Handbook in Part II, Section XIII, Page 145. The Masters of Music Degree will need to be added to this list. On April 15, 2002, the Faculty Senate approved the following changes to the Handbook pertaining to the peer review process, Part One, Section XV.B.3, Grievances; Part One, Section IV.C.14, Appeal Procedure; and Part One, Section XV.B.1, Matters Subject to Peer Review.

8. **New Degree Program, Bachelor of Science in Sports Business, College of Business:** Provost Redding had no further comment on the program and indicted that Dean Carrell and Professor Matthew Shank, were available at the meeting for questions. From a student's standpoint, Regent Herschede indicated that this was a great addition to the curriculum. A motion was made by Regent Herschede and seconded by Regent Pogue to approve the initiation of the new degree program, Bachelor of Science in Sports Business, in the College of Business, as outlined in the proposal beginning fall 2002 semester. **Motion carried.**

9. **New Degree Program, Bachelor of Science in Business Administration, College of Business:** Dean Carrell indicated that the program will not require additional resources. The Business Administration degree program has two primary goals: to facilitate the ease of transfer course work completed at other institutions into a major and therefore allow for a smoother transition into the program and earlier graduation; and to permit current and future students to create an individually designed interdisciplinary degree program within the College of Business. A motion was made by Regent Herschede and seconded by Regent Griffin to approve the initiation of the new degree program, Bachelor of Science in Business Administration, in the College of Business as outlined in the proposal beginning fall 2002 semester. **Motion carried.**

10. **Resolution Pertaining to the New Residential Housing Facilities:** A motion was made by Regent Downing and seconded by Regent Prince Brown, Jr. to adopt the resolution as prepared by Special Bond Counsel Peck, Shaffer & Williams LLP, which approves the necessary documents in connection with the issuance of Certificates of Participation (COPS) to finance the construction of new residential housing facilities. **Motion carried.**

11. **Ratify Student Government Association Constitution:** During the 2000-01 academic year, the Student Government Association drafted a revised constitution and submitted the constitution for ratification by a vote of the student body during Spring elections held on April 18 and 19, 2001. The constitution was ratified by a vote of 87% in favor of the new constitution. The Student Government Association has been operating under the terms of this constitution, duly adopted by the student body. In an oversight, the constitution was not however submitted to the Board of Regents for consideration and approval. A motion was made by Regent Pogue and seconded by Regent Wilson to ratify the April 2001 version of the Student Government Association Constitution. **Motion carried.**

12. **Revisions of NKU Administrative Regulations:** This is a continuation of the legal compliance audit conducted by the Office of the Vice President for Legal Affairs and General Counsel to bringthe University into compliance with current state law. Additionally, due to a title change, recently approved changes needed update. A motion was made by Regent Prince Brown, Jr. and seconded by Regent Downing to approve a necessary title change along with AR-II-5.0-1, AR-II-5.0-11 of the Northern Kentucky University Administrative Regulations. **Motion carried.**

13. **Endorsement of Resolution to establish the University's Fiscal Yr. 2002-03 Annual Operating Budget:** Chair Zapp applauded the University Administration for the aggressive budget planned for this year. A motion was made by Regent Downing and seconded by Regent Prince Brown, Jr. to endorse the resolution establishing the University's Fiscal Year 2002-03 Annual Operating Budget. **Motion carried.**

14. **NKU Endowment Match Program:** The President indicated that this item will be a regular consideration at upcoming meetings and will include the receipt of private gifts by the Board on behalf of the University.

    A motion was made by Regent Herschede and seconded by Regent Pettit regarding the NKU Endowment Match Program: to accept gifts totaling $4,116,283 in support of Northern Kentucky University priorities, a portion of which is eligible to receive Commonwealth of Kentucky Endowment Match Funds; authorize the Chair of the Board of Regents to submit a notice of Board approval to the Council on Postsecondary Education stating that the Northern Kentucky University Board of Regents acknowledges that it has primary responsibility for the implementation of the Endowment Match Program; authorize the gift of $1,000,000 for COB Scholarships be matched by $150,000; and that the Northern Kentucky University Board of Regents acknowledges responsibility for oversight of the endowment established with these funds in accordance with council guidelines and procedures. **Motion carried.**

Chair Zapp appointed a nominating committee comprised of Regent Downing (Chair), Regent Prince Brown, and Regent Pogue to recommend to the Board the Executive Officers for the 2002-03 year.

With no further business, at 2:05 p.m., a motion was made by Regent Herschede and seconded by Regent Pogue to adjourn. **Motion carried**.

Board of Regents Meeting
Northern Kentucky University
University Center Ballroom
July 10, 2002

The regular meeting of the Board of Regents of Northern Kentucky University was called to order at 1:08 p.m. on Wednesday, July 10, 2002, by Vice Chair Wilson.

Invocation was read by Regent Griffin.

Installation of new Regents Martin C. Butler and Anna Dale Pyles was administered by Vice Chair Wilson.

Roll Call: Chuck Brown, Martin Butler, Frank Downing, Joyce Griffin, Kathryn Herschede, Charles Pettit, Betty Pogue, Anna Dale Pyles, Brenda Wilson (Excused: Prince Brown, Jr. and Robert Zapp).

Others Present: James C. Votruba, Robin J. Crigler, Lilla Losey, Sonda Cummins, Angie Gabbard, Jerry D. Smith, Gary W. Graff, Jane Schwierjohann, Joe Geraci, James Alford, Marilou Singleton, Meredith Ludwig, Jeff Martin, Mary Paula Schuh, Russ Kerdolff, Ken Ramey, Don Gorbandt, Michael Murray, Mike Carrell, Patrick Moynahan, Carole Beere, Gail W. Wells, Gerry St. Amand, Steve Meier, Jeff Butler, Gary Pratt, Brenda Rigg, Kristina Goetz-*Enquirer*, Sara Sidebottom, Chris Cole, Rick Van Sant-*Kentucky Post*, Deborah Read, Mary F. Kirk, Mary Ryan, Mark Shanley, Mike Baker, Rick Meyers, Mark Guilfoyle, Kelly Schoening, Gerald Hunter, Rogers Redding, and Tim Downer.

Vice Chair Wilson welcomed William Butler and Anna Dale Pyles to the NKU Board of Regents and also welcomed back both Kathryn Herschede serving her second elected year as Student Representative and Robert Zapp, reappointed by the Governor to serve another term.

A motion was made by Regent Downing, as Chair of the Nominating Committee, and seconded by Regent Pogue to nominate the following Regents to serve as the Executive Committee for 2002-03: Brenda Wilson (Chair), Chuck Brown (Vice Chair), and Joyce Griffin (Secretary). **Motion carried.**

A motion was made by Regent Pettit and seconded by Regent Griffin to approve the minutes of the May 8, 2002, regular meeting of the Board of Regents. **Motion carried.**

Presidential Comments:

- In addition to welcoming Regents Butler and Pyles, Chair Wilson, Vice Chair Chuck Brown, and Secretary Griffin were recognized on behalf of the University Administration for their newly elected and continuing roles as the Board's Executive Committee.
- Growth as a revenue strategy is working. Financial incentives were created this spring to increase activity for summer enrollments which are up 20%.
- With no additional investment, class seating capacity has increased by 8.8%.
- In 1997 the University engaged in a strategic planning process called *Vision, Values, and Voices* (VVV). The five-year process will be at an end this fall. A new VVV panel will begin in the fall to look at the next level of development in the life of the University i.e. Community College. Conversations in the community similar to the last process will begin this fall to look at the next level of development in the life of the University. The VVV committee should come back to the Board by January 2003 with recommendations. Possible participation by Board members was mentioned for the new process beginning this fall.
- At the earlier joint Policy and Finance Committee meeting,Vice President Read gave an in-depth review of University Advancement. New levels of public visibility were revealed: public visibility on the part of the campus; professional quality publications; legislation and congressional advocacy; and private support to exceed our $10M goal for this year.
- The three-year conversations on General Education were highlighted. Recommendations will be brought before the Board later this fall regarding content, implementation, and cost.

- Sonda Cummins was recognized and thanked for her fifteen years of service to the Office of the President as Executive Secretary to the President. Ms. Cummins will be retiring after 23 years at the University as of August 1, 2002.
- Beginning July 15, Mimi Assanuvat will begin her new position as Executive Secretary to the President. Ms. Assanuvat comes to the position from the Office of the Vice President for University Advancement, where she serves as Executive Secretary.

A. **Joint Finance and Policy Committee:** (The following committee reports were given by Regent Chuck Brown)

1. **University Advancement Overview:** Vice President Read and members of her staff reported on the following:

   Since 1999, the University's Comprehensive Campaign has raised $25M toward an overall goal of $40M as part of the *Shaping Dreams* comprehensive campaign. The annual goal of $10M plus was met last year. The $10M raised in a one-year period was the same amount raised during the entire past Capital Campaign which extended over a 5-year period. Money raised has been designated for Endowment (62%), Program Initiatives (31%), and Capital Improvements (7%).

   Federal earmarks have also benefitted the Institute for Freedom Studies, METS, the Math and Science education initiative, and the Urban Learning Center.

   WNKU has won numerous awards, and has been named Best Station in Cincinnati by *City Beat*, *Cincinnati Magazine*, and *Everybody's News*.

2. **General Education Program:** Provost Redding gave a report focusing on three core areas that every student must meet to qualify for graduation: 1) Common Core or fundamentals-12 credit hours requirement (written communication, oral communication, critical thinking, and problem solving). Students must complete the Common Core of these fundamental studies before moving on to other aspects of their curriculum; 2) Diversity Core-6 credit hours requirement (teaches students to respect and better understand other cultures, races, religions, and ethnicities; and 3) Liberal Arts Core-31-34 credit hours requirement (students will experience the perspectives of the Fine Arts, the Sciences, the Behavioral and Social Sciences, Literature, History and the Humanities).

   The emphasis is on outcome from courses rather than exposure to particular elements of subject matter. Courses will need to satisfy relevant outcomes criteria before being included in the General Education Program.

B. **Presidential Reports:**

1. **Facilities Management:** Vice President Baker highlighted the following projects/areas of interest:

   - The construction of the new Natural Science Building is complete and on target with limited occupancy. Full occupancy is expected for fall 2002.
   - Monarch Construction will be the general contractor for the new Power Plant. Construction is expected to begin in early August.
   - The Commonwealth continues to take the lead in the management of the new Residence Hall project which will be handled as a Design/Build project. The general construction contract was awarded to Frank Messer and Sons Construction Co. Occupancy is expected by fall 2003.
   - Mention was made of the new Mountain Dew commemorative soft drink cans with the "Norse-NKU logo." 5M cans were expected to be released to the public over the next 30-45 days. Each Regent received a can at the meeting.

2. **Comprehensive Campaign:** Vice President Read thanked the Board for the opportunity to share information on the University's Campaign progress.

C. **Presidential Recommendations:**

Consent Agenda Items: A motion was made by Regent Griffin and seconded by Regent Pogue to approve the following Presidential Recommendations as listed below (1-10). **Motion carried.**

1. **Non-Academic Personnel Actions:** President Votruba recommended that the Board of Regents approve the following categories of non-academic personnel actions which occurred between April 25, and June 19, 2002: Activations, Promotions; Transfers; Reassignments, Reclassification, Re-Engineering, Title Changes; and Departures.

2. **Renew the University Fire Service Memorandum of Agreement:** Authorization was given to the University Administration to renew the University fire service Memorandum of Agreement with the Central Campbell County Fire District. Through this contract, the University receives fire service, assistance with construction issues, and advice and participation in fire education initiatives.

3. **Academic Affairs Personnel Actions:**
Administrative Appointments: Mary Kirk, Acting Dean of the College of Education, effective June 1, 2002 through July 31, 2002; **Paul Kreider**, Chair and Professor with tenure in the Department of Music, effective July 1, 2002; **Thomas McGovern**, Chair and Professor with tenure in the Department of Art, effective July 1, 2002; and **J. Patrick Moynahan**, Interim Dean and Associate Professor, College of Professional Studies, effective July 1, 2002 through June 30, 2003.

Faculty Appointments:
Effective July 1, 2002: C. Dale Elifrits, Visiting Professor and Director of Pre-Engineering and Outreach in the Center for Integrative Natural Sciences and Mathematics.
Effective August 12, 2002: Bill Attenweiler, Assistant Professor of Industrial/Organizational Psychology in the Department of Psychology; **Samuel Boateng**, Assistant Professor of Geology in the Center for Integrative Natural Sciences and Mathematics; **Anne Broughton**, Assistant Professor in the Department of Education Specialties, College of Education; **John Huss**, Assistant Professor in the Department of Educational Specialties, College of Education; **Parmita Kapadia**, Assistant Professor of English in the Department of Literature and Language; **Alberto Lopez**, Assistant Professor of Law in the Salmon P. Chase College of Law; **William K. Sjostrom, Jr.**, Assistant Professor of Law in the Salmon P. Chase College of Law; and **Charles Wells**, Lecturer (non-tenure track renewable) in the Department of Music.

Leaves-Paid/Unpaid: JoEllen Burkholder, Assistant Professor in the Department of Sociology, Anthropology, and Philosophy, unpaid leave with benefits, beginning August 12, 2002 and ending December 30, 2002 and **Linda Olasov**, Professor in the College of Education, unpaid leave with benefits, beginning August 12, 2002 and ending May 17, 2003.

Resignations (effective May 11, 2002): Stephanie Barnes, Assistant Professor in the Department of Social Work and Human Services and **Thomas Bordelon**, Assistant Professor in the Department of Social Work and Human Services.

4. **Temporary Faculty Appointments for 2002-03:**
College of Arts and Sciences: Terence Fleming Department of History and Geography and **Robert Kerby**, Department of Theatre.

5. **Continued Probation and Continued Probation with Conditions to be Removed - for the 2002-2003 academic year under the conditions of the *Faculty Policies and Procedures Handbook*.**

   Continued Probation: Philip Lewis, Department of Accountancy.
   Continued Probation with Conditions to be Removed: Holly Riffe, Department of Social Work and Human Services.

6. ***Faculty Policies and Procedures Handbook* Amendments:** On May 10, 2002, the Faculty Senate approved the following: 1) Proposal from the Department of Educational Specialties, College of Education, that the master's degree serve as the designated terminal degree for new tenure-track faculty positions in the Athletic Training Program. 2) Revisions to the graduate admissions policies and procedures that reflect new policies and procedures as well as changes to existing ones.

7. ***Chase Faculty Policies and Procedures Handbook* Amendments:** The Chase faculty approved the following amendments on the dates as indicated:
   1) On May 8, 2002 -- Part One, Section XV., Grievances: This will bring both handbooks in line, so there is no deviation between the *Chase Faculty Policies and Procedures Handbook* and the *NKU Faculty Policies and Procedures Handbook.* On May 8, 2002, the Board of Regents approved changes to the NKU *Faculty Policies and Procedures Handbook* pertaining to the grievance process.

   2) On March 20, 2002 -- Part One, Section XIV., Grievances: These amendments pertain to Peer Review, the Complaint Process, and Appropriate Terminal Degrees. The amendments conform to the Peer Review provisions applicable across the rest of the University and are consistent with the *NKU Faculty Policies and Procedures Handbook.*

   3) On February 20, 2002 -- Part One, Section IV., Evaluation, Subsection C.2., Initiation of Request.

8. **Change of title of the Law Library Director in the Salmon P. Chase College of Law:** The proposed title change to "Associate Dean for Law Library Services and Information Technology" is consistent with the trend within legal education and with the University's recent change in title for the head of the W. Frank Steely Library. This position plays a direct and significant leadership role in the academic mission of the law school. The occupant of the position must be a tenure-track law faculty member. Approval of the name change also requires the following amendment to the *Chase College of Law Faculty Handbook*: every reference in the Handbook to the "Director of the Law Library" should be changed to "Associate Dean for Law Library Services and Information Technology."

9. **Changes in the Administrative Regulations (AR-III-5.0-8) - Standing Committee for the Student Fee Allocation Board:** This change will update the membership and requirements. The membership changes reflect the current staffing, responsibilities, and titles of the Student Affairs staff engaged in the student fee allocation process as the result of the restructuring of these areas.

10. **Approve the new Student Honor Code:** During the 2000-01 academic year, a team of faculty initiated the development of a new Student Honor Code to promote a commitment to the highest standards of ethical integrity in academic conduct. The Faculty Senate initially approved the Student Honor Code on May 10, 2001. The Dean of Students and the Vice President for Legal Affairs requested the opportunity to review and revise the Honor Code to insure the full integration of the Honor Code with applicable sections of the Code of Student Rights and Responsibilities and existing Administrative Regulations. These revisions were reviewed and approved by the Student Senate, the Professional Concerns Committee of the Faculty Senate, and the Faculty Senate.

11. **Changes to the Administrative Regulation (AR-I-1.0-5), Vice President for Administration:** Vice President Sidebottom indicated that these revisions were a continuation of the legal compliance audit conducted by the Office of the Vice President for Legal Affairs and General Counsel in order to bring the University into compliance with current state law. These changes will correct title changes and organizational structure. A motion was made by Regent Downing and seconded by Regent Pettit to approve revisions of AR-I-1.0-5, Vice President for Administration, Page 14. **Motion carried.**

12. **NKU Endowment Match Program:** Vice President Read indicated that the gifts totaled $1,568,449 for the period 5/01/02 thru 06/21/02. A motion was made by Regent Pogue and seconded by Regent Chuck Brown that the Board of Regents:
    1. Hereby officially accepts gifts totaling $1,568,449 in support of Northern Kentucky University priorities, a portion of which is eligible to receive Commonwealth of Kentucky Endowment Match Funds.
    2. Authorize the Chair of the Board of Regents to submit a Notice of Board Approval to the Council on Postsecondary Education (CPE) that states that the Northern Kentucky University Board of Regents acknowledges that it has primary responsibility for the implementation of the Endowment Match program. The notice also states that the Northern Kentucky University Board of Regents is responsible for providing oversight of all endowment funds.
    3. Authorize the following gift commitments be submitted to the CPE requesting Endowment Matching Funds: Scripps Foundation - $750K for Center for Civic Engagement; Ashland Foundation - $500K for the Science Summer Enrichment; Dan Meyer - $500K for Chase Faculty Development; Paul Chellgren - $50K for Undergraduate Scholarship; and Confidential - $364K for College of Business Scholarships.
    4. Acknowledges responsibility for oversight of the endowments established with these funds in accordance with CPE guidelines and procedures. **Motion carried.**

D. **Executive Session to Discuss Legal Issues:** At 1:50 p.m. a motion was made by Regent Downing and seconded by Regent Pogue to call an Executive Session.

The Board reconvened at 2:15 p.m., with no legal action taken.

With no further business, at 2:20 p.m., a motion was made by Regent Herschede and seconded by Regent Butler to adjourn. **Motion carried.**

Presidential Comments:

- The New Natural Science Center dedication on September 20, was a success. Provost Redding, Dean Gail Wells, the departmental Chairs and faculty were recognized for their efforts. An anonymous gift of 2M was made by an NKU alum toward the Science Center. This was the largest gift by an NKU alum in the life of the University.
- Prior to the Board meeting, the University held the Groundbreaking Ceremony for a new 400 bed Residence Hall.
- The five-year update of the Vision, Values, & Voices (VVV) process was mentioned. The goals of 1997 were reexamined during the recent Board of Regents Retreat on September 5. Five years ago the foremost goal of the University was to become a preeminent learner-centered, metropolitan university recognized for its contributions to the intellectual, civic, educational, economic, and social vitality of the region. During the past five years, the University has received national attention. In an independent study by AASCU of 400 universities, NKU was ranked as one of the top five institutions for its innovation and work in public/civic engagement. The University has also been nationally recognized for its first-year programs along with the Center for Integrative Natural Science and Mathematics (CINSAM). These conversations, which are designed to discuss the University's future, will be held for the next six to eight weeks on campus and throughout the region engaging from 300-400 people.
- The six strategic priorities of the campus have been the focal point of our daily work over the last five years including: strengthening curriculum; faculty recruitment and retention; enhancing student recruitment and retention; progress in internationalizing the campus; public engagement work; and improved campus facilities/environment. In addition, staff effectiveness has been promoted with market salary adjustments and extention of benefits.
- Kentucky is at a crossroads in Postsecondary education reform, and revenue needs to be identified to support this momentum (NKU's student population, currently at 14,000, was at 11,000 when the reform began). This is an enormous challenge currently confronting our Governor, General Assembly, and other elected officials.

Vice President Sidebottom was asked to give a presentation on the changes in INS requirements as it relates to the University's International faculty, staff, and students. Vice President Sidebottom discussed SEVIS (Student Exchange Visitor Information System) with regard to regulations expected to be followed by colleges and universities as it pertains to foreign students and visitors in the United States. Recognition was given to Gary Pratt and the Information Technology staff for their efforts in bringing the University up to code on this information which is expected to be in place by January 2003. Viki Kimball, Office of International Student Affairs, is assisting in this effort.

A. **Joint Finance and Policy Committee:**

1. **Annual Financial Report 2001-02:** Report was given by Regent Chuck Brown.

   The Audit was conducted by the firm of Crowe, Chizek, and Co. LLP. The firm issued a clean audit opinion and stated a positive work relationship with the administration. Vice President Baker and Comptroller Kerdolff shared a presentation on the Financial Report. An overview was given of the three new basic financial statements which emphasized the positive income growth reflected on the statement of revenues, expenses, and changes in net assets. It was determined that the overall financial condition of the University was strong at year end of June 30, 2002.

Chair Wilson recognized the University Administration for their tremendous efforts in producing the financial documentation for the Board meeting. At the recent CPE Governor's Conference on Trusteeship it was indicated to not expect financial reports at this time from any of the Universities due to the continuing state budget.

2. **Academic Accreditation:** Report was given by Regent Griffin.

   Provost Redding explained the purpose of accreditation and the process in which the University becomes academically accredited. The purpose of being a member of SACS accreditation program is to make a public statement of the University's continuing capacity to provide effective programs and services based on requirements agreed upon by the member institutions of the accrediting body.

3. **NKU Logo:** Report was given by Regent Griffin.

   Vice President Read discussed the new NKU logo which will be used for marketing purposes on all publications, web sites, letterhead, business cards, and other marketing items. The implementation process will be over a period of several years. The new logo will not take the place of the University seal.

B. **Presidential Reports:**

1. **Annual Financial Report 2001-02** There were on further comments on the report as submitted.

2. **Facilities Management Report:** Vice President Baker highlighted the following projects/areas of interest:

   - The Safety Lighting project was completed ahead of schedule and under budget.
   - Mention was made of the completion of the New Natural Science Center and the opening on September 20. Academic Affairs was thanked for their cooperation and team effort during the process of moving from the Old Science Building. Dan Drake, Director of Physical Plant, and his staff were also recognized for their efforts.
   - Construction of the new Power Plant has begun. This project is of significant importance to the future of the University.

3. **Commonwealth Budget Update and Enrollment Growth:** President Votruba reported that the University continues to exceed the CPE established enrollment growth targets.

4. **Research, Grants and Contracts Report:** Associate Provost Beere mentioned that this report will be provided to the Board of Regents at each upcoming Board meeting. It was pointed out in the report that the award date is sometimes after the date that the project starts. This information is correct as award letters are often received after the official start date for the project. This was an unusually good two-month period due to the fact that there were large recurring grants. Twenty-three proposals were successful during this period. The total amount of money awarded was $2,350,410.00.

C. **Presidential Recommendations:**

Consent Agenda Items: A motion was made by Regent Downing and seconded by Regent Butler to approve the following Presidential Recommendations as listed below (1-8). **Motion carried.**

1. **Academic Affairs Personnel Actions:**
Administrative Appointments: Barry Andersen, Interim Associate Dean of the College of Arts and Sciences and Professor in the Department of Art, effective July 1, 2002 through June 30, 2003; **Rachelle Bruno**, Interim Associate Dean of the College of Education and Professor in the Department of Educational Specialties, effective July 1, 2002 through June 30, 2003; **Laurie DiPadova-Stocks**, Director, Center for Civic Engagement, effective September 1, 2002; and **Kathy Schroerlucke**, Interim Executive Director for Educational Outreach, effective September 1, 2002 through October 31, 2003 (13 Month Contract).

2. **Temporary Faculty Appointments for 2002-2003: (Academic Year or as indicated)**
College of Arts and Sciences: **Art** - Matthew Albritton, Kelly Asbury, Heidi Endres, and Keith Smith; **Biological Sciences** - Hildegarde Baldridge and Robin Root *(Fiscal Year)*; **Chemistry** - Gwen Fields; **CINSAM** - Denice Robertson; **History and Geography** - Francois Le Roy and Lawrence Fred Mitchell; **Literature and Language** - Lydia Coyle, Maureen Cronin, Kristin Dietsche, Kristi Eiler, Paul Goodin, Barclay Green, Angela Hesson, Darlene Hollon, Virginia Paddock, Paul Roggendorff, Hannelore Wolfram, and Mari York; **Mathematics and Computer Sciences** - Shelley Cain, Michael Collins, Adama Diene, Terry Erdmann, Marilyn Hoffman, Beth Noblitt, Robert Riehemann, and John Taylor; **Music** - David Deitrick, Betty Douglas, Jeremy Long, and Joseph Pokorski; **Physics and Geology** - Athula Herat, Sarah Johnson, Ricardo Javier Rademacher Mena, and Chari Ramkumar; **Political Science** - James Binney, Bruce McClure, Wallace Rigsbee, II, and Charles Rogers, Sr.; **Psychology** - Leigh Josie and Jennifer Sacher; **Sociology, Anthropology, and Philosophy** - Gregory Bigot, Nicole Grant, Robert Kenney, Peter Killoran, Timothy D. Murphy, Michael Simonton, and Charles Ward; **Theatre** - Mark Hardy and Christine Jones.

College of Education: **Educational Specialties** - Gary Eippert, George Frakes, Catherine Ingram, Jill Niemeyer, Wiley Piazza and Richard Simmons; **Elementary, Middle, and Secondary Programs** - Jennifer Cottingham, David Shepherd, and Phyllis Vogel *(Fall Semester)*.

College of Professional Studies: **Communication** - Karen Donges, Stephanie Fister, Joe Hoffert, Ward Patterson, Wendy Rose, Barbara Thul, and Pamela Tyahur; **Nursing and Health Professions** - Robert Brautigan and Cynthia Conway; **Social Work and Human Services** - Darrell Payne and Gregory Stewart; **Technology** - Majed Dabdoub and Robert Willoughby.

Vice Provost: **Developmental Mathematics** - Shashi Sathe (*Spring Semester*) and JoJean Southwick (*Fall Semester*); **First Year Programs** - Jerome Langguth; **Honors** - Ron Hoffman and Kelli Sittason; **Learning Assistance Center** - Pauline Cantrell *(Fall Semester)*, Kathleen Culp *(Fall Semester)*, Jill Easter *(Fall Semester)*, Lezlie Mayfield *(Fall Semester)*, Mary Quill *(Fall Semester), and* Gregory Walsh *(Fall Semester)*; **Women's Studies** - Mary Bucklin.

3. **Departmental Name Changes in the College of Arts and Sciences:** The Department of Political Science was recommended to be renamed to the Department of Political Science and Criminal Justice. This is one of the fastest growing degree programs within a department whose name did not reflect its true programmatic offerings. The change will enable the department to better represent to their students (current and prospective) what the program has to offer.

4. **Change in title for Associate Provost for Graduate Studies and Outreach:** The title of Dr. Carole Beere's position was recommended to be changed from Associate Provost for Graduate Studies and Outreach to Associate Provost for Outreach and Dean of Graduate Studies. It is a common practice for the central university administrator of graduate programs to carry the "dean" designation. This will give added importance to the emerging graduate programming at the University.

5. **Non-Academic Personnel Actions:** Approval was recommended for the following categories of non-academic personnel actions which occurred between June 20, 2002, and September 6, 2002: Activations; Promotions; Transfers; Reassignments, Reclassifications, Re-Engineering, Title Changes; Temporary/Contract to Regular; Departures; and Retirees.

6. **Organizational Structure:** This is a six month update of the organizational structure. All of the reporting lines listed on the structure are for Director level and above, but included the Coaching areas under Intercollegiate Athletics and the Chair positions under Academic Affairs.

7. **Revision of the Sexual Harassment Policy:** This revision in the Sexual Harassment policy replaces section G4 in the NKU Personnel Policy and Procedure Manual. Staff Congress in consultation with the NKU Office of Legal Affairs recommended a revision to the sexual harassment policy that governs all staff employees. The revision makes the staff sexual harassment policy consistent with the policy governing faculty in the Faculty Policies and Procedures Manual.

8. **Revisions to the NKU Administrative Regulations AR-I-1.0-4, AR-I-1.0-9, and AR II-3.0-1:** These revisions are a continuation of the legal compliance audit conducted by the Office of the Vice President for Legal Affairs and General Counsel: AR-I-1.0-4-- Changes include: the Vice President for Academic Affairs and Provost no longer serves as an ex officio member of all committees in graduate education. The College of Education should be included after "College of Business; 2) AR-I-1.0-9--The title of the position is incorrect, "Vice President for Legal Affairs and General Counsel" should replace "University Legal Counsel" throughout the regulation; and 3) AR II-3.0-1--This policy is no longer applicable, as the University has contracted the bookstore function to an outside entity, which buys all used textbooks back daily.

9. **Annual Report to CPE - Commonwealth Endowment Match Program:** Vice President Read reported on the new CPE guidelines in place to provide for an expanded role for institutional governing boards assuring public oversight for the use of state matching funds. With Board approval, the University will submit the report to the CPE prior to October 15, as requested.

   This report does not represent the total gifts received last year from private funds but represents only those gifts that were submitted from matching funds from last year and the previous years. The University has only one Endowed Professorship position filled to date by Professor Rebecca White, 5/3 Entrepreneurship Bank Institute.

   A motion was made by Regent Prince Brown and seconded by Regent Chuck Brown to authorize the University officials to submit an annual report on endowments created or expanded through the Commonwealth Endowment Match Program to the Council on Postsecondary Education. The report includes annual data for the year ending June 30, 2002 and cumulative data since the inception of the program in 1998. **Motion carried.**

At 1:45 p.m. a motion was made by Regent Downing and seconded by Regent Butler to call an Executive Session to discuss personnel issues. **Motion carried.**

The Board reconvened at 2:30 p.m. with no legal action taken.

With no further business, at 2:33 p.m. a motion was made by Regent Herschede and seconded by Regent Butler to adjourn. **Motion carried.**

Graff, Connie Hurst, Lenore Chambers, Mary Ryan, Ken Ramey, Jeff Martin, Joe Ruh, Rick Meyers, Cheryl Nunez, Gerry St. Amand, Bill Farro, and Mike Mimms.

A motion was made by Regent Butler and seconded by Regent Herschede to approve the minutes of the September 25, 2002, regular meeting of the Board of Regents. **Motion carried.**

Presidential Comments:

- A presentation was given at the earlier Policy and Finance meeting this morning by Dr. Hughes and Vice Provost Reichardt on the Northern Kentucky University and Gateway Community & Technical College Educational Partnership.
- The President and other members of the University Administration attended the Norse Leadership Society annual retreat this past weekend in Gatlinburg,Tennessee. Regent Herschede along with 50-60 student leaders were in attendance.
- On October 19, 2002, NKU celebrated the public kickoff of its $40M Shaping Dreams Campaign at the Northern Kentucky Convention Center in Covington. The University is currently a little under $30M in realizing that goal. Vice President Read and her staff were recognized for their efforts on the success of this event.
- There have been 25 meetings scheduled this fall for the Vision, Values & Voices process, with eight more remaining. Our Board of Regents, particularly Chair Wilson, have been deeply involved in this process from the very beginning. The next three to four months will set the University's course for the next five years.
- The Staff Appreciation Awards were presented this past October 24. Terry Linkugel, Judy Strange, and Jeff Baker won the Regents Distinguished Service Award.
- Last week, for the third time, NKU hosted the annual meeting of the Kentucky Academy of Science which allowed an opportunity for the University to showcase its new Natural Science Center to the state's top scientific minds. More than 500 people registered for the event.
- "Law Day" was held on campus this past November 4. Professor Ramona Brockett, Political Science, and her colleagues were commended for their tremendous efforts on its success.
- The Alumni Lectures Series presentation on October 9, 2002, featured Political Consultant James Carville and former U.S. House Speaker Newt Gingrich. About 2,000 people, near capacity for Regents Hall, were in attendance.
- The women's soccer team wrapped up an undefeated regular season and had a fifth straight Great Lakes Valley Conference championship. They are ranked No. 1 in the nation and will host the NCAA Great Lakes Regional Championship this Saturday. NKU has not lost to a GLVC opponent in three years. Our women's golf team, in only its fourth year of existence, won the GLVC championship in October. Our volleyball team will seek its sixth straight GLVC title this weekend, and the women's tennis team also made the GLVC tournament.

- Recognition was given at the meeting to Dr. Edward Penson, Penson Strawbridge. Dr. Penson was hired by the Board of Regents to lead a comprehensive five-year evaluation of the President. Thanks were given to the Board for their support and leadership during this five-year partnership in which tremendous progress has been made. The success of the University is defined, not by the president alone, but by the strength of the partnership between the Board and President. The University Administration was also recognized for its partnership, commitment, and team work which are so critical to the success of the University and its students, faculty, and staff.

Chair Wilson thanked Dr. Penson for all the extra service provided to the Regents during the evaluation process. Jim Alford and members of the University Foundation were also recognized for their assistance on the evaluation process.

A. Joint Finance and Policy Committee:

1. **Annual General Audit for FY 01-02:** Report was given by Regent Chuck Brown, Finance Committee Chair.

   Vice President Baker reported that the external auditors, Crowe, Chizek, and Co. LLP, shared their management letter with the Board. This report discloses recommendations regarding internal controls on accounting, administrative, and operational matters. There were only two recommendations: 1) improving on-line security, and 2) disaster recovery contingency planning. No material weaknesses were found.

   Annual A-133 Audit for FY 01-02:

   The external auditors shared their audit of the University's federal programs. There were no audit findings or non-compliance issues.

2. **Northern Kentucky University and Northern Kentucky Community and Technical College agreement:** Report was given by Regent Griffin, Policy Committee Chair.

   Associate Provost Paul Reichardt made a presentation to the committee on the Gateway Community and Technical College concerning their educational partnership with NKU. Primary goals include: expanding access to postsecondary education in the region; limiting duplication of associate (two-year) degree programs; and ensuring a smooth transfer of students from Gateway to NKU–this is a key point.

   Partnerships initiatives which have been completed or are in process include: coordination of general education programs at the two institutions to ensure placement of students in the correct programs for their needs; cross-registration of Gateway students in NKU classes; development of a dual admissions program that ensures Gateway students will be fully prepared to enter NKU after completing an associate degree–there are currently 24 Gateway students taking courses at the University; coordination of delivery of remedial education; articulation of selected Gateway associate degree programs with NKU baccalaureate degree programs; and cooperation in course delivery at distributed learning sites (Grant County, Pendleton County).

   Gateway President Edward Hughes familiarized the Board with the College's efforts toward becoming accredited by the Southern Association of Colleges and Schools (SACS).

B. Presidential Reports:

1. **External Auditor's Management Letter:** There were no further comments on the report as submitted.

2. **A-133 Audit of Federal Programs:** There were no further comments on the report as submitted.

3. **Quarterly Financial Report:** The Quarterly Financial Report depicts the financial activity of the University as of September 30, 2002, as compared to the annual budget and the prior year's activity. There were no further comments on the report as submitted.

4. **Facilities Management Report:** Vice President Baker highlighted the following projects/areas of interest:

   - The Power Plant and the Residential Village expansion are both on target for completion and within budget.
   - Corporex is making good progress on the METS facility
   - The US 27 property transfer with the Foundation was approved through Frankfort. This is consistent with what the Board authorized over a year ago.

5. **Research, Grants, and Contracts:** The report summarizes the successful proposals with the amount of award for each proposal for NKU faculty and staff from September 1, 2002, through October 31, 2002. There were no further comments on the report as submitted.

6. **NKU Foundation Spending Policy Revision:** Vice President Read reported that the Foundation Spending Policy had changed for FY 04 due to the depressed market and the funds available. The spending rate will reduce from 5% to 4% of the sixteen quarter average market value of the endowment pool. Additionally, the 1% development fee will change to 0.8% of the sixteen-quarter average market value. The effect of this reduction in payout will provide a savings to the endowment pool of $305,669 during FY 04.

7. **Comprehensive Campaign Update:** Vice President Read reported that the information in the report represents the campaign resources committed from July 1, 1999, through October 31, 2002 totaling $27,676,376 in support of NKU's campaign priorities. There are $2.5M additional gifts anticipated by the year's end.

C. **Presidential Recommendations:**

Consent Agenda Items: A motion was made by Regent Pogue and seconded by Regent Zapp to approve the following Presidential Recommendations as listed below (1-6). **Motion carried.**

1. **Academic Affairs Personnel Actions:**
   Faculty Appointments (non-tenure track renewable): **Cynthia Conway,** Lecturer, Department of Nursing and Health Professions, effective August 12, 2002; **James Hughes,** Lecturer/Advisor, Advising Center, College of Business, effectie October 1, 2002; and **Michael Vitenson,** Artist in Residence, with the Amernet Quartet, Department of Music, effective August 12, 2002.

   Resignations: Robert Mullen, Professor, Department of Communication, effective December 31, 2002.

   Leaves Paid/Unpaid: Denice Robertson, Lecturer, Center for Integrative Natural Science and Mathematics, unpaid leave without benefits, beginning January 1 through May 17, 2003.

2. **Temporary Faculty Appointments for 2002-03:**
   College of Arts and Sciences: Art - William Dickson (Academic Year) and Cal Kowal (Spring Semester); **Literature and Language** - Tiffany Hinton (Academic Year), Melissa Ibarra (Academic Year), and Martha Viehmann (Spring Semester).

   College of Professional Studies: Communication: Eric Meiners (Academic Year).

3. **Division Name Changes in the W. Frank Steely Library:** The Associate Provost for Library Services requested that two divisions within the W. Frank Steely Library be renamed: (1) The Steely Library Automation Division be renamed to **Systems Division**. This change brings the name into alignment with current terminology in use in the library field; and (2) The Steely Library Reference Division be changed to **Research and Instructional Services**. The new name is much less restrictive and more accurately reflects the range of services. This recommendation received the endorsement of the W. Frank Steely Library faculty, the Associate Provost for Library Services, the Provost and the President.

4. **Non-Academic Personnel Actions:** Approval was recommended for the following categories of non-academic personnel actions which occurred between September 7, 2002, and October 21, 2002: Activations; Transfers; Reassignments, Reclassifications; Re-Engineering, Title Changes; Temporary/Contract to Regular and Departures.

5. **Revision of the *NKU Administrative Regulations* governing the University Space Committee:** This Administrative Standing Committee is amended to provide additional representation as follows: Student; Enrollment and Financial Planning; and Assistant Vice President for Facilities Management (ex-officio). These changes recognize the most recent organizational restructuring. It also assures that student representation is included.

6. **Revisions to the NKU Administrative Regulations (AR-I-1.0-8 and AR-III-2.0-6)** In continuation of the legal compliance audit, the Office of the Vice President for Legal Affairs and General Counsel submits the following documents for Board approval. Recommendations have been made to correct title changes, organizational structure, and committee composition: (1) AR-I-1.0-8 (Director of Budget). This position has been restructured The Board of Regents upon the recommendation of the President appoints the University's Vice President for Enrollment & Financial Planning. Among other areas of leadership and duties, the Vice President for Enrollment & Financial Planning is directly responsible to the President and provides leadership in the University's enrollment management and strategic funding initiatives consistent with the University's mission and (2) AR-III-2.0-6 (Pre-medical and Pre-Dental Review Board). The Review Board no longer reviews pre-dental students. The current regulation should be replaced in its entirety. The Pre-Medical Review Board reviews progress of upper-division pre-medical students at Northern Kentucky University, assists the students in preparing for making application, and provides a written evaluation of their records to the appropriate professional schools during the application process.

7. **Authorize access to the University Center Reserve Fund to support renovation:** The University Center was built in 1977 to serve 5,000 students. The fund has generated over $3.3M during the past eight years, and now carries a fund balance of approximately $3M, with the difference being applied to various facility improvements and renovations of the current University Center. The fee generates approximately $430K annually.

   Regent Herschede expanded on the fact that NKU students have been paying into the University Center reserve fund since 1992 without receiving direct benefits from the fee. While it remains a top university priority to sustain the principal of this reserve fund and construct a new Student Union, it is also appropriate to provide currently enrolled students a direct benefit from this fund. Operating under this philosophy, the Student Government Association approved resolutions advocating the limited use of University Center Reserve funds to cover the cost of two projects that would provide immediate benefits to currently enrolled students, faculty, staff, and alums. It is hoped to have these facilities available for use by fall 2003.

   A motion was made by Regent Herschede and seconded by Regent Zapp to authorize access to the University Center Reserve Fund in the amount of $710,000 to support the renovation and equipment for the following

projects: University Center first floor (former Delta Airlines calling center) and Campus Recreation Fitness Center. **Motion carried.**

8. **Acceptance of Major private gifts during period June 21, 2002 - October 31, 2002:** A motion was made by Regent Griffin and seconded by Regent Butler to accept major private gifts totaling $1,957,653 received during the period June 21, 2002 through October 31, 2002, as reported in support of Northern Kentucky University priorities. **Motion carried.**

9. **Approval of George Rieveschl, Jr. as the December 2002 Commencement Honorary Degree recipient:** President Votruba indicated that Dr. Rieveschl is well known for his philanthropic work and for his support of the arts in the metropolitan region. One of the wings of the new Science Center is named in his honor due to his financial commitment to NKU. He had a distinguished career in higher education as well as in the private sector with the pharmaceutical company Parke-Davis. Dr. Rieveschl's laboratory research produced the well known and widely used antihistamine known as *Benadryl*. A motion was made by Regent Pogue and seconded by Regent Herschede to approve George Rieveschl, Jr. Ph.D. as the recommended candidate for an Honorary Degree of Doctor of Science. The degree will be conferred at the December 14, 2002, NKU Commencement ceremonies at U.S. Bank Arena in Cincinnati, Ohio. **Motion carried.**

D. **Executive Session:**
At 1:40 p.m., a motion was made by Regent Downing and seconded by Regent Zapp to call an Executive Session and that Dr. Penson remain to discuss personnel issues. **Motion carried.**

A motion was made at 4:55 p.m. by Regent Griffin and seconded by Regent Pyles for the meeting to reconvene. **Motion carried.**

1. A motion was made by Regent Downing and seconded by Regent Pettit to authorize the Chairman and the President to sign the President's four-year University contract, beginning July 1, 2002, and terminating June 30, 2006. **Motion carried.**

With no further business, at 4:57 p.m., a motion was made by Regent Herschede and seconded by Regent Butler to adjourn. **Motion carried.**

Presidential Comments:

- The 2002 Vision, Values, and Voices process from last fall was a two-month process of conversations taking place on campus and throughout the region. Both the President and Chair Wilson agreed that what was heard overall at the conversations were comments of great pride and a strong sense of support for the University. Chair Wilson also commented that the conversations included tremendous personal support for the President as the leader and for the Vice Presidential team for their campus interaction and involvement.

  In March the University will bring the next five-year plan to the Board for review and approval.

- Henry E. (Bud) Pogue, IV, Interim President of the NKU Foundation, was welcomed to the meeting. Both he and the Executive Committee of the NKU Foundation were commended for their part in the smooth transition since the controversial resignation of Jim Alford as the Foundation President. The Board of Regents subcommittee has begun meeting with the Foundation leadership to focus on the relationship between the University and the NKU Foundation as we look to the future. Best practices are being reviewed of other Kentucky Universities and the Association of Governing Boards of Universities & Colleges on how to insure a smooth and adequate transition. With the current Comprehensive Capital Campaign, the University has become more sophisticated in the University's approach to private donor support under the leadership of Vice President Read and the University Development staff.

Mr. Pogue made a short presentation to the Board on the aforementioned preliminary meeting between the two Boards indicating that the meeting purpose was to initiate a course of action that will result in a more definitive and productive relationship between the University and the Foundation.

President Votruba indicated that Vice President Baker and his staff are also looking at the bookkeeping practices of the University Foundation with no inappropriate use of funds expected.

A. Joint Finance and Policy Committee Reports:

1. **Revisions to the Administrative Regulations:** Report was given by Regent Griffin, Policy Committee Chair.

   Vice President Sidebottom reported on the change to the Administrative Regulations: AR-II-5.0-2, Release of Semester Enrollment Information To the Public Media and to the University Board of Regents. The regulation

has been changed to reflect the current office title: "The Office of University Relations" should be replaced with "The Office of Marketing and Communications."

2. **Academic Affairs Overview:** Report was given by Regent Griffin, Policy Committee Chair.

Provost Rogers Redding gave a report on the following areas in the division of Academic Affairs:

- **Major Program and Support areas:** Colleges--Arts and Sciences, Business, Education, Professional Studies and Law; Outreach and Graduate Studies--Center for Civic Engagement, Grant County Program, and METS; Academic Support Areas--International Programs, Faculty Development Center, Honors Program, and First-Year Programs; and Technical Information Support--Information Technology and Steely Library.
- **Centers and Institutes:** Center for Integrative Natural Science and Mathematics, Institute for Freedom Studies, Fifth/Third Bank Entrepreneurship Institute, and Scripps Howard Center for Civic Engagement.
- **Academic Headlines for 1998-2002:** New Science Center, new College of Education, 60 new faculty positions, growth in Honors Program, Mayerson Student Philanthropy Project, enrollment growth from 11,000 to 14,000; development of the Academic Strategic Plan; 6 new undergraduate degrees; and 4 new graduate degrees.
- **Initiating the University's first on-line degree completion program--Bachelor of Organizational Leadership:** A collaborative effort of KCTCS and the Kentucky Virtual University; this program is aimed at students who have completed their associate degree with KCTCS and want to complete their Bachelor's degree online. Target starting date: June 2003.

Additionally, a new policy has been initiated for the appointment of departmental chairs. It is a 4 year term with the possibility of a second 4 year term appointment. Under special circumstances, a possible third 4 year term.

3. **University Budget Update:** Report was given by Regent Chuck Brown, Finance Committee Chair.

The State has a significant budget problem with approximately $500M underfunding. In 1997, the Council on Postsecondary Education (CPE) began a process that eventually established that Northern Kentucky University will need an additional $26,179,205 in state funding added to its base to compare favorably with universities serving a similar number of students, in similar communities, around the country. NKU student enrollment of nearly14,000 in Fall 2002, is growing at nearly 1,000 students per year, making NKU one of the fastest growing universities in the Commonwealth. The following points highlight the historic impact of state underfunding:

- Dependence on tuition and fees for approximately 51% of its public funding compared to other Kentucky state-supported universities that range between 27-39%;
- Among Kentucky's eight state public universities, NKU receives $3,835 per full-time equivalent (FTE) student. The least amount of state general fund revenue support; and
- Among 20 national benchmark universities in state resources, NKU is last.

Administrative decisions driven by the historic underfunding:

- A heavy and increasing reliance on part-time faculty;
- Reduced number of Library resources available to students;
- Postponement of additional staff and support to handle web-site management, enhance student customer service, along with other important investments necessary to address the double digit growth over the last five years; and
- Continuing to operate with facilities that were built to support a student enrollment of 5,000.

FY 2002-04 Legislative Activity on NKU's Operating Budget: In preparation for the 2002 legislative session, the CPE recommended $5.4M to begin addressing NKU's $26M state supported benchmark funding objective. During the 2002 legislative session, the CPE's budget recommendation for NKU was reduced to include benchmark funding in the amount of $2.6M during the second year of the 2002-04 biennium.

It is the goal of the University to maintain the quality of teaching and services provided by the University to the extent of funding available. All options will be reviewed and decisions will be shared this spring.

B. Presidential Reports:

1. **Facilities Management:** Vice President Baker highlighted the following projects/areas of interest:

   - **Old Science Building renovation:** Planning continues and is the University's top priority need. The project may come off-line if it fails to get approval at this Legislative session. Renovation may not occur until Spring 2005.
   - **New Residence Hall Project:** Tremendous progress is being made on the facility. The project is on schedule and within budget. Completion is expected by July, 2003.
   - **METS Facility:** Expected occupancy is in the next 30-60 days. Ken Ramey, Assistant Vice President for Auxiliary Services, was commended for his efforts in getting this lease approved through Frankfort.
   - **Welcome Center:** The contract was awarded at the end of December and is expected to open by late spring. The Center is located in Steely Library.
   - **US 27 Development Project:** In late December the University transferred property to the NKU Foundation. Any development plans will be approved by the University.
   - **Fitness Center:** With the hire of a new designer in late December, the project is now ready to go forward.

   The University is continuing to work with the Transportation Cabinet on the roadway systems consistent with the University Master Plan that the Board of Regents approved in September, 2000.

2. **Research, Grants, and Contracts:** The report summarized the successful proposals with the amount of award for each proposal for NKU faculty and staff from November 1, 2002 through December 31, 2002. There were no further comments on the report as submitted.

3. **Comprehensive Campaign Report:** Vice President Read reported that the Campaign is going well. The resources committed in support of NKU's campaign priorities are over $31M as reported from July 1, 1999 - December 31, 2002 (as of January 3, 2003). There was a significant increase in resources committed in fiscal year July 1, 2002 through December 31, 2002 totaling $5,378,219. The Campaign resources for the last month has been at $3M largely due to NKU alumni giving.

4. **Quarterly Financial Report:** Vice President Baker reported that the University is operating within the budgeted revenues and expenditures which could change if there are additional budget cuts incurred. The Quarterly Financial Report depicts the financial activity of the University as of December 31, 2002 as compared to the annual budget and the prior year's activity.

5. **Student Affairs Update:** Vice President Shanley reported that student life on campus was growing and vibrant as a result of collaborative efforts across the various University divisions. Highlights of the report included:
   - September 11 Memorial Service -- This was the largest event in the history of the University with over 3,000 persons in attendance.
   - Expanded Fitness Center -- A collaborative partnership was developed to reallocate space in the Albright Health Center and transfer a full-time staff member to upgrade the fitness/wellness programming for the expanded facility.
   - Athletic Training Program -- The facility modifications are underway and the academic major will be offered starting fall 2003. Without the new major, changes in certification requirements would have eliminated the current student athletic training program that provides critical support to NKU's athletic program as well as to local high schools.
   - NCAA Top Eight Award -- Special recognition of NKU student athletes continues with the recent naming of Michelle Cottrell, Women's Basketball, to the NCAA Top Eight Award. The Top Eight Award is the most prestigious award offered by the NCAA and is based on academic and athletic accomplishments. Kevin Listerman, NKU Men's Basketball, received this award in 2001. Only four student athletes from Kentucky have received this award since it was established in the mid-1970s and two are from NKU.

C. **Presidential Recommendations:**

Consent Agenda Items: A motion was made by Regent Zapp and seconded by Regent Prince Brown to approve the following Presidential Recommendations as listed below (1-5). **Motion carried.**

1. **Non-Academic Personnel Actions:** Approval was recommended for the following categories of non-academic personnel actions which occurred between October 22, 2002, and December 6, 2002: Activations; Temporary/Contract to Regular; Transfers; Reassignments, Reclassification, Re-Engineering, Title Changes; Departures; and Retirees.

Vice Provost: Honors Program: Anne Braden, Academic Year.

4. **Revision to the Administrative Regulations AR-II-5.0-2:** In continuation of the legal compliance audit, the Office of the Vice President for Legal Affairs and General Counsel submitted the following document for Board approval: NKU Administrative Regulation AR-II-5.0-2, Release of Semester Enrollment Information to the Public Media and to the University Board of Regents. The regulation contains an incorrect title. The recommendation is to replace "The Office of University Relations" with "The Office of Marketing and Communications."

5. **NKU Organizational Structure:** The University organizational structure reflects all administrative changes to date. The reporting lines listed are for Director level and above but include: individuals who directly report to the President; the Associate Director for Financial Planning; Departmental Chairs under Academic Affairs;

Coaching areas under Intercollegiate Athletics; and the Manager of the Bookstore/Follet which is a separate entity of the University.

6. **Acceptance of private contributions:** A motion was made by Regent Pogue and seconded by Regent Griffin to accept contributions totaling $3,185,700 received by the NKU Foundation, Inc. for the benefit of Northern Kentucky University during the period November 1, 2002 through December 31, 2002 (as of January 3, 2003). **Motion carried.**

D. **Executive Session:**
At 2:10 p.m. a motion was made by Regent Downing and seconded by Regent Zapp to call an Executive Session and that Provost Redding and Vice President Sidebottom remain to discuss personnel issues. **Motion carried.**

A motion was made at 4:05 p.m. by Regent Griffin and seconded by Regent Pogue for the meeting to reconvene. **Motion carried.**

Chair Wilson reported that no action was taken during Executive Session. With no further business, at 4:06 p.m., a motion was made by Regent Herschede and seconded by Regent Zapp to adjourn. **Motion carried.**

Board of Regents Meeting
Northern Kentucky University
University Center Ballroom
March 19, 2003

The regular meeting of the Board of Regents was called to order at 1:08 p.m. on Wednesday, March 19, 2003, by Chair Wilson.

Invocation was read by Regent Pettit.

Roll Call: Chuck Brown, Prince Brown, Jr., Martin Butler, Frank Downing, Joyce Griffin, Kathryn Herschede, Charles Pettit, Betty Pogue, Anna Dale Pyles, Brenda Wilson, and Robert Zapp.

Others Present: James Votruba, Robin Crigler, Mike Baker, Carole Beere, Deborah Read, Gerald Hunter, Sara Sidebottom, Mark Shanley, Paul Reichardt, Mimi Assanuvat, Angie Gabbard, Lilla Losey, Zane Harris, Bill Farro, Jeff Martin, Joe Ruh, Ken Ramey, Russ Kerdolff, Mary Paula Schuh, Jordon Kellogg-NKU *Northerner*, William Croyle, Gerry St. Amand, Mike Carrell, Mike Philipps-*Kentucky Post*, Nancy Perry, Misty Wills, Jane Meier, Joe Wind, Noah Meeks, Lovingson Mtongwiza, Bryce Roades, Joe Myers, James Pollitt, Maureen Woods, Viki Kimball, Mary Lepper, Gary W. Graff, Jeff Butler, Chris Pace, Kent Kelso, Rick Meyers, Chris Cole, Don Gorbandt, and Mary Ryan.

A motion was made by Regent Prince Brown and seconded by Regent Zapp to approve the minutes of the January 15, 2003, regular meeting of the Board of Regents. **Motion carried.**

Presidential Comments:

- The recent State Legislative session has been very difficult. Associate Vice President Joe Wind and the student body advocates, particularly Student Regent Herschede, were thanked for their work in support of the University. The budget for NKU includes: a 1.6% budget reduction for this year and reflects the acknowledgment of benchmark funding (the average reduction was 2.6% for all the state universities); a $1.8M increase in our recurring base budget; $400K for the new economy/I-Net; and a $9M agency bond authority for a new two thousand vehicle garage.
- Vision Values and Voices (VVV) Process/2003-2008 Strategic Plan: This region is very supportive of the University. The challenge is to recognize and match the public need and aspirations with the University's financial and programmatic capacity to meet those needs. The VVV panel of University students, faculty, and staff were thanked for their efforts throughout this process.
- Vice President Mike Baker will retire from the University this spring. He began his long history at NKU as an accountant in 1973.
- Given the uncertain times that we confront both at home and abroad with the impending war with Iraq, the University is taking special measures to insure: campus security for all; the protection of those values that undergird both personal and academic freedom; respect and dignity for all; reassuring our international students; and emergency procedures.

A. Joint Finance and Policy Committee Reports:

1. **2003-2008 Strategic Plan:** (Report was given by Regent Griffin, Policy Committee Chair)
   President Votruba gave a presentation on the University's five-year planning document, "Strengthening Our Capacity to Serve: Northern Kentucky University's 2003-2008 Strategic Agenda." There were over thirty-four conversations with over 250 community leaders and 300 faculty, students and staff involved in the Vision, Values, and Voices process which led to the development of the next five-year planning document.

2. **Administration and Finance Overview:** (Report was given by Regent Griffin, Policy Committee Chair)
   Vice President Baker gave a presentation on the operation of the Administration and Finance division. He highlighted the various departments reporting within the division and their accomplishments over the past few years. Of significant note were: the expansion of benefits and services to our faculty and staff, including the five-year market pay initiative; the Comptroller's office exemplary record for clean audit opinions, including the conversion to GASB standards (there has not been a material audit finding in the past twenty-seven years); the

significant role Business Operations and Auxiliary Services plays in providing services to our students; the significant enhancement of campus facilities, including campus beatification; and the completion of the Master Plan with future plans to construct: (a) a student union, (b) special events center, (c) sixteen hundred car parking deck structure, (d) renovation of the existing Science Center, and (e) enhancement of both the lake area and central plaza. Mr. Baker concluded by thanking his staff for their dedicated service. He then focused on challenges ahead, with the most significant being the space shortage on campus.

3. **Revisions to the NKU Administrative Regulations:** (Report was given by Regent Griffin, Policy Committee Chair)
Vice President Sidebottom discussed the change to the Administrative Regulations pertaining to the incorrect title of the Council on Higher Education (CHE). All affected Administrative Regulations shall be changed to reflect the correct title, Council on Postsecondary Education (CPE).

4. **Tuition and Fees:** (Report was given by Regent Chuck Brown, Finance Committee Chair).
Vice President Hunter reviewed the documentation pertaining to the tuition increase for the next fiscal year. The CPE has indicated that NKU is $26M underfunded. With respect to where the University stands with the Kentucky public universities for the year 2001-02, it was funded at 69% of the median of $6,023. NKU was funded at $3,835 per FTE student. In comparison of Kentucky public universities benchmark-funding objectives for 2001-02, NKU is the most underfunded at 63%.

The overall base cut of approximately $1.3M or 3.2% will have a recurring impact on the University's funds. The impact of General Assembly Budget Conference Committee on NKU: (1) NKU will receive a $1.8M increase in FY 2003-04, but net of the budget cut, the increase is approximately $500K; (2) $400K non-recurring for New Economy (INET); (3) $2.6M for "Bucks for Brains;" and (4) $9M bond authorization for parking garage.

Other increases will include: parking fee increase over two years from ($46 to $96); Housing - room rental, double occupancy, increase 5% ($56) per semester; Dining - basic meal plan increase of 3% ($30) per semester.

These increases in revenue will be utilized to: address the approximately $6.8M non-discretionary investments that have been identified by the administration; fund essential investments (construct a new student union); and fund strategic plan investments.

Chair Wilson commented on the joint meeting of the Finance and Policy committee held yesterday evening, March 18, in the University Center Ballroom. The meeting was held in Executive Session and covered personnel and legal issues.

B. Presidential Reports:

1. **Facilities Management:** Vice President Baker had no further comments on the report as submitted.

2. **Comprehensive Campaign Report:** Vice President Read reported that the Campaign resources committed in support of NKU's campaign priorities are at approximately $35M. Resources committed in fiscal year July 1, 2002 through February 28, 2003, totaled approximately $9M. Resources committed from campaign inception July 1,1999 through February 28, 2003, total $34,786,748. The faculty, staff, alumni, administration, and corporate partners were thanked for their generous participation in the Campaign, particularly since the national giving rate is very low at this time.

3. **Research, Grants, and Contracts:** Associate Provost Beere had no further comments on the report as submitted. The report summarizes the successful proposals with the amount of each award for NKU faculty and staff from January 1, 2003 thru February 28, 2003.

4. **Retirements through the Retirement Incentive Program:** Vice Provost Reichardt pointed out that there

were twelve faculty in this report approved to retire through the Retirement Incentive Program. These faculty have signed their final Retirement Incentive Program Agreement, effective with the 2003-2004 academic year. These are the last faculty to be signed under that program: Michael C.C. Adams, Professor in the Department of History and Geography and NKU Regents Professor; Susan S. Adams, Professor in the Department of Literature and Language; Robert E. Collier, Associate Professor in the Department of Literature and Language; John P. DeMarcus, Professor in the Department of History and Geography; Sarah H. Dessner, Associate Professor in the Department of Nursing and Health Professions; Lynn A. Ebersole, Associate Professor in the Department of Biological Sciences; Martin Hils, Department of Health, Counseling and Testing; Philip Koplow, Professor in the Department of Music; Nancy D. Martin, Professor in the Department of Music; Peter E. Moore, Associate Professor in the Department of Mathematics and Computer Science; Beverly Reno, Associate Professor in the Department of Nursing and Health Professions; and Dennis Sies, Associate Professor in the Department of Political Science.

5. **2003-04 Faculty Development Awards: Project Grants:** Vice Provost Reichardt commented that these awards are to encourage professional growth through financial support for independent research. The University recognizes the role of research as an integral part of professional activity of the faculty. Faculty Project Grants are intended to provide funds for research equipment and activities that are not available through program budgets.

6. **2003-04 Faculty Development Awards: Summer Fellowships:** In lieu of teaching over the summer, Vice Provost Reichardt explained that these programs were designed to encourage faculty to engage in individual research, scholarly writing, and creative artistic projects and to share the results of their efforts with the broader University community. Both awards help to recruit and retain faculty and are particularly important for faculty in the early years of their teaching career.

C. **Presidential Recommendations:**
Consent Agenda Items: A motion was made by Regent Zapp and seconded by Regent Downing to approve the following Presidential Recommendations as listed below (1-12). **Motion carried.**

Regent Downing suggested a letter of commendation for those recommended for Emeritus status (C-4). Their history of service to the University has been outstanding.

7. **Regents Professor term renewals beginning July 1, 2003**: David Elder, Regents Professor in the Salmon P. Chase College of Law; and Robert K. Wallace, Regents Professor in the Department of Literature and Language.

8. **Amendments to the Chase Faculty Policies and Procedures Handbook**: The proposed amendments to the *Chase Faculty Handbook* are provisions that conform to the *Northern Kentucky University Faculty Policies and Procedures Handbook* in matters that require no different provisions for the law school. The provisions have been approved by the Chase law faculty as required by the terms for the *Chase Faculty Handbook.*

9. **New Degree Program, Bachelor of Arts in Public Relations in the College of Professional Studies**: The new degree program will be initiated at the beginning of the 2003 fall semester.

10. **Authorize a permanent access easement on the Covington Campus to the City of Park Hills**: The Covington Campus property is located adjacent to Park Hills, Kentucky. Since construction of the Covington Campus facility by the University of Kentucky in 1960, residents of Mt. Allen Road, a Park Hills residential street, have used part of the south end of the parking lot to access Mt. Allen Lane. Residents have pressed the City of Park Hills to formalize this arrangement through negotiation of a Permanent Access Easement. The easement would be 50 feet wide.

11. **Ratify the February 2003 version of the Student Government Association Constitution**: During Fall 2002, the Student Government Association drafted a revised constitution and submitted the constitution for ratification by a vote of the student body during Fall elections held on December 3 and 4, 2002. The amendment was advanced by a 2/3 affirmative vote of the Student Senate and was approved by a majority vote of the student body. The constitutional amendment calls for the following changes: (1) election of the President and Executive Vice President by providing an option for individuals to run on a "slate" system and (2) formation of a Senate election committee to replace the Judicial Council's involvement in the organization and planning of elections. The revised Constitution was reformatted for clarity and ease of reference.

12. **Revision to the Administrative Regulations: Changing the Council on Higher Education (CHE) to Council on Postsecondary Education (CPE) in all affected regulations**: In continuance of the legal compliance audit, the Office of the Vice President for Legal Affairs and General Counsel submitted the document with title changes.

13. **Creation of NKU Governing Regulations related to the NKU Foundations:** President Votruba withdrew the recommendation. Regent Downing explained that this recommendation had been withdrawn from the meeting agenda for study and will be brought to the Board for approval at a later date.

14. **Adopt the 2004-2010 Capital Plan:** Vice President Baker indicated that this was a state requirement. The biennial budget process is divided into two distinct parts, (1) the biennial capital budget; and (2) the biennial operating budget. The 1990 General Assembly created the Capital Planning Advisory Board (CPAB) and requires all state agencies to submit Six-Year Capital Plans. The purpose of this planning is to enable the legislature to understand the comprehensive capital needs of the state and to coordinate requests for space from state agencies. The priorities outlined in the 2004-2010 Capital Plan, which are based upon the Master Plan, will be carried forward to create the 2004-2006 Biennial Capital Budget Request next fall. Mary Paula Schuh was thanked for her work on this comprehensive plan.

    A motion was made by Regent Prince Brown and seconded by Regent Pettit to adopt the 2004-2010 Capital Plan. **Motion carried.**

15. **Acceptance of private contributions during the period of December 31, 2002 through February 28, 2003:** Vice President Read commented that many of the gifts through this period were from first-time givers, including a number of NKU alumni. A motion was made by Regent Zapp and seconded by Regent Prince Brown to accept contributions totaling $3,165,475.40, received by the NKU Foundation Inc. for the benefit of Northern Kentucky University during the period of December 31, 2002 (includes remaining gifts recorded as 12/31/02 after 1/03/03, the date of the last major contributions report) through February 28, 2003. **Motion carried.**

16. **Tuition and Fees:** President Votruba indicated that tuition increases have become necessary for the surrounding universities and all the state universities--NKU's rates are comparative.

    Regent Herschede read comments, pertaining to the state's historical underfunding of NKU and the effect of the current proposed tuition and fee increase for its students. Her comments were directed to the NKU Board of Regents and the greater community. Chair Wilson thanked Regent Herschede for her service as Student Regent for the past two years, indicating that she had taught the Board a great deal during her term.

    A motion was made by Regent Downing and seconded by Regent Griffin to approve a comprehensive schedule of tuition, fees and charges for academic year 2003-04 at the rates proposed in the "Authorized Schedule of Tuition Rates" and "Authorized Schedule of Fees and Service Charges" as recommended. **Motion carried.**

17. **Authorize the planning, funding, and construction of a new Student Union building:** Vice President Shanley indicated that the Student Union will enhance the quality of student life and give the University a competitive edge to recruit and retain students.

    A motion was made by Regent Herschede and seconded by Regent Prince Brown to authorize the planning, funding, and construction of a new Student Union building through a three-year increase in tuition for fiscal years 2003-04, 2004-05, and 2005-06 in the amount of 2.5% per year. **Motion carried.**

    This advance three-year pledge of tuition ($800,000 per year, totaling to $2.4M) will support the debt service payments necessary to finance a $31M Student Union construction project. Additional funding pledges from food service and bookstore contractors would be used to build-out these retail areas.

18. **Approval of the University's Five-Year Strategic Plan:** President Votruba commented that the plan reaffirms the values established in 1997 and focuses on key elements which we believe will propel the University to a higher level of service to both its students and the community.

    A motion was made by Regent Herschede and seconded by Regent Pogue to approve the University's five-year planning document, *"Strengthening Our Capacity to Serve: Northern Kentucky University's 2003-2008 Strategic Agenda."* **Motion carried.**

19. **Honorary Degree Candidate - May 17, 2003, Commencement:** Vice Provost Reichardt indicated that of the four nominees for the honorary degree, Mr. Dean Kamen was the most appropriate. Mr. Kamen, founder of DEKA Research, is a national figure. Mr. Kamen has been involved in Entrepreneurial research and invention in the field of science and has a long list of patents and inventions. His work fits very well with the University's rising profile as a center for education, science and mathematics.

    A motion was made by Regent Pettit and seconded by Regent Pogue to approve Mr. Dean Kamen as the recommended candidate for an Honorary Degree of Doctor of Science. The degree is to be conferred at the May 17, 2003, commencement ceremonies at US Bank Arena, Cincinnati, Ohio. **Motion carried.**

D. **Regent Recommendation:**

1. **Approve changes to the NKU Regent Bylaws:** Regent Downing recommended that the Northern Kentucky University Board of Regents Bylaws, revised on January 16, 2002, be further revised to reflect the following addition to Article II, A: "(22.) The creation, effective management, and oversight of all university affiliated or

unaffiliated foundations consistent with KRS. 164."

This is the first reading. The recommendation will be brought to the NKU Board of Regents at its May 14, 2003, meeting for approval.

E. Executive Session:

At 2:00 p.m. a motion was made by Regent Prince Brown and seconded by Regent Zapp to call an Executive Session. Vice President Baker and Vice President Sidebottom were asked to stay to discuss legal affairs. **Motion carried.**

A motion was made at 3:15 p.m. by Regent Prince Brown and seconded by Regent Griffin for the meeting to reconvene. **Motion carried.**

1. A motion was made by Regent Prince Brown and seconded by Regent Pettit to authorize the administration to begin negotiations for a Ground Lease, Facilities Lease and Operating Agreement with Non-profit Organization "X" to construct and manage a Sports Complex on University property south of Johns Hill Road. **Motion carried**.

2. A motion was made by Regent Chuck Brown and seconded by Regent Butler to authorize the administration to proceed with eminent domain for Parcel "X", consistent with the Board approved 1992 Land Acquisition Study, if ongoing negotiations fail. With one abstention by Regent Griffin, **motion carried.**

Regent Downing reported that the Regent Sub-Committee dealing with the NKU Foundations met this morning and would like to request that the Board Chair call a Special meeting of the NKU Board of Regents to be held on Wednesday, March 26, 2003 at 4:00 p.m. in the University Center Ballroom for the purpose of taking action on the policy related to the NKU Foundation relationships. The aforementioned Committees will meet on Monday, March 24, 2003, at 5:00 p.m. in the Lucas Administrative Center, Room 800. A letter to Mr. Henry E. Pogue, Interim President of the NKU Foundation, will follow to give further explanation of the details for the meeting on the 24th. The letter to Mr. Pogue was immediately distributed to each Regent at the meeting.

Chair Wilson confirmed that the NKU Board of Regents will hold a special meeting on Wednesday, March 26, 2003, at 4:00 p.m. The meeting material will be faxed or special delivered prior to that meeting.

With no further business, at 3:25 p.m. a motion was made by Regent Herschede and seconded by Regent Prince Brown to adjourn. **Motion carried.**

Board of Regents Meeting
Northern Kentucky University
University Center Ballroom
May 14, 2003

The regular meeting of the Board of Regents was called to order at 1:10 p.m. on Wednesday, May 14, 2003, by Chair Wilson.

Invocation was read by Regent Downing.

Roll Call: Chuck Brown, Prince Brown, Jr., Martin Butler, Frank Downing, Kathryn Herschede, Charles Pettit, Betty Pogue, Anna Dale Pyles, and Brenda Wilson (Excused: Joyce Griffin and Robert Zapp).

Others Present: James Votruba, Robin Crigler, Mike Baker, Carole Beere, Deborah Read, Gerald Hunter, Sara Sidebottom, Mark Shanley, Rogers Redding, Mimi Assanuvat, Angie Gabbard, Lilla Losey, Zane Harris, Paul Reichardt, Darlene Hantzis, Mary Lepper, Jerry D. Smith, Julie Fronk, Gail W. Wells, Gerry St. Amand, Mike Carrell, Patrick Moynahan, Jeff Butler, Stephen Meier, Russ Kerdolff, Ken Ramey, Jane Meier, Carrie A. McCoy, Don Gorbandt, Rick Van Sant-*Kentucky Post*, Mary Ryan, Fran Zaniello, Maureen Woods, Viki Kimball, Jeff Martin, Joe Wind, Jeff Baker, Mary Paula Schuh, Joe Ruh, Rick Meyers, and Chris Cole.

Regent Chuck Brown indicated a change to the Joint Finance and Policy Reports for the March 19, 2003, meeting minutes: A., 4. Tuition and Fees–instead of, "NKU was funded at $4,166 per FTE student," state that, "NKU was funded at $3,835 per FTE student." With the aforementioned change, a motion was made by Regent Prince Brown and seconded by Regent Butler to approve the minutes of the March 19, 2003, regular meeting of the Board of Regents. **Motion carried.**

A motion was made by Regent Pettit and seconded by Regent Pogue to approve the minutes of the March 26, 2003, special meeting of the Board of Regents. **Motion carried.**

Presidential Comments:
2002-03 has been another year of progress for the University:

- The University will hold its Spring Commencement ceremonies this coming Saturday at US Bank Arena with 1,200 graduates participating.
- The Vision, Values, and Voices (VVV) process concluded this past fall and will set our course for the next five years for development of the University.
- The accrediting visits for the College of Education and Chase College of Law have been very successful.
- Our new Partnership with Gateway Community and Technical College has begun to take shape and is attracting attention from around the state.
- Outreach and graduate education has continued to grow and mature. In a national study of innovation in the area of public engagement, NKU was highlighted along with four other universities.
- The legislative session was difficult, but the benchmark funding formula was preserved and NKU received a lower budget reduction than any of the other universities.
- Last year we raised just over $10M in private funds including $2.6M in state match. This year we are just over $9M excluding state match, with another three months remaining. We are currently within $5M of our $40M campaign goal with two years yet to go.
- We engaged in conversations with the NKU Foundation that will result in closer ties between the Foundation, the Board of Regents, and the campus administration, more efficient management of the Foundation, and a new emphasis on moving NKU graduates into key Foundation leadership positions.
- Beginning this July 1, Provost Rogers Redding will be leaving NKU to become the new Vice Chancellor for Academic Affairs at the University of Colorado at Colorado Springs. He will be missed on many levels, but particularly for his steadfast commitment to academic freedom and his high

standards of academic responsibility. Communications Chair Gaut Ragsdale will chair the search committee.

- Pat Moynahan was recognized for his position change from Interim Dean to Dean of the College of Professional Studies.
- ACE Fellow Darlene Hantzis from Indiana University was recognized for her helpful perspective during her term over the academic year with the University.
- This year, the University has seen the strength of leadership at every level of the campus, including the Board of Regents, Vice Presidents and Executive Team members, Deans, Directors, Chairs, Faculty Senate, Staff Congress, and Student Government Association. It is this leadership at every level that has brought the University to where it is today, and will continue the momentum in preparation for what may be a year of major uncertainty, particularly in reference to Frankfort.

Resolutions were presented to outgoing Faculty Regent Prince Brown, Jr. and Student Regent Kathryn Herschede, whose service terms will end on June 30, 2003.

Staff Regent Pettit, whose term will also end on that date, is currently a candidate for the position of Staff Regent for another three-year term. Those elections will not conclude until the end of May. Regent Pettit was recognized for his strong voice on behalf of the entire University and for his ability to bring issues into perspective.

A. **Joint Finance and Policy Committee Reports:** (Reports were given by Regent Chuck Brown)

1. **Student Affairs Overview:** Vice President Shanley gave a presentation on the various accomplishments and work of the division. Emphasis was given to the mission of the Student Affairs division which is to build character, confidence, and competence. Highlights of the presentation included: the success of the athletic teams, campus activities, enrollment, increased number of International and African American students, facilities enhancement, approved funding for a new Student Union and Residence Hall, and the September 11 memorial service held last fall.

2. **University Budget Update:** Vice President Hunter gave a presentation on the University's FY 2003-04 Operating Budget. The operating budget totals $125,100,000. Fixed cost increases of $2.9M include: scholarships; fringe benefit rate increases; Worker's Compensation; contracts (computing, banking, and auditing) and utilities.

   Funding for Strategic Priorities from the FY 2003-08 Five-year Strategic agenda includes: broaden access; strengthen public engagement; enhance academic quality; advance full mission of Metropolitan University; enrich the student experience; improve campus facilities and environment; and budget reserve of $1,051,500, representing 2.5% of general state appropriation.

   Tuition receipts of $800K will be set aside for the next three years in order to fund debt service on a new Student Union. This is in addition to the current Student Union reserve of $3M.

   All funding is based on a 16.4% tuition increase for resident undergraduate students meeting the established undergraduate enrollment target of 4% and meeting CPE enrollment targets for graduate and law. If the enrollment target is not met or higher education must take another budget cut from the state, cost containment measures will be put into place.

B. **Presidential Reports:**

1. **Quarterly Financial Report:** Interim Vice President Baker pointed out that the revenues were within the budget.

2. **Facilities Management:** Interim Vice President Baker highlighted the following projects: The construction on the Welcome Center and Outdoor Shelter Pavilion is going well with completion expected by the end of the month; and the New Residence Hall Project is ahead of schedule with completion expected by July 15, 2003.

3. **Research Grants and Contacts:** Associate Provost Beere reported that the University was interested in increasing grants and contracts. A three-day annual workshop for faculty was held that morning and will run trough May 16. No comments were made on the report as submitted. The report summarizes the successful proposals with the amount of award for each proposal for NKU faculty and staff from March 1, 2003 through April 30, 2003.

4. **Comprehensive Campaign Report:** Vice President Read reported that the campaign is ahead of schedule with pledges and cash gifts included in the total of $10M to close out the year. The report includes: (1) Resources in support of the colleges, Friends of Fine Arts, Steely Library, Norse Athletics, Campus Priority Fund, Campus General Initiatives, and WNKU; (2) Resources committed in fiscal year July 1, 2002 through March 27, 2003, totaling $9,279,769; and (3) Resources committed from campaign inception July 1, 1999 through March 27, 2003 total $35,043,700.

C. **Presidential Recommendations:**
Consent Agenda Items: A motion was made by Regent Prince Brown and seconded by Regent Butler to approve the following Presidential Recommendations as listed below (1-8). **Motion carried.**

1. **Non-Academic Personnel Actions:** Approval was recommended for the following categories of non-academic personnel actions which occurred between March 4, 2003, and April 18, 2003: Activations; Temporary/Contract to Regular; and Departures.

Fortney**, Assistant Professor in the Department of Educational Specialties, effective June 30, 2003.

3. Bad Debt Write-Off: Authorization for the Vice President for Administration and Finance to write off bad debt for fiscal year 2002-03. Action by the Board of Regents of the University is required to write off bad debts from the University's financial records as operating expenses. This is accomplished once per year before the end of the fiscal year. Bursar Operations collected approximately $50M in tuition, fees, room, board, parking and other related revenues for the fiscal year. The bad debt write-off represents 1.9 tenths of a percent (.0019) of the monies collected.

4. First Year Faculty - Continued Probation for the 2003-04 academic year under the conditions of the *Faculty Policies and Procedures Handbook*): The faculty hold the rank of Assistant Professor except as noted: **Biological Sciences**: Richard Boyce and Rebecca Evans; **Chemistry**: Keith Walters; **Literature and Language**: Parmita Kapadia; **Mathematics and Computer Science**: Carl Miller; **Physics and Geology**: Samuel Boateng; **Psychology:** Bill Attenweiler; **Political Science and Criminal Justice:** Mark Marsolais; **Theatre:** Jamey Strawn; **Accountancy:**

Andrea Weickgennannt; **Management and Marketing:** Stephanie Hughes and Doris Shaw; **Education Specialities:** Anne Broughton, Kimberly Code, John Huss, and Carla Johnson; **Elementary, Middle, and Secondary Programs:** Sara Runge-Pulte; **Communication:** Chris Strobel; **Technology:** Melissa Bledsoe; **Law Library:** Michael Whiteman; **Legal Programs:** Alberto Lopez and William Sjostrom, Jr.

5. Emeritus Status: **Sarah Dessner**, Associate Professor, Nursing and Health Professions; **James Hopgood**, Professor, Sociology, Anthropology, and Philosophy; **Peter Moore**, Associate Professor, Mathematics and Computer Science; and **Beverly Reno**, Associate Professor, Nursing and Health Professions.

6. Authorize renewal of the University's participation in the Northern Kentucky Cooperative for Educational Services: This is a separate administrative board created by an Interlocal Cooperative Agreement between certain school districts in the Northern Kentucky area and Northern Kentucky University.

7. Project Additions to the University's 2004-2010 Capital Plan: Additions include, the Landrum Hall/Lucas Administrative Center Elevator Replacement and Nunn Hall Renovation. At the March 19, 2003 meeting, the Board approved the list of projects for the 2004-2010 Capital Plan. Since that time, the development of the Plan has evolved; the Landrum Hall/Lucas Administrative Center Elevator Replacement project, at a scope of $900K in the 2004-2006 biennium, and the Nunn Hall Renovation project, at a scope of $8.7M in the 2008-2010 biennium, need to be added to the plan.

8. New Administrative Regulation "Children in the Workplace:" As recommended by the Human Resources Advisory Committee, the proposed regulation requests that employees not bring their children to their offices and work areas as an alternative to child care during normal working hours. The purpose of the regulation is to reduce both the potential liability to the University and the risk of harm to the children and to provide a professional work environment that is free from distractions and disruptions for all employees.

9. Name Change - Environmental Resource Management Center: A motion was made by Regent Prince Brown and seconded by Regent Pogue to approve the name change of Environmental Resource Management Center to "Center for Applied Ecology:" **Motion carried.**

   This name change separates the Environmental Resource Management Center from all other local environmental groups and organizations by using the word "Ecology" which is currently not being used. The words "Applied Ecology" are even more specific to the ERMC's mission of providing science-based services to the community while training the next generation of environmental leaders and scientists.

10. Revision to the NKU Administrative Regulations: The University wishes to change the procedure by which appearances before the Board of Regents are permitted and considered. A motion was made by Regent Downing and seconded by Regent Prince Brown to approve the revision to Regulation, AR-II-1.0-1, Requests for Appearances Before the Board of Regents, page 20. **Motion carried.**

11. Fiscal Year 2003-04 Annual Budget: (This budget was a result of a series of University Budget Hearings involving the University Community.) A motion was made by Regent Prince Brown and seconded by Regent Downing to approve the resolution establishing and approving the Fiscal Year 2003-04 Unrestricted Current Fund Annual Operating

Budget for Northern Kentucky University. **Motion carried.**

12. **Acceptance of Private Contributions during the period of March 1, 2003 through March 27, 2003.** The division of University Advancement determined to submit all contributions of $10K or more received by the NKU Foundation Inc. in support of the University to the Board of Regents as requested by the Council on Postsecondary Education (CPE). A motion was made by Regent Butler and seconded by Regent Prince Brown to accept contributions totaling $24,475 received by the NKU Foundation Inc. for the benefit of Northern Kentucky University during the period March 1, 2003 through March 27, 2003 as indicated. **Motion carried.**

D. **Regent Recommendation:**

1. **Approve changes to the NKU Regent Bylaws**: A motion was made by Regent Downing and seconded by Regent Pogue that the Northern Kentucky University Board of Regents Bylaws, revised, January 16, 2002, be further revised to reflect the following addition to Article II., A:, "22. To ensure effective management and oversight of all University related foundations consistent with Kentucky Revised Statutes, Chapters 164, 164A and 273." **Motion carried.**

Other Business:

- A motion was made by Regent Butler and seconded by Regent Chuck Brown to approve the resolution recognizing the career-spanning and distinctive service of Mr. W. Michael Baker, Vice President for Administration and Finance. Mr. Baker has served the University for twenty-eight years, beginning his career as a Staff Accountant in 1975. **Motion carried.**

- A motion was made by Regent Downing and seconded by Regent Pogue to approve the resolution recognizing the outstanding service of Dr. Rogers Redding, Vice President for Academic Affairs and Provost. Dr. Redding began his service at the University in 1994 as Dean of the College of Arts and Sciences, with a faculty appointment as a professor of physics. **Motion carried.**

With no further business, at 2:00 p.m. a motion was made by Regent Herschede and seconded by Regent Pettit to adjourn. **Motion carried.**

Board of Regents Meeting
Northern Kentucky University
University Center Ballroom
July 9, 2003

The regular meeting of the Board of Regents was called to order at 1:08 p.m. on Wednesday, July 9, 2003, by Chair Wilson.

Invocation was read by Regent Pogue.

Installation of new Regents, Beverly J. Beck, Carrie A. McCoy, and Christopher Pace was administered by Chair Wilson.

Roll Call: Beverly Beck, Chuck Brown, Martin Butler, Frank Downing, Joyce Griffin, Carrie McCoy, Christopher Pace, Betty Pogue, Anna Dale Pyles, Brenda Wilson and Robert Zapp.

Others Present: James Votruba, Robin Crigler, W. Michael Baker, Carole Beere, Deborah Read, Gerald Hunter, Sara Sidebottom, Mark Shanley, Mimi Assanuvat, Lilla Losey, Zane Harris, Paul Reichardt, Jerry D. Smith, Gerry St. Amand, Mike Carrell, Patrick Moynahan, Jeff Butler, Russ Kerdolff, Ken Ramey, Jane Meier, Don Gorbandt, Rick Van Sant-*Kentucky Post*, Jeff Martin, Joe Wind, Mary Paula Schuh, Joe Ruh, Rick Meyers, and Chris Cole, Chuck Pettit, Jeanne Pettit, Kathy Stewart, Michael Tobergta, Barry Andersen, Brenda Rigg, John Lucas, Arne Almquist, Gary Pratt, and Patty Durbin.

A motion was made by Regent Butler and seconded by Regent Pogue to approve the minutes of the May 14, 2003, regular meeting of the Board of Regents. **Motion carried.**

Presidential Comments:

- John Lucas, recently elected President of the NKU Alumni Association, was welcomed to the meeting. Mr. Lucas commented on his plan to increase awareness in the community of the Alumni organization.
- The 2003-2008 Strategic Goals for the University were reviewed extensively at the joint Policy and Finance meeting earlier that morning. The goals are described as Phase I goals and strategies using a two-year horizon for achieving those priorities.
- There was a tour earlier in the morning of the new Residence Halls with nearly 500 new beds. The project is one month ahead of schedule and will be ready by this fall.
- A reception and tour of the new Welcome Center, located in Steely Library, was also held that morning. As a "front door" to the campus, this is an important addition to the University.
- The 2003 fall enrollment targets look strong with an anticipated 2-4% increase. The increase is believed healthy but manageable, particularly in terms of facilities and faculty. The University is currently taking a hard look at how to strengthen the capacity to serve and support the success of the students. It is no longer enough to be committed to access.
- An agreement has been finalized with the city of Ft. Wright to have the city purchase the Fern Storer property at the assessed value. Ms. Storer left the University 16 acres in her estate, which included her home in Ft Wright. Of historic significance is the Civil War military battery included in the estate. The intention of Ms. Storer was to sell the property and use the funds to support a scholarship endowment at the University in both her and her husband's name. The city will use the property for a park/recreation facility. This development is significant as it benefits the interests of the community, the donor, and the University.
- The position search for the Vice President for Academic Affairs and Provost is underway. Professor Gaut Ragsdale, Chair of the Department of Communication, is chairing the search committee.
- New Regents, Beverly Beck, Carrie McCoy, and Christopher Pace were welcomed to the meeting. Regents Downing and Pyles were also welcomed and recognized for their reappointment by the Governor to serve another term.

A Resolution was presented to outgoing Staff Regent Chuck Pettit, whose service term ended on June 30, 2003. Mr. Pettit was recognized for his leadership and dedicated commitment to the University and its mission.

A. Joint Finance and Policy Committee Reports: (Report was given by Regent Griffin)

1. Five-Year Strategic Plan:

A presentation of the University's Phase I (2003-2005) Strategic Goals was given by the President. The goals and strategies for this next year received a thorough review and will be monitored and followed each year as the plan progresses throughout the five year process. In order to meet the Council's commitment to expand access to postsecondary education for all Kentuckians, NKU's Strategic Plan is aligned with the CPE's Five Key Indicators. As the CPE measures our progress on these indicators, it is the University's goal not only to meet but exceed these targets. The five key questions are indicated below.

Are:

- more Kentuckians ready for postsecondary education?
- more students enrolling?
- more students advancing through the system?
- we preparing Kentuckians for life and work?
- Kentucky's communities and economy benefitting?

B. Presidential Reports:

1. Facilities Management: Vice President Ramey had no further comments on the report as presented.

2. Research, Grants and Contacts: Associate Provost Beere had no further comments on the report as presented. The report summarizes the successful proposals with the amount of award for each proposal for NKU faculty and staff from May 1, 2003 through June 30, 2003.

3. Comprehensive Campaign Report: Vice President Read reported that this was a very significant time for the University due in part to personal commitments. With the ending of this fiscal year of fund raising efforts, the University campaign is two years ahead of schedule with pledges and cash gifts of approximately $10.1M in private support. This effort was accomplished with all private gifts and did not include the support of the state matching program. The report includes: (1) Resources in support of the colleges, Friends of Fine Arts, Steely Library, Norse Athletics, Campus Priority Fund, Campus General Initiatives, and WNKU; (2) Resources committed in fiscal year July 1, 2002 through June 30, 2003, totaling $10,065,747 (estimated pending end of fiscal year adjustments) (3) Resources committed from campaign inception July 1, 1999 through June 30, 2003 total $35,829,678 (estimated pending end of fiscal year adjustments).

C. Presidential Recommendations:

Consent Agenda Items: A motion was made by Regent Pogue and seconded by Regent Zapp to approve the following Presidential Recommendations as listed below (1-11). **Motion carried.**

1. Administrative Personnel Actions:

Administrative Appointments: **Kenneth H. Ramey**, Vice President for Administration and Finance/Treasurer, effective June 1, 2003.

2. Renew the University Fire Service Memorandum of Agreement: Beginning in the early 1980's, Northern Kentucky University entered into an annual contract, or memorandum of agreement, with the Central Campbell County Fire District. Through this contract, the University receives fire service, assistance with construction issues, and advice and participation in fire education initiatives.

3. Lease Agreements for Rental of Houses: Authorization for the administration to enter into lease agreements for rental of the houses at 209 Johns Hill Road and 10 and 11 Clearview Drive. As the homes become vacant, they will be rented for residential use to provide a modest income and to allow the properties to be occupied. With spaces becoming increasingly tight on the main campus, it is likely over the next several years that most of these houses will be converted to office space.

4. Demolition of Garage at 421 Johns Hill Road: Authorization for the administration to proceed with demolition of the garage located behind the residential structure at 421 Johns Hill Road. This garage, constructed in 1950 and purchased by the University in 1971 has primarily been used by Physical plant for storage. Recently, the structure of the garage has deteriorated.

5. Corporate Resolution authorizing signature on the University's Checking Accounts: Approving Kenneth H. Ramey, Vice President of Administration and Finance/Treasurer, as an authorized signature on the University's checking accounts. As a result of W. Michael Baker retiring from the position of Vice President of Administration and Finance/Treasurer and the hiring of Kenneth H. Ramey for this position, the authorized signatures on the University's checking accounts are being updated to reflect these changes. Mr. Baker will no longer be an authorized signature on University's checking accounts. The bank requires a corporation Resolution be adopted authorizing Mr. Ramey, Vice President of Administration and Finance/Treasurer, as a signature on the checking accounts. Mr. Ramey will be the primary signature authority as the Treasurer. Russell A. Kerdolff, Comptroller, and Gerald E. Hunter, Vice President for Enrollment and Financial Planning, will continue to be the back-up signatures on the accounts. The overall resolution must be adopted by the Board empowering the Secretary to the Board of Regents, Robin Crigler, to sign the necessary documents.

6. Academic Affairs Personnel Actions:
Administrative Appointments:
Rachelle Bruno, Interim Dean of the College of Education, effective July 1, 2003 through June 30, 2004; James Gray, Interim Chair and Professor of the Department of Technology, effective July 1, 2003; Mary Kirk, Interim Chair and Professor of the Department of Educational Specialties, effective July 1, 2003 through June 30, 2004; Debra Pearce, Interim Chair and Professor of the Department of Biological Sciences, effective July 1, 2003 through December 31, 2003; Gaut Ragsdale, Interim Chair and Professor of the Department of Communication to Chair and Professor of the Department of Communication, effective July 1, 2003; Carol Ryan, Interim Chair and Professor of the Department of Elementary, Middle, and Secondary Programs, effective July 1, 2003 through June 30, 2004; Mary Ryan, from Assistant Vice President for Academic Affairs, to Associate Provost for Administration, effective May 1, 2003; Robert Salyer, from Instructor, to College of Business Graduate Program Director and Instructor, effective July 1, 2003; Lynne Smith, Interim Associate Dean in the College of Education, effective July 1, 2003 through June 30, 2004; and Jerry Warner, from Chair and Professor of the Department of Biological Sciences, to Interim

Vice President for Academic Affairs and Provost, effective June 16, 2003 through December 31, 2003.

Faculty Appointments (August 18, 2003): Teuta Cata, Assistant Professor in the Department of Information Systems; David Cole, Assistant Professor in the Department of Music; Steven Devoto, Lecturer (non-tenure track renewable) in the Department of Finance; Gregory Thomas Hatchett, Assistant Professor in the Department of Social Work and Human Services; Brant Karrick, Assistant Professor in the Department of Music; Lawrence Rosenthal, Assistant Professor of Legal Writing in the Salmon P. Chase College of Law; Ralph Anthony Russell, Visiting Assistant Professor (non-tenure track renewable in the Department of Music); and Kurt Sander, Assistant Professor in the Department of Music.

Leaves, Paid/Unpaid: W. Michael Ryan, Professor of History in the Department of History and Geography, One Quarter Time unpaid leave with benefits, effective August 18, 2003 through May 15, 2004.

Retirements: Linda Olasov, Professor in the Department of Educational Specialities, effective June 30, 2003.

Resignations: James Decker, Associate Professor and Chair of the Department of Social Work and Human Services, effective July 1, 2003; James R. Gress, Dean of the College of Education, effective July 1, 2003; Tracey Holmes, Lecturer in the Department of Nursing and Health Professions, effective May 17, 2003; Cynthia Kelly, Assistant Professor in the Department of Nursing and Health Professions, effective May 17, 2003; and Dean Minix, Chair of the Department of Political Sciences and Criminal Justice, to Professor in the Department of Political Science and Criminal Justic, effective June 30, 2003.

7. **Temporary Faculty Appointments for 2003-04 (Academic Year):**
College of Arts and Sciences: Department of Music--Richard Cowan;
College of Business: Department of Economics–Linda Dynan; and Department of Finance–Gregory Farfsing;
College of Education: Department of Educational Specialties–George Frakes, Catherine Ingram, Wiley Piazza, and Richard Simmons; and Department of Elementary, Middle, and Secondary Programs–Toni Keller, Polly Page, and David Shepherd.
College of Professional Studies: Department of Communication–Sarah E. Polley.

8. **Emeritus Status:** James R. Gress, Dean of the College of Education.

9. **Reorganization in the College of Business:** In the past year the chair of the Department of Finance, Dr. Shailendra Verma, resigned from Northern Kentucky University. For administrative purposes, it was recommended that the department be temporarily merged with the Department of Accountancy for the spring semester. Since the Department of Finance contained three full-time faculty, it was considered that it be permanently merged with either the Department of Accountancy or the Department of Economics. Both combinations are common on other campuses. This permanent merger will result in cost savings by eliminating the need for an additional chair. After discussion with the Department Chairs and Faculty in the Departments of Economics and Accountancy, it was recommended that Finance be permanently merged with the Department of Economics. The disciplines of economics and finance are similar and some faculty can be involved in both programs.

10. **NKU Organizational Structure:** The University organizational structure reflects all administrative

changes to date. The reporting lines listed are for Director level and above but include: individuals who directly report to the President; Departmental Chairs under Academic Affairs; Coaching areas under Intercollegiate Athletics; and the Manager of the Bookstore/Follet which is a separate entity of the University.

11. **Acceptance of Private Contributions during the period of March 28, 2003 through June 30, 2003:** Vice President Read reported that of the $275K pledged by an anonymous donor, as listed in the report, $150K was paid on July 2, 2003. The division of University Advancement determined to submit all contributions of $10,000 or more received by the NKU Foundation Inc. in support of the University to the Board of Regents as requested by the Council on Postsecondary Education. A motion was made by Regent Pace and seconded by Regent Pogue to accept contributions totaling $503,500 received by the NKU Foundation Inc. for the benefit of Northern Kentucky University during the period March 28, 2003 through June 30, 2003 as indicated. **Motion carried.**

D. **Regent Recommendation:**
   1. **Executive Committee for 2003-04:** Regent Downing, Chair of the Nominations Committee of the Board of Regents, on behalf of Nominating Committee members Regent Butler and Pogue, recommend the re-election of the existing Executive officers. A motion was made by Regent Downing, and seconded by Regent Zapp to nominate the following Regents to serve as the Executive Committee for 2003-04: Brenda Wilson (Chair), Chuck Brown (Vice Chair), and Joyce Griffin (Secretary). The current NKU Regent Bylaws designate the position of Vice President for Administration and Finance as the Treasurer of the University and does not require Board action. **Motion carried.**

E. **Executive Session:** At 1:32 p.m. a motion was made by Regent Zapp and seconded by Regent Pyles to call an Executive Session to discuss property, legal, and personnel issues. **Motion carried.**

Board of Regents Meeting
Northern Kentucky University
University Center, Room 11
August 26, 2003

The special meeting of the Board of Regents was called to order at 9:07 a.m., Tuesday, August 26, 2003, by Chair Wilson.

Roll Call: Beverly Beck, Chuck Brown, Martin Butler, Frank Downing, Joyce Griffin, Carrie McCoy, Christopher Pace, Betty Pogue, Anna Dale Pyles, and Brenda Wilson (Excused: Robert Zapp).

Others Present: James Votruba, Robin Crigler, Sheri McKinley, Mimi Assanuvat, Lilla Losey, Denise Robinson, Mike Hawkins, Sara Sidebottom, Jerry Warner, Ken Ramey, Carole Beere, Tom Kearns, Bob Kempton, Mark Shanley, Don Gorbandt, Debbie Read, Rick Meyers, Chris Cole, Jeff Butler, and Gerry St. Amand.

At 9:10 a.m. a motion was made by Regent Wilson and seconded by Regent Pogue to call an Executive Session. Those individuals directly involved in the hearing process were asked to remain: Sara Sidebottom, Denise Robinson, Mike Hawkins, Sheri McKinley, Robin Crigler, Jerry Warner, Tom Kearns, and Bob Kempton. **Motion carried.**

At 9:45 a.m. a motion was made by Regent Downing and seconded by Regent Pogue for the meeting to reconvene. **Motion carried.**

Presidential Recommendations:

A. A motion was made by Regent Butler and seconded by Regent Pogue to accept the resignation of Dr. Balasubramani Ramjee, Professor of Finance, effective August 26, 2003. **Motion carried.**

B. A motion was made by Regent Griffin and seconded by Regent Pace to accept the resignation of Dr. Anju Ramjee, Professor of Finance, effective August 26, 2003. **Motion carried.**

At 9:55 a.m. a 10 minute recess was called to give Professor Snyder opportunity to appear at the hearing.

At 10:12 a.m. a motion was made by Regent Downing and seconded by Regent Pogue for the meeting to reconvene. **Motion carried.** At this time, Chair Wilson reported that during the break the surrounding meeting area was checked for the presence of Professor Snyder.

At 10:15 a.m. a motion was made by Regent Pace and seconded by Regent McCoy to call an Executive Session. Those individuals directly involved in the hearing process were asked to remain: Sara Sidebottom, Denise Robinson, Mike Hawkins, Sheri McKinley, Robin Crigler, Jerry Warner, Tom Kearns, and Bob Kempton. **Motion carried.**

At 11:25 a.m. a motion was made by Regent Beck and seconded by Regent McCoy for the meeting to reconvene. **Motion carried.**

C. Regent Downing indicated that Professor Snyder had every opportunity to appear before the Board and chose not to do so. A motion was made by Regent Downing and seconded by Regent Pogue to terminate the employment of Dr. Richard Snyder, Associate Professor of Economics, on the grounds of Neglect of Duty pursuant to KRS 164.230 effective immediately (August 26, 2003). **Motion carried.** The professor will be notified.

The President commented that this process has underscored the strength of the University's peer review process and the willingness of our faculty to embrace high standards of academic integrity and to hold its members accountable with reference to those standards. This action should reassure the public that the University and its Board of Regents are committed to taking whatever steps necessary to insure the University's continued public trust.

With no further business, at 11:30 a.m., a motion was made by Regent Downing and seconded by Regent Griffin to adjourn.

Board of Regents Retreat
September 12, 2003

The Board of Regents met at 8:00 a.m. on Friday, September 12, 2003, at the Metropolitan Club in Covington, Kentucky. The meeting opened at 8:25 a.m. with a presentation from the Council on Postsecondary Education President, Tom Layzell.

Regents Attendance: Beverly Beck, Chuck Brown, Frank Downing, Joyce Griffin, Carrie McCoy, Christopher Pace, Betty Pogue, Anna Dale Pyles, Brenda Wilson, Robert Zapp, Jim Votruba, and Robin Crigler (Excused: Martin Butler)

Tom Layzell shared with the Board the political and economic challenges facing higher education in Kentucky. He suggested the following:

1. Maintain focus on HB1.
2. Build financial support.
3. Develop partnerships with organizations and individuals who are higher education advocates.
4. Demonstrate to the public-at-large the positive impact of higher education through a set of regrets if we do not generate revenue stream for higher education.
5. Demonstrate our serious dedication to increase our graduation rates, increasing our retention rates and be more specific about what it means to Kentucky for each of the institutions to reach these goals.
6. Create an inter-alumni council, generated to become proponents of postsecondary education.
7. All institutions will have to find a way to make "common cause" rather than to advocate for individual institutional needs.

The Board entered into a strategy discussion. We will work to:

1. Keep the CPE strong to advocate on behalf of all of higher education.
2. Meet with the Northern Kentucky Legislative Caucus.
3. Meet with the General Assembly leadership, alumni, key community leaders, and the Chamber of Commerce.
4. Develop alternative revenue strategies and identify opportunities for internal reallocation.
5. Specifically define what we mean by enhancing academic quality and capacity.
6. Protect economically disadvantaged students.

The Board will recognize Representative Jim Callahan for his leadership in the passage of HB1 and his leadership on behalf of higher education in Kentucky. The Board plans to honor him sometime in the spring of 2004.

Regent Frank Downing led the Board through their annual self-evaluation. As a result of the self-evaluation the Board requested the following:

1. Consistent with Sarbanes-Oxley Act of 2002, during each External Audit the full Board would like to meet with the auditors without the Administration being present.
2. In keeping with the Board's financial responsibility and in light of current public attention of presidential expenditures, twice annually the Board will review the President's expenditures, reviewing materials they deem relevant.
3. A review by the University Administration of the University's current nepotism policy to ensure there is no direct reporting of partners, spouses, or significant others to one another.

The Board concluded its self-evaluation with a discussion of the vital role Dr. Robin Crigler, Executive Assistant to the President and Secretary to the Board of Regents, plays in the successful functioning of the Board. Chairperson Wilson thanked Dr. Crigler for her essential and invaluable efforts in keeping the Board members informed and prepared for meetings and events through proactive measures. The Board also asserted that Dr. Crigler's outstanding and meritorious performance should be rewarded.

At approximately 2:45 p.m., the Board went into Executive Session to discuss the President's evaluation.

The Board returned to open session at 4:00 p.m. Regent Frank Downing offered a motion to give President Votruba his entire annual bonus as specified in his contract and a 4% salary increase given his outstanding performance during this past year. Regent Bob Zapp seconded the motion and the Board voted unanimously in support of Regent Downing's motion.

Board of Regents Meeting
Northern Kentucky University
METS Facility-- Erlanger, Kentucky
September 24, 2003

The regular meeting of the Board of Regents was called to order at 1:10 p.m. on Wednesday, September 24, 2003, by Chair Wilson.

Invocation was read by Regent Pyles.

Roll Call: Beverly Beck, Chuck Brown, Martin Butler, Frank Downing, Joyce Griffin, Carrie McCoy, Christopher Pace, Betty Pogue, Anna Dale Pyles, and Brenda Wilson (Excused: Robert Zapp).

Others Present: James Votruba, Robin Crigler, W. Michael Baker, Carole Beere, Deborah Read, Gerald Hunter, Sara Sidebottom, Mark Shanley, Ken Ramey, Jerry Warner, Mimi Assanuvat, Lilla Losey, Jerry D. Smith, Gerry St. Amand, Mike Carrell, Patrick Moynahan, Kent Kelso, Russ Kerdolff, Don Gorbandt, Joe Wind, Mary Paula Schuh, Joe Ruh, Rick Meyers, and Chris Cole, Kathy Stewart, Arne Almquist, Gary Pratt, Laurie Williams, Dennis Obyc, Bud Pogue, Gail Wells, Rob Snyder, Bill Farro, Mary Ryan, and Cheryl Nunez.

A motion was made by Regent Pogue and seconded by Regent McCoy to approve the minutes of the July 9, 2003, regular meeting of the Board of Regents. **Motion carried.**

A motion was made by Regent Pace and seconded by Regent Pyles to approve the minutes of the August 26, 2003, special meeting of the Board of Regents. **Motion carried.**

A motion was made by Regent Beck and seconded by Regent McCoy to approve the minutes of the September 12, 2003, Board of Regents Retreat. **Motion carried.**

Dr. Rob Snyder, Director of the Metropolitan Education and Training Services (METS) Center for Corporate Learning, gave a presentation on the programming and community-business use of the new facility.

Regent Pogue asked about the number of staff at the facility. Dr. Snyder responded that there were nine staff members, including himself. The housekeeping, maintenance, and food service is outsourced.

Presidential Comments:

- At the Governor's Trusteeship conference earlier this month, much of the discussion was devoted to what was described as the "stewardship of place."
- Roxanne Qualls, former Mayor of Cincinnati, will be teaching next spring in NKU's MPA program and will be working with Dean Wells to enhance the program. She will also work on a needs assessment to determine how the University can best support local government leaders.

A. **Joint Finance and Policy Committee Reports:**
Chair Wilson reported that there was an Executive Session held during the committee meeting and that no legal action was taken. The external auditors had many positive comments about the NKU administration, specifically those in the finance and budget areas.

1. **Impact of Gateway on NKU's Enrollment:** (Report was given by Regent Griffin)

   A presentation was given by Vice Provost Reichardt on the University's plans to respond to the emergence of Gateway Community & Technical College as a provider of postsecondary education

in the Northern Kentucky region. Three primary questions were posed and addressed in the presentation:

1) Is an enrollment decline anticipated at NKU?
2) If so, how much of a decline is expected and what is the potential impact of any decline?
3) Is there a way to compensate for or offset any decline?

The experience of the University of Toledo with Owens Community College was discussed as background information.

NKU will use the following strategies to respond to Gateway's presence in the postsecondary environment in Northern Kentucky: 1) recruit Gateway associate degree graduates; 2) develop new degree and degree-completion programs; 3) develop new on-line programs and courses; 4) increase yield from non-Gateway transfer student applicants; 5) increase graduate student enrollment; and 6) develop new strategies to increase first-time freshmen enrollment.

2. **Annual Financial Report 2002-03**: (Report was given by Regent Brown)

A presentation was given by Vice President Ramey, Comptroller Kerdolff, and auditors from Crowe Chizek and Co. LLC, Laurie Williams and Dennis Obyc, regarding the University's fiscal year end financial report. Highlights of the presentation included:

- Assets for the year increased by $18M, primarily due to new capital assets, i.e. the new Science Center and the new 400-bed University Hall Project.
- Liabilities increased by $16M as a result of the issuance of new debt to finance the construction of the new housing and the purchase of equipment.
- Net assets are up by $2M -- The University had a slight loss in operating. An addition of $2.3M in capital appropriations were used to offset that loss.
- Operating and non-operating revenues increased by almost $10M with most of the funds coming from tuition increase. Only $56K was provided as an increase from state appropriations, considering that enrollment increased by nearly 7.3% last year. The amount received from the state has continued to decrease and will be an issue to contend with in the future.
- The University's financial position remains very strong as of June 30, 2003. The growth in terms of how the University is funding its growth and services is being provided primarily by the net increase in tuition. For the University to continue to grow and serve the expanding needs of the region, the state must address the inequity of the University's state funding.
- The auditors unqualified opinion included discussion on how next year GASB 39 will require incorporating NKU Foundation and possibly Chase Foundation into the university Annual Financial Report.

B. **Presidential Reports**:

1. **Facilities Management**: Highlights of Vice President Ramey's report included the following projects:
   - Old Science Building Renovation: The design has been finalized. This remains the number one priority in this next legislative session for funding.
   - BEP 200 Renovation: This project is projected for completion in early 2004.
   - Lake Development: The landscape firm is currently finishing their final design in cooperation with Vice President Read and the University Development staff who will soon be meeting with a prospective donor to complete that project.
   - New Parking Deck: The project is on target with anticipation of breaking ground in January 2004.

- New Student Union: There are three finalists for architectural design with the decision expected by October 1.

2. Annual Financial Report 2002-03: Vice President Ramey had no further comments on the report as submitted.

3. Research Grants and Contacts: The report summarizes the successful proposals with the amount of award for each proposal for NKU faculty and staff from July 1, 2003, through August 31, 2003.

4. Comprehensive Campaign Report: Vice President Read reported that the Campaign is going very well. There has been a commitment of approximately $36.5M to the Campaign to date. The Capital Campaign will close next spring with the celebration planned for fall 2004. The report summarizes the campaign resources committed from July 1, 1999 through September 9, 2003, totaling $36,408,332 in support of NKU's campaign priorities. The report includes:
   - Resources in support of the colleges, Friends of Fine Arts, Steely Library, Norse Athletics, Campus Priority Fund, Campus General Initiatives, and WNKU.
   - Resources committed in fiscal year July 1, 2003 through September 9, 2003, totaling $578,654.
   - Resources committed from campaign inception July 1, 1999 through September 9, 2003, total $36,408,332.

3. **Emeritus Status:** Robert W. Mullen, Professor in the Department of Communication.

4. **Reorganization in the area of Outreach:** The organizational entities of "Lifelong Learning" and "Community Education" be deleted and replaced with a single entity: "Community Connections." This unit will have responsibility for non-credit courses and programs, Elderhostel, special outreach initiatives (e.g., outreach to the rural P-12 community), and the three communication vehicles currently being used to promote our outreach efforts: hard copy publications, the web, and a call-in center. The new unit will be directed by the current "Director of Lifelong Learning & Community Education." The position will report directly to the Associate Provost for Outreach. The "Associate Director" position will be occupied by the current Director of Elderhostel who will retain responsibility for Elderhostel while assisting with the other initiatives housed in Community Connections.

5. **Kentucky University Partnership for Environmental Education (KUPEE):** Approval for the College of Education's participation in the Kentucky University Partnership for Environmental Education (KUPEE) and thus create an NKU Center for Environmental Education. The development of this center is consistent with the Commonwealth's goals for environmental education and the University's strategic plan. University Partners include: Murray State University, Morehead State University, University of Louisville, University of Kentucky, Eastern Kentucky University, Western Kentucky University, Northern Kentucky University, and Kentucky State University.

6. **Revision of AR-II-4.0-1, External Fund Raising Procedure:** This recommendation is a continuation of the legal compliance audit, performed by the Office of the Vice President for Legal Affairs and General Counsel.

   All private contributions received from individuals, corporations or foundations, committed in support of NKU shall be formally accepted by the NKU Board of Regents complying with the Kentucky Council on Postsecondary Education's requirement.

7. **Non-Academic Personnel Actions:** Categories of non-academic personnel actions which occurred between June 19, 2003 and August 28, 2003: Activations; Temporary/Contract to Regular; Promotions; Reassignments, Reclassifications, Re-Engineering, and Title Changes; Transfers; Departures; and Retirees.

8. **Permanent Easement to Cincinnati Gas and Electric Company/ULH&P Company:** The University administration is authorized to grant a permanent easement to Cincinnati Gas and Electric Company/the Union Light, Heat and Power Company for the relocated underground lightning protection grid associated with the Company's North Substation, located on the Highland Heights

campus, adjacent to the west side of Kenton Drive near its intersection with Three Mile Road. The grid is now located on the east side of the substation. In addition, the Cincinnati Gas and Electric Company has requested to Quitclaim the easement previously granted for the grid's prior location, on the west side of the substation.

9. **Financing of New Parking Deck:** The resolution related to the financing of the new parking deck is approved. The University will issue Consolidated Educational Building Revenue Bonds to finance the construction of a new parking deck on the existing practice soccer field. The project has a scope of $9.1M and will house approximately 680 cars. Treasury regulations require that the University make a declaration of its intent to reimburse any capital expenditures it disburses prior to the issuance of the parking deck bonds.

10. ***Acceptable Use Policy for Technology Resources*:** This document compiles official University policies for the management of computing and communication resources that are owned or administered by Northern Kentucky University. These policies apply to all users of NKU computing and communication resources. It is expected that resource users will cooperate with each other so as to promote the most effective use of these resources and will respect each other's ownership of work even though it is in electronic rather than printed form. Individuals and organizations will be no less accountable for their actions involving computing and communication resources than they would be in the protection of other University property and situations. The Office of Information Technology is responsible for the maintenance of this document and administration of all policies and procedures contained within.

11. **Develop a Research Foundation:** A *research foundation* is a not-for-profit corporation established to receive, invest, and expend funds to promote and implement scientific and educational activities. NKU's research foundation will serve as the university's agent in the receipt of all external grants and contracts, intellectual property income and other designated income, and conservation easement. The foundation will also oversee the protection, development, and commercialization of intellectual property; and manage special cooperative agreements. Currently within Kentucky, the University of Kentucky, the University of Louisville, and Western Kentucky University have research foundations that are operational. Other regional universities have been considering them.

12. **Tuition Policy for fall semester 2003:** The metro tuition rate for qualified students is substantially less than the non-resident tuition rate. Qualified students from Ohio counties must reside in Adams, Brown, Butler, Clermont, Clinton, Fayette, Hamilton, Highland, or Warren. Qualified students from Indiana counties must reside in Switzerland, Jefferson, Ohio, Dearborn, Ripley or Franklin. A student who qualifies for the metro tuition rate and then moves to Kentucky but does not otherwise qualify for Kentucky resident tuition status shall continue to receive the metro tuition rate as long as continuously enrolled at Northern Kentucky University or Salmon P. Chase College of Law.

13. **Change in title for key administrator within the division of University Advancement:** The title of Mr. Joseph E. Wind's position is changed from Associate Vice President for Community and Government Relations to Executive Director of Government and Community Relations and Advisor to the President. This is a restructuring change as this position will report directly to the President effective with Board approval.

14. **Approval of Lois Rosenthal as one of the December 2003 Honorary Degree Recipients:** Interim Vice President Warner commented that Ms. Rosenthal was recommended by the Chair of the Art Department to receive an Honorary Degree at the December 20, 2003, commencement

ceremonies. The recommendation was based on Mrs. Rosenthal's recognition as a major philanthropist, humanitarian, and advocate of the arts in the Cincinnati area. Mrs. Rosenthal's recent generosity provided free admission, in perpetuity, to the Cincinnati Museum as well as a $5M contribution, with her husband, to the new Center for Contemporary Arts in Covington. Mrs. Rosenthal has taken substantial leadership in expanding access to the arts for everyone. A motion was made by Regent McCoy and seconded by Regent Beck to approve Lois Rosenthal as one of the recipients for an Honorary Degree of Doctor of Humane Letters to be conferred at Northern Kentucky University's December 20, 2003, commencement ceremonies at US Bank Arena in Cincinnati. **Motion carried.**

15. Approval of Richard Rosenthal as one of the December 2003 Honorary Degree Recipients: Lois and Richard Rosenthal are arts pioneers, who became involved in shaping our society. In the recent past, they have provided funding and leadership which made the new Center for Contemporary Arts possible. Mr. Rosenthal was part of a Fine Arts Fund committee working to increase the representation of African Americans and other minorities on various Cincinnati area cultural boards. A motion was made by Regent Pogue and seconded by Regent McCoy to approve Richard Rosenthal as one of the recipients for an Honorary Degree of Doctor of Humane Letters to be conferred at Northern Kentucky University's December 20, 2003, commencement ceremonies at US Bank Arena in Cincinnati. **Motion carried.**

16. Posthumous Honorary Degree Recipient: Kimberly Elaine Williams began her career at NKU in 1985 and declared a major in Accounting in the spring of 1999. Ms. Williams was short a total of nineteen hours from degree completion at the time of her death. As a non-traditional student, Ms. Williams was steadfast and diligent in working toward her degree in Accounting. This is a degree she would have completed had it not been for her untimely death. A motion was made by Regent Pace and seconded by Regent Downing that a posthumous honorary degree be awarded to Kimberly Elaine Williams, Bachelor of Science, Accounting. **Motion carried.**

17. Acceptance of contributions received by the NKU Foundation during the period of July 1, 2003 through September 9, 2003: Vice President Read commented that there was a revision to the previously submitted recommendation as one of the individuals who had made a commitment changed that commitment altering the total as submitted. A motion was made by Regent Beck and seconded by Regent Griffin to accept the contributions totaling $398,482 received by the NKU Foundation Inc. for the benefit of Northern Kentucky University during the period July 1, 2003 through September 9, 2003 as indicated in the revised summary. **Motion carried.**

Executive Session: At 1:50 p.m. a motion was made by Regent Pyles and seconded by Regent McCoy to call an Executive Session to discuss personnel issues. President Votruba was asked to remain. **Motion carried.**

At 2:45 p.m., a motion was made by Regent Pyles and seconded by Regent Griffin for the Board to reconvene. No legal action was taken.

Unrelated to the executive session, a motion was made by Regent Pogue and seconded by Regent Brown that the Board of Regents go on record to show their appreciation and thanks to William Butler, President and Chairman of Corporex Companies, Inc. for his role in the development of this wonderful facility. With one abstention by Regent Martin Butler, **motion carried**. Regent Pogue suggested a follow up letter be sent to Mr. Butler as a result of this recommendation.

With no further business, at 2:48 p.m. a motion was made by Regent Pace and seconded by Regent Pogue to adjourn. **Motion carried.**

Board of Regents Meeting
Northern Kentucky University
University Center Ballroom
November, 12, 2003

The regular meeting of the Board of Regents was called to order at 1: 15 p.m. on Wednesday, November 12, 2003, by Chair Wilson.

Invocation was read by Regent Griffin.

Roll Call: Beverly Beck, Chuck Brown, Martin Butler, Joyce Griffin, Carrie McCoy, Christopher Pace, Betty Pogue, Anna Dale Pyles, and Brenda Wilson (Excused: Frank Downing and Robert Zapp).

Others Present: James Votruba, Robin Crigler, W. Michael Baker, Carole Beere, Deborah Read, Gerald Hunter, Sara Sidebottom, Mark Shanley, Ken Ramey, Jerry Warner, Mimi Assanuvat, Lilla Losey, Dione Smith, Gerry St. Amand, Mike Carrell, Patrick Moynahan, Rick Meyers, Chris Cole, Zane Harris, Bill Farro, Kathy Stewart, Rick Van Sant, Joe Ruh, Jeff Martin, Mary Ryan, Mary Paula Schuh, Gary L. Pratt, Russ Kerdolff, Richard Durtsche, Jennifer Quammen, Arne J. Almquist, Kristi Martines, Mary Ucci, Patty Durbin, Jane Meier, Jeff Butler, Joseph Wind, Mary Lepper, Gary W. Graff, Bob Wallace, Gail Wells, Melissa Gers, and Kent Kelso.

Presidential Comments:

- At the earlier committee meeting, Carole Beere gave a review of the campus outreach and public engagement mission of the University. NKU has in recent years become a national leader in this area. This activity not only makes communities strong, but improves lives.
- The current state budget was also reviewed along with NKU's strategy for possible budget cuts. The CPE budget has very strong recommendations for NKU, which include: $1M in new money for operations and maintenance for the new Science Building; preserving benchmark funding, recognizing the historic underfunding of NKU; a new trust fund, called "regional stewardship," which is groundbreaking not only for Kentucky but nationally, to create revenue for the University's outreach and public engagement mission.
- The Old Science Building is at the top of the list for capital renovations. There is $1.4M for "Bucks for Brains," or matching funds, in the regional excellence trust fund.
- With the new Governor's Administration, the University will try to anticipate how the state will address the current structural budget deficit of between $400-800M, and how that will affect the University. There may not be reductions for this year; however there will likely be budget reductions for 2004-05. NKU's approach to this possibility includes the following elements:
  - There are 2.5%, over $1M, of reserve funds to protect against reductions for this current fiscal year with no interruption in programs and services.
  - The Vice Presidents are being asked before the end of the semester to prepare budget reduction scenarios for their divisions of 3% ($1.3M), 5% ($2.1M), and 7% ($3M). Those amounts reflect the state appropriations for the University not the University's total budget.
  - Tuition strategies: Phase I will be recommended to the Board of Regents this January to target funding focusing on academic quality and capacity and would not include operating support or salaries. Phase II is planned to come before the Board this spring. This recommendation will focus on the operating budget and will include salary, health care, utilities, operations, and maintenance. This approach is aligned with the recent approach approved by the Board of Regents at Western Kentucky University with strong support from their faculty, staff, and students. The intent is to protect academic quality and insure that the operations are protected at a time when state assistance is limited.

Student presentations were given by Jennifer Quammen, Biology and Mathematics major, and Melissa Gers, English major and recent graduate of NKU, now attending the University of Cincinnati. The students discussed their undergraduate research activity and gave high praise and recognition to the

University and their faculty mentors for what they experienced as graduate level teaching, and encouragement to learn, explore, and succeed.

A. **Joint Finance and Policy Committee Reports:**

1. **University Outreach:** (Policy Report was given by Regent Griffin)
   Associate Carole Beere gave a presentation on outreach, public engagement, and graduate education. Highlighted areas included:
   - Discussion on public engagement included: P-12 education, economic development, local governments, non-profit agencies, and health care.
   - Educational outreach programs, including new initiatives to reach out to adult learners to increase the likelihood of their enrolling and graduating from NKU.
   - New delivery methods i.e. online education and off-campus sites (Grant County is the largest).
   - The growth of Graduate Program enrollments by more than 50% in 5 years.
   - Increased resources are vital to fulfill the region's expectations of the University.

2. **Budget Reduction Process**: (Finance Report was given by Regent Brown)
   Key points from the budget presentation included:
   - Importance of sustaining momentum that has been built by the current university leadership. The core values and strategic priorities were emphasized.
   - Listen to the constituency, particularly students to ensure that the quality of academic services (small class sizes, access to the library, information technology, etc.) are at the core of the University's mission.
   - Preparations for budget reductions, "preparing for a rainy day." Scenarios need to be devised to deliver services with less resources and accomplish those goals in the near future with budget cuts.
   - Ensure the efficiency of the services delivered before asking for significant tuition increases.
   - Protect the needs of the students and maintain quality.
   - Keep NKU competitive within the region and state.

B. **Presidential Reports:**

1. **Facilities Management:** Highlights of Vice President Ramey's report included the following projects:
   - The Nunn Drive Landscaping is near completion and enhances the entrance to the campus.
   - The Greenhouse project is in the bidding stage and should be up and ready by fall of 2004.
   - The New Student Union is in the final programming stage. The University's food service, Sodexho, recently conducted a series of surveys to improve student customer service. This will have an impact on implementation of these services for the new student facility.

2. **Quarterly Financial Report:** Vice President Ramey had no further comments on the report as submitted. The report depicts the financial activity of the University as of September 30, 2003, as compared to the annual budget and the prior year's activity.

3. **A-133 Audit of Federal Programs:** President Votruba indicated that it was anticipated to have this item at the time of the meeting; however, **the complete audit had not yet been received and was pulled from the agenda.**

4. **Research, Grants, and Contracts:** Associate Provost Beere had no further comments on the report as submitted. The report summarizes the successful proposals with the amount of award for each proposal for NKU faculty and staff from September 1, 2003 through October 31, 2003.

5. Comprehensive Campaign Report: Vice President Read commented that it was a pleasure to hear Associate Provost Beere's presentation at the earlier committee meeting, as well as the comments made by the students at the Board presentation. Both presentations demonstrated the important role the campaign has played in providing the necessary private support in the various outreach initiatives, centers and institutes, thereby ensuring their success.

   The report summarizes the campaign resources committed from July 1, 1999 through October 31, 2003, totaling $36,976.847 in support of NKU's campaign priorities.

C. Presidential Recommendations:
Consent Agenda Items: A motion was made by Regent McCoy and seconded by Regent Pace to approve the following Presidential Recommendations as listed below (1-4). **Motion carried.**

4. Financing of New Parking Deck: The resolution was approved authorizing the issuance of approximately $10,155,000 of Northern Kentucky University Consolidated Educational Building Revenue Bonds, Series L, for the new parking deck. This action is a follow-up to the Board Resolution of official intent adopted on September 24, 2003. The resolution was drafted by Peck, Shaffer & Williams, LLP, the University's bond counsel. The University was authorized by CPE to issue the bonds for the project with a scope of $9.1M. The target closing month is January 2004.

5. Acceptance of contributions received by the NKU Foundation Inc.: A motion was made by Regent Pace and seconded by Regent McCoy to accept contributions totaling $397,861(does not include pledge payments), received by the NKU Foundation Inc. for the benefit of Northern Kentucky University during the period September 10, 2003 through October 31, 2003. **Motion carried.**

6. Authorization to submit gift commitments to the CPE requesting Endowment Match Funds: A motion was made by Regent Griffin and seconded by Regent Pogue to accept gifts totaling 2,326,584 in support of Northern Kentucky University priorities, all of which are eligible to receive Commonwealth of Kentucky Endowment Match Funds. **Motion carried.**

7. Kentucky Endowment Match Program: A motion was made by Regent Pogue and seconded by Regent Beck to approve the submittal of the 2002-2003 annual report to the Council on Postsecondary Education (CPE) regarding the Commonwealth of Kentucky Endowment Match Program. Further, that authorization be given to the Chair of the Board of Regents to submit a Notice of Board Approval to the Council on Postsecondary Education that states that the Northern Kentucky University Board of Regents acknowledges that it has primary responsibility for the implementation of the Endowment Match Program. The notice also states that the Northern Kentucky University Board of Regents is responsible for providing oversight of all endowment funds. **Motion carried**.

Executive Session: At 2:20 p.m. a motion was made by Regent Pace and seconded by Regent Pogue to call an Executive Session to discuss a personnel issue. President Votruba was asked to remain. **Motion carried.**

At 2:55 p.m., a motion was made by Regent Pogue and seconded by Regent Pyles for the Board to reconvene. No legal action was taken.

With no further business, at 2:55 p.m. a motion was made by Regent Pyles and seconded by Regent Butler to adjourn. **Motion carried.**

Board of Regents Meeting
Northern Kentucky University
Capitol Annex, Room 113--Frankfort, Kentucky
January 21, 2004

The regular meeting of the Board of Regents was called to order at 4:05 p.m. on Wednesday, January 21, 2004, by Chair Wilson.

Invocation was read by Regent Zapp.

Roll Call: Beverly Beck, Chuck Brown, Martin Butler, Frank Downing, Joyce Griffin, Carrie McCoy, Christopher Pace, Betty Pogue, Brenda Wilson, and Robert Zapp (Excused: Anna Dale Pyles).

Others Present: James Votruba, Robin Crigler-Tricoli, Deborah Read, Gerald Hunter, Sara Sidebottom, Mark Shanley, Ken Ramey, Jerry Warner, Gail Wells, Mimi Assanuvat, Lilla Losey, Dione Smith, Gerry St. Amand, Mike Carrell, Rick Meyers, Chris Cole, Zane Harris, Angie Gabbard, Kathy Stewart, Joe Ruh, Rebecca White, Gary L. Pratt, Joseph Wind, Don Gorbandt, Katie Herschede, Rachell Bruno, Kent Kelso, Roger Black, Laurie DiPadova-Stocks, Secretary of Transportation Dick Murgatroyd, Josh Wice, Steve Pendery, Tim Rawe, Gary Toebben, Jeff Groob, Tony Scholar, Danny Fore, Amanda York–Ky. Post, Judge Ex. Gary Moore, Secretary of State Trey Grayson, Representatives: Arnold Simpson, Joseph Fischer, Tom Kerr, Royce Adams, Charlie Walton, Jon Draud, Jim Callahan, Rick Rand, Patrick Murphy, and Tom McKee, and Senators: Damon Thayer, Dick Roeding, Jack Westwood, and Ernie Harris.

Presidential Comments:

- At the earlier Board committee meetings there was discussion of both the results of the recent study on economic expansion in northern Kentucky and the steps that the University is taking to manage the current budget reductions.
- Thanks were given to the community leaders for attending the Board meeting and to the caucus for their support.
- The University has a twofold challenge: Managing current budget reductions which total $5.3M and addressing the needs of our region by building the capacity at the University to support continued economic expansion.
- NKU is a vehicle for achieving a larger set of economic and social priorities and the community has been clear concerning the priorities for Northern Kentucky:
    - Support of continued economic expansion--i.e. the Angelou Economics study for successful recruitment of knowledge economy companies, which was discussed at the earlier meeting;
    - P-12 enhancement;
    - Support for local government decision making;
    - Enhancing the region's non-profit sector; and
    - Continued enrollment growth.
    - The University will strive to use the current budget reductions to restructure the NKU budget. As a result of these efforts, the University will be less bureaucratic, more efficient, and more focused on the core mission.
    - Transitions:
        - Dr. Jerry Warner was recognized for his stalwart leadership over the last several months as Interim Vice President for Academic Affairs and Provost.
        - Gail Wells, former Dean of the College of Arts and Sciences, was welcomed in her role as the new Vice President for Academic Affairs and Provost.
        - Dr. Robin Crigler-Tricoli will be departing the University effective today and will be relocating to the state of California. Dr. Crigler was recognized for her dedicated service to the University as an NKU student, faculty member, Regent, and, since 1998, Executive Assistant to the President and Secretary to the Board of Regents.

A. **Joint Finance and Policy Committee Reports:**

1. **Budget Reduction Process:** (Finance Report was given by Regent Brown)
The President and University Administration were commended for their hard work on the budget process, and also for the expeditious manner in which this process was effectively being handled. The plan, as it was reviewed at the earlier meeting, had all the appropriate measures in place to allow the University to get through the process. In the earlier meeting with the Governor, the Regents asked the State for help considering the University's historic underfunding. The Governor seemed amenable to that request.
2. **Angelou Economics, Inc. Report:** (Policy Report was given by Regent Griffin)
During the Joint Policy and Finance committee meeting, a presentation was given by Campbell County Judge/Executive Steve Pendery and Tri-ED President Danny Fore regarding the importance of the University to continue economic progress within the Northern Kentucky region. Also present in support of the presentation were Northern Kentucky Chamber of Commerce Chairman Tim Rawe and Chamber President Gary Toebben. The recently commissioned Angelou Economics research was presented along with their soon to be released final report. The economic development consultants, based in Austin, Texas, are helping to draft a plan for recruiting high-tech firms to the region. Their research is focused on Northern Kentucky's preparedness to compete for Knowledge-based companies now and in the future. The final report is expected to suggest that "efforts to transform NKU into a full-fledged undergraduate university should continue, as well as efforts to boost funding for engineering, science, Information Technology and business programs." They also noted that "additional resources are necessary at NKU to meet the vision of being the commercialization and entrepreneurship hub of Kentucky." They suggest that, "with this support, NKU will be the engine that local manufacturing companies and other universities look to for assistance in spinning information and other technologies out of the lab and into new companies."

B. **Presidential Reports:**
1. **Facilities Management:** Vice President Ramey highlighted the following projects:
    - BEP 200 Renovation is currently 99% complete and will help to accommodate the larger classes.
    - The bid on the new Parking Deck came in under estimate at approximately $700K.
    - The New Student Union planning committee will have their first meeting next week with OMNI Architects of Lexington and their work on that project will begin shortly thereafter. Legislative approval for construction will be a priority during the 2004 session.
    - Performance Contracting/Energy Audit in partnership with the Commonwealth and Siemens Building Technologies, Inc. The University is currently in the early stages of a technical energy audit report which will identify a broad range of services and capital improvements to reduce consumption and related cost of energy and water use at the University. If a decision is made to move forward with any portion of the recommendations, capital improvements will be funded by utility dollars and financed through a performance-based contract administered by the Commonwealth.

2. **Quarterly Financial Report:** Vice President Ramey reported the financial activity of the University as of December 31, 2003. All of the University's revenue and expenditures are in line with the budget. The increase of approximately $5.2M in net assets does not take into account the recent budget reductions which the University has been dealing with over the past month.

3. **A-133 Audit of Federal Programs:** Vice President Ramey indicated that this was an audit of the

University's federal programs, conducted by Crowe Chizek & Company LLC in compliance with federal audit guidelines established by the U.S. Office of Management and Budget (OMB) Circular A-133. There were two findings in the University's internal controls; however, policies and procedures are in place to bring the University into full compliance.

4. Comprehensive Campaign Report: Vice President Read commented that the campaign is currently ahead of target. This report summarizes the campaign resources committed from July 1, 1999 through December 17, 2003, totaling $38,380,662 in support of NKU's campaign priorities.

5. Research, Grants, and Contracts: No further comments were made on the report as submitted. The report summarizes the successful proposals with the amount of award for each proposal for NKU faculty and staff from November 1, 2003 through December 31, 2003. Eleven proposals were awarded during this time period. The total amount of money awarded was $360,648.

C. Presidential Recommendations:

Consent Agenda Items: President Votruba indicated that item C.4 (Creation of NKU Research Foundation) was pulled from the agenda at this time for further review with the NKU Foundation and is planned to come before the Board at the next meeting in March). Also mentioned were items C.5 thru C.8 (New Program recommendations). Before these recommendations were submitted, assurance was made with Interim Vice President Warner that there was no expectation that resources were going to be forthcoming. These programs are in high demand in the community and have been approved by the Curriculum Review process. They are submitted for approval as resources are made available. A motion was made by Regent Butler and seconded by Regent Downing to approve the following Presidential Recommendations as listed below (1-10, with the exception of item #4). **Motion carried.**

1. Academic Affairs Personnel Actions:

Faculty Appointments: **Dreama Price**, Lecturer (Non-Tenure Track Renewable) in Elementary, Middle, and Secondary Programs, College of Education, effective January 1, 2004. **Roxanne Qualls**, Visiting Professor in the Department of Political Science and Criminal Justice, effective January 1, 2004.

Leaves Paid/Unpaid: **Carla Johnson,** Assistant Professor in the Department of Educational Specialities, unpaid leave without benefits, beginning December 22, 2003 through May 14, 2004.

Resignations: **Thomas E. Comte,** Interim Chair of Management and Marketing, effective, January 16, 2004 and **Georgena Thomas,** Assistant Dean/Lecturer, effective January 15, 2004.

2. Temporary Faculty Appointments for 2003-04 (Spring Semester): **Roger Blanchard,** College of Arts and Sciences, Department of Chemistry.

3. New Policy – Graduate Council: The Graduate Council developed and approved a new policy for defining the criteria and privileges for Graduate Faculty status. Unlike the prior policy, this policy sets forth criteria and privileges for two categories of Graduate Faculty: Full Graduate Faculty status and Associate Graduate Faculty status. The policy meets the standards required by SACS and is consistent with the policies at many of our benchmark institutions.

4. Creation of NKU Research Foundation – Item was pulled for further review and will be recommended to the Board at the March meeting.

5. New Program - B.S. in Athletic Training, College of Education: The College of Education developed the proposed program Bachelor of Science in Athletic Training as an allied health degree that will be offered through the Department of Educational Specialities. The program of excellence will produce well-rounded and competent entry-level athletic trainers for positions in orthopedic rehabilitation centers, wellness/fitness centers, high schools, college programs, and professional teams. The program was approved to be initiated at the beginning of the fall 2004 semester.

6. New Program – B.S. in Computer Information Technology, College of Arts and Sciences: The College of Arts and Sciences began the process of developing the Computer Information Technology program as a result of the 2001 National Center for Higher Education Management Systems (NCHEMS) study commissioned by Northern Kentucky University and the subsequent campus discussions. Throughout the 2001-2002 academic year and spring 2003 semester, the department studied changes taking place across a variety of institutions of higher education and examined NKU's existing technology programs. Particular attention was paid to the effectiveness of these existing programs to meet the community's need for properly trained and capable information technology employees. The program was approved to be initiated at the beginning of the fall 2004 semester.

7. New Program – Master of Industrial-Organizational Psychology, College of Arts and Sciences: The College of Arts and Sciences developed the proposed program, Master of Industrial-Organizational Psychology, for students unable to pursue post-graduate study on a traditional full-time basis. The Industrial-Organizational Psychology program's part-time focus will parallel that of other NKU graduate programs. The program was approved to be initiated at the beginning of the fall 2004 semester.

8. New Program – B.A. in Liberal Studies, College of Arts and Sciences (BALS): The College of Arts and Sciences developed the proposed program (BALS) for students who neither need nor desire the depth of study required in a focused, single discipline major. The program is broader and more flexible that those offered by traditional majors while still providing a solid university level base of information. Given the high percentage of college graduates who will work outside their major area of study, this degree offers a broad investigation into multiple disciplines. The general education upper-division requirements coupled with the area of concentration options will also insure depth of investigation. The program was approved to be initiated at the beginning of the fall 2004 semester.

9. Non-Academic Personnel Actions: Categories of non-academic personnel actions which occurred between October 23, 2003 and December 17, 2003: Activations; Temporary/Contract to Regular; Transfer; Reassignments, Reclassifications, Re-Engineering, and Title Changes; Promotions; Retirees; and Departures.

10. NKU Organizational Structure: The structure reflects all NKU Administrative changes from July 9, 2003, to January 21, 2004. The reporting lines listed are for Director level and above, but include: individuals who directly report to the President; the Associate Director for Financial Planning; Departmental Chairs under Academic Affairs; Coaching areas under Intercollegiate Athletics; and the Manager of the Bookstore/Follet which is a separate entity of the University.

11. Acceptance of contributions received by the NKU Foundation Inc.: Vice President Read indicated that additional contributions have been received since the end date of December 17 as

listed in the recommendation. These contributions will be reported at the next Board meeting in March. A motion was made by Regent Pace and seconded by Regent Zapp to accept contributions totaling $1,149,689 received by the NKU Foundation Inc. for the benefit of Northern Kentucky University during the period November 1, 2003 through December 17, 2003. **Motion carried.**

In recognition and appreciation for Robin Crigler on her last day with the Board and the University, Chair Wilson welcomed everyone to stay for refreshments immediately after the meeting.

Regent Downing stressed the Board of Regent's appreciation of the President at this time for his expertise on the budget reductions and for his work with the Governor and Legislature. Mr. Downing stated that the President had maintained a positive attitude for the University to move forward.

With no further business, at 4:35 p.m., a motion was made by Regent McCoy and seconded by Regent Pace for the Board to adjourn. **Motion carried.**

Board of Regents Meeting
Northern Kentucky University
March 17, 2004

The regular meeting of the Board of Regents was called to order at 1:08 p.m. on Wednesday, March 17, 2004, by Chair Wilson.

Invocation was read by Regent Beck.

Roll Call: Beverly Beck, Chuck Brown, Martin Butler, Frank Downing, Joyce Griffin, Carrie McCoy, Christopher Pace, Betty Pogue, Anna Dale Pyles, Brenda Wilson, and Robert Zapp.

Others Present: James Votruba, Michael Baker, Deborah Read, Gerald Hunter, Sara Sidebottom, Mark Shanley, Carole Beere, Ken Ramey, Gail Wells, Mimi Assanuvat, Lilla Losey, Mike Carrell, Rick Meyers, Chris Cole, Zane Harris, Joe Ruh, Gary L. Pratt, Katie Herschede, Rachelle Bruno, Rick Van Sant–Ky. Post, Tiffany Bellafant, Rachel Whisnor, Katie Clark, Betty Mulkey, Carol Scherbak, Mary Paula Schuh, Amy Fries, Pat Moynahan, Jeff Martin, Bill Farro, Emily Chalfant, Wanda Griffith, Carol Ryan, Mary Kirk, Ellen Tibbs, Marlena Judson, Abby Bentley, Mike Mimms, Mary Lepper, Gary Graff, Mary Ryan, Nancy Firak, Barry Andersen, Phil Schmidt, Jane Meier, Cheryl Nuñez, Michael Tobergta, Kevin Canafax, Paul Smith, Joe Mills, and Jerry Smith.

With no changes or corrections, the minutes of the January 21, 2004, Board of Regents meeting were approved without objection.

Paul Smith and Kevin Canafax from Fidelity Investments announced the second installment of the $1M gift toward the University Capital Campaign. This contribution will benefit the Lake Renovation project.

Members of the NKU Panhellenic Association were present at the meeting to award Regent Chairwoman Brenda Wilson with the first annual Panhellenic Association of Northern Kentucky University Woman of Distinction Award. The Association believes in promoting values, education, leadership, friendships, cooperation and citizenship. The award was presented to Chair Wilson by the Association's President Katie Clark.

Presidential Comments:

- An update was given on the current state legislative process (eleven days remaining at this time). The budget that was transferred from the House to the Senate includes the Special Events Center ($42M).
  - There is $5M in the state budget to help correct historic underfunding and growth (this is to be shared with the other state universities). NKU's portion of that at this point would be approximately $740K in the second year of the biennium.
- Acknowledgment was given for the support demonstrated by our Caucus members, corporate and community leaders, and the Governor and his staff. Joe Wind, Executive Director of Community and Government Relations and Advisor to the President, was also recognized for his tireless work on behalf of the University in Frankfort.
- Chase graduate and Federal Liaison, Mac Riley, was thanked for his work in Washington D.C. He was instrumental in the University receiving funds. The President recently gave testimony at the U.S. Senate on behalf of higher education.
- Earlier this semester, we had nearly 200 representatives from our local school districts on campus to attend a "High School to College Transition Forum." Factors were reviewed that impact success and failure. Discussion included the University's intent to implement admissions standards in the Fall of 2005. Recognition was given to Paul Reichardt, Stephanie Baker, Barbara Stonewater, and Mark Shanley for their work on this effort.
- Earlier today Provost Wells reviewed the proposed investments that will flow from the Academic Quality and Capacity Initiative which will take NKU to the next level of development and make us a greater force in the life of our students and our community.
- Prior to the Board meeting there was a ceremony to dedicate the newly renovated Eva Farris Auditorium. This $290K gift reflects the generosity and commitment of Oakley and Eva Farris and comes on top of a $1M gift made by Mr. Farris two years ago to establish the Eva Farris Scholarship Program in the College of Business.
- This year the Board nominated Regent Downing for the Association of Governing Board's annual Trustee of the Year Award. While he did not receive the award this year, on behalf of NKU's faculty, staff, students, and administration, the President acknowledged and thanked Regent Downing for his outstanding service to the University.

A. **Joint Finance and Policy Committee Reports:** (Policy reports 1 & 2 were given by Regent Griffin)

1. **Academic Quality and Capacity:** Provost Wells presented a plan to increase academic quality and capacity by investing resources in the following areas over the next two years: Education, Information Science, Public Policy and Management, Professional and Applied Ethics, Business Programs, Health Care, Graduate Programs, Academic Support, and Retention. The investments are consistent with the 2004-08 Strategic Agenda and focus on the following goals: enhance P-12 education; support local government and community decision making through the application of academic expertise; support the local nonprofit community by contributing to capacity building; increase enrollments in graduate programs; and support regional economic expansion.

   The investments outlined by Provost Wells provide support for the full breadth of the University's mission – enhancing teaching, learning, scholarship and public service.

2. **Grant County Expansion Plan:** Associate Provost Beere gave a presentation on NKU's expansion in Grant County. The expansion involves moving into a new facility that is more than twice the size of our current facility, and will expand our academic programs and academic services in Grant County. The facility itself used to be the City Building for the City of Williamstown. It will undergo both exterior and interior renovation. The funding for the exterior renovation is coming from the City of Williamstown; internal renovation is being paid for through contributions raised by the Grant County Foundation for Higher Education. We anticipate that our fall classes in Grant County will be taught in the new facility.

3. **Budget Update:** (Finance report was given by Regent Brown)
   The legislative update from President Votruba covered the University's FY 2003/04 Operating Budget Reduction which is expected at $4M, with $2M recurring. The NKU Board of Regents had a prior briefing on the Administration's plan to address the reduction at the January 21, 2004, Board meeting.

   The current budget contains $4M in debt service for the Regional Special Events Center ($42M project scope), however, funding for the Old Science Building seems unlikely at this time.

   Vice President Hunter addressed the FY 2004/05 anticipated funding needs total of $11.2M: Academic quality and capacity ($2.4M); Fixed Costs ($2.9M); Non-discretionary ($4.6) and General Operating ($1.3M).

   At the upcoming May 12, 2004, Board of Regents meeting, the Administration will submit a budget recommendation for FY 2004/05 that will address anticipated funding requirements and critical investment needs. Tuition recommendations will also be made at that time.

   Regent Brown acknowledged the Northern Kentucky Caucus, President Votruba, Joe Wind, Gerald Hunter, and especially the students for their hard work and efforts on behalf of the University during this legislative session.

   President Votruba also recognized Team NKU, which includes former Student Regent Katie Herschede, for their support and help in Frankfort during this legislative session. Particular acknowledgment was given to Regent Pace, who spoke with deep conviction and eloquence in his comments with the Governor at the January Board meeting.

B. **Presidential Reports:**

1. **Facilities Management:** Vice President Ramey's report highlighted the following projects:
   - Fitness Center: Construction bids are due by the end of this month. This project is expected to be complete by August 15, 2004, and will greatly improve the quality of life for the students.
   - BEP 200 Renovation: There was a dedication today for the Eva G. Farris Auditorium. Renovation included new lighting, seating, carpet, wall treatments, etc.
   - Lake Development: A project with a scope of $1.5M has been established to improve the lake area of the campus. Through the generous donation by Fidelity Investments, an initial $1M is available for this project. The improvements will include landscaping, walkways, seating, and other improvements.
   - Digital Classroom/Planetarium Project: The project construction bid will open at the end of March in Frankfort.

There is a total scope of $1.7M for this project, which is to be funded with private and federal funds. The University has received $500K from the US Bank/Ralph Haile Foundation to assist with completion of this project in the new Natural Science Center.

- New Student Union: The University has been meeting regularly with the design/development team with the completion of that phase expected over the summer. The approved 2002-04 State budget provided authorization for design only; legislative approval for construction is a priority during the 2004 session.

2. **2004-05 Faculty Development Awards - Project Grants:** Provost Wells commented that these awards are approved through a competitive process to encourage professional growth for independent research. Many of the projects involve students working side-by-side with the faculty members. The University recognizes the role of research as an integral part of professional activity of the faculty. Faculty Project Grants are intended to provide funds for research equipment and activities that are not available through program budgets.

3. **2004-05 Faculty Development Awards - Summer Fellowships:** Provost Wells commented that these awards are designed for faculty to engage in individual research, scholarly writing, and creative and artistic projects during the summer and to share the results of their efforts with the broader University community.

4. **Comprehensive Campaign Report:** Vice President Read reported that the campaign is nearing its completion. In the last five years, private support has helped transform the University to a new level of excellence. The report summarizes the campaign resources committed from July 1, 1999 through February 29, 2004, totaling $39,053,803 in support of NKU's campaign priorities. Although not in the report, it is important to note that participation among the University Alumni has exceeded 18% in annual giving.

5. **Research Grants and Contracts:** No further comments were made on the report as submitted. The report summarizes the successful proposals with the award amount of each proposal for NKU faculty and staff from January 1, 2004, through February 29, 2004. Seventeen proposals were awarded during this time period. The total amount of money awarded was $1,368,196.

5. New Program-Master of Liberal Studies, College of Arts and Sciences: This program will be initiated at the beginning of fall 2005 semester. The Masters in Liberal Studies (MLS) is a unique interdisciplinary graduate program that offers study beyond the bachelor's level for persons who are interested in continuing their education in a diversified, challenging manner. The Master of Liberal Studies requires a total of 33-hours of approved graduate coursework. The curriculum includes a MLS Seminar (3 semester hours), a culminating project (6 semester hours), and a 24-hour customized plan of study.

6. Non-Academic Personnel Actions: The following categories of non-academic personnel actions, which occurred between December 18, 2003 and February 26, 2004, were approved: Activations; Temporary/Contract to Regular; Transfer; Reassignments, Reclassifications, Re-Engineering, Title Changes; Promotions; Departures; and Retirees.

7. Vacation/Annual Leave Policy Revision: This is a revision to the NKU Personnel Policy and Procedure Manual. Staff Congress recommended that the current policy allowing the transfer of a limited number of unused vacation days to sick leave be revised to require fewer years of service to be eligible for this benefit. This

recommendation provides more staff employees with a positive alternative to forfeiting unused vacation leave. As participants in the Kentucky Employees Retirement System, staff are permitted to apply accumulated sick leave to their months of service credit upon retirement.

8. **Northern Kentucky Water District Easement:** Authorization for the University administration to grant a permanent easement to the Northern Kentucky Water District for a relocated 12" water main, work that was accomplished to accommodate the new Power Plant. In addition, the Water District has requested to Quitclaim the easement previously granted for the prior location of the water line. This water line is located along the east edge of parking Lot J.

9. **Acceptance of contributions received by the NKU Foundation Inc.:** A motion was made by Regent McCoy and seconded by Regent Zapp to accept contributions totaling $224,355 received by the NKU Foundation Inc. for the benefit of Northern Kentucky University during the period of December 18, 2003, through February 29, 2004, as listed in the recommendation. **Motion carried.**

10. **Request for One-Year Quantitative Waiver of Limitations:** Adoption of the resolution is required by the Council on Postsecondary Education to approve any new academic programs for the University during the 2004 calendar year. NKU met five of the eight goals set out in the Kentucky Plan for Equal Opportunities. A quantitative waiver is required when a University fails to meet six of the goals. NKU exceeded goals in African American undergraduate student enrollment in fall 2002 and also growth over a four-year period of African American faculty. The University did not meet its objective in first-year student retention and graduation rates.

    Cheryl Nuñez, Director of Affirmative Action and Multicultural Affairs, was asked to comment. Ms. Nuñez indicated that the University's failure last year in meeting all of the objectives represented more of a glitch than a trend and felt that the University would continue to achieve greater levels of retention. The University has seven new programs pending before the CPE. This resolution will allow the CPE to approve these programs in addition to any others approved by the Board of Regents in the current calendar year. A motion was made by Regent Downing and seconded by Regent Beck to approve the resolution granting a one-year quantitative waiver of limitations under the provision of Administrative Regulation 13KAR 2:060. **Motion carried.**

Chair Wilson appointed a committee comprised of Regent Zapp (Chair), Regent Pogue, and Regent Downing to recommend to the Board of Regents the Executive Officers for the 2004-05 academic year.

With no further business, at 2:05 p.m. the meeting adjourned without objection.

With no changes or corrections, the minutes of the March 17, 2004, Board of Regents meeting were approved without objection.

Outgoing Student Regent Christopher Pace was recognized by the President for his leadership and accomplishments during his term as Regent. A resolution was read and presented to Regent Pace by Chair Wilson.

Presidential Comments:

- There have been major accomplishments this year in advancing the vision of the University and its capacity to serve the needs of our students and the region.
- This coming Saturday, the University will have over 1,000 students graduate with approximately 7,000 guests expected in attendance. The Honorable Elaine L. Chao, U.S. Secretary of Labor, will be our honorary degree recipient and speaker.
- Our Chase College of Law set the standard for both first time and overall bar passage in Kentucky. This is a significant achievement for Dean St. Amand and the faculty and students at Chase.
- Of our 13 intercollegiate athletic programs, 9 have gone to the NCAA tournament this year. David Bezold has been recommended as the new men's head basketball coach.
- Over 400 students participated in our celebration of research and creativity activity. This is the third year of this program, beginning with approximately 120 students.
- Special thanks to Vice President Deborah Read, our Capital Campaign has been very successful. With a $40M goal, we now stand at $43M, a year in advance of our scheduled completion.
- The prospects for a state budget this year continue to remain very uncertain. Nevertheless, it is believed that today's recommended budget for NKU will: sustain our campus momentum; protect and enhance academic quality based on what both our students and our community describe as important; protect affordability (need-based financial aid); and enhance budget reserves in the face of uncertain financial times. There was detailed discussion this morning in the Policy and Finance meeting on the University's budget proposal. Highlights of that discussion included the $624 tuition increase for in-state undergraduates and the fact that NKU will remain the lowest priced university in the tri-state, as well as one of the lowest priced in Kentucky. While the Governor has pledged to correct NKU's historic underfunding, no progress has been made to date. Next year, our students will pay over 60% of the public support of their education. The challenge that the University has had this past year has not been easy. The tuition increase was necessary for the overall quality of education. The national trend is

to privatize public higher education.

- Kathy Stewart, Director of Special Events, and her staff were recognized for their dedication and hard work in putting a public face on the University, particularly, when looking toward Commencement this Saturday.
- Joe Wind, Executive Director of Government and Community Relations, was recognized on behalf of the University for his work over the last nine months in Frankfort to advance both the University and the region. Mr. Wind was also recognized for his ability to organize the voice of the students in his work.
- This spring, the University Student Government Association had a very contentious student election process, with accusations and charges of mischief from all sides. Late in the campaign, the eventual winning slate was declared ineligible by the SGA student committee that oversees such matters, based on a constitutional interpretation. That decision was appealed to the dean of students who ruled in favor of the eventual winners.

  That decision was appealed to the Board of Regents. As with all matters, the Board Chair asked that the appeal flow through administrative channels. After a comprehensive review by Vice President Shanley and University Legal Counsel Sara Sidebottom, the original recommendation by the dean of students was recommended to stand. After my review, I recommended to Board Chair Wilson that the election not be reviewed by the Board of Regents and that the outcome should stand and not overturn the popular vote of the student body. Regent Wilson concurred with this view.

In reference to the student election process, Chair Wilson indicated that she and the Board members were pleased to see students who care, stating that apathy can be damaging to any university. She reiterated the comments made by the President, referenced above, pertaining to this matter. Chair Wilson stated that the Board agrees with the President's finding and the election should stand.

A. Joint Finance and Policy Committee Reports:

1. **Senior Satisfaction Survey:** (Report given by Regent Griffin)
   A presentation was given by Stephanie Baker, Student Affairs Research Analyst, on the Senior Assessment Program and the results of the Noel-Levitz Student Satisfaction Inventory administered to approximately 400 NKU seniors in fall 2003. This survey allows NKU to make comparisons with approximately 1,100 other universities whose students also take the survey. Students rated a broad range of their college experiences by the importance of the specific expectation and their satisfaction with how well that expectation was met. This inventory provides a powerful tool to understand what NKU students expect from their college experience and how successful NKU is in providing instructional programs, supportive services, and an environment to meet these expectations.

   The results compared a national representative sample and NKU survey results from 1999. On the whole, NKU student expectations are being met, and students are highly satisfied with their NKU college experience and are also significantly more satisfied than the national comparison group on the majority of the survey items, particularly those that focused on instruction, advising, support services, and campus environment. Satisfaction levels for fall 2003 students were also substantially higher than the scores from the fall 1999 senior cohort.

   This data supports those initiatives and enhancements originating from the 1998-2003 Defining Our Future Strategic Plan, which were successful in enhancing the college experiences for NKU students.

2. **Tuition and Fees/NKU Budget Recommendation:** (Report given by Regent Brown)
   A presentation was given this morning by President Votruba and Vice President Hunter on the University's FY 2004-05 Operating Budget and the FY 2004-05 tuition recommendation. The University's operating budget recommendation totals $133.8M. This is an increase of $8.7M over the previous year. NKU is not expected to receive an increase in state appropriation. The FY 2004-05 Operating Budget includes $2,137,800 in base budget reallocation. The proposed budget also invests in the following strategic priority areas: Academic Quality and Capacity Initiative - $2.2M; Nondiscretionary Expenditures - $9.5M (includes budget reserve of $2M which is 5% of NKU's state operating appropriation); and Priority Funding Needs - $2M. NKU's FY 2004-05 Tuition Recommendation provides for a multi-year strategy to support three areas of investment: $2M for the University's academic Quality and Capacity Initiative (5% tuition increase over the next two years for a total of $4M over two

years); $1M to continue the second year of a 3-year commitment to the New Student Union (2.5% tuition increase in each of the three years for a total of 2.8M over three years); and 9.2% to address the University operating needs.

The 5% increase for Academic Quality and Capacity and the 2.5% for the New Student Union will continue into FY 2005-06.

The FY 2004-05 Tuition Recommendation was developed in consideration of NKU's affordability compared to states contiguous to Kentucky (8 years of data was presented). A key point was the review of NKU's net tuition & fees (gross tuition & fees less federal and state student aid and federal educational tax credits) which revealed a net tuition increase under 2% per year (this does not consider increases in institutionally funded aid & scholarships). Despite double digit increases over the past couple of years, NKU tuition remains affordable and competitive.

Regent Brown stated that a quality NKU education is still a good value which will greatly benefit our students in the future.

C. **Presidential Reports**:

1. **Facilities Management:** Vice President Ramey's report highlighted the following projects:
   - Digital Classroom/Planetarium Project: The construction bid came in under budget; however, construction will not begin until federal funds are received to help support the project.
   - Greenhouse: The construction bid for this project came in over budget. Feasability of another location and renovation of the existing greenhouse is being reviewed. Provost Wells has been very supportive and instrumental in moving this project forward. (Regent Pogue asked how much the Greenhouse bid was over budget. Vice President Ramey indicated that the second bid came in at $80K over, with the first bid approximately $160K over budget. President Votruba indicated that the location was also an issue with the Greenhouse. There is some concern from the Biology Department that the suggested location would be adjacent to a parking lot by the new Residence Hall).
   - New Parking Deck: Construction is moving along very well. Completion is anticipated at the start of this fall semester.
   - Performance Contracting/Energy Audit: Siemens Building Technologies, Inc. is in the final phase of the University's energy audit. There should be a recommendation at the July Board meeting to go into a performance contract with Siemens which should allow for beneficial upgrades to the University's energy program as well as the circulated air quality of the buildings. This will be funded by utility funds and financed through a performance-based contract administered by the Commonwealth.
2. **Quarterly Financial Report:** Vice President Ramey indicated that the University's revenue and expenditure projections are within the budget to date. He noted that the University has yet to receive the additional $2M budget reduction. This does not show on the statement as of March 31, 2004. With those reductions anticipated by the end of this fiscal year, it is very likely that the University will have a decrease in unrestricted net assets for the year.

3. **Comprehensive Campaign Report**: No further comments were made on the report as submitted. The report summarizes the campaign resources committed from July 1, 1999 through April 28, 2004 totaling $43,132,550 in support of NKU's campaign priorities.

4. **Research Grants and Contracts:** No further comments were made on the report as submitted. The report summarizes the successful proposals with the award amount for each proposal for NKU faculty and staff from March 1, 2004 through April 30, 2004. Seventeen proposals were awarded during this time period. The total amount of funds awarded was $2,019,474.

   A total of $7,500 was awarded during this time period for the Center for Applied Ecology.

C. **Presidential Recommendations:**

Consent Agenda Items: A motion was made by Regent Pogue and seconded by Regent Zapp to approve the following

Presidential Recommendations as listed below (1-9). **Motion carried.**

College of Professional Studies – Communication: Wendy L. Falato.

3. **Emeritus Status: Charles A. Pinder**, Professor, Department of Technology and **Jerald H. Richards**, Professor of Philosophy and Chair of the Department of Sociology, Anthropology, and Philosophy.

4. **Posthumous Honorary Juris Doctorate: Sebastian Todd Trusso**, a Salmon P. Chase College of Law student, had completed fifty-eight of his ninety required credit hours for the Juris Doctorate degree at the end of the fall 2002 semester and was in the process of his spring 2003 semester when he died suddenly. Mr. Trusso was a 3.0 plus law student and would have graduated in December 2003 and participated in the College of Law commencement ceremony in May 2004.

5. **Non-Academic Personnel Actions:** The following categories of non-academic personnel actions, which occurred between February 27, 2004 and April 21, 2004, were approved: Activations; Reassignments, Reclassifications, Re-Engineering, and Title Changes; Departures; and Retirees.

6. **Administrative Personnel Actions: Larry J. Blake**, Assistant Vice President for Facilities Management, effective March 22, 2004.

7. **Bad Debt Write-Off :** Authorization for the Vice President for Administration and Finance to write off bad debt for fiscal year 2003-04 from the University's financial records as operating expenses. This is accomplished once a year before the end of the fiscal year. Bursar Operations monitors the various categories to assure effective receivable management practices are in place.

8. **Honorary Degree Candidate - conferred at the May 12, 2004, Commencement:** Elaine L. Chao, Secretary, U.S. Department of Labor, is approved as the recommended candidate for an Honorary Doctor of Public Administration degree. The degree is to be conferred at the University's May 15, 2004, commencement ceremonies, held at US Bank Arena in Cincinnati, Ohio.

9. **Chellgren Pathways to Entrepreneurship Speaker Series Endowment:** Authorization for the Chair of the Board of Regents to submit a Notice of Board Approval to the Council on Postsecondary Education stating that the Northern Kentucky University Board of Regents accepts a gift in the amount of $77K in support of the Chellgren Pathways to Entrepreneurship Speaker Series Endowment. Authorization was also granted to submit the contribution for consideration of Commonwealth Matching Funds. The Board of Regents acknowledges responsibility for oversight of the endowment established with this contribution in accordance with council guidelines and procedures.

10. **Acceptance of contributions received by the NKU Foundation:** Vice President Read indicated that a $2M anonymous gift commitment had been received from an NKU graduate. This is the largest gift received from an NKU graduate in the University's history. This brings our total annual giving for this year at over $7M. The alumni participation rate for the annual fund this year is over 19%. This would rival and exceed many public universities; particularly since this University is largely a commuter institution. The University is ahead of schedule on the campaign at $43M to date. A motion was made by Regent Pace and seconded by Regent McCoy to accept contributions totaling $2,424,600 received by the NKU Foundation Inc. for the benefit of Northern Kentucky University during the period March 1, 2004 through April 28, 2004, as listed in the recommendation. **Motion carried.**

11. **Tuition and Fees:** President Votruba indicated that this recommendation was a challenge of choice and was not an easy process. Conversations began last fall with roughly a $750 increase. Through internal re-allocations, the University was able to bring the increase to roughly $624 for Kentucky in-state residents. Without the needed appropriations from the state, the quality of the academic experience and the preparation of students for work and for life needs to be protected.

    At this time, Regent Pace made a statement to the Board representing himself and other members of the Student Government Association who were against the proposed tuition increase, stressing that the University was in favor of growth over access.

President Votruba wanted to challenge the comment made by Regent Pace suggesting the University favors growth over access. The University had a difficult choice to make on whether to significantly increase class size and use more part-time faculty. This budget assumes less than 2% growth. The University can not grow more on the margin. Marginal growth was used on the revenue strategy to keep classes small and to fund quality.

Regent Pogue thanked Regent Pace for his eloquent statement to the Board opposing the tuition and fee increase. She hoped that Regent Pace would continue his campaign with the state legislature for what he feels is just and right. President Votruba indicated that this was the same fight that the University has carried to Frankfort as well–it is unjust for NKU students to pay 62% for the public financing of their education.

With one vote against the recommendation by Regent Pace, a motion was made by Regent Downing and seconded by Regent Butler to approve a comprehensive schedule of tuition, fees and charges for academic year 2004-05 at the rates proposed in the Authorized Schedule of Tuition Rates and Authorized Schedule of Fees and Service Charges and that the Board of Regents also approve an increase in tuition by 5% in academic year 2005-06 to support the second phase of the University's Academic Quality and Capacity initiative. **Motion carried.**

12. **Fiscal Year 2004-05 Annual Budget for NKU:** A motion was made by Regent Zapp and seconded by Regent Butler to approve the resolution establishing and approving the Fiscal Year 2004-05 Unrestricted Current Fund Annual Operating Budget for Northern Kentucky University in an amount totaling $133,800,000, beginning July 1, 2004, and ending June 30, 2005, subject to the realization and receipt of revenue totaling a like amount. Student Regent Pace voted against the recommendation, and there were two abstentions by Staff Regent Beck and Faculty Regent McCoy (although agreeing with the budget in principle, this action was taken due to their direct benefit from the recommendation as University employees). **Motion carried.**

With no further business, at 2:00 p.m., the meeting adjourned without objection.

Board of Regents Meeting
Northern Kentucky University
University Center Ballroom
July 21, 2004

The regular meeting of the Board of Regents was called to order at 1:05 p.m. on Wednesday, July 21,2004, by Vice Chair Brown.

Invocation was read by Regent Butler.

The Oath of Office was administered to new Regents Andrew Hixson and Denise McClelland by Vice Chair Brown.

Roll Call: Beverly Beck, Chuck Brown, Martin Butler, Frank Downing, Joyce Griffin, Andrew Hixson, Denise McClelland, Carrie McCoy, Betty Pogue, and Robert Zapp (Excused: Anna Dale Pyles).

Others Present: James Votruba, Michael Baker, Deborah Read, Gerald Hunter, Sara Sidebottom, Mark Shanley, Carole Beere, Ken Ramey, Gail Wells, Mimi Assanuvat, Lilla Losey, Dione Smith, Rick Meyers, Chris Cole, Bill Farro, Zane Harris, Justin Fenton, Lisa De Valk Mooney, Jim Ogle, Mike Carrell, Katie Herschede, Kurt Herschede, Carol Bredemeyer, Michael Tobergta, Cheryl Nunez, Tira Rogers, Angie Gabbard, Jeff Iker, Elaine Jarchow, Rick VanSant - *Kentucky Post,* Lindsey Taylor, Cora Moore, Jared Moore, Lenny Hall, Mary Ryan, Kathy Stewart, Pat Moynahan, Arne Almquist, Gary Pratt, Linda Reynolds, Linda Parks, C. J. Fryer - *The Northerner*, Gary Graff, Joe Wind, Mac Riley, Larry Blake, Mary Lepper, Deidre Fajack, Mary Paula Schuh, Paul Ellis, John O'Neill, Carol Beirne, Steve Meier, and Gerry St. Amand.

A motion was made by Regent Zapp and seconded by Regent Downing to approve the minutes of the May 12, 2004, Board of Regents meeting. **Motion carried.**

Presidential Comments:

- An update was given on the increase for University student enrollment compared to this time last year: summer – 1.8%; fall – 3.6%; undergraduate – 3%; first-time freshman – 7.4% (impact of tuition increase); graduate – 5.8%;and law – 12.3%.
- Governor Fletcher is currently involved in trying to broker both a tax reform agreement and a budget with both houses of the General Assembly. The Governor's commitment to NKU and to this region remains strong particularly to advancing equity funding. The University is well positioned at both the state and federal level. Joe Wind was recognized for his efforts in this regard, as it has been a very difficult year.
- Mac Riley was commended for his work as the University's point person on the federal level. Mac's leadership has brought new visibility for NKU in both Congress and with the administration. He and his wife, Michelle Ann, are tremendous ambassadors for NKU in Washington D.C.
- At the morning's Joint Policy and Finance meeting, Cheryl Nunez, Director of Affirmative Action and Multicultural Affairs, briefed the Board on the Kentucky Plan, the partnership between the Commonwealth and the federal Office of Civil Rights, and gave a description of Kentucky's Committee on Equal Opportunity, which will be visiting our campus this fall. One of NKU's core values is to build a diverse and multi-cultural campus which would ensure opportunity and enhanced learning for all. The corporate community wants a diverse workforce. It is the right thing to do not only for the University, but for the community.
- Discussion at the earlier committee meeting also included the University's proposal to apply new admission standards beginning in the fall of 2005 with full implementation in 2006. NKU is becoming the first choice for many of the region's best prepared students, with the demand for access to the University being at record levels. The standards will help insure that admitted students are prepared to succeed, and that access will not be compromised. This proposal is supported by the high school counselors and superintendents throughout the region.

Acknowledgment was given to the leadership of Paul Reichardt, Joel Robinson, Gerald Hunter, Mark Shanley, Gail Wells, and the NKU administrative team for their work on the development of these guidelines.

- Last Spring, the Student Government Association (SGA) developed a new constitution, which was approved by the student body. Within the student body and SGA, there was considerable controversy surrounding that process. It was recommended that the Board not approve the Constitution at this time, but that the document receive further review over the next several months by the SGA leadership and the University Administration. The Constitution is planned to be brought to the Board for approval at the November meeting.
- The new Dean of the College of Education, Elaine Jarchow, was recognized. Dean Jarchow is an experienced educational leader who has extensive experience working in cross-cultural and international settings. Rachelle Bruno was thanked for her outstanding leadership as acting dean during this period of transition.
- Mike Baker was thanked on behalf of the University and the Board of Regents for his work over the last six months as the Interim Executive Assistant to the President and Secretary to the Board of Regents (Mr. Baker managed this position while also maintaining his position as the Executive Director of the University Foundation). The position in the President's Office is expected to be filled before the next Board meeting in September.

Regent Recommendation: A motion was made by Regent Zapp, as Chair of the Nominating Committee, and seconded by Regent Downing to nominate the following Regents to serve as the Board of Regents Executive Committee for 2004-05: Chuck Brown (Chair), Anna Dale Pyles (Vice-Chair), and Martin Butler (Secretary). **Motion carried.**

A. **Joint Finance and Policy Committees:**

1. **Kentucky Plan/The Committee on Equal Opportunities Site Visit:** (Report was given by Regent Griffin)

   A presentation was given by Cheryl Nunez, Director of Affirmative Action and Multicultural Affairs, on The Kentucky Plan, which guides Kentucky's systemwide efforts to achieve equal educational opportunity, and on how NKU had performed in the past in comparison to the plan. The Plan was first initiated in response to a 1981 Office for Civil Rights finding that the Commonwealth had violated Title VI of the Civil Rights Act of 1964.

   Ms. Nunez discussed the University's upcoming site visit this fall (October 18 and 19) by the Committee on Equal Opportunities (CEO), at which time it will engage in focus group discussions with a variety of campus constituents, including students, administrators, and staff.

   Overlaying the Commonwealth's own Kentucky Plan, is its current Partnership Agreement with the Office for Civil Rights (OCR). The OCR is the federal entity whose charges of Title VI violation originally spurred the Kentucky Plan. It has been working closely with the Council on Postsecondary Education (CPE) and the institutions of higher education since 2000, to bring to a close its unresolved issues. It is expected that the OCR will soon offer a final pronouncement on whether Kentucky has satisfied its Title VI obligations. Notwithstanding the satisfaction of OCR concerns, under the requirements of Senate Bill 398 and its administrative regulation, the CPE and CEO will continue to work with the institutions of higher education to implement an educational equal opportunity plan. The collaborative process to draft a new plan is expected to take place over the next 15 months, with ample opportunities for institutional input.

2. **Admission Standards:** (Report was given by Regent Butler)
   The Admission Standards Committee was commended for their research and planning for the proposal. In September 2003, the Interim Provost charged a committee of faculty and administrators with determining whether the University's admission policies were properly aligned with its strategic agenda. After studying a variety of data related to recruitment, retention, and graduation, the committee issued a report which recommended that admission standards be adjusted to reflect the University's aspiration to become a "preeminent learner-centered metropolitan institution." At the same time, the proposed new standards are sensitive to the University's commitment to providing "access with opportunity to succeed" for both Kentucky residents and students in the Greater Cincinnati metropolitan region.

   The committee's study found that students entering the University with multiple academic deficiencies were not succeeding and graduating at acceptable rates despite the availability of viable academic assistance programs.

   The new admission standards are aimed at: improving the preparation of students entering the University; enhancing the academic support structure offered to students; improving retention and graduation rates; and supporting area high schools in their commitment to provide students with a strong curriculum and challenging learning experiences.

B. **Presidential Reports**:
   1. **Facilities Management:** Vice President Ramey's report included the following comments:
      - **Lake Development** (Lake Vista Project): The design phase is complete with construction expected to begin in the fall.
      - **Performance Contracting/Energy Audit**: Siemens Building Technologies, Inc. was chosen through a selection process coordinated by the Commonwealth. The purpose of the Technical Energy Audit Report is to identify a broad range of services and capital improvements to reduce consumption and related costs of energy and water use at both the Highland Heights and Covington Campuses. Based on the results of the audit, the administration requests that the Board authorize the Administration to proceed with a performance-based contract in the amount of $4,530,252. The entire project will be funded by energy savings within existing budgeted funds.
      - Larry Blake, the new Assistant Vice President for Facilities Management, was introduced to the Board.
      - Members of the University's Roads and Grounds department were recognized at the meeting for their campus beautification efforts.
   2. **Comprehensive Campaign Report**: Vice President Read indicated that it is wonderful to see the results of the Campaign such as the Lake Vista Project. The Campaign is one year ahead of schedule, and a celebration is scheduled for this coming November 11. The report summarizes the campaign resources committed from July 1, 1999 through June 29, 2004, totaling $43,734,288 in support of NKU's campaign priorities.

   3. **Research Grants and Contracts:** No further comments were made on the report as submitted. The report summarizes the successful proposals with the award amount of each proposal for NKU faculty and staff from May 1, 2004 through June 30, 2004. Eleven proposals were awarded during this time period for Research Grants and Contracts totaling $1,089,920 and thirteen proposals awarded for the Center for Applied Ecology totaling $135,475.

A motion was made by Regent Pogue and seconded by Regent McCoy to authorize the University administration to adjust admission standards to include completion of the Pre-College Curriculum (PCC), ACT composite and subject scores, high school grade point average (GPA), and high school class rank, effective fall 2005. **Motion carried.**

With no further business, at 1:40 p.m., a motion was made by Regent Zapp and seconded by Regent Downing to adjourn. **Motion carried.**

Lilla F. Losey
Senior Administrative Assistant
Office of the President

W. Michael Baker
Interim Executive Assistant to the President/
Secretary to the Board of Regents

I, Martin C. Butler, Secretary of the Board of Regents of Northern Kentucky University, certify that the foregoing is a true copy of the minutes of the regular meeting held on July 21, 2004, and that such matters are still in force and effect.

Martin C. Butler
Secretary of the Board of Regents

Northern Kentucky University
Board of Regents Retreat
Metropolitan Club, Covington, Kentucky
August 30, 2004

The Board of Regents Retreat began at 8:00 a.m. on August 30, 2004.

Members present were Beverly Beck, Chuck Brown, Frank Downing, Joyce Griffin, Andrew Hixson, Denise McClelland, Carrie McCoy, Betty Pogue, and Robert Zapp. Also in attendance was James Votruba and Michael Baker. Secretary Jim Host and John Stanton, from the Governors office, were present for the first session.

Secretary Host Presentation:
An overview was given of Kentucky's growing economy and the challenges facing higher education. The importance of higher education in economic development was emphasized. Secretary Host was very complimentary of NKU and President Votruba.. The Board was encouraged to think "big" as it relates to the future of NKU. He emphasized that the Commonwealth must 1) graduate more of our citizens and 2) develop an international business plan and international marketing plan. Kentucky is closely positioned to the majority of the United States population geographically. He asked that the University focus on 1) what we do well, 2) our key assets to the community, and 3) areas where we can excel.

The need for strategic planning in Northern Kentucky was explained. He said a plan was created by a community group in 1978 and needs to be updated. He also discussed transportation and branding as a revenue generator for the Commonwealth. Good discussion took place during his presentation.

Secretary Host and John Stanton departed at 9:30 a.m.

Host Presentation Follow-Up:
President Votruba led the Board in an overview of Secretary Host's presentation. He also updated the Board on the Governor's most recent press conference on education and shared materials that were distributed at the press conference. The Board also discussed the need to focus on our strengths.

As Secretary Host indicated, the University needed to build the Special Events Center as large as possible (think "big"!); discussion then centered on the possibility of the University going to Division I. The President stated that the University should seriously begin studying this.

Board Self-Evaluation:
After returning from the break, Regent Downing led the Board in a self-assessment. He focused on key objectives for a good Board. He passed out copies of "Ten Commandments" for a successful University Regent/President tenure. Regent Downing stated there was a good diverse mix of people, adding to the success of the University. He discussed Kentucky statutes, bylaws of the Board, the President's contract and the University's agreement with the Foundation.

Regent Downing emphasized the use of "Robert's Rules of Order." Betty Pogue mentioned that she had provided a condensed/highlighted copy of the "Roberts Rules of Order" last year to be given to the Board. Regent Downing referred to Ed Penson's, *Board and President: Facilitating the Relationship,* which each of the Board members had received. He also referenced recent articles in the August trustee publication.

Regent Pogue complimented the Board on its interaction with each other; she discussed the importance of the dinner the night before Board meetings as it allows for social interaction. The Regents also discussed the importance of the annual retreat. Regent Brown emphasized that there had been good communication among the Board members this past year. Regent McClelland asked about a conflict of interest policy. While no Board policy exists which solely focuses on this issue, there are many policies in which this is addressed. Regent Hixson discussed the dilemma on the student tuition voting situation. The Board agreed that the Student Regent should do whatever is best.

Dr. Votruba asked whether the committee structure was working and asked if the Board was receiving information in advance; positive feedback was received on this. Regent Brown emphasized that we should continue sending out NKU related news articles.

Dr. Votruba discussed a Regent in Residence program where Regents would come to campus to learn in greater detail about a specific topic. Good discussion followed on the Board's performance.

Accomplishments (Goals):
President Votruba discussed the accomplishments this past year. He referenced the University Address which had been previously distributed. He then distributed the 2004-2005 objectives. There was much discussion among the Board; the goals were supported.

Presidential Evaluation:
The Regent's went into executive session to discuss the President's performance and compensation.

The retreat concluded at 5:00 p.m.

Wilson for her distinguished service during her term as Regent, which ended on June 30, 2004. **Motion carried.** The Resolution was read and presented by Chair Chuck Brown.

Presidential Comments:

- The day's celebration of the new Grant County Center is very special in the life of the University. This University/community partnership started seven years ago and began with a common vision. There are nearly 400 enrollments this fall in the new and expanded Center.
- Recognition was given to Brenda Wilson on behalf of the University for her leadership and service as Regent and Chair. Ms. Wilson brought to the Board a deep understanding of higher education, a steadfast commitment to advancing the University, and a thoughtful ability to ask the right questions at the right time and always in the right way.
- Mike Baker was recognized for his work and commitment for the last nine months as Interim Executive Assistant to the President and Secretary to the Board of Regents. This was expected to be Mr. Baker's last meeting in this role.

A. **Joint Finance and Policy Committees:** (Reports were given by Secretary Butler)

1. **University Advancement Update:** Vice President Read reported that NKU has raised more than $43.8M toward its $40M Shaping Dreams Campaign goal and is a year ahead of schedule. The NKU Foundation has seen its total assets grow from $22.9M in 1999 to $50.3M in 2004. The NKU Foundation has seen a tremendous growth in its endowment assets, up from $18.9M in 1999 to $33.6M in 2004. In addition to the work of the Grant County Higher Education Foundation and the Salmon P. Chase College of Law Foundation assisting in these efforts, our Alumni participation is near 20%, which is excellent for such a young institution.

   Some of the ways that the Campaign has impacted the lives of NKU's students include: scholarship enhancements; support of undergraduate research and outreach initiatives; allowing NKU to expand student recruitment; and enhancing the educational experience of NKU students. Shaping Dreams has helped the University to improve its program offerings, student support services, and to greatly enhance a number of campus facilities - including the upcoming Lake Vista project.

2. **US 27 Development:** Mike Baker, Executive Director of the University Foundation, Inc., reported on the status of the project, indicating that bids are due in the next few days. Two developers are currently involved in the project. A more detailed report will be given at a later date.

3. **Lake Project:** A presentation was given by Vice President Ramey and included the following information:

Schematic Design Committee representation from the University and the Community; privately funded $2.4M project to be constructed in two phases (bids are currently being solicited for Phase I and Phase II). Phase I includes: draining the lake and constructing walls around the perimeter; constructing a weir near the mid-point of the lake to create a 4 foot change of elevation and waterfall; walkways and landscaping around the perimeter; and a bridge across the lake from the Fine Arts Building toward AS&T. Phase II includes: the construction of an amphitheater between Fine Arts and University Center–bidding is scheduled for November 2004; both phases are planned for completion in Fall 2005.

4. **New Student Union:** A presentation was given by Vice Presidents Ramey and Shanley. The presentation included the following: review of the programmatic needs for the new facility; floor plans and elevations of the buildings' exterior; an overview of the various activities that will be assigned to the new building and those that will remain in the University Center; and the budget and schedule currently anticipated for the project.

   Provided funding will be approved by the legislature in Spring 2005, the building is planned for completion in late July 2007.

5. **Virtual Tour of Grant County Center:** After a brief introduction by Wade Gutman, Executive Director of the Grant County Chamber of Commerce, and Associate Provost Carole Beere, a virtual tour was given of the new NKU Grant County Center giving explanation on how the various rooms will be used. There are four classrooms, a seminar room, a technology resource room, a large conference room, and several offices. Most of the furnishings and computers are brand new.

B. Presidential Reports:

1. **Facilities Management:** Vice President Ramey's report highlighted the following projects:
   - Power Plant: Construction is nearly complete and the building is fully operational. Mechanical and electrical contractors continue to work inside the building. Site landscaping work and final interior finish work are underway.
   - Fitness Center: This project involves creation of an enlarged Fitness Center in the Health Center. Fitness space in the building will increase from about 1,500 square feet to 4,700 square feet. The Center is scheduled to be utilized by the end of this September.
   - New Parking Deck: Occupancy will be phased. 100 spaces were expected to be available when school started in August but this did not occur due to construction issues. To offset the parking deck not being available, the University offered a few weeks of free shuttle service from the Thriftway property to campus for students, faculty, and staff. Assistant Vice President for Facilities Management Larry Blake and his staff were commended for advertising and coordinating this effort. A total of 680 new parking spaces are expected to be available by Spring 2005.
   - The new Director of Public Safety Harold Todd was introduced to the Board.
2. **Comprehensive Campaign Report**: No further comments were made on the report as submitted. The report summarizes the campaign resources committed from July 1, 1999 through August 23, 2004, totaling $43,888,548 in support of NKU's campaign priorities.

3. **Research Grants and Contracts Annual Report:** Associate Provost Beere indicated that the report speaks for itself. There were two areas emphasized this year: 1) Student involvement in research and reporting and 2) Increase in the grants and contracts coming into the University. A question was addressed that came up last year regarding comparable reports from the year before. The University was not in a position to answer at that time due to lack of data from prior years. This year's report has a comparison to last year and this comparison will continue from year to year. This year there was a 12% increase in the number of proposals submitted, a 16% increase in the number that were funded, and a 9% increase in the actual dollars awarded to NKU. The awards as of June 30, 2004 were $7.5M.

4. **Research Grants and Contracts Bi-Monthly Report:** Associate Provost Beere reported that this report shows a very promising year for the University. The report summarizes the successful proposals with the amount of award for each proposal for NKU faculty and staff from July 1, 2004 through August 31, 2004. Twenty proposals were awarded during this time period, totaling $4,244,202.

C. **Presidential Recommendations:**

College of Arts and Sciences: **Biological Sciences**: Megan Jaskowiak (Fiscal Year); and Mike Scola (Academic Year); **History and Geography (Academic Year)**: Rodney Daniels, Terrence Anthony Fleming, and Lawrence Mitchell; **Literature and Language (Academic Year)**: Maureen Cronin and Kristi Eiler; **Mathematics and Computer Science (Academic Year):** Barbara Phillips; **Music (Academic Year):** Eric Paul DeForest, John Wesley Finn, Esther Nam and Erwin Stuckey; **Physics and Geology (Academic Year):** Sarah E. Johnson and Kisa S. Ranasinghe; **Political Science and Criminal Justice (Academic Year):** Gail O'Brien, Julie Olberding, and Jennifer Webster; **Psychology (Academic Year):** Jennifer Sacher Browne; **Sociology, Anthropology, and Philosophy (Academic Year):** Gregory Bigot and Jan Gallagher; **Theatre (Academic Year):** Alfred Dove, Christine Jones, Robert L. Kerby, and Michelle Teyke.
College of Business (Academic Year): Economics and Finance: Gregory Farfsing; **Information Systems:** Frank Braun and Jerome Gonnella; **Management and Marketing**: Joumana Abraham.
College of Education (Academic Year): Elementary, Middle, and Secondary Programs: Dreama Price and Tammy Sherry.
College of Professional Studies (Academic Year): Communication: Wes Akers, Michele Day, John Michel Delaney, Sarah Schroeder, and Jessica Wilson; **Nursing and Health Professions:** Judi Frerick; **Technology:** Robert A. Willoughby.
Vice Provost: Honors Program (Academic Year): Ronald Hoffman and Kelli Sittason; **Learning Assistance Program (Fall 2004 Semester):** Kathleen Culp, Jill Easter, Marcia L. Gardner, Shirley Montgomery, and Gregory Walsh.

3. **Administrative Personnel Action:** Joel L. Robinson, Assistant Vice President for Enrollment Management, effective July 1, 2004.

4. **Non-Academic Personnel Actions:** The following categories of non-academic personnel actions, which occurred between July 1, 2004, and August 16, 2004, were approved: Activations; Temp/Contract to Regular Position; Reassignments, Reclassifications, Re-Engineering, and Title Changes; Promotions; Transfers, Departures, and Retirees.

5. **Lease Agreement:** Authorization for the University Administration to enter into a lease agreement for rental of the house at 9 Clearview Dr. The property was purchased on April 22, 2004. As the house becomes vacant, it may be rented for residential use to provide a modest income and to allow the property to be occupied. With space becoming increasingly tight on the main campus, it is likely over the next several years that most houses will be converted from residential use to office space.

6. **Demolition of Buildings:** Authorization for the University Administration to proceed with demolition of the Buildings located at 4-8 Hilltop Drive. The University takes possession of the property located at 4-8 Hilltop Drive on September 1, 2005. This property has four buildings, all in significant disrepair. Because this site is to be incorporated into the new Sports Complex site, investment in restoration of these buildings would not be prudent. These buildings will be demolished in place in accord with state standards.

7. **University Posting Policy, Administrative Regulation, AR-II-5.0-5:** The University Posting Policy was updated last year due to the policy being outdated. The new policy is easier to follow and has time limitations placed on the period of posting items on campus. Additionally, a few campus buildings requested to have posting restricted to bulletin boards and/or designated wall locations.

8. **Athletic Council Policy (Revision):** This policy (#16, adopted 02/17/04) requires head coaches to develop an alcohol policy for their respective teams. Some of NKU's athletic teams have written policies that clearly state what their team's expectations and consequences for student-athletes in regards to use and abuse of alcohol and drugs. The Athletic Council feels it is extremely important that all head coaches be required to formulate written policies regarding alcohol and drug use. All student-athletes will hear from their respective coach as to what is acceptable behavior and what is not and that there will be consequences such as lost practice and playing time or even dismissal from the team for unacceptable behavior.

9. **Athletic Council Standing Committee, Administrative Regulations, AR-III-5.0-2 (Revision):** This revision to the Standing Committee, Athletic Council constitution and bylaws allows for incorporating a Senior Woman Administrator into the membership of the Council and redefines the Athletic Council's responsibility of hiring head coaches. The NCAA Division II strategic plan identifies the enhancement of the role of the senior woman administrator as a top priority. This initiative includes ensuring the active involvement of female administrators as part of the athletics management team with program-wide administrative responsibilities including decision-making at the institutional, conference and national levels.

   In the Athletic Council Bylaws, Article III, Section 1, the changes reflect the reporting line and the Department of Human Resources procedures. The Athletic Council felt it was important to maintain a faculty majority of the committee to protect the Athletics Program, in particular, during controversial and tumultuous times.

10. **University Governing and Administrative Regulations on the NKU Website:** The NKU Governing and Administrative Regulations are currently in the process of being converted to a Microsoft Word document. In the review of the document, minor changes were necessary to make the document accurate. No changes were made which would change the meaning of the documents as they stand. The convenience of having the Regulations available online will not only benefit the University Community but will be a great asset for any individual searching the NKU website for information. The project is expected to be completed and available by early fall.

11. **NKU Organizational Structure Changes:** The structure is updated bi-annually and reflects all administrative

changes to date. Areas listed under the reporting lines are primarily for Director level and above. A motion was made by Regent McClelland and seconded by Regent Hixson to approve the University Organizational Structure changes as presented. **Motion carried.**

12. **Northern Kentucky Cooperative for Education Services:** A motion was made by Regent Downing and seconded by Regent Pogue to authorize continued participation in the Northern Kentucky Cooperative for Educational Services, a separate administrative board created by an Interlocal Cooperative Agreement between certain school districts in the Northern Kentucky area and Northern Kentucky University, and for voting purposes, appoint an alternate representative as requested by the Cooperative. **Motion carried.**

13. **Creation of Northern Kentucky University Research Foundation (NKURF):** Associate Provost Beere indicated that her office had made a presentation on this proposal to the NKU Foundation, Inc.'s Executive Committee. Michael Baker commented that the Foundation Executive Committee was supportive of this initiative. At the September 2003 meeting of the Board of Regents, the Board authorized the University to develop a research foundation. Since that time, several university offices, including the University Counsel, have collaborated on the development of three documents that will create and begin the implementation of the NKURF. NKU's research foundation will: serve as the University's agent in the receipt of external grants and contracts, intellectual property income and other designated income, and conservation easements; oversee the protection, development, and commercialization of intellectual property; and manage special cooperative agreements. A motion was made by Regent McCoy and seconded by Regent Butler to approve the Articles of Incorporation, the By-Laws, and the Management Agreement to create the Northern Kentucky University Research Foundation. **Motion carried.**

14. **Acceptance of contributions received by the NKU Foundation:** A motion was made by Regent Pogue and seconded by Regent Beck to accept contributions totaling $107,954 received by the NKU Foundation Inc. for the benefit of Northern Kentucky University during the period June 30, 2004 through August 23, 2004, as indicated. **Motion carried.**

With no further business, at 2:00 p.m., a motion was made by Regent Griffin seconded by Regent Hixson to adjourn. **Motion carried.**

Board of Regents Meeting
Northern Kentucky University
University Center Ballroom
November 17, 2004

The regular meeting of the Board of Regents was called to order at 1:10 p.m. on Wednesday, November 17, 2004, by Chair Brown.

Invocation was read by Regent McCoy.

Roll Call: Beverly Beck, Chuck Brown, Martin Butler, Frank Downing, Joyce Griffin, Andrew Hixson, Denise McClelland, Carrie McCoy, and Betty Pogue (Excused: Anna Dale Pyles and Robert Zapp).

Others Present: James Votruba, Michael Baker, Deborah Read, Kimberly Luse, Gerald Hunter, Sara Sidebottom, Mark Shanley, Carole Beere, Ken Ramey, Gail Wells, Mimi Assanuvat, Lilla Losey, Dione Smith, Chris Cole, Gerry St. Amand, Don Gorbandt, Harold Todd, Joe Ruh, Larry Blake, Chuck Sambuchino (*Recorder Newspapers)*, Mary Paula Schuh, Bert Brown, Zane Harris, Laurie Haun (Auditor), Russ Kerdolff, Lori Southwood, Bridgette Pregliasco, Nancy Campbell, Mary Lepper, Carol Bredemeyer, Rick Van Sant (*Kentucky Post*), Mary Ryan, Pat Moynahan, Michael Tobergta, Cheryl Nunez, Mike Mimms, Bill Farro, Kent Kelso, Amy Arbino, Mary Kirk, Elaine Jarchow, and Michael Carrell.

A motion was made by Regent McCoy and seconded by Regent Hixson to approve the minutes of the August 30, 2004, Board of Regents Retreat meeting at the Metropolitan Club in Covington, Ky. **Motion carried.**

A motion was made by Regent Beck and seconded by Regent Pogue to approve the minutes of the September 8, 2004, Board of Regents meeting. **Motion carried.**

Executive Session: At 1:15 p.m., a motion was made by Regent Downing and seconded by Regent Pogue to call an Executive Session for review of an unqualified opinion of the University's financial reports. Laurie Haun, representative from Crowe Chizek & Company, presented the information to the Board. **Motion carried.**

At 1:22 p.m., a motion was made by Regent Downing and seconded by Regent Griffin for the Board to reconvene. **Motion carried.**

Presidential Comments:

- The University's Capital Campaign Celebration (Shaping Dreams) was this past November 11. Over the last five years, through the generous support of the donors, the Comprehensive campaign has raised over $45M. The recent success of the Shaping Dreams Campaign not only provided invaluable resources to the University, but it stands as a testament to the confidence that our community has in its University. Acknowledgment was given to Vice President Debbie Read for her leadership throughout the Campaign and for the support provided by her staff members, Don Gorbandt–University Development, Kathy Stewart--Events Planning, Marilou Singleton--Development Services, and the entire Advancement Team.
- The University's financial picture remains strong but uncertain without a state budget.
- The Lake Project, which is supported by private donors, is proceeding with the evacuation of the wildlife (fish, turtles, geese, ducks, etc.).
- NKU was recently selected by the *Business Courier* as one of three finalists in the tri-state area for one of the "Best Places to Work." The University was selected in its category of businesses with over 500 employees. Children's Hospital in Cincinnati was chosen.

A. **Joint Finance and Policy Committees:** (Reports were given by Regent Secretary Butler)

1. **2003-04 Annual Financial Report:** A presentation was given by Vice President Ramey, Comptroller Kerdolff, and auditors from Crowe Chizek and Co. LLC, Laurie Haun and Dennis Obyc, regarding the University's 2003-04 Annual Financial Report. Highlights of the presentation included:
   - Total assets grew by about $9M for the year, primarily due to the addition of new capital assets, including the new parking garage and power plant.
   - Total liabilities increased by $3M as a result of the issuance of new debt to finance the construction of the new parking garage.

- Net assets increased by $6M due to increases in capital assets, net of related debt and an increase in unrestricted net assets. The increase in unrestricted net assets provides the University with the flexibility to deal with the current uncertain state budget environment.
- Operating and nonoperating revenues increased by $10M with 75% of the new revenue coming from increased tuition revenue. The University's state appropriations have remained at $45M for the past 3 years. To make up for the lack of new revenues from the state, the University had to rely on increased tuition revenues to fund the increases in the cost of education and enrollment increases that the University has experienced.
- The University's financial position remained strong at June 30, 2004. Although the University continues to be the most underfunded university in the Commonwealth, the University is taking steps to diversify its revenue sources and find creative ways to meet the needs of its region. The University's increased fund raising efforts represent one means of diversifying revenue sources.

2. **PRISM Project:** A Presentation on the recently initiated PRISM Project was made by Vice President Ken Ramey and Bill Reed, Director of Special Projects:
   - Goals of the project were presented, as well as justified.
   - Similar projects in higher education institutions were shared.
   - An overview of NKU's approach was presented.
   - Vice President Ramey chairs the Project Steering Committee with participation from every campus division.
   - A core project team of senior staff has been assembled to provide full-time leadership to the project.
   - Business processes will be examined and new systems implemented in phases over the next three years.

   The status of the project was presented as follows:
   - Software systems and implementation partners are being evaluated.
   - Implementation begins January 2005 with business process analysis.
   - Financial and HR systems will be converted during 2006, followed by student systems during 2006-07.
   - Every segment of the campus community will be impacted. Success will require significant resources, including the support, cooperation, and patience of the entire organization.

3. **University Updates:** President Votruba provided updates on a number of matters which included the following:
   - The Council on Postsecondary Education (CPE) is in the process of rethinking its funding formula, in particular the benchmark funding process. The President has advised the CPE that NKU will not support any formula that does not address NKU's historic underfunding.
   - The Committee on Equal Opportunities (CEO) recently visited NKU to confirm that the University is meeting its Kentucky Plan objectives. The overall review was positive and indicated that the University is making good progress.

B. Presidential Reports:

1. **Facilities Management:** Vice President Ramey's report highlighted the following projects:
   - New Parking Deck – This project is nearing completion with approximately 680 new spaces available.
   - New Student Union – The approved 2002-2004 state budget provided authorization for design; legislative approval for construction is a priority for the 2004-2006 budget. The current project schedule (subject to change pending approval of a state budget) indicates that construction will begin late spring 2005.
   - New Power Plant – Regent Chair Brown asked for a cost update on this project. Vice President Ramey indicated that the project is nearly complete. The agreement entered into with the Seimens Corporation will represent a savings on utilities throughout the campus, including the Power Plant.
   - Lake Development – Regent Pogue asked about the completion date of the project which is expected in Fall 2005.

2. **A-133 Audit of Federal Programs (fiscal year ending June 30, 2004):** Vice President Ramey indicated that the audit was conducted by the firm of Crowe Chizek & Company in compliance with federal audit guidelines established by the U.S. Office of Management and Budget (OMB) Circular A-133. There were five minor problems found in the following areas (1. Perkins Loan Program, 2. Pell Grant, 3. Federal Family Education

Loan Program, 4. Federal Workstudy, and 5. findings within all three--Pell/Perkins/Federal Family Education Loan Program). The University is making corrective actions at this time.

3. **2003-2004 Annual Financial Report:** No further comments were made on the report as submitted. A motion was made by Regent Downing and seconded by Regent Pogue to accept the 2003-2004 Annual Financial Report for the fiscal year ending, June 30, 2004, conducted by the firm Crowe Chizek & Company. **Motion carried.**

4. **Quarterly Financial Report:** Vice President Ramey commented that the University was well within budget. The report depicts the financial activity of the University as of September 30, 2004. Schedules included in the report: 1) Statement of Net Assets; 2) Statement of Revenues, Expenses and Changes in Net Assets; 3) Unrestricted Revenues, Budgeted and Actual; 4) Unrestricted Expenditures by Function and Account Category, Budgeted and Actual; 5) Restricted Expenditures by Function, Budgeted and Actual; 6) Bonds and Leases Payable; and 7) Current Investments.

5. **Comprehensive Campaign Report**: No further comments were made on the report as submitted. The report summarizes the campaign resources committed from July 1,1999 through October 22, 2004, totaling $45,325,968 in support of NKU's campaign priorities.

6. **Research Grants and Contracts Annual Report** (September 1, 2004 through October 31, 2004)**:** No further comments were made on the report as submitted. The reports summarize the successful proposals with the amount of award for each proposal for NKU faculty and staff. Eleven proposals were awarded during this time period, totaling $359,348. The Center for Applied Ecology had four proposals awarded, totaling $7,960.

C. **Presidential Recommendations:**
Consent Agenda Items: A motion was made by Regent Pogue and seconded by Regent Butler to approve the following Presidential Recommendations as listed below (1-9). **Motion carried.**

1. **Academic Affairs Personnel Actions:**
Faculty Appointments: Dianne Benedict, Lecturer (non-tenure track renewable), Department of Nursing and Health Professions, effective August 16, 2004; **Maria Clay**, Advisor/Lecturer non-tenure track renewable), College of Business Advising Center, effective October 15, 2004; **Denise Gormley**, Assistant Professor, Department of Nursing and Health Professions, effective August 16, 2004; **Lisa McQueen**, Assistant Professor, Department of Nursing and Health Professions, effective August 16, 2004**; Kristine Pfendt**, Assistant Professor, Department of Nursing and Health Professions, effective August 16, 2004; and **Ruth Staley**, Lecturer/Reading First Coach (non-tenure track renewable), Office of the Dean, College of Education, effective July 1, 2004.

2. **Temporary Faculty Appointments for 2004-05:**
College of Education: Office of the Dean: Dorothy Battle (Fall Semester); **Elementary, Middle and Secondary Programs:** Patricia Fisk (Academic Year); and **Educational Specialties:** Edith Mariani (Academic Year).
College of Professional Studies: Social Work and Human Services: Larry Ware (Academic Year).

3. **Name Change in the Circulation Division - Steely Library:** The name was changed to Access Services Division as Circulation is responsible for much more than traditional library circulation. Tasks include stacks maintenance and management, public desk staffing, building security, and management of the Media Collection. The new name reflects the division's function of providing access to the physical collections and facilities of Steely Library.

4. **Name Change - Department of Theatre:** The name was changed to the Department of Theatre and Dance. Theatre offers a minor in dance and over eighteen dance courses. Including Dance in the name of the Department provides visibility for the dance program and more accurately reflects the mission and outcomes of the Department.

5. ***Faculty Policies and Procedures Handbook* Changes:** The changes include amendments to Part 1 - Section I.D., Full-Time Non-Tenure Track, Temporary Faculty (Page 2a) in the *Faculty Policies and Procedures Handbook* as follows: Temporary appointments are one-year, temporary, terminal appointments that can be repeated. The former amendment had a repeat for a maximum of three (3) years. This change was recommended by the Non-Tenure Track Faculty based upon current hiring practices in academic departments and reflects the current practice at NKU. This change was passed by the Faculty Senate at its November 25, 2002 meeting.

6. **Non-Academic Personnel Actions:** The following categories of non-academic personnel actions, which occurred between August 17, 2004 and October 26, 2004, were approved: Activations; Temp/Contract to Regular Position; Transfers; Reassignments, Reclassifications, Re-Engineering, and Title Changes; Promotions; Departures, and Retirees.

7. **Administrative Personnel Action:** Dr. Kimberly A. Luse, Executive Assistant to the President and Secretary to the Board of Regents, effective October 1, 2004.

8. **Honorary Degree Candidate - conferred at the December 18, 2004, Commencement:** Approval for Representative Jim Callahan to receive an Honorary Degree of Doctor of Public Administration. The degree will be conferred at the University's December 18, 2004, commencement ceremonies at U.S. Bank Arena in Cincinnati, Ohio. The recommendation was based on Representative Callahan's recognition as a true leader within the Kentucky State General Assembly. A former educator, he has been a tireless leader for P-12 and postsecondary education during his 16-year career as a state legislator.

9. **Demolition of the West Building at the Covington Campus:** The West Building is a temporary building that was originally acquired for $62K in 1969. A section of the building was damaged beyond repair in a windstorm in the 1980's and about 8,700 gross square feet remains. Current uses have recently been limited to the Training Resource Center and its training programs. This activity has been relocated to Hankins Hall. Demolition will be done in place in accordance with state standards.

10. **Acceptance of contributions received by the NKU Foundation:** A motion was made by Regent McCoy and seconded by Regent Griffin to accept contributions totaling $1,044,851 received by the NKU Foundation Inc. for the benefit of Northern Kentucky University during the period August 24, 2004 through October 22, 2004, as indicated. **Motion carried.**

11. **Kentucky Endowment Match Program:** A motion was made by Regent Griffin and seconded by Regent Pogue to approve the submittal of the 2003-2004 annual report to the Council on Postsecondary Education (CPE) regarding the Commonwealth of Kentucky Endowment Match Program. Further, that authorization be given to the Chair of the Board of Regents to submit a Notice of Board Approval to the Council on Postsecondary Education that states that the Northern Kentucky University Board of Regents acknowledges that it has primary responsibility for the implementation of the Endowment Match Program. The notice also states that the Northern Kentucky University Board of Regents is responsible for providing oversight of all endowment funds. **Motion carried**.

A motion was made by Regent Downing and seconded by Regent Griffin to approve a resolution in recognition and appreciation of Coach David Bezold and the NKU Men's Basketball Team for their commendable performance at the recent pre-season basketball tournaments with the University of Kentucky, University of Cincinnati, and Ohio State University. The organization and efforts in preparation for these events were outstanding and much appreciated. **Motion carried.**

Recognition was given by Regent Griffin to Kimberly Luse as the new Executive Assistant to the President and Secretary to the Board of Regents. This was Dr. Luse's first Board meeting in her new role.

With no further business, at 1:50 p.m., a motion was made by Regent McClelland and seconded by Regent Beck to adjourn. **Motion carried.**

Board of Regents Meeting
Northern Kentucky University
University Center Ballroom
January 26, 2005

The regular meeting of the Board of Regents was called to order at 1:03 p.m. on Wednesday, January 26, 2005, by Chair Chuck Brown.

Invocation was read by Regent McClelland.

Roll Call: Beverly Beck, Chuck Brown, Martin Butler, Frank Downing, Joyce Griffin, Andrew Hixson, Denise McClelland, Carrie McCoy, and Betty Pogue (Excused: Anna Dale Pyles and Robert Zapp).

Others Present: James Votruba, Deborah Read, Kimberly Luse, Gerald Hunter, Sara Sidebottom, Mark Shanley, Ken Ramey, Mimi Assanuvat, Lilla Losey, Dione Smith, Chris Cole, Gerry St. Amand, Don Gorbandt, Harold Todd, Joe Ruh, Michael Baker, Larry Blake, Russ Kerdolff, Bridgette Pregliasco, Mary Lepper, Carol Bredemeyer, Rick Van Sant (*Kentucky Post*), Mary Ryan, Pat Moynahan, Michael Tobergta, Cheryl Nunez, Bill Farro, Kent Kelso, Sarah Lomar, Matthew Brown, Ron Gardella, Kate Brodbeck, Stephanie Rabius, Melissa Hayden (*Recorder Newspapers*), Rick Meyers, Mike Carrell, Joe Wind, Jesiah Brock, Randy Hamlin, Kathy Stewart, Jennifer Perry, Lori Kurtzman (*Cincinnati Enquirer),* Andy Meeks, Steve Meier, and Phil Schmidt.

A motion was made by Regent Downing and seconded by Regent McCoy to approve the minutes of the November 17, 2004, Board of Regents meeting. **Motion carried.**

Presidential Comments:

- Recognition was given to the University Community for its generous support and participation toward the relief fund for the countries affected by the December 2004 Asian tsunami. NKU is working collaboratively with the University of Cincinnati and Xavier University to raise funds, which will be presented at the upcoming Cross Town Shootout event on February 10, between UC and XU at the University of Cincinnati.
- Provost Gail Wells and Associate Provost Carole Beere are currently in California representing NKU as part of the Carnegie Foundation's effort on the reclassification system for Colleges and Universities. The concept of public engagement will be included in this process. Ten universities around the country, including public and large private research universities, have been invited to consult and measure this work which will further institutionalize our community engagement as a nationally defining quality of higher education.
- One of the University's goals for this year includes the President and Provost Wells beginning a set of faculty conversations to discuss faculty incentives and rewards to teach and involve students in public engagement. Provost Wells will work with the Faculty Senate to amend the *Faculty Handbook* to qualify what constitutes public engagement as a criteria for promotion, tenure, and salary increases.
- The State political process was discussed at the morning meeting. At present, revenues are exceeding projections. Even with enhanced revenues, the Commonwealth is looking at deficits, including Medicaid and public employee health benefits. Support remains strong from the Governor and General Assembly for the region and for NKU.
- A presentation was given at the earlier meeting by Regent Hixson and representatives from the Student Government Association. The presentation included the revised SGA Constitution. As the document is generated by the students, SGA requested that the University Administration work closely with them during this process to advance this year's goals. The SGA was commended for their hard work and has the Administration's support.
- Vision 2015, a regional planning process designed to focus the NK region on its future, will be focusing on economic competitiveness, educational excellence, urban renaissance, effective

governance, and livable communities. The University's role will be broad in this process, supporting each of the action teams around those five areas. This is a great example of how the University can support a community in defining and accomplishing its future.

- While enrollments are strong, the process of implementing the University's admission standards are going very well. Joel Robinson, Director of Admissions, was commended for his work on this effort. The challenge for the University is to sustain diversity.

A. **Joint Finance and Policy Committees**: (Reports were given by Regent Secretary Butler)

1. **University Signage**: A PowerPoint presentation was given by Vice President Ramey on Phase One of a new signage and way finding initiative that the Office of Administration and Finance is planning. The new program is intended to establish brand identity and create a strong sense of place. This new "family of signage" will establish a more cohesive program than we have had in the past and will provide opportunities to provide signature amenities for several buildings on campus. The Greaves Concert Hall would be a perfect example. Plans are underway to begin installation of Phase One this spring. Additional phases will continue as resources permit.

2. **Revision to the Student Government Constitution**: Regent Andy Hixson presented the goals and accomplishments of the Student Government Association. He also expressed his appreciation for the support of the other SGA officers and senators who were in attendance at the Regents meeting. Regent Hixson also recommended that the Board approve the new Student Government Constitution which was passed by a 2/3 vote of the Student Senate, and ratified by a majority of the student body during a special election held on January 19.

   Code of Student Rights and Responsibilities: Vice President Shanley presented the framework for the revised Code of Student Rights and Responsibilities. While minor modifications had been made to the Code, this is the first full revision of the Code since it was adopted in the early 1970's. Since its adoption, significant changes have taken place in higher education law, and several new policies were enacted that had not been fully integrated into a comprehensive Code. This Code revision incorporates the Honor Code, all policy changes, and contemporary student conduct practices.

3. **Frankfort Update**: A short presentation was given by President Votruba on the Vision 2015 regional planning process and the importance of the University's added value to that process by his participation. A report was also given on the status of activities with respect to Frankfort and state government.

B. **Presidential Reports**:

1. **Facilities Management**: Vice President Ramey's report highlighted the following projects:
   - New Parking Deck – Construction is complete with 682 new parking spaces, alleviating campus parking problems.
   - Lake Development – The University is moving forward with this project. There have been a few setbacks draining the lake with the excessive rain this winter.
   - New Student Union – Planning for this project is well into the final stage with expected occupancy by fall 2007. Unless a state budget is passed, the project schedule will be set back.

   Regent Chair Brown asked if the architectural work could be moved forward without the state budget in place. Vice President Ramey indicated that the architectural work was complete and the bid document is currently being developed.

2. **Quarterly Financial Report**: Vice President Ramey commented that the University's financial

position remains strong through December 31, 2004. The net assets through the first two quarters were up $13M compared to the prior year. This increase can be attributed to several factors, including timing differences in the recognition of revenue and expenses and increased tuition revenues associated with reserves such as the Student Union and academic initiatives not yet spent. Overall, it is projected to end the year with additional net assets.

3. Comprehensive Campaign Report: The report summarizes the campaign resources committed from July 1, 1999 through October 31, 2004, totaling $50,825,972 in support of NKU's campaign priorities.

   Vice President Read commented that the Campaign was a tremendous success, and that this would be the final report. At the next Board meeting, the University will report on the annual funds raised toward the $10M goal for the year.

4. Research Grants and Contracts Bi-Monthly Award Report: No further comments were made on the report as submitted. The report summarizes the successful proposals with the amount of award for each proposal for NKU faculty and staff from November 1, 2004 through December 31, 2004. During this time period, a list of fifteen funded proposals were awarded for Research, Grants, and Contracts, totaling $523,143, and two funded proposals were awarded for the Center for Applied Ecology, totaling $2,500.

C. Presidential Recommendations:
Consent Agenda Items: Regent Hixson recommended that Item C.10 (Revision to the Student Government Association Constitution) be moved from the consent agenda items and be placed on the agenda as a separate recommendation for discussion. A motion was made by Regent Butler and seconded by Regent McClelland to move item C.10 from the consent agenda for consideration as a separate recommendation item. **Motion carried.**

A motion was made by Regent Hixson and seconded by Regent Pogue to approve the following Presidential Recommendations as listed below (1-9). **Motion carried**

1. Academic Affairs Personnel Actions:
   Administrative Appointments: **Vicki Culbreth**, Executive Director, Educational Outreach, effective January 3, 2005; and **Douglas Robertson**, Assistant Provost for Faculty Development, Faculty Development Center, and Professor of Educational Leadership with Tenure in the Department of Educational Specialties, effective January 18, 2005.

   Faculty Appointments: **Thomas Amile**, Assistant Professor, Accountancy, effective August 15, 2005; **Karl Hagglund**, Lecturer (non-tenure track renewable), Biological Sciences, effective December 1, 2004; **Sallie Parker Lotz**, Lecturer (non-tenure track renewable), Nursing and Health Professions, effective November 15, 2004; and **Linda Wermeling**, Lecturer (non-tenure track renewable), Social Work and Human Services, effective October 18, 2004.

   Leaves Paid/Unpaid: **Denice N. Robertson,** Lecturer in the Center for Integrative Natural Science and Mathematics, half-time unpaid leave with benefits, spring semester 2005.

2. Temporary Faculty Appointments for 2004-05:
   College of Arts and Sciences: CINSAM: Mike Nichols, fiscal year.
   College of Prof. Studies: Social Work and Human Srvcs: Eric J. Emery, Academic Year.

3. **Amendments to *Faculty Policies and Procedures Handbook*:** The amendments to the *Faculty Handbook* pertain to the following areas: Graduate Faculty; Summer Fellowship Reporting Dates; and Revision to the Equal Employment Opportunity, Affirmative Action, and Nepotism Statement.

4. **New Program - Master of Science in Community Counseling in the College of Professional Studies:** The program, which will be initiated at the beginning of the fall 2005 semester, was developed to ensure that students develop a professional counselor identity and master the knowledge and skills of direct practice with individuals, families, and small groups in community mental health centers, private practice, educational institutions, government, business and industrial settings. The program meets the academic and experiential requirements set forth by the Council for Accreditation of Counseling and Related Educational Programs (CACREP) and fulfills the requirements for graduates to sit for the National Counselor Certification.

5. **New Program - Master of Arts in Education/Rank I in School Counseling in the College of Education:** The program, which will be initiated at the beginning of the fall 2005 semester, was developed to teach those in the academic community how to (a) develop and implement a comprehensive developmental school guidance program for students; (b) design guidance plans that remove barriers to academic success for all students; (c) integrate the guidance curriculum into the total school curriculum; (d) use counseling and guidance skills to assist students to achieve at high performance levels; and (e) address personal/social issues by means of assessment, use of data, and cooperation with students' parents and other professional educators. The School Counseling program is designed for students who want to meet Kentucky's New School Counselor Standards. The program has two levels of school counseling certification for elementary and secondary counselors, Provisional Guidance Certification and Standard Guidance Certification/Rank I.

6. **Non-Academic Personnel Actions:** The following categories of non-academic personnel actions occurred between October 27, 2004, and January 7, 2005, were approved: Activations; Temp/Contract to Regular position; Transfers; Reassignments, Reclassifications, Re-Engineering, and Title Changes; Promotions; Departures; and Retirees.

7. **Authorize the Administration to enter into a lease agreement for rental of the house at 19 Clearview Dr.:** The property was purchased on October 14, 2004. As the house becomes vacant, it may be rented for residential use to provide a modest income and to allow the property to be occupied. Over the next several years as space on the main campus becomes an issue, most of the houses will be converted from residential use to office space.

8. **Revision to the Holidays Policy in the NKU *Personnel Policy and Procedure Manual*:** The revision adds section F2.3 to address the change in the academic calendar. As a result of the academic calendar, if the University is open and classes are held on President's Day, staff will be granted an alternative holiday. If the University observes President's Day and there are no classes scheduled, staff will be granted President's Day as a holiday. The selection of the alternative holiday date requires the approval of the department head.

9. **Ratification of the December, 2004 version of the Code of Student Rights and Responsibilities:** In 2002, the Dean of Students office began a review of the Code of Student Rights and Responsibilities. It was discovered that the current Code had not been significantly updated since the mid-1970s. In addition, it was necessary to integrate the elements of the new Honor Code for academic integrity into the document. There was also a need to revise language

and policies and update the disciplinary procedures in order to provide students, faculty and staff with an effective, fair, and speedy process. During the revision process, the Office of the Dean of Students reviewed the current Code, researched Codes of Conduct from around the country and consulted with student judicial professionals.

10. **Revision to the Student Government Association Constitution:** A motion was made by Regent Hixson and seconded by Regent Butler to ratify the November, 2004 version of the Student Government Association Constitution, as modified by striking Article XII, Section 2, B. President Votruba and Regent Hixson noted that this section was unnecessary and was covered by preceding sections. Regent Hixson noted for the record that an issue had arisen regarding inconsistencies between the version of the constitution passed by the Student Senate and the version published on the SGA web site, and that this issue would be carefully reviewed by SGA. Regent Butler clarified his understanding that the draft of the Constitution provided to the Student Senate for review and approval was different than the draft that the SGA constitution committee had reviewed. Regent Hixson affirmed that the constitution currently before the Board was what the constitution committee had reviewed, with amendments made by the Student Senate, and ratified by a majority vote of the student body. **Motion carried.**

11. **Authorization to submit gift commitments to CPE requesting Endowment Match Funds:** The NKU Board of Regents has primary responsibility for the implementation of the Endowment Match Program and specific responsibility for providing oversight of all endowment funds. A motion was made by Regent Pogue and seconded by Regent McCoy to authorize the Chair of the Board of Regents to submit a Notice of Board Approval to the Council on Postsecondary Education stating that the NKU Board of Regents accepts the recommended gifts totaling $500,416, and that authorization is granted to submit the contributions for consideration of Commonwealth Matching Funds. **Motion carried.**

12. **Acceptance of contributions received by the NKU Foundation:** A motion was made by Regent McClelland and seconded by Regent Beck to accept contributions totaling $793,750 received by the NKU Foundation Inc. for the benefit of Northern Kentucky University during the period October 23, 2004, through January 6, 2005, as indicated. **Motion carried.**

With no further business, at 1:30 p.m., a motion was made by Regent Pogue and seconded by Regent Griffin to adjourn. **Motion carried.**

A motion was made by Regent Pogue and seconded by Regent Hixson to approve the minutes of the January 26, 2005, Board of Regents meeting. **Motion carried**.

Presidential Comments:

- This has been a historic legislative session for the University, Gateway Community and Technical College, and for the region. Northern Kentucky University will move toward a new level in growth and maturation and Gateway Community and Technical College will develop rapidly to support economic and regional development overall with $15M used toward the Nursing facility, and $1.7M in operating support.
- The Bank of Kentucky Center, a $60M project, will have enormous impact on both the University and the community with an anticipated $100M economic impact in construction, along with a predicted $4M annual economic impact. It will spur not only growth and jobs but will continue the economic development in the region. Regent Zapp and his Board of Directors at the Bank of Kentucky were thanked for their timing and the nature of their commitment for making this effort possible.
- A presentation was given at the morning meeting by Mike Baker, Executive Director of University Foundation, on how the new Center can be positioned to leverage approximately $20-40M of development as part of the US 27 project.
- The new Student Union, which was initiated by the Student Government Association almost 3 ½ years ago, will impact the quality of student life on campus. The General Assembly approved a $37M scope with $14.7M for this year and remainder in the following year. This project will be agency bond funded. Construction is expected to begin by this fall.
- There are approximately $6.5M increases in operating for the University, with restoration of $1.9M in cuts that were made in the University's recurring funds in the past year included in that amount.

- At the morning meeting Joe Wind, Government and Community Relations, extensively reviewed the current work as well as the outcome of this legislative session. Joe's strategic sense and deep abiding commitment to Northern Kentucky University were recognized.
- The Governor, Senators, Representatives (particularly, former Representative Jim Callahan), and community leadership, were all recognized for their steadfast commitment and tremendous efforts to unite behind an agenda that will carry NKU, along with the region, to the next level of development.
- The Student Government Association was also commended for their energy and commitment on behalf of the University in Frankfort.
- On behalf of the entire University, the local media was recognized for its support (both print and electronic media) of the University throughout this legislative session. The reporting accuracy and timing have been invaluable and much appreciated.
- Creating a vision to Northern Kentucky's future (VISION 2015) is off to a strong start. The President is one of two co-chairs for the overall process, with a leadership team of 90-100 people. Several NKU representatives–administration, faculty, staff, and students are involved, including: Regents Butler, Downing, and Zapp. There are five action teams with the focus on five dimensions of our future, 1) economic competitiveness, 2) educational excellence, 3) urban renaissance, 4) effective governance, and 5) liveable communities.
- NKU, in collaboration with the University of Cincinnati and Xavier University, raised approximately $84K toward the Asian tsunami relief effort. This was announced and a presentation was made at the Cross Town Shootout basketball event on February 10 at the University of Cincinnati.
- Cheryl Nunez, Director of Affirmative Action and Multicultural Affairs, will be leaving the University next month to take a position as Vice Provost at Xavier University. Through her leadership, Ms. Nunez was recognized for her contributions in guiding the University to reflect the rich diversity and multiculturalism of our community.

A. <u>Joint Finance and Policy Committees</u>: (Reports were given by Regent Secretary Butler)

1. **<u>Athletic Logo Presentation</u>:** Vice President Shanley and Jane Meier, Director of Intercollegiate Athletics, shared plans for a new NKU Intercollegiate Athletics logo. The current NKU athletic logo is 12 years old and in need of updating. Feedback from our marketing and licensing company indicates that our logo is unique, but difficult to market. It is felt that a new, powerful, professionally-done athletic identity, and a comprehensive branding program, will energize and invigorate merchandise sales and marketing opportunities which in turn will have a positive effect on NKU's image. The new logo portrays: a more athletic and powerful look; a stronger Norse image; and enhances the marketability of the NORSE image. Plans are being finalized for the public unveiling of the logo in late August at the start of the new academic year.

   <u>NCAA Steering Committee</u>: Vice President Shanley reported on the progress of the NCAA Steering Committee that is currently leading the review of the University's athletic program. The charge was to determine how to establish the finest athletic program that is most consistent with the vision, mission, strategic priorities, and future aspirations of the University. One alternative being considered is reclassifying the NKU Intercollegiate Athletics program from the current NCAA Division II to Division

I-AAA status. To assist in this important decision, NKU has retained the services of two consulting firms: Carr Sports Associates for the feasibility study and PriceWaterhouseCoopers and Market Vision Research for the market assessment. Beginning this week, there will be an assessment of the level of support for such a reclassification. Every major constituent group of the University will be contacted to gain their perspective on and degree of support for such a reclassification. Consultant reports are due in May. A steering committee will present a recommendation to the President, who will formulate recommendations to the Board. This study has been in process since September 2004.

2. **Review of Kentucky General Assembly Actions:** President Votruba and Joe Wind provided a legislative update report on the results of the Budget passed on Tuesday March 8, 2005, during the State General Assembly Session and the benefits thereof for Northern Kentucky University:
   - Special Events Center $54M in bonds with a $60M scope, given the generous commitment of $6M from the Bank of Kentucky.
   - Student Union $14.9M in bonds with full scope of $34M. The Governor has asked that we delay the additional bonds until next year in order to keep the debt ceiling at the Governor's targeted level–this should not delay construction.
   - $50M for postsecondary funding with $5M of that amount earmarked for growth.

Provost Wells introduced new Associate Provost Robert Farrell for Economic Initiatives. His impressive resume included the following positions/initiatives: Founder, SDRC engineering software firm in Milford, Ohio; Chairman and CEO of ITI Manta Corporation and member of the Board of Directors 1989-2001; International TechneGroup Incorporated (ITI) 2001-present; and is an entrepreneur from this region who will help to build Northern Kentucky's economy using resources at NKU.

Mike Baker reported on the development of US 27 on behalf of the University Foundation. Two developers have responded to this project. Proposals include approximately 30,000 square ft. of retail, up to 120,000 square ft. of office space, to be done in two phases, and an approximate 100 room hotel with limited conference facilities (subject to completing financial feasibility study). The property committee put the project on hold until the special events center funding was known. The events center will give the Foundation more negotiating power to improve its financial return. The Foundation will enter into a ground lease with the developer. Both the county and city have agreed to work very cooperatively on financing to assure the success of this project. It is expected to take 15-18 months to complete the project after the agreements are reached with the developer.

Joel Robinson, Assistant Vice President for Enrollment Management, provided a short report on enrollment management efforts by the University:
- New investments in our recruitment efforts through increased staffing in multicultural recruitment (1-3 staff members).
- Increased scholarships both diversity and that reach the further into the Commonwealth.
- Recruitment of students at sophomore level of high school, using extensive direct mail, email and telecounseling.

- Admission standards are being received very positively by local and regional high schools.
- 153 unqualified students have currently been denied admission.
- The University's current admissions statistics are as follows: increased 6% in regular admissions--notwithstanding increased admission standards; freshman applications increased 2 to 3%; African American applications are up 19%; and overall slightly down in transfer applications.

B. Presidential Reports:

1. **Facilities Management:** Vice President Ramey indicated that the request has already been forwarded to Frankfort to establish the design team for the Bank of Kentucky Center. This will be a three-month process before the contract is awarded and will move forward very quickly for the planning process. No comments were made on the facilities report as submitted which included the following projects: Lake Development; Performance Contracting/Energy Audit; New Student Union; and Sports Complex.

2. **Research Grants and Contracts:** No other comments were made on the report as submitted. The report summarizes the successful proposals with the amount of award for each proposal for NKU faculty and staff from January 1, 2005 through February 28, 2005:
   - Research, Grants, and Contracts - sixteen proposals were awarded totaling $784,025.
   - Center for Applied Ecology - two proposals were submitted with no funds awarded during this time.

3. **Fundraising Resources Committed:** Vice President Read indicated that the report reflects the Bank of Kentucky's commitment in support of the new Center, and it also includes funds committed toward the Comprehensive Campaign. In the future there will be an annual report on the funds raised. The report as submitted summarizes fundraising resources committed from July 1, 2004 through February 24, 2005, totaling $8,826,147 in support of the University (pending resources totaling: $23,118,250). The report includes resources in support of: Arts and Sciences - $162,931 (pending resources: $1,068,250); Professional Studies - $184,598; Business - $70,517 (pending resources: $17M); Chase College of Law - $355,246 (pending resources: $500K); Education - $26,771; Friends of Fine Arts, Steely Library - $7,977; Norse Athletics - $231,294 (pending resources: $1,150,000); Campus Priority Fund/Unrestricted - $82,025; Campus General Initiatives - $7,671,914 (pending resources: $3,400,000); and WNKU - $32,874.

4. **Faculty Development Awards: Project Grants 2005-06:** Provost Wells encouraged the Board to read through the project grants, indicating that it was a very progressive process. The grants are awarded to encourage professional growth through financial support for independent research. The University recognizes the role of research as an integral part of professional activity of the faculty and includes student activity and research. Faculty Project Grants are intended to provide funds for research equipment and activities that are not available through program budgets. Grants have been awarded to the following faculty members: Barry Andersen/Art; Gina Foletta/Mathematics and Computer Science; John Huss/Educational Specialties; Yasue Kuwahara/Communication; Robert Langenderfer/Nursing and Health Profession; Yushi Li/Sociology, Anthroplogy and Philosophy; Linda Marquis/Accountancy; Mark Marsolais/Political Science and Criminal Justice; Van Miller/Management and Marketing; Carol

Ryan/Elementary, Middle, and Secondary Programs; Linda Sheffield/Elementary, Middle, and Secondary Programs; Ryan Teten/Political Science and Criminal Justice; Mary Whitson/Biological Sciences; Robert Wilcox/History and Geography; and Stephen Yungbluth/Communication.

5. **Faculty Development Awards: Summer Fellowships 2005-06:** Provost Wells indicated that the program is designed to encourage faculty to engage in individual research, scholarly writing, and creative and artistic projects and to share the results of their efforts with the broader University community. The summer Fellowships were awarded to the following faculty members: Vassilis Dalakas/Management and Marketing; Linda Dynan/Economics and Finance; Matthew Ford/Management and Marketing; Charles Frank/Mathematics and Computer Science; Mark Hardy/Theatre and Dance; Greg Hatchett/Social Work and Human Services; Douglas Krull/Psychology; Mark Marsolais/Political Science and Criminal Justice; P. Andrew Miller/Literature and Language; Chris Strobel/Communication; Ryan Teten/Political Science and Criminal Justice; and Kristine Yohe/Literature and Language.

C. **Presidential Recommendations:**

Consent Agenda Items: Regent McCoy requested that Item C.7 (Reappointment, Promotion, and Tenure) be removed from the consent agenda items and be voted on as a separate recommendation.

A motion was made by Regent Zapp and seconded by Regent Pogue to approve the following Presidential Recommendations as listed below (C.1- 6, 8, and 9). **Motion carried.**

1. **Non-Academic Personnel Actions:** The following categories of non-academic personnel actions, which occurred between January 8, 2005 and February 18, 2005, were approved: Activations; Temp/Contract to Regular position; Transfers; Reassignments, Reclassifications, Re-Engineering, and Title Changes; Promotions; Departures; and Retirees.

2. **Academic Affairs Personnel Actions:**

Administrative Appointments: Robert M. Farrell, Sr., Associate Provost for Economic Initiatives, effective February 21, 2005 and **David MacKnight**, Associate Dean for Law School Advancement, Chase College of Law, effective December 2, 2004.

Faculty Appointments: Iain Barksdale, Assistant Professor, Chase College of Law Library, effective January 10, 2005; **Karen Leek**, Lecturer (non-tenure track renewable), Nursing and Health Professions, effective January 3, 2005; **Catherine Neal**, Assistant Professor in Accountancy, effective August 15, 2005; **Adrienne Nobel Nacev**, Visiting Director of Academic Learning and Development Center, Chase College of Law, effective August 16, 2004; **Jeanne M. Pettit**, Lecturer/Associate Director (non-tenure track renewable) in the First-Year Programs/NKU Academy, effective January 15, 2005; **J. C. Thompson**, Associate Professor in Accountancy, effective August 15, 2005; and **J. Michael Thomson**, from Interim Chair and Associate Professor in Political Science and Criminal Justice, to Chair and Associate Professor in Political Science and Criminal Justice, effective January 1, 2005.

Resignations: Nagore Beltran de Guevara, Professor in Literature and Language, effective May 14, 2005; **Jane Green**, Lecturer in Theatre and Dance, effective May 14, 2005; and **Geraldine Williams**, Associate Professor and Systems Librarian, effective June 30, 2005.

3. **Temporary Faculty Appointments for 2005-06:**
College of Arts and Sciences: Chemistry: Bradley J. Sieve, academic year; **History and Geography:** William J. Landon, academic year and James Ramon Rappold, academic year; and **Literature and Language:** Jeremy T. Goebel, academic year.
College of Education: **Educational Specialties:** Richard Simmons, spring semester.
College of Professional Studies: Nursing and Health Professions: Willie Womack, spring semester and **Technology**: Ausbra McFarland, spring semester.

4. **Faculty Senate Constitution Amendment:** There are 25 full-time faculty members who are eligible to vote for senators, but do not have representation in Faculty Senate because they are not part of any college. They are part of the University Programs which is not headed by a dean, but by the Provost. The full-time faculty members are distributed as follows: Developmental Math: 9; Learning Assistance Center: 6; Honors: 1 (Reports to the Provost); Women's Studies: 1; and First-Year Programs: 8. The amendment to the Faculty Senate Constitution, dealing with representation for faculty under the umbrella of University Programs, was passed by the Senate at its November 2004 meeting. In accordance with Articles XV (Amendments) and VIII (Meetings), a meeting of the General Faculty of NKU was called for January 24, 2005 for the purpose of voting on this amendment. The amendment passed without dissent.

5. **Reorganization - Honors Program:** The NKU Honors Program will change reporting from the Vice Provost's area to the Vice President for Academic Affairs and Provost. The change was recommended so that the NKU Honors Program will have greater contact with the undergraduate colleges that also report to the Vice President for Academic Affairs and Provost. The reporting relationship change will allow the NKU Honors Director to work with the undergraduate deans on a regular basis in development of a potential Honors major program as well as allow the potential development of discipline specific tracts of the Honors Program. The change will also give the NKU Honors Program a larger university-wide focus on the University's campus.

6. **Reorganization - Faculty Development Programs:** The Faculty Development Programs will be combined with Education Technology and Training (ET^2) to create a single professional development unit. The title of the combined unit will change from The Center for Teaching, Learning, and Technology to "Professional and Organizational Development (POD) Center" in order to reflect a more comprehensive scope of responsibility.

7. **Reappointment, Promotion, and Tenure (beginning with the 2005-06 academic year):** With one abstention by Faculty Regent McCoy, due to personal information obtained through service on committees, a motion was made by Regent Hixson and seconded by Regent Griffin to approve the recommendations for promotion, tenure, continued probation, continued probation with conditions to be

removed, and terminal reappointments. **Motion carried.**

May 4, 2005

The regular meeting of the Board of Regents was called to order at 1:10 p.m. on Wednesday, May 4, 2005, by Chair Brown.

Invocation was read by Regent Pogue.

Roll Call: Beverly Beck, Chuck Brown, Martin Butler, Frank Downing, Joyce Griffin, Andrew Hixson, Denise McClelland, Carrie McCoy, and Betty Pogue (Excused: Anna Dale Pyles and Robert Zapp).

Others Present: James Votruba, Deborah Read, Kimberly Luse, Sara Sidebottom, Mark Shanley, Ken Ramey, Gail Wells, Carole Beere, Zane Harris, Bill Farro, Mimi Assanuvat, Lilla Losey, Rick Meyers, Chris Cole, Jane Meier, Mary Ucci, Mike Carrell, Lori Southwood, Rick VanSant- *Kentucky Post*, Russ Kerdolff, Erika Rothbauer, Rachele Vogelpohl, Emily Breitnolle, Kathy Stewart (Athletics), Chip Gregg, David Bezold, Heather Cotner, Sarah King, Michelle Logan, Jami Patton, Jennifer Schamp, Bridgette Pregliasco, Viki Kimball, Hing Cao, Jim Clark, Michael Tobergta, Hazel Barton, Janet Bertog, Adin Pemberton, Michael Kreate, Nick Taylor, Kelly Charlton, Harold Todd, Andy Meeks, Mike Baker, Kim Baker, Pat Moynahan, Willie Elliott, Deidra Fajack, Carol Beirne, Joe Wind, Gerry St. Amand, Don Gorbandt, Elaine Jarchow, Joe Mills, Steve Trimble, Angie Gabbard, Carole Bredemeyer, Gary Pratt, Mary Lepper, Bill Oliver, Melissa Hayden, Paul Myers, Kathy Stewart (Special Events), Karen Gutierrez - *Kentucky Enquirer*, Cynthia Pinchback Hines, Pat Reddy, Angie Schaffer, Joe Ruh, and Larry Blake.

Resolutions of appreciation and recognition were presented by Regent Chair Brown to outgoing Regents Betty Maupin Pogue and Student Regent Andrew Hixson. Their terms will expire on June 30, 2005. On behalf of the University, Chair Brown and President Votruba gave additional recognition to Regent Hixson for serving with distinction and for guiding the SGA to a very productive year. Regent Pogue was recognized for her eloquent voice on behalf of the students and the University. During her term, she promoted the significance of NKU serving the educational needs of our region in addition to building a strong partnership with P-12 Education. Betty and Bud Pogue have both served the University from its beginning and their impact on the campus has been both broad and deep.

A welcome was given at the meeting to the NKU Women's Softball Team and Coach Kathy Stewart. President Votruba presented the team with a resolution of appreciation recognizing their outstanding performance over this spring with their unprecedented record of 46-0 wins at this time, as well as their outstanding academic status.

A motion was made by Regent McCoy and seconded by Regent Downing to approve the minutes of the March 9, 2005, Board of Regents meeting. **Motion carried.**

<u>Presidential Comments</u>:

- On Saturday, May 7, the University will graduate about 1,000 students. On Saturday, May 14, NKU's Salmon P. Chase College of Law will graduate approximately 134 students.
- Over the course of the year, the University has made investments that protect our academic quality while expanding the ability to serve both our students and our region, including:
  - The new Bank of Kentucky Center, the new Student Union and a $6.5M operation increase.
  - Our Comprehensive Campaign exceeded our goal by $12M.

  - The PACE programs for working adults in the evening.
  - Celebration of undergraduate research and creativity.
  - The reorganization of Academic Affairs will better position us to serve our students and our region.
  - Thanks were given to Student Regent Hixson and his team for the new SGA constitution and for helping to secure funding for a variety of high priority projects.
  - New admission standards.
  - Another successful year of the YES festival.
  - Lake Project.
- The recommended University budget includes a doubling of our reserves in order to add protection against future financial problems–we are a very tuition dependent campus. The State has a $500M structural deficit.
- Renaming of the Old Science Building to Founders Hall - Back in the early years of the campus, the University was fortunate to have a cadre of faculty and staff who established the foundation on which the University was built with a strong commitment to students and to the integration of undergraduate education, scholarship, and public engagement. Their work reflects this integration. These men and women represent what might be described as NKU's "greatest generation."

A presentation was given by Professors Hazel Barton and Janet Bertog, along with students from the Departments of Biological Science and Geology pertaining to the study of Microbiology in the Environment–how in starved environments microorganisms feed off of and interact with rock. Professor Hazel Barton's studies during caving expeditions were featured in both the September 2003 issue of *Sports Illustrated* and the April 2005 issue of *Forbes* magazine.

A. **Joint Finance and Policy Committees**: (Reports were given by Regent Secretary Butler)
   1. **Division of Academic Affairs Organization Changes:** The Board heard a presentation resulting in the recommendation for organizational changes in Academic Affairs and the creation of a College of Informatics. The mission of the College of Informatics is to create a community of learners and scholars especially prepared to meet the fast-paced changes in the fields of computation, information, and communication and their application to other fields. Integrative in nature, the College will be addressing the application of the information and communication sciences to cutting-edge topics as diverse as health care informatics, bio-informatics, information security, manufacturing engineering technology, digital media, human - computer interaction and many more. The following academic departments will be located in the new College of Informatics: Communication, Computer Science and Information Systems.

      Additional changes in Academic Affairs include: 1) the Department of Mathematics and Computer Science becoming the Department of Mathematics in the College of Arts and Sciences. (The Computer Science program will move to the College of Informatics); 2) the Department of Social Work and Human Services, currently housed in the College of Professional Studies, will move to the College of Education, which will be renamed the College of Education and Human Services; 3) the existing Department of Nursing and Health Professions, currently housed in the College of Professional Studies, will become a School of Nursing and Health Professions; 4) the Department of Technology, currently a unit under the College of Professional Studies, will move to a number of new locations: Mechanical and Manufacturing Engineering Technology and Electronic Engineering Technology programs will move to the home of the pre-engineering program, the Department of Physics and Geology; the Construction Management, Organizational Leadership, Business Education and Master's in Technology programs will move to the Department of Technology in the College of Business; and the Computer Engineering

Technology program will become a part of the Department of Computer Science in the new College of Informatics. The Office Systems Technology Program will become a component of the Department of Information Systems in the new college; 5) the College of Professional Studies will be absorbed in other Colleges as described above; 6) the reporting responsibility for the Covington Campus will move the University Programs/Vice Provost area to the Associate Provost for Outreach and Graduate Studies. This movement will allow the area of Educational Outreach to coordinate all off-site campus programming under one office; 7) the area of Enrollment Management will move to the Division of Academic Affairs, insuring that matters related to student recruitment and retention are closely aligned with overall academic program planning; and 8) the current position of Director of Affirmative Action and Multicultural Affairs will be redefined as the Associate Provost for Student Success.

2. **Expanding the Office of Internal Audit:** Vice President Ramey reported that the office will include a Director of Internal Audit, a staff auditor and two to three student assistants. The Office is currently staffed with only a staff auditor and, at times, one student assistant. The funding for this expansion is included in the budget for FY 2005-06. Numerous factors warrant the expansion of the office including the increased size and complexity of the University, changes in the University environment, increased accountability requirements, and comparison of staffing size to benchmark and state universities internal audit offices. The expansion of staff will provide increased and timely audit services including independent and objective analyses, appraisals, recommendations, counsel and pertinent information regarding the adequacy of administrative controls; the accuracy and reliability of financial records; the institution's compliance with applicable laws, regulations, policies and procedures; potential risks to the University; and management efficiency and effectiveness of operations and activities throughout the institution.

3. **Tuition, Fees and Charges/NKU Budget Recommendation:** President Votruba reported that the State Revenues are exceeding projections for this year. Recognition was given for Northern Kentucky's importance to the State's economic future, and recognition of NKU's role in regional economic and social progress. The State confronts a $500M structural deficit at the start of FY 2007 with Medicaid and other health costs continuing to rise.

   Impact of General Assembly Budget Conference Committee on NKU's Operating Budget: NKU will receive a $6.5M increase in FY 2006 – an increase of 16.2% (the highest percent increase of any state university for FY 2006 (in comparison with the other Kentucky state universities general fund support, NKU remains at the bottom – $4,222 in state support per FTE – 72% of the $5,838 median): $993K for past enrollment growth; $1.96M restoration of recurring cuts; $758K proportional base increase; $1.88 Benchmark Equity; and $997K M&O of New Facilities.

   Impact of General Assembly Budget Conference Committee on NKU's Capital Budget: Authorized $54M in State Bonds, $6M restricted funds for the Bank of Kentucky Center, and $35.8M in restricted funds for New Student Union (all funded from tuition).

   NKU's FY 2006 Budgeted revenues are projected to increase by $15.3M from $133.8M to $149.1M: These increases in revenues will be utilized to address the approximately $14.4M for non-discretionary expenditure increases including: health insurance, utility, scholarship, compensation increase pool for faculty and staff, budgeted reserves, and for PRISM - the campus administrative system; and to

fund the strategic plan investments (academic quality, broaden access, strengthen public engagement, etc).

Tuition Increases by FY 2006: Undergraduate resident tuition will increase by $300 per semester – a 13.74% increase. Enrollment projections for FY 2006 are based on a projected FTE decline in Undergraduate enrollments of 150. NKU's resident undergraduate tuition and fees for FY 2005 of $4,968 is 79.66% of the median $5,483 of the 19 Benchmark Institutions.

A Mission Specific Indicator for the University was presented. The University's statement reflects the unique work that NKU performs with regard to stewardship of our region. CPE has requested that we define our mission parameters. The five areas: Program characteristics, Student Characteristics, Geographic Service Area, Research, and Stewardship of Place, address the breadth of the mission of NKU, and outline each area and draw on demographics, programs and services offered at NKU.

4. **NKU 2006-2012 Capital Plan:** Vice President Ramey gave a presentation on the capital planning process and updated the Board on projects included in the 2006-2012 Capital Plan. The Capital Plan is prepared on a biennial basis. It is submitted to the Capital Planning Advisory Board, a group with representation from the executive, legislative and judicial branches of state government.

   The Capital Plan includes all construction projects with a scope of $400K or more and equipment and information technology projects with a scope of $100K or more. The priorities outlined in the 2006-2012 Capital Plan will be carried forward to create the 2006-2008 Capital Budget Request. The University has significant space needs – 82 square feet per FTE student, while the other regionals, excluding Kentucky State, have 132 square feet per student. This amounts to 6 or 7 new academic buildings.

   The top academic priorities are: renovation of the Old Science Building at $15M; construction funding for the Center for Informatics, a $33.5M building for the new College of Informatics; the Health Innovations Center, a $29.2M building for Psychology and the School of Nursing and Health Professions. Other priorities include renovation of the University Center and various projects related to maintenance and upgrade of campus facilities.

   The Capital Plan can be amended and updated as necessary.

B. Presidential Reports:

1. **Facilities Management:** Vice President Ramey highlighted the following projects:
   - **Lake Project:** This project, which has a completion date by fall semester, will result in a more attractive, welcoming environment for students. Morel Construction is the contractor of Phase One of the project, the lake improvement work. The amphitheater will be designed and bid as Phase Two.
   - **Student Union:** Planning is well underway for this important facility which will contain about 144,000 gross square feet and will be located on the site of parking Lot A. The structure will include approximately 30,000 square feet of food service space; a grand ballroom to seat 600; numerous meeting rooms; a student involvement center; lounge space; a multi-purpose game room and entertainment area; and office space for Student Life, Student Union Operations, the Dean of Students, African American Student Affairs, International Student Affairs and Student Government. As currently envisioned, the building will connect to the University Center via a second floor bridge. The design team is currently

working to complete drawings and specifications for bidding. Construction will begin this fall with completion expected by late 2007.

- **Sports Complex:** The effort to develop a Master Site Study for the land area south of Johns Hill Road, where the Campus Master Plan indicates locating a new Sports Complex, is nearly complete. The priority outcome of the study is to serve as a tool to aid in securing funding for the construction of a new soccer field.

Other active projects included in the report: **Performance Contracting/Energy Audit; Digital Classroom/Planetarium Project; Greenhouse;** and **Campus Wayfinding Project Phase 1.**

2. Quarterly Financial Report: Vice President Ramey indicated that the University's finances remain strong for the period July 1, 2004 through March 31, 2005.

3. Fundraising Report: Vice President Read indicated that the report does not reflect a final determination of an estate gift, estimated at $500K from Rosemary Stauss, former NKU faculty, administrator and supporter. This gift will involve a naming opportunity for the University's Black Box Theatre and will provide an endowment for the Fine Arts YES festival. The report as submitted summarizes fundraising resources committed from July 1, 2004 through April 8, 2005 totaling $9,637,283 in support of the University (Resources pending - $20,788,250). The report includes: College of Arts and Sciences - $699,591 (pending resources $68,250); College of Professional Studies - $190,709 (pending resources - $20K); College of Business - $77,835 (Pending resources - $16,400,000); Chase College of Law - $527,859 (pending- $50K); College of Education - $31,426 (pending $600K); Steely Library - $13,641; Norse Athletics- $255,146; Campus Priority Fund (Unrestricted) - $106,197; Campus General Initiatives - $7,558,182 (pending $3,650,000); and WNKU - $176,697.

4. Research Grants and Contracts Bi-Monthly Award Report: Associate Provost Beere noted that the report is very encouraging as the amount reported is considerably ahead of where we were last year. The report summarizes the successful proposals with the award amount for NKU faculty and staff from March 1, 2005 through April 22, 2005.
   - Research, Grants and Contracts - fifteen proposals were awarded during this time period, totaling $3,575,440.

Programs; **Douglas Feldmann,** Assistant Professor, Elementary, Middle, and Secondary Programs; **Kristi Martines**, Assistant Professor, Biological Sciences; **Bianca Prather-Jones**, Assistant Professor, Educational Specialties; **Robert Russ**, Assistant Professor, Accountancy; and **E. David Thompson**, Assistant Professor, Biological Sciences.

Resignations: **Ann Harding**, Research and Instructional Services Librarian, effective March 31, 2005; **David Schenk**, Professor, Mathematics and Computer Sciences, effective May 14, 2005; and **Robert Sprague**, Director of Student Financial Assistance, effective August 31, 2005.

Phased Resignations **-Phased Resignation Program Participants, effective August 15, 2005 - (participation for three academic years): Thomas J. Kearns**, Professor, Mathematics and Computer Science; **W. Michael Ryan**, Professor, History and Geography; and **Robert C. Vita**, Professor, History and Geography.

2. Faculty Continued Probation **(2005-06):**
College of Arts and Sciences: **Art:** Tom Davie; **Biological Sciences:** Rebecca Evans; **Chemistry:** Heather Bullen and Stefan Paula; **History and Geography:** Francois Le Roy; **Literature and Language:** Donelle Dreese; **Mathematics and Computer Science:** Train Marius Truta, Jeffrey Ward, and Michael Waters; **Physics and Geology**: Matthew Zacate; **Political Science and Criminal Justice:** Jennifer Pealer and Ryan Teten; **Psychology:** Philip Moberg; **Sociology, Anthropology, and Philosophy**: Judy Voelker and Delores Walters; **Theatre and Dance:** Daryl Harris and Mark Hardy.
College of Business: **Economics and Finance:** Linda Dynan and Young Kim. **Management and Marketing:** Vassilis Dalakas, Mary Conway Dato-on, Giles Hertz, and Steven Mueller.
College of Education: **Elementary, Middle, and Secondary Programs**: Christopher Cook, Shawn Faulkner, and Lenore Kinne.
College of Professional Studies: **Communication:** Gregory DeBlasio, Jennifer Woodside, and Stephen Yungbluth; **Nursing and Health Professions:** Denise Gormley, Dana Hickman, Lisa McQueen, and Kristine Pfendt; **Technology:** Seyed Allameh.
Salmon P. Chase College of Law: **Law Instruction:** Jennifer Kreder and Michael Mannheimer.

3. Emeritus Status: **David S. Payne**, Professor of History, History and Geography and **David C. Short**, Professor of Law, Salmon P. Chase College of Law.

4. Reassigned Time Benefits: Approved reassigned time benefits equivalent to 50% for an additional six-year Regents Professor term beginning July 1, 2005 for **Miriam Steinitz Kannan**, Regents Professor, Biological Sciences.

5. Non-Academic Personnel Actions: The following categories of non-academic personnel actions, which occurred between February 18, 2005 and April 14, 2005, were approved: Activations; Transfers; Reassignments, Reclassifications, Re-Engineering, and Title Changes; Promotions; and Departures.

6. Bad Debt Write-Off (fiscal year 2004-2005): The Vice President for Administration and Finance is authorized to write off the bad debts from the University's financial records as operating expenses. This is accomplished once a year before the end of the fiscal year. Fluctuations are seen from year to year.

Bursar Operations monitors the various categories to assure effective receivable management practices are in place. Bursar Operations collected approximately $65M in tuition, fees, room, board, parking and other related revenues for the fiscal year. The bad debt write-off represents 2.2 tenths of a percent (.0022) of the monies collected. The total for 2005 was at $147,794.92.

7. **Athletic Training Program**: The name of the Athletic Training Program within the Department of Intercollegiate Athletics was changed to Sports Medicine. The field of athletic training and its role within an intercollegiate athletics program has grown nationally and at NKU. Due to the continued integration of the athletic training profession into the overall medical and healthcare field, as well as advances in the educational process of athletic training, the title of athletic training no longer adequately described the services offered.

8. **Honorary Degree Candidate conferred at the May 7, 2005 Commencement**: Approval for Helen Thomas, to receive an Honorary Doctor of Humane Letters degree. The degree will be conferred at the May 7, 2005, commencement ceremonies at US Bank Arena in Cincinnati, Ohio. Ms. Thomas is a Hearst Newspapers columnist, who served for 57 years as a White House correspondent and was commonly referred to as "the First Lady of the Press."

9. **Honorary Degree Candidate conferred at the May 14, 2005 Commencement**: Approval for The Honorable S. Spiegel, Senior United States District Court Judge for the Southern District of Ohio, to receive an Honorary Juris Doctorate degree to be conferred at the May 14, 2005, Salmon P. Chase College of Law commencement ceremony at Regents Hall, Highland Heights, Kentucky. Judge Spiegel has served twenty-five years on the Federal Bench for the Southern District of Ohio and has been an ardent supporter of Northern Kentucky University. He was the first federal judge in the Southern District of Ohio, and one of the first outside of Kentucky, to hire graduates from Northern Kentucky's Salmon P. Chase College of Law.

10. **Naming Rights for University Facilities**: Approval for the following:
    - New Science Center to Dorothy Westerman Herrmann Science Center
    - New Regional Events Center to The Bank of Kentucky Center
    - Old Science Center to Founders Hall
    - New Science Center, Digital Classroom to US Bank Ralph Haile Foundation Digital Theater
    - Lake Area Amphitheater to Eva and Oakley Farris Amphitheater
    - Tennis Facilities to Joyce Yaeger Tennis Center

    The naming committee had previously reviewed and approved a listing of available naming opportunities on campus with recommended gift levels for inclusion in the "Shaping Dreams" Campaign Plan. All of the naming opportunities listed, with the exception of the old science center, are recommended in consideration of private contributions made by donors.

Regent McClelland recommended that all naming opportunities include NKU in the title of the building/room/facility. The President indicated that this would be looked into for consideration.

11. **Division of Academic Affairs Organization Changes**: Organizational changes include the creation of a new college, College of Informatics (Computation/Information/ Communication), effective with the new fiscal year on July 1, 2005. The mission for the College of Informatics (CoI) at NKU is to create a

community of learners and scholars especially prepared to meet the fast-paced integrative changes in the fields of computing, information, and communication. Through its curriculum, research and outreach programs, CoI represents NKU's creative, analytic, and technical response to an economy driven by innovation and convergence. CoI will play a proactive leadership role in the transition to a new economy in the region.

Additional changes in Academic Affairs include: **1)** Mathematics and Computer Science changed to the Department of Mathematics in the College of Arts and Sciences. The Computer Science program will move to the College of Informatics. **2)** Department of Social Work and Human Services will be moved to the College of Education and Human Services. **3)** The existing Department of Nursing and Health Professions, currently housed in the College of Professional Studies, will become a School of Nursing and Health Professions and will report to the Vice President for Academic Affairs. **4)** The Department of Technology, currently a unit under the College of Professional Studies will move to a number of new locations. The Mechanical and Manufacturing Engineering Technology and Electronic Engineering Technology will move to the Department of Physics and Geology, in the College of Arts and Sciences. The Construction Management, Organizational Leadership, Business Education and Master's in Technology Programs will move to the Department of Technology in the College of Business. The Computer Engineering Technology Program will become a part of the Department of Computer Science in the new College of Informatics (CoI). The Office Systems Technology Program will become a component of the Department of Information Systems in the new CoI. **5)** The reporting responsibility for the Covington Campus will move from the University Programs/Vice Provost area to the Associate Provost for Outreach and Graduate Studies. This movement will allow the area of Educational Outreach to coordinate all off-site campus programming under one office. **6)** The area of Enrollment Management will move to the Division of Academic Affairs, insuring that matters related to student recruitment and retention are closely aligned with overall academic program planning. **7)** The current position Director of Affirmative Action and Multicultural Affairs, will be redefined as the Associate Provost for Student Success and report to the Vice President of Academic Affairs and Provost.

A motion was made by Regent Downing and seconded by Regent Butler to approve the Division of Academic Affairs Organization changes as recommended. **Motion carried.**

12. **Contributions Received by the NKU Foundation:** A motion was made by Regent Pogue and seconded by Regent McCoy to accept contributions totaling $540K received by the NKU Foundation Inc. for the benefit of Northern Kentucky University during the period February 25, 2005 through April 8, 2005. **Motion carried.**
    - US Bancorp, designated to University Lake Vista Project - $20K.
    - Frank A. Fletcher, designated to Chase College of Law Scholarships - $10K.
    - National City Bank Corp., designed to Norse Athletics Men's Soccer Program - $10K.
    - Rosemary Stauss, designated to the Rosemary Stauss Blackbox Theater & YES Festival Endowment - $500K.

13. **Tuition, Fees and Charges for Academic Year 2005-06**: A motion was made by Regent Hixson and seconded by Regent Griffin to approve the comprehensive schedule of tuition, fees, and charges for academic year 2005-06 at the rates proposed in the Authorized Schedule of Tuition Rates and Authorized Schedule of Fees and Service Charges. **Motion carried.**

The recommendations take into consideration historical under-funding, recent state budget reductions, non-discretionary funding commitments, and the need to invest in strategic priorities essential to the University's future. The proposed tuition rate increases for all classifications take into consideration the competitiveness of NKU's tuition strategy when compared to benchmark, local, and state universities and the $6.5M increase in state appropriation. The proposed strategy allows for NKU's continuing competitiveness in terms of price and quality of education. The tuition recommendation for FY 2005-06 provides for support in three areas of investment: Academic Quality and Capacity; New Student Union construction; and operating. The total tuition increase for resident undergraduate students will be $300 per semester, or 13.74%.

14. **Resolution establishing and approving the Fiscal Year 2005-06 Annual Budget for NKU (July 1, 2005 - June 30, 2006):** A motion was made by Regent Downing and seconded by Regent Butler to approve the resolution establishing and approving the Fiscal Year 2005-06 Unrestricted Current Fund Annual Operating Budget for Northern Kentucky University at $149,100,000. **Motion carried.**

15. **NKU 2006-2012 Capital Plan:** A motion was made by Regent Pogue and seconded by Regent Griffin to adopt the 2006-2012 Capital Plan. **Motion carried.**

    The biennial budget process is divided into two distinct parts, (1) the biennial capital budget; and, (2) the biennial operating budget. The capital budget is preceded by the Six-Year Capital Planning process. The Capital Plan consists of a status report on projects approved for the current biennium (2004-06), a listing of projects to be requested for the 2006-08 Capital Budget Request and those projects anticipated for inclusion in the 2008-2010 and the 2010-2012 Capital Budget Requests.

    The top academic priority is renovation of the Old Science Building, followed by construction funding for the Center for Informatics, a building for the new College of Computing, Information and Communication, and the Health Innovations Center, a new building for Psychology and the Department of Nursing and Health Professions. Other priorities include renovation of the University Center and various projects related to maintenance and upgrade of campus facilities.

D. Regent Recommendations:

1. **Resignation of Regent Anna Dale Pyles as Vice Chair:** A motion was made by Regent Beck and seconded by Regent McCoy to accept Regent Pyles' resignation as Vice Chair for the 2004-05 academic year. **Motion carried.**

2. **Election of Board of Regents Executive Committee:** A motion was made by Regent Downing and seconded by Regent Pogue to nominate the following Regents to serve as the Board of Regents Executive Committee for 2005-06: Chuck Brown (Chair), Martin Butler (Vice Chair), and Joyce Griffin (Secretary). **Motion carried.**

At 2:35 p.m. a motion was made by Regent Downing and seconded by Regent Beck to call an Executive Session to discuss personal and property matters. Executive Director of NKU Foundation Administration and President Votruba were asked to remain. **Motion carried.**

At 3:05 p.m. a motion was made by Regent Butler and seconded by Regent McCoy to call the meeting back into open session. No action was taken. **Motion carried.**

At 3:06 p.m. a motion was made by Regent Downing and seconded by Regent McClelland to adjourn. **Motion carried.**

Presidential Comments:

- The discussion at the morning's joint Policy and Finance Committee meeting centered around the possibility of reclassifying NKU's Intercollegiate Athletic program from NCAA Division II to Division I. The backdrop for this discussion was a recognition that any such reclassification needs to be considered within the context of NKU's overall direction and priorities for advancing the University on behalf of its students and community. The consultants were clear that the University's athletics program has achieved a remarkable success relative to a modest athletics investment. While the consultants noted that there was substantial university and community support for a reclassification, and that NKU was capable of making the transition to Division I, a reclassification would require a substantial additional investment in staff, facilities and operations to position NKU for competitive success in Division I.

  The President concluded that the University is not prepared to recommend reclassification at this time as the considerable cost of a reclassification in the context of limited resources would inhibit the ability to invest in other parts of the University's core mission important to both the campus and region. However, the administration will develop a multi-year funding plan for Board consideration that will address critical

infrastructure and facility improvements to position the Athletics Program at the top of Division II and reduce the resource gap should the University later decide to reclassify to Division I. All of those who participated in the Athletic Master Plan study were recognized, particularly Vice President Shanley, Intercollegiate Athletics Director Jane Meier, the Reclassification Steering Committee and PriceWaterhouseCoopers and Carr Sports Associates. The University was commended by Carr Sports Associates on its in-depth comprehensive efforts on this study.

- The President is co-chair of the Northern Kentucky strategic planning/visioning process-VISION 2015. This year-long process is well at the halfway point. There are five action teams with focus on: economic competitiveness, educational excellence, urban renaissance, effective governance, and livable communities. In every case these action teams, which include NKU faculty, are reinforcing the importance of the University's involvement in all of those domains.
- Vice President Deborah Read was recognized for her extraordinary leadership in University Advancement for over the last 5 ½ years. During her leadership NKU's "Shaping Dreams Campaign" was finished well ahead of schedule and at 25% above target at $52M. Beginning September 1, she will begin her new role as Vice President for Development at the University of Albany, State University of New York.
- Mary Ann Zeleznik and Jay Hanselman from the University's Radio Station, WNKU, were recognized for their contributions. The station is celebrating its 20th anniversary and has become an important part of the community as the voice of the University for many in the tri-state area. They will both be going to WVXU, a full time news station.
- Kevin Corcoran, Chair in the Department of Psychology at the University of Cincinnati, will be with NKU as an ACE Fellow for this academic year. The American Council on Education (ACE) has a national competition each year for their ACE Fellowship program which provides each participant with a deeper knowledge of administration and university leadership. Approximately 40-45 fellows are selected for a year of full-time study at the university of their choosing.

Dr. Sue Hodges Moore, Executive Vice President for the Council on Postsecondary Education, was welcomed to the meeting by the President and was asked to address the Board on her current work at the CPE and plans for her new role as NKU's Vice President for Planning, Policy, and Budget, beginning this summer. Dr. Moore indicated that postsecondary education has been her life's work for the past 32 years. The main three reasons for taking the new position at NKU: the University's stewardship in community and the public agenda at the state level; respect for the President and other administrators; and "coming home"–family in the area where she grew up.

A. **Joint Finance and Policy Committees**: (Reports were given by Regent Secretary Griffin)

1. **NCAA - Division I Athletic Master Plan:** The meeting focused on reports addressing the possibility of reclassifying NKU's Intercollegiate Athletics program from NCAA Division II to Division I. The possibility of a reclassification has been addressed on several previous occasions and re-emerged as a result of the funding of the $60M Bank of Kentucky Center and the increasing visibility and stature of

NKU. The committee heard reports from the two consulting groups who conducted market assessment and feasibility studies on NKU's readiness for a Division I reclassification (PriceWaterhouseCoopers and Carr Sports Associates), in addition to a summary report from Vice President Shanley who chaired the NCAA Reclassification Steering Committee which guided the assessment of the Athletics program.

Dr. Shanley recognized the special eight month assessment by the members of the Reclassification Steering Committee. The three reports indicated that there was substantial university and community support for a reclassification, and that NKU was capable of making the transition. However, it was recommended that the University should not implement this decision until key readiness issues are met (personnel, funding, facilities, and conference affiliation), and that NKU should continue to make investments in strengthening the intercollegiate athletics infrastructure commensurate with the highest level of NCAA Division II.

President Votruba concluded with his overall assessment of the reclassification studies, and his recommendation that NKU not consider a reclassification to NCAA Division I at the present time. The Board concurs with this assessment. If further information is needed, more detail can be found in the University Library on the findings.

B. Presidential Reports:

1. **Facilities Management:** Vice President Ramey highlighted the following projects:
   - **Lake Development:** This project is about 1-2 months behind. Completion is anticipated by early fall. This project will result in a more attractive, welcoming environment for the students.
   - **New Student Union:** The final documents are expected for review by early next week. Bidding should begin in August. Construction will begin this fall. The University has been given authority for one half of the agency bonding for the current fiscal year and is still working closely with the Finance Cabinet as well as the State Budget Office as to how to proceed on the remaining agency bonding authority for the next fiscal year.
   - **Digital Classroom/Planetarium Project and Greenhouse:** These projects will be bid concurrently with construction beginning in early fall.
   - **The Bank of Kentucky Center (not included in the report):** There have been numerous discussions with the Finance Cabinet on the construction method and the state has for the first time agreed to go with a construction manager at-risk process. The state historically has been design/bid/build as it relates to their projects. An RFP has been issued for a company to work with the University to not only be a preconstruction consultant but to also manage the facility when it opens. It is hoped to move into the facility by fall 2007.

   Other active projects included in the report: **Performance Contracting/Energy Audit; Sports Complex; Campus Wayfinding Project Phase 1.**

2. **Fundraising Report:** Vice President Read indicated that this was a very good fiscal year which will end at over $10M. The University met its goal not only for the fiscal year but for the Campaign as mentioned

earlier by the President. She also expressed her pleasure to serve the University in this capacity over the last 5 ½ years and to get to know the current and former members of the Board of Regents and the Foundation Board, along with the University Administration and Development team. She recognized all as wonderful representatives and leaders for the University in moving the University's goals forward.

The report summarizes fundraising resources committed from July 1, 2004 through June 24, 2005 totaling $10,229,331 in support of the University. The report includes: College of Arts and Sciences-$854,176; College of Professional Studies-$203,339; College of Business-$109,110; Chase College of Law-$541,049; College of Education-$42,747; Steely Library-$21,724; Norse Athletics-$300,577; Campus Priority Fund (Unrestricted)-$155,615; Campus General Initiatives-$7,719,872; and WNKU-$281,122.

3. **Research Grants and Contracts Bi-Monthly Award Report:** Associate Provost Beere noted that the total for Grants and Contracts was at $7.5M last year as compared to $10M for this year. This does not include money from the METS Center and the Center for Applied Ecology–the complete report will be provided to the Board at their next meeting. The current report summarizes the successful proposals with the amount of award for each proposal for NKU faculty and staff from May 1, 2005 through June 30, 2005. Eighteen proposals were awarded for Research, Grants, and Contracts during this time period, totaling $1,399,037. The Center for Applied Ecology had three proposals awarded during this time period, totaling $5,250.

   President Votruba indicated that earmarked grants are very important for the University but the competitive grant program reflects the strength of the faculty in the research domain.

C. **Presidential Recommendations:**
Consent Agenda Items: A motion was made by Regent Griffin and seconded by Regent Beck to approve the following Presidential Recommendations as listed below (C.1- 17). **Motion carried.**

1. **Academic Affairs Personnel Actions:**
Administrative Appointments: Thomas Burke, Director of the Small Business Development Center, effective May 1, 2005; **Gary Clayton**, from Professor of Economics, to Chair and Professor Economics, in the Department of Economics and Finance, effective July 1, 2005; **Gregory Farfsing**, MBA Director/Lecturer (non-tenure track renewable) in the Department of Economics and Finance, effective July 1, 2005; **J. Ronald Gardella**, Interim Associate Dean for Undergraduate Programs, College of Education and Human Services, effective July 1, 2005 through June 30, 2006; **Perilou Goddard**, from Professor in the Department of Psychology, to Chair and Professor in the Department of Psychology, effective July 1, 2005; **Debra Pearce**, from Professor in the Department of Biological Sciences, to Chair and Professor in the Department of Biological Sciences, effective July 1, 2005; **Robert Salyer**, MAcc Director/Instructor (non-tenure track renewable), effective July 1, 2005; **Mark Wasicsko**, Bank of Kentucky Endowed Chair and Professor with Tenure, Office of the Dean, College of Education and Human Services, effective August 15, 2005; and **Vance Wolverton**, Chair and Professor with Tenure in the Department of Music, effective July 1, 2005.
Faculty Appointments, effective August 15, 2005: Eric Paul De Forest, Assistant Professor, Music and **Michael Scola**, Lecturer (non-tenure track renewable), Biological Sciences.

Leaves Paid/Unpaid: George Goedel, Professor in the Department of Psychology, paid administrative leave with benefits, for the 2005-06 academic year; **Nancy Lang**, Associate Professor of Economics, paid administrative leave with benefits, for the Spring Semester 2006; **Gisele Loriot-Raymer**, Associate Professor in the Department of Literature and Language, half-time unpaid leave without benefits, for the 2005-06 academic year; and **Jerry Warner**, Professor in the Department of Biological Sciences, paid administrative leave with benefits, for the 2005-06 academic year.

Retirements: Leon E. Boothe, President Emeritus and Professor of History, effective July 2006; **Dennis Lye**, Associate Professor in the Department of Biological Sciences, effective July 31, 2005; and **Geraldine Williams**, Associate Professor and Systems Librarian, effective July 30, 2005.

Resignations: Jasbir Dhaliwal, Chair and Professor in the Department of Information Systems, effective August 31, 2005.

Phased Resignations: Randy Holt, Professor in the Department of Technology, Phased Resignation Program Participant, effective August 15, 2005 (participation for three academic years) at 50% each year for three years.

2. **Temporary Appointments for 2005-06:** Vincent Owhoso, Department of Accountancy.

3. **Amendments to the *Faculty Policies and Procedures Handbook*:**
On April 25, 2005, the Faculty Senate passed two amendments to the handbook: 1) That Academic Advising be moved to the category of Teaching Effectiveness (Part One, Section IV.B.1) from the category of Institutional and Public Service and 2) Eliminate rule that a non-tenure faculty member receive a terminal contract following three years of conditions.

   On May 6, 2005, the Faculty Senate passed one amendment to the handbook: 1) Removal of the Retirement Incentive Program (Part One Section XI.D, pages 45-53).

4. **New Program, Bachelor of Health Science, in the School of Nursing and Health Professions (beginning fall 2005 semester):** This program was developed to provide an opportunity for new students and credentialed radiologic technologists and respiratory therapists to complete a baccalaureate degree program. The program allows students to take a common core of courses in their freshman year with the opportunity to select either the radiologic science or respiratory care track for their final three years.

5. **New Program, Bachelor of Science in Entrepreneurship, in the College of Business (beginning fall 2005 semester):** This program was developed as a multidisciplinary program designed to give students an opportunity to develop their own creative skills while applying principles of management, marketing, and finance to the challenges of starting a new business, growing a business, or managing a family business. The program prepares its graduates for the challenges of a global economy in which successful completing is based on speed to market, innovation, and entrepreneurial drive. Course topics

include idea generation, opportunity recognition, business plan development, venture financing, early stage strategies, corporate venturing, and management of innovation.

6 **Two New Master-Level Certificate Programs, Industrial Psychology and Organizational Psychology, in the College of Arts and Sciences (beginning fall 2005 semester):** The Department of Psychology developed the proposed certificate programs to provide a more specialized alternative to the Masters of Industrial/Organizational Psychology degree program. The certificate programs each require 12 semester hours to complete and will be attractive to non-traditional students in highly mobile careers who may not traditionally pursue graduate education.

7. **New Post-Baccalaureate Certificate Program, Advanced Taxation, in the College of Business (beginning fall 2005 semester):** The Department of Accountancy developed the program to offer professionals the opportunity to enhance their skills in their profession. The certificate program requires 12 semester hours to complete and will be marketed to area tax professionals and accounting firms.

8. **New Post-Baccalaureate Certificate Program, Entrepreneurship, in the College of Business (beginning fall 2005 semester):** The Department of Management and Marketing developed the certificate program to offer professionals the opportunity to enhance their skills or prepare for new ventures. The certificate program requires 15 semester hours to complete and will be offered over the internet.

9. **New Certificate Program, Adult Psychiatric Nurse Practitioner, in the School of Nursing and Health Professions (beginning fall 2005 semester):** The School of Nursing and Health Professions developed the program to prepare nurse practitioners who have a specialty in another area (family, adult, etc.) as adult psychiatric nurse practitioners. Students will get didactic and clinical experience in psychiatric mental health nursing and be able to sit for the adult psychiatric mental health nurse practitioner certificate examination offered by the American Nurses Credentialing Corporation (ANCC). The certificate program requires 18 semester hours to complete and will be offered over the internet.

10. **Graduate Council Standing Committee (AR-III-2.0-3)**: Changes have gradually been made in the functioning, responsibilities, and composition of the Graduate Council. These changes are reflected in the revised Administrative Regulations which incorporate language that the Graduate Council has adopted as part of its Bylaws.

11. **Non-Academic Personnel Actions:** The following categories of non-academic personnel actions, which occurred between April 15, 2005 and June 23, 2005, were approved: Activations; Transfers; Reassignments, Reclassifications, Re-Engineering, and Title Changes; Promotions; Departures; and Retirees.

12. **Tuition and Fees Refund Appeals Committee(Administrative Regulation New Standing Committee)**: The committee will review and make recommendations on appeals not approved by the Director of Bursar Operations.

Since 1989 any appeals concerning tuition and fees have been reviewed solely by the Director of Bursar Operations. Prior to 1989 this responsibility was held in the Office of the Registrar. As enrollment and the cost of tuition has grown over the years, so has the number of appeals needing review. The Director of Bursar Operations will continue to review all appeals. Appeals that meet the criteria set forth in the Tuition Refund Exception Policy (exp. properly documented medical appeals) will be approved by the Director of Bursar Operations. Appeals that require additional review will be forwarded to the Tuition and Fees Refund Appeals Committee. This Committee membership will include a broad representation of the campus community including faculty and student representatives. The Committee will provide an avenue for appeals to be reviewed in a broader perspective than the current process. This process should also reduce the amount of individual appeals that are presented to executive management.

13. ***Personnel Policy and Procedure Manual*** **- Policy B7 - Creation of Retiree definition:** The University has never formally defined the requirements necessary to be officially considered a retiree of the University. The formal definition is required to be consistent in granting the rights and privileges associated with the designation. Employees are encouraged to contact the Benefits Office/Human Resources at least three months prior to the expected retirement date to learn about the benefits and procedures necessary for a successful transition into retirement.

14. ***Personnel Policy and Procedure Manual*** **- Policy F4 - Revision of Terminal Vacation/Annual Leave:** Addition to Policy F4, Terminal Vacation/Annual Leave to give retiring employees the option to transfer vacation credit to medical leave time that can be counted towards time of service when calculating the State's pension benefits.

15. ***Personnel Policy and Procedure Manual*** **- Policy F6 - Revision of Military Leave-Extended Duty:** Information will be included in this policy referring to status of vacation and leave accruals during a military leave of absence. This amends the policy to be in compliance with Uniformed Services Employment and Re-employment Rights Act (USERRA).

16. **NKU Organization Structure changes:** The structure reflects all NKU Administrative changes from March 9, 2005, to July 13, 2005. The reporting lines listed are for Director level and above, but include: individuals who directly report to the President; Department Chairs under Academic Affairs; and Coaching areas under Intercollegiate Athletics.

17. **NKU Website Accessibility Policy and Guidelines:** The Web Accessibility Policy addresses standards established by Section 508, Subsection 1194.22 of the Rehabilitation Act. Section 508 provides achievable, well-documented guidelines for implementation. The policy also addresses the *World Wide Web Consortium*'s (*W3C*) Prioritized Standards for web accessibility. The Council on Postsecondary Education (CPE) has requested that each public college and university adopt a policy that addresses how they will adhere to these standards.

18. **Self-Insured Workers' Compensation Program:** Vice President Ramey commented that this was a request to withdraw from the state Workers' Compensation Program and move to a more self-insured

program managed by the University of Kentucky. After four different options provided, the recommendation is to go with a self-insured approach with aggregate, meaning that the University's exposure on any one specific incident would be $250K with a maximum aggregate exposure of $850K over the year. Over the past five year history of the University's Workman's Compensation, the University spent approximately $74K in claims--NKU is on the low end of utilizing this program. The premium for this current fiscal year with the state would increase the cost of insurance at $440K a year just for the University's Workman's Compensation. This will save the University $160-170K the first year which will be put into a reserve should a catastrophic event occur. Particularly, Lori Southwood, Director of Human Resources, and her staff were acknowledged and commended for their work on this process. A motion was made by Regent Downing and seconded by Regent Butler that the resolution be adopted to withdraw from the state Workers' Compensation Program and adopt a self-insured approach. The Northern Kentucky University Managed Care Program will be administered through the University of Kentucky. **Motion carried.**

19. **Ethical Principles and Code of Conduct:** Vice President Sidebottom commented that this was one single document that pulls together all other statements regarding ethical principles and code of conduct in the various faculty, staff, and student handbooks, including the Regent Bylaws and sets the philosophy for the University. All of the provisions will remain in the various university handbooks and manuals. This is a campus-wide statement coming at the request of the Regents. The content in the revised recommendation mirrors most other state universities.

    Chair Brown had a question on Page 6, Acceptance of Gifts or Benefits, bullet #3--Acts of professionally related hospitality above $2,000..... Vice President Sidebottom indicated that the $2,000 amount was a typo and would be corrected to indicate "$200." A motion was made by Regent Zapp and seconded by Regent McCoy to approve the revision to NKU's Administrative Regulation, AR-I-1.0-1 (Statement of Administrative Ethics). This expanded "Ethical Principles and Code of Conduct" is intended for University-wide application and will supersede "Statement of Administrative Ethics" - AR-I-1.0-1, dated 7/29/81. **Motion carried.**

20. **Contributions received by the NKU Foundation:** A motion was made by Regent McCoy and seconded by Regent Beck to accept contributions totaling $320,287.52 received by the NKU Foundation Inc. for the benefit of Northern Kentucky University during the period April 9, 2005 through June 24, 2005. **Motion carried.**

    Constituent and Fund Description:

    - National City Bank, designated to National City Music - $101,250.00
    - The Procter & Gamble Fund, designated to Career Dev., Chemistry, Technology Dept., College of Business, Biology, Unrestricted, Student Life, Chase, Testing/Disability, African American Student Affairs, Information Services, Finance & Accountancy - $45K
    - John J. and Mary R. Schiff Foundation, designated to Campus Priority Fund - $42,982.00
    - Lexus River Center, designated to Gift-In-Kind - 34,037.52
    - John J. and Mary R. Schiff Foundation, designated to University Lake Vista Project - $32,018.00
    - Lois and Richard Rosenthal Foundation, designated to Theatre Outreach - $25K

- Alice S. Sparks, designated to COE Graduate Scholarships - $10K
- Citigroup Foundation, designated to COB-Financially Fit for Life Program - $10K
- Lois and Richard Rosenthal Foundation, designated to Uptown Arts Program - $10K
- Ralph J. Lemley, designated to Norse Athletics Men's Basketball Fund - $10K

D. **Executive Session:** At 2:00 p.m. a motion was made by Regent Downing and seconded by Regent McClelland to call an Executive Session to discuss property matters. Vice President Sara Sidebottom, Vice President for Legal Affairs and General Counsel, was asked to remain. **Motion carried.**

At 2:18 p.m. a motion was made by Regent Zapp and seconded by Regent Perry to call the meeting back into regular session. No action was taken. **Motion carried.**

President Votruba asked that all material related to property matters be returned to Kimberly Luse, Executive Assistant to the President and Secretary to the Board of Regents.

At 2:20 p.m. a motion was made by Regent Griffin and seconded by Regent Zapp to adjourn. **Motion carried.**

Northern Kentucky University
Board of Regents Retreat
Metropolitan Club, Covington, Kentucky
August 30, 2005

In attendance: James Votruba, Kim Luse, Chuck Brown, Nancy Kremer, Frank Downing, Carrie McCoy, Jennifer Perry, Denise McClelland, Bev Beck, Marty Butler, Joyce Griffin, Bob Zapp.

The meeting began at 8:45 a.m. at the Metropolitan Club in Covington, KY. Dr. Votruba welcomed the group, and introduced George Mehaffy, from AASCU.

George Mehaffy led the group in a presentation entitled: "The Engaged University of the 21st Century." The changing paradigms of higher education were the focus, with the overarching themes: Teaching to Learning, Scholarship to Innovation, and Service to Engagement. He recommended the book, The World is Flat, by Tom Freedman. He summarized one of the problems apparent on the campuses in America today with the following quote from Andrei Toom: "The Less I Teach, the Less Trouble I Have."

There was a break at 10:00 a.m. At 10:15, the group reconvened for a question and answer session with George Mehaffy.

Discussion regarding the need for change in alignment of institutional reward systems was discussed. The language in the Faculty Policies and Procedures Handbook was viewed as key, so the faculty understand how they will be evaluated. What is expected after tenure should also be delineated in the Faculty Policies and Procedures Handbook. Incentivizing the system so that engagement is rewarded should be the goal. Recognizing the fact that engagement requires participants to incur expenses related to parking, travel, gas, and meals was also noted.

George Mehaffy offered that in some institutions, a way to incentivize faculty to participate in regional engagement was to award 20% for grant writing that resulted in research in their field, vs. 30% for grant writing that benefited the region.

The Regional Stewardship Trust Fund was discussed. Chuck Brown recommended that the BOR take a formal position in support of the trust fund. A resolution was recommended that would be delivered at the September board meeting.

The question regarding what percentage of students participate in service learning at NKU was raised. Institutionalizing service learning was considered vital so that there is a continuum that will survive new presidents/administration. The engagement of the university cannot be person-dependent.

Marty Butler asked for more materials to be sent to the BOR that would help educate them on civic engagement.

At 11:30 a.m. George Mehaffy departed.

The Board of Regents conducted their self-assessment, which was led by Regent Downing. The by-laws were reviewed. Ethics are imbedded in the fabric of the by-laws. Conflict of interest guidelines were read. Terms and responsibilities of a member of the BOR were outlined. There was discussion regarding what to do if a Regent fails to meet those responsibilities. Specifically, attendance issues were discussed. Regent Brown will call Anna Dale Pyles to review her lack of participation and to suggest that it may be appropriate for her to resign.

Regent Downing reviewed the ten commandments of an effective board. All agreed the Chair of the BOR is the person who will speak publicly on all matters. The partnership between the president and the BOR is key to running an effective university. Both the Board and President concurred that the partnership is strong.

A review on parliamentary procedure occurred.

Regent Brown reviewed the policy that deals with conflict of interest for a board member.

At the conclusion of the board self-assessment, several suggestions were received from various board members.

Denise McClelland suggested an oral history be taken from the various members of the university community in order to preserve their knowledge. Such oral history could be used as a video at new faculty orientation.

Joyce Griffin asked if Kim Luse can assure that a regent is represented at all major university events. A ranking of events in order of importance was suggested.

Chuck Brown requested that a subcommittee be formed to review BOR Emeritus status. The committee would meet annually to assess if any former regents should be promoted to Emeritus status. The committee will consist of Joyce Griffin, Frank Downing, and Bob Zapp.

At 12:15 p.m., President Votruba gave a presentation entitled: "2004-2005 Progress on Strategic Priorities." In this presentation, a thorough review of the milestones that were achieved last academic year was discussed, and information about the upcoming academic year was outlined. The following questions arose from the presentation:

Chuck Brown: "Since we are in the middle of the pack of our benchmark institutions, are the others open admission?" "How many students were turned down this year, and what pathways were identified to them?"

Bev Beck: "It is important to encourage students to retake the ACT if they score poorly."

Frank Downing: "Do we anticipate an increase in our graduation rates based on the new admissions standards?"

Frank Downing: "Can the BOR have a breakdown of the 14,447 students? Which are full-time, which are part-time, who are admitted with restrictions?"

Denise McClelland: "Can we review the structures supporting our new initiatives, specifically people, and processes?" "How does NKU define student success?" How many students would we lose this year if the benchmark was a 20 ACT?"

The BOR requested that the data from the Southern County Science Program in CATS science test scores be shared.

The BOR requested a campus footprint of the new buildings.

At 3:30, the BOR conducted an evaluation of President Votruba. At 4:30, Regent Brown met individually with the President for a debrief of the evaluation.
Points raised by Regent Brown during the debrief:

1. The BOR would like an analysis on salary compression across the university. Regent McCoy also raised the point that in her estimation, males (in the faculty ranks) are paid higher than females, and that was highlighted last year when departments were combined. There are also some examples of people performing the same job, but at different levels of compensation.
2. The BOR would like their board materials sooner. We need to collect material ten days prior to the board meeting, and the material will be delivered seven days beforehand for review. The minutes of the board meeting will also be turned around within 72 hours so that the secretary will have the ability to review them while the material is still fresh.
3. The BOR would like to change the by-laws so staff and faculty regents abstain from voting when it is a conflict of interest, such as salary increases.

The retreat was concluded by 5:15 p.m.

A motion was made by Regent Downing and seconded by Regent McClelland to approve the minutes of the July 13, 2005, Board of Regents meeting. **Motion carried.**

Presidential Comments:

- President Votruba reported that the 2005-06 academic year had a great beginning with new orientation programs, expanded first-year programs, new signage (including a new lighted sign on top of Steely Library), and progress on the lake project. Enrollment has increased somewhat from last year. Graduation rates have increased 7 percent.

- The new admissions standards have been a great success. President Votruba thanked everyone on campus who worked hard to implement the new standards. In particular, he expressed appreciation to Joel Robinson in leading the enrollment management effort; Provost Gail Wells and all of the staff associated with the deans, department chairs, and directors; Vice President Mark Shanley and Vice President Ken Ramey and their staffs. In many respects, a new era has begun at Northern Kentucky University because of the efforts and leadership of people throughout the University.

- The Departments of Art, Music, and Theatre hosted the Concert of Hope earlier in the week to raise funds for disaster relief. Hundreds of students, faculty and staff attended the event. President Votruba extended thanks to Vice President Mark Shanley, Dean of Students Kent Kelso, Provost Gail Wells, the Department Chairs, and all others who worked to make the concert a great success. Appreciation was also expressed to Chartwells for donating all of the food for the noon luncheon.

- At the morning's joint Policy and Finance Committee meeting, Provost Gail Wells provided a comprehensive review of the University's efforts to enhance student success in terms of programs and services. Provost Wells outlined challenges as well as reasons for optimism. There were 336 students who were not admitted this year. Many of them retook the ACT and scored at a higher level; many of them attended the NKU Academy. President Votruba concluded that the number of students prepared to succeed is greater this year than it has been in past years. This will be reflected in retention and graduation numbers in the future.

- Vice President Sue Hodges Moore made a presentation at the joint Policy and Finance Committee meeting about Kentucky's public agenda. The public agenda which was begun in 1997 represented a national standard that many others are now looking closely to emulate. President Votruba highlighted four statistics from Vice President Moore's presentation that will influence the future progress of both the Commonwealth and the northern Kentucky region:

    - Out of every 100 ninth graders attending Kentucky high schools, only 15 will graduate from college in a timely manner.
    - Out of Kentucky's 2.4 million working age adults, nearly 1 million function at the lowest literacy levels.
    - For Kentucky to be at the national average in educational attainment by 2020, there is a need to double the number of people in the state population with at least a bachelor's degree (from 400,000 to 800,000).
    - Of Kentucky's 120 counties, five have a percentage of college graduates that meet or exceed the national average. None of these are in northern Kentucky although three counties are close to meeting that average.

    Although Kentucky has made great progress in many areas, the Commonwealth needs to remain on course and stay focused. It is reassuring that Frankfort, the Governor, the Kentucky General Assembly, and the Kentucky Council on Postsecondary Education all recognize that the pathway for economic progress is through better educational attainment.

- President Votruba concluded his remarks by indicating that the Board will consider a resolution asking the Kentucky Council on Postsecondary Education, the Governor, and the Kentucky General Assembly to support the creation of a Regional Stewardship Trust Fund. This is an effort to create a public resource stream to support the work of higher education related to economic development, P-12 enhancement, local government decision-making, and strengthening non-profits in a variety of ways.

A. **Joint Finance and Policy Committee:** (Reports were given by Regent Secretary Griffin)

1. **CPE Update/State Funding:** Vice President Moore made a presentation on the new public agenda for Kentucky's system of postsecondary education. Dr. Moore provided a brief history of the early stages of postsecondary reform, highlighted some of the major accomplishments since 1997, and outlined the new public agenda. This agenda will guide the work of the postsecondary education system over the next five years and is framed by five questions. She announced that the Council on Postsecondary Education (CPE) had approved a campus action plan for Northern Kentucky University. The CPE will set goals this winter for accountability indicators. Progress on the indicators will be monitored closely by the CPE over the next five years and reported on regularly to the Governor and the Kentucky General Assembly. The CPE's budget recommendation for the 2006-08 biennium will include a performance funding component tied to some element of these key indicators. Dr. Moore concluded with a brief outline of the responsibilities of the newly configured Office of Planning, Policy and Budget.

2. **Focus on Student Success**: Provost Wells reported that Northern Kentucky University has an extensive array of programs aimed at providing support for students. Examples include: small classes (average class size = 24), learning communities, advising centers, freshman programs, University 101, new overnight orientation program, Office of Retention and Student Assessment, NKU Academy, Running Start, supplemental instruction, free tutoring, structured learning assistance, developmental courses, student support services, opportunities for experiential learning (undergraduate research, co-op, internships, study abroad, service learning), student organizations (both disciplinary and non-disciplinary based), residential housing, and athletic opportunities.

   The primary conclusion of current research focused on determining which programs are most successful is the following:
   - Successful campuses set high expectations for students and then provide appropriate levels of support to help them succeed.
   - There is "no magic bullet" that guarantees success. Simply finding what appears to be "best practice" combination of programming and "plugging it in" is unlikely to be sufficient.

- Successful campuses have "an unshakeable focus on student learning." The entire campus is committed to student success as both teacher and learner. All levels of leadership are important (Board, president, vice presidents, deans, chairs, faculty, staff and student workers).
- Success means carefully reading the current campus climate culture, aligning people and programs, and making a collective commitment to student success.

Northern Kentucky University has hired Dr. Dennis Weatherby as the Associate Provost for Student Success. He will provide the over-arching leadership across organizational boundaries to cultivate an environment for optimizing student success.

Announcement of Endowed Chair:

Provost Wells was asked to introduce Dr. Mark Wasicsko, the Bank of Kentucky Endowed Chair and Professor in Educational Leadership. Provost Wells remarked that this is Northern Kentucky University's first endowed chair, which marks maturation of the University and movement to a higher level of prestige. Dr. Wasicsko comes from Eastern Kentucky University where he served as Dean of the College of Education and Interim Provost and Vice President for Academic Affairs. His work for the past 25 years has been the study of personal characteristics that make people effective in the helping professions. He founded the National Network for the Study of Educator Dispositions (NNSED). Northern Kentucky University will become the hub for this organization and in November will host the Fourth Annual Symposium on Educator Dispositions at the METS Center.

Board Resolution:

Chair Brown introduced a resolution in support of the Regional Stewardship Trust Fund. The Board of Regents discussed the University's initiatives in public engagement and their importance at the annual retreat on August 30, 2005. Within the state of Kentucky, there has not been any funding for these initiatives. A motion was made by Regent McCoy and seconded by Regent Butler to approve the resolution to endorse the CPE proposal to support a Stewardship of Place Trust Fund in the 2006-08 biennium and to urge the Governor and Kentucky General Assembly to invest in this trust fund for the betterment of the Commonwealth and its people. **Motion carried.**

B. Presidential Reports:

1. **Facilities Management:** The following projects were included in the facilities management report: Lake Development, Performance Contracting/Energy Audit, New Student Union, Sports Complex, Campus Wayfinding Project Phase I, Digital Classroom/Planetarium Project, Greenhouse, and the Bank of Kentucky Center. Vice President Ramey made the following comments:

   - Significant progress has been made on the **Lake Development** project with an estimated completion date of November 2005.
   - The **new student union** is scheduled for bid next month and groundbreaking is projected for this calendar year. It is anticipated that the effects of Hurricane Katrina on the construction industry will increase costs on all new projects including the new student union.
   - Phase I of the **Campus Wayfinding** project has been completed thanks to the outstanding work of Larry Blake, Steve Nienaber, and Mary Lee Schott in Facilities Management.
   - GBBN Architects and 360 Architecture have been selected for the **Bank of Kentucky Arena**. The Construction Manager-At-Risk delivery method will be used for this project and a construction manager will soon be appointed. Because the arena will host major events for the region, a management firm will be selected to run the facility for the University.

2. **Fundraising Report:** The report summarizes fundraising resources in support of the colleges, Steely Library, Norse Athletics, Campus Priority Fund, Campus General Initiatives and WNKU, committed from July 1, 2005, through August 18, 2005, totaling $163,600.

   Gerry St. Amand commented on his dual role as Interim Vice President for University Advancement and Dean of the Chase College of Law. He expressed confidence in the leadership teams of both units and acknowledged the enormous importance of the advancement operation to the success of each academic unit.

3. **Research Grants and Contracts Annual Report Fiscal Year 2005:** This report provides comparative data on Fiscal Years 2003, 2004, and 2005. In Fiscal Year 2004, there were 133 **proposals submitted** totaling $14,869,660. In Fiscal Year 2005, there were 139 **proposals submitted** totaling $24,931,888. In Fiscal Year 2004, there were 88 **proposals awarded** totaling $7,557,702. In Fiscal Year 2005, there were 98 **proposals awarded** totaling $10,939,120.

   Associate Provost Carole Beere indicated that Fiscal Year 2005 was the best year in the history of Northern Kentucky University in terms of the number of proposals submitted, the number of awards that were made, and the dollar amount of funding. Proposal submissions

compared to a year ago increased 4.5 percent; and compared to two years ago increased almost 17 percent. The number of proposals that were funded compared to a year ago increased 11 percent; and compared to two years ago increased 29 percent. The dollars awarded compared to a year ago increased 45 percent; and compared to two years ago increased 58 percent. The annual report now and in the future will include information on the Center for Applied Ecology and METS. The goal in two years is to reach the level of $15 million.

4. **Research Grants and Contracts Bi-Monthly Report:** No further comments were made on the report as submitted. The report summarizes the successful proposals with the amount of award for each proposal for NKU faculty and staff from July 1, 2005, through August 31, 2005. During this time period, eighteen proposals were awarded for a total of $1,425,526.

C. **Presidential Recommendations:**
Consent Agenda Items: A motion was made by Regent Beck and seconded by Regent Griffin to approve the following Presidential Recommendations as listed below (C.1-6). **Motion carried.**

1. **Academic Affairs Personnel Actions:**
Administrative Appointments: Michael Altekruse, Chair and Professor with Tenure in the Department of Social Work and Human Services, effective August 8, 2005; **Paul Cooper**, Interim Chair and Associate Professor in the Department of Technology, effective July 1, 2005 through December 31, 2005; **Rudy Garns**, from Professor in the Department of Sociology, Anthropology, and Philosophy, to Interim Director of Liberal Studies and Professor in the Department of Sociology, Anthropology and Philosophy, effective July 1, 2005; **Jan Hillard**, Assistant Vice President for Economic Initiatives and Professor with Tenure in the Department of Political Science and Criminal Justice effective August 15, 2005, and Interim Chair in the Department of Political Science and Criminal Justice, effective August 15, 2005 through June 30, 2006; **J. Board of Regents Meeting
Northern Kentucky University
University Center Ballroom
November 9, 2005

The regular meeting of the Board of Regents was called to order at 10:14 a.m. on Wednesday, November 9, 2005, by Chair Brown.

Invocation was read by Carrie McCoy.

Roll Call: Beverly J. Beck, Chuck Brown, Martin C. Butler, Joyce E. Griffin, Nancy A. Barone Kremer, Denise H. McClelland, Carrie A. McCoy, and Jennifer C. Perry (Excused: Frank K. Downing, Anna Dale Pyles, and Robert W. Zapp)

Others Present: James C. Votruba, Kimberly A. Luse, Sara Sidebottom, Mark Shanley, Ken Ramey, Gail Wells, Carole Beere, Gerry St. Amand, Sue Hodges Moore, Kevin Corcoran, Mimi Assanuvat, Isaac Ferguson, Annie Buechel, Zane Harris, Bill Farro, Chris Cole, Andy Meeks, Jane Meier, Rob Pasquinucci, Mike Baker, Kathy Stewart, Stephanie Steitzer – *Kentucky Post*, Paul Myers, Steve Meier, Keley Smith-Keller, Katie Weitkamp – *Community Recorders*, Mike Tobergte, Elaine Jarchow, Bridgette Pregliasco, Larry Blake, Don Gorbandt, Joel Robinson, Joe Wind, Gary Pratt, Russ Kerdolff, Chuck Hawkins, Nancy Campbell, Mary Paula Schuh, Harold Todd, Pat Moynahan, Rick Meyers, Larry Meyer, Bill Oliver, Mary Ryan

Motion carried.

A motion was made by Denise McClelland and seconded by Jennifer Perry to approve the minutes of the September 30, 2005, Board of Regents retreat.
Motion carried.

Due to the discussion occurring 15 – 20 minutes prior, Chair Chuck Brown announced the summary of the Joint Finance and Policy Committee would be omitted.

Presidential Comments:

- Agenda item C-10 will be pulled from this agenda and moved to the January 11, 2006 agenda. This will allow time for additional discussion by the members of the Board of Regents.
- University's Financial Report is one that demonstrates fiscal prudence. It shows a need to manage several risks associated with uncertainty. The University finds itself in a very strong financial position. The risks we need to plan for are:
  - The eventual impact of Gateway on our enrollment;
  - Increased admission standards;
  - The impact of construction cost related to the fluctuation of structural steel, concrete and other materials that go into development. We will need to prevent the compromise of the facilities and projects;
  - Energy cost;
  - Healthcare cost;
  - The Prism project;
  - The state's structural deficit and its budget of about $500,000,000.00

- CPE budget, as it has been recommended, reflects some very strong policy initiatives including the Regional Stewardship Trust Fund. NKU has had an instrumental hand in the Regional Stewardship Trust Fund's development. This opens public funds as a resource stream to allow the University to be involved in strengthening the economy in the region, improve P-12 education, and support local government decision making.
  We feel we can support the budget the way it is. The budget will now go to the Governor and then on to the General Assembly.
- The post purge numbers are strong. The numbers [of students] have sustained themselves. There is a substantial reduction in students who have been purged for failure to pay [tuition and fees].
- Vision 2015 process is reaching its conclusion. We will finish our work with its leadership team this next week and then we will be involved in shaping the recommendations which surround this process.
- At 3:30 p.m. today there will be a lecture by Mark Wasicsko, the University's first Endowed Chair.

A. <u>Joint Finance and Policy Committee:</u>

1. <u>2004-2005 Annual Financial Report (Ramey):</u>

Vice President Ramey and Comptroller Kerdolff presented highlights from the University's 2004-05 Annual Financial Report. The financial statements were audited by the audit firm Crowe Chizek and Co. LLC. Partner Bernie Backert attended the meeting for Crowe Chizek. Highlights of the presentation included:

- Total assets grew by about $12 million for the year, primarily due to the addition of new capital assets, including the new parking garage, and increases in current assets.
- Total liabilities decreased by $2 million. The University's debt ratios have improved. In fact, based on our strong financial position, our Moody's debt ratings were upgraded in fiscal year 2002 and reaffirmed last year.
- Net assets increased by $14 million due to increases in capital assets, net of related debt and an increase in unrestricted net assets. The increase in unrestricted net assets resulted, in part, from the conservative budget approach the University employed last year due to the uncertainty related to the University's two primary sources of revenue: state appropriations and tuition revenue. Budget reserves were set up to address possible cuts in state funding and enrollment declines related to new admission standards and the increased presence of Gateway Community and Technical College.
- Operating and nonoperating revenues increased by $15 million last year. The University's state appropriations actually declined by $1 million last year. As a result, the University had to rely on increases in other sources of revenue to cover increased costs and new academic excellence initiatives. Tuition and fees provided the majority of the increase in new revenue. In addition, significant increases were realized in external grant, auxiliary and other revenues.
- Operating and nonoperating expenses increased by $9 million last year. About two-thirds of this increase was related to the University's core mission areas of instruction, research, public service and academic support.
- The University's financial position remained strong at June 30, 2005. With an improving state economy, the future looks bright for NKU. The University will receive a $6.5 million increase in state appropriations for fiscal year 2006. This increase in appropriations recognizes the vital role NKU serves now and will continue to serve in the future of Kentucky. In partnership with

the region and the Commonwealth NKU will continue to increase its capacity to serve its students, the region and the Commonwealth.

2. **2006-08 Postsecondary Education Biennial Budget Recommendations (Moore):**
The Policy and Finance Committee was also briefed on the state budget process. At its meeting on Monday of this week, the Council on Postsecondary Education took action on its 2006-07 biennial budget recommendation to the Governor and General Assembly. Sue Hodges Moore, Vice President for Planning, Policy and Budget, provided an overview of the operating and capital requests.

The CPE is recommending a base funding increase of $137,689,800 for the postsecondary institutions based on a benchmark funding model. This represents a 13.8% increase. The amount for NKU is $11,173,600, a 24% increase. The council is also requesting $3.5 million for a performance funding initiative, which is intended to reward institutions for meeting performance targets associated with the public agenda.

The council is also recommending additional strategic trust and incentive funds in the amount of $42,447,800 in recurring funds and $30,500,000 in non-recurring funds. Included in this request is $18 million of recurring funds to create a Regional Stewardship Incentive Funding Program. As you will recall, we passed a resolution at our last board meeting endorsing the inclusion of this fund in the CPE request. At its January meeting, the council will establish guidelines for the distribution and administration of this fund, in the event that the General Assembly includes it in the enacted budget.

The CPE also included a number of special initiatives in its request, including $300,000 to NKU to support its Academic Transformation project—a university-wide initiative aimed at transforming the ways in which courses are designed and taught at NKU in order to reduce costs, expand capacity, and improve student learning and success—all called for in the new public agenda and NKU's campus action plan.

Highlights from the CPE capital request include the inclusion of three capital construction/major renovation projects for NKU, the largest number of projects being recommended for any university. These include renovation of Founders Hall (Old Science Building) and construction of two new buildings—the Center for Informatics and the Health Innovations Center.

B. Presidential Reports:

1. Facilities Management (Vice President Ramey):

a. Lake Development
The second phase of the lake development, the amphitheater, opened bids on November 8, 2005. The project was within budget and the remainder of the project will be moving forward very quickly.

b. Performance Contracting/Energy Audit
To date 80% of the water conservation project has been completed. With the installation of a gas boiler in Commonwealth Hall, modern direct digital controls in the AS&T building, and variable frequency drives on hot and chilled water pumps, the project is being funded

entirely by utility savings and financed through a performance based contract. The anticipated project payback time is 11 years.

c. **New Student Union**
It was indicated that bids on the Student Union open November 30, 2005. We are cautiously optimistic that the project will come in on-budget. We have concerns due to escalating construction cost created by the recent hurricanes.

d. **Sports Complex**
The Master Site Study of the land south of Johns Hill Road is complete.

e. **Campus Wayfinding Project Phase I**
The installation of the new signs began in August of 2005 and is nearing completion.

f. **Digital Classroom/ Planetarium Project**
The long awaited Digital Classroom/Planetarium project will open bids on November 15, 2005.

g. **Greenhouse**
Bids for this project will open on November 15, 2005 and will run concurrently with the Digital Classroom project.

h. **Bank of Kentucky Center**
The Bank of Kentucky Center project continues to move along very quickly. The representatives from the University continue to meet with the design team bi-weekly. On November 7, 2005, Turner construction was named the construction manager for the project. The University continues to work closely with the foundation on the US 27 developments. It is critical that both projects appear to be seamless.

2. **Quarterly Financial Report (July 1, 2005 – September 30, 2005) (Vice President Ramey):**
Revenue and expenditures are within budget at this point in time.

3. **Fundraising Report (Vice President St. Amand)**
Summary of fundraising resources committed from July 1, 2005 through October 14, 2005, totaling $689,122. In the dollars demonstrated in the report is a 250,000 dollar gift, which actually shows-up in two other places. One is to accept the gift and the other is to accept a naming opportunity. Thanks to the Griffin Family Foundation for the gift that will allow *The David L. Holt NKU Hall of Fame* and the ability to establish *The David L. Holt Memorial Scholarship* Fund.

4. **Research/Grants/Contracts**
President Votruba indicated research, grants and contracts have seen improvements in terms of growth. Congratulations are due to Carole Beere and her team for all the work done with faculty to advance the agenda.

Dr. Beere stated, "The credit for the increase in grants and contracts goes to the faculty and staff who write the proposals. They have been doing a great job."

C. **Presidential Recommendations:**

3. **Non-Academic Personnel Actions (between August 20, 2005 and October 12, 2005)**
   The following categories of non-academic personnel actions, which occurred between August 20, 2005 and October 12, 2005, were approved: Activations; Transfers; Reassignments, Reclassifications, Re-Engineering, and Retirees.

4. **Adopt the 2006-12 Capital Plan (amended)**
   The Board of Regents adopted a draft of the 2006-12 Capital Plan at its May 4, 2005 meeting. Since that time, numerous projects have been added to the amended 2006-12 Capital Plan.

5. **Department of Social Work and Human Services Name Change**
   The name of the Department of Social Work and Human Services will now be known as the Department of Counseling, Human Services, and Social Work.

6. **Acceptance of Contributions received by the NKU Foundation, during the period of August 19, 2005 through October 14, 2005**

The Board of Regents officially hereby accepts contributions totaling $424,763, received by the NKU Foundation Inc. for the benefit of Northern Kentucky University during the period of August 19, 2005 through October 14, 2005.

7. **2004-05 annual report to the CPE regarding the Commonwealth of Kentucky Endowment Match Program**
The Board of Regents officially hereby approves the submittal of the 2004-05 annual report to the Council on Postsecondary Education (CPE). Authorization is given to the Chair of the Board of Regents to submit a Notice of Board Approval to the CPE.

8. **Naming Rights for University Facilities – The Bank of Kentucky Center, Athletics Hall of Fame**
The Board of Regents hereby approves the naming of the NKU Athletics Hall of Fame to be included within the Bank of Kentucky Center as the "David L. Holt NKU Athletics Hall of Fame."

9. **Dual Enrollment Tuition Policy (Discussion Item)**
A motion was made by Regent Kremer and seconded by Regent Griffin to change the University's tuition and fee structure for dually enrolled students.
   - Students who are dually enrolled as undergraduate and graduate students will be charged for undergraduate courses as though the student is an undergraduate student and for graduate courses as though the student is a graduate student.
   - Students who are dually enrolled as undergraduate and law students will be charged for undergraduate courses as though the student is an undergraduate student and for law courses as though the student is a law student with one exception: Law students who are enrolled for twelve hours of law courses will not be charged for additional undergraduate courses.

10. **Plus/Minus Grade Proposal (Discussion Item)**
This item has been tabled until the January Board of Regents meeting to allow for further review.

11. **Intellectual Property Agreement**
The Intellectual Property Agreement policy serves as the basis for preserving the ownership of copyrights on scholarly and creative materials that are produced by faculty, students and administrators using University facilities. The inventions and other patentable intellectual property will be owned by the Northern Kentucky University Research Foundation (NKURF) when all conditions described in the policy are met.

12. **Faculty Senate Constitutional Amendments**
Two changes to the Faculty Senate Constitution were approved by the Board of Regents. The following change removes quotation marks that are not needed and adds the rank of lecturer:
   - Article III. Membership, A.
     - The general faculty shall consist of all tenured, tenure track, and full-time non-tenure track renewable faculty members holding the rank of lecturer or instructor or higher.

The second change as outlined in section C, subsection 11 of the Board of Regents materials for November 09, 2005.The amendment replaces Article IV. of the Faculty Senate Constitution in its entirety.

- Article IV. Selection of Members

Dr. Votruba gave his appreciation to the University for receiving the nomination and honor of being one of Greater Cincinnati's best employers, two years consecutively.

Recognition was given by Dr. Votruba to Isaac Ferguson as the new Administrative Associate in the Office of the President and Assistant to Dr. Kimberly Luse.

Chair Brown agreed that going into the holiday season the University is moving in the right direction. The financial information conveyed this morning was very good. It indicates that during the next biennium the University has a chance to improve the funding position. CPE consideration to correct the historic imbalance of funding for NKU was also recognized.

At 10:40 a.m. a motion was made by Regent Griffin and seconded by Regent Kremer to adjourn. **Motion carried.**

Board of Regents Meeting
Northern Kentucky University
University Center Ballroom
January 11, 2006

The regular meeting of the Board of Regents was called to order at 1:10 p.m. on Wednesday, January 11, 2006, by Chair Brown.

Invocation was read by Frank Downing.

Roll Call: Beverly J. Beck, Chuck Brown, Martin C. Butler, Joyce E. Griffin, Nancy A. Barone Kremer, Carrie A. McCoy, Jennifer C. Perry, Frank K. Downing, Robert W. Zapp (Excused: Denise H. McClelland, Anna Dale Pyles)

Others Present: James C. Votruba, Kimberly A. Luse, Sara Sidebottom, Mark Shanley, Ken Ramey, Gail Wells, Carole Beere, Sue Hodges Moore, Mimi Assanuvat, Isaac Ferguson, Annie Buechel, Zane Harris, Bill Farro, Chris Cole, Jane Meier, Mike Baker, Kathy Stewart, Rick VanSant – *Kentucky Post*, Bridgette Pregliasco, Don Gorbandt, Joel Robinson, Gary Pratt, Russ Kerdolff, Chuck Hawkins, Pat Moynahan, Rick Meyers, Bill Oliver, Mary Ryan, Kenneth Rhee, Gaut Ragsdale, Paul Cooper, Margaret Anderson, Matt Shank, Mike Carrell, Mike Tobergta, Katie Weitkamp, Audrey Kunkel, Sheree Davis, Branden Kiley, Daniel Solzman, Paul Myers, Kelli Schultz, Shawn Fugat, Paul Lauen, Ron Gardella

A motion was made by Regent Zapp and seconded by Regent McCoy to approve the minutes of the November 9, 2005, Board of Regents meeting. **Motion carried.**

Presidential Comments:

- Enrollments are up slightly for the Spring Semester of 2006.
- This Spring, we will break ground for approximately 130 million dollars in new capital construction. This will include the Student Union, Bank of Kentucky Center, and the US 27 Development project.
- The Vision 2015 planning is nearing completion. NKU has been front and center as the means to create the idealized community. There is a bold vision for the Northern Kentucky area and its future and the University will need to be engaged across the full breadth.
- The General Assembly has begun its 2006 session. Governor Fletcher's focus is to develop a more competitive Kentucky. He plans on doing this by increasing the spotlight on areas like education enhancement (P-12 salaries), the Right to Work initiative, and Kentucky's prevailing wage.
- There are three projects in the top ten recommended by CPE. We support CPE's recommendations for University Advancement in the known areas of Informatics (35 million dollars), Health Programs (31 million dollars), and Founders Hall renovation (11 million dollars).
  If we are to be what our region requires us to be, we must have at least one new instructional facility and, ideally, all three. Some have suggested that we had our turn last year and we should take a pass this year. We politely reject this notion and will continue to seek support. CPE's own members reinforce that we are severely under built. NKU has not had a new instructional facility since 1998. It has been eight years.
  From the perspective of our region, we need both NKU's capital projects and Gateway's advanced manufacturing facility. We have made this clear to the Governor and our Caucus, and hope to have their support.

- CPE will meet at the METS Center, January 30, 2006.

A. Joint Finance and Policy Committee: (Reports were given by Regent Secretary Griffin)

1. **CINSAM – Excellence in the Sciences and Mathematics (Wells):**
   NKU takes great pride in providing the finest undergraduate education available anywhere by offering high quality graduate and professional programs established to address the needs of our region, conducting outstanding research and creative activity involving students whenever possible. NKU also takes pride in emphasizing the scholarship of discovery, teaching, application and engagement, as well as, encouraging the community to address challenges that confront our region and beyond.
   Today's focus is on Excellence in the Sciences and Mathematics due to the following:
   - Department of Biological Sciences, Dr. Debra Pearce, Chair
   - Department of Chemistry, Dr. Diana McGill, Chair
   - Department of Physics and Geology, Dr. Chuck Hawkins, Chair
   - Department of Mathematics, Dr. Kirsten Fleming, Chair
   - Center for Integrative Natural Science and Mathematics, Dr. Dale Elifrits, Director
   - In the College of Arts and Sciences, Dr. Phil Schmidt, Interim Dean
   - Collaboration with College of Education, Dr. Elaine Jarchow, Dean

   Multidimensional excellence across the full breadth of the mission of the university:
   Teaching and learning, scholarship including grants, cutting edge research, publications, undergraduate research, and applied scholarship addressing issues of importance to the public, and Engagement with our community, particularly P-16 educational community, and economic development initiatives.

2. **Plus/ Minus Grade Proposal (Oliver):**
   The Faculty Senate approved, at its September, 2005, meeting, the proposal that plus and minus grades be available for final grade reporting, beginning in the Fall of 2007. The proposal was subsequently approved by the Provost and President then advanced to the Board of Regents for voting. The grades and their values are; A = 4.000, A- = 3.667, B+ = 3.333, B = 3.000, B- = 2.667, C+ = 2.333, C = 2.000, C- = 1.667, D+ = 1.333, D = 1.000, F = 0.000.
   The advantages of the new grading system will include:
   - More precise measurement and reporting of grades;
   - The range given for letter grades will narrow for more equitable assignment of letter grades.
   - Employers, graduate schools, and professional schools will be able to better evaluate NKU students.
   - The current trend in higher education grading is to have plus and minus grades made available to instructors.
   - Increase motivational cause for students to perform academically.

   In summary, the availability of plus and minus grades will enhance learning, bring NKU in line with its benchmarks, and provide students with more accurate evaluation of their academic work without any additional expense.

3. **Facilities Update (Ramey, Baker):**
   Vice President Ramey with assistance from Mike Baker, the Executive Director of the NKU Foundation, provided a facilities update. Projects discussed were the Lake and Amphitheater project, the Student Union, the Bank of Kentucky Center and the US 27 Development. Vice President Ramey also discussed Capital Priorities for 2006-2008.
   Vice President Ramey commented that the lake and amphitheatre project will be fully completed in the Spring of 2006. The construction of the Student Union and the Bank of Kentucky Center is expected to occur in early Spring with an anticipated completion date around Early 2008.
   As part of Capital Priorities for 2006-2008, Vice President Ramey stated, "While the Bank of Kentucky Center and Student Union will be wonderful additions to the campus, we are still under built and additional classrooms and office space are desperately needed to meet the needs of our students and the community."
   Mike Baker, the Executive Director of the NKU Foundation, was able to provide the Board with information on the US 27 Development. They are currently in the final negotiations with a developer and anticipate moving forward rapidly. They are working closely with the University to assure this project connects seamlessly with the Bank of Kentucky Center. The current development plan includes a hotel, office and retail space in Phase A. Phases B and C will include Additional Office Space that will continue to expand University partnerships with area business.

7. **Name Changes – Department of Elementary, Middle, and Secondary Programs; and Department of Educational Specialties**
   The name of the Department of Elementary, Middle, and Secondary Programs will now be known as the Department of Teacher Education and Leadership. Also the name of the Department of Educational Specialties will now be known as the Department of Kinesiology, Health, and Educational Foundations.

8. **Acceptance of Contributions received by the NKU Foundation, during the period of October 15, 2005 through November 30, 2005**
   The Board of Regents officially hereby accepts contributions totaling $122,664, received by the NKU Foundation Inc. for the benefit of Northern Kentucky University during the period of October 15, 2005 through November 30, 2005.

Discussion Agenda Item: A motion was made by Regent Perry and seconded by Regent Butler to approve the following Presidential Recommendations as listed; C-9. **Motion carried.**

9. **Plus/Minus Grade Proposal**
   The Board of Regents officially hereby accepts the Plus and Minus grade scale as listed in the Board of Regents materials; C-9.

Dr. Votruba gave his appreciation to Dr. Oliver for the time he has taken to help everyone understand the advantages of the plus and minus grading scale. He also noted, “What students should expect and what the public should expect is, the most precise evaluation of student performance as possible. We

believe that the pluses and minuses are going to add to that by allowing faculty members to make a finer distinction in terms of student performance."

Regent Perry commented on the plus and minus proposal by stating, "This proposal has been the primary focus of the Student Government and myself since roughly September of 2005. Deferment of voting on this issue, at this meeting in November, allowed valuable time for further exploration to develop more information and understanding of this proposal. When I was elected to my position, as Student Government President, I was under the terms, I will serve and represent the student body to the best of my ability and make informed decisions, keeping the best interest of my constituents in mind.

With my position comes great access to people and resources that the average student does not have a chance to access. Regarding this proposal, I have met with Dr. Oliver three times, Provost Wells two times, consulted several diverse groups of the student body, and sought information and advice from several members from the current Kentucky Board of Student Body Presidents. Having exhausted all of my available resources and after a bit of soul searching, recently, I have come to the conclusion that this proposed grading system will prove to be extremely advantageous, at the student level, student body level, as well as the University in its pursuit to progress positively through the competitive higher education system."

At 1:30 p.m. a motion was made by Regent Downing and seconded by Regent Griffin to adjourn. **Motion carried.**

Board of Regents Meeting
Northern Kentucky University
***NKU METS* Center**
March 22, 2006

The regular meeting of the Board of Regents was called to order at 1:10 p.m. on Wednesday, March 22, 2006, by Chair Brown.

Invocation was read by Nancy Barone Kremer.

Roll Call:, Chuck Brown, Martin C. Butler, Frank K. Downing, Joyce E. Griffin, Nancy A. Barone Kremer, Denise H. McClelland, Carrie A. McCoy, Anna Dale Pyles, Robert W. Zapp
(Excused: Beverly J. Beck, Jennifer C. Perry)

Others Present: James C. Votruba, Kimberly A. Luse, Sara Sidebottom, Ken Ramey, Gail Wells, Mimi Assanuvat, Isaac Ferguson, Annie Buechel, Chris Cole, Kim Baker, Rick VanSant – *Kentucky Post*, Bridgette Pregliasco, Don Gorbandt, Joel Robinson, Russ Kerdolff, Pat Moynahan, Rick Meyers, Mike Carrell, Mary Ryan, Phil Horney – *METS Audio Technician*, Elaine Jarchow, Kathy Bennett, Harold Todd, Margaret Anderson, Mark Shanley, Sue Moore, Carole Beere, Gerry St. Amand, Kate Weitkamp, Karen Gutierrez – *Enquirer*, Dennis Weatherby

A motion was made by Regent Downing and seconded by Regent McCoy to approve the minutes of the January 11, 2006, Board of Regents meeting. **Motion carried.**

Presidential Comments:

- Recommendation to increase tuition to 9.66%
    - Makes good on commitment to single digit tuition increase, allow us to remain competitive, invest in key areas for the University's development, and keep NKU afford able;
- The scheduled increase for Room and Board is in line with the Urban CPI.
- Frankfort
    - Joe Wind reports that the House and Senate recommendations both reflect strong support for NKU and the region.

      Senate Budget as of 03/22/2006 includes:
        - Informatics - 35.5 million
        - Gateway - 28 million
        - Student Union - 17.4 million
        - Connector Road - 3 million
        - *Math Center - 10 million
            - "This center is a remarkable accomplishment, I think, on behalf of our faculty and staff who have been working so hard on it. It is one of the first, if not the first, undertaking that is state wide in nature that the University has assumed responsibility for. And focuses on an area of state progress that, I think, is going to be very important to our economic competitiveness as we look to the future. That is improving mathematic proficiency in schools across the state."
        - Regional Stewardship – 4 million
            - "The Senate Budget as well as the House Budget also included the Regional Stewardship Trust Fund, the money that is a public resource stream to support the work the University does in areas like

economic development, enhancing P-12 education, and supporting local government decision making. This really reflects the non-instructional role of the University in the life of the community and NKU is proud to have had a small, but significant, hand in the development of the Regional Stewardship Trust Fund."

- Challenges Remaining
  - Founders Hall "Old Science Center" Renovation
  - Garage Moved from Restricted Funds to Agency Bonds Funding
  - New Residence Halls
- Pleased with our Caucus support and the support of the leadership in both the House and Senate.
- Civil rights Hall of Fame
  - NKU is going to be the home of one section of the Hall of Fame for this next twelve month period.
- Chase College of Law
  - Extraordinary Progress
  - Strong leadership from Dean St. Amand
  - Strong Performance
  - Strong Funding Base
- Math Center (Dr. Wells)
  - *Dr. Wells stated, "I do believe that it [the Mathematics Center] is very significant in this institutions [NKU's] development and also for our Commonwealth. The Mathematics Center was established through a bill passed by the Legislator, which mandated the creation of a Mathematics Center to be hosted at one of the public universities.

    The CPE was given the responsibility of creating a competitive process that would identify the host institution for this center. They [CPE] put out a request for proposals and NKU immediately knew this was a perfect match for our capacity and our interest."

    It was a perfect match because of NKU's commitment:
    - to public engagement with emphasis on P-12. Its importance can be found in other areas; economic competitiveness, quality of life, etc.
    - to faculty involvement in changing their reappointment, promotion and tenure standards. As well as, their incentives and rewards structure to be able to reward this type of work.
    - to science and math education. NKU has long identified the need to really address the science and mathematics preparation
    - to providing State leadership for projects with mathematics education.

    "This is significant because it is the first center, I think, to be at a university that has State wide responsibilities. It is certainly the first one at NKU. I do believe that NKU's excellence in these areas and our terrific relationships with mathematicians, mathematics educators, and other institutions in the

state have helped us win the opportunity to host the Center." The focus will be on teacher development, curriculum, student learning, and applied research.

- Regent Brown commented, "Provost Wells, on behalf of the Board of Regents, I personally would like to thank yourself and the faculty members at NKU. It speaks well of the University to be able to be given this kind of accolade."

A. <u>Joint Finance and Policy Committee:</u> (Reports were given by Regent Secretary Griffin)

1. *NKU METS* Center:

Rob Snyder welcomed the NKU Board of Regents and guests to the *NKU METS* Center. He reported of the METS Center's dramatic increase in business over the past three years. Room rental contracts have increased from 165 in 2003-04, to 289 in 2005-06, bringing gross revenue doubling during that time span. Food and beverage services mirrored the increase in room rental contracts, almost perfectly.

2. Tuition and Fees:

Dr. Sue Hodges Moore, Vice President for Planning, Policy, and Budget, presented the recommended increases for tuition, fees, housing and dining rates for the 2006-07 academic year. The recommended increase for undergraduate student tuition is 9.66%, which is a $20.00 per credit hour increase over last year's rates. This increase is lower than the 10.8% allowed by the Council on Postsecondary Education. To the best of our knowledge, this is the only single digit increase in the state. Graduate and Law student rates were set on local and regional market analyst, to stay competitive. The proposed housing and dining rate increases average 3.2% and 3.5% respectively.

3. Chase College of Law Update:

Mr. Gerard St. Amand provided an overview of the Chase College of Law program and its success. Over the past seven years total enrollment has increased 63%. 1100 potential students have submitted applications for attendance during next falls semester. This is an increase of almost 100% over the 2001-2002 academic year. Over the past 10 bar examinations, Chase College of Law has exceeded the state average for both Kentucky and Ohio for that period. The College is in the process of celebrating a transition in leadership, as Dean Gerard St. Amand assumes the role of the Vice President of Advancement; Mr. Richard Bales assumes the position of Interim Dean to Chase College of Law.

6. **Amendment to *Faculty Policies and Procedures Handbook* - (Phased Retirement Program):**
   The Phased Retirement Program is meant to provide tenured Northern Kentucky University faculty with an optional voluntary retirement program for a phased approach to retirement.
7. **Amendment to the *NKU Governing and Administrative Regulations* — (Admission and Academic Policies - Committee):**
   Develop, review, and recommend policies on undergraduate as admissions to Northern Kentucky University, its colleges, and its programs for undergraduate students, including but not limited to academic probation, suspension, averages, transfer credit, and late withdrawal.
8. **Social Security Usage Policy:**
   It is Northern Kentucky University's intent to protect the Social Security Numbers of its students, staff, and faculty, to minimize the growing risk of identity theft.
9. **Records Management Policy:**
   Northern Kentucky University is committed to obeying all state laws governing the retention and/or destruction of University records.
10. **Records Retention / Data Recovery Guideline:**
    Due to the increasing needs for better electronic data management and help to proliferate information concerning electronic data archiving process, the office of Information Technology has developed *The Records Retention / Data Recovery Guideline*.
11. **Union Light, Heat and Power Easement:**
    To facilitate construction of the Bank of Kentucky Center, Union Light, Heat and Power Company's 4KVA transmission line that crosses Nunn Drive (on wooden poles) will need to be relocated. This relocation is intended to be temporary, as we hope to have it placed underground. If an underground instillation is determined to be fill area once it is complete. This transmission line, which also carries a local distribution services, crosses through the valley that is scheduled to be filled with the excess waste material (soil) during grading operations for the Bank of Kentucky Center. The routes of the existing and new easements are shown on the attached drawings.
12. **Demolition of 209 Johns Hill Road:**
    The 11.3 acre parcel located at 209 Johns Hill Road was purchased in June of 2002. This parcel extends from Johns Hill Road to Nunn Drive, and is the site for the Bank of Kentucky Center. This parcel includes a three bedroom single house with garage; a detached two-car garage/shop structure; a second small garage; a lean-to type shed; and, a second wooden shed structure.
    Some of these structures are in poor condition; however, all must be demolished to allow for the grading work that will occur for construction of the Bank of Kentucky Center.
13. **Naming Rights for University Facilities — Dorothy Westerman Natural Science Center, John W. Thieret Herbarium:**
    The University's Naming Committee has endorsed the naming right mentioned above. The naming is in recognition of John W. Thieret, one of Northern Kentucky University's "Founders" in the Department of Biological Sciences who died recently.
    Dr. John Thieret arrived at NKU in 1973 and founded the herbarium. His thousands of plant specimens will be an even more lasting legacy, as it is not uncommon for well kept herbarium specimens to last for 100 years or more. Such long term and unique contributions to the botanical community and to the prestige of NKU warrants this special recognition.

14. **Naming Rights for University Facilities — Salmon P. Chase College of Law, Dan Meyer Faculty Conference Room:**
    The University's Naming Committee has endorsed the naming right mentioned above. The naming is in recognition of Mr. Dan Meyer, Chase Class of 1967.
    Dan Meyer made a $500K gift in trust to the law school to support faculty development. Naming the recently constructed Faculty Conference Room on the fifth floor of Nunn Hall in Dan Meyer's honor is most appropriate.
15. **Revision to the University Organizational Structure:**
    That purposed organizational structure, as outlined in the Board Materials, reflects all NKU Administrative changes from July 13, 2005, to March 8, 2006. The reporting lines listed are for Director level and above, but include; individuals who directly report to the President; Department Chairs under Academic Affairs; Coaching area under Intercollegiate Athletics; and the Manager of the Bookstore/Follet and Food Services/Chartwells, which are separate entities from the University.
16. **Administrative Personnel Action:**
    Gerard A. St. Amand assumes full duties associated with the Vice President for University Advancement position, effective March 1, 2006; with a resignation date of March 25, 2006, as Dean of Chase College of Law.
17. **Authorization for External Audit Contract (Extension Request):**
    The audit contract with Crowe Chizek expires at the end of April. Due to circumstances related to the implementation of the new SAP system it was determined that it was in the best interests of the University to explore the possibility of extending the provisions and pricing of the current contract. Based on a meeting with Russ Kerdolff, Larry Meyer, Keith Stewart, Mike Baker and Ken Ramey it was determined that we should extend the current Crowe Chizek contract by an additional year.

Board of Regents Meeting
Northern Kentucky University
University Center Ballroom
May 03, 2006

The regular meeting of the Board of Regents was called to order at 1:08 p.m. on Wednesday, May 3, 2006, by Chair Brown.

Invocation was read by Beverly Beck.

Roll Call: Chuck Brown, Martin C. Butler, Beverly J. Beck, Joyce E. Griffin, Nancy A. Barone Kremer, Denise H. McClelland, Carrie A. McCoy, Anna Dale Pyles, Robert W. Zapp
(Excused: Frank K. Downing).

Others Present: James C. Votruba, Kimberly A. Luse, Sara Sidebottom, Gerry St. Amand, Gail Wells, Ken Ramey, Mimi Assanuvat, Isaac Ferguson, Rick Meyers, Rick VanSant – *Kentucky Post*, Mike Baker, Bill Oliver, Angie Schaffer, Jennifer Mason, Kathy Stewart, Dione Smith, Russ Kerdolff, Gary Pratt, Steve Tribble, Rick Bales, Karen Gutierrez – *Enquirer*, Joe Wind, Dennis Weatherby, Bill Farro, Pat Moynahan, Joel Robinson, Joe Ruh, Mary Ryan, Sue Hodges Moore, Mark Shanley, Mike Carrell, Steve Weiss, Elaine Jarchow, Lori Southwood, Kevin Corcoran

Chair Brown recognized the student award recipients for their outstanding achievements. The winners were Regents' Award – Anthony DiBello, Presidents Award – Dione Smith, Paul J. Sipes Award – Shannon McNay, University Service Award – Anna Hogan, Faculty Senate Award – Heather Gulley, Excelsior Award – Kevin Douglas.

Resolutions were given to the outgoing Regents (Beverly Beck, Carrie McCoy, and Jennifer Perry) for their generous contributions to the Board of Regents, Northern Kentucky University, and the State of Kentucky.

The oath of office for the newly assuming Regent, Josh M. Ruth, was performed. Regent Ruth swore to uphold all stipulations of the oath and faithfully execute, to the best of his ability, the office of Regent of Northern Kentucky University according to law.

A motion was made by Regent Pyles and seconded by Regent McClelland to approve the minutes of the March 22, 2006, Board of Regents meeting. **Motion carried.**

Presidential Comments:

- Dr. Votruba highlights the student award winners, presented during the luncheon. "After nine years of service to the university, it seems like each year becomes more inspiring than the year before. It is one opportunity to remind us all about the important work that the University does."
- This year has many good accomplishments. There have been several major accomplishments this year. The legislative session was very productive for the University, in terms of operating budget, Regional Stewardship Trust fund, the Informatics Building, the parking garage, and the Student Union. We will offer a resolution later in the meeting to recognize the leadership of Governor Fletcher and the General Assembly. A thank you is given to Joe Wind for his hard work on behalf of this session.

- Vision 2015 rolled out a set of very ambitious goals for the next ten years. NKU was key in the Vision 2015 process and will continue to support progress toward the goals. It allows us to focus our resources, both human and financial in a way that will have a larger payoff for the entire region.
- Earlier today, the board reviewed the proposed 2006-07 annual budget. It is a strong budget that will support key campus priorities as outlined in our 2003 strategic planning process.
- This morning we had a chance to review the work of our College of Education and Human Services. Dean Jarchow has provided strong leadership in advancing the college to the next level of its development. She has also stepped in to provide strong leadership in the internationalization of our campus with new exchange programs with the United Arab Emirates.
- This morning the board also reviewed proposed changes in the faculty handbook that provide more precise definitions and evaluative criteria related to community engagement. Thanks to Senate President Bill Oliver and his colleagues for getting this done.
- This spring the University reaffirmed its commitment to freedom of expression and inquiry as a fundamental quality of this and all universities. Faculty Senate went on record on this matter as did hundreds of others, not only inside the University, but also throughout our community and beyond.
- As we point to our future, a recent development has been the preparation of a doctoral proposal in educational leadership which would have three tracks: higher education, P-12 administrative leadership, and P-12 instructional leadership. Rather than a research-focused degree, this education doctorate would focus on strengthening leadership and professional practice throughout the education continuum. The lead in this development has been, Bank of Kentucky Endowed Chair, Mark Wasicsko, who comes to this work with extensive knowledge of both our postsecondary and P-12 systems. We will come back to the board with more detailed information over the coming year.
- President Bush has been invited to NKU on May 19 to give a major policy address on American Economic Competitiveness. We are optimistic that he will accept this invitation. However, we will not know if he will be joining us until a later date.
- May 20th will be the groundbreaking for the Bank of Kentucky Center. We anticipate that this facility will be available for our 2008 commencement, assuming that the Indiana bats remain in Indiana!
- Speaking of commencement, this Friday evening we will graduate the largest class in the University's history — approx. 1,300.
- Rev. Fred Shuttlesworth will receive an honorary doctorate and deliver the graduation address. Rev. Shuttlesworth is considered among a small handful of leaders who has led the battle for civil rights in America. His life is inspiring at so many levels and demonstrates that one person can make a difference; if they decide to make a difference.
- Finally, the end of the academic year means not only saying goodbye and good luck to our graduates but also to some members of our faculty and staff. In this regard, we say goodbye to several members of our founding faculty, Tom and Elinor Rambo and Jerry Warner who are retiring and Paul Reichardt who is going on to become the chief academic officer at Muskingum College in Ohio. A great opportunity for Paul but a loss for NKU. So much of what NKU is today is reflected in the work of these colleagues. We wish them well and thank them for being part of our campus.

And we say thank you and farewell to Dr. Leon Boothe who served the University as President for thirteen years and now retires as professor of history. Leon, like Elinor, Tom, and Paul, dedicated his life to advancing the University. Our students and community are the beneficiaries. We wish them all well.

- A welcome was given to our newest Regent, Josh Ruth. The President, his office and the rest of the NKU community look forward to working with Regent Ruth over the next year.
- Regent Brown is now completing two terrific years of service as Chair of our Board of Regents. Our hope is that Chuck Brown will be reappointed by the Governors office. None the less, the opportunity to acknowledge his support of the University, of the Board, and of the administration needs to be taken. "Chuck has always had the right question, at the right time; the right perspective, at the right moment. It has a great benefit to this Board."

A. <u>Joint Finance and Policy Committee:</u> (Reports were given by Regent Secretary Griffin)

1. Update on the 2006 General Assembly/ 2006-07 Operating Budget

Joe Wind, Associate Executive Director Government and Community Relations, briefed the committee on the results of the 2006-07 Legislative Session, which included budget highlights for NKU and the Northern Kentucky region.

Dr. Sue Hodges Moore, Vice President for Planning, Policy and Budget, made a presentation on previous and current funding gap between NKU and its benchmark institutions. She offered some comparative information on CPE's request and final budget figure received by each of the institutions within Kentucky.

President Votruba presented highlights of the fiscal year 2006-07 annual operating budget.

2. Academic Excellence – The College of Education and Human Services

Dr. Elaine Jarchow, Dean of the College of Education and Human Services, gave a presentation on academic excellence in the College of Education and Human Services. Her presentation focused on the following items:

- The history of the college from its beginnings as a department in 1972 to its current status in 2006
- The enrollment trends in the college
- The number of degrees offered
- The overall accomplishments of the college
- The student test scores
- The accomplishments of students
- The accomplishments of faculty
- The public engagement partnerships
- The grants
- The unique programs, such as the Our Future Cohort, the Honors Teaching Fellows, and the online master's degree program
- The work of the centers
- The international activities
- The future plans of the college

3. **Evaluation for Reappointment, Promotion, Tenure and Performance Review**
   Dr. Gail Wells, Vice President for Academic Affairs and Provost, reported on the recommendation regarding a revision of the *Faculty Policies and Procedures Handbook*. The Faculty Senate recommended the replacement of Part One, Section IV of the Handbook. Work leading to this recommendation occurred over the last two years and involved the Professional Concerns Committee, the Faculty Senate and every academic department, unit and college on campus. All faculty members and academic administrators were invited to participate in the process.
   The revision aligns faculty evaluation with the full breadth of the University's mission and is based on the following premises.
   - Each academic unit is expected to serve the full breadth of the University's teaching, research, service and public engagement missions in a manner that is consistent with the unit's expertise and disciplinary focus.
   - To achieve this priority, all faculty need to be fully involved in their work, but not all faculty need to have the same goals and methods of contributing to the missions.
   - NKU recognizes and rewards a variety of faculty accomplishments, providing they are determined to be of high quality, appropriately documented, and a contribution to one or more of the categories of professional responsibility for faculty.

   The three major categories of professional responsibility are:
   - teaching effectiveness;
   - scholarship and creative activity; and
   - service to the community, institution, and profession and discipline.

   The University's strong commitment to public engagement may be reflected in any or all of these categories.

B. <u>Presidential Reports</u>:

1. **Facilities Management (Vice President Ramey):**
   "We continue to make good progress on all the projects."

   a. Lake Development:
   There were no further comments on the report as submitted.

   b. Campus Wayfinding:
   There were no further comments on the report as submitted.

   c. Performance Contracting/Energy Audit:
   There were no further comments on the report as submitted.

   d. New Student Union:
   There were no further comments on the report as submitted.

   e. Digital Classroom/ Planetarium Project:
   There were no further comments on the report as submitted.

   f. Greenhouse:
   There were no further comments on the report as submitted.

   g. Bank of Kentucky Center:
   There were no further comments on the report as submitted.

2. **Quarterly Financial Report (July 1, 2005 – March 31, 2006) (Vice President Ramey):**
   Summary of the Quarterly Financial Report depicts the financial activity of the University as of March 31, 2006. "All revenues and expenditures at this point are consistent with the budget and very steady consistent with prior years."
3. **Fundraising Report (Vice President St. Amand):**
   Summary of fundraising resources committed from July 1, 2005 through April 11, 2006, totaling $2,072,640. There were no further comments on the report as submitted.
4. **Research/Grants/Contracts:**
   The report summarized the successful proposals with the amount of award for each proposal for NKU faculty and staff from February 16, 2006 through April 15, 2006. There were no further comments on the report as submitted.

   Gail Wells comments, "There is one thing I would like to highlight. Sometimes we wonder how three of the disciplines can be involved in community outreach… but we are getting there. And sometimes people in computer science think that there is not a good role for them to play, but there is a wonderful example of a grant. $250,000 from the National Science Foundation, going to the Computer Science Department; it will address the under representation of Hispanics in the technology field. This grant will bring in Hispanic families so that mother and father and their children will work together to build a computer that will then actually be usable and they can take home. Not only does it build confidence and trust that this is a good field for them and their children. This is a wonderful story of using faculty member's expertise… in utilization in outreach project. $250,000 from the National Science Foundation is really an accomplishment."

The Board provides approval of the proposal for an Alternative Dispute Resolution Center (ADR), as a joint project between Chase College of Law and the College of Business.

Dean Mike Carrell statement, "We believe that the Alternative Dispute Resolution Center (ADR) will be another very unique way for the University to provide public engagement to the community. We will provide effective peaceful alternative methods to resolve conflict; they might be employment conflicts, they might be consumer conflicts, family conflicts, or business conflicts. Using faculty of the university to provide mediation, negotiation, and arbitration services throughout the Center. When we first thought of it, several months ago, we were not aware of, but we have found out that there is an alliance of 13 other universities across the

country that provide similar services to their community. In the long run we may also provide, for a new area of concentration, in the M.B.A. program along this line, or joint program between the law school and the business school; this will be a joint program between the two. We have several faculty who are quite excited about getting started and we have had several faculty go through some mediation training. We have several faculty who have already done arbitration and negations work so they come ready to start. We hope to start the center this fall. President James Votruba asked, "Mike this is one of your academic areas of expertise, isn't it? Dean Mike Carrell response, "Yes it is. I spent most of my career as labor negotiator and HR director in Louisville; a few years ago."

11. **Amendment to *Faculty Policies and Procedures Handbook* – Reappointment, Promotion, Tenure and Performance:**
The revision aligns faculty evaluation with the full breadth of the University's mission and is based on the following premises. Each academic unit is expected to serve the full breadth of the University's teaching, research, service and public engagement missions in a manner that is consistent with the unit's expertise and disciplinary focus. To achieve this priority, all faculty need to be fully involved in their work, but not all faculty need to have the same goals and methods of contributing to the missions. NKU recognizes and rewards a variety of faculty accomplishments, providing they are determined to be of high quality, appropriately documented, and a contribution to one or more of the categories of professional responsibility for faculty.
12. **Honorary Degree Candidate – Rev. Fred Shuttlesworth:**
Approval was given for Reverend Fred Shuttlesworth, a life time advocate for civil rights, to receive an Honorary Doctor of Social Justice degree. The degree will be conferred at the May 5, 2006, commencement ceremonies at US Bank Arena in Cincinnati, Ohio.
13. **Resolution - Governor Ernie Fletcher, The Kentucky General Assembly, and the Council on Postsecondary Education:**
Dr. James Votruba read the resolution in its entirety and offered it to the Board of Regents for their approval.
A motion was made by Regent Butler and seconded by Regent Griffin to approve the resolution giving recognition to Governor Ernie Fletcher, The Kentucky General Assembly, and the Council on Postsecondary Education for their vision of a progressive Kentucky education system at all levels. **Motion carried.**

D. <u>Executive Session:</u>

1. A motion was made by Regent Butler and seconded by Regent McClelland to enter into Executive Session. **Motion carried.**
2. A motion was made by Regent Zapp and seconded by Regent Kremer to close the Executive Session. **Motion carried.**

E. <u>President's contract:</u>

Chair Brown opens the floor to the Regents for a motion to approve the finalization of the new contract of the President. This would be delegated to Regent Zapp, Regent Butler, and Regent Brown. The motion was made by Regent Kremer and seconded by Regent Pyles. **Motion carried.**

F. Nominating Committee:

Chair Brown recognizes a recommendation to have a nominating committee consisting of Regents Zapp, Griffin, and Downing. The motion was made by Regent McCoy and seconded by Regent Beck. **Motion carried.**

Dr. Votruba thanks the Board for their continued support of him and his work.

At 2:00 p.m. a motion was made by Regent Zapp and seconded by Regent Ruth to adjourn. **Motion carried.**

Board of Regents Meeting
Northern Kentucky University
University Center Ballroom
July 12, 2006

The regular meeting of the Board of Regents was called to order at 1:02 p.m. on Wednesday, July 12, 2006, by Chair Brown.

Invocation was read by Regent Peggy DeJaco.

Roll Call: Chuck Brown, Martin C. Butler, Peggy A. DeJaco, Frank K. Downing, Joyce E. Griffin, Nancy A. Barone Kremer, Steven M. Weiss, Robert W. Zapp (Excused: Denise H. McClelland, Anna Dale Pyles, Josh M. Ruth).

Others Present: James C. Votruba, Kimberly A. Luse, Sara Sidebottom, Gerry St. Amand, Mimi Assanuvat, Isaac Ferguson, Annie Buechel, Chris Cole, Rick VanSant – *Kentucky Post*, Mike Baker, Kathy Stewart, Russ Kerdolff, Bill Farro, Pat Moynahan, Joel Robinson, Joe Ruh, Mark Shanley, Mike Carrell, Elaine Jarchow, Lori Southwood, Kevin Corcoran, Tim Griffin, Daryl Wright, Tony DeJaco, Toni McKee, Steven Meier, Larry Blake, Margaret Anderson, Carole Beere, Zane Harris, Bob Neumann, Bridgette Pregliasco

The oath of office for the newly assuming Regents, Peggy A. DeJaco and Steven M. Weiss, was performed. Regents DeJaco and Weiss swore to uphold all stipulations of the oath and faithfully execute, to the best of their ability, the office of Regent of Northern Kentucky University according to law.

A motion was made by Regent Zapp and seconded by Regent Griffin to approve the minutes of the May 3, 2006, Board of Regents meeting. **Motion carried.**

Presidential Comments:

- This morning the Joint Policy and Finance Committee had a first ever walkabout. It was an opportunity for the Board to visit the Scripps Howard Center, the Outreach Programs Office, and the Office of Graduate Studies. Thanks go out to Dr. Carole Beere and her staff for a terrific opportunity for the Board to hear from the staff in those three offices.
- I want to add my welcome to our two new Regents, Faculty Regent Steven Weiss, and Staff Regent Peggy DeJaco.
- I'm sometimes asked if I'm off during the summer! Let me tell you that things are hopping on campus! Land has been cleared for the new Bank of Kentucky Center, the new Student Union is coming out of the ground, the finishing touches are being completed on the new amphitheater, summer camps are in full swing, and between now and the beginning of fall classes, we'll have 600 new students involved in their two day orientation.
- Enrollments again look very strong.
  As of July 5:
  We're up nearly 3% in undergraduate students
  10.3% in graduate enrollments
  20% increase in students who are without stipulated academic admittance
- Total enrollments are up about 4.5% compared to this same date last year. It is important to note that these numbers can change over the next several weeks but this is particularly significant given that this is the second year of our two year increase in admissions standards. A second year

of substantial increase in regularly admitted students. Particularly significant given that the criterion for regular admission was again increased this year.

- Thanks were given to Joel Robinson and his staff for contributing to what looks like a very, very strong year.
- Concern:
  We currently have approximately 142 students on our residence hall waiting list.
  Vice President Shanley, Dean Kent Kelso, and Residence Hall Director Matt Brown are working to identify space for as many of these students as possible but it will be imperative the University expand residence hall space as soon as possible.
- Appreciation is given to everyone who played a role in the G.W. Bush visit. Joe Wind, Kim Luse, Kathy Stewart, Ken Ramey, Physical Plant, DPS, Chief Harold Todd, were named as people who played a particularly strong role in the President's visit. The White House was great to work with and is still in contact with our office, expressing their gratitude for shared success of the event.
- We welcome three new deans to our campus this fall:
  Kevin Corcoran is the new dean of the College of Arts & Sciences
    UC Chair of Psychology
    ACE Fellow
  Douglas Perry is the new dean of the College of Informatics
    Comes to us from Indiana University Purdue University at Indianapolis
    Associate Dean of the College of Informatics
  Dennis Honabach is our new dean of the Chase College of Law
    Comes to us from Washburn University where he was a very successful dean of their law school.
- Pat Moynahan has moved from his position as dean to become the University's new Vice Provost, replacing Paul Reichardt who is now the chief academic officer at Muskingham College in Ohio.
- Associate Provost for Library Services, Arne Almquist, has become the University's Chief Information Officer, replacing Gary Pratt. Dr. Almquist has been an outstanding leader of our library services, and with a strong background in information technology, is well suited to step into this new role. This is not unusual these days.
- I want to thank Gary Pratt for his service to NKU.
- Finally, this is Regent Brown's last meeting as chair of the board. On behalf of the entire university, I want to thank Chuck Brown for his outstanding leadership as chair. Chuck, your insights and perspectives as well as your capacity to ask the right questions at the right time have been an enormous benefit to our campus and to me personally. You have been a constant source of thoughtful advice and counsel to me and the values that you've brought to the position of chair are deeply appreciated. Thank you for your leadership over these past two years and throughout your service as a Regent.

  And we welcome Regent Marty Butler as the new Chair of the Board of Regents. Regent Butler assumes the chair at a time when the University is engaged in nearly $230M in new construction, updating our master plan, managing continued enrollment growth, and the challenge of aligning our programs and services with the needs of the region. He, like Regent Brown, brings professional expertise that will be much needed during the next two years. He also brings a deep

commitment to the region and to NKU and a willingness to go deep into complex policy decisions and ask probing questions that contribute to the quality of our choices. Marty is a graduate of the Chase College of Law and we welcome him as our new board chair.

Regent Brown's Comments, "It has been a privilege and an honor to serve as a Board Member and most recently as the Chair for the past two years. Thank you for that opportunity. Just as I think many people in this room have experienced what I have experienced; it has been great working with you, Dr. Votruba. And also key members of your staff.
I do look forward to continuing to serve on the board. I did have a meeting with the Governor and he indicated that he was going to reappoint me. I also wanted to thank members of the nominating committee. Regents Zapp, Downing, and Griffin have all done an excellent job at selecting/nominating the next slate of regents who will lead our Board.

A. <u>Joint Finance and Policy Committee:</u> (Reports were given by Regent Secretary Griffin)

1. Update on Criminal Background Checks

General Counsel, Sara Sidebottom and Human Resources Director, Lori Southwood advised the Board that effective July 12, 2006, Kentucky law now requires all initial hires at public institutions of postsecondary education to submit to state and national criminal history background checks.
Institutions <u>MAY</u> require a criminal history background check for contractors, employees of contractors or volunteers for the institution or a program of the institution.
The law allows the institution to deny employment, prohibit volunteering or restrict access to the campus if the results of the criminal history background check show that the applicant, contractor or their employee, volunteer or visitor has been convicted or pled guilty to or entered an Alford plea to a sex crime as specified in KRS.17.500 or a violent offense as specified in KRS 439.3401
Currently, NKU Human Resources is making every effort to streamline the pre-employment screening process and will work closely with hiring departments on an ongoing basis to ensure the success of this new initiative.

2. Outreach and Graduate Studies – Briefing and Campus Walkabout

We had an opportunity to see some of the things that the university is doing in the area of graduate studies and public engagement.

- We saw a 90-second slide show of various outreach initiatives, and heard how the university is aligning itself for public engagement.
- We then looked at the web site of the associate provost and the web site of graduate programs. We saw how visitors to the web site can learn about the activities and events that NKU offers for the community.
- We then left our meeting room and visited several offices.
- First, we visited the Scripps Howard Center where we met the people who work there and heard a bit about what they do. We also met the Director of the Kentucky Campus Compact, which is housed at NKU.
- From there, we visited a smart classroom and had a chance to experience what students experience with an online class. We then visited the offices of Educational Outreach and met the people who work there.

- We then walked over to the graduate office where we met the staff and heard about the work done by that office.
- At each office, we were given materials to take with us and read at our leisure.

B. <u>Presidential Reports</u>:

1. Facilities Management (Larry Blake, Assistant Vice President of Facilities Management):

a. Lake Development:
"The lake project is making progress. We are down on the punch list on the lake project. We are going to be reseeding most of the grassy areas in the fall. The seed just didn't take the first time around."
"They have placed about half the sod [around the amphitheater]. So, it is really starting to look like it's going to look as a finished product."

b. Campus Wayfinding:
"We are moving forward. We have done the sign out on [US] 27,", "You can now see the letters as they come up on the lighted sign."

c. Performance Contracting/Energy Audit:
"We are moving forward with that. We have most of the work done. We should be finishing up in October of this year."

d. New Student Union:
"The new Student Union, as the President said earlier, is coming out of the ground. We have had a number of incidents with the utilities out there that were just weren't where they were supposed to be. We have gotten most of those out of the way now and we are moving forward again."

e. Digital Classroom/ Planetarium Project:
"The project is going well. The dome is supposed to go in later this month and the project will be moving quickly from there. And it should be completed sometime this winter."

f. Greenhouse:
"There have been a couple of leaks. As you can expect, when you cut open the roof and punch holes in it, it would rain the day you do that. We have those under control at this point. We will be erecting the actual greenhouse on top of the building by the end of the month, which should stop most of the risk of having water come in.

g. Bank of Kentucky Center:
"The site clearing is moving along very, very quickly. We have the bid packages in Frankfort [Kentucky] for the mass excavation and the foundation. So, we are moving ahead with the project nicely."

2. Fundraising Report (Vice President St. Amand):
Summary of fundraising resources committed from July 1, 2005, through May 31, 2006, totaling $3,168,373. There were no further comments on the report as submitted.
"I have nothing additional to add."

3. Research/Grants/Contracts (Associate Provost Carole Beere):
The report summarized the successful proposals with the amount of award for each proposal for NKU faculty and staff from April 15, 2006 through June 15, 2006.
"The report that you have shows that up until June 15, 2006, we had 9.5 million dollars for the year. Your annual report is going to come out in about a month and you will see that in the last

two weeks of June, it looks like we jumped up because our actual total for the year is 12.5 million dollars. The reason why this is 3 million dollars shorter is because we are very conservative about not reporting things to you until we have the official letter from the funding agency." "You will see a total of 12.5 million dollars. We are extremely proud of that. The faculty and staff that wrote the proposals did a fabulous job with those. Last year we were just under 11 million, this year 12.5 million, and we just hope to keep it going up."

C. Presidential Recommendations:

Consent Agenda Items: A motion was made by Regent Butler and seconded by Regent Kremer to approve the following Presidential Recommendations as listed; C 1-10. **Motion carried.**

1. Academic Affairs Personnel Actions

a. Administrative Appointments:

Arne Almquist, Interim Chief Information Officer and Associate Provost for Library Services, effective July 1, 2006 through June 30, 2007; Prince Brown, Director of Liberal Studies, Director of the Institute for Freedom Studies and Associate Professor in the Department of Sociology, Anthropology and Philosophy, effective July 1, 2006 through June 30, 2007; Paul Cooper, Interim Chair and Associate Professor in the Department of Construction Management and Organizational Leadership, effective July 1, 2006 through June 30, 2007; Dennis Honabach, Dean, Salmon P, Chase College of Law, effective August 1, 2006; Wm. Benjamin Martz, Chair and Professor in the Department of Information Systems, effective July 1, 2006; J. Patrick Moynahan, Vice Provost and Associate Professor, effective July 1, 2006; Gary Newell, Chair and Associate Professor in the Department of Computer Science effective July 1, 2006; Carol Ryan, Associate Dean for Undergraduate Programs College of Education and Human Services, effective July 1, 2006; Suzanne Soled, Chair and Associate Professor in the Department of Teacher Education and School Leadership, effective July 1, 2006.

b. Faculty Appointments: (Effective August 14, 2006)

Kevin Besnoy, Assistant Professor, Department of Teacher Education and School Leadership; Susan Cook, Lecturer (non-tenure track renewable) Department of Teacher Education and School Leadership; Maureen Doyle, Assistant Professor in the Department of Computer Science; Allison Godel, Lecturer (non-tenure track renewable) in the Honors Program; Janene Grodesky, Assistant Professor in the Department of Kinesiology, Health, and Educational Foundations; Eileen Weisenbach Keller, Assistant Professor in the Department of Management and Marketing; Brad King, Assistant Professor in the Department of Communication; Andrea Lambert, Assistant Professor in the Department of Communication; Isaac Larison, Assistant Professor, Department of Teacher Education and School Leadership; Jimmie Manning, Assistant Professor in the Department of Communication; Jacqueline McNally, Assistant Professor in the Department of Communications; Tracy Munoz, Assistant Professor in the Department of Literature and Language; Daryl Orth, Associate Professor in the Department of Construction Management and Organizational Leadership; Sandip Patel, Assistant Professor in the Department of Computer Science; Karen Tapp, Assistant Professor in the Department of Counseling, Human Services, and Social Work; Linda Wermeling, Assistant Professor in the Department of Counseling, Human Services, and Social Work.

c. Leaves Paid/Unpaid:

Adam G. Todd, Professor, Salmon P. Chase College of Law, unpaid leave without benefits, 2006-2007 academic year.

d. Resignations:
Wanda Griffith, Lecturer, in the College of Education and Human Services Advising Center, effective June 30, 2006; Gary L. Pratt, Associate Provost for Information Technology, effective June 30, 2006.

2. Non-Academic Personnel Actions (between April 15, 2006 and June 13, 2006):
The following categories of non-academic personnel actions, which occurred between April 14, 2006 and June 13, 2006, were approved: Activations; Temporary/ Contract to Regular; Reassignments, Reclassifications, Title Changes, Promotions; Departures; and Retirees.

3. Academic Affairs Temporary Appointments:
John Collins, of the Department of Teacher Education and School Leadership, has been offered and has accepted a temporary, self-terminating appointment pending approval of the Board of Regents.

4. Naming Change for University Facilities — Scripps Howard Center for Civic Engagement and nonprofit Development:
After studying what the Center had been doing, looking at the needs of the community, consulting with leaders of the nonprofit community, and talking with the Advisory Council for the Center, Mr. Miles Wilson developed the Center's strategic plan which has been endorsed by the administration. The plan calls for two foci for the Center: civic engagement and nonprofit capacity building. Only the former is reflected in the name. The new name was developed to ensure that both foci get proper attention and visibility.

5. New Program – Bachelor of Arts in Media Informatics:
The College of Informatics developed the proposed interdisciplinary program, Bachelor of Arts in Media Informatics, to focus on the creation of content and messages distributed through technologically mediated communication channels. The program requires students to develop the skills necessary to create these messages across a multitude of distribution channels and media platforms.

6. Acceptance of Contributions received by the NKU Foundation (between April 12, 2006 and May 31, 2006):
The Board of Regents officially hereby accepts contributions totaling $431,947.02 received by the NKU Foundation Inc. for the benefit of Northern Kentucky University during the period of April 12, 2006 through May 31, 2006.

7. Bad Debt Write Off – (Fiscal Year 2005-2006):
Action by the Board of Regents of the University is required to write off bad debts from the University's financial records as operating expenses. This is accomplished once a year before the end of the fiscal year. Listed in the board materials are the categories of debts, with prior year comparative data.

8. Administrative Personnel Action:
Joseph E. Wind to be appointed Vice President for Government and Community Relations, effective July 1, 2006;

9. Lake Name Change:
The lake, currently known as "Lake Inferior," has undergone a dramatic $2 million transformation during the past year, becoming a focal point of campus that invites student involvement. This area now includes waterfalls, walkways, a bridge, and amphitheater.

In recognition of the substantial changes and enhancements of the lake area, SGA recommended that the name of the lake be changed to reflect these improvements. NKU students, staff, faculty, and alumni were asked to participate in the naming. The ad hoc lake

naming committee recommended to the University Naming Committee that the name "Loch Norse" be approved as the name of NKU's newly renovated lake.

10. Budget Revision:
At its May 3, 2006, meeting, the Board of Regents approved the 2006-07 Unrestricted Current Fund Annual Budget for Northern Kentucky University at $164,100,000 (Presidential Recommendation C-7). In order to more closely align the original budget with the annual financial statements, the University wishes to budget bad debt expense and tuition discounts and allowances as an offset against revenue rather than as an expenditure, as had been done in previous budgets. Such treatment is consistent with Governmental Accounting Standards Board (GASB) guidelines.

D. <u>Executive Session:</u>

1. A motion was made by Regent Weiss and seconded by Regent Downing to enter into Executive Session. **Motion carried.**
2. A motion was made by Regent DeJaco and seconded by Regent Weiss to close the Executive Session. **Motion carried.**

E. <u>Nominating Committee:</u>
Regent Downing, who spoke for the Nominating Committee, made a recommendation to approve new regent officers as follows. "The Nominating Committee recommends Martin Butler, Chair; Nancy Barone Kremer, Vice-Chair; Denise McClelland, Secretary." The motion to accept the recommendation was made by Regent Weiss and seconded by Regent Zapp. **Motion carried.**

At 2:30 p.m. a motion was made by Regent DeJaco and seconded by Regent Zapp to adjourn. **Motion carried.**

Luse, Sara Sidebottom, Gerry St. Amand, Mimi Assanuvat, Isaac Ferguson, Annie Buechel, Chris Cole, Rick VanSant – *Kentucky Post*, Mike Baker, Russ Kerdolff, Bill Farro, Pat Moynahan, Mark Shanley, Elaine Jarchow, Lori Southwood, Tim Griffin, Daryl Wright, Steven Meier, Larry Blake, Carole Beere, Bridgette Pregliasco, Gail Wells, Ken Ramey, Sue Moore, Mike Carrell, Rick Meyers, Vivienne Crooks, William Oliver, Mary Ryan, Mary Lepper, Jennifer Stansbury, Leon Boothe, Karen Boothe, Doug Perry, Andy Wilson, Jennifer Mason, Mike Mimms, Don Gorbandt

A motion was made by Regent Brown and seconded by Regent Weiss to approve the minutes of the July 12, 2006, Board of Regents meeting. **Motion carried.**

Presidential Comments:
Dr. Votruba opened by saying, "We are off to a great start this fall; 14,700 students; best prepared entering class in our history; parking is a challenge but getting better; in some sense we have the challenges of abundance; there are still challenges but I think parking is settling down.

This year's priorities, as the board knows, are to enhance our institutional planning, support further alignment of Vision 2015, stay consistent with our mission to internationalize our campus, and to play a more visible public intellectual role in the life of our region.

With Regent Ruth's leadership we had, what I thought, a very productive meeting with the Student Government Association; a good retreat. This is my 19th retreat with the Student Government Association; they do two a year. And my sense is that Student Government is focused on some very important issues for our campus.

Two in particular, Josh and I have talked some about internationalizing the campus with particular reference to further scholarship support for study abroad programs. As you know, the cost hits them in two ways; the cost of the program itself and the cost of lost income as a result of going on the travel experience or the study experience rather than working at their jobs here. We are going to look to increase the scholarship support for international students. It is also consistent with what Provost Wells has advocated as a priority to get more students studying abroad. And the other has to do with increasing the program dollars available to students. We have had a substantial increase in the number of students, along with inflation related to program funding. We are going to look to be helpful in that regard as well.

Earlier today, we dedicated the Eva and Oakley Farris Amphitheatre as well as Loch Norse. I think it really reflects the growing maturity and beauty of our campus. I sat there looking around and thought to myself, space really does matter; the kind of environment that you create in which faculty and students get together and each pursue their work and their dreams. I think this space is going to contribute a lot to our students, our faculty, to our staff, and indeed to our community.

Later in this meeting, the board will be asked to name our residential village, the Leon E. Boothe Residential Village. It recognizes the distinguished service of Dr. Leon Boothe, who is here with his wife, Karen. It is good to see you both here today.

Leon was the president of the University from 1983-1996. During President Boothe's tenure as President, the University experienced explosive growth. During very difficult financial times, Dr. Boothe expanded our residential village from 400 to nearly 1,000. Through wit and well, I would say, he assured that the expanded capacity was achieved in one phase, not several. I think, Leon, we were a bit of an after thought in Frankfort during some of the time you were president. They were difficult times, in part because of that. On the other hand Dr. Boothe had the opportunity, as I have, to witness enormous progress during his period. I know from firsthand experience, Leon, that's pretty satisfying.

The expansions of our residential village energized campus life. It really began to change the character of the campus. It led to a more diverse and multicultural student body, and indeed international student body. And it helped us recruit outstanding students.

This isn't just about offering spaces for students; it's about creating an environment in which students can live and learn. And broaden their perspectives as a result of having that total immersion on what has otherwise been primarily a commuter campus.

Leon Boothe cared deeply about students and his leadership on behalf of our residential village made it possible for a greater number of students to experience that total campus immersion that is oftentimes so important for students who are able to avail themselves of it.

Based upon a unanimous recommendation of the University Naming Committee, I recommend to the Board that the residential village become the Leon E. Boothe Residential Village.

Dr. Boothe is with us today, along with his wife, Karen. I will ask him, once the board has acted, if he would like to say a few words. And Leon, you and I talked briefly and I know that you would like to do that. We will dedicate the village, in a more formal way, later this year, of course with signage and all the other things that goes along with this kind of recognition. All that begins with board action and that is in your packet of information.

I also want to note that item C-6 has been removed from the agenda today. It has to do with an academic program and I believe that Provost Wells asked that it be removed after consultation with the Faculty Senate. There are a few more changes that have to be made in that program.

With that Mr. Chairman, that completes my remarks."

A. <u>Joint Finance and Policy Committee:</u> (Reports were given by Regent Secretary McClelland)

1. Online Accessibility of Board of Regents Material

This morning the board members participated in a hands-on tutorial, led by Kim Luse and Isaac Ferguson. This tutorial was explaining to us, the President's Executive team, and others in attendance a new online internet access tool known as *Blackboard*. This is an internet based computer system that will allow Board members, President's Executive Team, Cabinet, and a select group of administrative staff to access board materials. It will serve as a means for collecting materials, distributing them online, archiving documents, having even the possibility of chat rooms for the board, something called discussion board, announcements, calendars, and e-mails. These are available twenty-four (24) hours a day, seven (7) days a week in an effort, and I would say a worthwhile one, to provide the board up-to-date and constant communications on efforts here at the university.

2. Report on Overview of SACS Reaffirmation Process

Provost Wells presented a report on the University's preparation for the reaffirmation process required for continued accreditation by the Southern Association of Colleges and Schools (SACS).

During the next two years, the University will be involved in self-study and preparation of documents to demonstrate compliance with the standards of quality required for accreditation by SACS. The study will address such key elements as mission, governance, administration, faculty, programs and curriculum, assessment processes, learning outcomes, library, student services and financial resources. The University will also develop a Quality Enhancement Plan referred to as the QEP. The QEP requires NKU to first identify a well-defined topic or issue related to enhancing student learning that is important to its mission and then to describe a carefully designed and focused course of action to be implemented over a five-year period. The plan will be submitted to SACS for approval and will be followed by a progress report 5 years later. Both the self-study compliance report and the Quality Enhancement Plan will be submitted in spring or summer 2008. An on-site visiting team will visit NKU in spring 2009 to address the QEP. The SACS decision on reaffirmation is due December 2009.

B. <u>Presidential Reports</u>:

1. Facilities Management (Vice President Ramey):

a. Lake Development:
There were no further comments on the report as submitted.

b. Campus Way-finding (Phase II):
There were no further comments on the report as submitted.

c. Performance Contracting/Energy Audit:
There were no further comments on the report as submitted.

d. New Student Union:
There were no further comments on the report as submitted.

e. Digital Classroom/ Planetarium Project:
There were no further comments on the report as submitted.

f. Greenhouse:
There were no further comments on the report as submitted.

g. Bank of Kentucky Center:

There were no further comments on the report as submitted.

Dr. Votruba recognizes Ken Ramey's work on the Eva and Oakley Farris Amphitheatre as well as Loch Norse.

2. **Fundraising Report (Vice President St. Amand):**
   Summary of fundraising resources committed from July 1, 2005, through June 30, 2006, totaling $3,670,840. There were no further comments on the report as submitted.
   "There is just one clarification. There are two reports there, B2 and B3. One is the close out report from last fiscal year, for the entire year. The second report is just for the first month of this fiscal year."

3. **Fundraising Report (Vice President St. Amand):**
   Summary of fundraising resources committed from July 1, 2006, through July 31, 2006, totaling $184,058. There were no further comments on the report as submitted.

4. **Research/Grants/Contracts – Award Report (Associate Provost Carole Beere):**
   The report summarized the successful proposals with the amount of award for each proposal for NKU faculty and staff fiscal year July 1, 2005, through June 30, 2006, and the period of July 1, 2006, through August 15, 2006.

   "We also have two reports in there; one for the end of the fiscal year and one for the first six weeks of the new fiscal year. But we also have in your notebooks, our annual report and I call your attention to page 7, where it shows that our number of submissions, our dollars requested, our number of awards, and our dollars coming in. They have been steadily increasing. And so this past year, as I had actually predicted at the last board meeting, we did close out with 12.5 million dollars in grants and contracts. Which for us is the highest we have achieved and we are very proud of the faculty and staff that wrote those proposals.

   I would also mention, if you have a chance to look through that report that it does list every grant recipient. We do that for two reasons. One is to communicate to you, but another, to give credit to those people who did the work to generate those awards."

5. **Research/Grants/Contracts – Annual Report (Associate Provost Carole Beere):**
   This report provides both an overview and detailed information about proposal submissions and funded grants/contracts during the 2005-06 fiscal year. Table 2 on page 7 shows steady increases since fiscal year 2003 in the number of proposals submitted, the dollars requested in those budgets, the number of grants awarded, and the dollar value of the awarded grants.

6. **Outreach and Public Engagement – Annual Report (Associate Provost Carole Beere):**
   Contained in the board materials is the university's third *Annual Report of Outreach and Public Engagement*, which provides an overview of the relevant work of our faculty and staff.

   "We also have in here our annual report of outreach and public engagement, which we are sharing with you. Again, we had a very, very good year. One of the things that is worthy of note, is the fact that we get almost an 80% response rate on the survey that we do of our own faculty

and staff. And when I talk about this at other universities, they immediately go, "how do you get that kind of response rate?" Well, I think we get it because the culture here is very supportive of outreach and public engagement and the message is that it is important. This booklet also gives you a listing of the faculty and staff engaged in outreach and public engagement. It's called the Honor Roll, and it's at the very back of the book. And of course, some of the examples of outreach and public engagement are around the room for your enjoyment."

Dr. Votruba asked, "Carole, do other universities produce similar publications to your knowledge?"

In response, Dr. Beere said, "I would say no as of about two years ago. But again, I keep getting asked for examples of ours. I have talked about it in a conference or a convention, some place, and then I'll start getting asked to send copies or if I have copies. Usually, I need to bring more copies with me because they are all asking for it. I think a lot are looking and copying our lead."

C. <u>Presidential Recommendations</u>:

4. **Reporting Structure Change:**
It is recommended that the following units currently reporting to University Programs report to the Associate Provost for Student Success to better support student services.
    - Academic Advising Resource Center
    - Developmental Mathematics
    - First-Year Programs
    - Learning Assistance Program

5. **Name Change – Department of Information Systems:**
The Information Systems Department proposes a department and a program name change to Business Informatics Department and Business Informatics, respectively. There is no intent to change the accreditation standards nor the curriculum currently associated with the department and the program with this proposal.

6. **New Program – Bachelor of Science in Architectural Systems and Planning):**
(Item Removed at the Request of James C. Votruba)

7. **Amendment to *Faculty Policies and Procedures Handbook* – Sabbatical Leaves/Application and Procedures:**
There was no further information provided on the report, as submitted.

8. **Revisions to the University Organizational Structure:**
The proposed organizational structure, as outlined in the Board Materials, reflects all NKU Administrative changes from March 8, 2006, to August 21, 2006. The reporting lines listed are for Director level and above, but include: individuals who directly report to the President; Department Chairs under Academic Affairs; Coaching area under Intercollegiate Athletics; and the Manager of the Bookstore/Follet and Food Services/Chartwells, which are separate entities from the University.

9. **Resolution HB622:**
House Bill 622, enacted by the 1982 General Assembly, provides statutory authority for governing boards of public institutions of higher education to elect to perform specified financial management functions previously performed by other parts of state government.

    Election is authorized as to any one or more of the following functions: acquisition of funds, accounting, auditing, payroll, purchasing, capital construction, real property, and establishment of affiliated corporations. Under Section 3 of the Act, the responsibility for and the power to elect is vested in the Board of Regents. The Board is further authorized by the Act to delegate to the President the authority to implement performance of the functions.

10. **Amendment to *NKU Governing and Administrative Regulations* – Naming of Facilities, Programs, and Endowments:**
At the request of the Board of Regents, the Office of University Advancement and the University Naming Committee reviewed the current naming policy – AR-II-4.0-2, *Naming of*

Facilities, Programs, and Endowments. Following review of the existing policy, it was determined that revisions were appropriate.

11. Acceptance of Contributions received by the NKU Foundation (between June 1, 2006 and July 31, 2006):
The Board of Regents officially hereby accepts contributions totaling $365,000 received by the NKU Foundation Inc. for the benefit of Northern Kentucky University during the period June 1, 2006, through July 31, 2006, per the attached list.

12. Acceptance of CPE Key Indicator Goals:
The Key Indicators are used by CPE and other state policy makers to monitor progress toward postsecondary reform as initiated by HB 1. Each Key Indicator falls under one of the five questions from the Kentucky Public Agenda for Postsecondary Education. Most goals are set for the 2007-08 academic year. These goals have been reviewed and approved by the President, the Provost, and the Executive Team.

13. Naming Rights for University Facilities – Dr. Leon E. Boothe Residential Village:
The Board of Regents hereby approves the naming of the student housing area of campus currently identified as the Residential Village as the Dr. Leon E. Boothe Residential Village. To encourage greater use of the name in everyday references to the Dr. Leon E. Boothe Residential Village, the Board approves the use of the shortened version, Boothe Residential Village, in appropriate signage and publications.

Prior to voting, Dr. Votruba stated, "I expect that there has not been a president on this campus who has been more focused on students or more concerned about the quality of life of students. Each of us, I think during our tenures, has certain signatures that reflect our time of stewardship. And I think that for Dr. Boothe, his advocacy on behalf of students and I don't mean just on campus. Frankfort was a different place back in those times. And the fact that he was able to not only be an articulate, eloquent advocate but also with a good deal of success. Sometimes after major struggles. It reflects very well on this institution and on his leadership."

A motion was made by Regent DeJaco and seconded by Regent Zapp to approve the motion to approve the naming rights for the university's residential village. **Motion carried. Roll call: In favor: Regent Brown, Regent Butler, Regent DeJaco, Regent Downing, Regent Griffin, Regent McClelland, Regent Pyles, Regent Ruth, Regent Weiss, Regent Zapp; Opposed: None; Abstentions: None; Approved unanimously.**

Dr. Boothe addressed the room by saying, "Regent Butler, Dr. Votruba, fellow regents; first of all I want to say, my heartfelt thanks for this honor which you have bestowed on me. It's very meaningful to me in many ways.

I'm not going to give a long talk in this regard, but as some of you know I was going to be a lawyer. And through a series of events, that I call serendipity, I ended up teaching high school and changed my whole focus. I think it was right then that I realized how gratifying it is to work and teach students.

They give you much more back in return, which is what I have referred to on other occasions as psychic income. In fact, with my retirement, that is one of the things that I really took with me very close to my heart, all the many events and notations that students said both orally and in writing, to me.

When I was president, as indicated, we had many challenging budget situations declining from 68% to 30%, by the time I retired. That's state funding that is. I really have to commend the staff, my regents at the time, the faculty, and others who just worked with me to try to turn those challenges into opportunities.

One of the things that quickly became evident to me was something had to be done about the residence halls because when I arrived, the original residence halls really were blighted. That's all you can say. It was very discouraging, I think, to come to campus and say we are going to live here.

The outside veneer didn't weather well. So we had to change that and how we were going to get the money. Those were always the big challenges. Then I was constantly hearing from parents, locally particularly, "we would love to send our child here but if they can't live on campus, we want them to live away from us. We have no choice but to send them away to school." Plus the fact that we were filled up every year.

So, I would have to say in a bid of great daring, we decided that we were going to try to build these new dorms. The only trouble was we went through the state system. It was not going to be competitive. There was a lot of new housing that was built around the campus, at the time; Condos and other things along that line. Students could go and live off campus much more cheaply than we could build them. And the only way we could build them was to do it privately.

Needless to say, when you challenge the systems in Frankfort or any other state capital, of the ways things have to be done, you run into a lot of blocked walls. But believe it or not, we carried it off. It did take an appearance before a grand jury because of some intervention, in that regard.

I really want to thank my board at the time. They really stuck with the policy and we had a lot of pressure put on us at various times. I won't get into those details. The board was very loyal and stood up for what was right. That was very, very gratifying.

I think again, that it is a student-centered institution that my name will be applied. I always tried to make the students the center of the university, in terms of what we were all about. I constantly reminded the faculty, the staff, and others; be kind to the students cause you never know what they are going to become. There are too many examples of students who were maybe marginal students, while they were here, that turn out to be some of your biggest benefactors later on.

Aside from that, I think that when I retired for the second time, after the Freedom Center, not thinking I would ever do anymore, I got persuaded to come back and teach. Again, in terms of

the student-centeredness, it was a gratifying way to end my professional career. I can't imagine a nicer way.

I will save other remarks for later occasions, but I just have to say, as a historian I feel like I'm amongst a lot of friends here today. Certainly, Frank Downing and Bob Zapp served with me very loyally and gave me a great deal of wisdom and support during some very trying years, both personally and professionally. Joyce Griffin, I have known practically ever since I've been here and she's been a strong family friend over the years. We feel very close to the Griffins. I know the rest of you either through your business connections or through your community affairs.

Thank you very much and my heart is greatly touched."

D. <u>Executive Session:</u>

A motion was made by Regent Brown and seconded by Regent Griffin to approve the minutes of the September 6, 2006, Board of Regents meeting. **Motion carried.**

Presidential Comments:
Dr. Votruba opened by saying, "VVV Strategic Planning is well underway, at this point. We have scheduled through December, sixteen, 2 hour conversations with faculty, staff, and students to define our priories over the next five years.

This was a process that was begun in 1997 using a 5 year horizon. It was updated in 2002 and now we update for the next 5 years. Unlike previous years where we have gone into the community and had an equal number of conversations with communities throughout the region, we're allowing *Vision 2015* to act as the voice of the region; this time around. I think it would be confusing for us to go out now, especially with me having chaired *Vision 2015*, asking people to talk some more about their future.

We have had three conversations with student groups. You will be pleased to learn that while the students have lots of advice on things that they would like to see happen; what they say with enthusiasm is that this is a great place to go to college. They say to protect, at all cost, our small class sizes and continue to recruit faculty members who enjoy interacting with undergraduates and are available.

When you ask students what's special about the university they always start with those two characteristics. Small class sizes and faculty members who they say really care about them. That is terrific, especially when you're a nearly 15,000 student campus.

We begin our faculty conversations shortly. We have had one conversation with Administration and Finance. I got some good ideas there on how we can promote customer friendliness in all of our domains.

We expect to come to the board in early January with what we have learned from these conversations. Then I'm going to interact with my senior management group to massage that information, take other information, the results will be in early January. February we'll have our priorities for the next 5 years.

What you have in front of you, thanks to the good work of Sue Moore and her staff, they've put together a 10 year summary of what's occurred. The categories are the categories that were the priorities of this 10 year period. It will give you a review of the major accomplishments over that 10 year period.

Once again, NKU is one of the top places to work in the Greater Cincinnati/Northern Kentucky region. Tomorrow is the luncheon. We are among the top three in the largest employment category, but once again we share that with two hospitals; as we have in the past two years. We are still very proud to be in that group.

We really are very proud of our staff. Three years running and we are very proud of that.

We are gearing up for *SACS*. This, as you know, is a comprehensive process. Provost Wells will be overseeing the *SACS* accreditation process. We'll be coming to the board later this year with a quality enhancement program that will be a focus over the next 5 years.

You had a review this morning on what's going on with the internationalization of the campus. We continue to press hard on internationalization across all of our domains. You heard from Provost Wells and Dean Jarchow this morning, but all the vice presidents are being asked to think deeply about how their units can contribute to internationalizing the campus.

You had a walkabout earlier this morning related to Enrollment Management. Joel, I want to thank you and your staff for a very efficient and well-done presentation to the board. You really did a great job and we are proud of all the work that all of you are doing in the Enrollment Management arena.

You also heard, this morning, from Russ Kerdolff who reviewed our Annual Financial Report. Russ shared, and so did Vice President Ramey, that the university is in its strongest financial position in its history. And that's good.

We are, I think, looking at a bright future but part of the role of the university's board and its administrators is to manage risk. As we talked about this morning, there are some things that are still uncertainties financially. Prism, we know is a major investment in the university and try as we might, most universities have not been able to nail down the full cost of an implementation like an SAP program. We have roughly 200 million in capital construction that's going to be going on. We are going to have to have some margin to do things on the behalf of those construction projects that we may not have anticipated.

But in general, the university is in great shape."

A. <u>Joint Finance and Policy Committee:</u> (Reports were given by Regent Secretary McClelland)

"We did have a busy morning and we basically had three topics.
[Annual Financial Report (2005-2006)]
Vice President Ramey and Comptroller Kerdolff presented highlights from the University's 2005-06 Annual Financial Report, which are available to the public. There were a number of detailed slides in PowerPoint. The audit was performed by Crowe Chizek and Co. LLC. And members of Crowe Chizek were present for questions.

As the president had indicated, we have a very strong financial picture.

Total assets grew by about $18 million for the year, primarily due to an increase in assets including the new lake and Student Union.

Liabilities declined by approximately $300 thousand. There will be new debt issued for the Student Union, a parking garage, and a housing facility (under discussion). There was discussion about the impact of this new debt on the University's financial position in the future.

Net assets increased by $18.5 million for that fiscal year, attributable to a $7.8 million increase in restricted net assets and a $10.7 million increase in unrestricted net assets.

Operating and non-operating revenues increased by $17.4 million, including a $7.3 million increase in the University's state appropriations and a $6.1 million increase in net tuition revenues. There were also increases in grant, auxiliary and other revenues.

Operating and non-operating expenses increased by $11.3 million last year. Over two-thirds of this increase went into the University's core mission areas of instruction, research, public service and academic support.

It is anticipated in this fiscal year, the university will receive a $2.5 million increase, including a $1 million appropriation for the new Math Center. Then in fiscal year 2008, there will be a $6.2 million increase in state appropriations, including an additional $500 thousand for the Math Center.

The university continues to receive increased financial support from the Commonwealth as well as other constituents.

[Internationalizing the Campus (Update)]
We did have a brief summery from Provost Wells regarding the ongoing process to enhance the internationalization of the campus. She gave a summary of a task force that has been created that is asking four basic questions:

What should be the characteristics of a globally competent graduate from NKU?
What would it mean for NKU to be successfully internationalized?
Where are we now?
How do we achieve the vision?

There was also a summary of some of the efforts that are already underway showing increased progress, including the fact that NKU students studying abroad has:

1. Grown from 115 to 197 students since 2001;
2. More places for study abroad programs;
3. More NKU Faculty are directly related overseas;
4. The number of fully admitted international students has grown from 176 to 306, since the fall of 1999.
5. The International Studies program has graduated 200 students and there are currently 139 majors.
6. The International Business Center has several projects in other countries.

The Task Force will focus on curriculum, study abroad, international student recruitment, and organization for campus wide efforts. We also received literature on the program that we are involved with the United Arab Emirates and pre-service teachers.

[Enrollment Management: (Briefing and Walkabout)]
Under the leadership of Joel Robinson (Assistant Vice President for Enrollment Management); I think that I can speak on behalf of the board. We were all very impressed with what we observed and what we heard. Very articulate leadership, very professional materials, very professional organization and flow.
We heard from several different aspects of the Enrollment Management functions, including:

1. Their mission statement;
2. The offices which make up Enrollment Management;
3. The high volume of information they process;
4. The use of the internet and technology; with such statistics as over 100,000 incoming phone calls and 1,500,000 hits on the internet;
5. Some of the internal registrar, curriculum planning resources that are available;
6. We learned about the future goals for Enrollment Management; as coupled with the Commonwealth's expectations for NKU to graduate more students in the next 10 years.

We met with the Director of Admissions, the Director of Student Financial Assistance, and took a tour of the Registrar office.

It was an impressive morning and we thank Joel, the Provost, the Finance office for all that we learned."

B. <u>Presidential Reports</u>:

1. Facilities Management (Vice President Ramey):

a. Lake Development:
There were no further comments on the report as submitted.

b. Campus Way-Finding (Phase II):
"We are well into the second phase of the Campus Way-finding project. You will, probably by the next time you arrive on campus, see some of the byproducts of that second phase, which will include building identification, parking lot signage, and consistent signage for the perimeter of the campus parcels. That has been a nice addition for the campus and the second phase will just carry that over."

c. Digital Classroom/ Planetarium Project:
There were no further comments on the report as submitted.

d. Performance Contracting/Energy Audit:
"We are well into completion of that audit, as we partnered with Siemens. About a 4.5 million dollar project that is greatly enhancing our energy consumption here on campus."

e. Greenhouse:
There were no further comments on the report as submitted.

f. New Student Union:
"As you're aware, we were running into some utility problems on the front end of the construction. Those have all now been resolved. As you can see looking out on the Plaza, it's coming up very rapidly. We anticipate the completion of that project in summer of 2008."

g. AS&T Third Floor Renovation:
There were no further comments on the report as submitted.

h. Bank of Kentucky Center:
"If you had the opportunity to come down Nunn Drive, from 27, and I hope you get the opportunity to do that if you haven't already done so. Mass excavation is scheduled to be completed this week. There will be some piering and concrete work that will begin immediately. We continue to remain on a very fast track schedule with the Bank of Kentucky Center.

Affiliated with the Bank of Kentucky Center, is the garage project. We are well into the design phase of that project. We anticipate construction beginning on that in the spring of 2007."

i. Center for Informatics:
There were no further comments on the report as submitted.

Dr. Votruba added the following comments to complement Ken Ramey's update. "I have asked Ken [Ramey] and Larry [Blake] to give me some background information on things that we might be doing with our construction that would be compatible with environmental sustainability, as well as reduce our utility cost over the long term.

There is a lot of work going on, a lot of technology being applied to what's being called green construction."

2. Annual Financial Report (2005-2006):
The Annual Financial Report depicts the financial activity of the University for the fiscal year ended June 30, 2006.
There were no further comments on the report as submitted.

3. Quarterly Financial Report (July 1, 2006 through September 30, 2006):
The Quarterly Financial Report depicts the financial activity of the University as of September 30, 2006, as compared to the annual budget and the prior year's activity.
Vice President Ramey stated, "All of our revenues and expenditures are in line with previous history."

4. Fundraising Report (Vice President St. Amand):
Summary of fundraising resources committed from July 1, 2006, through September 30, 2006, totaling $308,036.
There were no further comments on the report as submitted.

5. Research/Grants/Contracts – Annual Report (Associate Provost Carole Beere):
This report lists the grants awarded, with the amount awarded for each grant, for NKU faculty and staff from August 16, 2006 through September 30, 2006. During this time 20 grants were awarded with a total award amount for the noted period of $1,749,065.
There were no further comments on the report as submitted.

Presidential Comments:
Dr. Votruba opened by saying, "Preliminary spring enrollments appear to have us up around 1.7%, in that neighborhood. It's preliminary at this point, but again another solid enrollment for this spring semester.

The warm weather that we have had this winter has resulted in strong progress on our two major construction projects. We're seeing the Bank of Kentucky Center come out of the ground now, which is terrific. It is really wonderful to see it finally taking shape.

The Student Union is also moving along nicely. We're making good progress there.

Governor Fletcher was here yesterday. We are pleased that he chose to have his conversation with Northern Kentucky citizens here at Northern Kentucky University. His visit reinforced his support of the university and for both increased operating and facilities support for the campus. He has committed himself both publicly and privately, to me, that he will do what needs to be done to restore the 24.5 million in vetoed agency bond authority. He has also said that he will work with us to accomplish as much as possible with those funds. – That's a good sign.

As we all know this is a non-budget session, which means in order to open the budget it requires a Super Majority. You never know what's going to happen at the beginning of the session. It wouldn't surprise me if it does get opened, and it certainly wouldn't surprise me if it doesn't get opened. You just never know what forces are going to shape that. I think we are well positioned as we begin this short session.

Over the past two months, over 570 students, faculty, staff, and alums were involved in 16 conversations related to the update of our strategic plan. This morning I reviewed the major themes that have come out of those conversations with the Board of Regents. I won't repeat them here. Only to say, in my view, the campus is very strongly positioned to move to the next level of its development.

Morale is high. There are lots of wonderful programs occurring. Our student body is engaged. We have challenges, but we are well positioned to address those challenges.

The next steps will involve the following:

- Senior administration will work to formulate a set of priorities that will be specific enough to connect both human and financial resources, which we'll expect to allocate over the next five years.
- We'll revise the Vision statement in ways we described earlier.
- We will revise campus mission statement. Which we didn't get to share with you today, but will require board action in March.
- We'll make some minor revisions to the Core Values.
- Establish campus five year strategic priorities;

We will get input from the campus on all of this and then come to the board in March with all those revisions, plus the new strategic priorities for the next five years.

I want to thank the panelists; students, faculty, staff, and alums who worked on this. It was very time consuming. It involved 16, two-hour conversations plus a two-day retreat and a lot of other work and digesting the material that we received.

I also want to thank Vice President Sue Moore and her staff for their wonderful work in supporting this effort. Sue, this is my third time through this part of the strategic planning process. It was smooth beyond even my expectations. The kind of support that you, Tim, everyone provided in doing this; I'm very grateful for."

A. <u>Joint Finance and Policy Committee:</u> (Reports were given by Regent Secretary McClelland)

[Vision, Voices, and Values (Update)]

President Votruba presented an update of the current Vision, Values, and Voices Conversations. The process has resulted in identifying the major strengths and they were reviewed. They include:

Undergraduate education at the core
Culture that promotes student success
National leader in public education
NKU is agile, innovative, and responsive
Strong public support and recognition of NKU's commitment to regional progress
Competitive value
Metro area as a "real world" laboratory
Growth in programs of national distinction
Safe and accessible campus
Positive campus morale and optimism for the future

The major challenges that have been identified by the process include:

Regional and state expectations for NKU to grow and to lead regional progress
Resource base is not keeping pace with enrollment growth and community expectations
Curriculum alignment to meet workforce needs and educate for a global perspective
Increased state and national pressure for accountability, results, and return on investment
Meeting the needs of and engaging commuter students

The draft vision statement, draft core values, emerging major themes, and the next steps were shared.

[NKU Smoking Policy Update]

Joseph Mills presented a review of the process through which the proposed NKU Smoking Policy has emerged.

Composition of the committee that worked on the policy was shared, as well as the forums that the policy was vetted through.

Background information regarding benchmark institutions and their smoking policies was reviewed.

[Academic Excellence – College of Business]

Dean Michael Carrell and four faculty in the College of Business made a presentation to the board on an overview of the college and highlighted four "Programs of Excellence". First they described how the college is organized into four academic departments and eight centers and institutes. The college offers eight undergraduate business degree programs, five non-business undergraduate degree programs and four masters degree programs as well as eight MBA Areas of Specialization. The Dean was pleased to announce that in December 2006 NKU received notification that all of the business programs were re-accredited by AACSB International. This was the first re-accreditation of the NKU business programs which were originally accredited in 1996. In addition, The American Council for Construction Education accredits the undergraduate construction management degree program.

Dr. Rebecca White provided an overview of the Fifth Third Bank Entrepreneurship Institute and its programs. In October 2006 the NKU undergraduate entrepreneurship program was included in the "Top 25" programs in the U.S. by *The Princeton Review* and *Entrepreneur Magazine.* This is the first NKU academic program to receive a national ranking.

Dr. Ken Rhee provided a brief overview of the Executive Leadership and Organizational Change (ELOC) program which began in August 2006. The program includes many NKU "firsts": the first executive program, the first graduate leadership program, the first cohort program, and the first academic program offered at METS.

Dr. Mary Conway Dato-On then gave a summary of the International Business Center (IBC) in the College of Business. The center provides students with experiences that enhance their knowledge of global business practices. Students can study abroad and attend on campus seminars and forums on effective global strategies. The center also provides faculty international teaching and research opportunities. In addition the center operates the new International Business Honors program, the first honors program in the college.

Finally, Prof. Tom Gamble described the undergraduate B.S. in Sports Business program. The program is the only sports program to require all core business courses in the three states. It attracts many new students to NKU -- a survey of Sports Business majors indicated over 80% selected NKU specifically for the program. The program was the fastest growing NKU undergraduate program to reach 130 majors.

Dr. Votruba added to his earlier comments, "Listening to the four faculty members who made those presentations this morning, reflected to me the best of what NKU is now and will be in the future. Those faculty members represent a generation of faculty who will really take NKU to the next level in its development.

What you hear in all those presentations were themes that play out in Vision 2015, as well as the conversations we have been having about the university. I again want to congratulate Dean Carrell for his leadership and for the work that you and your faculty have been doing to advance the college, the university, and the region."

Board of Regents Meeting
Northern Kentucky University
University Center Ballroom
March 14, 2007

The regular meeting of the Board of Regents was called to order at 1:02 p.m. on Wednesday, March 14, 2007, by Martin Butler.

Invocation was read by Regent Josh Ruth.

Roll Call: Chuck H. Brown, Martin C. Butler, Peggy A. DeJaco, Joyce E. Griffin, Josh M. Ruth, Steven M. Weiss, Robert W. Zapp (Excused: Frank K. Downing, Nancy A. Barone Kremer, Denise H. McClelland, Anna Dale Pyles)

A motion was made by Regent Weiss and seconded by Regent DeJaco to approve the minutes of the January 10, 2007, Board of Regents meeting. **Motion carried.**

Presidential Comments:
Dr. Votruba noted:

- Campus construction continues full steam. The Bank of Kentucky Center and the Student Union are coming along nicely. The Bank of Kentucky Center has an anticipated completion date in spring 2008 and the Student Union has an anticipated completion date in summer of 2008.

- March Madness is upon us. Both our men's and women's basketball teams made the NCAA tournament. We're proud of their achievements both on the court and in the classroom.
    - Coach Winstel and her women's team had a great year. The women lost in the first round by three tenths of a second, but they had a great season.
    - Coach Bezold and his men's team won their first two games of the tournament; beating Findlay University, breaking their 56 home game winning streak-the longest in the nation. We played Grand Valley in the regional finals. They had a great night and we had a difficult night, putting us out of the tournament.

Presidential Comments: *(Cont.)*

- This year, the University has been focused on developing its next five year strategic priorities. This morning the board received an update, with action coming at the May meeting, that favors a five year campus image that looks like:
    - Small classes and "up close and personal" approach to education
    - More international
    - Increased enrollment at both the graduate and undergraduate level
    - More diverse
    - Increased retention and graduation rates
    - Greater student engagement with the campus
    - Deeply involved in advancing the Vision 2015 goals
    - More competitive faculty and staff salaries and benefits
    - Greater clarity in distribution of faculty workload across the full breadth of the mission
    - Greater public awareness of NKU and its strengths
    - Stronger financial base and expanded capital assets
    - Increased institutional effectiveness
    - Greater internal accountability (Outcome measures)
    - Further improvements in efficiency
    - Greater emphasis on strategy *execution* (Attention to the details of strategy execution)

- Turning to tuition, the board will be asked later today to approve tuition for the 2007-2008 academic year. The recommendation is:
    - Slightly below the maximum approved by the CPE
    - Combined with a new need based financial aid program that will help insure that no student is denied access because of their financial circumstances

- There has been no closure in Frankfort. The General Assembly adjourned late Monday without agreement on several major items. We are still not clear on the status of vetoed projects. The General Assembly is schedule to return to session on March 26, 2007.

  There is some concern associated with the potential of vetoed projects not getting approved during this session. One of those is the purchase of the Lakeside Manor Nursing Home. It could save the state $8M and allow us to put students in residence halls by next fall.

  NKU is confronting a facilities crisis. There is no way that we can meet CPE growth targets without additional facilities. Of the top ten capital projects recommended by CPE in the last legislative session, two were not funded - both were NKU's projects. Two capital projects priorities are:
    - Founders Hall
    - Health Innovations Building

- The board will be asked to approve a new freedom of expression policy. The new policy moves us from a free speech location on the campus to a free speech campus. The policy eliminates prior restraint and does not involve content approval. Nevertheless, the courts allow us to set reasonable restrictions on time, place, and manner.

Presidential Comments: *(Cont.)*

It is difficult to write a free expression policy that does not have some level of subjective interpretation. We tried to balance free speech with a student's right to pursue their education without interruption. Our particular emphasis is on not allowing free expression that interferes with our core mission. However, some of our students believe that the policy still leaves too much interpretation to the administration. For that reason, the policy will be reviewed in a year to see how it is functioning.

A. Joint Finance and Policy Committee: (Reports were given by Regent Brown)
[Doctoral Planning]

NKU's first Doctor of Education program is designed for experienced, fully-employed P-16 educational leaders and practitioners. The goal is to develop "practitioner scholars" by enhancing the effectiveness of local/regional educational leaders through: 1) increasing the knowledge, skills, and dispositions shown to promote learning and development; 2) enhancing the ability to inspire others within their organization and community to excel; and 3) engaging themselves and their institutions within the broader communities to increase the educational attainment, economic viability, and livability of our metropolitan area.

Currently, Kentucky is at the bottom of states in our region regarding the number of doctoral granting universities and is last among SREB states in the number of doctorates per capita. Only thirteen Kentucky superintendents out of 176 hold a terminal degree.

The proposed program is aligned with NKU's strategic plan and regional stewardship mission. The program will be delivered through methodologies tailored to meet the needs of fully-employed educational professionals who find it difficult or impossible to attend traditional, daytime programs. This will include distance, blended (on-ground/on-line), evening, and weekend courses. Fifteen faculty members already at NKU have experience either advising, chairing, or serving on doctoral committees. Three additional faculty members will need to be added over the next three years.

It is anticipated that the first cohort will enroll in January 2008. Preliminary planning and development have been underway for about one year.

[Tuition Recommendation]
We reviewed a presentation on the tuition and fees recommendation for academic year 2007-08.

- We were shown the principles guiding the tuition setting process and the policy guidelines set by the Council on Postsecondary Education (CPE.)
- We saw that NKU proposes a resident undergraduate rate increase of 9.25 %, which is less than the maximum allowed by CPE.
- We reviewed the proposal for the graduate and law school rates for resident and nonresident students, which were set after considering the market for higher education in our region.
- We were given the proposed increases for housing and dining services that were driven by increases in the urban Consumer Price Index.

[Tuition Recommendation] *(Cont.)*

- We saw the proposal for a $250,000 increase in need based aid and a new grant program, *The Northern Difference*.
- We were given the full-time resident undergraduate enrollment increases for the Kentucky universities since Fall 1998 and saw that NKU's enrollment has increased by 17.55% from 1998 to 2006—the second highest in the state and almost double the state average.

[Vision, Voices, and Values (Update)]
Dr. Votruba was kind enough to provide us with an early overview of results associated with the draft version of 2006-07 Vision, Values, and Voices planning process (Strategic Plan). As stated in the presentation, the reason for providing the preliminary results to the Board, and not the final draft, was to also allow for the consideration of the Board members' input and possible inclusion into the final product.

Key areas covered included:

- An updated University Mission Statement that focuses on educating students to succeed in their chosen life roles by being informed, contributing members of their communities – regionally, nationally, and internationally; and pursue satisfying and fulfilling lives.

- A Vision Statement centered on being nationally recognized as the premier comprehensive, metropolitan university that prepares students for life and work in a global society and provides leadership to advance the intellectual, social, economic, cultural, and civic vitality of its region and of the Commonwealth.

- Readdressing Core Values that NKU is committed to, such as :
  - Placing learners and their learning at the center of all that we do.
  - The highest standards of excellence in every dimension of our work.
  - A culture of openness and inclusion that values diversity in people and ideas.
  - Public engagement that advances the progress of the region and Commonwealth.

Ms. Alex Kindell and Mr. Eric Cranley addressed the Board on the *Free Speech Policy*.

Presidential Comments:
Dr. Votruba noted:

- The 2006-07 academic year has been a terrific year for the University. The hard work of the campus community has resulted in:
  - The implementation of a new information system
  - Enrollments being up 5% over the year prior
  - Academic program and service expansion

Presidential Comments: *(Cont)*

- BOK and Student Union staying on schedule
- Deep thinking and deep planning involving VVV
  - Public engagement
  - Alignment around VVV
  - Strive Scholarship

- Commencement on Friday - 1,300 graduates

- Campus Safety
  - What can we learn from the tragedy of VT?
  - NKU has a comprehensive emergency management policy currently in operation.
    - Comprehensive review of all emergency policies and procedures
      - We will focus our attention on:
        - Timely campus-wide communications - assuring that our various systems are talking to each other regarding potential problems
        - Determine what initiatives the university can take to address students who are exhibiting erratic or intimidating behavior.
        - Develop training programs for faculty, staff, and students regarding how they should respond if confronted with an emergency situation.
    - Governor Fletcher has asked for all emergency policies and procedures be reviewed.
  - We will report to the board at our July meeting.

- VVV Strategic Planning Process — The Talent Imperative!
  - Five year strategic plan
  - Will focus our human and financial resources
    - Emphasis on talent development at the:
      - P-12 level
      - Collegiate level
      - Lifelong learning
      - Our own talent development as we hire more tenure track faculty with knowledge that will benefit not only our students but also our community
    - Student engagement
    - Protecting academic quality
    - Regional Stewardship, particularly around V-2015
    - Internationalize the campus
    - Recruit and retain outstanding faculty and staff
    - Expand both our financial and facilities resource base
    - Focus on building sustainable facilities
    - Strengthening our marketing
    - Measure our progress
      - Performance indicators that target what we're trying to achieve and whether we're achieving it.

Presidential Comments: *(Cont)*

- 2007-2008 Budget
  - Supports our strategic plan

- Transition:
  - Welcome
    - Karen Zerhusen Kruer – Foundation Director

    - Professor Tom Kearns

Provost Gail Wells addressed the Board on the significant contributions made by Professor Prince Brown, Professor George Goedel, Professor Bill Oliver, and Professor Tom Kearns.

A. Joint Finance and Policy Committee: (Reports were given by Regent McClelland)

This morning, Dr. Elaine Jarchow, Dean of the College of Education and Human Services and Chair of the NKU Internationalization Task Force, presided over the international scholars Phi Beta Delta Founding Chapter induction. Members of the Task Force became the founding members and members of the Board of Regents become honorary members. Dr. Jarchow summarized the work of the Task Force and described several of its recommendations in the areas of curriculum, study abroad, international student recruitment, and faculty and staff participation. A suggested vision, mission, set of global competencies, and menu of international activities were described. Finally, a group of highly articulate study abroad student alumni highlighted their experiences in India, Italy, Japan, Ireland, Mexico, Scotland, and South Africa.

President Votruba made a PowerPoint presentation on the 2007-08 annual budget. Approximately $24 million in additional investments will be made next year. Of that amount, over $13 million are non-discretionary allocations to cover such things a fixed cost increases, bad debt expense, the new SAP technology system, and start up costs for the Bank of Kentucky Center and the new residence hall.

The proposed budget also includes a 6% salary pool for competitive faculty and staff compensation, $1.5 million for 16 new tenure track faculty positions, and almost $700,000 for additional staff positions to address the campus's growth in recent years. Other investment highlights, which align with the University's updated strategic plan (which we will take action on later in the meeting), include funding to support increased student engagement, campus wellness, internationalization, public awareness, technology and equipment, campus sustainability, library enhancement, and deferred maintenance. The budget continues to include a $4 million budget reserve.

Joint Finance and Policy Committee: *(Cont.)*
Also this morning Vice President Ramey gave a brief presentation related to the benefits the University will realize by issuing bonds under a new Trust Agreement, that is being recommended for approval, including legal counsel**,** at today's meeting by the Board. The Trust Agreement will allow the University to provide for the financing of capital projects by the issuance of General Receipts Obligations. The new Trust Agreement reflects changes in the University, financing standards, market expectations and financing techniques since the adoption of the Prior Consolidated Educational Building Revenue Bonds (CEBRB) - Basic Resolution and the Prior Housing and Dining Resolution, which were adopted in 1972 and 1980 respectively. The new Trust Agreement provides the University greater flexibility in financing and investing, and improved cash management.

Provost Wells recognized the recipients of the Regents Professor Award.

- Dr. Mark Bardgett – Department of Psychology
- Dr. Denise Robinson – School of Nursing and Health Professions

A. Joint Finance and Policy Committee (Reports were given by Regent McClelland):
This morning Lori Southwood, Director of Human Resources, reported on HR's activities supporting NKU's efforts to remain competitive in attracting and retaining top talent.

Currently the HR department is in the final stages of the 3 year implementation process of the new SAP information system. The scheduled go-live date is October 1st.

A comprehensive redesign of the non-faculty compensation plan will be introduced in August.

Joint Finance and Policy Committee: *(Cont.)*
In the area of benefits, the University is evaluating healthcare insurance providers. NKU is committed to providing a competitive benefit package for faculty and staff that is affordable and contains costs as health insurance prices continue to rise.

HR continues to monitor internal and external forces that may have an impact on NKU's ability to remain competitive including in salary and benefits. Today's update covered current trends in benefits including wellness and the recent developments in Kentucky and regionally on domestic partners and sponsored dependents.

Also this morning the committee received an update of the current and planned improvements to the Campus landscape from Assistant Vice President Blake. The presentation included photographs of some of the green space improvement work that has been recently completed on campus and illustrations of potential future improvements.

The presentation also included a discussion of various methods of softening and reducing buildings to a more human scale through landscaping and the introduction of ivy on large vertical concrete surfaces. We were presented with examples of various large structures and pedestrian areas throughout the country (some very similar to our facilities) where the environment and personal experience was vastly improved through landscape, seating and other relatively inexpensive alterations.

In addition the presentation included a discussion of sustainability initiatives that are currently underway, planned or being explored for the campus. Significant progress is being made in energy and water conservation, recycling and green building construction. The university is also encouraging the use of mass transit through an agreement with TANK to provide bus service at no charge to all NKU faculty, staff and students who present a valid ID card.

Finally, it was noted that the university is a charter signatory to the *American College and University Presidents Climate Commitment*. This commitment acknowledges and solidifies the university's responsibility as a role model for the region through the introduction of social, economic and technological solutions to reduce greenhouse gas emissions and reverse global warming.

Assistant Vice President Blake also provided a presentation on the status of the master plan update process for the university. In May *The Campus Studio*, a campus planning firm based in Ann Arbor, Michigan, was selected to lead the planning process. The effort will include overall master planning, traffic planning and open space design guidance. The master planning team also includes the following local firms:

- Vivian Llambi and Associates, Cincinnati, landscape design
- KLH Engineers, Ft. Thomas, Utility Engineering
- Comprehensive Facility Planning, Columbus, Ohio, space planning

The Campus Studio specializes in master planning, site design and other issues, working exclusively with colleges and universities. The firm is nationally recognized in the area of campus master planning having worked on more than 80 campuses, including the University of Louisville, Louisiana State

Joint Finance and Policy Committee: *(Cont.)*
University, and the University of Michigan. The Campus Studio was also part of the design team that developed the concept for the NKU lake improvement project.

A collaborative and open process of developing the master plan is anticipated. Significant involvement of the campus and external communities, including this Board is intended.

Several internal committees will be appointed to guide the master planning process. Negotiations with The Campus Studio and development of the master plan schedule are currently underway. The first campus visit is anticipated to occur in late summer.

And, finally, Vice President Ramey provided an update on the progress of the Emergency Communication Committee. This committee, established at the direction of Dr. Votruba, is comprised of a representative group of faculty, staff and students. They have been reviewing existing policy and procedures, researching best practices and have heard presentations from numerous potential business partners. The next step will be to assimilate all of the above information and develop strategies for enhancing the University communication system. A report to Dr. Votruba is expected in late July/early August.

A motion was made by Regent DeJaco and seconded by Regent Pyles to approve the minutes of the July 11, 2007, Board of Regents meeting. **Motion carried.**

Presidential Comments:
Dr. Votruba opened by saying, "We're going to add an item that the Policy and Finance Committee was not able to address earlier today because of time constraints. We will add that under Presidential Reports right after the report of the Joint Policy and Finance Committee.

We're off to another great year at the University. I want to congratulate our Regent Marty Butler for his reappointment to the Board and also congratulations to our new Regent Alyse Bender.

Sometimes I am asked who as a University we are trying to be like and it's a difficult question to answer because we have been working for the last ten years to create a new model for the modern metropolitan universities. We are seeing other universities looking to us in certain domains of our work. What it means to be a model for the modern metropolitan university is that we have high quality undergraduate and graduate programs that are strongly aligned with the needs of the region, affordable and accessible, selective areas of research excellence, and public engagement. Right now we are involved in three different initiatives: The business plan, master plan update, and the strategic plan.

There was a brief update on the Education Doctorate this morning. The next step for us will be to have an external consultant come in and take a look at the program and validate it's alignment with some of these reform interests. And then the program, assuming the Board approves, will go to CPE for review and ultimate approval. Professor Wasicsko made the point that we have about 200 students that have

indicated their active interest in enrolling in that program. It is intended to be consistent with Vision 2015. It is our hope that no later than next summer of 2008 that we will be admitting our students into this program.

A couple weeks ago we had the dedication of the Haile U.S. Bank Digital Science Center. This is yet another legacy of Ralph Haile and his commitment to this metropolitan region.

We just returned from a tour of the Bank of Kentucky Center. You can really see the difference. I want to congratulate and thank Ken Ramey, Larry Blake and all of the staff who are working so hard on this. We have a ton of construction going on right now.

Finally, I want to acknowledge Dr. Davenport and his staff in completing a self study of Student Affairs in warp speed. We will be getting a national search for the next Vice President for Student Affairs. I wanted to have Student Affairs look at itself first and get a clear understanding of where we have strengths, where we can improve and most importantly what is it that will allow Student Affairs to step to the next level. Zeb has completed that report.

So, a lot of things are going on. Enrollments, of course, are strong, and the fall semester is under way. We've only had one fender bender in the round about. It has gone really well.

Mr. Chairman, that completes my comments. Thank you."

A. <u>Joint Finance and Policy Committee:</u> (Reports were given by Regent Secretary McClelland)
This morning, Provost Gail Wells, and Endowed Chair, Dr. Mark Wasicsko, provided the Board with an update on the progress of the Doctor of Education in Educational Leadership.

The new Ed.D Program will be a practitioner-scholar degree for fully-employed, experienced educators.

There will be concentrations in instructional and administrative leadership in P-12 and higher education settings.

There will be a Regional Stewardship focus on local, regional and global educational leadership issues with an action research dissertation to impact the workplace and community.

The benefits to NKU as well as the region were outlined. Our area needs this program to help meet the CPE goals of reaching the national average for degrees at all levels. It also helps fulfill the regional stewardship mission while it moves NKU to the next level of excellence.

This morning the Board of Regents had a briefing by Provost Gail Wells and Vice President Sue Hodges Moore regarding the NKU Business Plan Development.

Reasons for developing a Business Plan were reviewed.

The Statewide Public Agenda was outlined for context. CPE has asked NKU to increase enrollments to nearly 23,000 by 2020 to help KY reach the national educational level. This is an increase of nearly 5% annually.

CPE also expects NKU to fill the degree gap by 3,149 by 2020. That amounts to an average annual increase of 5.2%.

Vision 2015 has two goals that have great implications for the Business Plan. One is the creation of 50,000 new jobs by 2015 and the second is to meet or exceed national educational attainment standards at all levels.

We must create opportunities to sustain and retain our talent force in NKY.

The first phase of the Business Plan was to assess regional talent force needs for Bachelor's degrees and higher and calculate return on investment.

The second phase of the Business Plan was to outline what NKU must do to build the intellectual capacity, infrastructure, and facilities needed and to analyze the cost to build this capacity.

The findings and parameters were reviewed, and it was emphasized that CPE's capital priorities for NKU for the 2006-08 biennium are an urgent need.

For purposes of the Business Plan, it was modeled out what it will take to meet NKU's funding needs, both in terms of tuition and state appropriation. The numbers are preliminary at this stage. At this stage, they show an $18M gap between state funding and tuition rate increases.

NKU's business plan must outline a multi-faceted strategy.

Growth targets and performance indicators are being established. Timeline and next steps were shared.

Dr. Votruba noted that the new Dean of the College of Business, John Beehler, was in attendance and congratulated him.

He also asked Ken Ramey to update the Board on the Emergency Communication Plan because they did not get a chance to review it at the morning meeting.

Mr. Ramey noted, "In the wake of the Virginia Tech tragedy there has been a nation wide drive for universities and colleges both public and private alike to find the best solutions for quickly communicating to people on campus. In April of 2007, the University established an Emergency Communication Task Force to investigate options available for implementation on our campus. This was established under the direction of Dr. Votruba. This group has met for the past four months. We have done numerous things to identify issues and safety concerns across campus. Our primary focus has been to talk about emergency communications in the unlikely event that there would be a catastrophic emergency on campus. Members of the committee range from across the campus.

We took a look at our current policies and procedures that we have now on campus. We have a very detailed facilities management emergency operations plan. We're trying to figure out a way to communicate that plan to the entire campus. We believe the plan is up to date at this point in time.

Current capabilities that we do have on campus: we can email everyone that we do have accurate email addresses on very quickly, we have contacts in all the buildings that we can contact with one phone call, and all buildings are fire alarmed.

We had firms come in and tell us what we needed to do. We conducted a survey amongst our faculty, staff and students. We had a tremendous response from our student body. E-mail, cell phone text messages and cell phone voice messages are indicated as the best form of communication. We've also looked at a public address system for the campus. We need to communicate quickly with all building occupants, both inside and outside of the building, in both a siren format and voice capability. We should begin the process of purchasing and placing security cameras in high profile areas of the campus. We should be considering employing a full-time risk manager to implement, manage and monitor all of these recommendations and updates for issues on campus.

That concludes the report Dr. Votruba."

There was some discussion about this update.

A motion was made by Regent Weiss and seconded by Regent Bender to approve the minutes of the September 12, 2007, Board of Regents meeting. **Motion carried.**

Presidential Comments:
Dr. Votruba noted:
This morning kicked off the Northern Kentucky Vision 2015 Education Summit

- Campus business plan
  - The business plan reflects who we are. It connects what we intend to be with what the state and the region want us to be.
  - It is going to take investment

Thanks to Sue Moore, Joe Wind, Gail Wells and all who contributed.

- CPE has recommended a strong budget for NKU
  - 20% increase over two years
  - 6.3 million for bucks for brains
  - Founders Hall renovation
  - Construction of Health Professions building
- Master plan update
  - How we maintain our up close and personal feel
  - Not brutalism! (modernist)

Congratulations to Ken and his staff.

- Athletics
  - Men's soccer – Regional champs
  - Women's volleyball – Regionals
  - Men's cross country – Nationals

Presidential Comments: *(Cont)*

- Campus is working very hard
  - Prism
  - SACS
  - Construction
  - Expanded enrollments
  - Etc.
- Annual financial report
  - The University is in a strong condition but there are some major financial expenditures.
- Last BOR meeting that will be covered by the Post
  - Mike Phillips—been a real leader in this community
  - Rick VanSant—has covered the Board and University for the last 6 years. We appreciate the work you have done!

A. Joint Finance and Policy Committee: (Reports were given by Regent Kremer)
[Business Plan: It's All About Talent!]
This morning the Board heard a presentation from the staff and consultants highlighting the proposed institutional business plan that sets the University's path, in terms of needed investments and strategies, to 2020.

The business plan addresses the ambitious goals to double the number of bachelor degrees and to be a catalyst for over 50,000 new high-wage jobs in Northern Kentucky.

Today's presentation provided an update of the talent force analysis, implementation strategies, and financial plan since the draft version.

The presenters included (in order of appearance):
Dr. Sue Hodges Moore, Vice President for Planning, Policy & Budget
Mr. Rick Biedenweg, President & Founder of Pacific Partners Consulting Group
Dr. Gail Wells, Vice President for Academic Affairs & Provost
Ms. Patricia Burch, Managing Principal of The Stillwater Group
Mr. Joseph Wind, Vice President for Government and Community Relations

[CPE 2008-10 Biennial Budget Recommendation]
Also this morning, Dr. Sue Hodges Moore, Vice President for Planning, Policy & Budget, updated the Board on CPE's 2008-10 biennial budget recommendations for NKU and Kentucky's postsecondary education system.

The presentation included an overview of CPE guiding principles, priorities, and recommendations for the operating and capital budget.

Operating budget recommendations for NKU over the 2008-10 biennium total $12,774,800, which is the largest increase of all public universities.

Joint Finance and Policy Committee: *(Cont.)*
Capital budget recommendations for NKU facilities include Founders Hall as CPE's #1 priority and the Health Innovation Center as CPE's #2 priority.

Next steps include the Governor's budget in January, followed by budgets introduced by the House and Senate in February/March.

[Master Plan]
The Campus Studio, a firm based in Ann Arbor, Michigan, has begun work to update the university master plan. A Master Plan Executive Committee and a Master Plan Advisory Committee are in place, along with a Space Planning Task Force.

After initial campus meetings October 24-25th, the master planners were back on campus yesterday and today, primarily to share their findings but also to talk about goals and objectives for the master plan.

The campus sessions held in October, including a Town Hall Session held at the Campbell County Extension Center, were well attended. The team challenged attendees of these sessions to identify their favorite place on campus; to identify student hang-out places-whether on-campus or off-campus; to identify areas of concern; and, finally, to suggest an area, if they were president for a day, that they would change.

The master planners identified some tentative goals for the master plan. There was discussion about the positives of the campus, including the up-close-and-personal nature of the campus today, that need to be preserved as we think about campus growth. They shared various techniques that can be employed to accommodate growth while maintaining the character of the campus. These ideas, along with the ideas which flow from this visit to campus, will be incorporated into their thinking as they develop alternatives for future development of the campus. In keeping with the objective for a collaborative and open process for this effort, the master planners will present three alternatives to the campus community, and this Board, for feedback and comment at meetings scheduled for January 8 through 10th.

[2006-07 Annual Financial Report]
Vice President Ramey and Comptroller Kerdolff presented highlights from the University's 2006-07 Annual Financial Report. Partner Bernie Backert attended the meeting for the University's audit firm, Crowe Chizek and Co. LLC for Crowe Chizek. Highlights of the presentation included:

- Total assets grew by about $133 million for the year. This increase is attributable to a growth in net capital assets and noncurrent cash and cash equivalents related to capital construction projects, including the Student Union, The Bank of Kentucky Center and a parking garage.

Joint Finance and Policy Committee: *(Cont.)*

- Total liabilities increased by $59 million, primarily due to the issuance of $49 million in General Receipts Bonds to finance the Student Union and parking garage projects.

- Net assets increased by $74 million, or 49 percent for the year. Net assets invested in capital assets, net of related debt and restricted expendable net assets increased by a combined $72 million. The $54 million capital appropriation received by the University for The Bank of Kentucky Center contributed to this increase. The University's unrestricted net assets increased by $2 million for the year.

- Operating and nonoperating revenues increased by $15 million last year, including a $2.5 million increase in the state appropriations, a $4.9 million increase in net tuition revenues and a $2.4 million increase in investment earnings.

- Operating and nonoperating expenses increased by $13 million last year. More than half of this increase was related to the University's core mission areas of instruction, research, public service and academic support.

- Overall, the University's financial position was strong at June 30, 2007. The University campus is under going a transformation with the construction of The Bank of Kentucky Center, the Student Union and a new parking garage. The University issued nearly $49 million in bonds to help fund these projects which were essential to increase our capacity to serve our students and the community. The University continues to face the challenge of finding resources to fund construction and ERP expenses in addition to funding academic initiatives. In order to build the capacity to meet goals established by the Council's Public Agenda and 2020 plan and the ambitious goals established by the region's Vision 2015 plan the University will require a significant increase in resources, including state capital and operating appropriations. Additional funding for the University is an investment in the future of both the region and the Commonwealth. The University's business plan demonstrates that the return on the Commonwealth's investment in the University will far exceed the appropriations that will be necessary to achieve the Commonwealth's and the Council on Postsecondary Education's ambitious plans for the University.

Dr. Votruba mentioned an editorial that Regent Anna Dale Pyles shared with him that was in the State Journal on November 12th.

C. Presidential Recommendations:
Dr. Votruba noted that he would like to move item C 8 from consent to a board resolution. There's a feeling that changes may need to be made in the coming months to the Business Plan and the endorsement of the Board will allow for flexibility to tweak the Plan as needed. It will come off the consent items.

Item C 8, the NKU Business Plan, is submitted under the revised recommendation that calls for an endorsement by the board. A motion was made by Regent Weiss and seconded by Regent Brown. **Motion carried.**

Consent Agenda Items: A motion was made by Regent DeJaco and seconded by Regent Weiss to approve the following Presidential Recommendations as listed; C 1-C 7. **Motion carried.**

Board of Regents Meeting
Northern Kentucky University
University Center Ballroom
January 9, 2008

The regular meeting of the Board of Regents was called to order at 1:01 p.m. on Wednesday, January 9, 2008, by Martin Butler.

Invocation was read by Regent Kremer.

Roll Call: Chuck H. Brown, Martin C. Butler, Peggy A. DeJaco, Frank K. Downing, Joyce E. Griffin, Nancy A. Barone Kremer, Denise H. McClelland, Anna Dale Pyles, C. Alyse Bender, Steven M. Weiss, Robert W. Zapp.

Others Present: James C. Votruba, Kimberly A. Luse, Sara Sidebottom, Gerry St. Amand, Mimi Assanuvat, Isaac Ferguson, Lance Angle, Chris Cole, Russ Kerdolff, Bill Farro, Zeb Davenport, Gail Wells, Ken Ramey, Sue Moore, John Beehler, Debra Meyers, Joe Wind, Pat Moynahan, Rick Meyers, Kathy Stewart, Tracy Insko, Tim Ferguson, Salina Schrofel, Karen Zerhusen-Kruer, Don Gorbandt, Lori Shelley, Meredith Spille, Vicki Prichard, Carol Ryan, Carole Beere, Joel Robinson, Mary Lepper, Krista Wiseman-Moore, Kevin Corcoran, Sam Zachary, Ken Kline, Mike Tobergta.

A motion was made by Regent Brown and seconded by Regent Zapp to approve the minutes of the November 14, 2007, Board of Regents meeting. **Motion carried.**

Presidential Comments:
Dr. Votruba noted:

The Master Plan is in progress. The Board was briefed on the three draft Master Plan proposals, they are gathering feedback, and will be back on campus in March to present a draft Master Plan.

Enrollment
- Appears that we have strong retention from fall to spring.
    - Will know late January
- Applications are 22% above last year at this time
- 40% increase in applicants with no academic deficiencies

Federal Earmarks
- $329,000 for crime prevention through internet security provided by Senator McConnell
- $487,000 for Infrastructure Management Institute (IMI) also from Senator McConnell
- $123,000 for our Nursing program from Senator Bunning
- $195,000 for equipment purchases for the Mets Center from Congressman Davis

Dr. Votruba congratulated Joe Wind and Mac Riley for the work they have done. He also introduced Ken Kline, Director of Budget.

Frankfort Earmarks

- 3% budget cut for the current year equals $1.6 million dollars in recurring funds.
- Reduction plan for 2009
    - Total 15% or over 8 million dollars in recurring cuts

Presidential Comments: *(Cont)*

We will:

- Manage this years cut on a cash basis - buy time
- Scrub out budget to determine savings
- Analyze where gains can be made on both the revenue and expense side of our budget
- Ask the campus to conserve where we can

We will do everything we can to protect our core (things we must do) and maintain our momentum, even if on a more limited and focused basis.

- Undergraduate excellence
- Move students through their education towards graduation
- Support Vision 2015

If we were to experience an 8 million dollar reduction, it would be deeply harmful for our students and the region

- Enrollments would be capped or reduced. (demand is strong)
- Tuition would increase substantially, making NKU less affordable

My NKU colleagues, be patient and confident. We know who we are, whom we serve, and how we serve them. We have a strong leadership infrastructure on Vice Presidents, deans, directors, department chairs, and faculty, staff, and students.

Demand for admission is strong because of our academic excellence.

We have strong support from our community and caucus, who understand our importance in achieving regional aspirations. I believe that working together, we'll prevail in this challenge and come out an even stronger institution. I'm hopeful and optimistic.

We know what we're building and our building will continue.

- Support for Vision 2015 would be severely diminished.
    - Unable to produce sufficient degrees for 50,000 new jobs
    - Puts 50,000 target at risk along with the 270 million dollars in new tax revenues
    - Would set our entire region back and also Kentucky

The process has just begun.

- The Governor and the General Assembly have some very difficult decisions to make
- We'll make our case and that of post secondary education and its relationship to economic prosperity

Over the next several weeks, it's not likely to get worse but could get a lot better.

A. Joint Finance and Policy Committee: (Reports were given by Regent Secretary McClelland) [Master Plan Update]

The Master Planning team is making significant progress in development of ideas for the Master Plan Update. The Campus Studio, a design firm based in Ann Arbor, Michigan, is leading the effort.

The master planners are in the midst of their third visit to campus this week. This phase of the process is known as the alternatives phase. This morning, the master planners presented three alternatives for future development and expansion of the campus to accommodate. Each alternative is unique, with different ideas for growth and accommodation of new building sites; residence hall expansion; recreation and athletic facilities; and, parking. The master planners stressed that these ideas are not recommendations but are options or opportunities for consideration.

The master planners are making numerous presentations of these alternatives to the campus community. In addition, a "Town Hall" type session was held last evening at the Campbell County Extension Center. Attendance at all sessions has been excellent; the concepts and ideas have stimulated enthusiastic discussion. The master planners will take all comments and feedback into consideration; the best ideas will be incorporated into the preliminary Master Plan. The master planners will return to campus in March for a series of meetings to present the preliminary master plan.

The Master Plan will be completed next fall.

Finally, for those interested in more information, the University's Campus Planning web site has much information about the master planning process as well as a mechanism for providing input.

[Faculty Development Programs]

Provost Wells made a presentation on NKU's three faculty development programs: sabbatical leaves, summer fellowships and project grants.

Sabbatical leaves enable recipients to devote a semester at full pay or two semesters at 65% salary to research, advanced study, public engagement, artistic or creative activity. Faculty members may apply for a sabbatical leave after accruing 12 semesters employment subsequent to their last sabbatical. The application process is competitive and based on merit.

Summer fellowships provide a $6000 stipend to support professional development during the summer months. Applications for summer fellowships are submitted through a competitive process judged on merit. Faculty members are expected to devote at least two summer months to the project.

Project grants provide funding to pay expenses, purchase equipment or cover other financial needs for instructional, scholarly and creative activities where financial support is not available through department budgets. The amount awarded through the competitive application process is dependent on the project budget.

NKU currently invests $84,000 annually on summer fellowships and $50,000 annually on project grants. Part-time or temporary faculty absorb the teaching load of faculty members who are on sabbatical leave.

A motion was made by Regent Brown and seconded by Regent Zapp to approve the minutes of the November 14, 2007, Board of Regents meeting. **Motion carried.**

Presidential Comments:
Dr. Votruba noted:

The Master Plan is in progress. The Board was briefed on the three draft Master Plan proposals, they are gathering feedback, and will be back on campus in March to present a draft Master Plan.

Enrollment
- Appears that we have strong retention from fall to spring.
    - Will know late January
- Applications are 22% above last year at this time
- 40% increase in applicants with no academic deficiencies

Federal Earmarks
- $329,000 for crime prevention through internet security provided by Senator McConnell
- $487,000 for Infrastructure Management Institute (IMI) also from Senator McConnell
- $123,000 for our Nursing program from Senator Bunning
- $195,000 for equipment purchases for the Mets Center from Congressman Davis

Dr. Votruba congratulated Joe Wind and Mac Riley for the work they have done. He also introduced Ken Kline, Director of Budget.

Frankfort Earmarks

- 3% budget cut for the current year equals $1.6 million dollars in recurring funds.
- Reduction plan for 2009
    - Total 15% or over 8 million dollars in recurring cuts

Presidential Comments: *(Cont)*

We will:

- Manage this years cut on a cash basis - buy time
- Scrub out budget to determine savings
- Analyze where gains can be made on both the revenue and expense side of our budget
- Ask the campus to conserve where we can

We will do everything we can to protect our core (things we must do) and maintain our momentum, even if on a more limited and focused basis.

- Undergraduate excellence
- Move students through their education towards graduation
- Support Vision 2015

If we were to experience an 8 million dollar reduction, it would be deeply harmful for our students and the region

- Enrollments would be capped or reduced. (demand is strong)
- Tuition would increase substantially, making NKU less affordable

My NKU colleagues, be patient and confident. We know who we are, whom we serve, and how we serve them. We have a strong leadership infrastructure on Vice Presidents, deans, directors, department chairs, and faculty, staff, and students.

Demand for admission is strong because of our academic excellence.

We have strong support from our community and caucus, who understand our importance in achieving regional aspirations. I believe that working together, we'll prevail in this challenge and come out an even stronger institution. I'm hopeful and optimistic.

We know what we're building and our building will continue.

- Support for Vision 2015 would be severely diminished.
  - Unable to produce sufficient degrees for 50,000 new jobs
  - Puts 50,000 target at risk along with the 270 million dollars in new tax revenues
  - Would set our entire region back and also Kentucky

The process has just begun.

- The Governor and the General Assembly have some very difficult decisions to make
- We'll make our case and that of post secondary education and its relationship to economic prosperity

Over the next several weeks, it's not likely to get worse but could get a lot better.

Invocation was read by Regent DeJaco.

Roll Call: Chuck H. Brown, Martin C. Butler, Peggy A. DeJaco, Frank K. Downing, Joyce E. Griffin, Denise H. McClelland, Anna Dale Pyles, Steven M. Weiss, (Excused: C. Alyse Bender, Nancy A. Barone Kremer, Robert W. Zapp)

Others Present: James C. Votruba, Kimberly A. Luse, Sara Sidebottom, Gerry St. Amand, Isaac Ferguson, Chris Cole, Russ Kerdolff, Zeb Davenport, Gail Wells, Ken Ramey, Sue Moore, John Beehler, Debra Meyers, Joe Wind, Rick Meyers, Kathy Stewart, Kirsty Fleming, Kevin Corcoran, Joel Robinson, Joseph Szydlowski – *The Northerner*, Alice Sparks, Krista Wiseman-Moore, Nancy Perry, Joe Ruh, Mike Hammons, Vicki Culbreth, Mark Neikirk, Katie Herschede, Jenny Wagner, Joe Mills, Melissa Koppenhoefer, Nathan Smith

Regent Butler welcomed Alice Sparks and thanked her for her continued support of the University.

Regent Butler and Dr. Votruba welcomed Trey Grayson, Kentucky's Secretary of State to the NKU Board of Regent's meeting.

A motion was made by Regent Pyles and seconded by Regent Griffin to approve the minutes of the January 9, 2008, Board of Regents meeting. **Motion carried.**

Presidential Comments:
Dr. Votruba noted:

- 40 Years ago, this month, Kentucky created NKU.
    - One of the fastest growing universities
        - Developed into a 15,000 student university
        - Has 40,000 alumni
            - 90% of whom remain in the region
    - Nationally recognized for our community engagement

- Northern Kentucky has the ability to not only dream big but to act on those dreams.
    - The region produces about 16% of the State's total economic output.

Acknowledgement of special guests:

- Clyde Middleton
- Jim Callahan
- Nathan Smith
    - NKU Graduate
    - SGA President
    - Student Regent
    - Recently appointed Vice Chair of the Democratic Party
    - Super Delegate

Presidential Comments: *(Cont.)*

- Governor Beshear
  - Shared his commitment to the State of Kentucky, Education, Social Services, and Health Care;
- Education Secretary Helen Mountjoy
  - Shared some thoughts on the challenges as well as her vision for Kentucky education;
- Brad Cowgill, Interim President of the Council on Postsecondary Education
  - Shared his views on the Postsecondary Education landscape;

- Honored to have the Governor join us
  - His deep commitment to Postsecondary Education, as the foundation for our economic future, is known
  - Recently proposed new revenues to protect against deep reductions; this was an act of courage and is appreciated

- Recognized the House leadership for proposing revenues that would avoid reductions in Postsecondary Education
  - The House and Senate leadership understand and support the role of Postsecondary Education in advancing Kentucky's future

- Recognized Katie Herschede, Joe Wind, Kathy Stewart, Kim Luse, and Isaac Ferguson for the hard work placed into making the Board of Regents meeting in Frankfort a success

A. Joint Finance and Policy Committee: (Reports were given by Regent Secretary McClelland)
[Emergency Communication Update]
Vice President Ramey gave an update of the Emergency Communications Task Force recommendations and implementation since the last update was provided at the September Board of Regents meeting. The Committee recommendations included updates on:

- Electronic Communications - The University has partnered with Community Safe/Cincinnati Bell to create Norse Alert, which will contact members of the campus community through voice and text messages in the event of an emergency situation or campus closing. To date nearly 5,000 have signed up for the service, which will be implemented by the end of the month.
- On-Campus Emergency Notification System - Proposals will be received this month.
- Security Cameras - Proposals will be received this month.
- Establishment of a Risk Manager position. Job Description being developed and position will be posted soon.

The Committee will continue to provide updates as they become available.

[NKU Budget Update]
Dr. Sue Hodges Moore, Vice President for Planning, Policy & Budget, and Ken Kline, Budget Director, delivered an update on the 2008-09 budget. The presentation included a summary of how the University handled the 3%, $1.65 million, cut in state funding in the current fiscal year.

Joint Finance and Policy Committee: *(Cont.)*
The University is currently working to address an estimated $10 million funding need (fixed costs and non-discretionary expenses) in next year's budget as well as plan for potentially an additional $6.5 million cut in state funding. This funding gap does not include any funding for compensation strategies to attract and retain talented faculty and staff or hiring additional faculty and staff to serve students. The funding gap will be covered through cost savings, budget reductions, reallocations, and new revenues.

[Business Plan Update]
Dr. Sue Hodges Moore, Vice President for Planning, Policy & Budget, updated the Board on the development of performance indicators for the Executive Dashboard.

The presentation included an overview of the Executive Dashboard concept, selection criteria for indicators, and proposed indicators.

Next steps include establishing baseline data, setting goals, and developing a web-based system.

Board of Regents Special Meeting
Northern Kentucky University
Applied Science and Technology Center, Room 111
April 10, 2008

The special meeting of the Board of Regents was called to order at 9:08 a.m. on Thursday, April 10, 2008, by Martin Butler, Chair.

Invocation was read by Regent Bender.

Roll Call: C. Alyse Bender, Martin C. Butler, Joyce E. Griffin, Peggy A. DeJaco, Nancy A. Barone Kremer, Denise H. McClelland, Anna Dale Pyles, Steven M. Weiss, (Excused: Chuck Brown, Frank Downing, Robert W. Zapp)

Others Present: James C. Votruba, Zebulun Davenport, Ken Ramey, Sara Sidebottom, Gerry St. Amand, Gail Wells, Joe Wind, Isaac Ferguson, Chris Cole, John Beehler, Rick Meyers, Kathy Stewart, Krista Wiseman-Moore, Cliff Peale – *The Cincinnati Enquirer,* Joe Ruh, Larry Blake, Katie Herschede, Tracy Insko, William Farro, Angela Schaffer, Ken Kline, Donna Grey, Rebecca White, Amy Fries, Mary Paula Schuh, Paul Wirtz, Dick Rigterink, Vivian Llambi, and Bob Heil;

A motion was made by Regent Weiss and seconded by Regent DeJaco to approve the minutes of the March 12, 2008, Board of Regents meeting. **Motion carried.**

Presidential Comments:
Dr. Votruba noted:

- The Legislative session is moving to a close. Kentucky confronts a major financial crisis; with the prospects not looking good. We are grateful that the reductions to Postsecondary Education were not as deep as originally proposed. This will allow us to sustain quality while keeping the tuition increase in single digits, as we are concerned about affordability. A recommendation for tuition, fees and budget will come to the Board later this month.

  Budget challenges remain with:
  - 3% this year
  - 3% the following year
  - Prism
  - No maintenance or operation funds for new construction
  - Increases in health care, utilities, etc.
  - Agency bonds for Lakeside Property
  - Approval to plan for College of Business before building the building
  - Agency bond approval for two buildings
    - Renovation of Founders Hall
    - Health
  - Authorization for soccer complex
  - Proposition of health benefit same sex was not passed. Decisions left up to boards.

  We have spent much of the past 2-3 months scrubbing our budget to find the funds to cover reductions. This was done, being mindful to reallocate the remaining budget to the highest demand areas. However, we will also invest in critical areas of construction with our business plan but we will limit our progress on the Business. There will be pain felt by all in the budget reallocation process.

- The naming of Lakeside Manor for Former Rep. Jim Callahan is on the agenda. He has spent his lifetime devoted to public service and continues to be a strong supporter of our region and NKU. Judge Steve Pendery, Mayor Greg Meyers and others, recommended the naming of the Lakeside Property.

- We are pleased to have Campus Studio, Llambi & Associates, and KLH Engineers back in town with their most recent Master plan update. The concepts are strong but needing the Board of Regents input. The consultants have experienced challenges. There is a desire to make sure that our growth is done in a way that works for both The University and Highland Heights and meets with community needs.

- This year's commencement speaker will be the Honorable Patricia Herbold, who, in November 2005, was appointed as the United States Ambassador to Singapore. The Honorable Patricia Herbold is a graduate of Chase College of Law.

- The 2007-08 Celebration of Research and Creativity had nearly 400 students and 150 faculty members participate. Making this a great example of how undergraduate students are work beside faculty to further academic research at NKU.

A. Presidential Reports:

Dick Rigterink, Vivian Llambi and Bob Heil provided an in depth update on the Campus Master Plan to the Board of Regents.

B. Presidential Recommendations:

Consent Agenda Items: A motion was made by Regent Kremer and seconded by Regent Bender to approve Presidential Recommendations as listed; B-1 and B-2. **Motion carried.**

1. **Honorary Degree Candidate – Patricia L. Herbold**
   This is a request for authorization to bestow Patricia L. Herbold, Esq., with an Honorary Doctor of International Service degree. The degree is to be conferred at the May 10, 2008, commencement ceremonies at the NKU, Bank of Kentucky Arena, Highland Heights, Kentucky.

2. **Honorary Naming – Lakeside Property:**
   This is a request for authorization to name the new student residential housing facility of Lakeside Place as the James P. Callahan Hall.

At 11:38 a.m. a motion was made by Regent DeJaco and seconded by Regent McClelland to adjourn. **Motion carried.**

Board of Regents Special Meeting
Northern Kentucky University
University Center Ballroom
April 28, 2008

The regular meeting of the Board of Regents was called to order at 1:03 p.m. on Monday, April 28, 2008, by Martin Butler, Chair.

Invocation was read by Regent Pyles.

Roll Call: C. Alyse Bender, Chuck Brown, Martin C. Butler, Joyce E. Griffin, Peggy A. DeJaco, Frank Downing, Nancy A. Barone Kremer, , Anna Dale Pyles, Steven M. Weiss, (Excused: Denise H. McClelland, Robert W. Zapp)

Others Present: James C. Votruba, Zebulun Davenport, Ken Ramey, Sara Sidebottom, Gerry St. Amand, Gail Wells, Joe Wind, Isaac Ferguson, Chris Cole, John Beehler, Rick Meyers, Kathy Stewart, , Cliff Peale – *The Cincinnati Enquirer,* Joe Ruh, Larry Blake, Tracy Insko, William Farro, Angela Schaffer, Ken Kline, Danny Miller; Pat Moynahan, Doug Perry, Chuck Hawkins, Russ Kerdolff, Larry Meyer, Kevin Corcoran, Joel Robinson, Elaine Jarchow, Karen Zerhusen Kruer, Jane Meier, Nacy Winstel, Matt Schmidt, Danielle Zimmerman, Kendra Caldwell, Karen Brackman, Rachel Lantry, Danyelle Echoles, Diondra Holiday, Chrissy Soards

Chairman Martin Butler offered resolutions noticing Robert Zapp and C. Alyse Bender, for their dedication to Northern Kentucky University, its faculty, its staff, and its students.

A motion was made by Regent Weiss and seconded by Regent Brown to approve the minutes of the April 10, 2008, Board of Regents meeting. **Motion carried.**

Presidential Comments:

Dr. Votruba noted:

The great achievements made by the NKU Women's Basketball Team. The Women's Basketball Team has successfully won the National Championship.

Several major developments as we close in on our spring commencement.

Highland Heights Annexation:
Partnership that will have enormous advantage for both the university and the community.
For the University:

- The city building and surrounding acres will be purchased for $1.00.
- Highland Heights will bond approximately 6.5 million for new NKU athletic facilities.

Just as important, this partnership reflects NKU's commitment to insuring the future health of Highland Heights, even as the University continues to grow.

Thanks to Joe Wind, Katie Herschede, Sara Sidebottom, Ken Ramey, the President's Executive Team, Major Meyers and the Negotiation Committee of Highland Heights.

Master Plan Update:
The master plan process is moving along very nicely. Our consultants are in the process of considering the suggestions from our campus community as well as Highland Heights.
Several signature features:

- Pedestrian friendly
- Protects the campus core
- Reinforcement of up close and personal
- Clusters of facilities around green space

NKU Board of Regents Meeting
April 28, 2008

Presidential Comments: *(Cont.)*

- Faith Village
    - Rarely found as part of public universities planning
    - For many students, faith development is an important part of campus life. We want this to be part of our plan.

We will continue to allocate space in the University Center for campus ministries to meet and worship. There is not as much space as originally planned but very convenient.

Thanks to Ken Ramey, Larry Blake, Mary Paul Schuh, The Master Planners, the Administration and Finance staff.

Extended Family Benefits:
Over the past year, NKU has been studying how we can more competitively position our faculty and staff benefits.
Board of Regents appointed a sub-committee chaired by Regent Kremer.
Based on this work, the Board will consider later today an extended family benefits package that

- Is more fair and equitable for all of our employees
- Allows for broader coverage than is currently the case
- Is consistent with trends in both higher education and the private sector
- Will make us more competitive in our recruitment and retention of faculty and staff

Thanks to Lori Southwood, Ken Ramey, Sara Sidebottom, and the President's Executive Team as well as our Faculty Senate, which has provided important leadership in this domain.

2008 Budget and Tuition Increase Recommendation:
Earlier today at the Policy and Finance Committee, the Board had a presentation of the 2008 operating budget, which included our recommendation of a 9.68% tuition increase for resident undergraduate students. Financially, this is a challenging time for the university. I wish that we did not have to raise tuition at all! The University went to tuition only as a last step, not a first step. Last week, SGA voted unanimously to support the increase.

We've implemented deep reductions in our operating budget in order to allow for continued investment in key areas. I believe that the budget will protect our academic quality, our affordability, and our continued ability to make targeted investment, even in difficult times.

Commencement & Enrollment:
NKU will see nearly 1,300 students graduate at the Band of Kentucky Center! This will be the first time in 10 years that we're back on our campus for commencement.

Summer applications are up nearly 4% for undergraduates and nearly 13% for graduate students.
Fall applications are up 8.1% at the undergraduate level, 26.4% at the graduate level, and 11.1% in law.

Transitions:
After 17 years of distinguished service as a member of our Board of Regents, this is Regent Bob Zapp's last board meeting. In those 17 years, Bob has chaired the search committee for a new president, chaired the Board of Regents, and provided advice and counsel to both the board and administration. He also presided over the many investments that the Bank of Kentucky and its directors have made in our campus. The first endowed chair and the Bank of Kentucky Arena. Bob Zapp has defined what it means to be an effective Board member. We will all miss him! Thank you Bob!

This is also the last Board meeting for Student Regent Alyse Bender. Alyse has had an outstanding year as SGA president. She will continue right here at NKU in the Chase College of Law. Thank you, Alyse!

NKU Board of Regents Meeting
April 28, 2008

Next year's SGA President is Gabe Cronin. We will welcome Gabe to the Board in July.

This is Chairman Butler's last meeting as chair. Marty has been the right person at the right time as we've immersed ourselves in facilities development, the US 27 development, land acquisition, our Highland Heights annexation and a host of other matters that drew on Marty's expertise. Fortunately, Marty will continue to serve on our board. Thank you, Marty!

It's been a challenging year for the University. We've had periods of great challenge in dealing with budget reductions but we've also had moments of great achievement. I want to close by thanking the Board for their leadership this year on some very complex matters. I want to recognize our staff and administrators who have worked this year under some very stressful circumstances and I want to thank our faculty who, in good times and difficult times, continue to express their commitment to their discipline, their students, and to our University. On balance, we continue to make progress in efforts to build the University in a way that it supports our students and community.

A. Joint Finance and Policy Committee: (Reports were given by Regent Kremer)

Tuition & Fees:
President Votruba presented the proposed 2008-2009 tuition rates, fees and service charges and the 2008-2009 operations budget spending authority. He also reviewed the process the University underwent to develop the budget and address the state budget cuts.

Expanded Employee Benefits:
Lori Southwood addressed the board on a benefits update. Offering Extended Family Benefits enables Northern Kentucky University (NKU) to present a more equitable benefit package to its employees. This policy would permit NKU to offer additional coverage for an extended family member when the employee is not covering a spouse. The Board of Regents Sub-Committee supports this Presidential Recommendation.

Board of Regents Meeting
Northern Kentucky University
Student Union, Room 104
September 10, 2008

The regular meeting of the Board of Regents was called to order at 10:32 a.m. on Wednesday, September 10, 2008, by Anna Dale Pyles, Chair.

Regent Brown read the invocation.

Roll Call: Chuck Brown, Martin C. Butler, Gabriel W. Cronon, Peggy A. DeJaco, Joyce E. Griffin, Terry L. Mann, Denise H. McClelland, Anna Dale Pyles, Steven M. Weiss; Excused: Frank Downing, Nancy A. Barone Kremer;

Others Present: James C. Votruba, Zebulun Davenport, Ken Ramey, Sara Sidebottom, Gerry St. Amand, Gail Wells, Joe Wind, Kimberly Luse, Isaac Ferguson, Tammy Knochelmann, Chris Cole, John Beehler, Rick Meyers, Cliff Peale – *The Cincinnati Enquirer*, Joe Ruh, Larry Blake, Chris Bowling, William Farro, Angela Schaffer, Ken Kline, Pat Moynahan, Doug Perry, Russ Kerdolff, Larry Meyer, Kevin Corcoran, Joel Robinson, Elaine Jarchow, Karen Zerhusen Kruer, Jane Meier, Mary Paula Schuh, Jeffery Waple, Charles Pettit, Mary Lee Schott, Mary Ryan, Donald Gorbandt, Sue Hodges Moore, Andy Meeks, Arne Almquist, Kathryn Herschede, Daryl Wright, Lisa Rhine, Salina Schrofel, Jim Nilson, Marilyn Hoffman, Carolyn Haley, William Moulton, Jeffry Noel, Paul Melville, Thomas Nusekabel, Paul Hundemer, Michelle Watts, Steve Nienaber;

The oath of office for newly appointed Regent Terry L. Mann and elected Student Regent Gabriel W. Cronon, was administered. Regents Mann and Cronon swore to uphold all stipulations of the oath and faithfully execute, to the best of their ability, the office of Regent of Northern Kentucky University according to law.

A motion was made by Regent Weiss and seconded by Regent Brown to approve the minutes of the April 28, 2008, Board of Regents meeting. **Motion carried.**

Presidential Comments:
Dr. Votruba noted:

A welcome and acknowledgment to Regent Anna Dale Pyles as the new chair of the board, Regent Terry Mann and Student Regent Gabe Cronon as the newest members of the board, and Tammy Knochelmann as the newest addition to The Office of the President.

Gratitude for the hard work that Facilities Management staff and administrators completed, under stress and tight timelines, to ensure the successful opening of Callahan Hall, the Student Union, and the Bank of Kentucky Center was expressed.

The university is excited about the opening of the new Student Union and Bank of Kentucky Center.

Enrollments are currently up (approximately 290-300 students), with African-American student enrollments up 13% (approximately 103 students), Hispanic student enrollments (incoming freshman) up 27% and new freshmen increased by 27 % over last reporting year.

Ground breaking for the College of Informatics is scheduled for later this fall and has an anticipated construction budget of $50 million dollars.

The Haile/US Bank College of Business was celebrated at NKU's Fall Convocation. Dean Beehler has begun to coordinate and plan the allocation and usage of project funds.

There is still great uncertainty in Frankfort. Revenues at the state level are not what were projected. We will continue to budget conservatively, recognizing this could be another difficult year for both the state and university.

NKU Board of Regents Meeting
September 10, 2008

A. Joint Finance and Policy Committee: (Reports were given by Regent McClelland, Secretary)

Master Plan Update:
The Master Plan consultants, Campus Studio, presented the special focus phase of their project. They also provided an overview of campus infrastructure and what is needed to grow the campus as new buildings are added. The final master plan proposal is scheduled to be presented to the Board of Regents at the January 2009 meeting.

Student Affairs Update:
Vice President Davenport updated the Board of Regents on issues related to student housing and the recent addition of the new Student Union. 460 additional beds were made available, in less than eight months, through the combined efforts of Student Housing, Facilities Management, and others. 12% of the student population currently resides on campus. The Student Union will have a campus wide impact on how students interact and where they interact. The level of interaction between students and the community will also be increased due to the expanded availability of event space.

Northern Kentucky University Research Foundation Briefing:
Dr. Salina Shrofel, Dean of Graduate Studies and Director of Outreach, addressed the board on the NKU Research Foundation's organizational structure and responded to questions.

B. Presidential Reports:

1. **Facilities Management: (Vice President Ramey)**

Presidential Comments
Dr. James Votruba noted:

Remembering Professor Danny Miller:

> This past Sunday, Professor Danny Miller died after suffering a massive stroke. Danny reflected the best of NKU. He was a gifted and caring teacher, a supportive and engaged friend and colleague, and a person who welcomed all who came into his life. He was engaged in nearly every dimension of campus life.
>
> This is a profound personal as well as professional loss for countless numbers of students, faculty, staff, and colleagues. He will be deeply missed.
>
> Memorial service will be this Saturday at 1:30p.m. in Greaves Concert Hall.

Presidential Comments (Cont.)
Dr. James Votruba noted:

Thanks to Mark Shanley:

> Mark Shanley, former Student Affairs Vice President, has announced his intention to move from his faculty position at NKU to become Assistant Vice President for Student Affairs at Miami University in Oxford, Ohio.
>
> Mark served NKU for nearly a decade as vice president. In that time, he was central to our strategic planning process, helped move Student Affairs to the next level of professional development and led the effort to build a new student union building.
>
> I know he feels a particular sense of pride in this latter achievement. Mark took an idea and translated it into reality. The Student Union is having an enormous impact on the quality of campus life and we have Mark to thank.
>
> Mark, all of us wish you the very best as you begin a new chapter in your career. Thank you for your many contributions to NKU!

Turning to Frankfort and the state of our economy:

> Recent economic consensus is pointing to the likelihood the current recession will last at least eighteen months and that state revenues will lag the national recovery by about a year. Frankfort has announced a revenue shortfall of 250-300 million dollars and it could grow larger. No decisions have been made regarding state budget reductions, but we will need to prepare for the possibility reductions will occur.
>
> In short, we must assume there will be little or no additional financial support for the University over the next two to three years. I hope this will not be the case, but we need to prepare.
>
> Affordability concerns are likely to constrain tuition increases. This means it will take major internal reallocations of resources if we hope to continue to invest in high priority areas.
>
> The current recession could affect us in other ways as well. Enrollments could soften due to reduced student access to credit. Scholarship availability could be affected by a reduction in the value of our endowment. Fiscal uncertainty may slow progress in our private donor arena.
>
> Unless new state revenue is found, it is unlikely there will be new funds for operating or capital construction. This will constrain our ability to grow enrollments at a time when demand is at record levels.

Presidential Comments (Cont.)
Dr. James Votruba noted:

Next steps

Over the next few weeks, I will brief our campus governance groups and leadership on the conditions that we are likely to confront. I'll seek their advice on the process we should use to make difficult financial decisions and any other advice they may want to offer.

We will need to protect our core mission and enhance where we can. We will consider freezing enrollment at the current level. We will also consider increasing our admissions criteria and admitting fewer students with remediation needs, as we are currently working with area high schools to design programs to prepare seniors for college readiness.

Bottom line

The university is currently in a relatively strong financial position. Enrollment demand is strong as are our fiscal reserves. However, we need to prepare for what could be a prolonged budget crisis at the state level that could severely constrain investment in the University. Preparing in advance will help assure we protect those things most important.

Opening of our Basketball Season:

We had a great grand opening of our basketball season at the Bank of Kentucky Center. About nine thousand people gathered to watch the NKU Norse Basketball teams take on the University of Louisville. We didn't prevail but both teams played very well and the fans loved the venue.

A. Joint Finance and Policy Committee: (Reports given by Regent Denise McClelland)

Vice President Ramey and Comptroller Kerdolff presented highlights from the University's 2007-2008 Annual Financial Report. Bret Feger attended the meeting for the University's audit firm, Crowe Horwath. Highlights of the presentation included:

- Overall, the University's financial position remained strong at June 30, 2008.
- Net assets increased by eighteen million dollars, or eight percent for the year. Net assets invested in capital assets, net of related debt and restricted expendable net assets increased by a combined thirteen million dollars. Most of this increase related to the state capital appropriation we received for The Bank of Kentucky Center. The University's unrestricted net assets increased by five million dollars for the year.
- The University continues to rely heavily on tuition to fund its operations. Tuition revenues increased by eleven million dollars for fiscal year 2008 while state appropriations decreased by two hundred thousand dollars as a result of a three percent budget cut in the University's general appropriations.
- The University's general appropriation was cut by six percent for fiscal year 2009. The state is currently projecting a revenue shortfall of over two hundred and seventy-five million dollars for 2009; therefore, the University may be faced with additional cuts in state appropriations this year. The University has a recurring budget reserve of three million, six hundred thousand dollars that is intended to give the University the flexibility to deal with recurring budget cuts without significant disruptions in its core functions.

Joint Finance and Policy Committee: (Cont.)

Gerard St. Amand, Vice President for University Advancement, provided a briefing regarding the results of a campaign feasibility assessment conducted by Bentz Whaley Flessner. The feasibility assessment addressed both internal preparedness to conduct a one hundred million dollar campaign and likely external support for a campaign at this level.

The study considered factors such as:

- External confidence in NKU's programs, plans, and leadership,
- The strength of NKU's case for support and fundraising priorities,
- NKU's ability to attract campaign leaders able and willing to make significant gifts and influence others to do so,
- The number of major gift prospects able and willing to support NKU, and the level of likely support,
- The internal capacity to support a campaign of this magnitude, and
- The external environment, including the economy, philanthropic trends, and competing campaigns.

The principal recommendation by Bentz Whaley Flessner was that NKU continue to consider and plan for a one hundred million dollar campaign, but that it conduct a two to three year leadership development phase, also known as a quiet or nucleus phase, with an interim fifty million dollar target. During this preliminary campaign phase, it is recommended that NKU focus on fewer and more immediate priorities, strengthen the capacity of the University's development operation, and expand the number of internal university leaders and top volunteers involved with donors and prospects. At the conclusion of this phase, NKU should review the potential for raising one hundred million dollars and set the public goal and campaign timetable.

Presidential Comments
Dr. James Votruba noted:

Council on Postsecondary Education:

Bob King is the newly appointed President of the Council on Postsecondary Education. Thanks to Richard Crofts for his leadership.

Enrollment:

Enrollment was up 2.4% this past fall, with only WKU being ahead of us at 2.6%
Spring Enrollment figures:

- Undergraduate up 1% or 123 students
- Graduate up 3% or 45 students
- Law up 5.5% or 29 students
- New freshman up 12%
- New transfers up 5.3%
- Total African American students up 7.3%
- Total enrollments up nearly 1.4% or 200 students
- Applications up 28% for next fall

Congratulations to Joel Robinson and his staff.

Presidential Comments (Cont.)
Dr. James Votruba noted:

Financial Aid:

NKU just approved the largest institutional financial aid commitment in the history of the university, 8.6 million dollars. We will provide more information on NKU's institutional financial aid commitment at our March Board of Regents meeting.

Challenges:

Campus is wrestling with the impact of the largest recession in decades. The recession influences everything from endowments to state allocations to student capacity to fund their education.

At the state level, we are experiencing a 450 million dollar deficit this year and will realize a 2% reduction at all universities. With a projected 1 billion dollar deficit in the next fiscal year, we also confront the very real possibility of far deeper cuts this year and next. It is currently too early to tell what the Governor and General Assembly will accomplish. The Governor and the General Assembly leadership are working to get their arms around the problem.

For planning purposes, we are assuming that the recession will last at least through this calendar year and that state revenues will lag the recovery by about a year. NKU is handling the reductions on a cash basis in order to buy time to identify how the University will manage this on a recurring basis. We are hoping for the best but planning for the worst.

I've asked the Vice Presidents to develop their approaches for managing up to a 13% budget reduction scenario. This comes on top of a 6% reduction this past year. We will do all that we can to protect our core mission, which include faculty hiring and our instructional capacity.

The recession takes place at a time when the world of higher education is changing in fundamental ways.

For example:

- In 2004 we had 373 students enrolled in on-line courses
- In Fall 2008, we had 3229 students
- In Fall 2004, we had 245 students enrolled in programs offered entirely on line
- In Fall 2008, we had nearly 1,500 students enrolled

We will continue to look for opportunities in the midst of this recession. However, the potential impact is severe:

- Opportunities to invest will be reduced
- Services may be significantly diminished
- Minimally a reduced capacity to support regional efforts like Vision 2015
- Enrollment growth slowing or holding at 2008 levels

With the last potential impact hurting the most, due to demand for access being at record levels.

I want to be clear. We are a strong university and we will weather this storm. By preparing for the worst, I don't mean to infer that we expect it. However, these are uncharted waters and my philosophy is that we need to be prepared.

A. Joint Finance and Policy Committee: (Reports given by Regent Denise McClelland)

Elaine Jarchow, Interim Dean of International Education Center, introduced 16 experienced international faculty leaders, visiting Northern Kentucky University, as a result of a U.S. Department of States Grant Program.

Gail Wells, Provost, provided a briefing of three faculty development programs offered at NKU – sabbatical leaves, summer fellowships, and project grants. Dr. Scott Nutter, Associate Professor of Physics, shared his 2007-08 sabbatical leave research project experience with the Board of Regents. A booklet summarizing 2007-08 development award activities was shared with the Board.

Sue Hodges Moore, Vice President of the Office of Planning, Policy, and Budget, provided a briefing regarding the budget outlook for next year. In addition, the presentation proposed a change to the current tuition structure in which a charge would be assessed for all undergraduate classes. This charge would amount to 25% of the per-credit-hour rate for thirteen credit hours and above.

B. Presidential Reports:

1. **Facilities Management**: (Vice President Ken Ramey)
   - **a.** Campus Master Plan
   - **b.** Center of Informatics

Presidential Comments
Dr. James Votruba noted:

- Commencement is two months off. This semester the format is a little different. There will be three commencement exercises - one on Friday evening and two on Saturday.
- Special thanks to Senator Mitch McConnell for his support of the recently passed U.S. Congress bill that included a 1.9 million dollar allocation to the College of Informatics building.
- The NKU Basketball teams won the GLVC. NKU women will host the regional tournament at the Bank of Kentucky this Friday and the men will travel to Findley University in Ohio.

Presidential Comments *(Cont.)*

- We had a very successful SACS visit two weeks ago. While we do not have their final report, we received strong support from the committee and we expect reaffirmation. Instead of implementing in one large process, NKU received some caution to implement in phases.

  Thank you to all who have worked on this reaffirmation process. We will receive the committee report in the next few weeks and then have until the end of the calendar year to respond to concerns.

- In the face of a deep and likely extended recession, the CPE has recommended a tuition increase no greater than 4% for the comprehensive universities. 4% will cover the University's fixed cost increases but any additional investment will need to come from internal reallocations.

- Earlier this morning, the Board received a briefing on our campus master plan update. Campus Studio and I placed emphasis on the plan being a long-range view of NKU's future. The current recession will slow our achievement of the goals in place when the plan was initiated, particularly related to enrollment growth. We will implement the plan as we are able but it provides a blueprint for our continued development.

- This week in Frankfort, the General Assembly will complete its work. Increases in both the tobacco and liquor tax will help reduce the budget reductions required to balance the budget. The universities will receive a 2% percent reduction this year and an anticipated 2.7% reduction next year. The current plan is to use a portion of the stimulus package to "backfill" at least a portion of these reductions. However, we need to remember two important points:

  1. these are non-recurring funds
  2. the state still confronts a $1 billion shortfall for next year

  Our goal is to do all we can to sustain current enrollment levels while also absorbing reductions. This comes at a time when applications are up 28% compared to last year.

- The campus has been putting in place a plan to handle this year's 2% general fund reduction as well as next year's anticipated 2.7% reduction. We are also analyzing what additional reallocation we would like to make in order to invest in things important to our future.

- Elaine Jarchow is stepping down as the Dean of Education and Human Services to become our Interim Dean of International Programs, effective this month. Elaine has been a major part in our efforts to internationalize the campus and so we are pleased to have her continue her service to the University in this role. Elaine has done a great job of aligning the college with Vision 2015 and has assured a prominent role for NKU in supporting continued P-12 improvement.

  Mark Wasicisko will become the new Dean of Education and Human Services, effective this month. Since arriving at NKU, Mark has been our Bank of Kentucky endowed chair in educational leadership and provided strong leadership in the creation of the education doctorate.

A. <u>Joint Finance and Policy Committee</u>: (Reports given by Regent Denise McClelland)

- Campus Studio, the design firm hired to help create the Master Plan, presented a comprehensive overview to the Board. The master plan provides a combination for future growth of the campus, consistent with the CPE enrollment targets. The plan outlines recommendations for land use, including how to site new buildings, development of open space, pedestrian and vehicular traffic plans, sustainability, athletics and recreation, and growth in the utilities infrastructure.

  Members of the Highland Heights community addressed the Board of Regents regarding their concerns with the 2009 Master Plan proposal. The Highland Heights community members delivered a petition to Regent Anna Dale Pyles, Chair, containing a number of signatures.

- Dr. Sue Hodges Moore, Vice President for Planning, Policy & Budget and Ken Kline, Budget Director, delivered an update on the 2009-10 budget outlook, the proposed tuition rates for the 2009-10 academic year and the proposed Fee and Service Charges for the 2009-10 academic year.

  The University is planning for a 4.7% recurring cut in state appropriations next fiscal year. Tuition rates are proposed at a 4% increase in undergraduate resident tuition. The university has decided to not pursue implementation of a per-credit-hour tuition structure for the coming academic year.

Board of Regents Meeting
Northern Kentucky University, Student Union, Room 104
May 6, 2009

Regent Anna Dale Pyles, Chair, called the regular meeting of the Board of Regents to order at 1:05 p.m., Wednesday, May 6, 2009.

Regent Frank Downing read the invocation.

Roll Call: Nancy A. Barone, Chuck H. Brown, Martin C. Butler, Gabriel W. Cronon, Peggy A. DeJaco, Frank K. Downing, Joyce E. Griffin, Terry L. Mann, Denise H. McClelland, Anna Dale Pyles, Steven M. Weiss;

Other Attendees: James Votruba, Kimberly Luse, Isaac Ferguson, Tammy Knochelmann, Sara Sidebottom, Gerry St. Amand, Gail Wells, Ken Ramey, Sue Moore, Joe Wind, Mary Ryan, Samantha Delvecchio, Kevin Corcoran, Elaine Jarchow, Jeff Waple, Don Gorbandt, Joel Robinson, Salina Schrofel, Russ Kerdolff, Chris Bowling, Rick Meyers, Chris Cole, Lori Southwood, William Farro, Kathryn Herschede, Suzanne Soled, Pat Moynahan, Karen Kruer, Tom Sofranko, Angie Schaeffer, Ken Kline, Laurie McDowell, Larry Meyer, Denise Robinson, Emily Shipley, Charles Hawkins, Sandi Gillilan, Michael Tobergta;

Regent Peggy DeJaco seconded Regent Steven Weiss' motion to approve the minutes of the March 11, 2009, Board of Regents meeting. **(Motion carried)**

Regent Anna Dale Pyles, Chair, offered resolutions recognizing Gabriel W. Cronon, Peggy A. DeJaco, Frank K. Downing and Steven M. Weiss, for dedication to Northern Kentucky University, its faculty, its staff and its students.

Dr. James Votruba, President, offered recognition and personal gratitude to Gabriel W. Cronon, Peggy A. DeJaco, Frank K. Downing and Steven M. Weiss, for their contributions to the betterment of Northern Kentucky University.

Presidential Comments
Dr. James Votruba noted:

- NKU will graduate 1,400 students on May 8-9, 2009. Of those graduating 1000 will receive undergraduate degrees, 197 graduate degrees and 134 law degrees.

- Demand for admittance into NKU is at record levels. Freshman applications are up 36%, regular admittance are up 10%, transfer applicants up 40%, scholarship request from students achieving a 29 or above on the ACT are up 33%, KEY applicants are up 51%, non-resident applications up 40%, African-American student applications up 55% and Latino/Hispanic applications up 32%.

- It is still not clear how the economy will influence the current students' decisions to stay in school and pay tuition. NKU is tracking on the retention rates of current students as it relates to economic challenges.

A. Joint Finance and Policy Committee: (Reports given by Regent Denise McClelland)

- Ken Ramey, Vice President of Administration and Finance, Dr. Doug Perry, Dean of the College of Informatics and Rob Chandler, Principal Representative for Goody Clancy, provided an overview of the new Center for Informatics. The overview included an in-depth design presentation with specific information related to the proposed digitorum and an updated project financial report.

  With over two years of planning, the Center for Informatics was designed from the ground up to assure the College of Informatics remains at the forefront of innovation. The Center will consolidate the University's position as a technology leader and will capture the attention of business, technology, professional, arts and civic communities throughout the region. The anticipated completion date of the Center is May 2011.

- Dr. Sue Hodges Moore, Vice President for Planning, Policy & Budget and Ken Kline, Budget Director, delivered an overview of a conservative 2009-10 budget plan. NKU's proposed budget totals 200 million dollars, including a reserve of 8.15 million dollars. The presentation included how the University anticipates handling possible reductions in state appropriation. The plan currently does not include salary increases, but the topic is scheduled to be revisited later in the 2009-10 fiscal year.

- Joe Wind, Vice President of Government and Community Relations, provided highlights on some of the outcomes occurring at recent Kentucky and Federal Legislative sessions.

  - From Kentucky appropriations, NKU will receive 5 million dollars to construct a portion of the University Boulevard that will connect John's Hill Road, between The Bank of Kentucky Center and Martha Lane Collins Boulevard.

  - NKU will also receive 1.9 million dollars for the College of Informatics because of efforts provided by Senator Mitch McConnell.

  - Additional stimulus funding opportunities might be available through efforts provided by various federal congressional representatives.

  - Because of Senate Bill 1, the Council on Postsecondary Education and the Kentucky State Board of Education must design a collaborative system that will align P-12 education with postsecondary entrance requirements.

D. Executive Session

Board of Regents Meeting
Northern Kentucky University, Student Union, Room 104
July 8, 2009

Regent Nancy Barone, Chair, called the regular meeting of the Board of Regents to order at 1:00 p.m., Wednesday, July 8, 2009.

Regent Joyce Griffin read the invocation.

Roll Call: Nancy A. Barone, Eric M. Brose, Chuck H. Brown, Martin C. Butler, Joyce E. Griffin, Charles E. Hawkins, Terry L. Mann, Dennis Repenning, Brenda L. Wilson; (Excused: Denise H. McClelland)

Other Attendees: James Votruba, Kimberly Luse, Isaac Ferguson, Tammy Knochelmann, Sara Sidebottom, Gerry St. Amand, Gail Wells, Ken Ramey, Sue Moore, Joe Wind, Zebulun Davenport, Don Gorbandt, Salina Schrofel, Russ Kerdolff, Chris Bowling, William Farro, Rick Meyers, Chris Cole, Tim Sofranko, Ken Kline, Brenda Rigg, Kathy Stewart, Krista Wiseman-Moore, Douglas Perry, Peggy DeJaco, Steve Meyer, Harold Todd, Marilyn Schleyer, Melissa Gorbandt;

Regent Nancy Barone performed the oath of office for the newly appointed Regents: Eric M. Brose, Charles E. Hawkins, Dennis Repenning and Brenda L. Wilson. Each newly appointed or elected Regent swore to uphold all stipulations of the oath and faithfully execute, to the best of their ability, the duties of Regent of Northern Kentucky University according to law.

Regent Nancy Barone offered a resolution recognizing Anna Dale Pyles for dedication to Northern Kentucky University, its faculty, its staff and its students.

Regent Martin Butler made a recommendation to approve new Regent Officers as follows. "The Nominating Committee recommends Nancy Barone, Chair; Terry Mann, Vice-Chair; Denise McClelland, Secretary." Regent Martin Butler moved to accept the recommendation and seconded by Regent Chuck Brown. (**Motion carried)**

Regent Dennis Repenning seconded Regent Martin Butler's motion to appoint Regent Chuck Brown and Regent Terry Mann to the NKU Foundation Board of Directors. (**Motion carried)**

Regent Chuck Brown seconded Regent Terry Mann's motion to approve the minutes of the May 6, 2009, Board of Regents meeting. **(Motion carried)**

Presidential Comments
Dr. James Votruba noted:

- a welcome to the new members of the NKU Board of Regents: Regent Eric Brose, Regent Charles Hawkins, Regent Dennis Repenning, and Regent Brenda Wilson.
- his recognition and personal gratitude to Anna Dale Pyles for her contributions to the betterment of Northern Kentucky University.
- congratulations to the newly elected NKU Board of Regent executive committee: Nancy Barone, Chair; Terry Mann, Vice-Chair; and Denise McClelland, Secretary.
- new student enrollment continues to be very strong. Administrators are monitoring enrollment numbers for returning students and it appears to be strong, but uncertainty of the economy still might have an impact. In summary, the University is in a very strong position as we move into the 2009-10 academic year.

- the Capital Planning Advisory board met to address the $92.5 million facility that combine renovations of Founders Hall with a Health Innovations facility. Fifteen Northern Kentucky leaders joined the advisory board in meeting with Adam Edelen, Chief of Staff - Kentucky Governor's Office, and Janie Miller, Secretary of the Kentucky Cabinet for Health and Family Services. The discussion was positive and encouraging. Special thanks to Joe Wind, Katie Herschede and Regent Terry Mann for their involvement in the meeting.

- the fundraising on the College of Informatics is progressing nicely, due in part to the generous gift of six million dollars, by the Griffin Family. Fourteen million of the approximate eighteen million dollars needed is secured and we are confident the University will meet or exceed the desired goal. Special thanks to the Griffin family for their contributions of time and resources to NKU.

A. Joint Finance and Policy Committee: (Reports given by Regent Terry Mann)

The College of Health Professions:
The College of Health Professions was highlighted with faculty accomplishments in teaching, scholarly, as well as community and institutional service. A video presenting how high fidelity simulators work and how they can be incorporated into health professions was shown. The integration of teaching, service and research via civic engagement was highlighted by work done in the Northern Kentucky Nursing Research Collaborative and the Nurse Advocacy Center for the Underserved. Future initiatives for the College were described.

Admissions Update:
Provost Wells provided an update on the Fall 2009 enrollment. NKU expects a record breaking entering class which is larger, better prepared academically and more diverse than any class in the history of the university. She shared the following data:

- There are over 6600 new freshmen applications – up 35.7% over 2008
- The new freshmen regular admits are up 18.4%
- Freshmen confirmations are up 11.5%
- New transfer applications are up 40%
- Applications from African-American Students are up 58.9%
- Applications from Hispanic students are up 31%

Provost Wells also shared information about summer 2009 enrollment. There was a 4% increase in full time equivalency in summer school enrollment.

B. Presidential Reports:

1. **Facilities Management**: (Vice President Ken Ramey)
   - **a.** Campus Master Plan
   - **b.** Center of Informatics
   - **c.** Electrical Power Distribution Infrastructure
   - **d.** Cooling Tower Expansion Project
   - **e.** University Center Renovations
   - **f.** Soccer Stadium
   - **g.** NKU Sustainability

2. **Fundraising Report**: (Vice President Gerard St. Amand)
   This report provides a summary of fundraising resources committed from July 1, 2008, through May 31, 2009, totaling $19,070,067.

3. Research/Grants/Contracts: (Provost Gail Wells)
This report lists the grants awarded, with the amount awarded for each grant, for NKU faculty and staff from April 1, 2009, through March 31, 2009. During this period, twenty-four grants were awarded with a total award amount of $1,002,349.

Board of Regents Retreat
August 31, 2009

In attendance: Nancy Barone, Chair, Terry Mann, Vice-Chair, Denise McClelland, Secretary, Joyce Griffin, Martin Butler, Chuck Brown, Chuck Hawkins, Eric Brose, Brenda Wilson, and Dennis Repenning, Jim Votruba, and Kimberly Luse

Dr. John Moore led the morning session covering issues surrounding effective Board practices, self-evaluation of the Board of Regents, and phases of a Presidency, including how a Board begins to prepare for a transition in that role. President Votruba led the afternoon session by reviewing the previous academic year, and outlining the upcoming year's priorities which include: meet or exceed executive dashboard goals, campus-wide focus on student retention and graduation involving all vice presidential areas, complete general education reform, complete SACS response and initiate QEP(Involving students in active learning), continue to support P-12 education enhancement, continue PRISM/SAP implementation and continue to focus on budget management and innovation around efficiencies.

The day concluded with the Board conducting an evaluation of the President and the Office of the President.

The following came forward as items for action and/or follow-up:

The Board members expressed interest in the overall well being of students, faculty, and staff. To that end, they would like more data regarding the retention of faculty, staff and students, with data from exit interviews included. Specifically they would like to have the top three reasons that people choose to leave the university identified. They also would like to have student satisfaction data presented to them (Ramey, Davenport, Wells).

There is a request from the Board that a statement of expectations for Board members be developed, and filed for applicants to the Board of Regents to review, as well as a guideline for current Board members (Luse).

The Board would like more data on our faculty and staff, such as part time vs. full time, tenure track vs. non-tenure track, demographics, etc. "Who is here?" Also, specific questions about our student population arose. How many law school applicants do we have? Of that population how many are qualified? What is the yield on our six year graduation rate? A request for data on the transfer student graduate rates is requested. How do we rate in selectivity vs. other state universities? What is our national peer's student/faculty ratio? (Ramey, Wells).

Terry Mann would like to see the Board utilized more fully with our legislators. With a focus on the out of session timeframe, each Board member should think about contacts they have, how to reach out on behalf of NKU, and how the group collectively can be more effective as a voice in Frankfort. Also there is

a request to institute processes for local, state, and federal leaders to educate them regarding NKU's financial needs (Wind).

The Board members would like to think more strategically about what we need represented on our Board by way of membership when vacancies occur. What is needed to make our Board the best cross-sectional representation of our constituency? Instituting succession planning for the BOR is recommended (Wind).

Other points of consensus:

NKU should be a leader in the green area.
We would like a presentation on the international opportunities that are available for our students.
We would like to see greater brand clarity for NKU.
Our success stories are not getting out.

Interest was expressed in developing a day-long, "Trustee in Residence" program.
There was a recommendation to drop the qualifier from the elected Regent's titles…"Regents are Regents first, regardless of the pathway to being on the Board"—John Moore.

Board of Regents Meeting
Northern Kentucky University, Student Union, Room 104
September 09, 2009

Regent Nancy Barone, Chair, called the regular meeting of the Board of Regents to order at 1:00 pm, Wednesday, September 9, 2009.

Regent Brenda Wilson read the invocation.

Roll Call: Nancy A. Barone, Eric M. Brose, Charles E. Hawkins, K. Keith Kaseke, Terry L. Mann, Denise H. McClelland, Dennis Repenning, Brenda L. Wilson; (Excused: Chuck H. Brown, Martin C. Butler, Joyce E. Griffin).

Other Attendees: James Votruba, Kimberly Luse, Isaac Ferguson, Tammy Knochelmann, Sara Sidebottom, Gerry St. Amand, Gail Wells, Ken Ramey, Sue Moore, Joe Wind, Don Gorbandt, Salina Schrofel, Russ Kerdolff, Chris Bowling, William Farro, Rick Meyers, Chris Cole, Tim Sofranko, Harold Todd, Melissa Gorbandt, Daryl Wright, Elaine Jarchow, Chuck Miller, Leah Stewart, Joel Robinson, Pat Moynahan, Mark Wasicsko, Carrie McCoy, Jeff Waple, Doug Perry, Angie Schaeffer, Suzanne Soled, Sam Zachery.

Regent Nancy Barone performed the oath of office for K. Keith Kaseke. The newly elected Regent swore to uphold all stipulations of the oath and faithfully execute, to the best of his ability, the duties of Regent of Northern Kentucky University according to law.

Regent Dennis Repenning seconded Regent Terry Mann's motion to approve the minutes of the July 8, 2009, Board of Regents meeting. **(Motion carried)**

Presidential Comments
Dr. James Votruba noted:

The NKU is off to a great start this fall semester:

- Undergraduate student enrollments are up 1.3% or 172 students.
- Graduate student enrollments are up 3.7% or 57 students.
- Law student enrolments are up 6.5% or 37 students.
- These students account for a 1.7% increase in total student enrollment.

The academic quality and preparedness of this incoming class reaches new historic levels.

The August 31, 2009, Board of Regents retreat established priorities for the coming year that include:

- Meeting executive dashboard goals
- Focus the entire campus on strengthening student retention and graduate rates
    - Dr. Gail Wells and Dr. Zebulun Davenport will lead this effort.
- Complete general education reform
- Complete SACS response and initiate the QEP
- Continued support of P-12 partnerships
- Continued SAP implementation
- Continue our focus on budget management and innovation related to efficiencies
- Utilize action analytics as a basis for informed decision making

This is a historic day for our campus as we welcome Regent Keith Kaseke, our first international student to lead SGA.

A special thanks to Isaac Ferguson. He will be leaving the Office of the President in a few weeks to pursue the next chapter in his life and career. Isaac will be finishing his M.P.A degree later this academic year.

At this Friday's Trusteeship Conference, the Kentucky Chamber of Commerce will award the 2009 Acorn Award to our own Professor Vernon Hicks. The award is presented to one public or independent university faculty member each year in recognition of their outstanding academic achievements. The award carries a $5,000 honorarium and is emblematic of Kentucky's most outstanding university faculty member. We are very proud of Professor Hicks and congratulate him on this award.

A. Joint Finance and Policy Committee: (Reports given by Regent Denise McClelland)
Regent Attendees: Nancy A. Barone, Eric M. Brose, Martin C. Butler, Joyce E. Griffin, Charles E. Hawkins, K. Keith Kaseke, Terry L. Mann, Denise H. McClelland, Dennis Repenning, Brenda L. Wilson; (Excused: Chuck H. Brown).

Audit Committee Report:
In attendance: Larry Meyer, James Votruba, Ken Ramey, Kimberly Luse, Terry Mann, and Denise McClelland (via teleconference).

Larry Meyer reported out to the committee that for the first quarter of 2010 their department has successfully updated their risk assessment model and used it to prepare 2009-2010 audit schedules. Also, a fraud reporting line for web and telephone reporting has been activated and will be advertised widely throughout campus.

The completed audit projects include: Procurement Cards, Supplemental Pay, Key Control and Access, Arts and Sciences Dean's Office, Office of Procurement Services, and Department of Athletics Expenditures.

Audits in process include: External Audit Assistance, PRISM, Continuous Auditing Projects (i.e. vendor payments, procurement cards, journal entries, and payroll/personnel records), Box Office, Payroll Operations, and the METS Center.

The auditees that were asked to complete a six-month review are the Early Childhood Center, Comptroller's Office and Bursar Operations.

Additional activity by the Office of Financial and Operational Audit include evaluations they solicited on behalf of their office and business practices to seek ways to improve and streamline their services. Responses were quite favorable, and averaged between 3.3 and 4.0. The 2009 Summer Audit Alert Newsletter has also been distributed this past summer.

Enrollment Update:
Provost Gail Wells gave a presentation focused on the enrollment for Fall 2009. The following statistics were discussed:

- Undergraduate enrollment for fall 2009 is 13,217 students up 1.32% from last fall. The 2009 entering class is the largest, best prepared and most diverse in NKU's history. The number of new freshmen enrolling with a score of 25 or higher on the ACT is up 33% and the number of African-American students is up 20%. The enrollment at the Grant County Center is up 21% and the number of online enrollments is up 30%.
- Graduate enrollment is up 3.7% and law enrollment has increased by 6.5%
- Total enrollment is currently 15,438, up 1.7% from this time last year.

Enrollment Update: *(Cont)*

- This enrollment was supported by the following funding for merit- and need-based scholarships:
  - $8.8 million in institutional scholarships
  - $700,000 in Foundation endowments
  - $114,000 for grant based scholarships
  - $5.7 million for federal aid
  - $7.1 million in Kentucky CAP and KEES grants

There are additional scholarships funded through grants and gifts in specific disciplines.

Provost Wells congratulated the entire campus on the strong enrollment for fall 2009.

Grant Presentations:
Presentations were made describing the work supported by three grants totaling approximately $2.5 million.

Dr. Arne Almquist, Associate Provost for Library Services, described a nearly one million dollar grant which is a partnership between Steely Library and Bluegrass Community and Technical College The project will provide scholarships, technology stipends, mentoring services, an integrated online web center, and professional travel stipends to students in NKU's new Bachelor of Science in Library Informatics program offered in partnership with the College of Informatics. The grant will enable NKU to extend this new program into the poorest counties of Kentucky – areas that are geographically isolated and economically distressed. 30% of the public library directors in Kentucky (most of them in the targeted counties) lack even an undergraduate degree. Through the new program, we will be able to address the problem, increasing the skills and knowledge of those who are on the front lines in providing access to information to rural Kentuckians.

Dr. Kristi Haik, Assistant Professor of Biological Sciences, described an NSF grant of approximately $600,000 to recruit, retain, educate, and graduate financially needy, academically talented students who will enter the workforce in a STEM-related profession or enter graduate school in a STEM discipline. This program is denoted SOAR: Scholarships, Opportunities, Achievements and Results.

Dr. Kirsten Fleming, Director of the Kentucky Center for Mathematics, described a grant providing $897,690 from the Robert Noyce Teachers Scholarship Program supported by the National Science Foundation. The goal of this project is to increase the number of secondary mathematics teachers who work in high need schools. The grant will provide scholarships and summer stipends to students pursuing a degree in mathematics education and enhanced services for the program participants.

Green Initiatives:
Vice President Ramey provided a presentation called "A Concrete Plan to Grow Green: Green Initiatives - Past, Present and Future." The presentation focused on the last five years of sustainable efforts by students, faculty and staff on the NKU campus. In 2004, the University embarked on a $4.5 million ESCO agreement with Siemens to achieve energy savings. The successful ESCO, originally scheduled for payback in 11.7 years, is now slated to payback in less than 10 years.

In 2007, Dr. Votruba signed the American College and University Presidents Climate Commitment. NKU was the first state-funded university in Kentucky to do so. Since then, a task force of students, faculty and staff has submitted the required reports and worked to implement the commitment's tangible actions.

Green or sustainable initiatives are in all areas of campus from design of new buildings to the motor pool, from the flowerbeds to the power plant. These initiatives are only the beginning as NKU continues its commitment to take the campus Green.

Board of Regents Meeting
Northern Kentucky University, Student Union, Room 104
November 11, 2009

Regent Terry Mann, Vice-Chair, called the regular meeting of the Board of Regents to order at 1:00 pm, Wednesday, November 11, 2009.

A moment of silence was held in observance of Veteran's Day.

Roll Call: Eric M. Brose, Joyce E. Griffin, Charles E. Hawkins, K. Keith Kaseke, Terry L. Mann, Denise H. McClelland, Dennis Repenning, Brenda L. Wilson; (Excused: Nancy A. Barone , Chuck H. Brown, Martin C. Butler).

Other Attendees: James Votruba, Kimberly Luse, Wendy Creekmore, Tammy Knochelmann, Tracy Insko, Sarah Mann, Sara Sidebottom, Zebulun Davenport, Gerry St. Amand, Gail Wells, Ken Ramey, Sue Moore, Joe Wind, Don Gorbandt, Salina Schrofel, Russ Kerdolff, Larry Blake, Chris Bowling, William Farro, Chris Cole, Tim Ferguson, Tim Sofranko, Elaine Jarchow, Chuck Miller, Mary Lepper, Sandi Gilliland, Joel Robinson, Pat Moynahan, Mark Wasicsko, Lori Southwood, Kathy Stewart, Jeff Waple, Doug Perry, Rich Kane, Larry Meyer, Marilyn Schleyer, Sam Zachery, Sandra Miller, Matt Campbell, Mark Payne, George Johnson, Claudio Toro, Dennis Chaney.

Regent Keith Kaseke seconded Regent Dennis Repenning's motion to approve the minutes of the September 9, 2009, Board of Regents meeting. **(Motion carried)**

Presidential Comments
Dr. James Votruba noted:

Veterans:

- Appreciate the moment of silence on behalf of Veterans Day.
- Nearly 300 veterans currently on campus, increase of approximately 41%.
- New G.I. bill is one of the largest pieces of federal legislation in history of student financial aid.
  -Thank you Joel Robinson, Dave Merris and all who are working on behalf of our veterans.

The Board of Regents goes paperless:

- May be the first governing board to go paperless—green, sustainability and saving resources.
- Good model of leadership.

SACS:
In a strong position for SACS reaffirmation.

New General Education structure:

- Nothing more complex.
- At the heart of every university.
- New structure is a major step forward.
  -Thank you Gail Wells, Faculty Senate and all who have worked on the restructure.

State budget:

- Outlook continues to be bleak.
- State Budget Director Mary Lassiter: "Worst budget outlook I have ever seen."
  -4% reduction in October revenues receivables.
- Kentucky Governor Steve Beshear: "Toughest budget cycle Kentucky has faced in modern history."
- Looking at a $1 billion shortfall this year. Rainy day fund is empty.

- Given the circumstances and recognizing the risks, we are strongly positioned.

Welcome to Wendy Creekmore who has assumed the position of Senior Administrative Assistant and will be working in support of NKU's Board of Regents.

A. **Joint Finance and Policy Committee**: (Reports given by Regent Denise McClelland)
Regent Attendees: Eric M. Brose, Joyce E. Griffin, Charles E. Hawkins, K. Keith Kaseke, Terry L. Mann, Denise H. McClelland, Dennis Repenning, Brenda L. Wilson; (Excused: Nancy A. Barone, Chuck H. Brown, Martin C. Butler).

- Dr. Gail Wells, Vice President for Academic Affairs and Provost, Dr. Alar Lipping, President of the Faculty Senate, and Dr. Debra Meyers, Faculty Liaison for General Education, updated the Board on the new general education program, Foundation of Knowledge.

  The presentation included an overview of the processes undertaken over the past two years leading up to approval by the Faculty Senate on October 26, 2009. Pending Board of Regents approval, implementation efforts are underway to implement the new program in fall 2010.

  In addition, Dr. Gail Wells updated the Board on the university's reaffirmation of accreditation by the Southern Association of Colleges and Schools (SACS).

  The presentation included an overview of reaffirmation efforts and processes from 2006 to the present. SACS will announce its determination of reaffirmation on December 8, 2009.

- Vice President Ken Ramey and Comptroller Russ Kerdolff presented highlights from the University's 2008-09 Annual Financial Report. Bret Feger attended the meeting for the University's audit firm, Crowe Horwath. Highlights of the presentation included:
  - Overall, the University's financial position remains strong as of June 30, 2009.
  - The University's total net assets increased by $7 million, primarily due to capital appropriations and capital grants and gifts related to construction projects and equipment purchases.
  - The University continues to rely heavily on tuition to fund its operations. Total revenues increased by $9 million in fiscal year 2009, including a $7 million increase in net tuition.
  - The University's general appropriation was cut by 4%, or $2.2 million, for fiscal year 2009. -Several slides presented showed the disparity between funding per student at NKU and other regional institutions. There continues to be a major gap.
  - The University's general appropriation was cut again in fiscal year 2010 by an additional, 7%, or $3.6 million.
  - The Commonwealth and the University continue to face challenging economic conditions. Despite the current economic uncertainties, the University's overall financial condition remains strong. The University's bond rating was recently affirmed by the bond rating agencies and is considered to be stable.

B. **Presidential Reports**:

1. **Facilities Management**: (Vice President Ken Ramey)
- **a.** Griffin Hall – Center for Informatics
- **b.** Electrical Power Distribution Infrastructure
- **c.** Cooling Tower Expansion Project
- **d.** University Center Renovations
- **e.** Soccer Stadium

D. Executive Session

Board of Regents Meeting
Northern Kentucky University, Student Union, Room 104
January 13, 2010

Regent Nancy Barone, Chair, called the regular meeting of the Board of Regents to order at 1:00 pm, Wednesday, January 13, 2010.

Regent Brenda Wilson read the convocation.

Roll Call: Nancy A. Barone , Eric M. Brose, Chuck H. Brown, Martin C. Butler, Joyce E. Griffin, Charles E. Hawkins, K. Keith Kaseke, Terry L. Mann, Denise H. McClelland, Dennis Repenning, Brenda L. Wilson.

Other Attendees: James Votruba, Kimberly Luse, Wendy Creekmore, Tammy Knochelmann, Tracy Insko, Sara Sidebottom, Zebulun Davenport, Gerry St. Amand, Gail Wells, Ken Ramey, Joe Wind, Don Gorbandt, Salina Schrofel, Russ Kerdolff, Larry Blake, Chris Bowling, William Farro, Chris Cole, Tim Sofranko, Elaine Jarchow, Joel Robinson, Pat Moynahan, Lori Southwood, Kathy Stewart, Jeff Waple, Rick Meyer, Ken Kline, Larry Meyer, Harold Todd, Sam Zachary.

Regent Keith Kaseke seconded Regent Terry Mann's motion to approve the minutes of the November 11, 2010, Board of Regents meeting. **(Motion carried)**

Presidential Comments
Dr. James Votruba noted:

NKU is beginning the new year in a relatively strong position:
- NKU has been beneficiary of fairly conservative budgeting process
- Spring enrollment is up about 1%
- Endowment has grown by 26.6% this year

SACS:
- Begin the semester with SACS reaffirmation in place.
- General Education restructuring has occurred.

State budget:
- Governor Beshear held higher education harmless in terms of budget reductions this fiscal year.
- Still face daunting financial challenges for next fiscal year with deficit of between $900 million and $1.6 billion
- NKU Stimulus funds for this year at $3.6 million, the sign-off has not occurred yet
    - Track closely whether the projected $2.4 million for year two will occur

Three goals for 2010 session:
- Maintenance and Operating expenses for buildings: Bank of Kentucky Center, Student Union and Welcome Center, Griffin Hall
- Assuring base remains firm, including the $3.6 million that has been temporarily backed out of our budget by the state and backfilled with $3.6 million in stimulus money
- Health Innovations building—will be a key to our future, will include renovation of Founders Hall and new building construction
    - Number 1 - CPE priority

Will be working with faculty and staff focus on how to better utilize the funds we have under our own control (absent state investment), reduce administrative infrastructure, student credit hours per FDE faculty, finals stages of per credit hour tuition, current circumstances and opportunities. We cannot stand still and wait for state to recover.
Governor Beshear will deliver budget address, keep board informed.

A. <u>Joint Finance and Policy Committee</u>: (Reports given by Regent Denise McClelland)

Regent Attendees: Nancy A. Barone, Eric M. Brose, Chuck H. Brown, Martin C. Butler, Joyce E. Griffin, Charles E. Hawkins, K. Keith Kaseke, Terry L. Mann, Denise H. McClelland, Dennis Repenning, Brenda L. Wilson.

This morning Dr. Gail Wells, Vice President for Academic Affairs and Provost, presented an overview of the three faculty development programs offered at NKU – sabbatical leaves, summer fellowships, and project grants. A booklet summarizing 2008-09 faculty development award activities was shared with the Board. Dr. Gail Wells also shared an update regarding the university's reaffirmation of accreditation process. She announced that the Southern Association of Colleges and Schools (SACS) reaffirmed NKU's accreditation at its December 7, 2009 meeting.

B. Presidential Reports:

D. Executive Session

Board of Regents Meeting
Northern Kentucky University, Student Union, Room 104
May 5, 2010

Regent Nancy Barone, Chair, called the regular meeting of the Board of Regents to order at 1:00 pm, Wednesday, May 5, 2010.

Regent Nancy Barone, Chair, introduced Jennifer Chandler, recipient of the 2010 Regents Award given annually to an exceptional student.

Regent Joyce Griffin read the invocation.

Roll Call: Nancy A. Barone, Eric M. Brose, Chuck H. Brown, Martin C. Butler, Joyce E. Griffin, Charles E. Hawkins, K. Keith Kaseke, Denise H. McClelland, Terry L. Mann, Dennis Repenning, Brenda L. Wilson

Other Attendees: James Votruba, Kimberly Luse, Casey Lundberg, Tammy Knochelmann, Tracy Insko, Bill Farro, Matt Campbell, Pete Trentacoste, Ann Pitini, Sara Sidebottom, Zebulun Davenport, Gerry St. Amand, Gail Wells, Sue Moore, Salina Schrofel, Russ Kerdolff, Larry Blake, Chris Bowling, Chris Cole, Tim Sofranko, Kathy Stewart, Jeff Waple, Ken Kline, Mark Wasicsko, Toni Wice, Dina Neumann, Margaret Meyers, Scott Eaton, Rich Kane, Mary Lepper, Karen Mutsch, Marilyn Schleyer, Fred Hockney, Denise Robinson, Alar Lipping, Pat Moynahan, Rick Meyers, Jennifer Chandler, Larry Meyer, Joel Robinson, Kevin Golden

Resolutions for completion of Regent term:
President James Votruba thanked the three outgoing regents, Regent Joyce E. Griffin, Regent Denise H. McClelland and Regent K. Keith Kaseke, for their service to the board and the university.

Regent Nancy Barone, Chair, offered resolutions recognizing Regent Joyce E. Griffin, Regent Denise H. McClelland and Regent K. Keith Kaseke for the completion of their Regent term and dedication to Northern Kentucky University, its faculty, its staff and its students.

Regent K. Keith Kaseke seconded Regent Dennis Repenning's motion to approve the minutes of the March 17, 2010, Board of Regents meeting. **(Motion carried)**

Presidential Comments
Dr. James Votruba noted:

- Fall enrollments for 2010 look very strong at this point. Undergraduate applications are up 2.2% over last year, graduate applications are up 6.6% and law is up 10.8%. Total applications up nearly 3% over this last year.
- We are focusing much of the next 6 months on positioning the university's budget for whatever challenges we may confront. Given the fact that we are rapidly approaching the end of the fiscal year and we still do not have a budget from Frankfort, we will be looking at ways

to remain open if the state does not pass a budget by June 30. His greatest concern is Fiscal Year 2011-12 as we are still confronting major uncertainty.

- This morning you heard an extensive report regarding a move to NCAA Division I. He believes it is in the best interest of the university to move to DI and would recommend an immediate move, but with the budget uncertainty this move would be irresponsible at this time.
- This weekend we will graduate 1200 undergraduate students, 200 graduate students and 150 law students; equaling nearly 1600 graduates.
- It is a time of transition for the Board of Regents and would like to again thank Denise, Joyce and Keith. The ultimate responsibility for NKU resides with the Board of Regents. This Board has proven time and time again why it is believed to be an outstanding board in the region and the country. In fact, the Association of Governing Boards is doing a case study on our board because they have heard so much about it reflecting best practices. It will be one of the profiles in a book on effective boards.
- In July we will welcome three new board members; including Kevin Golden as the new SGA President.

A. <u>Joint Finance and Policy Committee:</u> (Reports given by Regent Denise McClelland)
Regent Attendees: Nancy A. Barone, Eric M. Brose, Chuck H. Brown, Martin C. Butler, Joyce E. Griffin, Charles E. Hawkins, K. Keith Kaseke, Terry L. Mann, Denise McClelland, Dennis Repenning, Brenda L. Wilson.

2010-2011 Operating Budget and Tuition Rates Update:
President Votruba, Dr. Sue Hodges Moore, Vice President for Planning, Policy & Budget, and Ken Kline, Budget Director, delivered an overview of the 2010-11 budget, proposed tuition rates for 2010-11, and steps the university will take to address financial challenges for 2011-12 and beyond to ensure long-term financial stability. The total operating budget for the university is proposed at $198 million compared to a $200 million total operating budget for 2009-2010.

The university is planning for a 1.5% recurring cut in state appropriations next fiscal year. Tuition rates are proposed at a 5% increase in undergraduate resident tuition. The proposed tuition rates are predicated on the assumption that the level of base funding provided by the State, comprised of a combination of state General Fund appropriations and federal stimulus funds, will not differ substantially from the levels of postsecondary institution base funding proposed in House- and Senate passed versions of HB 290. If the level of base funding enacted into law does differ from House- and Senate-passed proposals, the university may recommend adjustments to tuition rates at a later date.

Report on the Conclusions of the Division I Feasibility Study:
In January 2010, Northern Kentucky University (NKU) engaged NACDA Consulting to conduct a Division I feasibility study with regard to its athletic program. The consultants were tasked with the following deliverables:

- Conduct a divisional analysis – Division I and Division II
- Identify potential conference affiliation using benchmarking from like institutions in Division I
- Identify a new Women's Sport to Accommodate a Move to Division I

NACDA Consulting determined that NKU was in a great position to move to Division I athletics. The report concluded that NKU's size, academic programs, athletic facilities, and location are all a good fit for D-I.

The report suggested that a move to DI would cost the institution an additional 3.5-3.8 million dollars to be competitive. The bulk of the new costs would come in the form of scholarships, then increased staffing, and finally operating budgets.

NACDA Consulting provided benchmarking analysis of four mid-major conferences to determine NKU's fit as a conference member. The four conferences were the Horizon League, Summit League, Ohio Valley Conference and Atlantic Sun Conference. After an analysis of budgets, conference profiles, travel distances and institutional fit, it was determined that the Horizon League would be the best fit for NKU, if it were to pursue Division I membership.

The major findings of the study are as follows:

- NKU would need to add an additional women's sport to meet Division I minimum sport requirements. It was recommended that track & field be added
- NKU would need to increase scholarships from 69.20 to 120.73 equivalencies as a Division I program and develop a fifth year/summer school scholarship program ($1.2 million increase)
- NKU would need to increase the operating budgets for the 14 sports by more than $535,000
- NKU Athletics would need to increase staffing at both the administrative and coaching levels ($1.01 million increase)
- To support the move, the institution would need to explore student fee programs, which is currently more than 60% below the average Division I student fee revenue
- Athletics would need to increase revenue in sponsorships, fundraising and ticket sales
- Institution would need to explore modifications of existing contracts to expand external revenue opportunities for athletics

Audit Committee Report: (Report given by Regent Denise McClelland)
In attendance: Larry Meyer, James Votruba, Ken Ramey, Kimberly Luse, Terry Mann, Nancy Barone (via teleconference) and Denise McClelland (via teleconference).

Larry Meyer delivered a report to the Regent Audit Committee on the Financial and Operational Auditing status as we enter the last quarter of Fiscal Year 2010. The report included updates on completed audits, audits in process, current projects, audit follow-ups, The Waste, Abuse and Fraud hotline, the latest Audit Alert Newsletter and the Annual Risk Assessment.

B. Presidential Reports:

1. **Facilities Management:** (Vice President Ken Ramey)
   - **a.** Griffin Hall – Center for Informatics
   - **b.** Replace Electrical Power Distribution Infrastructure
   - **c.** Soccer Stadium
   - **d.** Hankins Hall Demolition Project

2. **Quarterly Financial Report**: (Vice President Ken Ramey)
   The Quarterly Financial Report depicts the financial activity of the University during the period of July 1, 2009, through March 31, 2010, compared to the annual budget and the prior year's activity.

3. **Fundraising Report**: (Vice President Gerard St. Amand)
   This report provides a summary of fundraising resources committed from July 1, 2009, through February 28, 2010, totaling $4,234,968.

4. **Research/Grants/Contracts**: (Provost Gail Wells)
   This report lists the grants awarded, with the amount awarded for each grant, for NKU faculty and staff from February 1, 2010, through March 31, 2010. During this period, 13 grants awarded with a total award amount of $414,210. From July 1, 2009 through March 31, 2010, the cumulative total number of grants awarded is 84 totaling $7,749,124.

   Gail Wells noted that NKU was notified yesterday that we will be honored with a very prestigious STEP award from NFS. The award includes a grant totaling almost $600,000.

C. <u>Presidential Recommendations:</u>

Consent Agenda Items: Regent Chuck Brown seconded Regent Denise McClelland's motion to approve the *following Presidential Recommendations as listed: C-1 through C-12.* ***(Motion carried)***

1. **Academic Affairs Personnel Actions**:
   a. **Administrative Appointments**:
      Samuel Zachary, from Professor of Theatre (with tenure) and Interim Dean of the Colleges of Arts and Sciences, to Professor of Theatre (with Tenure) and Dean of the College of Arts and Sciences, effective April 1,2010.

   b. **Faculty Appointments**:
      Darius James Fatemi, Assistant Professor in the Department of Accountancy, effective August 16, 2010; **Andrea Gazzaniga**, Assistant Professor in the Department of English, effective August 16, 2010; **Kajsa Larson**, Assistant Professor in the Department of World Languages and Literatures, effective August 16, 2010; **Kelly Moffett**, Assistant Professor in the Department of English, effective August 16, 2010; **Lindsey Walters**, Assistant Professor in the Department of Biological Sciences, effective August 16, 2010.

   c. **Retirements**:
      Bonnie May, Lecturer (non-tenure track renewable) from the Department of History and Geography, effective May 14, 2010.

2. **Non-Academic Affairs Personnel Actions**:
   The following categories of non-academic personnel actions, which occurred between February 17, 2010 and April 1, 2010: Activations; Reassignments, Reclassifications, Title/Status Changes, Promotions; Transfers; Contract/Temporary to Regular; Departures; Retirements;

3. **Temporary Faculty Appointments**:
   Makoto Nakamura, Department of World Languages and Literatures, 2010-2011 Academic Year;
   Rick Breault, Department of Teacher Education, 2010-2011 Academic Year.

4. **First Year Faculty Continued Probation/Continued Probation with Conditions:**
   The following recommendations received approval: continued probation and continued probation with conditions to be removed.

5. **Amendments to *Faculty Policies and Procedures Handbook***:
   Amendments regarding Prior Service Credit to Section III Faculty Appointments B. Faculty Recruitment and Appointment and add cross reference to Section VII Tenure G.

6. **New Program – Registered Nurse to Master of Science in Nursing**:
   The College of Health Professions developed the proposed master's degree program, RN-MSN for individuals who have completed a diploma or associate degree program and acquired their RN license and would like to complete a master's degree program. An RN-MSN program allows the individual to pursue graduate studies toward the MSN in one program, rather than in two separate programs, the RN and MSN. The RN to MSN does not circumvent baccalaureate course work. With the addition of nursing bridge courses, it provides a sufficiently natural transition to and completion of the MSN in addition to meeting the baccalaureate degree requirements.

7. **Honorary Degree Candidate – Jean-Robert Cadet**:
   This is a request for authorization to bestow Jean-Robert Cadet, with an honorary degree of the Doctorate of Humane Letters from Northern Kentucky University. The degree is to be conferred at the May 8, 2010, commencement ceremonies at the NKU, Bank of Kentucky Center, Highland Heights, Kentucky.

8. **General Receipts Bonds Resolution, Series A**:
   Resolution which provides for the issuance of approximately $9,265,000 in General Receipt Obligations for the purpose of (i) financing the costs associated with the exterior repair and renovation of several housing facilities; (ii) refunding outstanding Series J and Series K Consolidated Educational Buildings Revenue Bonds, dated May 1, 1999 and the housing Facilities Lease dated April 1, 1998 and (ii) paying costs of issuance in connection with the Northern Kentucky University General Receipts Bonds, 2010 Series A.

9. **Revisions to the *Code of Student Rights and Responsibilities*:**
   Recommendation to approve the following major and minor revisions: Remove the Dean of Students from the Honor Code Process which will allow Academic Affairs to manage Honor Code violations. To re-locate all academic related policies into the same section of the Code. Improve case management and streamline judicial process. Protect student rights through proper due process by removing the Administrative Hearing. Remove the University President from the appeals process in both the Honor Code and behavioral disciplinary process when suspension and expulsion are recommended. Newly created University policies will need to be added to the revised Code. Reduce the disruption of student academic persistence when facing violations of the Honor Code. Reduce the

disruption of student academic persistence when facing violations of the classroom disruption policy. Re-locate the Sexual Offenses section and Sexual Harassment Policy under one heading in the new code titled Sexual Misconduct Policy.

10. Fiscal Year 2010-2011 Operating Budget:

The Board of Regents approves the resolution establishing and approving the Fiscal Year 2010-11 Unrestricted Current Fund Annual Operating Budget for Northern Kentucky University.

11. Fiscal Year 2010-2011Tuition Rate Schedule:

The Board of Regents endorses the tuition for 2010-2011 academic year at the rates proposed in the Authorized Schedule of Tuition

12. New Program – Doctorate of Nursing Practice

The Department of Advanced Nursing Science developed the proposed doctorate degree, DNP, in response to the need within the healthcare system for expert clinical teachers and clinicians. Practice-focused doctoral programs prepare graduates for the highest level of nursing practice beyond the initial preparation in the discipline. This program will maximize revenue by adding students who would otherwise not be attending NKU. In addition, this program will help nursing meet the crisis of the nursing faculty shortage.

D. Executive Session

Board of Regents Meeting
Northern Kentucky University, Student Union, Room 104
September 15, 2010

Regent Nancy Barone, Chair, called the regular meeting of the Board of Regents to order at 1:00 pm, Wednesday, September 15, 2010.

Regent Nancy Barone, Chair, welcomed the new Regents, Kevin M. Golden, Nathaniel G. Smith and Elizabeth L. Thompson

Roll Call: Nancy A. Barone, Eric M. Brose, Chuck H. Brown, Martin C. Butler, Kevin M. Golden, Charles E. Hawkins, Terry L. Mann, Dennis Repenning, Nathaniel G. Smith, Elizabeth L. Thompson, Brenda L. Wilson

Other Attendees: James Votruba, Kimberly Luse, Casey Lundberg, Tammy Knochelmann, Tracy Insko, Bill Farro, Matt Campbell, Sara Sidebottom, Zebulun Davenport, Joe Wind, Gerry St. Amand, Gail Wells, Sue Hodges Moore, Ken Ramey, Russ Kerdolff, Chris Bowling, Chris Cole, Tim Sofranko, Jeff Waple, Ken Kline, Mark Wasicsko, Margaret Myers, Denise Robinson, Pat Moynahan, Rick Meyers, Larry Meyer, Joel Robinson, Karen Kruer, Kathy Stewart, Don Gorbandt, Brian Haller

Regent Dennis Repenning seconded Regent Chuck H. Brown's motion to approve the minutes of the May 5, 2010 Board of Regents meeting. **(Motion carried)**

Regent Chuck H. Brown read the invocation.

Regent Nancy Barone performed the oath of office for the newly appointed Regents: Kevin M. Golden, Nathaniel G. Smith and Elizabeth L. Thompson. Each newly appointed or elected Regent swore to uphold all stipulations of the oath and faithfully execute, to the best of their ability, the duties of Regent of Northern Kentucky University according to law.

Presidential Comments
Dr. James Votruba noted:

- On behalf of the entire University, administration, faculty and staff would like to welcome Regent Thompson, Regent Smith and Regent Golden. We are pleased to have you as part of this governing board. We will have challenging times ahead but this board has been identified recently by the Association of Governing Boards, as one of the highest performing university governing boards in the country and they are doing a profile on us. It is one of my great pleasures to work with this board over the last 13 years and look forward to working with each of you.
- University is off to a very strong start. Enrollment is up approximately 2.5% (preliminary data at this point). We will enroll approximately 2,330 first year students. NKU is now pushing 16,000 students. NKU along with WKU are the two fastest growing universities in the commonwealth over this last decade. As we heard this morning the average ACT score is

21.4 for new freshmen, 26% of these scores are a 24 or above. We have seen a 25% increase in African Americans which represents great progress. It is also the case that we denied admission to nearly 500 students, which creates some challenges for our region at a time when more degrees are important. We saw an 8.3% increase in graduates this past year and over the last ten years we have averaged about a 5% increase in graduates on an annual basis. We have had a 71% increase in the past decade, which compares to a 32% by the state system as a whole.

- We still confront some daunting financial challenges at the state level; the government has the responsibility to balance the state budget, which is far from balanced at this point. Mary Lassiter, State Budget Director, reported on Monday that revenues did exceed projections this last quarter, that's a good sign but we still have a long way to go until we are out of the woods in terms of the state budget picture.
- Would like to highlight once again that the university is well-positioned given the financial challenges we confront. We did not use stimulus money to backfill recurring commitments and that allows us to be more thoughtful and deliberate in the way we reposition the university and its budget over the next several months.
- Our focus this year, as we discussed at the summer retreat, will be to enhance support for student success. We had a comprehensive review of our efforts and strategy earlier this morning. We will analyze our administrative structure and business processes for greater efficiency. Increase student credit hour productivity. We will ask the question to each line of our budget "What does this contribute to our core mission?" and the companion question "Is everything we are now doing and everything we are now investing in more important than what we need to be doing and investing in?"
- Our ultimate goal is to maintain our momentum. This has been over a decade of institution building here at NKU. It is a young institution and our biggest challenge is to mature as fast as this region needs us to mature. To speak frankly, we are not as mature a university as this region requires and by mature I mean breadth and depth of academic programs and capacity to meet the community's needs in a whole variety of ways. We are the youngest of Kentucky's four year public universities. Our biggest challenge is how to maintain our momentum. We will have to do this through tuition support (NKU is 71% tuition dependent) and reallocating from lower priority areas to higher priority areas.
- The Council on Postsecondary Education was on NKU's campus this last Sunday. The conference included a 2 hour briefing from and about the university. When you have a moment you might take a look at the presentation I shared with CPE. On page 3 are the recognitions the university has received recently. The CPE heard presentations from Dean Doug Perry, College of Informatics, Dean Denise Robinson, College of Health Professions and Kirsten Fleming, Interim Associate Provost for Research and Dean of Graduate Studies and Director of Kentucky Center for Mathematics.

A. **<u>Joint Finance and Policy Committee:</u> (** Reports given by Regent Dennis Repenning)
Regent Attendees: Nancy A. Barone, Eric M. Brose, Chuck H. Brown, Kevin M. Golden, Charles E. Hawkins, Terry L. Mann, Dennis Repenning, Nathaniel G. Smith, Elizabeth L. Thompson, Brenda L. Wilson. (Excused: Martin C. Butler)

Report on Supporting Student Success and College Completion:
Vice President's Wells and Davenport, Associate Vice President Joel Robinson, Associate Vice President Lisa Rhine and Vice Provost Pat Moynahan made a presentation on *Supporting our Students - Student Success and College Completion.*
The following topics were discussed:

- The freshman class profile
- The undergraduate student profile
- The progress made toward increasing degree production – over the last decade NKU has had the highest increase in the Commonwealth in the percentage of degrees conferred (74%).
- The many initiatives across the campus focused on support of student success
- A description of two promising initiatives: the University Connect and Persist initiative and the Foundations of Excellence initiative.

Emphasis was placed on the importance of continuing to build a culture of student success. This culture reflects our values, beliefs and commitment to putting learning and learners at the center of all we do. Effective leadership toward student success is a shared responsibility and everyone on campus should play an important role in supporting degree completion.

Development Program Update:
This morning Gerry St. Amand, VP for University Advancement, and Don Gorbandt, AVP for Development, provided the Board an overview of the university's fundraising program. The overview included 1) introducing the team of people who have primary responsibility to raise private funds to support the university, 2) reviewing the development performance metrics that are incorporated into the university's dashboard of key performance indicators, 3) reviewing national data re philanthropy in support of higher education to place NKU's efforts into a broader context, 4) discussing the details of NKU's fundraising program, including the organizational structure and specific fundraising activities, 5) discussing the management of private gift funds received through these fundraising efforts, and 6) updating the Board on the status of our continuing comprehensive campaign feasibility assessment.

The review demonstrated that there are components of our fundraising program that are showing signs similar to the national downward trend regarding philanthropy to support higher education. However, our overall fundraising results reflect that we continue to meet or exceed our key fundraising performance indicator goals and that our results are significantly more favorable than the national experience.

Audit Committee Report:
In lieu of a formal meeting, Larry Meyer provided the Regent Audit Committee with materials including updates on a new staff auditor, audits completed since April 2010, audits in process, audit services, audit follow-ups, The Fraud, Waste and Abuse hotline and the annual audit plan.

Board of Regents Meeting
Northern Kentucky University, Student Union, Room 104
November 10, 2010

Regent Terry L. Mann, Vice Chair, called the regular meeting of the Board of Regents to order at 1:00 pm, Wednesday, November 10, 2010.

Regent Kevin M. Golden read the invocation.

Regent Terry L. Mann, Vice Chair, and President James C. Votruba recognized Dr. Kimberly Luse, Executive Assistant to the President for Special Projects/Secretary to the Board of Regents, with a Resolution thanking her for her service to NKU.

Roll Call: Eric M. Brose, Martin C. Butler, Kevin M. Golden, Charles E. Hawkins, Terry L. Mann, Dennis Repenning, Nathaniel G. Smith, Elizabeth L. Thompson, Brenda L. Wilson (Excused: Nancy A. Barone and Chuck H. Brown)

Other Attendees: James Votruba, Kimberly Luse, Casey Lundberg, Tammy Knochelmann, Tracy Insko, Bill Farro, Matt Campbell, Sara Sidebottom, Zebulun Davenport, Joe Wind, Gerry St. Amand, Gail Wells, Sue Hodges Moore, Ken Ramey, Russ Kerdolff, Chris Bowling, Chris Cole, Tim Sofranko, Jeff Waple, Margaret Myers, Denise Robinson, Rick Meyers, Kathy Stewart, Don Gorbandt, Larry Blake, Katie Herschede, Lori Southwood, Scott Eaton, Elaine Jarchow, Mary Ryan, Kevin Besnoy, Kimberly Code

Regent Kevin M. Golden seconded Regent Nathaniel G. Smith's motion to approve the minutes of the September 15, 2010 Board of Regents meeting. **(Motion carried)**

Presidential Comments
Dr. James Votruba noted:

- Academic year is going well on all fronts as we approach the end of the Fall semester.
- You will notice the three portraits of NKU's former presidents on the wall here. We had a wonderful celebration of their lives and service while we unveiled these portraits.
- Budget restructuring and our focus on productivity is moving along very nicely. We will engage outside consultants to help us look at some of our core business processes and administrative structure in hopes of devoting more and more of our resources to our core mission, which is the education of our students.
- Would like to thank Provost Wells, the deans and department chairs for working on this productivity piece. This is not easy and it challenges our conventional way of going about business in years past. I appreciate their leadership because this is very important and represents, in my view, the only pathway to financial self-sufficiency even in the face of uncertain conditions in Frankfort. I also applaud our vice presidents as they look at their divisions.
- The men's soccer team won the GLVC tournament last weekend and the women's team was runner-up. Both teams will compete in the NCAA tournament this weekend.

- Once again, I would like to acknowledge Kimberly Luse's transition as she leaves NKU to become Assistant to the President and Director of University Relations at Fairmont State University in West Virginia. I would like to thank Kim for her contributions to the university and support of the Board of Regents. She has served with great distinction.
- At the same time that we send Kim off for the next chapter of her career, we welcome Katie Herschede as the new Executive Assistant to the President and Secretary to the Board of Regents. She is a graduate of NKU, served two years as both SGA President and student Regent and was instrumental in building support for our Student Union. She will move from her current position in Government and Community Relations to her new role in the President's Office. Katie has a masters degree in higher education from the University of South Carolina. She is committed to a career in higher education and it will be wonderful to have her.

A. <u>Joint Finance and Policy Committee:</u> (Reports given by Regent Dennis Repenning)
Regent Attendees: Eric M. Brose, Martin C. Butler, Kevin M. Golden, Charles E. Hawkins, Terry L. Mann, Dennis Repenning, Nathaniel G. Smith, Elizabeth L. Thompson, Brenda L. Wilson (Excused: Nancy A. Barone and Chuck H. Brown)

1. Report on the 2009-2010 Annual Financial Report:
Vice President Ramey and Comptroller Kerdolff presented highlights from the University's 2009-10 Annual Financial Report. Laurie Haun attended the meeting for the University's audit firm, Crowe Horwath. Highlights of the presentation included:

- Overall, the University's financial position remained strong at June 30, 2010.
- The University's total net assets increased by $26 million, primarily due to capital appropriations and capital grants and gifts related to construction projects and equipment purchases.
- Total revenues increased by $10 million in fiscal year 2009, including a $4 million increase in net tuition.
- The University's recurring general appropriation was cut by 4%, or $2.2 million, for fiscal year 2009 and another 7%, or $3.6 million, for fiscal year 2010. The University did receive $3.6 million in non-recurring stimulus funding in fiscal year 2010.
- The Commonwealth and the University continue to face challenging economic conditions. However, the University's overall financial condition remains strong at year end and the University continues to make significant progress despite the current economic uncertainties.

2. Report on NKU's Faculty & Staff Recruitment Process:
NKU Hiring Compensation Process and Controls
Vice President Gail Wells, Senior Director of Human Resources, Lori Southwood and Vice President Ken Ramey gave a presentation on the universities hiring and compensation practices. An overview of the selection process for both faculty and staff were highlighted. While the two divisions follow parallel paths, there are distinct differences and these were shared with the Board this morning. Areas highlighted were Vacancy Management Process, Faculty Tenure Process and Review, Position Classification and Compensation, Position Postings, Screening and Selection process, Contract employees, and Pre-Employment Process and Controls.

3. <u>Audit Committee Report:</u>

In attendance: Regent Nancy Barone, Regent Terry Mann, Regent Dennis Repenning, Crowe Horwath executives Dennis Obyc and Laurie Haun, James Votruba, Ken Ramey, Kimberly Luse, Larry Meyer, Russ Kerdolff, Leah Stewart, Karen Mefford, Doug Wells

The Audit Committee and University met with Dennis Obyc and Laurie Haun, representatives from the University's external auditors, Crowe Horwath LLP, and University management on September 30, 2010.

Mr. Obyc and Ms. Haun discussed all of the matters related to the audit that they are required to communicate to the Audit Committee in accordance with auditing standards. Ms. Haun highlighted the University's fiscal year 2010 audited financial statements and the audit of the University's federal programs required under OMB Circular A-133. Ms. Haun reported to the Audit Committee that the financial statements and the A-133 audit report were issued with unqualified opinions, commonly referred to as a clean opinion, and there were no material internal control weaknesses or material instances of noncompliance with federal regulations.

The A-133 audit findings related to the University's major federal programs were discussed in detail with the Audit Committee, including management's response and corrective action plan for each finding. Mr. Obyc and Ms. Haun also discussed their report to management and the Audit Committee on internal control based on the audit of the University's financial statements. The auditor's comments and observations were discussed in detail as well as management's responses.

Regent Kevin M. Golden seconded Regent Dennis Repenning's motion to approve the minutes of the November 10, 2010 Board of Regents meeting. **(Motion carried)**

Presidential Comments
Dr. James Votruba noted:

- We are off to a strong start this spring. Preliminary undergraduate enrollment is up 2.1%, date to date from last spring to this spring. Graduate enrollment is up 11.6%, Law is up 3.6%. Total increase is about 459 students or 3.2% for this spring.
- Applications for fall 2011 are up 12%, date to date, on the heels of last year when we were up a little over 20% from the preceding year. Transfer applications are up 17%.
- These are all significant numbers and it bodes well for our enrollments this spring and fall.
- This spring and summer we will invest approximately $1.5 million in academic renovations, including the replacement of 2,500 1970 era tablet arm chairs. We will be renovating Landrum 506 auditorium, Landrum 110 auditorium, Health Center 308 auditorium, as well as some other classrooms.
- Our budget restructuring process continues to go very well. On the expense side, we've identified somewhere between $3.6 million and $4 million towards our $5 million target to reallocate to higher priority activities. On the productivity side, we are in the final

stages of establishing department enrollment targets that will increase student credit hour productivity per full-time faculty member by 10%.

- We now have four year program plans for every NKU academic program. This allows a student to graduate in four years and we are encouraging that to happen.
- Huron Group is now on campus reviewing five areas: student interaction with the campus business units, procurement, SAP optimization, IT strategic investments and campus organizational structure. Our intent is to improve the quality of our services and our campus as well as find additional resources that can be reallocated to our most important academic priorities. Huron will complete their work by March 4th and we will have a report to the Board at the March meeting.
- The bottom line is that we believe we will once again be able to make significant investments in our campus.
- I want to recognize our vice presidents, our deans and directors, our chairs and our faculty and staff for their leadership on behalf of this process. This campus has once again demonstrated that by working on behalf of some commonly shared goals we can accomplish some very important things.
- I would also like to recognize the leadership of Faculty Senate, Staff Congress and our Student Government Association for their leadership and support in this effort.
- Finally, I want to publically acknowledge that Kentucky has managed to minimize the impact of the current recession on its colleges and universities.
- I introduced Jason Willis as the new Director of Public Safety earlier and hope you all have a chance to meet him.
- We are also pleased to welcome Katie Herschede to her first Board meeting as the Executive Assistant to the President and Secretary to the Board of Regents. Katie is a graduate of NKU, two term president of SGA and two year member of the Board of Regents. She has worked the past four years under Vice President Joe Wind, in the Government and Community Affairs division. She has an outstanding career ahead of her and we're pleased to have her services in this new role.

A. <u>Joint Finance and Policy Committee:</u> (Reports given by Regent Dennis Repenning)
Regent Attendees: Nancy A. Barone , Eric M. Brose, Martin C. Butler, Kevin M. Golden, Charles E. Hawkins, Terry L. Mann, Dennis Repenning, Nathaniel G. Smith, Elizabeth L. Thompson, Brenda L. Wilson (Excused: Chuck H. Brown)

1. Report on Faculty Development Programs:
This morning Dr. Gail Wells, Vice President for Academic Affairs and Provost, presented an overview of the three faculty development programs offered at NKU – sabbatical leaves, summer fellowships, and project grants. Dr. Barbara Houghton, Professor, Department of Visual Arts and Dr. Hazel Barton, Associate Professor, Department of Biological Sciences,

shared their 2009-10 sabbatical leave research project experiences with the Board. A booklet summarizing 2009-10 faculty development award activities was shared with the Board.

2. **Report on Kentucky Center for Mathematics:**
Dr. Kirsten Fleming, Executive Director of the Kentucky Center for Mathematics (KCM), gave an informative overview of the work of the statewide center which is housed at Northern Kentucky University. The goal of the KCM is to enhance the teaching and learning of mathematics in the Commonwealth of Kentucky. To accomplish this goal the KCM works collaboratively with the public universities, the Council on Postsecondary Education and the Kentucky Department of Education. The KCM's activities include participating in programs to increase the Science, Technology, Engineering and Mathematics pipeline; making available resources for students, parents and teachers; advising on mathematics education issues and trends; offering professional development programs; and sponsoring mathematics education research. The efficacy of these activities is evaluated and disseminated locally, regionally and nationally. The KCM's research-based professional development programs for P-12 teachers and Adult Educators have been, or are being, offered in more than 110 of Kentucky's 120 counties. The impact of these programs, and in particular the Primary Mathematics Intervention Program, on student achievement in mathematics has been remarkable. The KCM's spring 2011 areas of emphasis are: writing a proposal for the Council on Postsecondary Education requesting that the KCM continue to be housed at NKU for the 5-year period 2011 – 2016; launching the Kentucky Numeracy Project; assisting P-12 schools and postsecondary institutions with implementing the requirements of Senate Bill 1 (2009); and organizing and host the KCM Conference that will be held on February 24th and 25th in Lexington.

3. **Report on Griffin Hall tour:**
This morning the Board heard a brief presentation by Mr. Larry Blake, the Assistant Vice President for Facilities Management, which set the stage for a tour of Griffin Hall. The presentation included a description of what to expect in the completed building and the current status of the project. The building is scheduled for substantial completion in May 2011 and is within the approved $52,550,000 budget. $11,750,000 of the budgeted building cost will be invested in the furnishings and technology. Move-in by faculty and staff will begin in June 2011 and the first classes will be held in the fall 2011. Others key Facilities Staff involved in the project were also introduced: Mr. Steve Nienaber, University Architect; Mr. Robert Knarr the Project Manager; and, Ms. Mary Lee Schott the interior designer. Following the presentation, a tour of the building was led by Mr. Knarr. The Board visited the first, second and third floors. The Digitorium, classrooms, laboratories and faculty office areas were included in the tour. The board was also provided the opportunity to interact with faculty members who will be teaching in this state of the art facility.

Board of Regents Meeting
Northern Kentucky University, Student Union, Room 104
March 16, 2011

Regent Terry L. Mann, Vice Chair, called the regular meeting of the Board of Regents to order at 1:00 pm, Wednesday, March 16, 2011.

Regent Kevin M. Golden read the invocation.

Roll Call: Eric M. Brose, Chuck H. Brown, Martin C. Butler, Kevin M. Golden, Charles E. Hawkins, Terry L. Mann, Dennis Repenning, Nathaniel G. Smith, Elizabeth L. Thompson, Brenda L. Wilson (Excused: Nancy A. Barone)

Other Attendees: James Votruba, Katie Herschede, Casey Lundberg, Tammy Knochelmann, Tracy Insko, Chris Bowling, Bill Farro, Sara Sidebottom, Zebulun Davenport, Joe Wind, Gerry St. Amand, Gail Wells, Sue Hodges Moore, Ken Ramey, Chris Cole, Tim Sofranko, Jeff Waple, Pat Moynahan, Joel Robinson, Doug Perry, Katie Bontrager, Scott Eaton, Jane Bratton, Elaine Jarchow, Michelle McMullen, Kathy Stewart, Jan Hillard, Don Gorbandt, Christine Lawhorn, Hing Cao, Tiffany Budd, Russ Kerdolff, Larry Meyer, Sarah Aikman, Diana McGill, Ken Kline, Margaret Myers, Gayle Brown, John Basalyga, Eric Busener, Jack Little, Stephen McGill, Steven Beattie, Andrew Montgomery, Adam Latham

Regent Nathaniel G. Smith seconded Regent Dennis Repenning's motion to approve the minutes of the January 12, 2011 Board of Regents meeting. **(Motion carried)**

Presidential Comments
Dr. James Votruba noted:

- Fall 2011 applications for the university look very strong. They are up nearly 7%, date to date, in terms of applications received. They are up nearly 12% in regular admits, that is students without deficiencies.
- Kentucky Center for Mathematics had its annual conference in Lexington recently, hosting about 550 teachers from across Kentucky. I had the good fortune of attending the conference and meeting with about a dozen of those teachers. They spoke highly about the impact KCM is having on their ability to better educate their students and how KCM is developing a sense of community among teachers. This is a terrific example of the work this university is doing beyond its borders to affect Kentucky's future.
- We are making strong progress in our budget realignment process. We are continuing to adjust to this new reality and making sure we are going to be able to continue to invest in our people and our programs despite the economic conditions we confront on both the state, national and international level.

- We were pleased to welcome Bob King, Council on Postsecondary Education President, earlier today at the Finance and Policy Committee meeting. He reviewed CPE's new strategic plan.
- I would like to recognize Coach Basalyga and the members of our national championship soccer team. Coach John Basalyga and player Steven Beattie made comments and thanked NKU.
- Last weekend NKU's Informatics Team took 2nd in the Southeast Collegiate Cyber Defense Competition among ten teams in the southeast region. The competition is an intense three-day event that throws teams of eight students into a high-pressured environment simulating the operational aspects of protecting a corporate network under the attack of hackers.

A. <u>Joint Finance and Policy Committee:</u> (Reports given by Regent Dennis Repenning)
Regent Attendees: Eric M. Brose, Chuck H. Brown, Martin C. Butler, Kevin M. Golden, Charles E. Hawkins, Terry L. Mann, Dennis Repenning, Nathaniel G. Smith, Elizabeth L. Thompson, Brenda L. Wilson (Excused: Nancy A. Barone)

1. Report on Chase College of Law:

Chase College of Law Dean Dennis Honabach presented this morning on the strong positioning of the law school regionally and nationally. Chase offers a Juris Doctor degree through both full-time and part-time divisions and a Juris Doctor / MBA joint degree with the Haile / US Bank College of Business.

At the beginning of the 2010-11 academic year, the College of Law had 614 students, 375 full-time and 239 part-time, from 18 states and 265 undergraduate universities and colleges. Fifty-seven percent of the students were men, 43% were women, and 7% represented diversity. The fall 2010 entering class had a median LSAT Score of 155 and a median GPA of 3.28. Chase tuition for the 2010-11 academic year was $15,054 for residents, $24,778 for residents of 32 southwest Ohio and southeast Indiana metro counties, and $32,812 for non-residents.

The College of Law provides its students with a wide variety of opportunities to acquire professional skills and first-hand, practical legal experience. Chase's numerous innovative programs include the Center for Excellence in Advocacy, Transactional Law Practice Center, Small Business and Nonprofit Law Clinic, Local Government Law Center, Law and Informatics Institute, Pro Bono Service Program, Externship Program, Law Review, and Professionalism Program. In addition, Chase faculty members have recently participated in a series of teaching workshops; published numerous scholarly books and articles; provided public service at the local, state, and national levels; and a number have received special recognition for their achievements.

Chase has almost 5,000 living alumni located in 47 states, Washington, DC, and three foreign countries. Chase alumni live in 108 of Kentucky's 120 counties. The 150 students in

the class of 2010 had Bar exam passage rates of 77% in Kentucky and 88% in Ohio, and had an employment rate of 92% with an average starting salary of $53,638. Chase had the highest Bar passage rates among Kentucky schools on both the February and July Kentucky Bar exams in 2009. Chase alumni support the College of Law through charitable gifts, volunteer service, and the Chase Alumni Association.

2. Report on Council on Postsecondary Education Update:

This morning we heard from Dr. Robert King, President of the Council on Postsecondary Education. He shared that while less than 60% of entering college students are entering "college ready", Kentucky is making progress in our educational attainment rates and hope to meet the national average by 2020.

President King shared that their policy objectives are to:

1. Increase college-ready Kentuckians entering postsecondary education.
2. Increase college-ready GED graduates.
3. Increase effectiveness of K-12 teachers and school leaders.
4. Increase degree production, completion rates and close achievement gaps.
5. Decrease financial barriers to college access and completion.
6. Increase basic, applied and translational research.
7. Increase educational attainment and quality of life through regional stewardship, public service, and community outreach.
8. Increase academic productivity through program innovations.
9. Maximize use of postsecondary and adult education resources.

The next steps are to negotiate specific targets and to finalize the state level implementation plan. The CPE is also developing a web-based dashboard that will allow institutions to see their progress and the progress of other Kentucky institutions. The CPE and the universities will continue to move forward on their metrics with a strong eye towards quality.

3. Report on Financial Restructuring and Huron Update:

President Votruba updated the Board on the university's 2011-12 budget outlook and budgetary restructuring that has been taking place since last Fall. Looking at revenues, the university could be facing a cut in state appropriations and limits on tuition increases. Looking at expenses, the university is planning to fund operating, maintenance, and technology costs for Griffin Hall, increases in fixed costs, increases in retirement contributions to the State pension, and other non-discretionary expenses and much needed investments. To date, President Votruba has identified $4.5 million in available funds through budgetary restructuring.

In addition, President Votruba provided an update on the work by Huron Consulting Group to look at student administrative services, IT strategic resource allocation, effective procurement practices, efficiencies of NKU's business processes and optimization of SAP, and strategic organizational effectiveness and cost reduction opportunities. Preliminary recommendations were provided and next steps outlined to determine final recommendations that will be implemented.
